Independent Auditors Report

The Trustees and Participants in the
Carver Federal Savings Bank
401(k) Savings Plan

We have audited the accompanying statements of net assets available for plan benefits of Carver Federal Savings Bank 401(k) Savings Plan (the Plan) as of December 31, 2006, and December 31, 2007, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2007, and the supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2007. These financial statements and the supplemental schedule are the responsibility of the Plan s management.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of Carver Federal Savings Bank 401(k) Savings Plan, as of December 31, 2007 and 2006, and the changes in its financial status for the year ended December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

CARVER FEDERAL SAVINGS BANK 401(k) SAVINGS PLAN

Notes to Financial Statement
Year ended December 31, 2007

I. Description of the Plan

The following description of the Carver Federal Savings Bank 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete description of the plan and provisions.

(a) General

The Plan is a standardized prototype defined contribution 401(k) Plan. Carver Federal Savings Bank (the Company or the Employer) established the Plan effective October 1, 1989, and last amended the Plan on October 1, 2007. The Plan is administered by a Plan Administrator, which controls and manages the operations of the Plan. The Plan Administrator is Carver Federal Savings Bank, and the Plan's operations are overseen by an Employee Benefits Committee named by the Company whose members are also employees or officers of the Company. The Plan's Trustee is Merrill Lynch Trust Co., FSB. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Eligibility

All employees of the Company are eligible to participate in the Plan, except employees who have less than three months of service, employees who are members of a union that bargained separately for retirement benefits during negotiations, non-resident aliens who received no earned income from sources within the United States, employees of an affiliate that has not adopted the Plan, leased employees, any employee classified by his or her employer as a temporary employee, and expatriates assigned to the Employer of a participating affiliate on a non-permanent basis. If the employee is not excluded from participation due to the above eligibility requirements, he or she will become eligible to participate in the Plan and receive Company matching contributions upon attaining age 21 and completing three months of service. Eligible employees may enter the plan on the first day of the calendar month next following their meeting eligibility requirements.

CARVER FEDERAL SAVINGS BANK 401(k) SAVINGS PLAN

Notes to Financial Statement
Year ended December 31, 2007
(Continued)

(c) Contributions

Each year, participants may contribute up to 50% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code limitations. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. The Company makes a matching contribution equal to the first 4% of total compensation that a participant contributes as pre-tax contributions to the Plan. In addition, the Company may make a profit sharing discretionary contribution allocated as a percentage of participant's compensation.

(d) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution, and (b) Plan earnings, and is charged with withdrawals, administrative expenses and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Investments

Participants direct the investment of their contributions and Company matching contributions, among mutual fund and other investment options as offered by the Plan.

(f) Vesting

Participants are immediately 100% vested in their contributions, including rollovers, and the Company's matching contribution, plus actual earnings thereon. Participants are vested in the Company's profit sharing contributions, plus actual earnings thereon evenly over a five year vesting period (20% after one year, 40% after two years, 60% after three years, 80% after four years and 100% after five years).

During the year ended December 31, 2007, \$47,558 of forfeited non-vested account balances were used to reduce employer contributions. There were \$40,365 and \$34 of forfeited non-vested balances as of December 31, 2006 and 2007 respectively.

CARVER FEDERAL SAVINGS BANK 401(k) SAVINGS PLAN

Notes to Financial Statement
Year ended December 31, 2007
(Continued)

(g) Participant Loans

Participants may borrow from their fund accounts. Such participant loans must be a minimum of \$1,000 and may go up to a maximum of \$50,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(h) Payment of Benefits

On termination of service due to death, disability, retirement or in some cases upon reaching the age of 59 1/2, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

2. Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) New Accounting Pronouncements

As of December 31, 2006 the Plan adopted Financial Accounting Standards Board (FASB) Staff Position AAG INV-1 and Statement of Position No. 94-4-1, Reporting for Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP). The FSP requires Statement of Changes in Net Assets Available for Plan Benefits present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for the fully-responsive investment contracts. The FSP was applied to periods presented on the Statement of Net Assets Available for Plan Benefits as of December 31, 2006 and December 31, 2007, based on information provided by Merrill Lynch, HSBC and AllianceBernstein, the Plan's custodians.

CARVER FEDERAL SAVINGS BANK 401(k) SAVINGS PLAN

Notes to Financial Statement
Year ended December 31, 2007
(Continued)

(c) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein. Actual results could differ from those estimates.

(d) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' balances and the amounts reported in the statement of net assets available for plan benefits.

(e) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Assets are held at Merrill Lynch Trust Company at December 31, 2007, and were held at Alliance Bernstein Trust Company and HSBC on December 31, 2006. Shares of common stock and mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. These investments are valued at fair value as determined by a national exchange.

Participant loans are valued at outstanding loan balances, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair market value of investments for such investments.

CARVER FEDERAL SAVINGS BANK 401(k) SAVINGS PLAN

Notes to Financial Statement
Year ended December 31, 2007
(Continued)

The Plan is also a participant in the Retirement Preservation Trust (the RPT). The value is recorded at fair value on the Statement of Net Assets available for Plan Benefits. The FSP requires that investment contracts be reported at fair value rather than contract value. Accordingly, the investment in RPT is stated at fair value as of December 31, 2007 with a corresponding adjustment to reflect the investment at contract value. The fair value of RPT is calculated based on market values and prices obtained from an independent pricing service. The bonds are valued at the last available bid price, options are valued at the last sale price or bid price. Money market instruments are valued at amortized cost. Swap contracts are valued based on market quotes obtained from a pricing service. Synthetic GIC wrapper values are calculated based on the difference between the sum of present values of wrap fees based on replacement costs and the sum of present values of wrap fees at the beginning of the year.

The Retirement Preservation Trust uses wrapper contracts to allow for unscheduled withdrawals at a stable contract value, regardless of the value of the Trust's underlying assets. The issuer of the wrapper contracts provides assurances that future adjustments to Trust earnings (crediting rate) will not be reduced to a rate less than zero. Certain conditions might limit the Trust's ability to transact at contract value, however. Specifically, events outside the normal operation of the Trust which cause a withdrawal from an investment contract might result in a negative market value adjustment. Examples of such events include partial or complete termination of the Trust or a unitholder, tax disqualification of the trust or a unitholder, and certain Trust amendments if issuers' consent is not obtained. As of December 31, 2007, the occurrence of such events was not considered probable.

The average yield earned by the Trust (which may differ from the interest rate credited to participants in the Trust) at December 31, 2007 was 5.50%. The average yield earned by the Trust with an adjustment to reflect actual interest rate credited to participants in the Trust at December 31, 2007 was 5.12%. This rate was calculated by dividing the annualized earnings credited to participants in the Trust (irrespective of the actual earnings of the investments in the trust) by the fair value of all investments in the Trust.

CARVER FEDERAL SAVINGS BANK 401(k) SAVINGS PLAN

CARVER FEDERAL SAVINGS BANK 401(k) SAVINGS PLAN

Notes to Financial Statement
Year ended December 31, 2007
(Continued)

6. *Related-Party Transactions*

The Plan's investments include shares in a common collective trust and mutual funds managed by Merrill Lynch Bank and its affiliates. Merrill Lynch also holds the assets of the Plan and also performs certain administrative functions. During 2006 and the first ten months of 2007, assets were also held by Alliance Bernstein and HSBC. They also performed some administrative functions. Therefore, transactions involving Merrill Lynch, Alliance Bernstein and/or HSBC, their affiliates or with funds managed by them qualify as party-in-interest transactions.

Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, record keeping and financial reporting of the Plan. The Company pays the salaries of these individuals and also pays other administrative expenses on behalf of the Plan.

These transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory and administrative exemptions from the Internal Revenue Code and ERISA's rules on prohibited transactions.

7. *Plan Termination*

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their account and shall be distributed to participants and beneficiaries based on their individual accounts in the Plan as of the termination date.

8. *Income Tax Status*

The Plan adopted a prototype standardized 401(k) plan. The Internal Revenue Service has determined and informed the Company by a letter dated March 21, 1995, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statement.

CARVER FEDERAL SAVINGS BANK 401(k) SAVINGS PLAN

Notes to Financial Statement
Year ended December 31, 2007
(Concluded)

9. *Merger of Community Capital Bank 401(k) Plan*

On January 31, 2007 the Community Capital Bank 401(k) Plan (CCB) was merged into the Carver Federal Savings Bank 401(k) Savings Plan. Prior to the merger, the CCB covered eligible employees of Community Capital Bank. The transferred net assets have been recognized in the accounts of the Carver Federal Savings Bank 401(k) plan as of January 31, 2007. The assets of the CCB had been held by AXA Equitable Life Insurance Company, and were transferred as cash on the merger date. In addition, the participant loans of the CCB were transferred at face value. A summary of the assets transferred follows:

Assets:	
Cash	\$ 723,299
Participant Loans	37,973
	<hr/>
Total Assets	761,272
Liabilities:	14,133
	<hr/>
Net Assets Transferred	\$ 747,139
	<hr/>
