### Pro Forma Financial Information

The accompanying financial statements present the unaudited pro forma balance sheet as of September 30, 2000 and the unaudited pro forma statement of income for the nine months ended September 30, 2000 and for the year ended December 31, 1999.

On October 31, 2000, Vectren Corporation (Vectren) completed its acquisition of the natural gas distribution assets of The Dayton Power and Light Company (Acquisition) for approximately \$465 million pursuant to an Asset Purchase Agreement dated December 14, 1999. Vectren acquired the gas utility assets as a tenancy in common through two separate wholly-owned subsidiaries. Operations will be conducted under the name Vectren Energy Delivery of Ohio (VEDO). Under the acquisition structure, Indiana Gas Company, Inc., one of Vectren's operating public utilities, holds a 47 percent undivided ownership interest and VEDO has a 53 percent undivided ownership interest.

The unaudited pro forma balance sheet as of September 30, 2000 reflects the combination of the September 30, 2000 balance sheet of Vectren Corporation and the October 31, 2000 balance sheet of The Dayton Power & Light Company Natural Gas Retail Distribution Business. The pro forma statement of income for the nine month period ended September 30, 2000 and for the year ended December 31, 1999 are presented as if the Acquisition had occurred at January 1, 1999.

Preparation of the pro forma financial information was based on assumptions deemed appropriate by management. The pro forma information is unaudited and is not necessarily indicative of the results which actually would have occurred if the transaction had been consummated at the beginning of the period presented, nor does it purport to represent the future financial position and results of operations for future periods. The pro forma information should be read in conjunction with the audited consolidated financial statements of Vectren filed on Form 8-K for the year ended December 31, 1999 and the unaudited financial statements of Vectren filed on Form 10-Q for the quarter ended September 30, 2000.

VECTREN CORPORATION AND SUBSIDIARY COMPANIES  
NOTES TO UNAUDITED PRO FORMA COMBINED FINANCIAL STATEMENTS

1. Basis of Presentation

Vectren Corporation (Vectren) is a public utility holding company whose wholly-owned subsidiary, Vectren Utility Holdings, Inc. (VUHI), is the holding company of Vectren's two operating public utilities, Indiana Gas Company, Inc. (Indiana Gas), and Southern Indiana Gas and Electric Company. On October 31, 2000, Vectren completed its acquisition of the natural gas distribution assets of The Dayton Power and Light Company (Acquisition) for approximately \$465 million pursuant to an Asset Purchase Agreement dated December 14, 1999. Vectren acquired the gas utility as a tenancy in common through two separate wholly-owned subsidiaries. Operations will be conducted under the name Vectren Energy Delivery of Ohio (VEDO). Under the acquisition structure, Indiana Gas holds a 47 percent undivided ownership interest and VEDO has a 53 percent undivided ownership interest.

The accompanying combined pro forma financial statements give effect to the Acquisition. The unaudited pro forma combined balance sheet as of September 30, 2000 is presented as if the Acquisition and the related debt financing had occurred on September 30, 2000. The pro forma combined statement of income for the nine month period ended September 30, 2000 and for the year ended December 31, 1999 are presented as if the Dayton Acquisition had occurred at January 1, 1999.

2. Pro Forma Adjustments to Balance Sheet

(a) Determination of total purchase price:

Cash purchase price	\$ 463,981
Liability assumed for customer deposits	7,881

## Edgar Filing: VECTREN CORP - Form 8-K/A

Transaction costs	5,818
	-----
Total purchase price	\$ 477,680
	=====

(b) Allocation of purchase price:

Cash purchase price	\$ 463,981
Transaction costs	5,818
	-----
	469,799
	=====
Tangible assets acquired	278,080
Liabilities assumed	(7,881)
	-----
Net assets acquired	270,199
	-----
Excess allocated to goodwill	\$ 199,600
	=====

The above reflects Management's preliminary purchase price allocation based upon information currently available. The purchase price is subject to adjustment based upon finalization of the closing balance sheet in accordance with the Asset Purchase Agreement. Management believes that any such adjustment will not be material.

(c) Pro forma adjustment to reclassify deferred transaction costs incurred as of September 30, 2000 of \$3,336 to goodwill and to reflect the cash payment at closing of \$2,482 for the remaining transaction costs.

(d) A \$435 million commercial paper program established by VUHI provided \$434,360 of the initial Acquisition financing. Additionally, Indiana Gas provided \$29,621 from its commercial paper program for total financing of \$463,981. On December 28, 2000, VUHI issued a \$150 million Floating Rate Note due December 27, 2001, replacing an equal amount of commercial paper. Management anticipates that the short-term financings will be replaced over time with permanent, long-term financing.

	Short- term borrowings	Annualized Interest
	-----	-----
Commercial paper (VUHI)	\$284,360	\$ 16,189
6.6425% Floating rate note (VUHI)	150,000	9,964
Commercial paper (Indiana Gas)	29,621	1,686
	-----	-----
	\$463,981	\$ 27,839
	=====	=====

### 3. Pro Forma Adjustments to Income Statements

(a) Pro forma adjustment to reflect the amortization of goodwill of \$199,600 amortized over a period of 40 years.

(b) Pro forma adjustment to reflect the interest expense from the Acquisition financing based upon borrowings of \$463,981 at an average interest rate of approximately 6.0 percent annum based upon Indiana Gas' and VUHI's composite average short-term borrowing rate at the date of the Acquisition (see 2d).

Edgar Filing: VECTREN CORP - Form 8-K/A

- (c) Pro forma adjustment to reflect the income tax benefit on a combined federal and state statutory rate of 35 percent.
  
- (d) Vectren and Dayton Power and Light Company (DP&L) entered into an agreement whereby DP&L will provide transitional support to Vectren in the areas of meter reading, billing, cash receipts, collections, customer deposits, telecommunication services and other miscellaneous services for a predetermined fee. Because these fees will be no greater than the historical costs incurred by DP&L for such support services for its natural gas distribution operations, no pro forma adjustment has been reflected.
