UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

Washington, DC 20549

FORM 10-K

**ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF
X 1934**

For fiscal year ended June 30, 2014

OR

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT
OF 1934**

For the transition period from _____ **to** _____ **.**

Commission file number: 001-14891

FRANKLIN WIRELESS CORP.

(Exact name of Registrant as specified in its charter)

Nevada

95-3733534

(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification Number)

6205 Lusk Blvd.

92121

San Diego, California

(Zip code)

(Address of principal executive offices)

Securities registered pursuant to Section 12(b) of the Act: None

Securities registered pursuant to Section 12(g) of the Act: Common Stock, par value \$.001 per share

Indicate by check mark if the Registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act.

Yes No

Indicate by check mark if the Registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of Registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Edgar Filing: FRANKLIN WIRELESS CORP - Form 10-K

Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company

Indicate by check mark whether the Registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act) .

Yes No

The aggregate market value of the voting common stock held by non-affiliates of the Registrant, based on the closing price of the Registrant's common stock on December 31, 2013, as reported by The OTCQB, was approximately \$8,104,254. For the purpose of this calculation only, shares owned by officers, directors (and their affiliates) and 5% or greater stockholders have been excluded. The Registrant does not have any non-voting stock issued or outstanding.

The Registrant has 10,533,869 shares of common stock outstanding as of September 29, 2014.

FRANKLIN WIRELESS CORP.

INDEX TO ANNUAL REPORT ON FORM 10-K

FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE ON FORWARD LOOKING STATEMENTS

You should keep in mind the following points as you read this Report on Form 10-K:

Other terms "we," "us," "our," "Franklin," "Franklin Wireless," or the "Company" refer to Franklin Wireless Corp. Our fiscal year ends on June 30; references to fiscal 2014 and fiscal 2013 and similar constructions refer to the fiscal year ended on June 30 of the applicable year.

This Annual Report on Form 10-K contains statements which, to the extent they do not recite historical fact, constitute "forward looking" statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward looking statements are used under the captions "Business," "Management's Discussion and Analysis of Financial Condition and Results of Operations," and elsewhere in this Annual Report on Form 10-K. You can identify these statements by the use of words like "may," "will," "could," "should," "project," "believe," "anticipate," "expect," "plan," "estimate," "forecast," "potential," "intend," "continue," and variations of these words or comparable words. Forward looking statements do not guarantee future performance and involve risks and uncertainties. Actual results may differ substantially from the results that the forward looking statements suggest for various reasons, including those discussed under the caption "Risk Factors." These forward looking statements are made only as of the date of this Annual Report on Form 10-K. We do not undertake to update or revise the forward looking statements, whether as a result of new information, future events or otherwise.

PART I

ITEM 1. BUSINESS.

BUSINESS OVERVIEW

We are engaged in the design, manufacture and sale of broadband high speed wireless data communication products such as third generation (“3G”) and fourth generation (“4G”) wireless modules and modems. We focus primarily on wireless broadband modems, which provide a flexible way for consumers to connect to wireless broadband networks from laptop or desktop computers. Our broadband wireless data communication products are positioned at the convergence of wireless communications, mobile computing and the Internet, each of which we believe represents a growing market.

Our wireless products are based on Evolution Data Optimized technology (“EV-DO technology”) of Code Division Multiple Access (“CDMA”), High-Speed Packet Access technology (“HSPA technology”) of Wideband Code Division Multiple Access (“WCDMA), and Worldwide Interoperability for Microwave Access (“WiMAX”) based on the IEEE 802.16 standard and Long Term Evolution (LTE), which enable end users to send and receive email with large file attachments, play interactive games, receive, send and download high resolution pictures, videos and music content.

We market our products directly to wireless operators, and indirectly through strategic partners and distributors. Our global customer base extends from the United States to countries in South America, the Caribbean, Europe, the Middle East and Africa (“EMEA”) and Asia..

OUR STRUCTURE

We incorporated in 1982 in California and reincorporated in Nevada on January 2, 2008. The reincorporation had no effect on the nature of our business or our management. Our headquarters office is located in San Diego, California. The office is principally composed of marketing, sales, operations, finance and administrative support. It is responsible for all customer-related activities, such as marketing communications, product planning, product management and customer support, along with sales and business development activities on a worldwide basis.

The consolidated financial statements include the accounts of the Company and a subsidiary with a majority voting interest of 51.8% (48.2% is owned by non-controlling interests) as of June 30, 2014 and 2013. In the preparation of consolidated financial statements of the Company, intercompany transactions and balances are eliminated and net earnings are reduced by the portion of the net earnings of subsidiaries applicable to non-controlling interests.

Accounting Standards Codification (“ASC”) 280, “Segment Reporting,” requires public companies to report financial and descriptive information about their reportable operating segments. We identify our operating segments based on how management internally evaluates separate financial information, business activities and management responsibility. We have one reportable segment, consisting of the sale of wireless access products. We generate revenues from four geographic areas, consisting of the United States, the Caribbean and South America, Europe, the Middle East and Africa (“EMEA”) and Asia. The following enterprise-wide disclosure is prepared on a basis consistent with the preparation of the consolidated financial statements. The following table contains certain financial information by geographic area:

	Fiscal Year Ended June 30,	
	2014	2013
Net sales:		
United States	\$ 18,036,635	\$ 29,978,319
Caribbean and South America	2,109,320	1,648,452
Europe, the Middle East and Africa ("EMEA")	3,789,414	–
Asia	7,017,528	1,123,483
Totals	\$ 30,952,897	\$ 32,750,254

Long-lived assets, net:	June 30,	June 30,
	2014	2013
United States	\$ 1,786,910	\$ 2,595,094
Asia	837,371	1,109,876
Totals	\$ 2,624,281	\$ 3,704,970

OUR PRODUCTS

We were the world's first supplier of both CDMA EVDO Rev A and dual-mode (CDMA Rev A/WiMAX) Universal Serial Bus (USB) modems. Our mobile broadband products include a variety of wireless USB modems as well as Wi-Fi "hotspot" routers and embedded modules, which operate over LTE, WiMAX or CDMA networks. Our products provide consumers with an easy and convenient way in which to wirelessly connect to the Internet from laptop or desktop computers. These high-speed devices support the viewing of web pages and sending and receiving email with large file attachments, as well as downloading pictures, videos and music content. Our products are based on widely deployed cellular technologies and operate across 3G and 4G networks including:

- o Code Division Multiple Access ("CDMA") technology 1xEVDO – Evolution-Data Optimized technology in both Rev 0 and Rev A releases.
- o High Speed Packet Access ("HSPA") based on the Universal Mobile Telecommunications System standard, sometimes referred to as Wideband Code Division Multiple Access ("WCDMA") technology.
- o Worldwide Interoperability for Microwave Access ("WiMAX") based on the IEEE 802.16 standard.
- o Long Term Evolution (LTE) 4G mobile broadband standard. The LTE specification provides downlink peak rates of at least 100 Mbps, uplink peak rates of at least 50 Mbps and radio access network (RAN) round-trip times of less than 10 milliseconds.

The following are representative selections of our current CDMA, HSPA, WiMAX and LTE wireless data products:

USB MODEMS:

Dual-mode (3G and 4G) USB modems: These devices, when plugged into the Universal Serial Bus (USB) port of laptop or desktop computers, provide an easy and convenient way for consumers to connect to 3G or 4G wireless broadband networks.

o Single-mode USB modems: Operate over a variety of networks including CDMA EVDO Rev A and HSPA.

STAND-ALONE MODEMS:

For Machine-to-Machine ("M2M") and other vertical markets with a need for an Internet connection, such as a kiosk, vending machine or other remotely located assets, where cable or DSL services do not exist.

ROUTERS:

Hotspot Routers: Embedded Wi-Fi hotspot routers that operate over CDMA EVDO Rev A, WiMAX or LTE networks.

MODULES:

Embedded Modules: Includes single-mode and dual-mode devices that operate over CDMA EVDO Rev A or WiMAX networks and dual-mode (3G and 4G) devices whose primary market is original equipment manufacturers (OEMs) who seek a reliable embedded module solution for their wireless data applications.

CUSTOMERS

Our global customer base is comprised of wireless operators, strategic partners and distributors located primarily in the United States, South America and the Caribbean regions, and Asia. Certain of our products are certified by Sprint, C-Spire Wireless and other wireless operators located in the United States and also by wireless operators located in Caribbean and South American countries.

SALES AND MARKETING

We market and sell our products primarily to wireless operators located in the United States, EMEA, South America and the Caribbean regions mainly through our internal, direct sales organization and, to a lesser degree, indirectly through strategic partners and distributors. The sales process is supported with a range of marketing activities, including trade shows, product marketing and public relations.

All of our wireless devices must pass Federal Communications Commission (FCC) testing in order to be sold in United States markets. CDMA Development Group (“CDG”) test certifications are required in order to launch any CDMA wireless data products with wireless operators in North America, the Caribbean and South America. PCS Type Certification Review Board (“PTCRB”) test certifications are required for all HSPA/GSM wireless data products. LTE test certifications, as defined by the 3GPP governing body, are required for LTE wireless data products. Certifications are issued as being a qualifier of CDG 1, CDG 2 and CDG 3, PTCRB and 3GPP.

PRODUCTION AND MANUFACTURING OPERATIONS

For the fiscal year ended June 30, 2014, the manufacturing of the majority of our products was contracted out to three companies located in various parts of Asia.

EMPLOYEES

As of June 30, 2014, we had 65 employees. We also use the services of consultants and contract workers from time to time. Our employees are not represented by any collective bargaining organization, and we have never experienced a work stoppage.

ITEM 1A: RISK FACTORS.

The following risk factors do not purport to be a complete explanation of the risks involved in our business.

WE MAY NEED ADDITIONAL FINANCING DUE TO LIMITED RESOURCES. Our financial resources are limited, and the amount of funding that is required to develop and commercialize our products and technologies is highly uncertain. Adequate funds may not be available when needed or on terms satisfactory to us. Lack of funds may cause us to delay, reduce and/or abandon certain or all aspects of our development and commercialization programs. We may seek additional financing through the issuance of equity or convertible debt securities. In such event, the percentage ownership of our stockholders would be reduced, stockholders may experience additional dilution, and such securities may have rights, preferences and privileges senior to those of our Common Stock. There can be no assurance that additional financing will be available on terms favorable to us or at all. If adequate funds are not available or are not available on acceptable terms, we may not be able to fund our expansion, take advantage of desirable acquisition opportunities, develop or enhance services or products or respond to competitive pressures. Such inability could have a materially adverse effect on our business, results of operations and financial conditions.

WE MAY INFRINGE THE INTELLECTUAL PROPERTY RIGHTS OF OTHERS. The industry in which we operate has many participants that own, or claim to own, proprietary intellectual property. In the past we have received, and in the future may receive, claims from third parties alleging that we, and possibly our customers, violate their intellectual property rights. Rights to intellectual property can be difficult to verify and litigation may be necessary to establish whether or not we have infringed the intellectual property rights of others. In many cases, these third parties are companies with substantially greater resources than us, and they may be able to, and may choose to, pursue complex litigation to a greater degree than we could. Regardless of whether these infringement claims have merit or not, we may be subject to the following:

- o We may be liable for potentially substantial damages, liabilities and litigation costs, including attorneys' fees;
- o We may be prohibited from further use of the intellectual property and may be required to cease selling our products that are subject to the claim;
- o We may have to license the third party intellectual property, incurring royalty fees that may or may not be on commercially reasonable terms. In addition, there is no assurance that we will be able to successfully negotiate and obtain such a license from the third party;
- o We may have to develop a non-infringing alternative, which could be costly and delay or result in the loss of sales.
- o In addition, there is no assurance that we will be able to develop such a non-infringing alternative;
 - o The diversion of management's attention and resources;
 - o Our relationships with customers may be adversely affected; and,
- o We may be required to indemnify our customers for certain costs and damages they incur in such a claim.

In the event of an unfavorable outcome in such a claim and our inability to either obtain a license from the third party or develop a non-infringing alternative, then our business, operating results and financial condition may be materially adversely affected and we may have to restructure our business.

Absent a specific claim for infringement of intellectual property, from time to time we have and expect to continue to license technology, intellectual property and software from third parties. There is no assurance that we will be able to maintain our third party licenses or obtain new licenses when required and this inability could materially adversely affect our business and operating results and the quality and functionality of our products. In addition, there is no assurance that third party licenses we execute will be on commercially reasonable terms.

Under purchase orders and contracts for the sale of our products we may provide indemnification to our customers for potential intellectual property infringement claims for which we may have no corresponding recourse against our third party licensors. This potential liability, if realized, could materially adversely affect our business, operating results and financial condition.

WE OPERATE IN AN INTENSIVELY COMPETITIVE MARKET. The wireless broadband data access market is highly competitive, and we may be unable to compete effectively. Many of our competitors or potential competitors have significantly greater financial, technical and marketing resources than we do. To survive and be competitive, we will need to continuously invest in research and development, sales and marketing, and customer support. Increased competition could result in price reductions, and smaller customer orders. Our failure to compete effectively could seriously impair our business.

WE OPERATE IN THE HIGH-RISK TELECOM SECTOR. We are in a volatile industry. In addition, our revenue model is evolving and relies substantially on the assumption that we will be able to successfully complete the development and sales of our products and services in the marketplace. Our prospects must be considered in the light of the risk, uncertainties, expenses and difficulties frequently encountered by companies in the early stages of development and marketing. In order to be successful in the market we must, among other things:

- o Complete development and introduction of functional and attractive products and services;
 - o Attract and maintain customer loyalty;
- o Establish and increase awareness of our brand and develop customer loyalty;
- o Provide desirable products and services to customers at attractive prices;
- o Establish and maintain strategic relationships with strategic partners and affiliates;
 - o Rapidly respond to competitive and technological developments;
- o Build operations and customer service infrastructure to support our business; and
 - o Attract, retain, and motivate qualified personnel.

We cannot guarantee that we will be able to achieve these goals, and our failure to achieve them could adversely affect our business, results of operations, and financial condition. We expect that revenues and operating results will fluctuate in the future. There is no assurance that any or all of our efforts will produce a successful outcome.

WE OPERATE IN A FIELD WITH RAPIDLY CHANGING TECHNOLOGY. Since our products and services are new, we cannot be certain that these products and services will function as anticipated or be desirable to our intended markets. Our current or future products and services may fail to function properly, and if our products and services do not achieve and sustain market acceptance, our business, results of operations and profitability may suffer. If we are unable to predict and comply with evolving wireless standards, our ability to introduce and sell new products will be adversely affected. If we fail to develop and introduce products on time, we may lose customers and potential product orders.

WE DEPEND ON THE DEMAND FOR WIRELESS NETWORK CAPACITY. The demand for our products is completely dependent on the demand for broadband wireless access to networks. If wireless operators do not deliver acceptable wireless service, our product sales may dramatically decline. Thus, if wireless operators experience financial or network difficulties, it will likely reduce demand for our products.

WE DEPEND ON COLLABORATIVE ARRANGEMENTS. The development and commercialization of our products and services depend in large part upon our ability to selectively enter into and maintain collaborative arrangements with developers, distributors, service providers, network systems providers, core wireless communications technology providers and manufacturers, among others.

THE LOSS OF ANY OF OUR MATERIAL CUSTOMERS COULD ADVERSELY AFFECT OUR REVENUES AND PROFITABILITY, AND THEREFORE SHAREHOLDER VALUE. We depend on a small number of customers for a significant portion of our revenues. For the year ended June 30, 2014, net revenues from four largest customers represented 42%, 12%, 11%, and 10% of our consolidated net sales, respectively. We have a written agreement with each of these customers that governs the sale of products to them, but the agreements do not obligate them to purchase any quantity of products from us. If these customers were to reduce their business with us, our revenues and profitability could materially decline.

OUR PRODUCT DELIVERIES ARE SUBJECT TO LONG LEAD TIMES. Due to our limited capital resources, we often experience long-lead times to ship products to our customers, often in excess of 45 days. This could cause us to lose customers, who may be able to secure faster delivery times from our competitors, and require us to maintain higher levels of working capital.

OUR PRODUCT-TO-MARKET CHALLENGE IS CRITICAL. Our success depends on our ability to quickly enter the market and establish an early mover advantage. We must implement an aggressive sales and marketing campaign to solicit customers and strategic partners. Any delay could seriously affect our ability to establish and exploit effectively an early-to-market strategy.

AS OUR BUSINESS EXPANDS INTERNATIONALLY, WE WILL BE EXPOSED TO ADDITIONAL RISKS RELATING TO INTERNATIONAL OPERATIONS. Our expansion into international operations exposes us to additional risks unique to such international markets, including the following:

- o Increased credit management risks and greater difficulties in collecting accounts receivable;
- o Unexpected changes in regulatory requirements, wireless communications standards, exchange rates, trading policies, tariffs and other barriers;
- o Uncertainties of laws and enforcement relating to the protection of intellectual property;
 - o Language barriers; and
 - o Potential adverse tax consequences.

Furthermore, if we are unable to further develop distribution channels in countries in North America, the Caribbean and South America, EMEA and Asia, we may not be able to grow our international operations, and our ability to increase our revenue will be negatively impacted.

GOVERNMENT REGULATION COULD RESULT IN INCREASED COSTS AND INABILITY TO SELL OUR PRODUCTS. Our products are subject to certain mandatory regulatory approvals in the United States and other regions in which we operate. In the United States, the Federal Communications Commission regulates many aspects of communications devices. Although we have obtained all the necessary Federal Communications Commission and other required approvals for the products we currently sell, we may not obtain approvals for future products on a timely basis, or at all. In addition, regulatory requirements may change or we may not be able to obtain regulatory approvals from countries other than the United States in which we may desire to sell products in the future.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

We lease approximately 11,318 square feet located in San Diego, California, at a monthly rent of \$16,576, and the lease expires on August 31, 2015. In addition to monthly rent, the lease provides for periodic cost of living increases in the base rent. Rent expense related to the operating lease was \$198,914 for the years ended June 30, 2014 and 2013. Our facility is covered by an appropriate level of insurance and we believe it to be suitable for our use and adequate for our present needs.

Our Korea-based subsidiary, Franklin Technology, Inc. ("FTI"), leases approximately 10,000 square feet of office space in Seoul, Korea, at a monthly rent of approximately \$8,000, and the lease expires on September 1, 2015. In addition to monthly rent, the lease provides for periodic cost of living increases in the base rent and payment of common area costs. The facility is covered by an appropriate level of insurance and we believe it to be suitable for our use and adequate for our present needs. Rent expense related to the operating lease was approximately \$96,000 for the years ended June 30, 2014 and 2013.

We lease two corporate housing facilities for our vendors and employees who travel, under non-cancelable operating leases that expire on September 13, 2015 and July 31, 2014, respectively. In April 2014, the lease for the corporate housing facility with July 31, 2014 expiration was terminated. Rent expense related to the operating leases was \$20,209 and \$21,721 for the years ended June 30, 2014 and 2013, respectively.

ITEM 3. LEGAL PROCEEDINGS

We are from time to time involved in certain legal proceedings and claims arising in the ordinary course of business. On December 10, 2010, Novatel Wireless, Inc. filed a complaint in the United States District Court for the Southern District of California, against us and one other defendant. The complaint alleges that certain products, including, but not limited to, mobile data hot spots and data modems, infringe on U.S. Patent Nos. 5,129,098; 7,318,225; 7,574,737 and 7,319,715. On April 13, 2012, the plaintiff filed a Second Amended Complaint which amended certain claims and added U.S. Patent No. 7,944,901 to the original complaint. On April 27, 2012, we filed a Motion to Dismiss the Second Amended Complaint as to certain of the claims. On July 6, 2012, the Court held oral argument on the Motion to Dismiss and on July 19, 2012, the Court issued an order granting in part and denying in part the Motion to Dismiss. On August 2, 2012, we answered the complaint and an Early Neutral Evaluation Conference took place on October 31, 2012 and a follow-up Settlement Conference was held on June 12, 2013. This matter is currently in the discovery phase. A claim construction hearing is scheduled for October 9, 2014. Due to the preliminary nature of these proceedings, we do not believe an amount of loss, if any, can be reasonably estimated for this matter. We intend to vigorously defend ourselves against these allegations.

On December 14, 2011, our officers and directors were named as defendants in an action filed by Sherman Capital Group LLC, Singer Children's Management Trust, David S. Oros, Milfam NG LLC and Lloyd I. Miller-Trust C (the "Sherman Group") in the Superior Court of the State of California for the County of San Diego. The complaint seeks damages and declaratory relief for alleged breaches of fiduciary duty by our officers and directors in the management of the Company. The complaint does not specify an amount of damages. Our officers and directors are entitled to indemnity from the Company under the Company's bylaws. On January 20, 2012, we filed a Notice of Removal from the Superior Court of the State of California for the County of San Diego to the United States District Court for the Southern District of California. Following several motions and filings submitted to the Court by both parties, we answered the complaint in the United States District Court on April 10, 2012 and an Early Neutral Evaluation Conference took place on June 11, 2012.

On September 19, 2012, we entered into a Stock Repurchase Agreement and a Standstill Agreement, each with Sherman Capital Group, LLC; Karen Singer, Trustee Of Singer Children's Management Trust; David S. Oros; Milfam NG LLC; and PNC Trust Company of Delaware, Trustee of Lloyd I. Miller – Trust C (the "Sherman Group"). Under the terms of the Stock Repurchase Agreement, we agreed to repurchase 1,538,602 shares of our Common Stock from the members of the Sherman Group for a purchase price of \$2,831,028, or \$1.84 per share, representing a premium of \$440,000 from the market price on the date of the Agreement, which was recorded in operating expenses in the period ended June 30, 2012. In addition to the purchase price, a commission of \$15,386 associated with this repurchase was recorded as a reduction of capital. Under the terms of the Standstill Agreement, the members of the Sherman Group agreed that they will not (i) acquire any Common Stock or other securities of the Company, (ii) make any tender offer with respect to securities of the Company, (iii) participate in any solicitation of proxies with respect to the Company, (iv) form, join or in any way participate in a "group" (within the meaning of Section 13(d)(3) of the Exchange Act and Rule 13d-5(b) thereunder) with respect to the securities of the Company, or (v) act, alone or in concert with others, to seek to control or influence the management, Board of Directors or policies of the Company. On September 27, 2012, we completed the repurchase of the shares of our Common Stock from the Sherman Group.

On September 19, 2012, we entered into a Settlement Agreement and Release with the Sherman Group. Under the terms of this Agreement, the parties agreed to file a request with the Court to dismiss this action, which was filed on October 2, 2012. On October 3, 2012, the U.S. District Court for the Southern District of California issued an Order approving the voluntary dismissal, with prejudice, of the action filed by the Sherman Group.

On May 7, 2013, we filed a lawsuit against C-Motech Co., Ltd. in the Superior Court of California for the County of San Diego for breach of a Common Stock Repurchase Agreement we entered into with C-Motech On July 27, 2010. Under that Agreement we agreed to repurchase 3,370,356 shares of our Common Stock from C-Motech for \$3,500,000. A total of 1,803,684 shares were repurchased on the date of the Agreement in exchange for non-cash consideration in the amount of \$1,873,065, and the remaining 1,566,672 shares were to be repurchased by us upon payment of the balance, \$1,626,935, on or before December 31, 2010. This date was extended to March 31, 2011 and certain other changes made by an Amendment to the Agreement, as more particularly described in Item 13 below. However, the repurchase of the remaining 1,566,672 shares was not completed, notwithstanding our formal demand to C-Motech to sell the shares back to us and our attempt to tender payment for the shares. Accordingly, the action seeks damages, specific performance and declaratory relief for breach of the Common Stock Repurchase Agreement. The action also seeks indemnification from C-Motech for breach of other contracts between the parties relating to indemnification and intentional interference with certain other contracts. On February 25, 2014, C-Motech answered the complaint and on February 26, 2014, C-Motech filed a Notice of Removal from the Superior Court of the State of California for the County of San Diego to the United States District Court for the Southern District of California. On June 19, 2014, C-Motech filed a voluntary petition for relief under Chapter 15 of the U.S. Bankruptcy Code and on June 27, 2014, C-Motech filed a Motion for Recognition of a Foreign Main Proceeding under Chapter 15 of the U.S. Bankruptcy Code and Further Relief. On July 10, 2014, this motion was heard in the U.S. Bankruptcy Court for the Southern District of California during which the Court ordered that C-Motech's bankruptcy proceeding in South Korea was recognized as a foreign main proceeding and that our lawsuit against C-Motech in the U.S. District Court is stayed. The effect of this ruling is that we must participate in C-Motech's bankruptcy proceeding in South Korea if we wish to pursue our various claims against C-Motech. We are currently considering our options with respect to this ruling.

On October 1, 2013, Cell and Network Selection LLC filed a complaint in the United States District Court for the Eastern District of Texas, Tyler Division against one of our customers as one of several defendants. The complaint alleges that certain wireless devices, including one device provided by the Company, infringe on U.S. Patent No. 6,195,551. As of June 30, 2014, this legal proceeding is pending, but we do not believe this action will have a material effect on the Company.

On December 3, 2013, Concinnitas, LLC filed a complaint against us in the United States District Court for the Eastern District of Texas, Marshall Division. The complaint alleges that at least one product model sold by the Company infringes U.S. Patent No. 7,805,542. The product model identified in the complaint was purchased by the Company from one of our suppliers. On August 28, 2014, the parties, including our supplier, entered into a Patent License, Settlement and Release Agreement and filed a request with the Court to dismiss this action. On September 2, 2014, the U.S. District Court for the Eastern District of Texas, Marshall Division, issued an Order approving the dismissal, with prejudice, of the action filed by Concinnitas, LLC.

ITEM 4. MINE SAFETY DISCLOSURES

None.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS, AND ISSUER PURCHASES OF EQUITY SECURITIES.

MARKET PRICE OF OUR COMMON STOCK

Shares of our Common Stock are quoted and traded on the OTCQB under the trading symbol "FKWL." The following table sets forth the range of high and low bid quotations per share for the Common Stock as reported during the years ending June 30, 2014 and 2013. The bid price reflects inter-dealer prices and does not include retail mark-up, markdown, or commission.

	High	Low
Year Ended June 30, 2014		

First Quarter	\$2.00	\$1.32
Second Quarter	\$1.90	\$1.35
Third Quarter	\$1.77	\$1.50
Fourth Quarter	\$2.05	\$1.56

Year Ended June 30, 2013

First Quarter	\$1.88	\$1.25
Second Quarter	\$2.48	\$1.85
Third Quarter	\$1.98	\$1.35
Fourth Quarter	\$1.79	\$1.32

We have one class of common stock. As of June 30, 2014, we had 737 shareholders of record. Since many of the shares of our common stock are held by brokers and other institutions on behalf of shareholders, the total number of beneficial holders represented by these record holders is not practicably determinable.

DIVIDENDS

We have never declared or paid any dividends on our Common Stock. We currently intend to retain all available funds for use in the operation and development of our business and, therefore, and do not expect to declare or pay any cash dividends in the foreseeable future.

EQUITY COMPENSATION PLAN INFORMATION

The following table summarizes share and exercise price information about our equity compensation plans as of June 30, 2014:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans
Equity compensation plans approved by security holders	895,337	\$ 1.24	760,000
Equity compensation plans not approved by security holders	–	N/A	–
Total	895,337	\$ 1.24	760,000

ITEM 6. SELECTED FINANCIAL DATA

As a “smaller reporting company” as defined by Rule 12b-2 of the Exchange Act, we are not required to include this item.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our financial statements and related notes included elsewhere in this report. This report contains certain forward-looking statements relating to future events or our future financial performance. These statements are subject to risks and uncertainties which could cause actual results to differ materially from those discussed in this report. You are cautioned not to place undue reliance on this information which speaks only as of the date of this report. We are not obligated to publicly update this information, whether as a result of new information, future events or otherwise, except to the extent we are required to do so in connection with our obligation to file reports with the SEC. For a discussion of the important risks to our business and future operating performance, see the discussion

under the caption “Item 1A. Risk Factors” and under the caption “Factors That May Influence Future Results of Operations” below. In light of these risks, uncertainties and assumptions, the forward-looking events discussed in this report might not occur.

BUSINESS OVERVIEW

We are engaged in the design, manufacture and sale of broadband high speed wireless data communication products such as third generation (“3G”) and fourth generation (“4G”) wireless modules and modems. We focus primarily on wireless broadband modems, which provide a flexible way for consumers to connect to wireless broadband networks from laptop or desktop computers. Our broadband wireless data communication products are positioned at the convergence of wireless communications, mobile computing and the Internet, each of which we believe represents a growing market.

We market and sell our products through two channels: directly to wireless operators, and indirectly through strategic partners and distributors. Our global customer base extends from the United States to countries in South America, the Caribbean, EMEA and Asia. Certain of our products are certified by Sprint, C-Spire Wireless and other wireless operators located in the United States and also by wireless operators located in Caribbean and South American countries.

FACTORS THAT MAY INFLUENCE FUTURE RESULTS OF OPERATIONS

We believe that our revenue growth will be influenced largely by (1) the successful maintenance of our existing customers, (2) the rate of increase in demand for wireless data products, (3) customer acceptance for our new products, (4) new customer relationships and contracts, and (4) our ability to meet customers’ demands.

We have entered into and expect to continue to enter into new customer relationships and contracts for the supply of our products, and this may require significant demands on our resources, resulting in increased operating, selling, and marketing expenses associated with such new customers.

CRITICAL ACCOUNTING POLICIES

Revenue Recognition

We recognize revenue in accordance with ASC 605, “Revenue Recognition,” when persuasive evidence of an arrangement exists, the price is fixed or determinable, collection is reasonably assured and delivery of products has occurred or services have been rendered. Accordingly, we recognize revenues from product sales upon shipment of the products to the customers or when the products are received by the customers in accordance with shipping or delivery terms. We provide a warranty for one year, which is covered by our vendors under the purchase agreements. Any net warranty related expenditures made by us have not historically been material.

Capitalized Product Development Costs

Accounting Standards Codification (“ASC”) Topic 350, “Intangibles - Goodwill and Other” includes software that is part of a product or process to be sold to a customer and shall be accounted for under Subtopic 985-20. Our products contain embedded software internally developed by FTI which is an integral part of these products because it allows the various components of the products to communicate with each other and the products are clearly unable to function without this coding.

The costs of product development that are capitalized once technological feasibility is determined (noted as Technology in progress in the Intangible Assets table, in Note 2 to Notes to Financial Statements) include payroll, employee benefits, and other headcount-related expenses associated with product development. We determine that technological feasibility for our products is reached after all high-risk development issues have been resolved. Once the products are available for general release to our customers, we cease capitalizing the product development costs and any additional costs, if any, are expensed. The capitalized product development costs are amortized on a product-by-product basis using the greater of straight-line amortization or the ratio of the current gross revenues to the current and anticipated future gross revenues. The amortization begins when the products are available for general release to the Company’s customers.

As of June 30, 2014 and June 30, 2013, capitalized product development costs in progress were \$39,545 and \$32,500, respectively, and these amounts are included in intangible assets in our consolidated balance sheets. During the year ended June 30, 2014, we incurred \$560,615 in capitalized product development costs, and such amounts are primarily comprised of certifications and licenses. All expenses incurred before technological feasibility is reached are expensed and included in our consolidated statements of comprehensive income (loss).

Income Taxes

Deferred income tax assets and liabilities are recorded for differences between the financial statement and tax basis of the assets and liabilities that will result in taxable or deductible amounts in the future based on enacted laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. We have evaluated the available evidence supporting the realization of our gross deferred tax assets, including the amount and timing of future taxable income, and have determined it is more likely than not that the assets will be fully realized and no valuation allowance is necessary as of June 30, 2014. As of June 30, 2014, we have federal and state net operating loss carryforwards of approximately \$4.0 million and \$1.7 million, which expire through 2023 and 2017, respectively. The utilization of net operating loss carryforwards may be subject to limitations under the provisions of the Internal Revenue Code Section 382 and similar state provisions.

Under the provision of ASC 740 “Application of the Uncertain Tax Position Provisions” related to accounting for uncertain tax positions, which prescribes a recognition threshold and measurement process for recording in the financial statements, uncertain tax positions taken or expected to be taken in a tax return, the impact of an uncertain income tax position on the income tax return must be recognized at the largest amount that is more-likely-than-not to be sustained upon audit by the relevant taxing authority. Tax benefits of an uncertain tax position will not be recognized if it has less than a 50% likelihood of being sustained based on technical merits.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In June 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-05, Presentation of Comprehensive Income, eliminates the option of presenting the components of other comprehensive income (OCI) as part of the statement of changes in stockholders’ equity. The ASU instead permits an entity to present the total of comprehensive income, the components of net income, and the components of OCI either in a single continuous statement of comprehensive income or in two separate but consecutive statements. With either format, the entity is required to present each component of net income along with total net income, each component of OCI along with the total for OCI, and a total amount for comprehensive income. Also, the ASU requires entities to present, for either format, reclassification adjustments for items that are reclassified from OCI to net income in the statement(s) where the components of net income and the components of OCI are presented. This ASU is to be applied retrospectively. For public entities, the ASU is effective for interim and annual periods beginning after December 15, 2011. We have adopted this guidance and note that it does not have any material impact on our consolidated financial statements.

In September 2011, the FASB issued ASU 2011-08, Testing Goodwill for Impairment, which permits entities to determine first whether it is necessary to apply the traditional two-step goodwill impairment test, based on qualitative factors. An entity also has the option to bypass the qualitative assessment for any reporting unit in any period and proceed directly to the first step of the two-step goodwill impairment test; an entity may resume performing the qualitative assessment in any subsequent period. Also under the amendments, an entity is no longer permitted to carry forward its detailed calculation of a reporting unit's fair value from a prior year. The ASU also includes examples of events and circumstances for an entity to consider in evaluating whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount, which supersede the previous examples of events and circumstances that an entity should consider when testing goodwill for impairment between annual tests. An entity having a reporting unit with a zero or negative carrying amount will also consider the revised list of factors in determining whether to perform the second step of the impairment test. The ASU is effective for annual and interim goodwill impairment tests performed for fiscal years beginning after December 15, 2011. We have adopted this guidance and note that it does not have any material impact on our consolidated financial statements.

In May 2014, the FASB issued Accounting Standards Update No. 2014-09 (ASU 2014-09), Revenue from Contracts with Customers. ASU 2014-09 will eliminate transaction- and industry-specific revenue recognition guidance under current U.S. GAAP and replace it with a principle based approach for determining revenue recognition. ASU 2014-09 will require that companies recognize revenue based on the value of transferred goods or services as they occur in the contract. The ASU also will require additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. ASU 2014-09 is effective for reporting periods beginning after December 15, 2016, and early adoption is not permitted. Entities can transition to the standard either retrospectively or as a cumulative-effect adjustment as of the date of adoption. Management is currently assessing the impact the adoption of ASU 2014-09 and has not determined the effect of the standard on our ongoing financial reporting.

RESULTS OF OPERATIONS

The following table sets forth, for the years ended June 30, 2014 and 2013, our statements of operations including data expressed as a percentage of sales:

	2014	2013
	(as a percentage of sales)	
Net sales	100.0%	100.0%
Cost of goods sold	85.9%	77.9%
Gross profit	14.1%	22.1%
Operating expenses	23.6%	22.6%
Income (loss) from operations	(9.5%)	(0.5%)

Other income, net	4.6%	0.3%
Net income (loss) before income taxes	(4.9%)	(0.2%)
Income tax provision (benefit)	(1.7%)	0.5%
Net income (loss)	(3.2%)	(0.7%)
Non-controlling interest in net loss of subsidiary	0.0%	1.2%
Net income (loss) attributable to Parent Company stockholders	(3.2%)	0.5%

YEAR ENDED JUNE 30, 2014 COMPARED TO YEAR ENDED JUNE 30, 2013

NET SALES - Net sales decreased by \$1,797,357, or 5.5%, to \$30,952,897 for the year ended June 30, 2014 from \$32,750,254 for the corresponding period of 2013. For the year ended June 30, 2014, net sales by geographic regions, consisting of South America and the Caribbean, the United States, EMEA (Europe, the Middle East and Africa) and Asia were \$2,109,320 (6.8% of net sales), \$18,036,635 (58.3% of net sales), \$3,789,414 (12.2% of net sales) and \$7,017,528 (22.7% of net sales), respectively.

Net sales in the South American and Caribbean regions increased by \$460,868, or 27.9%, to \$2,109,320 for the year ended June 30, 2014, from \$1,648,452 for the corresponding period of 2013. The increase was primarily due to the general nature of sales in these regions, which often fluctuate significantly from period to period due to timing of orders placed by a relatively small number of customers. Net sales in the United States decreased by \$11,941,684, or 39.8%, to \$18,036,635 for the year ended June 30, 2014, from \$29,978,319 for the corresponding period of 2013. The decrease in net sales was due to several factors, including lower market demand for USB modems, the timing of orders placed by certain carrier customers and the discontinuation of a chipset used as a component in one of the Company's products, which negatively affected sales during the year ended June 30, 2014. In addition, a large customer who purchased four of the Company's product models during the year ended June 30, 2013, did not make any significant repeat purchases during the year ended June 30, 2014. These decreases were partially offset by the launch of new products in the United States. Net sales in EMEA increased by \$3,789,414, to \$3,789,414 for the year ended June 30, 2014, from \$0 for the corresponding period of 2013. The increase in net sales was due to the addition of a new carrier customer in Africa. Net sales in Asia increased by \$5,894,045, or 524.6%, to \$7,017,528 for the year ended June 30, 2014, from \$1,123,483 for the corresponding period of 2013. The increase in net sales was primarily due to higher product and component sales generated by FTI, which typically vary from period to period.

GROSS PROFIT - Gross profit decreased by \$2,854,796, or 38.3%, to \$4,378,604 for the year ended June 30, 2014, from \$7,233,400 for the corresponding period of 2013. The decrease was primarily due to the change in net sales as indicated above. The gross profit in terms of net sales percentage was 14.1% for the year ended June 30, 2014, compared to 22.1% for the corresponding period of 2013. The decrease in gross profit in terms of net sales and net sales percentage was due to variations in customer and product mix, competitive selling prices and product costs which generally vary from period to period and region to region.

OPERATING EXPENSES - Operating expenses decreased by \$109,644, or 1.5%, to \$7,292,592 for the year ended June 30, 2014, from \$7,402,236 for the corresponding period of 2013. Decreases in commissions and bad debt expense were partially offset by increases in legal fees and shipping expenses. Shipping expenses vary based on product volumes and customer and supplier shipping terms which vary from product to product.

OTHER INCOME, NET - Other income, net increased by \$1,324,987 to \$1,421,244 for the year ended June 30, 2014, from \$96,257 for the corresponding period of 2013. The increase was primarily due to the reversal of expenses associated with certain marketing related activities that were incurred in prior periods which expired during the year ended June 30, 2014.

LIQUIDITY AND CAPITAL RESOURCES

Our historical operating results, capital resources and financial position, in combination with current projections and estimates, were considered in management's plan and intentions to fund our operations over a reasonable period of time, which we define as the twelve month period ending June 30, 2015. For purposes of liquidity disclosures, we assess the likelihood that we have sufficient available working capital and other principal sources of liquidity to fund our operating activities and obligations as they become due.

Our principal source of liquidity as of June 30, 2014 consisted of cash and cash equivalents of \$8,240,595. We believe we have sufficient available capital to cover our existing operations and obligations through at least June 30, 2015. Our long-term future cash requirements will depend on numerous factors, including our revenue base, profit margins, product development activities, market acceptance of our products, future expansion plans and ability to control costs. If we are unable to achieve our current business plan or secure additional funding that may be required, we would need to curtail our operations or take other similar actions outside the ordinary course of business in order to continue to operate as a going concern.

OPERATING ACTIVITIES – Net cash used in operating activities for the year ended June 30, 2014 was \$1,707,651, and net cash provided by operating activities for the year ended June 30, 2013 was \$4,898,047.

The \$1,707,651 in net cash used in operating activities for the year ended June 30, 2014 was primarily due to our net loss and the increases in inventory and accounts receivable of \$1,704,823 and \$303,846, respectively and the gain on debt extinguishment of \$1,300,448, which were partially offset by the decrease in accounts payable of \$1,361,070 and the non-cash charge for amortization of \$1,287,806.

The \$4,898,047 in net cash provided by operating activities for the year ended June 30, 2013 was primarily due to the decreases in accounts receivable and inventory of \$7,515,203 and \$1,484,310, respectively, and the non-cash charge for amortization of \$1,383,722, which were partially offset by the decrease in accounts payable of \$5,861,873.

INVESTING ACTIVITIES - Net cash used in investing activities for the years ended June 30, 2014 and 2013 was \$357,477 and \$1,460,492, respectively.

The \$357,477 in net cash used in investing activities for the year ended June 30, 2014 was primarily due to the payments for capitalized development costs and purchases of property and equipment of \$310,615 and \$127,894, respectively. We capitalize product development costs because such products are expected to be sold in future periods and provide economic benefit to the Company.

The \$1,460,492 in net cash used in investing activities for the year ended June 30, 2013 was primarily due to the purchases of intangible assets and property and equipment of \$689,676 and \$431,452, respectively, as well as payments for capitalized product development of \$252,279.

FINANCING ACTIVITIES – Net cash provided by financing activities for the year ended June 30, 2014 was \$96,074, and net cash used in financing activities for the year ended June 30, 2013 was \$2,383,914.

The \$96,074 in net cash provided by financing activities for the year ended June 30, 2014 was primarily due to the issuance of stock related to stock options exercised.

The \$2,383,914 in net cash used in financing activities for the year ended June 30, 2013 was primarily due to the repurchase of our Common Stock from the Sherman Group in the amount of \$2,406,414. Under the terms of the Stock Repurchase Agreement, we agreed to repurchase 1,538,602 shares of our Common Stock from the members of the Sherman Group for a purchase price of \$2,831,028, or \$1.84 per share, representing a premium of \$440,000 from the market price on the date of the Agreement, which was recorded in operating expenses in the period ended June 30, 2012. In addition to the purchase price, a commission of \$15,386 associated with this repurchase was recorded as a reduction of capital.

OFF-BALANCE SHEET ARRANGEMENTS

None.

CONTRACTUAL OBLIGATIONS AND OTHER COMMITMENTS

The following table summarizes our contractual obligations and commitments as of June 30, 2014, and the effect such obligations could have on our liquidity and cash flow in future periods:

	Payments Due by June 30,					Total
	2015	2016	2017	2018	Thereafter	
Leases	\$305,278	\$51,311	\$ -	\$ -	\$ -	\$356,589
Borrowings from banks	148,295	-	-	-	-	148,295
Total	\$453,573	\$51,311	\$ -	\$ -	\$ -	\$504,884

On July 27, 2010, we entered into a Common Stock Repurchase Agreement with C-Motech (the "Agreement"), under which we agreed to repurchase 3,370,356 shares of our Common Stock from C-Motech for \$3,500,000. A total of 1,803,684 shares were repurchased on the date of the Agreement in exchange for non-cash consideration in the amount of \$1,873,065, which represented amounts owed to the Company by C-Motech for certain marketing funds as well as the settlement of a price dispute for products previously purchased by the Company from C-Motech. Under the Agreement, the remaining 1,566,672 shares were to be repurchased by us upon payment of the balance, \$1,626,935, on or before December 31, 2010.

On January 28, 2011 (the "Amendment Date") the Agreement was amended to reflect (1) a change in the date the 1,566,672 shares are to be repurchased from C-Motech from December 31, 2010 to March 31, 2011, and (2) a change to the non-cash consideration of \$1,873,065. In exchange for the 1,803,684 shares, we were to pay cash to C-Motech

(in the same amount) for the shares, by March 31, 2011. In addition, in a separate agreement dated January 28, 2011, C-Motech agreed to pay us \$1,873,065, for amounts owed, by March 31, 2011. The purpose of these revisions was to more clearly differentiate each party's payment obligations to the other with respect to this transaction. Following the Amendment Date, we paid C-Motech \$1,873,065 in exchange for the 1,803,684 shares previously transferred to us by C-Motech, and C-Motech paid us \$1,873,065 for amounts owed, of which \$1,581,457 was booked to other income and \$291,608 was booked to cost of goods sold. The repurchase of the remaining 1,566,672 shares has not been completed. We have provided formal notification to C-Motech that it is in breach of its obligations and we have also provided a demand to sell the shares back to us. We have attempted to tender payment for the shares without results, and we are unable to determine whether or not this repurchase will take place. We have been advised that there are two individuals who claim to have purchased the shares from C-Motech through its former CEO; however, the authority of the former CEO to agree to the sale of the shares is being disputed by C-Motech. It is our understanding that this matter is currently being adjudicated in U.S. and Korean courts. As of the date of this Report, C-Motech is the registered owner of certificates representing 1,566,672 shares, which were issued by the Company in C-Motech's name. On May 7, 2013, we filed a lawsuit against C-Motech in the Superior Court of California for the County of San Diego for breach of the Agreement and breach of other contracts between the parties relating to indemnification and other obligations. On February 25, 2014, C-Motech answered the complaint and on February 26, 2014, C-Motech filed a Notice of Removal from the Superior Court of the State of California for the County of San Diego to the United States District Court for the Southern District of California. On June 19, 2014, C-Motech filed a voluntary petition for relief under Chapter 15 of the U.S. Bankruptcy Code and on June 27, 2014, C-Motech filed a Motion for Recognition of a Foreign Main Proceeding under Chapter 15 of the U.S. Bankruptcy Code and Further Relief. On July 10, 2014, this motion was heard in the U.S. Bankruptcy Court for the Southern District of California during which the Court ordered that C-Motech's bankruptcy proceeding in South Korea was recognized as a foreign main proceeding and that our lawsuit against C-Motech in the U.S. District Court is stayed. The effect of this ruling is that we must participate in C-Motech's bankruptcy proceeding in South Korea if we wish to pursue our various claims against C-Motech. We are currently considering our options with respect to this ruling.

LEASES

We lease approximately 11,318 square feet located in San Diego, California, at a monthly rent of \$16,576, and the lease expires on August 31, 2015. In addition to monthly rent, the lease provides for periodic cost of living increases in the base rent. Rent expense related to the operating lease was \$198,914 for the years ended June 30, 2014 and 2013. Our facility is covered by an appropriate level of insurance and we believe it to be suitable for our use and adequate for our present needs.

Our Korea-based subsidiary, Franklin Technology, Inc. (“FTI”), leases approximately 10,000 square feet of office space in Seoul, Korea, at a monthly rent of approximately \$8,000, and the lease expires on September 1, 2015. In addition to monthly rent, the lease provides for periodic cost of living increases in the base rent and payment of common area costs. The facility is covered by an appropriate level of insurance and we believe it to be suitable for our use and adequate for our present needs. Rent expense related to the operating lease was approximately \$96,000 for the years ended June 30, 2014 and 2013.

We lease two corporate housing facilities for our vendors and employees who travel, under non-cancelable operating leases that expire on September 13, 2015 and July 31, 2014, respectively. In April 2014, the lease for the corporate housing facility with July 31, 2014 expiration was terminated. Rent expense related to the operating leases was \$20,209 and \$21,721 for the years ended June 30, 2014 and 2013, respectively.

FUTURE LIQUIDITY AND CAPITAL REQUIREMENTS

For the next twelve months, we may incur in excess of \$5.0 million for capital expenditures, software licenses and for testing and certifying new products.

We believe we will be able to fund our future cash requirements for operations from our cash available, operating cash flows, bank lines of credit and issuance of equity securities. We believe these sources of funds will be sufficient to continue our operations and planned capital expenditures. However, we will be required to raise additional debt or equity capital if we are unable to generate sufficient cash flow from operations to fund the expansion of our sales and to satisfy the related working capital requirements for the next twelve months. Our ability to satisfy such obligations also depends upon our future performance, which in turn is subject to general economic conditions and regional risks, and to financial, business and other factors affecting our operations, including factors beyond our control. See Item 1A, “Risk Factors” included in this report.

If we are unable to generate sufficient cash flow from operations to meet our obligations and commitments, we will be required to raise additional debt or equity capital. Additionally, we may be required to sell material assets or operations or delay or forego expansion opportunities. We might not be able to effect these alternative strategies on satisfactory terms, if at all.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Not applicable.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The financial statements and the supplementary financial information required by this Item and included in this report are listed in the Index to Financial Statements beginning on page F-1.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

The Company's President and Chief Financial Officer have concluded, based on an evaluation of the Company's disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15(d)-15(e)), that such disclosure controls and procedures were effective as of the end of the period covered by this report.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There have been no significant changes in our internal controls over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) in other factors that materially affected or are reasonably likely to materially affect our internal controls and procedures over financial reporting during the fourth quarter of the fiscal year ended June 30, 2014.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act). Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

To evaluate the effectiveness of internal controls over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act, management conducted an assessment, using the criteria in *Internal Control-Integrated Framework*, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Based on their assessment, management concluded that we maintained effective internal control over financial reporting as of June 30, 2014.

This annual report does not include an attestation report from our independent registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to Sarbanes-Oxley Rule 404(c).

ITEM 9B. OTHER INFORMATION

None.

PART III**ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE**

Set forth below are the names, ages, titles and present and past positions of our directors and executive officers as of June 30, 2014.

Name	Age	Position
OC Kim	49	President, Secretary and a Director
Gary Nelson	74	Chairman of the Board and a Director
Joon Won Jyoung	72	Director
Johnathan Chee	51	Director
Benjamin Chung	39	Director
Yun J. (David) Lee	53	Chief Operating Officer
Richard Walker	53	Chief Financial Officer

OC Kim has been our President, Secretary and a director since September 2003 and also served as our Acting Chief Financial Officer until March, 2014. Prior to joining Franklin Wireless, Mr. Kim was the CEO and President of Accetio Inc., a company he founded in April 2001 that developed cell phones and modules for the telecommunications industry. In September 2003, Accetio Inc. merged with Franklin Telecommunications Corp. and was renamed Franklin Wireless Corp. Prior to this, Mr. Kim was the Chief Operating Officer of Axesstel Inc., a pioneering developer of CDMA Wireless Local Loop Products. Before joining Axesstel, he was the president of the U.S. sales office for Kolon Data Communications Co., Ltd., one of Korea's most prominent technology conglomerates. While at Kolon Data Communications, Mr. Kim helped introduce the first generation of CDMA phones to the Korean market through his work with Qualcomm Personal Electronics (QPE), a joint venture between Qualcomm Incorporated and Sony Electronics Inc. Mr. Kim began his career at Lucky Goldstar (LG) Electronics. He has more than 26 years of experience in sales, marketing, and operations management in the telecommunications and information systems industries. He earned a B.A. from Sogang University in Korea. We believe Mr. Kim's qualifications to serve as a director of the Company include his extensive business, operational and management experience in the wireless industry, including his current position as the Company's President. In addition, his knowledge of the Company's business, products, strategic relationships and future opportunities is of great value to the Company.

Gary Nelson has been a director since September 2003. Mr. Nelson was an early investor in Franklin Telecommunications Corp. in the 1980's and served as a director from 2001 up until the Company's merger with Accetio Inc. in September 2003, at which time the Company was renamed Franklin Wireless Corp. Following the merger, Mr. Nelson became a director and ultimately Chairman of the Board of Franklin Wireless Corp. He was co-founder and President of Churchill Mortgage Corporation, an income property mortgage banking firm based in Los Angeles, California, which was a loan correspondent for major life insurance companies and other financial institutions. In addition, Mr. Nelson was the Chief Operating Officer of Churchill Mortgage Capital, which is the loan origination arm of Churchill Mortgage Corporation. Mr. Nelson's prior experience includes various marketing positions with Control Data Corporation and design engineering positions with North American Aviation where he worked on the Apollo Project. He holds a B.S. in Mechanical Engineering from Kansas State University and an MBA from the University of Southern California. We believe that Mr. Nelson's qualifications to serve as a director of the Company include his many years of business, operational and management experience including his previous position as President of Churchill Mortgage Corporation. In addition, Mr. Nelson has served as a director of the Company for eleven years, and brings a valuable historical perspective on the development of the Company's business and its leadership.

Joon Won Jyoung has been a director since September 2009. He has been an active investor since 1997 and made early investments in Sewon Telecom, Telson Electronics and Pantech, three leading telecommunications companies based in Korea. From 2001 to 2007, Mr. Jyoung served as a director and Treasurer for Sewon Telecom. From 1992 to 1996, he served as President of Sneakers Classic Ltd., and from 1987 to 1991, he was Chairman of Empire State Bank in New York. From 1972 to 1982, he was Chairman of Downtown Mart, a distribution company in New York and Virginia. He holds a B.S. in Mathematics from Seoul National University and an M.S. in Statistics from the University of Connecticut. We believe Mr. Jyoung's qualifications to serve as a director of the Company include his extensive management experience in a diverse range of industries as well as his broad experience in international business matters. Mr. Jyoung's background and experience allow him to provide the Company's Board of Directors with valuable knowledge and insight.

Johnathan Chee has been a director since September 2009. He is an attorney and has owned the Law Offices of Johnathan Chee, in Niles, Illinois, since August 2007. Mr. Chee has represented clients in various business dealings and negotiations with Ameritech, SBC, Sprint and several wireless carriers in Latin America. Between 1998 and 2007, he served as an attorney with the C&S Law Group, P.C., in Glenview, Illinois. He holds a B.A. from the University of Illinois-Chicago and a J.D. from IIT Chicago-Kent College of Law. He is a member of the Illinois Bar Association. We believe Mr. Chee's qualifications to serve as a director of the Company include his experience as a business attorney that allow him to provide the Company's Board of Directors with valuable knowledge of legal matters that may affect the Company.

Benjamin Chung has been a director since November 2011. He is a Certified Public Accountant and an experienced finance and accounting executive whose client base includes several telecommunications companies. He is currently a Partner in the accounting firm of Benjamin & Young, LLP. Between September 2010 and July 2011 he served as International Controller for American Apparel, Inc., a publicly traded company. He served as an Audit Senior Manager in the accounting firm of BDO USA, LLP from October 2007 to August 2010 and completed an 18 month international rotation at BDO Daejoo Korea where he was promoted to an Audit Partner. Prior to BDO, he was the

Director of Internal Audit for Big 5 Sporting Goods Corporation, a publicly traded company, from January 2006 to October 2007. He holds a B.S. in Business Administration from California State Polytechnic University, Pomona. We believe Mr. Chung's qualifications to serve as a director of the Company include his experience as a certified public accountant and as controller for public companies, which will allow him to provide the Company's Board of Directors with valuable knowledge of financial and accounting matters that may affect the Company.

Yun J. (David) Lee has been our Chief Operating Officer since September 2008. Mr. Lee has 20 years of upper level management experience in telecommunications, including experience in the cellular telephone business in the U.S. and South America. Prior to joining the Company, he was President of Ace Electronics, and served as Chief Financial Officer and Director of Sales and Marketing for RMG Wireless. Prior to that, he served as Controller and Director of International Sales for Focus Wireless in Chicago.

Richard Walker has been our Chief Financial Officer since March 2014. Mr. Walker joined the Company in December 2009 and previously served as Vice President, Finance and Accounting. Mr. Walker has over 20 years of senior financial management experience in telecommunications, software and the Internet. From 2006 to 2009, he was Senior Vice President and Chief Financial Officer for Inter casting Corp., a developer of software applications for mobile phones. Prior to Inter casting Corp., Mr. Walker held senior financial management positions at Peregrine Systems, MP3.com and Qualcomm.

COMPLIANCE WITH SECTION 16(A) OF EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934 requires officers and directors, and persons who own more than ten percent of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission (the "Commission"). Officers, directors and greater than regulations to furnish us with copies of all forms they file pursuant to Section 16(a). Based solely on our review of the copies of such forms it received and written representations from reporting persons required to file reports under Section 16(a), to our knowledge all of the Section 16(a) filing requirements applicable to such persons with respect to fiscal 2014 were complied with.

CODE OF ETHICS

The Board of Directors has adopted a Code of Ethics, which is applicable to all of our employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. The Code of Ethics covers all areas of professional conduct, including honest and ethical conduct, conflicts of interest, compliance with laws, disclosure obligation, and accountability for adherence to this Code.

CORPORATE GOVERNANCE

During fiscal 2014, the Board of Directors held seven meetings. Each director attended at least 75% of the meetings of the Board, except for Johnathan Chee and Benjamin Chung, who each attended five of the meetings and Joon Won Jyoung who attended none of the meetings. The Board of Directors has an Audit Committee made up of Messrs. Chung (committee chair) and Nelson and a Compensation Committee made up of Messrs. Nelson (committee chair) and Chee. The Board of Directors has no other committees.

ITEM 11. EXECUTIVE COMPENSATION

The following table sets forth all compensation paid or accrued by us for the years ended June 30, 2014 and 2013 to our President, Chief Operating Officer and Chief Financial Officer (The "Named Executive Officers").

Name and Principal Position	Fiscal Year	Salary (\$)	Bonus (\$)	Option Awards (\$)	All Other Compensation (\$)(1)	Total (\$)
OC Kim, President	2013	\$200,000	\$45,000	\$ -	-	\$245,000
	2014	\$200,000	\$-	\$ -	35,385	\$235,385
Yun J. (David) Lee, Chief Operating Officer	2013	\$170,000	\$43,000	\$ -	-	\$213,000
	2014	\$170,000	\$2,000	\$ -	-	\$172,000
Richard Walker, Chief Financial Officer	2013	\$112,500	\$17,000	\$ -	-	\$129,500
	2014	\$112,500	\$1,000	\$ -	\$ -	\$113,500

(1) Represents the value of unused accrued vacation paid in cash.

Outstanding Equity Awards at Fiscal Year-End

The following table presents the outstanding equity awards held by each of the Named Executive Officers as of June 30, 2014. The only outstanding equity awards are stock options. No options were granted to the Named Executive Officers during the 2014 fiscal year. The options previously granted to our Named Executive Officers vest over periods ranging from one to three years and are subject to early termination on the occurrence of certain events related to termination of employment. In addition, the full vesting of options is accelerated if there is a change in control of the Company.

Options Awards

Name	Number of Securities Underlying Unexercised Options (#)	Option Exercise Price (\$)	Option Expiration Date	Number of Shares that have not Vested (#)	Market Value of Shares that have not Vested (\$)(5)
OC Kim	200,000 (1)	\$1.47	06/15/2017	–	–
Yun J. (David) Lee	100,000 (2)	\$1.34	06/15/2022	–	–
	100,000 (3)	\$0.45	06/11/2019	–	–
Richard Walker	50,000 (4)	\$1.34	06/15/2022	16,668	\$30,002

The option vests and is exercisable in full on the first anniversary of the date of the grant and has a five-year term.
(1) On June 15, 2012, the option previously granted on April 19, 2010 for 200,000 shares with an exercise price of \$2.07 per share was canceled and a new option was granted for 200,000 shares with an exercise price of \$1.47 per share.

The option vests and is exercisable in full on the first anniversary of the date of the grant and has a ten-year term.
(2) On June 15, 2012, the option previously granted on April 19, 2010 for 100,000 shares with an exercise price of \$2.07 per share was canceled and a new option was granted for 100,000 shares with an exercise price of \$1.34 per share.

The option vests and is exercisable over two years as follows:

- i. 50% of the shares underlying the option vest on the first anniversary of the date of the grant.
- ii. 25% of the shares underlying the option vest eighteen months following the date of the grant.
- (3) iii. 25% of the shares underlying the option vest on the second anniversary of the date of the grant.

The option originally had a five year term and an expiration date of June 11, 2014. On June 10, 2014, the option was modified to extend the term an additional five years to June 11, 2019.

The option vests and is exercisable over three years as follows:

- i. One-third of the shares underlying the option vest on the first anniversary of the date of the grant.
- (4) ii. One-third of the shares underlying the option vest on the second anniversary of the date of the grant.
- iii. One-third of the shares underlying the option vest on the third anniversary of the date of the grant.

Based upon a market value per share of \$1.80, the closing price of our stock on June 30, 2014.
(5)

Director Compensation

Our directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors. There is no established policy for the payment of fees or other compensation to any of the members of our Board of Directors. None of our directors received any compensation for serving on our Board for the year ended June 30, 2014. The following table presents the outstanding equity awards held by each of the named directors as of June 30, 2014.

Options Awards

Name	Number of Securities Underlying Unexercised Options (#)	Option Exercise Price (\$)	Option Expiration Date	Number of Market Value	
				Shares that have not Vested (#)	Shares that have not Vested (\$)
Gary Nelson	30,000	(2)\$1.34	06/15/2017-	-	-
Joon Won Jyoung	15,000	(1)\$0.57	10/28/2016-	-	-
	30,000	(2)\$1.34	06/15/2017-	-	-
Johnathan Chee	15,000	(1)\$0.57	10/28/2016-	-	-
	30,000	(2)\$1.34	06/15/2017-	-	-
Benjamin Chung	30,000	(2)\$1.34	06/15/2017-	-	-

(1) The options vest and are exercisable in full on the six month anniversary of the date of the grant and have a five-year term.

(2) The options vest and are exercisable over two years as follows, and have a five-year term:

- i. 50% of the shares underlying the option vest on the one year anniversary of the date of the grant.
- ii. 50% of the shares underlying the option vest on the two year anniversary of the date of the grant.

EMPLOYMENT CONTRACTS

On September 21, 2009 we entered into Change of Control Agreements with OC Kim, our President, Yun J. (David) Lee, our Chief Operating Officer, and Yong Bae Won, our Vice President, Engineering. Each Change of Control Agreement provides for a lump sum payment to the officer in case of a change of control of the Company. The term includes the acquisition of Common Stock of the Company resulting in one person or company owning more than 50% of the outstanding shares, a significant change in the composition of the Board of Directors of the Company during any 12 month period, a reorganization, merger, consolidation or similar transaction resulting in the transfer of ownership of more than fifty percent (50%) of the Company's outstanding Common Stock, or a liquidation or dissolution of the Company or sale of substantially all of the Company's assets.

The Change of Control Agreement with Mr. Kim is for three years and calls for a payment of \$5 million upon a change of control; the agreement with Mr. Lee is for two years and calls for a payment of \$2 million upon a change of control; and the agreement with Mr. Won is for two years and calls for a payment of \$1 million upon a change of control.

On September 15, 2011, the Board of Directors approved extending the Change of Control Agreements with OC Kim, our President, Yun J. (David) Lee, our Chief Operating Officer, and Yong Bae Won, our Vice President, Engineering for an additional three years. Following this approval, the Change of Control Agreement with Mr. Kim will expire on September 21, 2015 and the Change of Control Agreements with Messrs. Lee and Won will expire on September 21, 2014. On September 25, 2014, the Board of Directors approved extending the terms of the Change of Control Agreements for Messrs. Kim and Lee to September 21, 2017. The Change of Control Agreement with Mr. Won expired on September 21, 2014 and was not renewed or extended.

COMPENSATION DISCUSSION AND ANALYSIS

GENERAL PHILOSOPHY - We compensate our executive officers through a mix of base salary, incentive compensation and stock options. Our compensation policies are designed to be competitive with comparable employers and to align management's incentives with both near-term and long-term interests of our stockholders. We use informal methods of benchmarking our executive compensation, based on the experience of our directors or, in some cases, studies of industry standards. Our compensation is negotiated on a case by case basis, with attention being given to the amount of compensation necessary to make a competitive offer and the relative compensation among our executive officers.

BASE SALARIES - We want to provide our senior management with a level of cash compensation in the form of base salary that facilitates an appropriate lifestyle given their professional status and accomplishments.

INCENTIVE COMPENSATION - Our practice is to award cash bonuses based upon performance objectives set by the Board of Directors. We maintain a bonus plan which provides our executive officers the ability to earn cash bonuses based on the achievement of performance targets. The performance targets are set by the Board of Directors, and our executive officers are eligible to receive bonuses on a quarterly basis. The actual amount of incentive compensation paid to our executive officers is in the sole discretion of the Board of Directors.

SEVERANCE BENEFITS - We are generally an at will employer, and have no employment agreements with severance benefits; however, we have entered into Change of Control Agreements with our executive officers, and one other employee that provide them with lump sum payments in the event of a change in control of the Company.

RETIREMENT PLANS - We do not maintain any retirement plans.

DIRECTOR COMPENSATION - Our Directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors. None of our directors received any compensation for serving on our Board for the year ended June 30, 2014. There is no established policy for the payment of fees or other compensation to any of the members of our Board of Directors.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS.

The following table sets forth certain information regarding the beneficial ownership of our Common Stock as of June 30, 2014 by each director and executive officer of the Company, each person known to us to be the beneficial owner of more than 5% of the outstanding Common Stock, and all directors and executive officers of the Company as a group. Except as otherwise indicated below, each person has sole voting and investment power with respect to the shares owned, subject to applicable community property laws.

Shares Beneficially Owned Name and Address	Number	Percent
OC Kim 6205 Lusk Blvd., San Diego, CA 92121	1,596,695	15.16%
Gary Nelson 6205 Lusk Blvd., San Diego, CA 92121	391,825	3.72%
Yun J. (David) Lee 6205 Lusk Blvd., San Diego, CA 92121	25,000	0.24%
C-Motech Co. Ltd 1208 Jamsil-iSpace, Shincheon-dong, Songpa-gu, Seoul 138-922, Korea	1,566,672(1)	14.87%
Joon Won Jyoung 6205 Lusk Blvd., San Diego, CA 92121	1,340,662	12.73%
Paul Packer 805 Third Ave., 15 th Floor, New York, NY 10022	664,346 (2)	6.31%
All directors and executive officers as a group	3,354,182	31.84%

(1) The shares owned by C-Motech Co. Ltd. are the subject of a legal dispute between C-Motech and third parties relating to the ownership of these shares. In addition, we entered into a Common Stock Repurchase Agreement with C-Motech for the repurchase of these shares, which is the subject of a lawsuit we filed against C-Motech, as described in Item 3, "Legal Proceedings."

(2) Based solely on a Schedule 13G dated February 14, 2014, which indicates that Mr. Packer may be deemed to beneficially own 664,346 shares. With respect to these shares, Mr. Packer has shared voting power and shared dispositive power with Globis Capital Partners, L.P., Globis Capital Advisors, L.L.C., Globis Overseas Fund, Ltd., Globis Capital Management, L.P. and Globis Capital, L.L.C.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.

We purchased wireless data products in the amount of \$0 and \$8,800 from C-Motech, for the years ended June 30, 2014 and 2013, respectively, and had related accounts payable of \$0 as of June 30, 2014 and 2013. As of June 30, 2014, C-Motech owns 1,566,672 shares, or 14.9%, of our Common Stock.

On July 27, 2010, we entered into a Common Stock Repurchase Agreement with C-Motech (the "Agreement"), under which we agreed to repurchase 3,370,356 shares of our Common Stock from C-Motech for \$3,500,000. A total of 1,803,684 shares were repurchased on the date of the Agreement in exchange for non-cash consideration in the amount of \$1,873,065, which represented amounts owed to the Company by C-Motech for certain marketing funds as well as the settlement of a price dispute for products previously purchased by the Company from C-Motech. Under the Agreement, the remaining 1,566,672 shares were to be repurchased by us upon payment of the balance, \$1,626,935, on or before December 31, 2010.

On January 28, 2011 (the "Amendment Date") the Agreement was amended to reflect (1) a change in the date the 1,566,672 shares are to be repurchased from C-Motech from December 31, 2010 to March 31, 2011, and (2) a change to the non-cash consideration of \$1,873,065. In exchange for the 1,803,684 shares, we were to pay cash to C-Motech (in the same amount) for the shares, by March 31, 2011. In addition, in a separate agreement dated January 28, 2011, C-Motech agreed to pay us \$1,873,065, for amounts owed, by March 31, 2011. The purpose of these revisions was to more clearly differentiate each party's payment obligations to the other with respect to this transaction. Following the Amendment Date, we paid C-Motech \$1,873,065 in exchange for the 1,803,684 shares previously transferred to us by C-Motech, and C-Motech paid us \$1,873,065 for amounts owed, of which \$1,581,457 was booked to other income and \$291,608 was booked to cost of goods sold. The repurchase of the remaining 1,566,672 shares has not been completed. We have provided formal notification to C-Motech that it is in breach of its obligations and we have also provided a demand to sell the shares back to us. We have attempted to tender payment for the shares without results, and we are unable to determine whether or not this repurchase will take place. We have been advised that there are two individuals who claim to have purchased the shares from C-Motech through its former CEO; however, the authority of the former CEO to agree to the sale of the shares is being disputed by C-Motech. It is our understanding that this matter is currently being adjudicated in U.S. and Korean courts. As of the date of this Report, C-Motech is the registered owner of certificates representing 1,566,672 shares, which were issued by the Company in C-Motech's name. On May 7, 2013, we filed a lawsuit against C-Motech in the Superior Court of California for the County of San Diego for breach of the Agreement and breach of other contracts between the parties relating to indemnification and other obligations. On February 25, 2014, C-Motech answered the complaint and on February 26, 2014, C-Motech filed a Notice of Removal from the Superior Court of the State of California for the County of San Diego to the United States District Court for the Southern District of California. On June 19, 2014, C-Motech filed a voluntary petition for relief under Chapter 15 of the U.S. Bankruptcy Code and on June 27, 2014, C-Motech filed a Motion for Recognition of a Foreign Main Proceeding under Chapter 15 of the U.S. Bankruptcy Code and Further Relief. On July 10, 2014, this motion was heard in the U.S. Bankruptcy Court for the Southern District of California during which the Court ordered that C-Motech's bankruptcy proceeding in South Korea was recognized as a foreign main proceeding and that our lawsuit against C-Motech in the U.S. District Court is stayed. The effect of this ruling is that we must participate in C-Motech's bankruptcy proceeding in South Korea if we wish to pursue our various claims against

C-Motech. We are currently considering our options with respect to this ruling.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES.

The aggregate fees billed for the most recently completed fiscal period for the audit of our annual financial statements and services normally provided by the independent registered public accounting firm for this fiscal period were as follows:

	FY	FY
	2014	2013
Audit Fees	\$59,000	\$51,000
Total Fees	\$59,000	\$51,000

In the above table, "audit fees" are fees billed by our external auditor for services provided in auditing our company's annual financial statements for the subject year. The fees set forth on the foregoing table relate to the audit as of and for the years ended June 30, 2014 and 2013, which was performed by Haskell & White LLP (except for the three months ended September 30, 2012, which was performed by our previous external auditor BDO USA, LLP). For the three months ended September 30, 2012, BDO USA, LLP billed us \$11,500 for audit services. In addition, during the fiscal year 2013, BDO USA, LLP billed us \$28,997 for services related to tax advice and tax planning. All of the services described above were approved in advance by the Board of Directors.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders

Franklin Wireless Corp.

San Diego, California

We have audited the accompanying consolidated balance sheets of Franklin Wireless Corp. (the “Company”) as of June 30, 2014 and 2013, and the related consolidated statements of comprehensive income (loss), stockholders’ equity, and cash flows for each of the two years then ended. These consolidated financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The Company has determined that it is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Franklin Wireless Corp. as of June 30, 2014 and 2013, and the consolidated results of its operations and its cash flows for each of the two years then ended, in conformity with accounting principles generally accepted in the United States.

FRANKLIN WIRELESS CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - BUSINESS OVERVIEW

We are engaged in the design, manufacture and sale of broadband high speed wireless data communication products such as third generation (“3G”) and fourth generation (“4G”) wireless modules and modems. We focus primarily on wireless broadband modems, which provide a flexible way for consumers to connect to wireless broadband networks from laptop or desktop computers. Our broadband wireless data communication products are positioned at the convergence of wireless communications, mobile computing and the Internet, each of which we believe represents a growing market.

Our wireless products are based on Evolution Data Optimized technology (“EV-DO technology”) of Code Division Multiple Access (“CDMA”), High-Speed Packet Access (“HSPA”) technology of Wideband Code Division Multiple Access (“WCDMA”), Worldwide Interoperability for Microwave Access (“WiMAX”) based on the IEEE 802.16 standard and Long Term Evolution (LTE) which enable end users to send and receive email with large file attachments, play interactive games, receive, send and download high resolution pictures, videos and music content .

We market our products directly to wireless operators, and indirectly through strategic partners and distributors. Our global customer base extends from the United States to countries in South America, the Caribbean, EMEA and Asia. Certain of our products are certified by Sprint, C-Spire Wireless and other wireless operators located in the United States and also by wireless operators located in Caribbean and South American countries.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of the Company, and a subsidiary with a majority voting interest of 51.8% (48.2% is owned by non-controlling interests) as of June 30, 2014 and 2013. In the preparation of consolidated financial statements of the Company, intercompany transactions and balances are eliminated and net earnings are reduced by the portion of the net earnings of subsidiaries applicable to non-controlling interests.

As consolidated financial statements are based on the assumption that they represent the financial position and operating results of a single economic entity, the retained earnings or deficit of a subsidiary at the date of acquisition, October 1, 2009, by the parent are excluded from consolidated retained earnings. When a subsidiary is consolidated, the consolidated financial statements include the subsidiary's revenues, expenses, gains, and losses only from the date the subsidiary is initially consolidated, and the non-controlling interest is reported in the consolidated statement of financial position within equity, separately from the parent's equity. There are no shares of the Company held by the subsidiaries as of June 30, 2014 or June 30, 2013.

Non-controlling Interest in a Consolidated Subsidiary

As of June 30, 2014, the non-controlling interest was \$244,808, which represents an \$8,308 increase from \$236,500 as of June 30, 2013. The increase of \$8,308 in the non-controlling interest was due to the non-controlling interests in net income of subsidiary of \$17,223 for the year ended June 30, 2014.

Segment Reporting

Accounting Standards Codification (“ASC”) Topic 280, “Segment Reporting,” requires public companies to report financial and descriptive information about their reportable operating segments. We identify our operating segments based on how management internally evaluates separate financial information, business activities and management responsibility. We have one reportable segment, consisting of the sale of wireless access products.

We generate revenues from four geographic areas, consisting of the United States, the Caribbean and South America, Europe, the Middle East and Africa (“EMEA”) and Asia. The following enterprise-wide disclosure is prepared on a basis consistent with the preparation of the consolidated financial statements. The following table contains certain financial information by geographic area:

Net sales:	Fiscal Year Ended June 30,	
	2014	2013
United States	\$18,036,635	\$29,978,319
Caribbean and South America	2,109,320	1,648,452
Europe, the Middle East and Africa (“EMEA”)	3,789,414	–
Asia	7,017,528	1,123,483
Totals	\$30,952,897	\$32,750,254

Long-lived assets, net:	June 30,	June 30,
	2014	2013
United States	\$1,786,910	\$2,595,094
Asia	837,371	1,109,876
Totals	\$2,624,281	\$3,704,970

Fair Value of Financial Instruments

The carrying amounts of financial instruments such as assets, cash equivalents, accounts receivable, accounts payable and debt approximate the related fair values due to the short-term maturities of these instruments. We invest our excess cash into financial instruments which are readily convertible into cash, such as money market funds and certificates of deposit (See Note 3).

Estimates

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could materially differ from those estimates.

Allowance for Doubtful Accounts

We do not maintain an allowance for doubtful accounts. This is based upon our review of our collection history as well as the current balances associated with all significant customers and associated invoices.

Revenue Recognition

We recognize revenue in accordance with ASC 605, "Revenue Recognition," when persuasive evidence of an arrangement exists, the price is fixed or determinable, collection is reasonably assured and delivery of products has occurred or services have been rendered. Accordingly, we recognize revenues from product sales upon shipment of the products to customers or when the products are received by the customers in accordance with the shipping or delivery terms. We provide a warranty for one year from the shipment date, which is covered by our vendors pursuant to purchase agreements. Any net warranty related expenditures made by us have not historically been material. Under our sales return policy, customers may generally return products that are under warranty for repair or replacement.

Cost of Goods Sold

All costs associated with our contract manufacturers, as well as distribution, fulfillment and repair services are included in our cost of goods sold. Cost of goods sold also includes amortization expense associated with capitalized product development costs associated with complete technology.

Capitalized Product Development Costs

Accounting Standards Codification (“ASC”) Topic 350, “Intangibles - Goodwill and Other” includes software that is part of a product or process to be sold to a customer and shall be accounted for under Subtopic 985-20. Our products contain embedded software internally developed by Franklin Technology, Inc., our Korea-based subsidiary (FTI), which is an integral part of these products because it allows the various components of the products to communicate with each other and the products are clearly unable to function without this coding.

The costs of product development that are capitalized once technological feasibility is determined (noted as Technology in progress in the Intangible Assets table, in Note 2 to Notes to Financial Statements) include payroll, employee benefits, and other headcount-related expenses associated with product development. Related licenses and certification costs are also capitalized. We determine that technological feasibility for our products is reached after all high-risk development issues have been resolved. Once the products are available for general release to our customers, we cease capitalizing the product development costs and any additional costs, if any, are expensed. The capitalized product development costs are amortized on a product-by-product basis using the greater of straight-line amortization or the ratio of the current gross revenues to the current and anticipated future gross revenues. The amortization begins when the products are available for general release to the Company’s customers.

As of June 30, 2014 and June 30, 2013, capitalized product development costs in progress were \$39,545 and \$32,500, respectively, and these amounts are included in intangible assets in our consolidated balance sheets. During the year ended June 30, 2014, we incurred \$560,615 in capitalized product development costs, and such amounts are primarily comprised of certifications and licenses. All expenses incurred before technological feasibility is reached are expensed and included in our consolidated statements of comprehensive income (loss).

Research and Development Costs

Costs associated with research and development are expensed as incurred. Research and development costs were approximately \$2,780,000 and \$2,770,000 for the years ended June 30, 2014 and 2013, respectively.

Advertising and Promotion Costs

Costs associated with advertising and promotions are expensed as incurred. Advertising and promotion costs were \$20,869 and \$52,532 for the years ended June 30, 2014 and 2013, respectively.

Warranties

We provide a warranty for one year which is covered by our vendors and manufacturers under purchase agreements between the Company and the vendors. In general, these products are shipped directly from our vendors to our customers. As a result, we believe we do not have any net warranty exposure and do not accrue any warranty expenses. Historically, the Company has not experienced any material net warranty expenditures.

Shipping and Handling Costs

Costs associated with product shipping and handling are expensed as incurred. Shipping and handling costs, which are included in selling, general and administrative expenses on the statement of comprehensive income (loss), were \$392,128 and \$245,124 for the years ended June 30, 2014 and 2013, respectively.

Cash and Cash Equivalents

For purposes of the consolidated statements of cash flow, we consider all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

Inventories

Our inventories consist of finished goods and are stated at the lower of cost or market, cost being determined on a first-in, first-out basis. We assess the inventory carrying value and reduce it, if necessary, to its net realizable value based on customer orders on hand, and internal demand forecasts using management's best estimates given information currently available. Our customer demand is highly unpredictable, and can fluctuate significantly caused by factors beyond the control of the Company. We may write down our inventory value for potential obsolescence and excess inventory. However, as of June 30, 2014, we believe our inventory needs no such reserves and have recorded no inventory reserves.

Property and Equipment

Property and equipment are recorded at cost. Significant additions or improvements extending useful lives of assets are capitalized. Maintenance and repairs are charged to expense as incurred. Depreciation is computed using the straight-line method over the estimated useful lives as follows:

Machinery	6 years
Office equipment	5 years
Molds	3 years
Vehicles	5 years
Computers and software	5 years
Furniture and fixtures	7 years
Facilities	5 years

Goodwill and Intangible Assets

Goodwill and certain intangible assets were recorded in connection with the FTI acquisition in October 2009, and are accounted for in accordance with ASC 805, "Business Combinations." Goodwill represents the excess of the purchase price over the fair value of the tangible and intangible net assets acquired. Intangible assets are recorded at their fair value at the date of acquisition. Goodwill and other intangible assets are accounted for in accordance with ASC 350, "Goodwill and Other Intangible Assets." Goodwill is tested for impairment at least annually and any related impairment losses are recognized in earnings when identified. No impairment was noted as of June 30, 2014 and 2013.

Intangible Assets

The definite lived intangible assets consisted of the following as of June 30, 2014:

Definite lived intangible assets:	Expected Life	Average Remaining life	Gross Intangible Assets	Accumulated Amortization	Net Intangible Assets
Complete technology	3 years	-	\$490,000	\$490,000	\$-

Certifications & licenses	3 years	2.2 years	1,379,830	332,963	1,046,867
Total as of June 30, 2013			\$6,488,024	\$ 3,414,279	\$3,073,745

Amortization expense recognized during the years ended June 30, 2014 and 2013 was \$1,287,806 and \$1,383,722, respectively. The amortization expenses of the definite lived intangible assets for the next five years and thereafter are as follows:

	FY2015	FY2016	FY2017	FY2018	FY2019	Thereafter
Total	\$1,247,223	\$629,829	\$177,715	\$40,286	\$5,254	\$25,509

Long-lived Assets

In accordance with ASC 360, "Property, Plant, and Equipment," we review for impairment of long-lived assets and certain identifiable intangibles whenever events or circumstances indicate that the carrying amount of assets may not be recoverable. We consider the carrying value of assets may not be recoverable based upon our review of the following events or changes in circumstances: the asset's ability to continue to generate income from operations and positive cash flow in future periods; loss of legal ownership or title to the assets; significant changes in our strategic business objectives and utilization of the asset; or significant negative industry or economic trends. An impairment loss would be recognized when estimated future cash flows expected to result from the use of the asset are less than its carrying amount.

We are not aware of any events or changes in circumstances during the year ended June 30, 2014 that would indicate that the long-lived assets are impaired.

Concentrations of Credit Risk

We extend credit to our customers and perform ongoing credit evaluations of such customers. We evaluate our accounts receivable on a regular basis for collectability and provide for an allowance for potential credit losses as deemed necessary. No reserve was required or recorded for any of the periods presented.

Substantially all of our revenues are derived from sales of wireless data products. Any significant decline in market acceptance of our products or in the financial condition of our existing customers could impair our ability to operate effectively.

A significant portion of our revenue is derived from a small number of customers. For the year ended June 30, 2014, net sales to our four largest customers represented 42%, 12%, 11%, and 10% of our consolidated net sales, respectively, and 69%, 19%, 0%, and 0% of our accounts receivable balance as of June 30, 2014. For the year ended June 30, 2013, net sales to our three largest customers represented 47%, 20%, and 19% of our consolidated net sales, respectively, and 62%, 0%, and 35% of our accounts receivable balance as of June 30, 2013. No other customers accounted for more than ten percent of total net sales for the years ended June 30, 2014 and 2013.

For the year ended June 30, 2014, we purchased the majority of our wireless data products from three manufacturing companies located in Asia. If these manufacturing companies were to experience delays, capacity constraints or quality control problems, product shipments to our customers could be delayed, or our customers could consequently elect to cancel the underlying product purchase order, which would negatively impact the Company's revenue. For the year ended June 30, 2014, we purchased wireless data products from these suppliers in the amount of \$20,336,773, or 75.8% of total purchases, and had related accounts payable of \$8,817,409 as of June 30, 2014. For the year ended June 30, 2013, we purchased the majority of our wireless data products from one manufacturing company located in Asia. For the year ended June 30, 2013, we purchased wireless data products from this supplier in the amount of \$19,702,329, or 86.1% of total purchases, and had related accounts payable of \$3,372,227 as of June 30, 2013.

We maintain our cash accounts with established commercial banks. Such cash deposits may exceed the Federal Deposit Insurance Corporation insured limit of \$250,000 for each account. However, we do not anticipate any losses on excess deposits.

Recently Issued Accounting Pronouncements

In June 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-05, Presentation of Comprehensive Income, which eliminates the option of presenting the components of other comprehensive income (OCI) as part of the statement of changes in stockholders' equity. The ASU instead permits an entity to present the total of comprehensive income, the components of net income, and the components of OCI either in a single continuous statement of comprehensive income or in two separate but consecutive statements. With either format, the entity is required to present each component of net income along with total net income, each component of OCI along with the total for OCI, and a total amount for comprehensive income. Also, the ASU requires entities to present, for either format, reclassification adjustments for items that are reclassified from OCI to net income in the statement(s) where the components of net income and the components of OCI are presented. This ASU is to be applied retrospectively. For public entities, the ASU is effective for interim and annual periods beginning after December 15, 2011. We have adopted this guidance and note that it does not have any material impact on our consolidated financial statements.

In September 2011, the FASB issued ASU 2011-08, Testing Goodwill for Impairment, which permits entities to determine first whether it is necessary to apply the traditional two-step goodwill impairment test, based on qualitative factors. An entity also has the option to bypass the qualitative assessment for any reporting unit in any period and proceed directly to the first step of the two-step goodwill impairment test; an entity may resume performing the qualitative assessment in any subsequent period. Also under the amendments, an entity is no longer permitted to carry forward its detailed calculation of a reporting unit's fair value from a prior year. The ASU also includes examples of events and circumstances for an entity to consider in evaluating whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount, which supersede the previous examples of events and circumstances that an entity should consider when testing goodwill for impairment between annual tests. An entity having a reporting unit with a zero or negative carrying amount will also consider the revised list of factors in determining whether to perform the second step of the impairment test. The ASU is effective for annual and interim goodwill

impairment tests performed for fiscal years beginning after December 15, 2011. We have adopted this guidance and note that it does not have any material impact on our consolidated financial statements.

In May 2014, the FASB issued Accounting Standards Update No. 2014-09 (ASU 2014-09), Revenue from Contracts with Customers. ASU 2014-09 will eliminate transaction- and industry-specific revenue recognition guidance under current U.S. GAAP and replace it with a principle based approach for determining revenue recognition. ASU 2014-09 will require that companies recognize revenue based on the value of transferred goods or services as they occur in the contract. The ASU also will require additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. ASU 2014-09 is effective for reporting periods beginning after December 15, 2016, and early adoption is not permitted. Entities can transition to the standard either retrospectively or as a cumulative-effect adjustment as of the date of adoption. Management is currently assessing the impact the adoption of ASU 2014-09 and has not determined the effect of the standard on our ongoing financial reporting.

NOTE 3 - FAIR VALUE OF FINANCIAL INSTRUMENTS

We are required to disclose the estimated fair value of certain assets and liabilities in accordance with Accounting Standards Codification (“ASC”) Topic 825, “Financial Instruments.” As of June 30, 2014 and 2013, management believes that the carrying value of assets, cash and cash equivalents approximate fair value, due to the short maturity of our Level 1 financial instruments. The carrying amounts and estimated fair value of our financial instruments consisted of cash and cash equivalents of \$8,240,595 and \$10,431,474 as of June 30, 2014 and June 30, 2013, respectively. Based on borrowing rates currently available to us for loans with similar terms, the carrying value of short-term borrowings of \$148,295 and \$139,134 as of June 30, 2014 and June 30, 2013, respectively, approximate fair value and represent a Level 2 valuation.

NOTE 4 - PROPERTY AND EQUIPMENT

Property and equipment consisted of the following as of:

	June 30, 2014	June 30, 2013
Machinery and facility	\$289,664	\$288,487
Office equipment	356,932	351,447
Molds	714,356	617,543
Vehicle	9,843	9,843
Construction-in progress	37,466	13,047
	1,408,261	1,280,367
Less accumulated depreciation	(909,796)	(649,142)
Total	\$498,465	\$631,225

Depreciation expense associated with property and equipment was \$260,654 and \$228,215 for the fiscal years ended June 30, 2014 and 2013, respectively.

NOTE 5 - ACCRUED LIABILITIES

Accrued liabilities consisted of the following as of:

	June 30, 2014	June 30, 2013
Accrued salaries, incentives	\$-	\$29,900
Accrued salaries, severance	198,061	232,307
Accrued salaries, payroll deduction to pay	9,381	172,520
Accrued vacation	74,656	104,584
Payroll taxes	5,522	1,208
Other accrued liabilities	29,678	43,928
Total	\$317,298	\$584,447

NOTE 6 - SHORT-TERM BORROWINGS FROM BANKS

Short-term borrowings from banks consisted of the following as of:

	June 30, 2014	June 30, 2013
Loan dated June 2011, due to a financial institution, with principal and monthly interest payments (interest rate of 8.90% per annum), and the original remaining balance due March, 2014, which was extended to March, 2015 (interest rate of 10.55% per annum as extended)	\$ 148,295	\$ 139,134
Total	\$ 148,295	\$ 139,134

The short-term borrowings from banks of \$148,295 and \$139,134 as of June 30, 2014 and 2013, respectively, resulted from the consolidation of FTI's debt.

NOTE 7 - INCOME TAXES

Income tax provision (benefit) for the years ended June 30, 2014 and 2013 consists of the following:

	Year Ended June 30,	
	2014	2013
Current income tax expense (benefit):		
Federal	\$(430,972)	\$31,045
State	(900)	4,103
	(431,872)	35,148
Deferred income tax expense (benefit):		
Federal	(76,754)	261,441
State	1,700	(185)
Foreign	(22,090)	(127,596)
	(97,144)	133,660
Provision (benefit) for income taxes	\$(529,016)	\$168,808

The provision (benefit) for income taxes reconciles to the amount computed by applying effective federal statutory income tax rate to income (loss) before provision for income taxes as follows:

	Year Ended June 30,	
	2014	2013
Federal tax provision (benefit), at statutory rate of 34%	\$(556,588)	\$(41,500)
State tax, net of federal tax benefit	528	2,585
Nondeductible expenses	28,034	47,535
R&D credits	(24,057)	(84,293)
Uncertain tax position	7,389	25,905
Foreign rate difference	(20,435)	209,019
Other	36,113	9,557
Provision (benefit) for income taxes	\$(529,016)	\$168,808

Deferred income taxes reflect the net effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of our deferred tax assets are as follows:

	June 30,	June 30,
	2014	2013
Deferred tax asset:		

Edgar Filing: FRANKLIN WIRELESS CORP - Form 10-K

Net operating losses	\$1,901,479	\$1,602,235
State tax	(272)	436
Intangibles	108,207	(142,720)
Other, net	31,190	41,506
Total deferred tax assets	2,040,604	1,501,457
Less valuation allowance	—	—
Net deferred tax asset	\$2,040,604	\$1,501,457

Deferred income tax assets and liabilities are recorded for differences between the financial statement and tax basis of the assets and liabilities that will result in taxable or deductible amounts in the future based on enacted laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. We have evaluated the available evidence supporting the realization of our gross deferred tax assets, including the amount and timing of future taxable income, and have determined it is more likely than not that the assets will be fully realized and no valuation allowance is necessary as of June 30, 2014. As of June 30, 2014, we have federal and state net operating loss carryforwards of approximately \$5.2 million and \$3.2 million, which expire through 2034. The utilization of net operating loss carryforwards may be subject to limitations under provision of the Internal Revenue Code Section 382 and similar state provisions.

We adopted the provision of ASC 740 related to accounting for uncertain tax positions effective July 1, 2007, which prescribes a recognition threshold and measurement process for recording in the financial statements, uncertain tax positions taken or expected to be taken in a tax return. Under this provision, the impact of an uncertain income tax position on the income tax return must be recognized at the largest amount that is more-likely-than-not to be sustained upon audit by the relevant taxing authority. Tax benefits of an uncertain tax position will not be recognized if it has less than a 50% likelihood of being sustained based on technical merits.

A reconciliation of the beginning and ending balance of unrecognized tax benefits, which are included in accrued liabilities on the balance sheet, is as follows:

Balance as of June 30, 2012	\$26,841
Gross increase or (decrease)	25,905
Reversal of reserve on unrecognized tax benefits	–
Balance as of June 30, 2013	52,746
Gross increase or (decrease)	7,389
Reversal of reserve on unrecognized tax benefits	–
Balance as of June 30, 2014	\$60,135

We do not anticipate any material change in the total amount of unrecognized tax benefits to occur within the next twelve months. ASC 740 requires us to accrue interest and penalties where there is an underpayment of taxes based on our best estimate of the amount ultimately to be paid. Our policy is to recognize interest accrued related to unrecognized tax benefits and penalties as income tax expense. We have not recorded any interest or penalties as the liability associated with the unrecognized tax benefits is immaterial. We are subject to taxation in the U.S., various state and foreign jurisdictions. We believe we are no longer subject to U.S. examination for years before 2010 by the federal taxing authority, and years before 2009 by state taxing authorities.

The Internal Revenue Service and Franchise Tax Board have completed their examination of our 2007 and 2008 taxable years with a favorable final resolution of the Company’s claim for research and development tax credits. As of June 30, 2014, the R&D tax credits that we have claimed are received in full. In addition, the Franchise Tax Board is currently examining our taxable years from 2008 to 2011 for the Company’s claimed tax refunds in regards to the California apportionment of our income. Although the final resolution is uncertain, we do not believe that this examination will have any material adverse effect on our consolidated financial position.

NOTE 8 - EARNINGS PER SHARE

We report earnings per share in accordance with ASC 260, “Earnings Per Share.” Basic earnings (loss) per share are computed using the weighted average number of shares outstanding during the period. Diluted earnings per share

Edgar Filing: FRANKLIN WIRELESS CORP - Form 10-K

represent basic earnings per share adjusted to include the potentially dilutive effect of outstanding stock options. For the year ended June 30, 2014, we were in a net loss position and have excluded 895,334 stock options from the calculation of diluted net loss per share because these securities are anti-dilutive. The weighted average number of shares outstanding used to compute earnings per share is as follows:

	Year Ended June 30,	
	2014	2013
Net income (loss) attributable to Parent Company	\$(972,036) \$174,658
Weighted-average shares of common stock outstanding:		
Basic	10,386,881	10,731,586
Dilutive effect of common stock equivalents arising from stock options	–	212,292
Diluted Outstanding shares	10,386,881	10,943,878
Basic earnings (loss) per share	\$(0.09) \$0.02
Diluted earnings (loss) per share	\$(0.09) \$0.02

NOTE 9 - COMMITMENTS AND CONTINGENCIES

We have agreements to lease office space that expire in 2016. Rent expense for the years ended June 30, 2014 and 2013 was \$325,509 and \$316,635, respectively. Future minimum rental payments under operating leases are as follows:

	Payments Due by June 30,					Total
	2015	2016	2017	2018	Thereafter	
Administrative office, San Diego, CA	\$198,914	\$33,152	\$ -	\$ -	\$ -	\$232,066
Administrative office, Korea	96,000	16,000	-	-	-	112,000
Corporate housing facility	10,364	2,159	-	-	-	12,523
Total Obligations	\$305,278	\$51,311	\$ -	\$ -	\$ -	\$356,589

Contingency

On July 27, 2010, we entered into a Common Stock Repurchase Agreement with C-Motech (the "Agreement"), under which we agreed to repurchase 3,370,356 shares of our Common Stock from C-Motech for \$3,500,000. A total of 1,803,684 shares were repurchased on the date of the Agreement in exchange for non-cash consideration in the amount of \$1,873,065, which represented amounts owed to the Company by C-Motech for certain marketing funds as well as the settlement of a price dispute for products previously purchased by the Company from C-Motech. Under the Agreement, the remaining 1,566,672 shares were to be repurchased by us upon payment of the balance, \$1,626,935, on or before December 31, 2010.

On January 28, 2011 (the "Amendment Date") the Agreement was amended to reflect (1) a change in the date the 1,566,672 shares are to be repurchased from C-Motech from December 31, 2010 to March 31, 2011, and (2) a change to the non-cash consideration of \$1,873,065. In exchange for the 1,803,684 shares, we were to pay cash to C-Motech (in the same amount) for the shares, by March 31, 2011. In addition, in a separate agreement dated January 28, 2011, C-Motech agreed to pay us \$1,873,065, for amounts owed, by March 31, 2011. The purpose of these revisions was to more clearly differentiate each party's payment obligations to the other with respect to this transaction. Following the Amendment Date, we paid C-Motech \$1,873,065 in exchange for the 1,803,684 shares previously transferred to us by C-Motech, and C-Motech paid us \$1,873,065 for amounts owed, of which \$1,581,457 was booked to other income and \$291,608 was booked to cost of goods sold. The repurchase of the remaining 1,566,672 shares has not been completed. We have provided formal notification to C-Motech that it is in breach of its obligations and we have also provided a demand to sell the shares back to us. We have attempted to tender payment for the shares without results, and we are unable to determine whether or not this repurchase will take place. We have been advised that there are two individuals who claim to have purchased the shares from C-Motech through its former CEO; however, the authority of the former CEO to agree to the sale of the shares is being disputed by C-Motech. It is our understanding that this matter is currently being adjudicated in U.S. and Korean courts. As of the date of this Report, C-Motech is the registered owner of certificates representing 1,566,672 shares, which were issued by the Company in C-Motech's name. On May 7, 2013, we filed a lawsuit against C-Motech in the Superior Court of California for the County of San Diego for breach of the Agreement and breach of other contracts between the parties relating to indemnification and

other obligations. On February 25, 2014, C-Motech answered the complaint and on February 26, 2014, C-Motech filed a Notice of Removal from the Superior Court of the State of California for the County of San Diego to the United States District Court for the Southern District of California. On June 19, 2014, C-Motech filed a voluntary petition for relief under Chapter 15 of the U.S. Bankruptcy Code and on June 27, 2014, C-Motech filed a Motion for Recognition of a Foreign Main Proceeding under Chapter 15 of the U.S. Bankruptcy Code and Further Relief. On July 10, 2014, this motion was heard in the U.S. Bankruptcy Court for the Southern District of California during which the Court ordered that C-Motech's bankruptcy proceeding in South Korea was recognized as a foreign main proceeding and that our lawsuit against C-Motech in the U.S. District Court is stayed. The effect of this ruling is that we must participate in C-Motech's bankruptcy proceeding in South Korea if we wish to pursue our various claims against C-Motech. We are currently considering our options with respect to this ruling.

As of June 30, 2014, C-Motech owns 1,566,672 shares, or 15% of our outstanding Common Stock.

Litigation

We are from time to time involved in certain legal proceedings and claims arising in the ordinary course of business.

On December 10, 2010, Novatel Wireless, Inc. filed a complaint in the United States District Court for the Southern District of California, against us and one other defendant. The complaint alleges that certain products, including, but not limited to, mobile data hot spots and data modems, infringe on U.S. Patent Nos. 5,129,098; 7,318,225; 7,574,737 and 7,319,715. On April 13, 2012, the plaintiff filed a Second Amended Complaint which amended certain claims and added U.S. Patent No. 7,944,901 to the original complaint. On April 27, 2012, we filed a Motion to Dismiss the Second Amended Complaint as to certain of the claims. On July 6, 2012, the Court held oral argument on the Motion to Dismiss and on July 19, 2012, the Court issued an order granting in part and denying in part the Motion to Dismiss. On August 2, 2012, we answered the complaint and an Early Neutral Evaluation Conference took place on October 31, 2012 and a follow-up Settlement Conference was held on June 12, 2013. This matter is currently in the discovery phase. A claim construction hearing is scheduled for October 9, 2014. Due to the preliminary nature of these proceedings, we do not believe an amount of loss, if any, can be reasonably estimated for this matter. We intend to vigorously defend ourselves against these allegations.

On December 14, 2011, our officers and directors were named as defendants in an action filed by Sherman Capital Group LLC, Singer Children's Management Trust, David S. Oros, Milfam NG LLC and Lloyd I. Miller-Trust C (the "Sherman Group") in the Superior Court of the State of California for the County of San Diego. The complaint seeks damages and declaratory relief for alleged breaches of fiduciary duty by our officers and directors in the management of the Company. The complaint does not specify an amount of damages. Our officers and directors are entitled to indemnity from the Company under the Company's bylaws. On January 20, 2012, we filed a Notice of Removal from the Superior Court of the State of California for the County of San Diego to the United States District Court for the Southern District of California. Following several motions and filings submitted to the Court by both parties, we answered the complaint in the United States District Court on April 10, 2012 and an Early Neutral Evaluation Conference took place on June 11, 2012.

On September 19, 2012, we entered into a Stock Repurchase Agreement and a Standstill Agreement, each with Sherman Capital Group, LLC; Karen Singer, Trustee Of Singer Children's Management Trust; David S. Oros; Milfam NG LLC; and PNC Trust Company of Delaware, Trustee of Lloyd I. Miller – Trust C (the "Sherman Group"). Under the terms of the Stock Repurchase Agreement, we agreed to repurchase 1,538,602 shares of our Common Stock from the members of the Sherman Group for a purchase price of \$2,831,028, or \$1.84 per share, representing a premium of \$440,000 from the market price on the date of the Agreement, which was recorded in operating expenses in the period ended June 30, 2012. In addition to the purchase price, a commission of \$15,386 associated with this repurchase was recorded as a reduction of capital. Under the terms of the Standstill Agreement, the members of the Sherman Group agreed that they will not (i) acquire any Common Stock or other securities of the Company, (ii) make any tender offer with respect to securities of the Company, (iii) participate in any solicitation of proxies with respect to the Company, (iv) form, join or in any way participate in a "group" (within the meaning of Section 13(d)(3) of the Exchange Act and Rule 13d-5(b) thereunder) with respect to the securities of the Company, or (v) act, alone or in concert with others, to seek to control or influence the management, Board of Directors or policies of the Company. On September 27, 2012, we completed the repurchase of the shares of our Common Stock from the Sherman Group.

On September 19, 2012, we entered into a Settlement Agreement and Release with the Sherman Group. Under the terms of this Agreement, the parties agreed to file a request with the Court to dismiss this action, which was filed on October 2, 2012. On October 3, 2012, the U.S. District Court for the Southern District of California issued an Order approving the voluntary dismissal, with prejudice, of the action filed by the Sherman Group.

On May 7, 2013, we filed a lawsuit against C-Motech Co., Ltd. in the Superior Court of California for the County of San Diego for breach of a Common Stock Repurchase Agreement we entered into with C-Motech On July 27, 2010. Under that Agreement we agreed to repurchase 3,370,356 shares of our Common Stock from C-Motech for \$3,500,000. A total of 1,803,684 shares were repurchased on the date of the Agreement in exchange for non-cash consideration in the amount of \$1,873,065, and the remaining 1,566,672 shares were to be repurchased by us upon payment of the balance, \$1,626,935, on or before December 31, 2010. This date was extended to March 31, 2011 and certain other changes made by an Amendment to the Agreement, as more particularly described in Item 13 below. However, the repurchase of the remaining 1,566,672 shares was not completed, notwithstanding our formal demand to C-Motech to sell the shares back to us and our attempt to tender payment for the shares. Accordingly, the action seeks damages, specific performance and declaratory relief for breach of the Common Stock Repurchase Agreement. The action also seeks indemnification from C-Motech for breach of other contracts between the parties relating to

indemnification and intentional interference with certain other contracts. On February 25, 2014, C-Motech answered the complaint and on February 26, 2014, C-Motech filed a Notice of Removal from the Superior Court of the State of California for the County of San Diego to the United States District Court for the Southern District of California. On June 19, 2014, C-Motech filed a voluntary petition for relief under Chapter 15 of the U.S. Bankruptcy Code and on June 27, 2014, C-Motech filed a Motion for Recognition of a Foreign Main Proceeding under Chapter 15 of the U.S. Bankruptcy Code and Further Relief. On July 10, 2014, this motion was heard in the U.S. Bankruptcy Court for the Southern District of California during which the Court ordered that C-Motech's bankruptcy proceeding in South Korea was recognized as a foreign main proceeding and that our lawsuit against C-Motech in the U.S. District Court is stayed. The effect of this ruling is that we must participate in C-Motech's bankruptcy proceeding in South Korea if we wish to pursue our various claims against C-Motech. We are currently considering our options with respect to this ruling.

On October 1, 2013, Cell and Network Selection LLC filed a complaint in the United States District Court for the Eastern District of Texas, Tyler Division against one of our customers as one of several defendants. The complaint alleges that certain wireless devices, including one device provided by the Company, infringe on U.S. Patent No. 6,195,551. As of June 30, 2014, this legal proceeding is pending, but we do not believe this action will have a material effect on the Company.

On December 3, 2013, Concinnitas, LLC filed a complaint against us in the United States District Court for the Eastern District of Texas, Marshall Division. The complaint alleges that at least one product model sold by the Company infringes U.S. Patent No. 7,805,542. The product model identified in the complaint was purchased by the Company from one of our suppliers. On August 28, 2014 the parties, including our supplier, entered into a Patent License, Settlement and Release Agreement and filed a request with the Court to dismiss this action. On September 2, 2014, the U.S. District Court for the Eastern District of Texas, Marshall Division, issued an Order approving the dismissal, with prejudice, of the action filed by Concinnitas, LLC.

Change of Control Agreements

On September 21, 2009 we entered into Change of Control Agreements with OC Kim, our President, Yun J. (David) Lee, our Chief Operating Officer, and Yong Bae Won, our Vice President, Engineering. Each Change of Control Agreement provides for a lump sum payment to the officer in case of a change of control of the Company. The term includes the acquisition of Common Stock of the Company resulting in one person or company owning more than 50% of the outstanding shares, a significant change in the composition of the Board of Directors of the Company during any 12-month period, a reorganization, merger, consolidation or similar transaction resulting in the transfer of ownership of more than fifty percent (50%) of the Company's outstanding Common Stock, or a liquidation or dissolution of the Company or sale of substantially all of the Company's assets.

The Change of Control Agreement with Mr. Kim is for three years and calls for a payment of \$5 million upon a change of control; the agreement with Mr. Lee is for two years and calls for a payment of \$2 million upon a change of control; and the agreement with Mr. Won is for two years and calls for a payment of \$1 million upon a change of control.

On September 16, 2011, the Board of Directors approved extending the Change of Control Agreements with OC Kim, our President, Yun J. (David) Lee, our Chief Operating Officer, and Yong Bae Won, our Vice President, Engineering for an additional three years. Following this approval, the Change of Control Agreement with Mr. Kim will expire on September 21, 2015 and the Change of Control Agreements with Messrs. Lee and Won will expire on September 21, 2014. On September 25, 2014, the Board of Directors approved extending the terms of the Change of Control Agreements for Messrs. Kim and Lee to September 21, 2017. The Change of Control Agreement with Mr. Won expired on September 21, 2014 and was not renewed or extended.

NOTE 10 - LONG-TERM INCENTIVE PLAN AWARDS

We apply the provisions of ASC 718, "Compensation - Stock Compensation," using a modified prospective application, and the Black-Scholes model. Under this application, we are required to record compensation expense for all awards granted after the date of adoption and for the unvested portion of previously granted awards that remain outstanding at the date of adoption. Compensation costs will be recognized over the period that an employee provides service in exchange for the award.

We adopted the 2009 Stock Incentive Plan ("2009 Plan") on June 11, 2009, which provided for the grant of incentive stock options and non-qualified stock options to our employees and directors. Options granted under the 2009 Plan generally have a term of ten years and generally vest and become exercisable at the rate of 33% after one year and 33% on the second and third anniversaries of the option grant dates. Historically, some stock option grants have

included shorter vesting periods ranging from one to two years.

The estimated forfeiture rate considers historical turnover rates stratified into employee pools in comparison with an overall employee turnover rate, as well as expectations about the future. We periodically revise the estimated forfeiture rate in subsequent periods if actual forfeitures differ from those estimates. Compensation expense recorded under this method for the year ended June 30, 2014 was \$168,578 and reduced operating income and income before income taxes by the same amount by increasing compensation expense recognized in selling and administrative expense. The recognized tax benefit related to the compensation expense for the year ended June 30, 2014 was approximately \$34,000.

F-18

A summary of the status of our stock options is presented below:

Options	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Life (In Years)	Aggregate Intrinsic Value
Outstanding as of June 30, 2012	1,328,170	\$ 1.16	7.09	\$305,395
Granted	—	—	—	—
Exercised	(30,000)	(0.75)	—	(28,500)
Cancelled	—	—	—	—
Forfeited or Expired	(145,000)	(1.34)	—	—
Outstanding as of June 30, 2013	1,153,170	1.16	5.49	627,422
Granted	—	—	—	—
Exercised	(159,500)	(0.54)	2.05	(287,100)
Cancelled	—	—	—	—
Forfeited or Expired	(98,333)	(1.34)	7.88	(177,000)
Outstanding as of June 30, 2014	895,337	1.24	5.50	497,350
Exercisable as of June 30, 2014	800,334	\$ 1.23	5.20	\$453,650

The aggregate intrinsic value in the preceding table represents the total pretax intrinsic value, based upon the Company's closing stock price of \$1.80 as of June 30, 2014, which would have been received by the option holders had all option holders exercised their options as of that date. The weighted-average grant-date fair value of stock options outstanding as of June 30, 2014 in the amount of 895,337 shares was \$1.16 per share.

As of June 30, 2014, there was \$183,031 of total unrecognized compensation cost related to non-vested stock options granted. That cost is expected to be recognized over a weighted-average period of 0.58 years.

NOTE 11 - RELATED PARTY TRANSACTIONS

We purchased wireless data products in the amount of \$0 and \$8,800 from C-Motech, for the years ended June 30, 2014 and 2013, and had related accounts payable of \$0 as of June 30, 2014 and 2013. As of June 30, 2014, C-Motech owns 1,566,672 shares, or 15%, of our Common Stock.

On July 27, 2010, we entered into a Common Stock Repurchase Agreement with C-Motech (the "Agreement"), under which we agreed to repurchase 3,370,356 shares of our Common Stock from C-Motech for \$3,500,000. A total of 1,803,684 shares were repurchased on the date of the Agreement in exchange for non-cash consideration in the amount of \$1,873,065, which represented amounts owed to the Company by C-Motech for certain marketing funds as well as the settlement of a price dispute for products previously purchased by the Company from C-Motech. Under the Agreement, the remaining 1,566,672 shares were to be repurchased by us upon payment of the balance, \$1,626,935, on or before December 31, 2010.

On January 28, 2011 (the “Amendment Date”) the Agreement was amended to reflect (1) a change in the date the 1,566,672 shares are to be repurchased from C-Motech from December 31, 2010 to March 31, 2011, and (2) a change to the non-cash consideration of \$1,873,065. In exchange for the 1,803,684 shares, we were to pay cash to C-Motech (in the same amount) for the shares, by March 31, 2011. In addition, in a separate agreement dated January 28, 2011, C-Motech agreed to pay us \$1,873,065, for amounts owed, by March 31, 2011. The purpose of these revisions was to more clearly differentiate each party’s payment obligations to the other with respect to this transaction. Following the Amendment Date, we paid C-Motech \$1,873,065 in exchange for the 1,803,684 shares previously transferred to us by C-Motech, and C-Motech paid us \$1,873,065 for amounts owed, of which \$1,581,457 was booked to other income and \$291,608 was booked to cost of goods sold. The repurchase of the remaining 1,566,672 shares has not been completed. We have provided formal notification to C-Motech that it is in breach of its obligations and we have also provided a demand to sell the shares back to us. We have attempted to tender payment for the shares without results, and as of the date of this filing, we are unable to determine whether or not this repurchase will take place. We have been advised that there are two individuals who claim to have purchased the shares from C-Motech through its former CEO; however, the authority of the former CEO to agree to the sale of the shares is being disputed by C-Motech. It is our understanding that this matter is currently being adjudicated in U.S. and Korean courts. As of the date of this Report, C-Motech is the registered owner of certificates representing 1,566,672 shares, which were issued by the Company in C-Motech’s name. On May 7, 2013, we filed a lawsuit against C-Motech in the Superior Court of California for the County of San Diego for breach of the Agreement and breach of other contracts between the parties relating to indemnification and other obligations. On February 25, 2014, C-Motech answered the complaint and on February 26, 2014, C-Motech filed a Notice of Removal from the Superior Court of the State of California for the County of San Diego to the United States District Court for the Southern District of California. On June 19, 2014, C-Motech filed a voluntary petition for relief under Chapter 15 of the U.S. Bankruptcy Code and on June 27, 2014, C-Motech filed a Motion for Recognition of a Foreign Main Proceeding under Chapter 15 of the U.S. Bankruptcy Code and Further Relief. On July 10, 2014, this motion was heard in the U.S. Bankruptcy Court for the Southern District of California during which the Court ordered that C-Motech's bankruptcy proceeding in South Korea was recognized as a foreign main proceeding and that our lawsuit against C-Motech in the U.S. District Court is stayed. The effect of this ruling is that we must participate in C-Motech's bankruptcy proceeding in South Korea if we wish to pursue our various claims against C-Motech. We are currently considering our options with respect to this ruling.

NOTE 12 - SUBSEQUENT EVENTS

ASC 855, “Subsequent Events. ASC 855 establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. During these periods, we did not have any material recognizable subsequent events required to be disclosed other than those disclosed in this note to the financial statements as of June 30, 2014 and for the year ended June 30, 2014.
