Commentary on the proposals of the Board of Directors relative to points 3a, 3b, 4, 5 and 7.1.2 of the agenda

I. Increase of conditional capital:

**a) Conditional capital for option and/or convertible loans
point 3 a) of the agenda**

In November 2003, a company of the Serono group issued 120 000 senior unsubordinated convertible bonds at a nominal value of CHF 600 millions. Each bond has a nominal value of CHF 5 000 and is initially convertible into bearer shares at the rate of 3.533 bearer shares per bond, from January 6th, 2004 up to and including November 19th, 2008. In case of conversion of the entire loan, Serono S.A. should deliver 424 000 bearer shares.

At the moment, exercise of the conversion rights should be satisfied through paying up of the existing conditional capital (conditional capital A for option and/or convertible bond) and, for what exceeds, with the treasury shares held by the company.

Today, the conditional capital amounts to CHF 3,8 millions, allowing the issue of 152 000 Serono S.A. bearer shares. Besides, the company holds 304 939 treasury shares, as of December 31, 2003.

The conditional capital increase proposed by the Board of Directors will allow the treasury shares to be used for their original purposes once again and allow the Board of Directors to issue loans again to meet any new financing requirements.

Consequently, the Board of Directors proposes to increase the maximum amount of the conditional capital for option and/or convertible loans (conditional capital A) to CHF 36 300 000.-, for the issue of a maximum of 1 452 000 bearer B shares with a par value of CHF 25.- each. So the new conditional capital would cover the loan issued in 2003 up to 424 000 bearer shares and provide a 1 028 000 bearer shares for any future loans.

The article 5bis/A of Articles of Association would so be amend as follows:

Actual version

Article 5 bis: conditional capital

A. Conditional capital for option and/or convertible loans

The share capital of the company shall be increased by a maximum of CHF 3,800,000 (three million eight hundred thousand Swiss francs) through the issue of 152,000 (one hundred and fifty-two thousand) bearer "B" shares with a par value of CHF 25 (twenty-five Swiss francs) each, to be fully paid up by the exercise of the option and/or conversion rights granted in connection with loans issued by companies of the Serono group.

Proposed version (modifications in italic)

Article 5 bis: conditional capital

A. Conditional capital for option and/or convertible loans

The share capital of the company shall be increased by a maximum of *CHF 36,300,000 (thirty-six million three hundred thousand Swiss francs)* through the issue of *1 452,000 (one million four hundred and fifty-two thousand)* bearer "B" shares with a par value of CHF 25 (twenty-five Swiss francs) each, to be fully paid up by the exercise of the option and/or conversion rights granted in connection with loans issued by companies of the Serono group.

Paragraphs 2, 3, 4 and 5 of article 5bisA remain unchanged.

b) Conditional capital for a stock option plan
point 3 b) of the agenda

The shareholders Annual General Meeting of June 17, 1997, had approved the creation of conditional capital for a stock option plan for executives (article 5bisB of Articles of Association). Correspondingly to this conditional capital, the company could issue a maximum of 20 000 bearer shares with a total par value of CHF 1 000 000 (bearer shares had a par value of CHF 50 at such time).

A stock option plan for executives has been effective since such date. The company had also set up a stock option plan for the Board of Directors in 1999.

In May 2000, The Annual General Meeting of shareholders had decided to increase the conditional capital to CHF 10 250 000.- allowing the issue of a maximum of 410 000 shares with a par value of CHF 25 each, to ensure the continuation of these stock option plans.

Besides this, a share purchase plan for the employees was set up throughout the company during the year 2001, and in 2003 for the Board of Directors.

These various plans were greeted with enthusiasm by the employees and proved to be an excellent mean of creating motivation and loyalty. They serve as a key attraction factor in the recruitment of qualified professionals.

The conditional capital approved by the General Meeting in 2000 has allowed the implementation of these plans. But, by the end of 2003, the number of granted options had come close to the number of available options, although the registered conditional capital in the Articles of Association still shows a certain number of non-issued shares (352 996) consisting in the exercisable or not yet exercised options.

The Board of Directors wishes to continue the policy of profit sharing which proved so fruitful and proposes to increase from CHF 10 000 100 (ten millions, one hundred Swiss francs) the existing conditional capital at the end of 2003, corresponding to the issue of 400 004 (four hundred thousands and four) bearer shares with a par value of CHF 25 each. These shares cover the number of options the Board of directors considers necessary to continue the different plans mentioned above, during the three years 2004 to 2006.

Accordingly, the Board of Directors proposes to increase the maximum amount of the conditional capital for a stock option plan (conditional capital B) to CHF 18 825 000 for the issue of a maximum of 753 000 bearer B shares with a par value of CHF 25.- each.

The article 5bis/B of Articles of Association should be amended as follows:

Actual version:

Article 5 bis: conditional capital

B. Conditional capital for a stock option plan

The share capital of the company shall be increased by a maximum of CHF 8,824,900 (eight million, eight hundred and twenty-four thousand, nine hundred Swiss francs), namely 352 996 (three hundred, fifty-two thousand, nine hundred and ninety-six) bearer "B" shares, each with a par value of CHF 25 (twenty-five Swiss francs), fully paid up, through the exercise of option rights which the Board of Directors intends to grant to employees of companies of the Sero group and to the directors of the company.

Proposed version (modifications in italic)

Article 5 bis: conditional capital

B. Conditional capital for a stock option plan

The share capital of the company shall be increased by a maximum of *CHF 18,825,000 (eighteen million, eight hundred and twenty-five thousand Swiss francs)*, namely *753 000 (seven hundred and fifty-three thousand)* bearer "B" shares, each with a par value of CHF 25 (twenty-five Swiss francs), fully paid up, through the exercise of option rights which the Board of Directors intends to grant to employees of companies of the Serono group and to the directors of the company.

Paragraphs 2, 3 and 4 of article 5bisB remain unchanged.

II. Creation of a new authorized capital
point 4 of the Agenda

In 2000, the General Meeting of shareholders had accepted the creation of a new authorized capital up to a maximum of CHF 35 millions, corresponding to 1 400 000 bearer shares with a par value of CHF 25. The authorization had a validity of two years and was extended by two years during the 2002 General Meeting of shareholders.

This last authorization expired on May 21, 2004, and the Board of Directors proposes to renew it for a period of two years i.e. until May 25, 2006.

This new increased authorized capital will ensure that the company will enjoy the necessary flexibility to seize any financing opportunities, acquisitions and others strategic investments as they may arise. The Board of Directors will then be in a position to quickly determine the opportune timing and the optimal conditions for a share issue.

The article 5ter of Articles of Association should be amended as follows:

Actual version

Article 5 ter: Authorized capital

The Board of Directors shall be authorized, until 21 May 2004, to increase the share capital by a maximum of CHF 35,000,000 (thirty-five million Swiss francs) through the issuance of a maximum of 1,400,000 (one million and four hundred thousand) bearer shares, each with a par value of CHF 25 (twenty-five Swiss francs), fully paid up. The Board of Directors may proceed to increase the share capital either all at once or in installments. The preferential subscription rights, which have been granted, but not exercised, are at the disposal of the Board of Directors, which may use them in the interest of the company.

Proposed version (modifications in italic)

Article 5 ter: Authorized capital

The Board of Directors shall be authorized, until *25 May 2006*, to increase the share capital by a maximum of CHF 35,000,000 (thirty-five million Swiss francs) through the issuance of a maximum of 1,400,000 (one million and four hundred thousand) bearer shares, each with a par value of CHF 25 (twenty-five Swiss francs), fully paid up. The Board of Directors may proceed to increase the share capital either all at once or in installments. The preferential subscription rights, which have been granted, but not exercised, are at the disposal of the Board of Directors, which may use them in the interest of the company.

Paragraphs 2 and 3 of article 5ter remain unchanged.

III. Modification of Articles of Association: timing to request the inclusion of an item in the agenda - Point 5 of the agenda

According to the article 699 paragraph 3 of the Swiss Code of Obligations, shareholders representing shares of a par value of one million Francs may request items to be included in the agenda. The Board of Directors proposes to fix to 45 days at least before the next General Meeting of shareholders, the period during which this request should be submitted to the Secretary to the Board of Directors. This period takes into consideration the time of convocation, which is 20 days prior the day of the General Meeting, and ensures the smooth organization of this Meeting. The Board of Directors announces at the end of each General Meeting, the date of the next one.

The Board of Directors proposes to amend paragraph 13.2 of the Articles of Association as follows:

Actual version

«Paragraph 13.2.

The invitation shall state the items on the agenda, together with the proposals of the Board of Directors and of the shareholders who requested the calling of the Meeting or the entry of an item on the agenda. The invitation must also state the date, place and time of the Meeting. »

Proposed version (modifications in italic)

«Paragraph 13.2.

The invitation shall state the items on the agenda, together with the proposals of the Board of Directors and of the shareholders who requested the calling of the Meeting or the entry of an item on the agenda - *provided such item has been communicated to the secretary to the Board of Directors at the latest 45 days prior to the day of the Meeting.* The invitation must also state the date, place and time of the Meeting. »

IV. Election of a new Director
Point 7.1.2 of the agenda

Mr. Patrick GAGE received a Physics diploma from the Massachusetts Institute of Technology (MIT). He also holds a Ph.D. of Biophysics from the University of Chicago. He completed his postdoctoral research by a three years internship at the Carnegie Institution in Washington.
