PROXY STATEMENT

Our board of directors is soliciting your proxy with the enclosed proxy card for use at the 2005 Annual Meeting of Shareholders to be held on Tuesday, March 22, 2005 and at any adjournments of the meeting. This proxy statement and accompanying proxy are first being sent or given to shareholders on or about January 26, 2005.

GENERAL INFORMATION ABOUT VOTING

Who can vote. You will be entitled to vote your shares of MAXIMUS common stock at the annual meeting if you were a shareholder of record at the close of business on January 21, 2005. As of that date, 21,295,281 shares of common stock were outstanding and entitled to one vote each at the meeting. You are entitled to one vote on each item voted on at the meeting for each share of common stock that you held on January 21, 2005.

How to vote your shares. You can vote your shares either by attending the annual meeting and voting in person or by voting by proxy. If you choose to vote by proxy, please complete, date, sign and return the enclosed proxy card. The proxies named in the enclosed proxy card (Lynn P. Davenport, Richard A. Montoni and David R. Francis) will vote your shares as you have instructed. You may authorize the proxies to vote your shares in favor of each of the proposals contained in this proxy statement by simply signing and returning the enclosed proxy card without indicating how your votes should be cast.

Even if you expect to attend the meeting, please complete and mail your proxy card in any case in order to assure representation of your shares. If you attend the meeting, you can always revoke your proxy by voting in person. No postage is necessary if the proxy card is mailed in the United States.

Quorum. A quorum of shareholders is required in order to transact business at the annual meeting. A majority of the outstanding shares of common stock entitled to vote must be present at the meeting, either in person or by proxy, to

constitute a quorum.

Number of votes required. The number of votes required to approve each of the proposals that are scheduled to be presented at the meeting is as follows:

Proposal	Required Vote
Election of directors	For each nominee, a plurality of the votes cast for or withheld from such nominee.
Ratification of the board's selection of independent public accountants	A majority of the votes cast for or against ratification.

Abstentions and broker non-votes. A broker non-vote occurs when a broker cannot vote a customer's shares registered in the broker's name because the customer did not send the broker instructions on how to vote on the matter. If the broker does not have instructions *and* is barred by law or applicable rules from exercising its discretionary voting authority in the particular matter, then the shares will not be voted on the matter, resulting in a broker non-vote. Abstentions and broker non-votes will not count as votes cast in the election of directors or in the vote on ratifying the board's selection of independent public accountants. Therefore, abstentions and broker non-votes will have no effect on the voting on these matters at the meeting.

Discretionary voting by proxies on other matters. Aside from the election of directors and the ratification of the board's selection of independent public accountants, we do not know of any other proposal that may be presented at the 2005 Annual Meeting. However, if another matter is properly presented at the meeting, the persons named in the accompanying proxy card will exercise their discretion in voting on the matter.

How you may revoke your proxy. You may revoke the authority granted by your executed proxy card at any time before we exercise it by notifying our Corporate Secretary in writing, by executing a new proxy card bearing a later date and delivering the new executed proxy card to our Corporate Secretary, or by voting in person at the annual meeting.

Expenses of solicitation. We will bear all costs of soliciting proxies. We will request that brokers, custodians and fiduciaries forward proxy soliciting material to the beneficial owners of stock held in their names, for which we will reimburse their out-of-pocket expenses. In addition to solicitations by mail, our directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, telegraph and/or personal interviews.

Shareholders sharing the same surname and address. In some cases, shareholders holding their shares in a brokerage or bank account who share the same surname and address and have not given contrary instructions are receiving only one copy of our annual report and proxy statement. This practice is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources. If you would like to have additional copies of our annual report and/or proxy statement mailed to you, please call or write us at our principal executive offices, 11419 Sunset Hills Road, Reston, Virginia 20190, Attn: Director of Investor Relations, telephone: (800) 368-2152. If you want to receive separate copies of the proxy statement or annual report to shareholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker or other nominee record holder.

SECURITY OWNERSHIP OF MANAGEMENT AND FIVE PERCENT OWNERS

The following table shows the number of shares of our common stock beneficially owned as of January 1, 2005 (unless otherwise indicated), by (i) the only persons known by us to own more than five percent of our outstanding shares of common stock, (ii) our directors and the nominees for director, (iii) the executive officers named in the Summary Compensation Table contained in this proxy statement and (iv) all of our directors and executive officers as a group.

The number of shares beneficially owned by each holder is based upon the rules of the Securities and Exchange Commission (SEC). Under SEC rules, beneficial ownership includes any shares over which a person has sole or shared voting or investment power as well as shares which the person has the right to acquire within 60 days by exercising any stock option or other right. Accordingly, this table includes shares that each person has the right to acquire on or before March 2, 2005. Unless otherwise indicated, to the best of our knowledge, each person has sole investment and voting power (or shares that power with his or her spouse) over the shares in the table. By including in the table shares that he or she might be deemed beneficially to own under SEC rules, a holder does not admit beneficial ownership of those shares for any other purpose.

Edgar Filing: MAXIMUS INC - Form DEF 14A

To compute the percentage ownership of any shareholder or group of shareholders in the following table, the total number of shares deemed outstanding includes 21,266,550 shares that were outstanding on January 1, 2005 (which number does not include shares held by us as treasury shares), plus any shares that a holder or group of holders could acquire upon exercising any options held by that holder or group of holders that are exercisable on or before March 2, 2005.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our directors, our executive officers and anyone owning beneficially more than ten percent of our equity securities are required under Section 16(a) of the Securities Exchange Act of 1934 to file with the SEC reports of their ownership and changes of their ownership of our securities. They must also furnish copies of the reports to us. Based solely on our review of the reports furnished to us and any written representations that no other reports were required, we believe that during our 2004 fiscal year, our directors, executive officers and ten percent beneficial owners complied with all applicable Section 16(a) filing requirements, except that John F. Boyer inadvertently filed late an amended report on Form 3 in April 2004 to report his ownership of common stock, Richard L. Bradley, formerly the President of the Technical Services Strategic Business Unit, inadvertently filed late an amended report on Form 3 in April 2004 to report additional ownership of common stock, David R. Francis inadvertently filed late a report on Form 5 covering an acquisition of common stock in December 2002, and Raymond B. Ruddy inadvertently filed late a report on Form 3 in September 2004 and a report on Form 4 covering the grant of stock options in August 2004.

PROPOSAL 1 ELECTION OF DIRECTORS

General

The board of directors currently consists of nine directors. Under our charter, the board is divided into three classes, with each class having as nearly equal a number of directors as possible. The term of one class expires, with their successors being subsequently elected to a three-year term, at each annual meeting of shareholders. At the 2005 Annual Meeting, three Class II Directors will be elected to hold office for three years and until their successors are elected and qualified, and one Class III Director will be elected to hold office for one year and until his successor is elected and qualified. The board has nominated Russell A. Beliveau, John J. Haley, and Marilyn R. Seymann for election as Class II Directors and Raymond B. Ruddy for election as a Class III Director at the upcoming annual meeting. Mr. Beliveau, Mr. Haley, Dr. Seymann and Mr. Ruddy presently serve as our directors. If you return your proxy card in the enclosed envelope, the persons named in the enclosed proxy card will vote to elect these four nominees unless you mark your proxy card otherwise. The proxy may not be voted for a greater number of nominees than four. Each nominee has consented to being named in this proxy statement and to serve if elected. If for any reason a nominee should become unavailable for election prior to the annual meeting, the proxy may vote for the election of a substitute. We do not presently expect that any of the nominees will be unavailable.

David V. Mastran resigned from our board of directors effective September 30, 2004 in connection with his retirement as President and Chief Executive Officer. Raymond B. Ruddy, who was appointed to the board in August 2004, is being presented to shareholders for election for the first time.

Vote Required

The affirmative vote of a plurality of the total number of votes cast for or withheld from each of Mr. Beliveau, Mr. Haley, Dr. Seymann and Mr. Ruddy is required to re-elect each nominee to our board. Abstentions and broker non-votes will be considered as present for quorum purposes, but will not be counted as votes cast. Accordingly, abstentions and broker non-votes will have no effect on the voting of this matter.

**CORPORATE GOVERNANCE
AND THE BOARD OF DIRECTORS**

Our business and affairs are managed under the direction of the board of directors in accordance with the Virginia Stock Corporation Act and our articles of incorporation and bylaws. Members of the board are kept informed of our business through discussions with the President and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the board and its committees. Our corporate governance practices are summarized below.

Corporate Governance Guidelines

The board of directors has adopted Guidelines for Corporate Governance that set forth the practices of the board with respect to management review and responsibility, board composition, selection of directors, operation of the board and meetings, committees of the board, director responsibilities and tenure and evaluation of the board and committees. The Guidelines are available on our Corporate Governance web page at www.maximus.com/corporate/pages/corpgovernance.asp.

The board of directors in its business judgment has determined that the following seven members of its Board of Directors are independent as defined by New York Stock Exchange listing standards: John J. Haley, Paul R. Lederer, Peter B. Pond, Raymond B. Ruddy, Marilyn R. Seymann, James R. Thompson, Jr. and Wellington E. Webb. In reaching this conclusion, the board considered that the Company and its subsidiary agencies provide services to, and otherwise conduct business with, companies of which certain members of the board or members of their immediate families are or were directors or officers.

Consistent with the New York Stock Exchange listing standards, the Guidelines for Corporate Governance establish categorical standards under which the board views the following as impairing a director's independence:

a director who is currently, or in the past three years has been, employed by the Company or by any

subsidiary of the Company;

a director who has accepted, or has any family member who has accepted, payments from the Company or its affiliates in excess of \$100,000 within the current fiscal year or any of the past three fiscal years (except for board services, retirement plan benefits, or non-discretionary compensation);

a director who has an immediate family member who is, or has been in the past three years, employed by the Company or any subsidiary of the Company as an executive officer;

a director who is a partner, controlling shareholder or an executive officer of any for-profit business to which the Company made, or from which it received, payments (other than those which arise solely from investments in the Company's securities) in the current fiscal year or in any of the last three fiscal years that exceed 2% of consolidated gross revenue for the business, or the Company, for that year, or that exceed \$1,000,000, whichever is greater;

a director who is employed as an executive officer of another company where any of the Company's executive officers serves on that other company's compensation committee, or such a relationship has existed within the past three years; and

a director who has been a partner or employee of the Company's outside auditor within the past three years.

None of our independent directors, their immediate family members, or employers, is engaged in such relationships with us and, as a result, each independent director meets our categorical standards.

Code of Ethics

We have adopted a code of ethics that applies to our principal executive officer, principal financial officer and principal accounting officer or controller, or persons performing similar functions. That code, our Standards of Business Conduct and Ethics, can be found posted on our Corporate Governance web page at www.maximus.com/corporate/pages/corpgovernance.asp.

Board and Committee Meeting Attendance

Our board expects that its members will prepare for, attend and participate in all board and applicable committee meetings. Our board of directors held five meetings during fiscal 2004. During our 2004 fiscal year, each of our directors attended all of the meetings of our board of directors and all of the meetings of the committees of the board upon which each served, except that David V. Mastran and John J. Haley did not attend one meeting of the board, and Paul R. Lederer did not attend one Audit Committee meeting.

Executive Sessions

Executive sessions where non-employee directors meet on an informal basis are scheduled either at the beginning or at the end of each regularly scheduled Board meeting. Peter B. Pond, the Chairman of the Board, serves as chairman for executive sessions.

Communications with Directors

Any director may be contacted by writing to him or her c/o MAXIMUS, Inc., 11419 Sunset Hills Road, Reston, Virginia 20190. Committees of the Board

The standing committees of the board of directors are the Audit Committee, the Nominating and Governance Committee and the Compensation Committee.

Audit Committee

The Audit Committee assists the board of directors in fulfilling its responsibility to oversee management's conduct of our financial reporting processes and audits of our financial statements. The Audit Committee specifically reviews the financial reports and other financial information provided by the company, our disclosure controls and procedures and internal accounting and financial controls, the internal audit function, the legal compliance and ethics programs, and the annual independent audit process. The Audit Committee operates under a

written charter originally adopted by the board on May 16, 2000, as subsequently amended. The Audit Committee's charter, as amended and currently in effect, is attached to this proxy statement as Appendix A and is available on our Corporate Governance web page at www.maximus.com/corporate/pages/corpgovernance.asp.

The members of the Audit Committee are Peter B. Pond (Chair), Paul R. Lederer, Marilyn R. Seymann, and Wellington E. Webb, each of whom is independent as defined by applicable New York Stock Exchange listing standards governing the qualifications of audit committee members in effect on the date of this proxy statement. The board of directors has determined that all of the committee members are financially literate as defined by the New York Stock Exchange listing standards and that Mr. Pond qualifies as an audit committee financial expert as defined by regulations of the SEC.

The Audit Committee held six meetings during fiscal 2004. For additional information regarding the committee, see *Audit Information Report* of the Audit Committee below.

Nominating and Governance Committee

The Nominating and Governance Committee is comprised of James R. Thompson, Jr. (Chair), John J. Haley, Paul R. Lederer, Peter B. Pond, Marilyn R. Seymann, and Wellington E. Webb, each of whom is independent as defined by applicable New York Stock Exchange listing standards governing the qualifications of nominating and governance committee members in effect on the date of this proxy statement. The Nominating and Governance Committee operates under a written charter originally adopted by the board on September 23, 2003, as subsequently amended. The Nominating and Governance Committee's charter, as amended and currently in effect, is available on our Corporate Governance web page at www.maximus.com/corporate/pages/corpgovernance.asp. The Nominating and Governance Committee did not meet separately from the full board during fiscal 2004.

The purpose of the Nominating and Governance Committee is to identify, evaluate and recommend candidates for membership on the board of directors, to ensure an appropriate structure and process for management succession and to establish and assure the effectiveness of the governance principles of the board and the company. The committee considers, at a minimum, the following qualifications in recommending to the board potential new directors, or the continued service of existing directors:

personal characteristics, such as highest personal and professional ethics, integrity and values, an inquiring and independent mind, with a respect for the views of others, ability to work well with others and practical wisdom and mature judgment;

broad, policy-making level training and experience in business, government, academia or science to understand business problems and evaluate and formulate solutions;

expertise that is useful to the Company and complementary to the background and experience of other directors;

willingness to devote the time necessary to carry out duties and responsibilities of directors and to be an active, objective and constructive participant at meetings of the board and its committees;

commitment to serve on the board over a period of several years to develop knowledge about the Company's principal operations; and

willingness to represent the best interests of all shareholders and objectively appraise management performance.

The Nominating and Governance Committee will consider shareholder recommendations for candidates to serve on the board of directors. Shareholders entitled to vote for the election of directors may submit candidates for consideration by the committee if it receives timely written notice, in proper form, for each such recommended director nominee. If the notice is not timely and in proper form, the nominee will not be considered by the committee. To be timely for the 2006 annual meeting, the notice must be received within the time frame set forth in

Shareholder Proposals for Our 2006 Annual Meeting of Shareholders below. To be in proper form, the notice must include each nominee's written consent to be named as a nominee and to serve, if elected, and information about the shareholder making the nomination and the person nominated for election. These requirements are more fully described in Article I, Section 6, of our bylaws, a copy of which will be provided, without charge, to any

shareholder upon written request to the Secretary of the Company, whose address is MAXIMUS, Inc., 11419 Sunset Hills Road, Reston, Virginia 20190.

Under the process used by us for selecting new board candidates, the President and Chief Executive Officer, the Nominating and Governance Committee or other board members identify the need to add a new board member with specific qualifications or to fill a vacancy on the board. The Chairman of the Nominating and Governance Committee will initiate a search, working with staff support and seeking input from board members and senior management, hiring a search firm, if necessary, and considering any candidates recommended by shareholders. An initial slate of candidates that will satisfy criteria and otherwise qualify for membership on the board may be presented to the Nominating and Governance Committee. A determination is made as to whether Nominating and Governance Committee members or board members have relationships with preferred candidates and can initiate contacts. The President and Chief Executive Officer and at least one member of the Nominating and Governance Committee interviews prospective candidates. The Nominating and Governance Committee meets to conduct further interviews of prospective candidates, if necessary or appropriate, and to consider and recommend final candidates for approval by the full board of directors.

Compensation Committee

The Compensation Committee is responsible for reviewing, approving, and overseeing the administration of our compensation and benefit programs, and evaluating their effectiveness in supporting our overall business objectives of the Company. Specifically, the committee establishes compensation policies for our directors and consults with the Chief Executive Officer on compensation policies for senior management, evaluates the performance and sets the compensation of the Chief Executive Officer, and reviews our executive development programs, performance evaluation process and incentive compensation programs. The Compensation Committee operates under a written charter originally adopted by the board on September 23, 2003, as subsequently amended. The Compensation Committee's charter, as amended and currently in effect, is available on our Corporate Governance web page at www.maximus.com/corporate/pages/corpgovernance.asp.

The members of the Compensation Committee are Marilyn R. Seymann (Chair), John J. Haley, Paul R. Lederer, Peter B. Pond, and James R. Thompson, Jr., each of whom is independent as defined by applicable New York Stock Exchange listing standards governing the qualifications of compensation committee members in effect on the date of this proxy statement.

The Compensation Committee acted by written consents during fiscal 2004 and did not meet separately from the full board. For additional information regarding the committee, see "Report of the Compensation Committee" below.

Annual Meeting Attendance

We encourage members of the board of directors to attend the annual meeting of shareholders. All of our directors attended our 2004 annual meeting of shareholders.

Director Compensation

Directors who are also MAXIMUS employees do not receive additional compensation for their services as directors. Outside directors are paid a \$45,000 annual retainer (at least \$25,000 of which must be received in stock options), a fee of \$2,500 for each board meeting and a fee of \$1,500 for each committee meeting in which they participate. Mr. Pond receives an additional \$80,000 retainer for his services as Chairman of the Board and an additional \$10,000 retainer for his services as Chairman of the Audit Committee. Dr. Seymann receives an additional \$5,000 retainer for her services as Chair of the Compensation Committee. Directors who are entitled to directors' fees may elect to receive all or a portion of their cash fees in stock options granted under our 1997 Equity Incentive Plan, valued using the Black-Scholes option pricing method.

Any director who is not a MAXIMUS employee is eligible to participate in our 1997 Director Stock Option Plan. Options under the Director Stock Option Plan are automatically granted to an eligible director upon the election or re-election of the director. Under the plan, each option consists of 5,000 shares of common stock for

each year of the term of office to which the director is elected or re-elected, with any period of term of office less than a year deemed a full year. The option becomes exercisable for 5,000 shares immediately upon grant and, if the grant is for more than 5,000 shares, then it also becomes exercisable for an additional 5,000 shares at each subsequent annual shareholders meeting during which the optionee is an eligible director and shares remain unexercisable under the option. Options granted under the Director Stock Option Plan have a ten-year term. The exercise price for each option is equal to our common stock's last sale price on the trading day immediately preceding the date of grant, as reported on the New York Stock Exchange. During fiscal year 2004, the eligible directors were Mr. Beliveau, Mr. Haley, Mr. Lederer, Mr. Pond, Dr. Seymann, Governor Thompson and Mr. Webb. When he became a director in August 2004, Mr. Ruddy received an option for 10,000 shares of common stock, 5,000 shares of which were exercisable immediately upon grant and 5,000 of which will become exercisable at the next annual shareholders meeting.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of our board of directors establishes the cash compensation policies for the company's executive officers. The Compensation Committee consists of Mr. Haley, Mr. Lederer, Mr. Pond, Dr. Seymann and Governor Thompson. Dr. Seymann serves as Chair of the Committee. The Compensation Committee is also responsible for approving the equity compensation of executive officers under the MAXIMUS 1997 Equity Incentive Plan. The Compensation Committee submits this report on compensation policies and actions during fiscal year 2004 with respect to our executive officers, including Dr. Mastran in his capacity as our Chief Executive Officer and our four most highly compensated other employees who served as our executive officers during some or all of our 2004 fiscal year. Dr. Mastran retired as our President and Chief Executive Officer effective September 30, 2004.

Compensation philosophy

MAXIMUS bases its executive compensation philosophy on the belief that competitive compensation is essential to attract, motivate, retain and reward highly-qualified and industrious executives who contribute to the company's long-term success. Through its compensation policy, MAXIMUS strives to provide total compensation that is competitive with other companies in comparable lines of business. The compensation program includes both motivational and retention-related compensation components. Effective individual performance that meets and exceeds MAXIMUS' current plans and objectives is encouraged through bonus awards and stock option and restricted stock unit (RSU) grants. Stock options and RSUs are granted in order to link a meaningful portion of the compensation of MAXIMUS' executives with the performance of MAXIMUS' common stock.

MAXIMUS endeavors to reward each executive's achievement of designated targets that relate to MAXIMUS' annual and long-term performance, customer satisfaction and individual fulfillment of responsibilities. While compensation survey data are useful guides for comparative purposes, we believe that an effective compensation program also requires the application of judgment and subjective determinations of individual performance. Therefore, the Compensation Committee and MAXIMUS' board of directors apply their judgment to reconcile the program's objectives with the realities of retaining valued employees.

Compliance with Internal Revenue Code section 162(m)

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to a public company for compensation over \$1 million paid to its chief executive officer and its four other most highly compensated executive officers. However, if certain performance-based requirements are met, qualifying compensation will not be subject to this deduction limit. MAXIMUS currently intends to structure its stock options grants to executive officers in a manner that meets these performance-based requirements.

Executive compensation program

Compensation for MAXIMUS' executives consists of three principal elements: annual base salary, annual cash bonus and long term equity incentives.

Base salary. Mr. Montoni received an initial monthly base salary under the terms of his employment agreement, subject to annual review for adjustment. Mr. Montoni's agreement was approved by MAXIMUS in 2002. Messrs. Davenport, Fallon and Boyer do not have employment agreements, and their base salaries were adjusted after their annual reviews. MAXIMUS sets the salaries or minimum salaries of its executive officers by referring to the relevant executive's salary history and by considering internal and external factors, and MAXIMUS may adjust base salaries for future periods based upon individual performance, experience and the salaries paid to individuals in comparable positions with other companies.

Cash bonus. Messrs. Davenport, Montoni, Fallon and Boyer also may receive an annual cash bonus as significant part of their annual compensation. In fiscal 2004, their cash bonuses represented the following percentages of the indicated officer's total fiscal 2004 earned cash compensation: Mr. Davenport, 6.5%, Mr. Montoni, 7.2%, Mr. Fallon, 4.9% and Mr. Boyer, 12.5%. A target cash bonus is established for Mr. Montoni by the terms of his employment agreement. We determine the amount of the cash bonuses awarded to our other executive

officers based upon our financial performance and each officer's contribution to this performance. We review and evaluate the performance of the executive's division or activity, the impact on us of that division or activity and the skills and experience required for the job in assessing each executive's contribution to our success. We also compare these factors with similar factors applied to other executives, both inside and outside of MAXIMUS.

Equity ownership. MAXIMUS also provides long-term incentive compensation to its executives in the form of options to purchase common stock and RSUs. The MAXIMUS equity ownership program is designed to (i) highlight and reinforce the mutual long-term interests between employees and the shareholders and (ii) attract and retain important key executives, managers and individual contributors. The retention of key executives is essential to our growth and development.

Generally, the stock options and RSUs that MAXIMUS grants have relatively long vesting periods and, in the case of stock options, exercise prices equal to the fair market value per share of common stock on the date of the grant. The retention value of these options and RSUs is maximized, and our executive officers are provided with an incentive for longer-term success, through long vesting periods. Many of our stock options vest in equal annual installments over four years beginning on the first anniversary of the date of the option grant. If employees leave MAXIMUS before their options are exercisable, the unexercisable portions are forfeited. While MAXIMUS believes that these longer vesting periods are in the shareholders' best interest, the vesting periods may result in an increased number of outstanding options compared to companies with shorter vesting schedules. The RSUs typically vest in equal installments over six years beginning on the first anniversary of the RSU grant, subject to acceleration in the event the company achieves certain performance targets.

In general, the number of RSUs and shares of common stock underlying the stock options granted to each executive officer reflects the significance of that executive officer's current and anticipated contributions to MAXIMUS and the equity compensation policies of competitors and other privately-held and publicly-traded companies with similar capitalizations. MAXIMUS expects to continue to apply this philosophy to future grants of its stock options and RSUs. The value that may be realized upon exercise of options depends upon the price of our common stock at the time of exercise and the exercise price of the option. Each individual option-holder, and not the board, makes the decision as to whether to exercise options that are exercisable at any particular time.

Dr. Mastran's compensation

Dr. Mastran's minimum base annual salary for fiscal 2004 was fixed at \$550,000 by the Compensation Committee, representing a \$120,000 increase from Dr. Mastran's base salary during fiscal 2003. Of the \$550,000 salary approved for fiscal 2004, \$458,058 was paid to Dr. Mastran due to certain uncompensated leave time taken by Dr. Mastran. The Committee set Dr. Mastran's base salary at a level it believed was consistent with Dr. Mastran's salary history at MAXIMUS. The Compensation Committee is responsible for determining Dr. Mastran's annual bonus after the end of the fiscal year by evaluating MAXIMUS' overall financial performance and Dr. Mastran's contribution to MAXIMUS' performance. Despite Dr. Mastran's substantial contributions to MAXIMUS' performance in fiscal 2004, Dr. Mastran received no bonus, stock awards or option grants in light of his existing significant equity ownership in MAXIMUS.

The values are based on an assumption that our common stock's market price will appreciate at the stated rate, compounded annually, from the date of the option grant until the end of the option's 10-year term. We based the values on the common stock's last sale price on the business day immediately preceding the date of grant, as reported on the New York Stock Exchange. Actual gains, if any, on stock option exercises will depend upon the future performance of our common stock's price, which will affect all shareholders proportionately.

Report of the Audit Committee

The Audit Committee of the board of directors primary function is to assist the board in fulfilling its oversight responsibilities for financial reporting compliance by reviewing the audited financial statements, the systems of internal controls which management and the board of directors have established and the overall audit process. In the course of its oversight, the Audit Committee of the board has (i) reviewed and discussed with management the MAXIMUS audited financial statements for the fiscal year ended September 30, 2004,

(ii) discussed with Ernst & Young LLP, MAXIMUS independent accountants, the matters required to be discussed by Statement on Accounting Standards No. 61, *Communication with Audit Committees*, and (iii) received the written disclosures and the letter from the auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. In addition, the Audit Committee discussed with the independent accountants the auditors independence and considered whether the provision by Ernst & Young LLP of the non-audit services described in the section of this proxy statement captioned Audit Information above is compatible with maintaining the auditors independence.

Based on this review and discussion, the Audit Committee recommended to the board of directors that the audited financial statements be included in the MAXIMUS Annual Report on Form 10-K for the year ended September 30, 2004 for filing with the Securities and Exchange Commission.

The Audit Committee has delegated to the Chair of the Audit Committee authority to approve permitted services.

**MAXIMUS, INC.
Audit Committee Charter**

Purpose

The principal purpose of the Audit Committee (*Committee*) is to assist the Board of Directors (*Board*) in fulfilling its responsibility to oversee management's conduct of the Company's financial reporting processes and audits of the Company's financial statements. The Committee will review the financial reports and other financial information provided by the Company, the Company's disclosure controls and procedures and internal accounting and financial controls, the internal audit function, the legal compliance and ethics programs, and the annual independent audit process.

In discharging its oversight role, the Committee is granted the authority to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and the authority and resources to engage independent outside counsel, auditors, or other experts as it deems necessary to carry out its duties.

The outside auditor is ultimately accountable to the Board and the Committee as representatives of the shareholders. The Committee, as a committee of the Board, shall have the direct authority and responsibility for the appointment (and where appropriate, replacement), compensation and oversight of the work of the outside auditor in preparing or issuing an audit report or related work, including resolving any disagreements between management and the outside auditor regarding financial reporting. The Committee shall receive direct reports from the outside auditor. The Committee shall be responsible for overseeing the independence of the outside auditor and for pre-approving all auditing services and permitted non-audit services provided by the outside auditor.

This Charter shall be reviewed for adequacy on an annual basis by the Committee.

Membership

The Committee shall be comprised of not less than three members of the Board, and the Committee's composition will meet the New York Stock Exchange audit committee composition requirements. Accordingly, all of the members will be directors:

Who have no relationship to the Company that the Board determines would interfere with the exercise of independent judgment in carrying out the responsibilities of a director;

Who do not receive any consulting, advisory or other compensatory fee from the Company, other than in the member's capacity as a member of the Board or any of its committees;

Who are not an affiliated person (as defined by applicable law or regulation) of the Company or any subsidiary, other than as a member of the Board or any of its committees; and

Who are financially literate.

In addition, at least one member of the Committee will have sufficient accounting or related financial management expertise to comply with the New York Stock Exchange audit committee composition requirements and, to the extent practicable, be a financial expert (as that term is defined by the Securities and Exchange Commission (the "SEC")).

Key Responsibilities

The Committee's role is one of oversight, and it is recognized that the Company's management is responsible for preparing the Company's financial statements and that the outside auditor is responsible for auditing the annual financial statements and for reviewing the unaudited quarterly financial statements.

A-1

The following functions shall be the common recurring activities of the Committee in carrying out its oversight function. The functions are set forth as a guide and may be varied from time to time as appropriate under the circumstances.

The Committee shall discuss with the internal auditor and the outside auditor the overall scope, staffing, and plans for their respective audits.

The Committee shall review with management and the outside auditor the audited financial statements and disclosures under management's discussion and analysis of financial condition and results of operations to be included in the Company's Annual Report on Form 10-K and the Annual Report to Stockholders, and shall review and consider with the outside auditor the matters required to be discussed by Statement on Auditing Standards No. 61. The Committee shall also review the Company's disclosure in the annual Proxy Statement pertaining to the responsibilities and activities of the Committee.

As a whole, or through the Committee chair, the Committee shall review with the outside auditor, prior to filing with the SEC, the Company's interim financial information to be included in the Company's Quarterly Reports on Form 10-Q and the matters required to be discussed by SAS No. 61.

The Committee shall review and discuss earnings press releases with Company management before they are issued.

The Committee shall periodically discuss with management, the internal auditor, and the outside auditor the quality and adequacy of the Company's internal controls and internal auditing procedures, including any significant deficiencies in the design or operation of those controls which could adversely affect the Company's ability to record, process, summarize and report financial data and any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls, and discuss with the outside auditor how the Company's financial systems and controls compare with industry practices.

When required, the Committee shall review management's assessment of the effectiveness of internal controls as of the end of the most recent fiscal year and the outside auditor's report on management's assessment.

The Committee shall periodically review with management and the outside auditor the quality, as well as acceptability, of the Company's accounting policies, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Committee shall also discuss with the outside auditor how the Company's accounting policies compare with those in the industry and all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, the ramifications of use of such alternative disclosures and treatments and the treatment preferred by the outside auditor.

The Committee shall periodically discuss with the outside auditor whether all material correcting adjustments identified by the outside auditor in accordance with generally accepted accounting principles and the rules of the SEC are reflected in the Company's financial statements.

Edgar Filing: MAXIMUS INC - Form DEF 14A

The Committee shall review with management and the outside auditor any material financial or other arrangements of the Company which do not appear on the Company's financial statements and any transactions or courses of dealing with related parties that are significant in size or involve terms or other aspects that differ from those that would likely be negotiated with independent parties, and which arrangements or transactions are relevant to an understanding of the Company's financial statements.

The Committee shall review with management and the outside auditor the Company's critical accounting policies and practices.

A-2

Edgar Filing: MAXIMUS INC - Form DEF 14A

The Committee shall review with the outside auditor all material communications between the outside auditor and management, such as any management letter or schedule of unadjusted differences.

The Committee shall request from the outside auditor annually a formal written statement delineating all relationships between the auditor and the Company consistent with Independence Standards Board Standard No. 1 and such other requirements as may be established by the Public Company Accounting Oversight Board, discuss with the outside auditor any such disclosed relationships or services and their impact on the outside auditor's independence, and take appropriate action regarding the independence of the outside auditor.

As required by SEC regulations, the Committee shall approve, in advance, all audit services and all permitted non-audit services to be provided to the Company by the outside auditor. The Committee may delegate pre-approval authority to a member of the Committee. The decisions of any member to whom pre-approval authority is delegated must be presented to the full Committee at the next scheduled meeting.

The Committee shall prepare its report to be included in the Company's annual proxy statement as required by SEC regulations.

The Committee shall recommend to the Board whether, based on the reviews and discussions referred to above, the financial statements should be included in the Company's Annual Report on Form 10-K.

The Committee shall approve a code of ethics, as required by rules of the SEC, for senior financial officers and such other employees and agents of the Company as it determines.

The Committee shall review and approve all related-party transactions.

The Committee shall receive reports from the Company's legal counsel of any evidence of material violations of the securities laws or breaches of fiduciary duty.

At least annually, the Committee shall obtain and review a report by the outside auditor describing the auditor's internal quality control procedures and any material issues raised by the most recent internal quality control review or peer review of the auditor, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditor, and any steps taken to address any issues identified.

The Committee shall set clear hiring policies for employees or former employees of the independent auditors that meet the SEC regulations and stock exchange listing standards.

Complaint Procedures

Any issue of significant financial misconduct shall be brought to the attention of the Committee for its consideration. In this connection, the Committee shall establish procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.
