VICTORY CAPITAL HOLDINGS CORPORATION AND SUBSIDIARIES

(A Development Stage Company)

Notes to the Consolidated Financial Statements

September 30, 2004 and December 31, 2003

NOTE 1 - CONSOLIDATED FINANCIAL STATEMENTS

The accompanying consolidated financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and cash flows at September 30, 2004 and 2003 and for all periods presented have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these consolidated financial statements be read in conjunction with the consolidated financial statements and notes thereto included in the Company's December 31, 2003 audited consolidated financial statements. The results of operations for the period ended September 30, 2004 is not necessarily indicative of the operating results for the full year.

NOTE 2 - GOING CONCERN

The Company's consolidated financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, develop a reliable source of revenues, and achieve a profitable level of operations the Company will need, among other things, additional capital resources. Management's plans to continue as a going concern include seeking opportunities to merge with an existing operating company. In the interim, the shareholders of the Company will cover all operating expenses. Management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3 - SUBSEQUENT EVENTS

On November 4, 2004, the Company appointed Kurt Benjamin to the Advisory Board of Directors of the Company for one year and issued him 2,150,000 shares of the Company's common stock.
