NOTES TO FINANCIAL STATEMENTS
March 31, 2003 and 2002

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Summarized below are the significant accounting policies of GOLDSRING, INC. (f/k/a VISATOR, INC. AND STARTCALL.COM, INC.)

THE COMPANY: The Company, incorporated in the State of Florida effective October 19, 1999 (Date of Inception) under the name of Click and Call, Inc. and, established its corporate offices in Miami, Florida.

On June 7, 2000, the Company filed an amendment to the Articles of Incorporation effecting a name change to STARTCALL.COM, INC., and changed its capital structure as disclosed below.

NATURE OF THE BUSINESS: The Company formerly planned on operating as an Application Service Provider, or ASP, and offering real-time interaction technology as an outsource service. In December 2002 management entered into a Stock Purchase Agreement and Share Exchange with Web Intelligence Technology ApS and ARN Invest ApS (both Denmark Corporations) in consideration for the issuance of 79,500,000 shares of Startcall to ARN. The Company subsequently filed a Certificate of Amendment in the State of Florida changing its name to Visator, Inc. Pursuant to the agreement, Antonio Treminio and Sylvio Martini resigned as officers and directors and Anders Nielsen and Jesper Toft were appointed new officers and directors of the Company. However, in February 2003 the parties to this agreement entered into a termination agreement and mutual release in which the parties mutually agreed to terminate and deem null and void the Stock Purchase Agreement and Share Exchange and ARN Invest agreed to return the 79,500,000 shares of stock in consideration for the payment of \$20,000 by the Company to Web Intelligence. Upon, termination of this agreement, management determined in the best interest of the shareholders to seek other opportunities

Edgar Filing: STARTCALL COM INC - Form 10QSB

for the Company.

GOLDSRING, INC.
NOTES TO FINANCIAL STATEMENTS
March 31, 2003 and 2002

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued BASIS OF PRESENTATION: The Company's independent accountants are including a "going concern" paragraph in their audit report accompanying these financial statements that cautions the users of the Company's financial statements that these statements do not include any adjustments that might result from the outcome of this uncertainty. Furthermore, the "going concern" paragraph states that the Company's ability to continue is also dependent on its ability to, among other things, obtain additional debt and equity financing, identify customers, secure vendors and suppliers, and establish an infrastructure for its operations.

Management continues to actively seek various sources and methods of short and long-term financing and support; however, there can be no assurances that some or all of the necessary financing can be obtained. Management continues to explore alternatives that include seeking strategic investors, lenders and/or technology partners and pursuing other transactions that, if consummated, might ultimately result in the dilution of the interest of the current stockholders.

Because of the nature and extent of the uncertainties, many of which are outside the control of the Company, there can be no assurances that the Company will be able to ultimately consummate planned principal operations or secure the necessary financing.

The accompanying unaudited condensed financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Article 10 of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three Month period ending March 31, 2003 are not necessarily indicative of the results that may be expected for the year ending December 31, 2003. For further information, refer to the financial statements and footnotes thereto included in the Company's 10-KSB and/or Annual Report for the fiscal year ended December 31, 2002

NOTE B - STOCKHOLDERS' EQUITY

8

On September 27, 2002, the stockholders approved an amendment to the Company's Articles of Incorporation pursuant to which the Company will increase the authorized shares of common stock from 50,000,000 to 150,000,000.

On February 4, 2002, the Board of Directors approved an 11-1 forward split of the Company's outstanding stock. At the time of the stock split outstanding common shares totaling 2,207,450 was exchanged for 24,281,950 common shares.

GOLDSRING, INC.
NOTES TO FINANCIAL STATEMENTS
March 31, 2003 and 2002

Edgar Filing: STARTCALL COM INC - Form 10QSB

NOTE B - STOCKHOLDERS` EQUITY - continued

In October 2002, the Company issued and aggregate of 726,932 shares for consulting services to be rendered. The Company valued these common shares at the fair market value on the issuance date of \$23,278, which will be amortized over the service period. On December 6, 2002, the Board of Directors approved a 25-1 reverse split of the Company`s outstanding stock. At the time of the stock split, outstanding common shares totaling 25,033,882 were exchanged for 1,001,335 common shares. Weighted average shares outstanding for 2001 have been restated to reflect this reverse split.

During December 2002 the Company entered into consulting agreements for investor relation services and business advisory services to be rendered. As compensation for these services the Company issued an aggregate of 18,500,000 shares of common stock to these consultants. The Company valued these common shares at the fair market value on the contract date of \$18,685,000. However, in concurrent with the termination agreement further described in Note H, 16,500,000 of these shares were surrendered to treasury and retired which was recorded as of December 31, 2002 at the issuance cost of \$1.01 per share (the fair market value on the issuance date) aggregating \$16,665,000 that also was recorded as a reduction to deferred consulting fees and additional paid-in capital. The consulting services have not yet been performed. The remaining deferred consulting fees will be amortized over remaining service period.

NOTE C - COMMITMENTS

PURCHASE AND SALE AGREEMENT:

Concurrent with the termination agreement described above, management signed a letter of intent and subsequent purchase agreement with Ecovery, Inc. ("Seller") to purchase substantially all of the assets used by Ecovery in conducting its mining business in Nevada. The assets shall include, but not be limited to Seller`s accounts receivable, corporate name, trade name, trademarks and logos, mining tenements and any and all mining claims. The Company agreed to transfer the 79,500,000 shares held in treasury and issue an additional 10,500,000 restricted shares.

9

Pursuant to this letter of intent and agreement, the Company changed its name to GoldSpring, Inc. As of the date of this audit report the Company is currently working to finalize the terms of the Asset Purchase Agreement.

GOLDSRING, INC.
NOTES TO FINANCIAL STATEMENTS
March 31, 2003 and 2002

CANCELLATION OF SHAREHOLDER DEBT:

In March 2003, in consideration for the issuance of 1,198,726 restricted shares of common stock, certain shareholders of the Company canceled all of the debt and promissory notes and accrued interest owed to them by the Company.

CONSULTING AGREEMENTS:

In March 2003, the Company entered into three consulting agreements whereby the Company issued an aggregate of 24,000,000 shares of stock, with an aggregate offering price of \$2,080,000 (fair market value at the time of the contracts) in exchange for consulting services. Each contract has a term of one year that is renewable by either party.

Edgar Filing: STARTCALL COM INC - Form 10QSB

Item 2 MANAGEMENT'S DISCUSSION AND ANALYSIS AND PLAN OF OPERATIONS

The following discussion and analysis provides information which management believes is relevant to an assessment and understanding of our results of operations and financial condition. The discussion should be read in conjunction with our financial statements and footnotes. The following discussion and analysis contains forward-looking statements, which involve risks and uncertainties. Our actual results may differ significantly from the results, expectations and plans discussed in these forward-looking statements.

OVERVIEW

During the past two years, we have spent considerable time and capital resources defining and developing our strategic plan for delivering and operating our real-time interactive e-commerce technology.

We attempted to manage the marketing launch of our services from our office in New York where we currently manage the

10

administration and coordination for all our other activities. Such responsibilities included the administration of our Interactive Online Services and related products to business` websites as well as technical support, daily bookkeeping and scheduling of employee responsibilities. Our primary service was ClickiChat/Support which was automatically available to our potential customers via Online. Upon receiving an online order it takes approximately 60 to 120 seconds to process such order and send back to the new register user an account number, login name and password with all instructions in order to set-up their new Interactive Online Solution ClickiChat/Support account. Please visit our sign up page at: www.liveinternethelp.com/signup.htm.

We attempted to launch our services in July 2001 and intended to continue attracting new marketing partners to continue increasing the brand name of our services and continue increasing our customer base. We also intended to continue our ongoing marketing campaign for the following 12 months but we were spending approximately \$15,000 per month. In order to fund the Company, our officers and directors had to continue to make capital contributions since we failed to generate sufficient revenue to continue operations. Finally, in December 2002, our management decided to close our current business operations and pursue potential merger candidates.

In December 2002 we entered into a Stock Purchase Agreement and Share Exchange with Web Intelligence Technology ApS and ARN Invest ApS (both Denmark Corporations) in consideration for the issuance of 79,500,000 shares of Startcall to ARN. However, in February 2003 the parties to this agreement entered into a termination agreement and mutual release in which the parties mutually agreed to terminate and deem null and void the Stock Purchase Agreement and Share Exchange and ARN Invest agreed to return the 79,500,000 shares of stock in consideration for the payment of \$20,000 by the Company to Web Intelligence. Concurrent with the execution of the termination agreement described above, management signed a letter of intent and subsequent purchase agreement with Ecovery, Inc. to purchase substantially all of the assets used by Ecovery in conducting its mining business in Nevada. The assets shall include, but not be limited to Seller`s accounts receivable, corporate name, trade name, trademarks and logos, mining tenements and any and all mining claims. The Company agreed to transfer the

79,500,000 shares held in treasury and issue an additional 10,500,000 restricted shares.

PLACER GOLD MINING - PRE-PRODUCTION ACTIVITIES

The Company's initial focus for immediate development is the GoldSpring Placer Gold mining claims, located about 6 miles east of Carson City, Nevada. According to Donald A. Bourne, P.Eng, consulting geologist, in his report dated March 1994, which was completed right after the 1993 extensive sampling and testing programs, "these claims have reported reserves of 1,199,000 ounces of gold which is contained in 41,000,000 cubic yards of sand and gravel".

The GoldSpring property consists of 21 unpatented placer mining claims covering approximately 850 acres. The claim groups lie immediately south of the famous Comstock Lode gold - silver mining camp, which is considered the source of the placer gold values in the immediate area.

A recent geological report dated May 2003 prepared by consulting geologist Paul A. Pelke, of Reno, Nevada, further supports the earlier Bourne report and adds important additional information that the writer learned from time spent with John Uhalde, a mining engineer that was intimately associated with the previous owners of the claims.

Pelke's knowledge, coupled with his long term relationship with Jerrie Gasch registered Geophysicist and Geologist of Gasch and Associates, from Sacramento, California, has enabled the Company to identify the production starting location and to design the operating plant for initial production. Gasch has been involved in virtually all exploration work carried out on the claims over the past 20 years.

The Company is actively pursuing financing proposals in the range of \$1,000,000 to \$1,500,000, which will enable, once finalized, the commencement of gold production and revenue.

Once funding is suitably arranged, the Company should be able to Implement its business plan within 90-120 days.

Development Stage Revenues

Our recent operations have been devoted primarily to preparing to place the GoldSpring Placer Gold Claims into production. Our ability to achieve our business objectives is contingent upon our success in raising additional capital which, once finalized, will lead to revenues realized from operations.

DEVELOPMENT STAGE EXPENSES

Development stage expenses during the twelve-month period primarily consisted of accounting, legal, consulting and office expenses which are necessitated by operating in a public environment. Ongoing increases to development stage expenses are anticipated during the year 2003.

LIQUIDITY AND CAPITAL RESOURCES

We have received capital contributions and related party loans to maintain operations but we have experienced cash flow shortages that has slowed our growth and forced to pursue other business opportunities. Through March 31, 2003, the consequences of those cash flow shortages was an increase of accrued

Edgar Filing: STARTCALL COM INC - Form 10QSB

expenses and stockholder loans.

We have primarily financed our activities from sales of our capital stock and from loans from our shareholders. A significant portion of the funds raised from the sale of capital stock was used to cover working capital needs such as office expenses and various consulting and professional fees.

We have essentially ceased software related operations because of inadequate cash flow. Our new business of operating a producing gold mine is contingent upon our ability to secure adequate financing. Management believes that this financing will be necessary in order for us to continue as a going concern. We are actively pursuing several forms of private debt and equity financing, although there can be no assurances that we will be successful in procuring such financing or that it will be available on terms acceptable to us.

Item 3. Controls and Procedures

12

(a) Evaluation of disclosure controls and procedures.

Our Chief Executive Officer and Chief Financial Officer (collectively the "Certifying Officers") maintain a system of disclosure controls and procedures that is designed to provide reasonable assurance that information, which is required to be disclosed, is accumulated and communicated to management timely. Under the supervision and with the participation of management, the Certifying Officers evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule [13a-14(c)/15d-14(C)] under the Exchange Act) within 90 days prior to the filing date of this report.

Based upon that evaluation, the Certifying Officers concluded that our disclosure controls and procedures are effective in timely alerting them to material information relative to our company required to be disclosed in our periodic filings with the SEC.

(b) Changes in internal controls.

Our Certifying Officers have indicated that there were no significant changes in our internal controls or other factors that could significantly affect such controls subsequent to the date of their evaluation, and there were no such control actions with regard to significant deficiencies and material weaknesses.

PART II - OTHER INFORMATION

Item 1.	Legal Proceedings.	Not Applicable
Item 2.	Changes in Securities.	None
Item 3.	Defaults Upon Senior Securities.	Not Applicable
Item 4.	Submission of Matters to a Vote of Security Holders.	None
Item 5.	Other Information.	None
Item 6.	Exhibits and Reports of Form 8-K.	On March 5, 2003 we filed an 8K based on change in of management.
