Proposal for Tender Offer

Robert I. Frenkel, Esq.
Salomon Bros Municipal Partner
Secretary & Chief Legal Officer
300 First Stamford Place ? 4th Floor
Stamford, CT 06902

Dear Mr. Frenkel:

Karpus Management, Inc. d/b/a Karpus Investment Management (KIM), is the beneficial owner as of July 31, 2005, of 310,090 shares of the common stock of Salomon Brothers Municipal Partners Fund (MNP) (the Fund) (approximately 5.386% of the outstanding common shares) as attested by Schedule 13D/A filings with the Securities and Exchange Commission. We have been the beneficial owner of the shares valued at more than \$2,000 for more than one year and expect to continue ownership through the date of the Fund's next shareholder meeting. KIM's first purchase of shares began on December 8, 2000. All such purchases have been made in the open market.

Pursuant to Rule 14-28(b) (2) (ii) of the Securities Exchange Act of 1934, we (KIM) are hereby submitting the following proposal and supporting statement for inclusion in any and all proxy materials at the next meeting of shareholders. Attached is our Schedule 13D as electronically filed with the Securities and Exchange Commission.

PROPOSAL

KIM proposes that the Fund conduct a tender offer for up to 25% of the outstanding shares of the Fund at net asset value to be voted on at the next meeting of shareholders. Should the Board of Directors recommend to shareholders that a new advisory agreement be ratified, we propose the tender offer for shares at net asset value be increased to include all shares that did not vote for the new investment advisory contract. This would include all abstentions and broker non-votes.

SUPPORTING STATEMENT

According to the original prospectus, the Board of Directors, in consultation with the Investment Manager and the Investment Advisor, will review on an annual basis the possibility of further open market repurchases and/or tender offers for the common stock

The Fund manager has provided exceptional net asset performance to shareholders but has yet to close the discount to net asset value. Net asset performance from June 30, 2004 through June 30, 2005 has been 9.19% verses Morningstar Intermediate Municipal Fund

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form SC 13D/A

return of 5.49% and Lehman 7 Year Municipal Index return of 5.91%. Yet the Fund continues to trade at a discount to net asset value!

KIM believes the current Fund Management and Board of Directors of MNP have not taken adequate measures to close this discount. For the time period of June 30, 2004 through June 30, 2005 MNP traded at an average discount of 11.97%. MNP has traded at a significant discount to NAV since the end of 1994, over 10 years. What steps have been taken to close this discount?

The original prospectus stated "If, at any time after the second year following the offering, the Common Stock publicly trades for a substantial period of time at a substantial discount from the NAV, the Board of Directors will consider at its next regularly scheduled meeting, taking various actions designed to eliminate the discount, which may include recommending to shareholders the conversion of the Fund to an open-end investment company". This clearly dictates the original intent not to allow the fund to trade at significant discounts, protecting investor's economic interest in the Fund. Why has the Board ignored this intent to the detriment of shareholders? Every shareholder that has sold shares in the last 10 + years in the market place received less for their shares than they were entitled to. We believe the Board has breached their fiduciary responsibilities to these shareholders that sold at prices below NAV.

Additionally, MNP is plagued by low trading volume. From June 30, 2004 through June 30, 2005 average daily trading volume has been 8,905 shares. Large shareholders who do not agree with the possible changes in the fund management contract and who may wish to liquidate their position could severely depress the Fund's market price because of persistently low volume. Dissenters deciding to sell their shares could cause the discount to NAV to widen harming both existing shareholders and sellers. Dissenters have rights under the law that may provide net asset value for their shares.

It is the fiduciary duty of the Board of Directors to allow Fund shareholders the ability to receive economic benefits from any management transition. Any merger to, or with, an open-end fund should benefit all shareholders and could create economies of scale that would reduce the expense ratio.

Should the Board decide to open-end the Fund or to merge the Fund with another open-end fund our proposal for tender would be withdrawn.

END OF PROPOSAL

Very truly yours,
Sharon L. Thornton

for
Salomon Brothers Municipal Partners Fund Inc.
Salomon Brothers Municipal Partners Fund II Inc.

This letter is being sent to you by Karpus Investment Management (KIM) to enlist your support as a fellow shareholder. Citigroup is selling its Investment Management business to Legg Mason for \$3.7 Billion. KIM

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form SC 13D/A

believes that there is a benefit to everyone BUT the shareholders in this transaction. Citigroup accuses KIM of conducting a ?side-show? by raising these critical shareholder issues.

We should not go quietly and accept this transaction without a benefit to us, the shareholders. We have no assurances who will be conducting the day-to-day management of the Funds in the future! The Boards of Directors of our Funds are treating us like cattle and trading us. They have a duty to address our concerns.

The original prospectuses stated that the Boards of Directors would annually consider methods to manage or close the market discount of the Funds verses net asset value. We asked the Funds to submit a proposal to shareholders asking the Boards of Directors to consider a tender offer for 25% of the outstanding shares. The Boards chose not to let shareholders voice their opinions on this proposal, which would enable shareholders to receive a substantial economic benefit should they choose to leave the Fund!

What do we want to gain?

As of September 30, 2005, Salomon Brothers Municipal Partners Fund closed at \$13.99 per share verses the net asset value of \$15.03. Net asset value is what the securities within the Fund are worth in the marketplace. Should you have been allowed to realize the real value as of this date, your investment would have increased by 7.43% or \$1.04 per share.

As of September 30, 2005, Salomon Brothers Municipal Partners Fund II closed at \$13.38 per share with a net asset value of \$14.59 per share. Should you have been allowed to realize the real value as of this date, your investment would have increased by 9.04% or \$1.20 per share.

KIM wants ALL shareholders to be able to reap an economic benefit from this transaction. If Citigroup and Legg Mason benefit, so should we!

We believe that this is the ONLY CHANCE WE MAY HAVE to make the Boards of Directors and the Funds Management meet our expectations of closing or eliminating the discount to net asset value of the Funds. We want this economic benefit before we will agree to transfer management of the Funds.

By voting the GREEN CARD we will be sending a message to the Boards of Directors that they need to honor commitments made in the Funds? original prospectuses to close their persistent trading discounts.

VOTE AGAINST THIS TRANSFER

If you have already received and voted a white proxy card of either Fund, you can rescind your vote by voting the GREEN proxy card provided to you by Karpus Investment Management.

WE NEED YOUR SUPPORT TO ALERT MANAGEMENT AND THE BOARD OF DIRECTORS THAT WE WILL NOT GO QUIETLY WITHOUT AN ECONOMIC BENEFIT FOR THE SHAREHOLDERS.

VOTE THE GREEN CARD WITH KARPUS, BEWARE OF TELEPHONE SOLICITATIONS; MAKE SURE YOUR VOTE IS COUNTED AND COUNTED ACCORDING TO YOUR WISHES.
