ITEM 5. OTHER EVENTS

First Quarter 2004 Financial Results

On April 28, 2004, Hilton Hotels Corporation (Hilton) reported financial results for the first quarter ended March 31, 2004. Contributing to strong quarterly results were significant increases in Hilton 's management/franchise fee and timeshare businesses, along with strong revenue per available room (RevPAR) gains at Hilton 's comparable owned hotels and each of Hilton 's brands.

Hilton reported first quarter 2004 net income of \$37 million, versus \$9 million in the 2003 quarter. Diluted net income per share was \$.10 in the first quarter, compared with \$.02 in the 2003 period. The 2004 quarter was impacted by the following non-recurring items, which combined to benefit the quarter by less than \$.01 per share: 1) \$4 million of pre-tax losses on asset dispositions, 2) a \$3 million pre-tax increase to interest income related to interest received on a favorable settlement of a prior year Federal income tax matter, and 3) a \$2.5 million benefit to the tax provision from the utilization of tax loss carryforwards.

The 2003 quarter included two non-recurring items (a charge related to the impairment of certain public company equity securities held by Hilton, and a benefit from utilization of tax loss carryforwards) that combined to adversely impact that quarter by approximately \$.02 per share.

The 2004 first quarter also reflects the implementation of Financial Accounting Standards Board Interpretation No. 46 (FIN 46), which resulted in the consolidation of a previously unconsolidated managed hotel. The implementation of FIN 46 resulted in an increase in other revenue and expenses from managed and franchised properties and certain other expenses in the 2004 period. However, it had no impact on reported net income or net income per share.

Hilton reported 2004 first quarter total company operating income of \$131 million (a 52 percent increase from \$86 million in the 2003 period) on total revenue of \$994 million (an increase of 9 percent from \$909 million in the 2003 quarter.)
