THE OFFERING

The offering price for the common stock may be the market price for our common stock prevailing at the time of sale, a price related to the prevailing market price, at negotiated prices or such other price as the selling securityholders determine from time to time.

RISK FACTORS

The shares of common stock being offered involve a high degree of risk. The trading price of our common stock could decline due to any of these risks, and you could lose all or part of your investment. Before you buy shares of our common stock you should carefully consider the risk factors included under the caption "Certain Factors That May Affect Future Result's Financial Condition and Market Price of Securities" in the "Management's Discussion and Analysis" Section of:

- . our annual report on Form 10-KSB/A/2 for the year ended December 31, 2000, as amended,
- . our quarterly report on Form 10-QSB/A/2 for the quarter ended March 31, 2001, as amended,
- . our quarterly report on Form 10-QSB/A/2 for the quarter ended June 30, 2001, as amended, and
- . our quarterly report on Form 10-QSB/A for the quarter ended September 30, 2001 as amended. You should also consider the following:

Edgar Filing: SPEEDCOM WIRELESS CORP - Form S-3/A

If the selling securityholders elect to convert their preferred stock and exercise their warrants in order to sell the underlying shares of common stock covered by this prospectus, it will result in a 174% increase in the number of our shares of common stock outstanding.

We have 10,122,113 shares outstanding as of December 6, 2001. Of the shares being offered by this prospectus, 17,657,262 shares are issuable upon conversion of our outstanding convertible preferred stock or exercise of outstanding warrants. Issuance of those shares will result in substantial dilution to our existing shareholders and could have an adverse effect on the market price of our stock.

The preferred stock and the warrants contain anti-dilution provisions that will increase the number of shares issuable upon conversion or exercise if we issue common stock or common stock equivalents (with certain exceptions such as to participants in our stock option plans) with a purchase, conversion or exercise price lower than the conversion or exercise price of the preferred stock or warrants or lower than the then current market price of our common stock. These provisions, especially those contained in warrants, could result in even further dilution to the existing holders of our common stock. See note 8 to the financial statements contained in our Form 10-QSB/A for the quarter ended September 30, 2001, for a summary of these anti-dilution provisions.

RECENT COMPANY DEVELOPMENTS

In June 2001, SPEEDCOM issued the following securities in connection with restructuring outstanding debt in the aggregate amount of \$2,025,000:

- . 955,146 shares of Series A convertible preferred stock,

- . Series A warrants for the purchase of 916,361 shares of common stock (exercise price \$3.25), and

- . Series B warrants for the purchase of up to 955,146 shares of common stock (exercise price \$3.25).

In August 2001, SPEEDCOM issued the following securities in a private placement:

- . 3,835,554 shares of Series B convertible preferred stock,

- . Series A warrants for the purchase of 3,068,448 shares of common stock (exercise price \$2.50), including 916,361 Series A warrants issued in exchange for the Series A warrants issued in the June transaction described above, and

- . Series B warrants for the purchase of up to 4,560,481 shares of common stock (exercise price \$0.01), including 955,146 Series B warrants issued in exchange for the Series B warrants issued in the June transaction described above.

The aggregate purchase price of \$8.6 million was paid \$2,722,400 in cash and the balance was paid by the retirement of:

- . 955,146 shares of Series A convertible preferred stock issued in June 2001,

- . subordinated promissory notes in the aggregate principal amount of \$2,000,000 issued by SPEEDCOM in April 2001,

Edgar Filing: SPEEDCOM WIRELESS CORP - Form S-3/A

- . promissory notes in the aggregate principal amount of \$950,000 issued by SPEEDCOM in June 2001, and
- . other promissory notes in the aggregate principal amount of \$512,800 issued by SPEEDCOM during 2000.

The new warrants and preferred stock issued in August 2001 were exchanged for the old warrants and preferred stock in compliance with provisions of the old warrants and preferred stock that entitled the holders to the benefit of terms in the new warrants and preferred stock that are more favorable than those contained in the old warrants and preferred stock.

Terms of the Series B Preferred Stock

The Series B convertible preferred stock may be converted, at the election of the holder, at any time. Each share of Series B convertible preferred stock:

- . is convertible into 2 shares of SPEEDCOM's common stock;
- . has a liquidation preference of \$2.25; and
- . will accrue dividends, beginning August 23, 2003, to be paid upon conversion at the rate of 14% of the liquidation preference.

However, if SPEEDCOM has not signed a definitive agreement for a bona fide change in control transaction before December 28, 2001, which is publicly announced before February 23, 2002 and which closes before March 31, 2002, the conversion price will be adjusted so that each share of Series B convertible preferred stock will be convertible into 2.25 shares of SPEEDCOM common stock. The liquidation preference will increase to \$3.38 (\$4.50 if paid in stock) if a

2

change of control agreement is not announced by February 23, 2002 and closed by April 23, 2002. The liquidation preference will increase to \$3.04 (\$3.83 if paid in stock) if a change of control agreement is announced by February 23, 2002 and closed by April 23, 2002.

In addition, the terms of the Series B convertible preferred stock provide for mandatory conversion, automatically, without any action on the part of the holder, if

- . at least 12 months after the date of issuance of the Series B convertible preferred stock, the closing bid price of the common stock exceeds \$2.25 for a period of twenty consecutive trading days, and
- . the underlying common stock is registered under the Securities Act of 1933.

Terms of the Series A Warrants

The Series A warrants, which expire August 23, 2006, have an exercise price of \$2.50 per share and may be exercised, in whole or in part, at any time during their term. Beginning one year after issuance of the Series B preferred stock, we may redeem the Series A warrants for \$0.10 per share if our common stock closes at \$5.00 or more for 15 consecutive trading days at any time, provided that the underlying shares are registered under the Securities Act of 1933.

Edgar Filing: SPEEDCOM WIRELESS CORP - Form S-3/A

Terms of the Series B Warrants

The Series B warrants may be exercised, in whole or in part, at an exercise price of \$0.01 per share, only as follows:

1. if SPEEDCOM, as reported in the notes to its financial statements included in our Form 10-KSB for fiscal year 2001, fails to achieve EBITDA of at least \$00.00 during the fourth quarter of fiscal year 2001, then all of the Series B warrants will become immediately exercisable as to the full number of shares of common stock represented by the warrants;
2. if SPEEDCOM has an EBITDA gain of up to \$100,000 during the fourth quarter of fiscal year 2001, then the Series B warrants will become immediately exercisable as follows: number of shares of common stock not previously issuable upon exercise of the Series B warrants multiplied by $\{1 - (\text{the EBITDA gain divided by } \$100,000)\}$; and
3. if SPEEDCOM fails to achieve a minimum of \$4,500,000 in revenue (as defined by generally accepted accounting principles ("GAAP")) for the fourth quarter of fiscal year 2001, then the Series B warrants will become immediately exercisable as to all shares of common stock not previously issuable upon exercise.

For this purpose, "EBITDA" means operating profit (as defined by GAAP and reported on SPEEDCOM's statement of income) plus depreciation and amortization as reported by SPEEDCOM on its statement of cash flows.

3

The Series B warrants will expire on the earlier of April 15, 2002 or the date that results in the holder receiving at least \$1.52 per share in cash or \$1.91 per share in shares of registered common stock of the surviving company in exchange for their Series B preferred stock.

Of the 18,013,762 shares of common stock covered by this registration statement, 16,258,929 shares are issuable upon conversion of the Series B convertible preferred stock and exercise of the warrants issued in August 2001.

On September 28, 2001, SPEEDCOM announced that it was restructuring its management team in a move to reduce costs and improve profitability. Bruce Sanguinetti, SPEEDCOM's president, and Jay O. Wright, SPEEDCOM's chief financial officer, agreed to step down. Mr. Sanguinetti's duties will be divided among Michael McKinney, SPEEDCOM's chairman and chief executive officer, and other existing officers and Mr. Wright's duties will be handled by Sara Byrne, vice president of finance and accounting, and by Mr. McKinney.

FORWARD-LOOKING STATEMENTS

We make statements in this prospectus and the documents incorporated by reference that are considered forward-looking statements under the federal securities laws. Such forward-looking statements are based on the beliefs of our management as well as assumptions made by and information currently available to them. The words "anticipate," "believe," "may," "estimate," "expect," and similar expressions, and variations of such terms or the negative of such terms, are intended to identify such forward-looking statements.

and assumptions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, our actual results, performance or achievements could differ materially from those expressed in, or implied by, any such forward-looking statements. Important factors that could cause or contribute to such difference include those discussed in our annual report on Form 10-KSB/A and our other periodic filings with the SEC.

USE OF PROCEEDS

We will not receive any proceeds from the sale of the shares of common stock offered by the selling securityholders pursuant to this prospectus. We will receive proceeds if selling securityholders exercise their warrants to purchase shares of common stock. If the selling securityholders exercise all of their warrants, the maximum gross proceeds received by us would be approximately \$11,838,807. When and if we receive these funds, they will be used for general corporate purposes.

5

SELLING SECURITYHOLDERS

The shares of common stock offered by this prospectus have been or will be issued to the selling securityholders (or their assignees) directly by us. The following table sets forth certain information with respect to the beneficial ownership of shares of our common stock by the selling securityholders as of November 1, 2001 and the number of shares which may be offered pursuant to this prospectus for the account of each of the selling securityholders or their transferees from time to time. Information in the table may not include shares held in nominee name unless we are aware of the ownership of these shares. Except as described in the footnotes to the table, to the best of our knowledge, none of the selling securityholders has had any position, office or other material relationship with our company within the past three years (other than as a security holder).

In determining the maximum number of shares which may be sold in the offering by any selling security holder we have assumed exercise of all warrants beneficially owned by the selling securityholders and conversion of all Series B convertible preferred stock into common stock. For purposes of calculating the percentage of class, we used the current number of common shares issued and outstanding plus the total maximum number of shares which may be added in this offering (excluding shares which may be issued as the result of anti-dilution provisions). We did not include 4,455,519 shares of common stock issuable upon the exercise of warrants and other rights to purchase our common stock held by other stockholders and approximately 5,200,000 shares of common stock reserved for issuance upon the exercise of employee and director stock options outstanding on September 1, 2001. Assuming the sale of all shares covered by this prospectus, no selling security holder will own 1% or more of our outstanding common stock after completion of the offering. Unless otherwise described in the notes to the table, all of the shares offered by the selling security holders are issuable upon conversion of Series B preferred stock that we issued in August 2001 and related warrants that we issued in June and August 2001, as described above under "Recent Company Developments."

PLAN OF DISTRIBUTION

The shares of common stock offered hereby may be sold by the selling securityholders or by their respective pledgees, donees, transferees or other successors in interest. Such sales may be made at fixed prices that may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices, or at negotiated prices. The shares may be sold by one or more of the following (as well as other methods of sale):

- . One or more block trades in which a broker or dealer so engaged will attempt to sell all or a portion of the shares held by the selling securityholders as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- . Purchase by a broker or dealer as principal and resale by such broker or dealer as principal and resale by such broker or dealer for its account pursuant to this prospectus;

Edgar Filing: SPEEDCOM WIRELESS CORP - Form S-3/A

- . Ordinary brokerage transactions and transactions in which the broker solicits purchasers; and
- . Privately negotiated transactions between the selling securityholders and purchasers without a broker-dealer.

The selling securityholders may effect such transactions by selling shares to or through broker-dealers, and such broker-dealers may receive compensation in negotiated amounts in the form of discounts, concessions, commissions or fees from the selling securityholders and/or the purchasers of the shares for whom such broker-dealers may act as agent or to whom they sell as principal, or both (which compensation to a particular broker-dealer might be in excess of customary commissions). Such brokers or dealers or other participating brokers or dealers and the selling securityholders may be deemed to be "underwriters" within the meaning of the Securities Act, in connection with such sales. Except for customary selling commissions in ordinary brokerage transactions, any such underwriter or agent will be identified, and any compensation paid to such persons will be described, in a prospectus supplement. In addition, any securities covered by this prospectus that qualify for sale pursuant to Rule 144 might be sold under Rule 144 rather than pursuant to this prospectus.

We have agreed to bear all costs, expenses and fees in connection with the registration of the shares of our common stock offered by this prospectus. We have also agreed to indemnify the

8

selling securityholders against certain liabilities, including liabilities arising under the Securities Act.

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high and

of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided, however, that paragraphs (1)(i) and (1)(ii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act) that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(5) That, for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration

statement as of the time it was declared effective.

(6) That, for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 6 above, or otherwise, the registrant has been advised that in the

opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
