Item 12. Results of Operations and Financial Condition.

On October 23, 2003, Nu Skin Enterprises issued a press release announcing its financial results for the third quarter ended September 30, 2003 and certain other information. A copy of Nu Skin Enterprises' press release is attached as Exhibit 99.1 to this report and incorporated by reference.

The information furnished in this report and the exhibit hereto shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act.

In the press release furnished herewith in Exhibit 99.1, the Company provides net income and earnings per share measures for the third quarter and for the nine months ended September 30, 2003, and operating margin for the third quarter that exclude certain

one-time charges that were incurred in the third quarter as described in the press release. These measures adjust GAAP net income, earnings per share and operating margin to remove the impact of these charges that are unusual in nature and unlikely to impact results of operations going forward. Management believes these non-GAAP financial measures assist management and investors in evaluating, and comparing from period to period, results from ongoing operations in a more meaningful and consistent manner while also highlighting more meaningful trends in the results of operations. A reconciliation of net income, earnings per share and operating margin, excluding the anticipated one-time charges, to net income, earnings per share and operating margin, on a GAAP basis, is provided in the press release furnished herewith.
