Mach One and WhiteHat's actual results could differ materially from those expressed or implied by the forward-looking statements as a result of various factors. Except as required by applicable laws, Mach One undertakes no obligation to update publicly any forward-looking statements for any reason, even if new information becomes available or other events occur in the future.

ACQUISITION OF WHITEHAT HOLDINGS, LLC BY MACH ONE CORPORATION

On April 14, 2010, Mach One Corporation, a Nevada corporation ("Mach One"), completed an acquisition of WhiteHat Holdings, LLC, a Delaware limited liability company ("WhiteHat"), through the merger of WhiteHat into White Hat Acquisition Corp., a wholly-owned subsidiary of Mach One (the "Merger Sub"), pursuant to a Plan and Agreement of Merger entered into by the parties on February 25, 2010 (the "Merger Agreement"). The Merger Sub will change its name to WhiteHat Holdings, Inc. and will operate as a wholly-owned subsidiary of Mach One. Mach One will continue its business under the name Mach One. In accordance with the Merger Agreement, Kevin P. Quirk, President and CEO of WhiteHat, has been appointed a director of Mach One together with Gilbert Peter. Messrs: Quirk and Peter's have the right to appoint one more director of Mach One. Therefore, the directors of Mach One consist of five current Mach One directors, Tad M. Ballantyne, Monte B. Tobin, Kevin G. Sallstrom, Mark A. Thomas and Brittin Eustis and three new directors named by White Hat, Kevin P. Quirk, Gilbert Peter and a director to be selected by Messrs. Quirk and Peter. Mr. Quirk will continue to be the President and CEO of White Hat.

Pursuant to the terms of the Merger Agreement, as partial consideration (i) \$400,000 shall be deposited into a WhiteHat account not later than April 30, 2010, to be used by WhiteHat to pay its legal, accounting, marketing and debt expenses and to further the development of its business, and (ii) all of the issued and outstanding shares of common and preferred stock of WhiteHat were converted into 154,798,788 shares of Mach One common stock and distributed to the WhiteHat shareholders pro rata. In addition, \$987,000 of WhiteHat indebtedness was cancelled and converted into 15,343,750 shares of Mach One common stock. Upon the close of the acquisition, the former WhiteHat shareholders owned approximately 45% of the total issued and outstanding common stock of Mach One. In the event that less than \$400,000 is deposited into a WhiteHat account by April 30, 2010, Mach One shall issue additional shares of its common stock ("Penalty Shares") to the WhiteHat shareholders, pro rata. In addition, Mach One is obligated to provide additional capital to the WhiteHat subsidiary of not less than \$1,600,000 on or before July 4, 2010. In the event Mach One fails to provide such capital within the required time period, Mach One will issue to the former WhiteHat shareholders up to 33,691,592 additional shares of its common stock ("Additional Shares"). However, in no event will the total number of shares issued to the WhiteHat shareholders at the closing, together with any Penalty Shares and/or Additional Shares exceed 49.9% of Mach One's issued and outstanding common stock.

Additional details regarding the WhiteHat acquisition, including a copy of the Merger Agreement, are provided in Mach One's Current Report on Form 8-K previously filed on March 3, 2010.

BUSINESS OF MACH ONE

Mach One Corporation is a global wellness solutions company with operations in Animal Wellness; Organics & Sustainables; and BioPharm Process Systems. Through its Animal Wellness Group, the Company focuses on major opportunities for positive, long-term health and longevity benefits for disease-threatened animals in the commercial livestock and poultry industries, especially the beef and dairy sectors. The Organics & Sustainables Group, through its flagship company Ceres Organic Harvest, Inc. (Ceres), addresses the growing needs of food manufacturers in the organic foods market which are challenged to increase production capacity for organic raw commodities and feed stocks that go into the finished products. The BioPharm Process Systems Group provides documentation, process modules, process skids, custom tanks and vessels and custom stainless steel fabrication to the biopharmaceutical industry, and also will be integral in setting up and servicing the projected three U.S.-based laboratories for production of Mach One's Animal Wellness Group Bridge™ product line.

BUSINESS OF WHITEHAT

Company Information

White Hat Brands, LLC, (“White Hat Brands”) is the operating company and a wholly-owned subsidiary of WhiteHat. With rates of obesity and diabetes in children rising at alarming rates, Atlanta-based White Hat Brands is focused on kids’ health and wellness and is committed to offering nutritious products to provide parents smart alternatives to the leading beverages and snacks. White Hat Brands produces a variety of great tasting, fortified juice beverages for kids under the brand Dog On It! ® that are made with all-natural ingredients and loaded with calcium and vitamins A, B, C, D & E – without adding excess sugar or high fructose corn syrup.

From August 2007 through October 2008, White Hat Brands executed a regional test of Dog On It! through large format grocery in the Northeastern U.S. During that time, it gained distribution in approximately 2,000 major grocery outlets, including the New York, Philadelphia and Boston markets. In November of 2007, Dog On It! became the first children’s beverage brand to be accepted as a national partner of the Juvenile Diabetes Research Foundation (JDRF). Additionally, White Hat Brands received several Hermes and MarCom awards for Dog On It!’s packaging and marketing materials.

Some of the keys to White Hat Brand’s success to date include:

- Early investment in sophisticated Enterprise Resource Planning solution which facilitated daily operations and management of the business.
 - Existing broker and buyer relationships enabling aggressive speed-to-market.
- National co-marketing partnerships with the JDRF and the American Camps Association fostering brand credibility among consumers and differentiating Dog On It! from the competition.

White Hat Brand’s management has close to 60 years of combined experience in the food and beverage industry, including The Coca-Cola Company, Anheuser Busch, Cliffstar Corporation, In Zone Brands and Lang Naturals

Products

Dog On It! fortified juice beverages are made with all natural ingredients and deliver substantial nutrients and fruit flavor without excess sugar!

All Dog On It! products are:

- High in Vitamins A, B,C, D, E
- Excellent Source of Calcium
- Low in Sugar and Calories*
- Served in Convenient 8-oz Portion-controlled Bottles

Dog On It! products contain none of the following:

- No High Fructose Corn Syrup!
 - No Artificial Sweeteners
- No Artificial Colors or Preservatives
- Low in Calories—only 80 calories

*When compared ounce for ounce to the leading juice beverages

Dog On It! comes in five fruit flavors —Orange Splash, Berry Punch, Kiwi Watermelon, Tropical Tangerine, and Strawberry Lemonade. Dog On It! is 25% juice and only 80 calories, with no artificial sweeteners added. Overall, 100% juice drinks have higher levels of sugar and calories, without the extra nutrients in Dog On It! White Hat created Dog On It! fortified juice beverage because kids don't need all that extra sugar—especially high fructose corn syrup! Kids need great taste, essential vitamins and minerals, LOW SUGAR, with NO artificial anything added!

“Fortified” means that White Hat has added essential vitamins and nutrients to Dog On It! to make it specially formulated for growing kids. Through its marketing efforts, White Hat makes the claim that ounce for ounce, Dog On It! delivers more nutritional value than 100% juice, more than milk and more than any sports drink or water.

Marketing

To garner brand acceptance among consumers and to underscore White Hat Brand’s commitment to combating increasing rates of obesity and diabetes in children, its strategic partners include the Juvenile Diabetes Research Foundation International (JDRF), the world’s leading supporter of medical research on Type 1 diabetes and related complications, and the American Camps Association, a network of approximately 2,500 camps nationwide whose purpose is to promote human development and enrich the lives of children through the camp experience. Dog On It! carries the JDRF logo on all its packaging.

With the regional test of Dog On It!, White Hat Brands employed a two-pronged marketing plan: (1) invest heavily in retail customer programs to drive consumer trial (i.e., pricing promotions, in-circular ads, in-store sampling and couponing) and (2) leverage its national partnership with the JD RF to lend credibility to the brand and engage target consumers directly through event marketing opportunities.

Business Strategy

In the interest of minimizing overhead, White Hat Brands is a ‘virtual company’. Beyond the core management team responsible for overseeing the operations, sales, marketing and financial performance of the business, all additional support comes from outside providers, including third party contract manufacturers, logistics management companies, sales brokers and wholesalers, beverage formulation houses and marketing agencies.

Through this network of partners, White Hat Brands has successfully tested a proprietary brand in Dog On It! that it will continue to develop by pursuing new distribution channels and by introducing new formats of the product. Additionally, White Hat Brands has incubated other proprietary brands to enhance its portfolio of functional food and beverage products. Subsequent to this merger with Mach One, White Hat Brands will also be equipped to scale the business through an acquisition strategy targeting health and wellness food and beverage brands.

As White Hat Brands’ product portfolio matures, it will consider all traditional ways of optimizing shareholder value.

Industry Overview

The U.S. market for functional foods and beverages increased 6% with sales totaling almost \$31 billion in 2008, and is forecasted to reach \$43 billion by 2013.

EMPLOYEES

In addition to Kevin P. Quirk, President and CEO, WhiteHat Brands’ management team is comprised of three additional full-time employees responsible for the operations, sales and marketing of its products.

LEGAL PROCEEDINGS

White Hat is not a party to nor is it aware of any existing, pending or threatened lawsuits or other legal actions.

PROPERTIES

White Hat Brands® and Dog On It! ® are trademarks of White Hat.

Item 3.02 Unregistered Sales of Equity Securities.

On April 14, 2010, pursuant to a Plan and Agreement of Merger, Mach One issued 154,798,788 shares of its common stock to 67 holders of shares of WhiteHat common and preferred stock (“WhiteHat Shareholders”) and 15,343,750 shares of its common stock was issued to 7 creditors (the “Creditors”) upon the cancellation and conversion of \$987,000 in indebtedness owed by WhiteHat.

All of the WhiteHat Shareholders and Creditors above are sophisticated individuals who had the opportunity to review all of Mach One’s SEC filings and to discuss with the officers and directors of Mach One the business and financial activities of Mach One. All the investors acquired their shares for investment and not with a view toward distribution. All of the stock certificates issued to the 74 WhiteHat Shareholders and Creditors set forth above have been affixed with an appropriate legend restricting sales and transfers. Therefore, based on the foregoing, Mach One has issued the 170,142,538 shares in reliance upon the exemptions from registration provided by Section 4(2) of the Securities Act of

1933 and/or Regulation D, thereunder.
