NOTICE OF 2012 ANNUAL MEETING OF STOCKHOLDERS

To Be Held November 14, 2012

* * * *

To the Stockholders of ROYAL GOLD, INC.:

NOTICE IS HEREBY GIVEN that the Annual Meeting of the Stockholders of Royal Gold, Inc. will be held at 9:30 a.m., on Wednesday, November 14, 2012, at the Four Seasons Hotel, 1111 Fourteenth Street, Denver, Colorado, USA, to:

1. Elect three Class I Directors to serve until the 2015 Annual Meeting of Stockholders or until each such Director's successor is elected and qualified;
2. Ratify the appointment of Ernst & Young LLP as independent registered public accountants of the Company for the fiscal year ending June 30, 2013;
3. Conduct an advisory vote on the compensation of the named executive officers; and
4. Transact any other business that may properly come before the meeting and any postponements or adjournments thereof.

All stockholders are cordially invited to attend the meeting; however, only stockholders of record as of the close of business on September 17, 2012, are entitled to vote at the meeting and any postponements or adjournments thereof. It is important that your shares are represented and voted at the Annual Meeting. For that reason, whether or not you expect to attend in person, please vote your shares by telephone or by Internet. If this proxy statement was mailed to you, you may also vote by marking, signing and returning the proxy card in the enclosed envelope.

BY ORDER OF THE BOARD OF DIRECTORS

Director Elections: Each Class I Director elected will serve until the 2015 Annual Meeting, or until his successor is elected and qualified.

Attendance: In fiscal year 2012, all of our Directors attended at least 75% of the Board and Committee meetings and all of our Directors attended the 2011 Annual Meeting of Stockholders.

Management Proposals

Ratification of the Selection of Independent Registered Public Accounting Firm. The Board recommends a FOR vote. As a matter of good governance, we are asking stockholders to ratify the selection of Ernst & Young LLP as our independent auditors for fiscal year 2013.

Advisory Resolution to Approve Executive Compensation. We are asking stockholders to approve, on an advisory basis, our named executive officers' compensation. The Board recommends a FOR vote because it believes that our compensation policies and practices are effective in achieving the Company's goals of paying a competitive salary and providing attractive annual and long-term incentives to reward growth and to link managements' interests with stockholders' interests.

2012 Business Highlights

The following is a summary of our financial performance and other significant achievements during fiscal year 2012:

We achieved record results in all financial measures on a year-over-year basis:

Net income attributable to Royal Gold stockholders increased 30%;

Revenue increased 22%;

Adjusted EBITDA increased 25% (see Appendix A for reconciliation of this non-GAAP financial measure to our results as reported under GAAP);

We increased our dividend 36% to \$0.60 per share;

We increased our financial capacity and flexibility by completing an equity offering, expanding our credit facility, and completing a convertible notes offering yielding aggregate additional liquidity of approximately \$725 million; and

Table of Contents

From our revenue stream and as a result of increasing our financial capacity, we added three new gold royalty or streaming interests during the fiscal year:

We increased our interest in the gold production from the Mt. Milligan project from 25% to 40%;

We acquired an interest in 12.5% of gold production and 22.5% of silver production from the Tulsequah Chief project; and

We acquired a 3.0% net smelter return royalty on the Ruby Hill gold mine.

2012 Compensation Highlights (page 21)

Our compensation program is highly correlated to Company performance and emphasized long-term compensation incentives over cash compensation. For example, 78% of total direct compensation to named executive officers was performance based and not guaranteed. Our compensation program is designed to:

Link rewards to individual performance and business results;

Encourage creation of long-term stockholder value and achievement of strategic objectives;

Target management cash compensation, consisting of salary and cash bonuses, near the 50th percentile of our benchmark peer group, with opportunity to receive total direct compensation, consisting of salary, cash bonuses and long-term incentive awards, near the 75th percentile;

Maintain an appropriate balance between base salary, annual bonuses and long-term incentives; and

Attract and retain the highest caliber personnel on a long-term basis.

Table of Contents

The following graph demonstrates the relative growth of Adjusted EBITDA compared to the growth in Chief Executive Officer Total Compensation. The chart has been indexed to 100 in Fiscal 2009 for comparative purposes. During the period from the end of Fiscal 2009 through the end of Fiscal 2012, Adjusted EBITDA has grown by 285% while Chief Executive Officer Total Compensation has grown by 64%.

Five-Year Total Stockholder Return

The following graph shows how a \$100 investment in the Company's common stock on June 30, 2007, would have grown to \$343.68 on June 30, 2012, with dividends reinvested quarterly. The chart also compares the total stockholder return on the Company's common stock to the same investment in the S&P 500 Index and the PHLX Gold/Silver Sector IndexSM (XAUSM) over the same period, with dividends reinvested quarterly. As illustrated below, the Company's common stock outperformed both the S&P 500 Index and the XAUSM during this period.

PROXY STATEMENT

2012 ANNUAL MEETING OF STOCKHOLDERS

GENERAL INFORMATION

Stockholders Entitled to Vote

This Proxy Statement is furnished to holders of:

Royal Gold, Inc. common stock ("common stock"), and

RG Exchangeco Inc. ("RG Exchangeco") exchangeable shares ("Exchangeable Shares");

each in connection with the solicitation of proxies on behalf of the Board of Directors of Royal Gold, Inc. (the "Company" or "Royal Gold") to be voted at the 2012 Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held on Wednesday, November 14, 2012, at 9:30 a.m. Stockholders of record holding the following Royal Gold securities at the close of business on September 17, 2012 (the "Record Date") are entitled to vote at the Annual Meeting and at all postponements and adjournments thereof:

Common stock of the Company, par value \$0.01 per share, of which there were 58,940,922 shares outstanding as of the Record Date and entitled to vote, and

Exchangeable Shares, of which there were 763,826 shares outstanding as of the Record Date and entitled to vote pursuant to the terms of the Special Voting Preferred Stock of the Company described below.

Internet Availability of Proxy Materials

We are taking advantage of the Securities and Exchange Commission (the "SEC") rules allowing us to furnish proxy materials through a "notice and access" model via the Internet. On or about October 5, 2012, we will furnish a Notice of Internet Availability to our stockholders of record and holders of the Exchangeable Shares containing instructions on how to access the proxy materials and to vote. In addition, instructions on how to request a printed copy of these materials may be found on the Notice. For more information on voting your stock, please see "Voting Your Shares" below.

Voting Your Shares

Royal Gold Common Stock

Each share of Royal Gold common stock that you own entitles you to one vote. Your proxy card shows the number of shares of Royal Gold common stock that you own. You may elect to vote in one of three methods:

Edgar Filing: ROYAL GOLD INC - Form DEF 14A

By Phone or Internet You may vote your shares by following the instructions on your notice card or proxy card. If you vote by telephone or via the Internet, you do not need to return your proxy card.

Table of Contents

By Mail If this proxy statement was mailed to you, or if you requested a proxy statement be mailed to you, you may vote your shares by signing and returning the enclosed proxy card or voting instruction form. If you vote by proxy card or voting instruction form, your "proxy" (each or any of the individuals named on the proxy card) will vote your shares as you instruct on the proxy card. If you sign and return the proxy card, but do not give instructions on how to vote your shares, your shares will be voted as recommended by the Board of Directors: (1) "FOR" the election of Directors as described herein under "Proposal 1 Election of Directors;" (2) "FOR" ratification of the appointment of the Company's independent registered public accountants described herein under "Proposal 2 Ratification of Appointment of Independent Registered Public Accountants;" and (3) "FOR" a non-binding advisory vote on the compensation of the named executive officers described herein under "Proposal 3 Advisory Vote on Compensation of Named Executive Officers."

In Person You may attend the Annual Meeting and vote in person. We will give you a ballot when you arrive. If your stock is held in the name of your broker, bank or another nominee (a "Nominee"), you must present a proxy from that Nominee in order to verify that the Nominee has not voted your shares on your behalf.

RG Exchangeco Inc. Exchangeable Shares

Holders of Exchangeable Shares are receiving these proxy materials in accordance with the provisions of the Exchangeable Shares and the voting and exchange trust agreement (the "Voting Agreement") dated February 22, 2010, among Royal Gold, RG Exchangeco Inc. and Computershare Trust Company of Canada (the "Trustee"). Each Exchangeable Share has economic rights (such as the right to receive dividends and other distributions) that are, as nearly as practicable, equivalent to the economic rights of shares applicable to Royal Gold common stock. The Exchangeable Shares are exchangeable at any time at the option of the holders into shares of Royal Gold common stock on a one-for-one basis.

In accordance with the Voting Agreement, holders of Exchangeable Shares are effectively provided with voting rights for each Exchangeable Share that are nearly equivalent to the voting rights applicable to a share of Royal Gold common stock, and holders are entitled to instruct the Trustee as to how to vote their Exchangeable Shares. The Trustee holds one share of Special Voting Preferred Stock of the Company (the "Royal Gold Special Voting Stock") that is entitled to vote on all matters on which the shares of Royal Gold common stock vote. The Royal Gold Special Voting Stock has a number of votes in respect of the Annual Meeting equal to the number of Exchangeable Shares outstanding on the Record Date. Based upon the foregoing, the Trustee will be entitled to cast up to 763,826 votes at the Annual Meeting. However, the Trustee will exercise each vote attached to the Royal Gold Special Voting Stock only on the basis of instructions received from the holders of record of the Exchangeable Shares. In the absence of instructions from a holder as to voting, the Trustee will not exercise any voting rights with respect to the Exchangeable Shares held by such holder.

If you are a holder of record of Exchangeable Shares, there are two ways to vote your Exchangeable Shares:

1. **By Mail** You may vote by signing and returning the enclosed voting instruction form to the Trustee. This form permits you to instruct the Trustee to vote at the Annual Meeting. **The Trustee must receive your voting instruction by 5:00 p.m. (Calgary time) on November 8, 2012**, at the address indicated on the voting instruction form or for an adjourned meeting not less than 48 hours before the time set for the holding of the adjourned meeting. This will give the Trustee time to tabulate the voting instructions and vote on your behalf.
2. **In Person** Alternatively, if you wish to attend the meeting and vote in person rather than have the Trustee exercise voting rights on your behalf, you may instruct the Trustee (by following the procedures set forth in the enclosed voting instruction form) to give you or

Table of Contents

your designee a proxy to exercise the voting rights personally at the Annual Meeting. You may also instruct the Trustee to give a proxy to a designated representative of Royal Gold to exercise such voting rights.

Only holders of Exchangeable Shares whose names appear on the records of RG Exchangeco Inc. as the registered holders of Exchangeable Shares on the Record Date are entitled to instruct the Trustee as to how to exercise voting rights in respect of their Exchangeable Shares at the Annual Meeting. If on the Record Date your Exchangeable Shares were held, not in your name, but rather in the name of a Nominee, then you are the beneficial owner of shares held in "street name" and these proxy materials, if you have received them, are being forwarded to you by that Nominee. The Nominee holding your account is considered to be the stockholder of record for purposes of instructing the Trustee as to how to vote your Exchangeable Shares. As a beneficial owner, you have the right to direct your Nominee on how to instruct the Trustee to vote your Exchangeable Shares.

Revocation of Proxy or Voting Instruction Form

If you are a holder of common stock, you may revoke your proxy at any time before the proxy is voted at the Annual Meeting. This can be done by either submitting another properly completed proxy card with a later date, sending a written notice of revocation to the Corporate Secretary of the Company with a later date or by attending the Annual Meeting and voting in person. You should be aware that simply attending the Annual Meeting will not automatically revoke your previously submitted proxy; rather you must notify a Company representative at the Annual Meeting of your desire to revoke your proxy and vote in person. Written notice revoking a proxy should be sent to the Corporate Secretary, Royal Gold, Inc., 1660 Wynkoop Street, Suite 1000, Denver, Colorado 80202.

If you are a holder of Exchangeable Shares, you have the right to revoke any instructions previously given to the Trustee by giving written notice of revocation of such instructions to the Trustee or by executing and delivering to the Trustee a later-dated voting instruction **by 5:00 p.m. (Calgary time) on November 8, 2012**, at the address indicated on the voting instruction form or for an adjourned meeting not less than 48 hours before the time set for the holding of the adjourned meeting.

Quorum and Votes Required to Approve Proposals

A majority of the outstanding shares of the Company's common stock and Exchangeable Shares entitled to vote, represented in person or by proxy, will constitute a quorum at a meeting of the stockholders. Abstentions and "broker non-votes" will be counted as being present in person for purposes of determining whether there is a quorum. A "broker non-vote" occurs when a Nominee holding shares for a beneficial owner does not vote those shares on a proposal because the Nominee does not have discretionary voting authority and has not received instructions to do so from the beneficial owner with respect to that proposal.

With respect to Proposal 1, in an uncontested election of Directors, the election of a Director nominee will require an affirmative vote of the majority of the votes cast with respect to that Director nominee at a meeting at which a quorum is present. This means that the number of votes cast "FOR" a Director nominee must exceed the number of votes cast "AGAINST" that Director nominee in order for a Director to be elected at the Annual Meeting. The Election of Directors is a "non-discretionary" item. Therefore, if you hold your Royal Gold common stock through a Nominee and you do not instruct your Nominee how to vote with respect to the election of Directors, your Nominee cannot vote your shares on this proposal. Abstentions and "broker non-votes" will not be counted as votes "FOR" or "AGAINST" this proposal.

With respect to Proposal 2, the affirmative vote of a majority of the voting power of the shares that are represented and entitled to vote at a meeting at which a quorum is present shall be the act of the

Table of Contents

stockholders. Abstentions have the same effect as a vote "AGAINST" Proposal 2. "Broker non-votes" have no effect on the outcome of Proposal 2.

With respect to Proposal 3, the affirmative vote of a majority of the voting power of the shares that are represented and entitled to vote at a meeting at which a quorum is present shall be the act of the stockholders. However, as discussed in further detail in Proposal 3, this proposal is advisory in nature. Abstentions have the same effect as a vote "AGAINST" Proposal 3. "Broker non-votes" will have no effect on the outcome of Proposal 3.

Cumulative voting is not permitted for the election of Directors. Under Delaware law, holders of common stock are not entitled to appraisal or dissenters' rights with respect to the matters to be considered at the Annual Meeting.

Tabulation of Votes

Votes at the Annual Meeting will be tabulated and certified by Broadridge Financial Solutions, Inc.

Solicitation Costs

In addition to solicitation of proxies by mail or by electronic data transfers, the Company's Directors, officers or employees, without additional compensation, may make solicitations by telephone, facsimile, or personal interview. All costs of the solicitation of proxies will be borne by the Company. The Company will also reimburse the banks and brokers for their reasonable out-of-pocket expenses in forwarding proxy materials to beneficial owners of shares of common stock.

PROPOSAL 1.

ELECTION OF CLASS I DIRECTORS

The Company's Board of Directors consists of three classes of Directors, with each class of Directors serving for a three-year term ending in a successive year. The Company's current Class I Directors are Messrs. Dempsey, Bogden and Jensen; the Class II Directors are Messrs. Hayes and Stuckert; and the Class III Directors are Messrs. Haase and Howell.

If the proxy is properly completed and received in time for the Annual Meeting, and if the proxy does not indicate otherwise, the represented shares will be voted **FOR** Stanley Dempsey, Gordon J. Bogden and Tony Jensen as Class I Directors of the Company. If any of the nominees for election as a Class I Director should refuse or be unable to serve (an event that is not anticipated), the proxy will be voted for a substitute nominee who is designated by the Board of Directors. Each Class I Director elected shall serve until the 2015 Annual Meeting, or until his successor is elected and qualified.

Vote Required for Approval

The Company's Amended and Restated Bylaws ("bylaws") require that each Director be elected by the majority of votes cast at a meeting at which a quorum is present with respect to such Director in uncontested elections (the number of shares voted "for" a Director nominee must exceed the votes cast "against" that Director nominee). In a contested election (a situation in which the number of nominees exceeds the number of Directors to be elected), the standard for election of Directors would be a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of Directors. This year's election is expected to be an uncontested election, and the majority vote standard will apply. If a nominee who is serving as a Director is not elected at the Annual Meeting, Delaware law provides that the Director would continue to serve on the Board as a "holdover Director." Under the Company's bylaws, each Director nominee who is serving as a Director has submitted a conditional resignation that becomes effective if such Director is not elected and the Board accepts the resignation. In that situation, the Compensation, Nominating and Governance Committee would make a recommendation to the Board of Directors on whether to accept or reject the resignation, or whether to take other action. The Board of Directors will act on the Compensation, Nominating and Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results. Absent a determination by the Board that it is in the best interest of the Company for a Director who has failed to be elected to remain on the Board, the Board will accept the resignation. The Director who tenders his resignation will not participate in the decision of the Board of Directors. If a nominee who was not already serving as a Director fails to receive a majority of votes cast with respect to his election at the Annual Meeting, Delaware law provides that the nominee does not serve on the Board as a "holdover Director." All of the Class I Director nominees are currently serving on the Board of Directors.

Information concerning the nominees for election as Directors is set forth below under "Directors and Officers."

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR"

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During the fiscal year ended June 30, 2012 ("fiscal year 2012"), the Board of Directors held four regular meetings, each of which included executive sessions of the independent Directors, five special meetings and two meetings by Unanimous Consent. Each Director attended, in person or by telephone, at least 75% of the aggregate number of meetings of the Board of Directors and of the Committee(s) of the Board of Directors on which he served. It is the Company's policy that each Director attends each Annual Meeting. All of the Directors attended last year's Annual Meeting.

Independence of Directors

The Board of Directors has determined that each Director, except for Mr. Jensen, who is the President and Chief Executive Officer of the Company, is "independent" under the NASDAQ listing standards. The Board of Directors has determined that the Directors designated as "independent" have no relationship with the Company that would interfere with the exercise of their independent judgment in carrying out the responsibilities of a Director.

In August 2012, the Compensation, Nominating and Governance Committee assessed Mr. Dempsey's independence, and considered his prior service as the Company's Chief Executive Officer, his stock ownership, the transition from Executive Chairman to Chairman, and all other relationships that he has with the Company and its executive officers and employees, in order to determine whether any of these relationships individually or in the aggregate may interfere with his exercise of independent judgment in carrying out his responsibilities as a Director. On recommendation of the Compensation, Nominating and Governance Committee, the Board of Directors considered the independence of Mr. Dempsey and determined that no relationship exists that would impair Mr. Dempsey's independence.

Board Structure

The Board of Directors does not have a prescribed policy on whether the roles of the Chairman and Chief Executive Officer should be separate or combined, but recognizes the value to the Company of having a non-executive Chairman. The Chairman, Mr. Dempsey, served as the Executive Chairman of the Company from 2006 to 2008, and has served as a Non-Executive Chairman since his retirement as an executive officer of the Company on January 1, 2009. In August 2012, the Board of Directors determined that Mr. Dempsey is "independent." Additionally, the Board also elected a Lead Independent Director. The

Table of Contents

Lead Director presides over executive sessions of the independent Directors scheduled at each regular meeting of the Board of Directors. The Lead Director position is a rotating position elected on a yearly basis. The Lead Director also serves as liaison between the President and Chief Executive Officer, and the other Independent Directors. Mr. James Stuckert currently serves as Lead Director.

Board Oversight of Risk Management

The Board of Directors has overall responsibility for risk oversight with a focus on the most significant risks facing the Company. The Board of Directors relies upon the President and Chief Executive Officer to supervise day-to-day risk management. The President reports directly to the Board and certain board committees on such matters, as appropriate.

The Board of Directors delegates certain oversight responsibilities to its Committees. For example, while the primary responsibility for financial and other reporting, internal controls, compliance with laws and regulations, and ethics rests with the management of the Company, the Audit Committee provides risk oversight with respect to the Company's financial statements, the Company's compliance with legal and regulatory requirements and corporate policies and controls, and the independent auditor's selection, retention, qualifications, objectivity and independence. Additionally, the Compensation, Nominating and Governance Committee provides risk oversight with respect to the Company's compensation program, governance structure and processes and succession planning. The Board has also adopted an enterprise risk management program to identify, define, manage and, when necessary, mitigate risks confronting the Company.

Audit Committee

The Board of Directors has a standing Audit Committee. The Audit Committee consists of James W. Stuckert, as Chairman, William Hayes and Gordon Bogden. All members of the Audit Committee are independent under the NASDAQ listing standards and Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, as amended. The Board of Directors has determined that James Stuckert is an "audit committee financial expert" as that term is defined in Item 407(d) of Regulation S-K. As an "audit committee financial expert," Mr. Stuckert satisfies the NASDAQ financial literacy and sophistication requirements. The Audit Committee held five meetings during fiscal year 2012. The Audit Committee Charter is available on the Company's website at www.royalgold.com.

The Audit Committee assists the Board of Directors in its oversight of the integrity of the Company's financial statements and compliance with legal and regulatory requirements and corporate policies and controls. The Audit Committee has the direct responsibility to retain and terminate the Company's independent registered public accountants, review reports of the independent registered public accountants, approve all auditing services and related fees and the terms of any agreements, and to pre-approve any non-audit services to be rendered by the Company's independent registered public accountants. The Audit Committee monitors the effectiveness of the audit process and the Company's financial reporting, reviews the adequacy of financial and operating controls and evaluates the effectiveness of the Audit Committee. The Audit Committee is responsible for confirming the independence and objectivity of the independent registered public accountants. The Audit Committee is also responsible for preparation of the Audit Committee report for inclusion in the Company's Proxy Statement.

The Audit Committee reviews and approves all related-party business transactions in which any of the Company's officers, Directors or nominees for Director have an interest and that may be required to be reported in the Company's periodic reports and reports to the full Board of Directors about whether it has approved such a transaction. The standards applied by the Audit Committee when reviewing and approving related-party transactions are found in the Audit Committee Charter, which provides, in pertinent part, that "the Audit Committee shall review and approve any related-party business transactions, preferably in advance, in which the corporation's officers or Directors have an interest and that would be required to be reported by the corporation in its periodic reports pursuant to the rules and regulations of the

Table of Contents

SEC." Beyond this, when reviewing and approving transactions with related persons, the Audit Committee will use applicable standards under Delaware law to approve or reject related-party transactions, including disinterested Director approval based on fairness to the Company and the best interests of the Company and its stockholders. When reviewing related-party transactions, the Audit Committee will review all facts related to the transaction it deems material and will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, the extent of the related person's interest in the transaction, and, if applicable, the availability of other sources of comparable products or services.

Compensation, Nominating and Governance Committee

The Board of Directors has a standing Compensation, Nominating and Governance Committee (the "CNG Committee"). The CNG Committee consists of M. Craig Haase, as Chairman, S. Oden Howell, Jr. and James W. Stuckert. All members of the CNG Committee are considered independent Directors under the NASDAQ listing standards. The CNG Committee held five meetings and one meeting by Unanimous Consent during the fiscal year. The Compensation, Nominating and Governance Committee Charter is available on the Company's web site at www.royalgold.com.

The CNG Committee oversees the Company's compensation policies, plans and programs, and reviews and recommends the compensation to be paid to executive officers and Directors.

The CNG Committee also administers and implements the Company's incentive compensation and equity-based plans. The CNG Committee is responsible for overseeing the preparation of the Compensation Discussion and Analysis and preparing the report on executive compensation for public disclosure in the Company's Proxy Statement.

The CNG Committee may form subcommittees and delegate to its subcommittees such power and authority as it deems necessary or advisable. The CNG Committee has no current intention to delegate any of its authority with respect to determining executive officer compensation to any subcommittee. The CNG Committee does not delegate its responsibilities with respect to executive compensation to any executive officer of the Company.

In addition to compensation matters, the CNG Committee also identifies or reviews individuals proposed to become members of the Board of Directors and recommends Director nominees. In selecting Director nominees, the CNG Committee assesses the nominee's independence, as well as considers his or her experience, areas of expertise, including experience in the mining industry, diversity, perspective, broad business judgment and leadership, all in the context of an assessment of the perceived needs of the Board of Directors at that time. The Company does not have a separate policy regarding the consideration of diversity in selecting Director nominees. However, the CNG Committee considers a diverse range of criteria in nominee selection including social, technical, political, management, legal, finance and broader business experience as well as other areas of expertise. This is considered through discussions at the CNG Committee meetings.

The CNG Committee will consider Director candidates recommended by stockholders using the same criteria outlined above, provided such written recommendations are submitted to the Corporate Secretary of the Company in accordance with the advance notice and other provisions of the Company's bylaws.

The CNG Committee also advises the Board of Directors on various corporate governance principles and oversees the Company's enterprise risk management program. The CNG Committee reviews the content of and compliance with the Company's Board of Directors Governance Guidelines annually.

All recommendations from the CNG Committee are submitted to the Board of Directors for approval.

Compensation Committee Interlocks and Insider Participation

None of the members of the CNG Committee are or have been officers or employees of the Company. No interlocking relationship existed between our Board of Directors or our CNG Committee and the Board of Directors or compensation committee of any other company during fiscal year 2012.

Communication with Directors

Any stockholder who desires to contact the Company's Board of Directors may do so by writing to the Corporate Secretary, Royal Gold, Inc., 1660 Wynkoop Street, Suite 1000, Denver, Colorado 80202. Any such communication should state the number of shares beneficially owned by the stockholder making the communication. The Corporate Secretary will forward any such communication to the Chairman of the CNG Committee, and will forward such communication to other members of the Board of Directors, as appropriate, provided that such communication addresses a legitimate business issue. Any communication relating to accounting, auditing or fraud will be forwarded to the Chairman of the Audit Committee.

Code of Business Ethics and Conduct

The Company has adopted a Code of Business Ethics and Conduct (the "Code") applicable to all of its Directors, officers and employees, including the President and Chief Executive Officer, the Chief Financial Officer and Treasurer, and other persons performing financial reporting functions. The Code is reviewed on a yearly basis. The Code is available on the Company's website at www.royalgold.com. The Code is designed to deter wrongdoing and promote (a) honest and ethical conduct; (b) full, fair, accurate, timely and understandable disclosures; (c) compliance with laws, rules and regulations; (d) prompt internal reporting of Code violations; and (e) accountability for adherence to the Code. The Company will post on its website any amendments to, or waivers from, any provision of the Code.

Governance Guidelines

The Board of Directors, upon recommendation from the CNG Committee, adopted Board of Directors Governance Guidelines to assist the Board of Directors in the discharge of its duties and to serve the interests of the Company and its stockholders. The Board of Directors Governance Guidelines are reviewed on a yearly basis. The Board of Directors Governance Guidelines are available on the Company's website at www.royalgold.com.

Anti-Hedging and Short Sale Policies

The Company's insider trading policy prohibits Directors, the Company's executive officers and employees on the Company's restricted trading list from trading in the Company's common stock on a short term basis, purchasing the Company's common stock on margin, short sales of Company stock, buying or selling put or call options or other derivative securities relating to Company stock, engaging in hedging or monetization transactions, such as collars, equity swaps, prepaid variable forwards and exchange funds with respect to the Company's common stock, participating in investment clubs that invest in the Company's securities, holding the Company's securities in a margin account, and other than pursuant to a qualified trading plan placing open orders (i) of longer than three business days or (ii) ending after a trading window has closed.

Table of Contents

Trading Controls and Hedging Transactions

Directors, executive officers and employees on the Company's restricted trading list are required to receive the permission of the Company's Corporate Secretary prior to entering into any transactions in Company securities, including gifts, grants and transactions involving derivatives. Generally, trading is permitted only during announced trading periods. Directors, executive officers and employees on the Company's restricted trading list may enter into a trading plan under Rule 10b5-1 of the 1934 Act. These trading plans may be entered into only during an open trading period and must be approved by the Company. Directors, executive officers and employees on the Company's restricted trading list are prohibited from entering into hedging transactions, as described above.

Certain Relationships and Related Transactions

The Audit Committee's charter requires it to approve or ratify certain related transactions. Any transaction with a related person, other than transactions available to all employees generally or involving aggregate amounts of less than \$120,000 must be approved or ratified by the Audit Committee. The policies apply to all executive officers, Directors and their family members and entities in which any of these individuals has a substantial ownership interest or control. The Audit Committee has determined there have been no related transactions since the beginning of fiscal year 2012.

DIRECTOR COMPENSATION

Royal Gold's compensation for non-employee Directors is designed to reflect current market trends and developments with respect to compensation of board members. The Company does not have a retirement plan for non-employee Directors. Executive officers who are also Directors are not paid additional compensation for their services on the Board of Directors. Therefore, Mr. Jensen, as President and Chief Executive Officer, does not receive any compensation for his services as a Director.

The CNG Committee is responsible for evaluating and recommending to the independent members of the Board of Directors the compensation for non-employee Directors. The independent members of the Board of Directors make final compensation decisions. Director compensation was reviewed for fiscal years 2011 and 2012, based on a benchmark study conducted by Frederic W. Cook & Co., Inc. (the "Cook Director Study") in May 2010. No modifications regarding fees were made during fiscal year 2012.

In August 2012, Director compensation was reviewed for fiscal year 2013 based on a benchmark study conducted by Frederic W. Cook & Co., Inc. (the "2012 Study"). The 2012 Study reviewed annual cash retainers, fees for attending board and committee meetings, fees for committee membership, and an annualized present value of equity compensation for a benchmark peer group. The 2012 Study found that total Director compensation, on average, is below the peer median and recommended several alternatives in order to position Director compensation above the median and close to the 75th percentile of the benchmark companies, while maintaining the philosophical weighting between cash and equity compensation.

Based on the 2012 Study, the increased business demands of the Company, and the CNG Committee's recommendations, the Board of Directors modified the non-employee Directors' cash compensation beginning July 1, 2012 and effective for fiscal year 2013, as follows: the annual retainer increased to \$50,000 from \$30,000, meeting fees remained the same at \$1,500 per meeting attended either in person or by telephone, the fee paid to the Chairmen of the Audit Committee and CNG Committee increased to \$14,000 from \$6,000 per year, and the committee meeting fees increased to \$1,500 from \$1,000 per meeting attended either in person or by telephone. The annual fee for the Chairman of the Board increased to \$95,000 from \$55,000. Additionally, the non-employee Directors' annual grant of restricted stock was increased to 2,175 shares from 2,000 shares.

Table of ContentsCash Compensation

For fiscal year 2012, each non-employee Director of the Company received an annual fee of \$30,000 for service as a Director and an additional \$1,500 for each Board of Directors meeting attended, either in person or via telephone. The Chairman of the Audit Committee and the Chairman of the CNG Committee each received an annual fee of \$6,000 for their service as chairman of their respective committees. Each member of the Audit Committee and the CNG Committee received \$1,000 for each meeting attended, either in person or via telephone. The Chairman of the Board received an additional annual fee of \$55,000 for his service as Chairman of the Board of Directors.

Equity Compensation

On August 18, 2011, each non-employee Director was granted 2,000 shares of restricted stock. Half of the shares of restricted stock vested immediately upon grant and the remaining half of the shares of restricted stock will vest on the first anniversary of the grant date.

Expenses

Non-employee Directors are reimbursed for all of their out-of-pocket expenses incurred in connection with the business and affairs of the Company.

Stock Ownership Guidelines

All non-employee Directors are encouraged to have a significant long-term financial interest in the Company. To encourage alignment with the interests of stockholders, each non-employee Director is expected to own shares of Royal Gold common stock equal to ten times the annual cash retainer. Non-employee Directors have five-years from the date of their respective first restricted stock grant to meet ownership targets. All of the Directors exceed their ownership guidelines except Mr. Bogden, who joined the Board August 1, 2011.

All non-employee Directors are required to hold 50% of the shares of common stock acquired pursuant to any equity grant, net of any shares sold to cover withholding taxes, until they meet their ownership target (see page 32).

Fiscal Year 2012 Directors' Compensation

The following table provides information regarding the compensation of the Company's non-employee Directors in fiscal year 2012. Amounts shown for each Director vary due to service on committees or as committee chairs for all or a portion of the year. The annual retainer for fiscal year 2012 is paid in cash on a quarterly basis.

- (2) The amounts shown represent the total grant date fair value, determined in accordance with Accounting Standards Codification ("ASC") 718, of restricted stock awards in fiscal year 2012. Amounts shown do not represent cash payments made to the individuals, amounts realized or amounts that may be realized. Refer to Note 9 to the Company's consolidated financial statements contained in the Company's 2012 Annual Report on Form 10-K filed with the SEC on August 9, 2012, for a discussion on the valuation of the restricted stock awards. In accordance with ASC 718, the grant date fair value for each restricted stock award in fiscal year 2012 was \$68.18, which was the closing price of Royal Gold's common stock on the NASDAQ Global Select Market on the date of grant. Restricted stock awards related to continued service for non-employee Directors vest 50% immediately upon grant and 50% on the first anniversary of the date of the grant. As of June 30, 2012, Messrs. Dempsey, Bogden, Haase, Hayes, Howell and Stuckert each beneficially owned 1,000 shares of restricted stock.
- (3) No stock option awards were granted to non-employee Directors during fiscal year 2012. As of June 30, 2012, Mr. Howell owned 17,500 previously granted stock options that remain unexercised. Messrs. Dempsey, Bogden, Haase, Hayes, and Stuckert do not own any stock options.
- (4) Mr. Bogden joined the Board on August 1, 2011.
- (5) Mr. Worth retired from the Board on November 16, 2011.

Overview and Summary of Fiscal Year 2012 Business Results and Relationship to Executive Compensation

Royal Gold's decade of growth has been accomplished through a series of successful acquisitions of royalties and similar interests on properties that have experienced excellent production performance by the companies operating the mines, and the increased gold price. Our executive officers continue to be a critical part of the success of our acquisition strategies including the identification of opportunities, due diligence and execution of transactions. The following is a summary of our financial performance and other significant achievements during fiscal year 2012:

We achieved record results in all financial measures on a year-over-year basis:

Net income attributable to Royal Gold stockholders increased 30%;

Revenue increased 22%;

Adjusted EBITDA increased 25% (see Appendix A for a reconciliation of non-GAAP financial measures to our results as reported under GAAP);

We increased our dividend 36% to \$0.60 per share;

We increased our financial capacity and flexibility by completing an equity offering, expanding our credit facility and completing a convertible notes offering yielding aggregate additional liquidity of approximately \$725 million; and

From our revenue stream and as a result of increasing our financial capacity, we added three new business interests during the fiscal year:

Edgar Filing: ROYAL GOLD INC - Form DEF 14A

We increased our interest in the gold production from the Mt. Milligan project from 25% to 40%;

We acquired an interest in 12.5% of gold production and 22.5% of silver production from the Tulsequah Chief project; and

We acquired a 3.0% net smelter return royalty on the Ruby Hill gold mine.

The Company believes that these strong financial, operational and stockholder return results were driven in part by its executive compensation program.

Relationship Between Company Performance and Chief Executive Officer Compensation

The following graph demonstrates the relative growth of Adjusted EBITDA compared to the growth in Chief Executive Officer Total Compensation. The chart has been indexed to 100 in Fiscal 2009 for comparative purposes. During the period from the end of Fiscal 2009 through the end of Fiscal 2012, Adjusted EBITDA has grown by 285% while Chief Executive Officer Total Compensation has grown by 64%.

Five-Year Total Stockholder Return

This graph shows how a \$100 investment in the Company's common stock on June 30, 2007, would have grown to \$343.68 on June 30, 2012, with dividends reinvested quarterly. The chart also compares the total stockholder return on the Company's common stock to the same investment in the S&P 500 Index and the PHLX Gold/Silver Sector IndexSM (XAUSM) over the same period, with dividends reinvested quarterly. As illustrated below, the Company's common stock outperformed both the S&P 500 Index and the XAUSM during this period.

Compensation Philosophy and Objectives

The Compensation, Nominating and Governance Committee (the "CNG Committee") is responsible for, among other things, setting and administering the policies that govern the compensation for the executive officers of the Company.

The CNG Committee is composed entirely of "outside Directors," as defined under Section 162(m) of the Internal Revenue Code, "non-employee" Directors, as defined under Rule 16b-3 under the Securities Exchange Act of 1934, and each member is independent under the applicable NASDAQ listing standards. Final compensation decisions are made by the independent members of the Board of Directors following discussion and consideration of the recommendations of the CNG Committee.

The CNG Committee evaluates the performance of management and recommends to the full Board of Directors the cash compensation level for all officers. The Company also maintains its 2004 Omnibus Long-Term Incentive Plan ("LTIP"), a long-term stock-based incentive plan designed to balance cash compensation with the need for sustainable results, and to align the interests of executive officers with the interests of stockholders. Long-term equity compensation is designed to incentivize executive officers to manage the Company's business over a multi-year period by delivering a significant portion of each officer's potential total compensation at a future date. The CNG Committee administers the LTIP and recommends levels of equity awards such as stock options, SARs, restricted stock and performance stock awards to the full Board of Directors. The amount of each incentive award is driven primarily by the Company's overall compensation goals for each individual officer, the amount deemed appropriate to encourage the officer's best efforts on behalf of the Company, the Company's desire to retain the officer as an employee, the officer's relative level in the Company, and the individual's ability to impact strategic business goals. Additionally, the CNG Committee establishes targets and awards under its LTIP with due consideration to a careful risk analysis to assure that executive officers are guided by appropriate incentives.

Royal Gold's general compensation philosophy is focused on paying a competitive salary and providing attractive annual and long-term incentives to reward growth and to link management interests with stockholder interests. The Company emphasizes compensation correlated with financial performance and share price. For example, 78% of total direct compensation to named executive officers was performance based and not guaranteed. The CNG Committee believes that such incentives are critical to the sustainability and continuity of the Company's business and that such incentives support executive retention.

The CNG Committee specifically believes that the compensation philosophy and programs of Royal Gold should:

link rewards to individual performance and business results;

encourage creation of long-term stockholder value and achievement of strategic objectives;

target management cash compensation, consisting of salary and cash bonuses, near the 50th percentile of our benchmark peer group, with opportunity to receive total direct compensation, consisting of salary, cash bonuses and long-term incentive awards, near the 75th percentile;

maintain an appropriate balance between base salary, annual bonuses and long-term incentives;

attract and retain the highest caliber personnel on a long-term basis; and

discourage excessive risk taking but encourage the creative and innovative conduct of management.

Royal Gold employs twenty employees and places primary importance on the talent of those employees to manage and grow the Company. Based on the small number of employees, Royal Gold's

Table of Contents

executives are required to be multi-disciplined, self-reliant and highly experienced. The CNG Committee believes the loss of Royal Gold's executive talent would be a significant detriment to the Company's future success. To avoid the loss of talent, the Company believes it is appropriate to target total direct compensation (salary, bonus and long-term incentives) near the 75th percentile of its peer group companies in the United States and Canada engaged in either the mining of or exploration for precious metals or in the acquisition or management of interests in mining operations. In determining specific compensation amounts for executives, the CNG Committee considers such factors as (1) experience; (2) individual performance; (3) tenure; (4) role in achieving key identified performance measures that the CNG Committee believes are the key drivers of the Company's long-term success and stock price appreciation ("Key Performance Measures"); and (5) compensation compared to the Company's other officers and to the Company's peer group. The Key Performance Measures are revenue growth, financial strength, marketing, cost containment, asset protection and governance. Each executive officer's annual bonus is directly correlated to each officer's level of influence on these Key Performance Measures, and the Company's performance on these measures as determined by the CNG Committee after receiving recommendations from the President and Chief Executive Officer.

Consideration of Say-On-Pay Vote Results

The advisory vote regarding compensation of the Company's named executive officers submitted to stockholders at the 2011 Annual Meeting was approved by over 98% of the votes cast for or against the proposal. The CNG Committee considered this favorable vote of the stockholders to be a strong endorsement of the Company's compensation philosophy and objectives. The CNG Committee will continue to consider the results from this year's and future advisory votes on executive compensation.

Metrics for Selecting Comparison Companies

The timing of the Company's fiscal year end also afforded the CNG Committee an opportunity to review and analyze policies relating to the proxy advisory firms recommendation that emerged during the 2012 proxy season. In light of the metrics used by the proxy advisory firms for 2012, the CNG Committee suggests that the following considerations be kept in mind regarding comparisons of CEO compensation and Company performance against external benchmarks.

1. Revenues are a poor indicator of the value of Royal Gold. Revenues of a typical business are significantly offset by the operating costs of that business. Royal Gold's royalty business model does not require it to manage mine operations and, as such, the Company has minimal operating cost which translates into approximately 90% of its revenues passing directly to Adjusted EBITDA. Royal Gold's investors understand this feature of its business model and focus on operating margins in valuing the Company. Royal Gold believes market capitalization is a much better indication of relative size, for purposes of external benchmarking.

2. Standard industry classifications and groupings are largely irrelevant to Royal Gold. There are only approximately ten publicly traded companies worldwide that are involved in the precious metal royalty business, all of which have primary listings outside of the U.S. except for Royal Gold. This means that all of our true peers are excluded from the U.S. industry classification. In addition, the limited number of U.S. precious metals companies of comparable size to Royal Gold means that companies from the broader "materials" industry are used as comparisons. Gold is often negatively correlated to the broader industry so benchmarking Royal Gold's total shareholder return against chemical, construction, materials, base metals and forest products is simply not relevant in determining relative performance.

Therefore, Royal Gold selected the comparable companies listed on page 26 as its benchmark peer group due to their involvement in the precious metals industry and their relative market capitalization.

Role of Management

Compensation objectives, including benchmarks and performance goals and objectives, are established by the CNG Committee after receiving recommendations from the President and Chief Executive Officer, and are reviewed annually with the Board of Directors. In general, each executive officer completes an annual self-assessment of his or her individual performance, which is reviewed with Royal Gold's President and Chief Executive Officer. Based on such annual reviews and the Company's compensation objectives, the President and Chief Executive Officer recommends annual bonus awards and long-term incentive awards to the CNG Committee. The CNG Committee considers, but is not bound by, those recommendations in making annual bonus and long-term incentive award recommendations to the Board of Directors. The CNG Committee conducts an annual review of the President and Chief Executive Officer's performance and all recommendations to the Board of Directors relating to the President and Chief Executive Officer's compensation are made by the CNG Committee independent from members of management.

Role of Compensation Consultants and Evaluation of Compensation Program

The CNG Committee independently sought and received advice from independent compensation and benefits consultants which it believes is necessary and useful to conduct a review of the Company's compensation program. In addition to providing technical support and input on market practices, the CNG Committee's goal in utilizing compensation and benefits consultants is to provide external benchmark information for assessing compensation relative to the Company's compensation philosophy. The CNG Committee also reviews cost of living increases as a separate factor in salary increases, and utilizes applicable information to determine the level to which salaries should be modified to reflect changes in the cost of living.

In August 2011, the CNG Committee engaged Frederic W. Cook & Co., Inc. ("Frederic W. Cook") to conduct a study of the Company's executive officer compensation program. This study was used to review and provide guidance for executive compensation for fiscal years 2011 and 2012. Frederic W. Cook was asked to establish a benchmark peer group of companies in the United States and Canada which were engaged in either mining of or exploration for precious metals or in the acquisition and management of interests in mining operations and which were reflective of the Company's market capitalization. The peer group, recommended by Frederic W. Cook, as developed with input from the CNG Committee Chairman and management, and approved by the CNG Committee, consisted of 11 companies: IAMGOLD, Silver Wheaton, Franco-Nevada, Pan American Silver, Coeur d'Alene Mines, Hecla Mining, Osisko Mining, Centerra Gold, New Gold, Alamos Gold and AuRico Gold. The study reviewed the Company's base salaries, annual bonuses, benefits, non-cash compensation, and long-term incentives in comparison with the benchmark group and provided a review of the competitiveness, fairness, and effectiveness of each component of compensation and an evaluation of individual total compensation.

The results of the August 2011 benchmark study showed that the Company's executive officer's salaries for fiscal 2012 were in the 27th percentile, salaries plus bonuses were in the 11th percentile, long-term incentives were near the 83rd percentile, and total direct compensation (salary, bonus, and long-term incentives) were in the 63rd percentile of the benchmark peer group. The CNG Committee concluded from the study that the Company's total direct compensation package had declined in recent years relative to the benchmark peer group and that methodical salary adjustments should be made in fiscal 2011 and 2012 instead of a lump sum catch-up for those individuals whose cash compensation fell below the 50th percentile. As a result of that study, the CNG Committee approved and recommended bonus awards for fiscal year 2012 as discussed below and shown in the Summary Compensation Table, in addition to base salary increases for fiscal year 2012 for the named executive officers of 13.0%, on average, which includes a 3.6% adjustment for cost of living increases determined by the United States Bureau of Labor Statistics Consumer Price Index.

Table of Contents

Components of Executive Compensation

Royal Gold's compensation program consists of base pay, annual cash bonuses, long-term incentives and benefits. The CNG Committee believes perquisites for executives should be extremely limited in scope and value and, therefore, generally does not provide perquisites or other special benefits to executive officers. The CNG Committee believes that the Company should pay competitively in the aggregate as well as deliver an appropriate balance between cash compensation (base salary and bonuses) versus equity compensation (long-term incentives). The CNG Committee emphasizes long-term incentives over cash compensation as components of the executive compensation package. The relative portions of cash compensation and long-term incentives varies for each named executive officer, but generally each named executive officer's compensation package is intended to provide a significant portion of the executive's compensation through long-term incentives.

As illustrated in the chart below, in fiscal year 2012, 78% of total direct compensation to the named executive officers was performance based and not guaranteed.

Base Salary

Base salary is the fixed cash amount paid to an officer on a fiscal year cycle. Employment agreements for Messrs. Jensen, Kirchhoff, Wenger and Zisch provide for a minimum salary level which has increased each fiscal year. Increases in cost of living are considered and are added to base salary levels at the prevailing rate, if appropriate. Cost of living adjustments are made based on data obtained from the Mountain States Employers' Council or United States Bureau of Labor Statistics. Actual salaries vary by individual and are based on sustained performance toward achievement of the Company's goals and objectives, experience and peer group benchmark studies. The CNG Committee believes that salaries should be adjusted as necessary in order to maintain the Company's competitiveness within the mining industry, and are intended to position each officer near the 50th percentile of the Company's benchmark peer group, including the position of the President and Chief Executive Officer.

In order to achieve the desired competitiveness of cash compensation, based on the August 11, 2011, benchmark study discussed above, the CNG Committee approved increases in base salary for the named executive officers for fiscal year 2012 from fiscal year 2011 by an average of approximately 13.0%. The CNG Committee recommended, and the independent members of the Board of Directors approved, an increase in base salary for Mr. Jensen from \$500,000 to \$540,000, Mr. Heissenbuttel from \$240,000 to \$290,000, Mr. Kirchhoff from \$252,000 to \$275,000, Mr. Wenger from \$235,000 to \$280,000 and Mr. Zisch from \$246,000 to \$280,000 for fiscal year 2012.

Table of Contents

Annual Cash Bonuses

Annual cash bonus awards are discretionary and are based on individual and corporate performance, the Company's ability to pay, and competitive compensation practices in the mining industry, including those based on the results of applicable benchmark studies. Annual bonuses are recommended to the CNG Committee by the Company's President and Chief Executive Officer based on annual reviews of each executive officer's performance and contribution to the Company's corporate goals and objectives. In addition, the CNG Committee may on occasion recommend additional bonus awards for exceptional individual performance in special circumstances.

In determining the amount of cash bonuses to be paid for the fiscal year ended June 30, 2012, the CNG Committee generally considered three main factors: (i) each executive officer's influence on the Key Performance Measures discussed below, (ii) the Company's performance with respect to the Key Performance Measures, and (iii) the August 2011 benchmark study discussed above to provide guidance on the amount of bonus awards. The CNG Committee also considered any extraordinary accomplishments of the Company's executive officers. The CNG Committee continued its overall goal of achieving cash compensation near the 50th percentile. As a first step in this process, the CNG Committee made a subjective judgment, relying in part on the recommendations of the President and Chief Executive Officer, regarding each executive officer's influence on the following Key Performance Measures: (1) the Company's revenue growth, (2) cost containment, (3) financial strength, (4) asset protection, (5) governance, and (6) marketing. An overview of the CNG Committee's overall impression of each named executive officer's influence on the Key Performance Measures during the fiscal year ended June 30, 2012, is provided below.

Tony Jensen, President and Chief Executive Officer: Mr. Jensen was determined to have significant influence over revenue growth, cost containment, financial strength and marketing. He was determined to have notable influence regarding asset protection and governance.

Stefan Wenger, Chief Financial Officer and Treasurer: Mr. Wenger was determined to have significant influence over cost containment, financial strength and governance, and notable influence over revenue growth and marketing. He was determined to have some influence over asset protection.

Bruce C. Kirchhoff, Vice President and General Counsel: Mr. Kirchhoff was determined to have significant influence over cost containment and governance, and notable influence regarding revenue growth and asset protection. He was determined to have some influence over financial strength and little influence over marketing.

William Heissenbuttel, Vice President of Corporate Development: Mr. Heissenbuttel was determined to have significant influence over revenue growth and cost containment and notable influence over financial strength and marketing. He was determined to have some influence over asset protection and governance.

William M. Zisch, Vice President Operations: Mr. Zisch was determined to have significant influence over cost containment and asset protection, and notable influence over revenue growth, governance and marketing. He was determined to have some influence over financial strength.

Once an evaluation of each executive officer's influence on the Key Performance Measures was completed, the CNG Committee analyzed, on a subjective basis, the Company's performance across the same Key Performance Measures for the fiscal year ended June 30, 2012, and determined that the Company showed very strong performance with respect to the Company's asset protection, governance and marketing, and strong or acceptable performance with respect to revenue growth, financial strength and cost containment.

Table of Contents

The CNG Committee made bonus determinations for the fiscal year ended June 30, 2012, based on a combination of each executive officer's influence on the Key Performance Measures, the Company's performance across the same Key Performance Measures and the cash compensation benchmarks set for compensation for the fiscal year ended June 30, 2012, based on the August 2011 benchmark study. Several data sets were used to compare the Company's named executive officers with benchmark named executive officers, including professional discipline comparisons, comparisons between the highest paid officers and our named executive officers, and comparing our named executive officers against the average of the second to fifth highest paid benchmark officers. Adjustments were considered for special achievement, but none were made.

Long-Term Incentives

The Company's LTIP permits the award of various types of stock-based incentives. Grants are typically in the form of incentive and non-qualified stock options, SARs, shares of restricted stock and performance stock awards that vest in the future based on the achievement of performance objectives. The LTIP is designed to provide a variety of long-term awards in order to balance the Company's cash compensation with the need for sustainable results, to align the interests of management with stockholders, and to provide each executive officer with a significant incentive to manage the Company over a multi-year period. The LTIP compensation is intended to drive future performance of employees by delivering a significant portion of each executive officer's potential total compensation at a future date. The amount of each incentive award is driven primarily by the Company's overall compensation goals for the individual, the Company's desire to retain the individual as an employee, an individual's relative level in the Company, the individual's impact on corporate goals, the Company's relative achievement of such goals, and an individual's total compensation relative to total compensation of similarly situated employees in the peer group companies.

As discussed in more detail under the headings *Compensation Philosophy and Objectives* on page 24 and *Role of Compensation Consultants and Evaluation of Compensation Program* on page 26, the Company has set a general goal of targeting total direct compensation (cash and equity awards) near the 75th percentile of its benchmark peer group and cash compensation (base salary and bonus) near the 50th percentile of its benchmark peer group. In determining the amount of equity awards to be made under the LTIP in August 2011, as a starting point the CNG Committee considered the combination of base salary and bonus for each individual. The CNG Committee then recommended to the full Board equity awards that, when added to each individual's cash awards, would allow the individuals to progress toward his or her total direct compensation target.

In determining the form of equity awards made in August 2011, the CNG Committee considered (i) the goal of retaining certain individuals through the granting of shares of restricted stock, (ii) the desire to drive sustainable results through the granting of stock options and SARs, and (iii) the intent to provide an incentive if certain corporate goals are accomplished through the granting of performance shares. The aggregate amount of equity awards granted to the named executive officers in August 2011 was most heavily weighted to performance shares, which are considered more challenging to achieve.

The Company typically awards the first \$100,000 in value of stock options in the form of incentive stock options (the limit for incentive stock options under the Internal Revenue Code), and amounts above \$100,000 are typically awarded in the form of SARs. The amount and form of equity awards determined by the CNG Committee in the manner described above for each named executive officer were recommended to the independent members of the Board of Directors by the CNG Committee, and the independent members of the Board of Directors finally determined and granted the awards. For any fiscal year, the CNG Committee does not utilize predetermined levels of LTIP awards as a percentage of base salary.

Table of Contents

Timing of Equity Grants

Historically, stock options, SARs, restricted stock and performance awards were granted once a year in November for performance during the fiscal years ended June 30, as recommended by the CNG Committee and approved by the independent members of the Board of Directors. In August 2011, the CNG Committee recommended to the independent members of the Board of Directors that equity awards for the executive officers be reviewed in August, rather than in November as in prior years, thereby permitting cash bonus awards and equity awards to be considered at the same time. Accordingly, beginning with fiscal year 2012, equity grants were and will be granted once a year in August. Members of Royal Gold's management do not have authority to make off-cycle or ad-hoc equity grants. In the event of a new hire grant, approval is obtained prior to any grant being made either at a regularly scheduled Board of Directors meeting or by unanimous written consent of the Board of Directors.

Stock Options

The Company grants stock options as part of its LTIP. Stock options are considered long-term awards that are intended to drive shareholder value and align management with stockholders with regard to share price appreciation. The exercise price of options is based on the closing price of the Company's common stock on the NASDAQ Global Select Market on the date of grant. Options have ten-year terms. For all of the named executive officers, stock options vest in equal annual increments over three years beginning on the first anniversary of the grant. Stock options, once granted, are not subject to any future price adjustment.

Stock-Settled Stock Appreciation Rights

SARs are granted as part of the Company's LTIP. SARs are similar to stock options in that a SAR is a right to receive, upon exercise, the excess of the fair market value of one share of stock on the date of exercise over the grant price of the SAR. SARs are considered long-term awards that are intended to achieve stockholder value by aligning management's interests with stockholders' interests. The exercise price of SARs is based on the closing price of the Company's common stock on the NASDAQ Global Select Market on the date of grant. SARs have ten-year terms. For all of the named executive officers, SARs vest in equal annual increments over three years beginning on the first anniversary of the grant. SARs, once granted, are not subject to any future price adjustment.

Restricted Stock

The Company's LTIP also allows for the issuance of restricted stock awards. Restricted stock awards are focused on retention and long-term commitment of executives. Restricted stock awards are granted to officers and certain other employees. Shares of restricted stock are considered issued and outstanding with respect to which executives may vote and receive dividends paid in the ordinary course to other Royal Gold stockholders. Royal Gold has paid a cash dividend on its common stock for each fiscal year beginning in fiscal year 2000, on a calendar year basis, subject to the discretion of the Board of Directors.

Prior to August 13, 2012, restricted stock awards vested in equal one-third increments beginning on the fourth anniversary of the restricted stock grant date, with full vesting six years from the date of grant. The Company's recent experience showed that the commencement of vesting of restricted stock in the fourth year did not deter certain talented employees from leaving the Company prior to commencement of the first vesting of restricted stock. To address this concern, while still encouraging employee retention and long-term commitment, the Board approved, upon the CNG Committee's recommendation, that beginning on August 13, 2012, restricted stock awards will vest in equal one-third increments beginning on the third anniversary of the restricted stock grant date, with full vesting five years from the date of grant.

Table of Contents

Performance Awards

The Company also grants performance awards under the LTIP. Performance awards, which are also referred to as performance shares or performance stock awards in this Proxy Statement, are intended to provide significant incentive to obtain long-term, non-dilutive growth performance. The portion of each executive officer's total compensation in the form of performance shares varies for each officer. In awarding performance shares to any executive officer, the CNG Committee considers the executive officer's responsibilities within the Company and the executive officer's ability to influence or meet the performance objectives. Performance shares can only be earned if multi-year performance goals are met within five years of the date of grant. If the performance goals are not earned by the end of the five year period, the performance shares are forfeited.

Performance shares granted for fiscal years 2010 and 2011 shown in the Summary Compensation Table may vest upon meeting one of two defined performance goals: (1) growth of free cash flow per share on a trailing twelve-month basis; and (2) growth of royalty ounces in reserve per share on an annual basis. Free cash flow, on a per share basis, is an important indicator of the Company's financial health while royalty ounces, on a per share basis, represent potential future growth. The Company defines free cash flow, a non-GAAP financial measure, as operating income plus depreciation, depletion and amortization, non-cash charges and any impairment of mining assets, less non-controlling interests in operating income of consolidated subsidiaries. Performance shares may vest in 25% increments upon meeting 25%, 50%, 75% and 100% of performance goals. Performance shares will vest upon the CNG Committee's determination that such 25% increment of the performance goals has been met.

At the time the performance goals were set with respect to the performance shares granted in November 2010, the Company believed the performance goals would be relatively difficult to achieve because they required the Company to grow its underlying assets substantially in the face of a highly competitive market.

In August 2011, the CNG Committee recommended to the independent members of the Board of Directors the approval of a modification to the performance goals relating to the prospective performance awards granted for future fiscal years. As a result of the change, performance awards may vest upon Royal Gold meeting a single pre-defined performance goal relating to growth of adjusted free cash flow per share on a trailing twelve-month basis. The modification in the performance goal only applies to performance awards granted for fiscal years beginning with 2012.

Performance shares are not considered issued and outstanding shares with respect to which executives may vote or receive dividends. Performance shares are settled with shares of the Company's common stock when they vest.

As of the record date, 100% of the performance goals set for the performance shares awarded in fiscal year 2010 were met, 50% of the performance goals set for the performance shares awarded in fiscal year 2011 were met, and 25% of the performance goals set for the performance shares awarded in fiscal year 2012 were met. As a result, 100%, 50% and 25% of the performance shares for fiscal years 2010, 2011, and 2012, respectively, have vested and have been settled with common stock. For purposes of ASC 718 recognition of compensation expense, as of June 30, 2012, management determined that it is probable that the remaining 50% and 75% of the performance shares granted in fiscal year 2011 and 2012, respectively, will vest in future periods, in large part due to the Company's strong performance since the grant date of such performance shares, resulting in part from the Company's successful recent acquisitions. However, performance shares will not vest until performance objectives are actually met as determined by the CNG Committee.

Employment Agreements

Royal Gold has entered into employment agreements with Messrs. Jensen, Kirchhoff, Wenger and Zisch. Pursuant to Mr. Jensen's employment agreement, Mr. Jensen will continue to serve as the

Table of Contents

Company's President and Chief Executive Officer and the Company's Board of Directors will continue to nominate Mr. Jensen for re-election as Director. Pursuant to individual employment agreements, Messrs. Wenger, Kirchhoff and Zisch will continue to serve as the Company's Chief Financial Officer and Treasurer, Vice President and General Counsel and Vice President Operations, respectively. The employment agreements for Messrs. Jensen, Kirchhoff and Wenger are for one-year terms, renew automatically for four consecutive one-year periods, and will expire on September 15, 2013, unless either the Company or the executive timely elects not to renew the term of the Agreement. In April 2011, Mr. Zisch signed an employment agreement which will automatically renew for two years, and also will expire on September 15, 2013. As described below under the heading *Potential Payments Upon Termination or Change of Control*, each of the employment agreements provides for severance compensation in certain events. None of the employment agreements provide for excise tax gross-ups for change-in-control provisions.

Benefit Programs

Benefit programs for the executive officers are generally common in design and purpose to those for the broad-base of employees in the United States. The Company also maintains a Simplified Employee Pension Plan, known as a Salary Reduction/Simplified Employee Pension Plan ("SARSEP Plan") in which all employees are eligible to participate. This plan was chosen because of regulatory compliance simplicity, avoidance of significant administrative expense, availability of tax-advantaged investment opportunities, and relative freedom from significant vesting or other limitations. The SARSEP Plan allows employees to reduce their pre-tax salary, subject to certain limitations, and to put this money into a tax deferred investment plan. This is a voluntary plan. Individuals may make contributions of up to the lesser of (i) 25% of their aggregate annual salary and bonus, or (ii) \$17,000, or if the employee is over age 50, \$22,500, for calendar year 2012. The Company may make non-elective contributions, up to 7% of an individual's annual salary and bonus, subject to limits. Those that do not participate in the SARSEP Plan receive a 3% employer contribution in accordance with the Plan. Employer contributions are immediately 100% vested. Total employee and employer contributions may not exceed the lesser of \$50,000 for calendar 2012 or 25% of total compensation for any individual.

Perquisites

The Company believes perquisites for executives should be extremely limited in scope and value and, therefore, generally does not provide perquisites or other special benefits to executive officers.

Executive Stock Ownership

Royal Gold has adopted a stock ownership program to encourage its executive officers to achieve and maintain a minimum investment in the Company's common stock at levels set by the CNG Committee. The program provides incentives for these officers to focus on improving long-term shareholder value and linking the interest of management and stockholders. Royal Gold's executive stock ownership program requires each of the Company's executive officers to own a number of shares that is valued at a multiple of his or her base salary. Unexercised stock options and SARs, unvested shares of restricted stock and unearned performance shares are not considered owned for purposes of the program. The multiple for the President and Chief Executive Officer is four times base salary, and the multiple for all other executive officers is two times base salary. There is no timeframe in which the executive officers must meet ownership targets. The program requires each executive officer to hold an aggregate of fifty percent (50%) of the shares of stock acquired pursuant to any option grant, SARs grant, restricted stock grant, or

Table of Contents

performance share grant, net of any shares sold to cover withholding taxes, until such executive officer reaches his or her ownership target.

Role	Value of Common Stock to be Owned(1)
Non-Employee Directors	10 times annual retainer
President and Chief Executive Officer	4 times salary
Executive Officers	2 times salary

(1) Shares are valued based on the closing price of the Company's common stock on grant date.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a limit on the amount that a public company may deduct for compensation paid in any one year to the Company's Chief Executive Officer and certain other executive officers named in the proxy statement. The limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance based" compensation. The Company and the CNG Committee review and consider the deductibility of executive compensation under Section 162(m). The CNG Committee usually seeks to satisfy the requirements necessary to allow the compensation of its named executive officers to be deductible under Section 162(m) of the Internal Revenue Code, but may also approve compensation that is not deductible under Section 162(m).

Post-Termination Compensation

The Company does not provide pension or other retirement benefits apart from the SARSEP Plan described above. The Company provides certain post-termination benefits pursuant to the terms of employment agreements and the LTIP, described above under "Employment Agreements" on page 31 and below under the section titled "Potential Payments Upon Termination or Change-in-Control" on page 40. None of the employment agreements provide for excise tax gross-ups for change-in-control provisions.

(1) Represents performance stock awards that will vest upon achievement of target performance objectives within five years of the grant. If target performance objectives are not met within five years of the grant, the performance stock awards will be forfeited. If target performance objectives are met at any time during the five year period, up to 100% of the performance stock awards will vest. Interim amounts may vest in 25% increments upon achievement of 25%, 50%, 75% and 100% of the target objectives. Amounts shown in the "Threshold" column represent minimum achievement of 25% of the target objectives. Amounts shown in the "Target" column and "Maximum" column represent maximum achievement of 100% of the target objectives. Each performance stock award, if earned, will be settled with a share of Royal Gold common stock. The closing price of Royal Gold's common stock on the NASDAQ Global Select Market on the date of grant was \$68.18. Performance targets are based on compounded annual growth rate in adjusted operating cash flow. Performance stock awards will not vest until the performance target is actually met. Performance stock awards are not issued and outstanding shares upon which the named executive officer may vote or receive dividends.

(2)

Edgar Filing: ROYAL GOLD INC - Form DEF 14A

Represents shares of restricted stock that vest on continued service. The closing price of Royal Gold's common stock on the NASDAQ Global Select Market on the date of grant was \$68.18. Shares of restricted stock granted during fiscal year 2012 will vest ratably over three years commencing on the fourth anniversary of the grant date. Accordingly, one-third of the awarded shares will vest on August 18 of each of the years 2015, 2016 and 2017. Shares of restricted stock are issued and outstanding shares of common stock which have voting rights and upon which the named executive officers received dividends calculated at the same rate paid to other stockholders. Royal Gold has paid a cash dividend on its common stock for each year beginning in fiscal year 2000.

(3)

Represents stock option and SARs awards granted to Messrs. Jensen, Wenger, Kirchhoff, Heissenbittel and Zisch that vest ratably over three years commencing on the first anniversary of the grant date. Accordingly, one-third of the stock options and SARs will become exercisable on August 18 of each of the years 2012, 2013 and 2014. Amounts for Messrs. Jensen, Wenger, Kirchhoff, Heissenbittel, and Zisch include SARs awards of 20,134, 3,534, 3,534, 3,534 and 3,534 shares, respectively, and 1,466 stock option awards for each individual.

(4)

Exercise or base price is the closing price of the Company's common stock on the NASDAQ Global Select Market on the grant date.

(5)

Amounts shown represent the total fair value of awards calculated as of the grant date in accordance with ASC 718 and do not represent cash payments made to the individuals, amounts realized or amounts that may be realized.

- (3) Market value is based on a stock price of \$78.40, the closing price of Royal Gold's common stock on the NASDAQ Global Select Market on June 29, 2012, and the outstanding number of shares of restricted stock.
- (4) Represents performance stock awards that will vest upon achievement of target performance objectives within five years of the grant. If target performance objectives are not met within five years of the grant, the performance stock awards will be forfeited. If target performance objectives are met at any time during the five year period, 100% of the performance stock awards will vest. Interim amounts may vest in 25% increments upon achievement of 25%, 50%, 75% and 100% of the target objectives. Each performance stock award, if earned, will be settled with shares of Royal Gold common stock. Performance targets for awards made prior to fiscal 2012 are based on growth of free cash flow per share on a trailing twelve month basis and growth of royalty ounces in reserve per share on an annual basis. Performance targets for awards made beginning in fiscal 2012 are based on growth of adjusted free cash flow per share on a trailing twelve month basis.
- (5) Payout value is based on a stock price of \$78.40, the closing price on the NASDAQ Global Select Market on June 29, 2012, and assuming 100% of the performance stock awards shown will vest based on the achievement of target performance objectives. Amounts indicated are not necessarily indicative of the amounts that may be realized by the named executive officers.
- (6) Stock options and SARs will become exercisable on November 18, 2012.
- (7) One-half of the stock options and SARs will become exercisable on November 17, 2012, and the remaining one-half will vest on November 17, 2013. Amounts include 1,333 stock options and 18,667, 2,667, 2,667, 2,667 and 2,667 SARs for Messrs. Jensen, Wenger, Kirchhoff, Heissenbittel and Zisch, respectively.
- (8) One-half of the stock options and SARs will become exercisable on each of August 18, 2013 and 2014. Amounts include 977 stock options and 13,423, 2,356, 2,356, 2,356 and 2,356 SARs for Messrs. Jensen, Wenger, Kirchhoff, Heissenbittel and Zisch, respectively.

Table of Contents**FISCAL YEAR 2012 OPTION EXERCISES AND STOCK VESTED**

This table provides information on option exercises and the vesting of shares of restricted stock or performance stock awards for each of the named executive officers during fiscal year 2012.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise(1) (\$)	Number of Shares Acquired on Vesting(2) (#)	Value Realized on Vesting(3) (\$)
Tony Jensen	70,988	\$ 4,085,758	31,234	\$ 2,470,016
Stefan Wenger	20,600	\$ 988,492	12,400	\$ 989,464
Bruce C. Kirchhoff		\$	5,733	\$ 451,903
William Heissenbuttel		\$	7,400	\$ 586,314
William M. Zisch		\$	2,400	\$ 183,164

- (1) Value realized upon exercise of stock options was computed by subtracting the exercise price of the option from the closing price of the underlying Royal Gold common stock on the date of exercise and multiplying that number by the number of shares underlying the options exercised.
- (2) Amounts shown represent the number of restricted stock awards that vested on November 8, 2011 and performance stock awards that vested on November 15, 2011 and February 22, 2012 and the shares of common stock acquired by the named executive officer upon the settlement of these vested awards. Vesting of the performance stock awards were approved by the CNG Committee due to the Company achieving certain performance objectives. The Company settles vested performance awards with shares of the Company's common stock.
- (3) Value realized upon vesting of performance and restricted stock awards was computed by multiplying the closing price of the underlying Royal Gold common stock on the NASDAQ Global Select Market on the date that the performance and restricted stock awards vested, by the number of performance and restricted stock awards that vested. Performance stock awards represented in the table vested on November 15, 2011 and February 22, 2012. The closing price of the Company's common stock on NASDAQ Global Select Market on these vesting dates were \$80.76, and \$71.49, respectively. Restricted stock awards represented in the table vested on November 8, 2011. The closing price of the Company's common stock on the NASDAQ Global Select Market on that vesting date was \$80.63.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL**Employment Agreements**

Each of the employment agreements with Messrs. Jensen, Wenger, Kirchhoff and Zisch provide post-termination benefits and benefits upon a change of control. None of the employment agreements provide for excise tax gross-ups. Pursuant to the employment agreement with Mr. Jensen, he will receive severance compensation upon an involuntary termination of employment without "Cause," a voluntary termination of employment for "Good Reason," or if the Company elects not to renew the employment term during the four-year renewal period. If such termination or non-renewal does not occur within two years after a "Change of Control," then Mr. Jensen will be entitled to a lump-sum payment of one times his then base salary. If such termination or non-renewal occurs within two years after a "Change of Control," Mr. Jensen will be entitled to a lump-sum payment of two and one-half times his then base salary and two and one-half times his average annual cash incentive bonus for the prior three fiscal years, and continued employee benefits for twelve months.

Edgar Filing: ROYAL GOLD INC - Form DEF 14A

Pursuant to each employment agreement with Messrs. Wenger, Kirchhoff and Zisch, each such executive will receive severance compensation upon an involuntary termination of his employment without "Cause," a voluntary termination of employment for "Good Reason," or if the Company elects not to renew the employment term during the four-year renewal period. If such termination or non-renewal does not occur within two years after a "Change of Control," then the executive will be entitled to a lump-sum payment of one times

his or her then base salary. If such termination or non-renewal occurs within two years after a "Change of Control," the executive will be entitled to a lump-sum payment of one and one-half times his then base salary and one and one-half times his average annual cash incentive bonus for the prior three fiscal years, and continued employee benefits for twelve months.

Pursuant to the employment agreements with Messrs. Jensen, Wenger, Kirchhoff, and Zisch, an executive receives no severance compensation in the event of a termination by the Company for "Cause," a voluntary termination by the executive without "Good Reason," or if the executive elects not to renew the term of the employment agreement during the four-year renewal period.

Under the employment agreement with Messrs. Jensen, Wenger, Kirchhoff and Zisch, "Cause" is defined as a (i) guilty verdict of fraud, theft, embezzlement or misappropriation against the Company; (ii) guilty verdict of a felony or any other crime involving moral turpitude; (iii) compromise of Company proprietary and confidential information or gross or willful misconduct that causes substantial and material harm to the Company; or (iv) material uncured breach of the employment agreement. "Good Reason" is defined as the timely noticed and uncured occurrence of any of the following circumstances: (i) any material adverse change in the executive's title or responsibilities with the Company; (ii) any material reduction in the executive's base salary; (iii) receipt of notice of relocation of more than 50 miles from the job-site immediately prior to the effective date of the employment agreement; or (iv) if a Change of Control has occurred, failure to provide for the executive's participation in compensation plans that are not less favorable than those provided by the Company to similarly situated executive officers and those provided for under any plans in which the executive was participating immediately prior to the date on which a Change of Control occurs. "Change of Control" means any of the following: (i) the dissolution or liquidation of the Company or a merger, consolidation, or reorganization of the Company in which the Company is not the surviving entity; (ii) a sale of substantially all of the assets of the Company to another person or entity; (iii) any transaction which results in any person or entity (other than persons who are stockholders or affiliates immediately prior to the transaction) owning fifty percent (50%) or more of the combined voting power of all classes of stock of the Company; or (iv) during any period of two consecutive years, a change in the majority membership on the Board of Directors, except as approved by the majority of Directors then still in office who were Directors at the beginning of such period.

2004 Omnibus Long-Term Incentive Plan

The Company's restricted stock agreement, performance share agreement, stock option agreements for incentive stock options and non-qualified stock options, and stock-settled stock appreciation rights agreement, under the LTIP, provide that in the event of an "Involuntary Termination" within one year in connection with a "Corporate Transaction," all outstanding shares of restricted stock, performance shares and stock options will be immediately vested. "Corporate Transaction" means (i) the dissolution or liquidation of the Company or a merger, consolidation, or reorganization of the Company in which the Company is not the surviving entity, (ii) a sale of substantially all of the assets of the Company, or (iii) any transaction which results in any person or entity (other than persons who are stockholders or Affiliates immediately prior to the transaction) owning 50% or more of the combined voting power in the Company. "Involuntary Termination" means involuntary discharge for reasons other than "Cause" or voluntary resignation from the Company following (i) a material adverse change in the executive's title or responsibilities with the Company, (ii) a material reduction in the executive's base salary, or (iii) relocation of more than 50 miles. The Company's restricted stock agreement under the LTIP also provides that all unvested shares of restricted stock will become immediately vested upon a termination, other than for "Cause," after 15 years of service.

Pursuant to the Award Modification Agreements entered into with Messrs. Jensen, Wenger, Kirchhoff and Zisch, each executive will be entitled to accelerated vesting of stock options, shares of restricted stock and performance stock awards that were granted prior to the effective date of the Award Modification Agreements upon an involuntary termination of employment without "Cause," a voluntary termination of employment for "Good Reason," or if the Company elects not to renew the employment term during the four-year renewal period under the employment agreement with each Grantee. If such termination or non-renewal does not occur within two years after a "Change of Control," then upon such termination or

non-renewal (i) all stock options will become immediately exercisable, (ii) a pro-rated portion of each grant of shares of restricted stock will vest based on the period of employment from the date of grant to the date of termination or non-renewal, and (iii) all or a portion of the performance stock awards will fully vest based on the number of performance stock awards to which the executive would have been entitled, taking into account the Company's performance through the last day of the fiscal quarter in which the termination or non-renewal takes place, determined in accordance with the Company's practices with respect to performance stock awards. If such termination or non-renewal occurs within two years after a "Change of Control," then upon such termination or non-renewal all stock options will become immediately exercisable and all shares of restricted stock and performance stock awards will fully vest. "Cause," "Good Reason," and "Change of Control" are as defined under the executive's employment agreement and are described further above under the section titled "Employment Agreements."

Other Employee Benefits

The Company provides life insurance benefits up to \$150,000 to all of its employees. The Company also provides long-term disability coverage to all of its employees that provides for 60% of monthly salary protection up to \$7,000 a month until age 65. Each of the named executive officers shown below would be entitled to these amounts upon termination for death or disability.

The table below shows the estimated payments and benefits for each of our named executive officers that would be provided as a result of termination or a change-in-control of the Company. Calculations for this table assume that the triggering event took place on June 29, 2012, the last business day of our 2012 fiscal year, except as noted. Calculations for amounts shown for awards under the Company's LTIP are based on the closing price of the Company's common stock on the NASDAQ Global Select Market on June 29, 2012, which was \$78.40 and, for Messrs. Jensen, Wenger, Kirchhoff and Zisch, other than as noted, based on acceleration benefits provided under Award Modification Agreements entered into on September 15, 2008.
