Press Release of Dialog Semiconductor Plc dated February 15, 2006
"Board change"

Kirchheim/Teck, Germany, February 15, 2006 – The Board of Dialog Semiconductor Plc (NASDAQ: DLGS, FWB: DLG) announces that following the disposal of Dialog Imaging Systems ("DIS"), Roland Pudelko, DIS's Chief Executive Officer, is stepping down from Dialog Semiconductor's Board of Directors with effect from 14 February 2006.

Roland Pudelko's move to head DIS follows yesterday's successful completion of its €22.25m fund raising. He was a Dialog board member for eight years, managing the MBO of Dialog from DaimlerChrysler in 1998 and subsequent listings on the Frankfurt and Nasdaq stock exchanges.

Jan Tufvesson, chairman of the board commented, "Roland has been an exceptional leader of this business. He has helped to build Dialog from its beginnings as a division within Daimler Chrysler to become one of the world's leading providers of power management solutions. I would like to thank him for his contribution and wish him every success in his new venture."

Ends

Information about Dialog Semiconductor

Dialog Semiconductor develops and supplies power management, audio and display technology, delivering innovative mixed signal standard products as well as application specific IC solutions for wireless, automotive and industrial applications. The company's expertise in mixed signal design, with products manufactured entirely in CMOS technology, enhances the performance and features of wireless, hand-held and portable electronic products. Its technology is also used in intelligent control circuits in automotive and industrial applications. Dialog Semiconductor Plc is headquartered near Stuttgart, Germany with additional design facilities in the UK, Austria and Japan. The company is listed on the Frankfurt (FWB: DLG) and on the NASDAQ (DLGS) exchanges.
