2010 ANNUAL MEETING OF SHAREHOLDERS

PROXY STATEMENT

PennyMac Mortgage Investment Trust (we, our, us or the Company) is furnishing this proxy statement in connection with our solicitation of proxies to be voted at our 2010 Annual Meeting of Shareholders (the Meeting). We will hold the Meeting at our principal executive offices, located at 27001 Agoura Road, Third Floor, Calabasas, California 91301, on Wednesday, June 16, 2010 at 9:00 a.m. California time, and any postponements or adjournments thereof. We are sending this proxy statement and the enclosed proxy to our shareholders commencing on or about April 26, 2010.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What am I voting on?

You will be entitled to vote on the following proposals at the Meeting:

The election of three (3) Trustees, Matthew Botein, Scott W. Carnahan and Frank P. Willey, for terms of three years expiring at the 2013 annual meeting of shareholders; and

The ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2010.

How does the Board of Trustees recommend that I vote on these proposals?

Our Board of Trustees recommends you vote **FOR** the election of each of the nominees as Trustees and **FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year.

Who can attend the Meeting?

If you were the record owner of our common shares as of the close of business on the record date, you are entitled to attend the Meeting, although seating is limited. The Board has set April 16, 2010 as the record date for the Meeting. If you plan to attend, please check the box on your proxy card and return it as directed on the proxy card.

If you hold your common shares through a broker and you would like to attend, please either (1) write us at Investor Relations, PennyMac Mortgage Investment Trust, 27001 Agoura Road, Third Floor, Calabasas, California 91301, (2) email us at *investorrelations@pnmac.com*, or (3) bring to the Meeting a copy of your brokerage account statement or an omnibus proxy (which you can get from your broker).

In addition, you must bring valid, government-issued photo identification, such as a driver's license or a passport. No cameras or recording devices of any kind, or signs, placards, banners or similar materials, may be brought into the Meeting. Anyone who refuses to comply with these requirements will not be admitted.

Who is entitled to vote at the Meeting?

If you were the record owner of our common shares as of the close of business on the record date, you are entitled to vote at the Meeting. Each shareholder of record on the record date is entitled to notice of, and

TABLE OF CONTENTS

to vote at, the Meeting and any adjournment or adjournments thereof. As of the record date, 16,735,317 common shares were issued and outstanding. If you were the record owner of our common shares at the close of business on the record date, you may vote at the Meeting. You are entitled to one vote on each proposal for each common share you held on the record date.

How many shares must be present to hold the Meeting?

The presence of a majority of the shares entitled to vote constitutes a quorum, which is required in order to hold the Meeting and conduct business. Your shares are counted as present at the Meeting if you:

are present and vote in person at the Meeting; or
have properly submitted a proxy card.

Since there were 16,735,317 eligible votes as of the record date, we will need at least 8,367,659 votes present in person or by proxy at the Meeting for a quorum to exist. If a quorum is not present at the Meeting, we expect that the Meeting will be adjourned to solicit additional proxies.

What shareholder approvals are required to approve the proposals?

Trustees will be elected by a plurality of the votes cast by the holders of the common shares voting in person or by proxy at the Meeting, and ratification of the appointment of our independent registered public accounting firm will require the affirmative vote of the holders of a majority of the votes cast at the Meeting.

How will voting on any other business be conducted?

Other than the two proposals described in this proxy statement, we know of no other business to be considered at the Meeting. If any other matters are properly presented at the Meeting, your signed proxy card authorizes Stanford L. Kurland, our Chief Executive Officer and President, and Jeffrey P. Grogin, our Secretary, to vote on those matters according to their best judgment.

How do I vote my shares?

If you are a shareholder of record, you may vote by using one of the following methods:

by mail, or
in person at the Meeting,
as instructed on the enclosed proxy card.

If you vote now, it will assure that your vote is counted. Whether you vote by mail or in person at the Meeting, the proxies identified on the back of the enclosed proxy card will vote the shares of which you are the shareholder of record in accordance with your instructions. If the proxy card is signed and returned and no instructions are marked, the shares will be voted as recommended by the Board in this proxy statement.

If you own your shares in street name, you must vote your shares in the manner prescribed by your broker or other nominee. Your broker or other nominee has provided a voting instruction form for you to use in directing the broker

or nominee how to vote your shares. Please follow the instructions provided on such voting instruction form.

What is the difference between a shareholder of record and a street name holder?

If your shares are registered directly in your name, you are considered the shareholder of record with respect to those shares. If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the shareholder of record with respect to those shares. However, you still are considered the beneficial owner of those shares, and your shares are said to be held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares.

If my broker holds my shares in street name, will my broker vote my shares?

If you do not provide your broker with instructions on how to vote your street name shares, your broker will be able to vote them only on the ratification of the appointment of our independent registered public

2

TABLE OF CONTENTS

accounting firm. Your broker will not be able to vote them on the election of Trustees. You should, therefore, be sure to provide your broker with instructions on how to vote your shares. See your voting instruction form for instructions.

How do I vote my shares in person at the Meeting?

If you are a shareholder of record, to vote your shares at the Meeting you should bring the enclosed proxy card and proof of identification. If you own your shares in street name, to vote your shares at the Meeting you must obtain a proxy from your broker or nominee and bring that proxy to the Meeting.

Even if you plan to attend the Meeting, we encourage you to vote by proxy card in advance of the Meeting, so your vote will be counted if you later decide not to attend the Meeting.

What if I do not specify how I want my shares voted?

If you submit a signed proxy card and do not specify how you want to vote your shares, we will vote your shares:

FOR the election of three (3) Class I Trustees, Matthew Botein, Scott W. Carnahan and Frank P. Willey, to serve on our Board for terms expiring at the 2013 annual meeting of shareholders; and

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year.

May I revoke my proxy and change my vote after submitting my proxy?

Yes. You may revoke your proxy and change your vote before it is taken at the Meeting by (1) delivering a written notice of revocation to the attention of the Secretary of the Company at 27001 Agoura Road, Third Floor, Calabasas, California 91301, (2) delivering a duly executed proxy bearing a later date, or (3) attending the Meeting and voting in person. As noted above, if you own your shares through a brokerage account or in another nominee form, you cannot vote in person at the Meeting unless you obtain a proxy from your broker or nominee and bring that proxy to the Meeting.

What does it mean if I receive more than one proxy card?

It probably means your shares are registered differently and are in more than one account. Sign and return all proxy cards to ensure that all your shares are voted.

How are votes counted?

You may either vote **FOR** or **WITHHOLD** authority to vote for each nominee for the Board of Trustees. You may vote **FOR**, **AGAINST** or **ABSTAIN** on the proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year. An abstention is the voluntary act of not voting by a shareholder who is present at a meeting and entitled to vote.

If you submit your proxy but abstain from voting or withhold authority to vote on one or more matters, your shares will be counted as present at the Meeting for the purpose of determining a quorum. Your shares also will be counted

Edgar Filing: PennyMac Mortgage Investment Trust - Form DEF 14A

as present at the Meeting for the purpose of calculating the vote on the particular matter with respect to which you abstained from voting or withheld authority to vote. If you abstain from voting on a proposal, your abstention has the same effect as a vote against that proposal.

If you hold your shares in street name and do not provide voting instructions to your broker or other nominee, your shares will be considered to be broker non-votes and will not be voted on any proposal on which your broker or other nominee does not have discretionary authority to vote under the rules of the New York Stock Exchange (NYSE). Under NYSE rules, brokers that hold our common shares in street name for customers that are the beneficial owners of those shares may not give a proxy to vote those shares on certain matters, including the election of Trustees, without specific instructions from those customers. Shares that constitute broker non-votes will be counted as present at the Meeting for the purpose of determining a quorum, but will not be considered entitled to vote on the proposal in question.

3

TABLE OF CONTENTS

Who will count the vote?

Representatives of Broadridge Financial Solutions, Inc. will count the votes for shares held in street name and BNY Mellon Shareholder Services (BNY) will count the votes of shareholders of record. Representatives of BNY will also serve as the independent Inspector of Elections.

How will we solicit proxies for the Meeting?

We are soliciting proxies by mailing this proxy statement and proxy card to our shareholders. In addition to solicitation by mail, some of our Trustees and officers and some employees of PNMAC Capital Management, LLC, which we refer to as our Manager or PCM, may make additional solicitations by telephone or in person. In addition, we may retain BNY Mellon Shareholder Services to assist in the solicitation of proxies.

What does it cost the Company to solicit proxy materials?

We will pay the cost of the solicitation of proxies, including preparing and mailing the Notice of 2010 Annual Meeting of Shareholders, this proxy statement and the proxy card or voting instruction form. To the extent any of our Trustees or officers, or any employees of our Manager, solicit proxies by telephone, facsimile transmission or other personal contact, such persons will receive no additional compensation. Brokerage houses and other nominees, fiduciaries and custodians who are holders of record of common shares will be requested to forward proxy soliciting materials to the beneficial owners of such shares and will be reimbursed by us for their charges and expenses in connection therewith at customary and reasonable rates. In addition, we may retain BNY Mellon Shareholder Services to assist in the solicitation of proxies, in which case we will pay BNY a total solicitation fee of \$7,500 per six-month period, plus reimbursement of expenses.

Can I access the Company s proxy materials and annual report to security holders electronically?

This proxy statement and the Company s 2009 annual report to security holders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2009 (Fiscal 2009), are available in the Investor Relations section of our website, www.pennymacmortgageinvestmenttrust.com.

Will our External Manager be present at the Meeting?

Officers of our Manager will be present at the Meeting.

When are shareholder proposals due for the 2011 Annual Meeting of Shareholders?

If you are submitting a proposal for possible inclusion in next year s proxy statement pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, we must receive the proposal no later than December 27, 2010.

PROPOSAL I ELECTION OF TRUSTEES

At the Meeting, the shareholders will vote to elect three (3) Class I Trustees, whose terms will expire at our 2013 annual meeting of shareholders, subject to the election and qualification of their successors or to their earlier death, resignation or removal.

The persons named in the enclosed proxy will vote to elect Matthew Botein, Scott W. Carnahan and Frank P. Willey as Class I Trustees, unless you specify a contrary choice or withhold the authority of these persons to vote for the election of any or all of the nominees by marking the proxy to that effect.

OUR BOARD OF TRUSTEES RECOMMENDS A VOTE FOR MATTHEW BOTEIN, SCOTT W. CARNAHAN AND FRANK P. WILLEY AS TRUSTEES TO SERVE UNTIL OUR 2013 ANNUAL MEETING OF SHAREHOLDERS AND UNTIL THEIR RESPECTIVE SUCCESSORS ARE DULY ELECTED AND QUALIFIED.

Trustees

We have three classes of Trustees. Our Class I Trustees to be elected at this year's Meeting will serve until our annual meeting of shareholders in 2013. Our Class II Trustees will serve until our annual meeting of shareholders in 2011, and our Class III Trustees will serve until our annual meeting of shareholders in 2012. The names of the Trustees, their ages as of April 1, 2010, and certain other information about them, including a discussion of their qualifications to serve as a Trustee, are set forth below:

Class I Trustees

Matthew Botein. Mr. Botein, age 37, has served on our Board of Trustees since August 2009 and is a current Class I Trustee and nominee for election at this year's Meeting. Mr. Botein currently holds the position of managing director and head of special situations investment group at BlackRock, Inc., an asset management firm, and was previously a managing director of Highfields Capital Management LP, an investment management firm, from March 2003 through June 2009. Mr. Botein is the vice chairman of Private National Mortgage Acceptance Company, LLC, or PNMAC, the parent company of PCM and PennyMac Loan Services, LLC, which we refer to as our Servicer or PLS. He also currently serves on the boards of First American Corporation, Aspen Insurance Holdings Limited, Cyrus Reinsurance Holdings II Limited, a sidecar formed by Highfields Capital Management LP with XL Capital in 2005 (as well as certain subsidiary and successor vehicles), and insurance broker Integro Limited. Mr. Botein holds an AB, magna cum laude and Phi Beta Kappa, from Harvard College and an MBA, with highest distinction, from the Harvard Business School, where he was a Baker and a Loeb Scholar. We believe Mr. Botein is qualified to serve on our board as a result of his considerable experience in the financial services industry, where he has managed portfolio investments in the banking, insurance, asset management, capital markets, and financial processing sectors.

Scott W. Carnahan. Mr. Carnahan, age 56, has served on our Board of Trustees since August 2009 and is a current Class I Trustee and nominee for election at this year's Meeting. Ms. Stewart holds an AB from Georgetown University and an MBA from the University of Michigan. We believe Ms. Stewart is qualified to serve on our board because she is a proven leader and director of charitable organizations, the primary focus of which is housing and homeownership within underprivileged communities.

Mark Wiedman. Mr. Wiedman, age 39, has served on our Board of Trustees since August 2009 and is a Class II Trustee. Mr. Hadley advised both public and private entities while at Grant Thornton LLP and continues to provide various consulting services to the accounting firm since his retirement. Mr. Hadley holds a BS from Wright State University. We believe Mr. Hadley is qualified to serve on our board because he is a financial and accounting expert with over 33 years of wide-ranging accounting and auditing experience, including

extensive experience in mortgage banking.

Clay A. Halvorsen. Mr. Halvorsen, age 50, has served on our Board of Trustees since August 2009 and is a Class III Trustee. Mr. Halvorsen is the senior vice president and deputy general counsel at The Irvine Company, a diversified real estate firm, and the general counsel at Irvine Community Development Company, a residential real estate developer. CORPORATE GOVERNANCE, TRUSTEE INDEPENDENCE, BOARD MEETINGS AND COMMITTEES

Corporate Governance

We believe that we have implemented effective corporate governance policies and observe good corporate governance procedures and practices. We have adopted a number of written policies, including our Corporate Governance Guidelines, our Code of Business Conduct and Ethics, and charters for the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

Independence of Our Trustees

The NYSE rules require that at least a majority of our Trustees be independent of our company and management. The rules also require that our Board of Trustees affirmatively determine that there are no material relationships between a Trustee and us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) before such Trustee can be deemed independent. We have adopted independence standards consistent with NYSE rules. Our Board of Trustees has reviewed both direct and indirect transactions and relationships that each of our Trustees had or maintained with us and our management.

As a result of this review, our Board of Trustees, based upon the fact that certain of our non-employee Trustees do not have any material relationships with us other than as Trustees and holders of our common shares, affirmatively determined that six of our Trustees are independent Trustees under NYSE rules. Our independent Trustees are Messrs. Carnahan, Halvorsen, Hadley, Marcus and Willey and Ms. Stewart.

Board Leadership Structure and Independent Lead Trustee

The positions of Chairman of the Board and Chief Executive Officer are currently held by Stanford L. Kurland, and the Company has determined not to separate the positions at this time. This determination is based, in part, on our belief that the Company's Chief Executive Officer is best situated to serve as Chairman of the Board because he is the Trustee most familiar with the Company's business and industry, and he is most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Independent Trustees and management have different perspectives and roles in strategy development. The Company's independent Trustees bring experience, oversight and expertise from outside the Company and industry, while the Chief Executive Officer brings company-specific experience and expertise. The Board

TABLE OF CONTENTS

believes that the combined role of Chairman of the Board and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance. This determination is also based on what we consider to be a strong governance structure already in place, including the appointment of an influential Independent Lead Trustee with a strong voice. The Board has appointed Randall D. Hadley as Independent Lead Trustee.

The Chairman of the Board provides leadership to the Board and works with the Board to define its structure and activities in the fulfillment of its responsibilities. The Chairman of the Board sets the Board agendas with Board and management input, facilitates communication among Trustees, works with the Independent Lead Trustee to provide an appropriate information flow to the Board and presides at meetings of the Board of Trustees and shareholders. The

Independent Lead Trustee works with the Chairman of the Board and other Board members to provide strong, independent oversight of the Company's management and affairs. Among other things, the Independent Lead Trustee reviews and provides input on Board meeting agendas as well as the quality, quantity and timeliness of information sent to the Board, coordinates with committee chairs to ensure the committees are fulfilling the responsibilities set forth in their respective charters, serves as the principal liaison between the Chairman of the Board and the independent Trustees, and chairs an executive session of the independent Trustees at each regularly scheduled Board meeting.

Risk Oversight

Our Board of Trustees and its committees oversee the Company's risk management process, while supporting organizational objectives, improving long-term organizational performance and creating shareholder value. A fundamental part of risk management oversight is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the full Board of Trustees in the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company. While the Board of Trustees has the ultimate oversight responsibility for the risk management process, particularly with respect to credit risk, interest rate risk, market risk and other risks specific to the mortgage and real estate investment trust industries, the committees of the Board also share responsibility for overseeing risk management. For example, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment report from the Company's internal auditors, and the Nominating and Corporate Governance Committee focuses on risks associated with the independence of our Trustees and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Trustees is regularly informed through committee reports about the nature of all such risks.

Board Committees and Charters

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics, which sets forth the basic principles and guidelines for resolving various legal and ethical questions that may arise in the workplace and in the conduct of our business. This code is applicable to all of our officers and Trustees, as well as to the employees, officers and directors of our Manager and Servicer when such individuals are acting for or on our behalf.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines which, in conjunction with the charters and key practices of our board committees, provide the framework for the governance of our company.

Other Charters

The Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee have also adopted written charters that govern their conduct.

Audit Committee

Our Board of Trustees has established an Audit Committee, which is comprised of three independent Trustees, Messrs. Carnahan, Hadley and Willey. Mr. Hadley chairs the Audit Committee, and he and Mr. Carnahan each serve as an audit committee financial expert, as that term is defined by the Securities and Exchange Commission (SEC).

Each of the members of the Audit Committee is financially literate under the rules of the NYSE. The Audit Committee assists the board in overseeing:

- our accounting and financial reporting processes;
- the integrity and audits of our financial statements;
- our compliance with legal and regulatory requirements;
- the qualifications and independence of our independent registered public accounting firm; and
- the performance of our independent registered public accounting firm and any internal auditors.

The Audit Committee is also responsible for engaging our independent registered public accounting firm, reviewing with our independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by our independent registered public accounting firm, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls.

Our Board of Trustees has determined that all of the Trustees serving on the Audit Committee are independent members of the Audit Committee under the current NYSE independence requirements and SEC rules. The activities of the Audit Committee are described in greater detail below under the caption Report of the Audit Committee.

Compensation Committee

Our Board of Trustees has established a Compensation Committee, which is comprised of three independent Trustees, Messrs. Halvorsen and Marcus and Ms. Stewart. Mr. Marcus chairs the Compensation Committee, the principal functions of which are to:

- evaluate the performance of our officers;
- evaluate the performance of our Manager;
- review the compensation and fees payable to our Manager under our management agreement (the management agreement);
- recommend to the Board of Trustees the compensation for our independent Trustees; and
- administer the issuance of any securities under our equity incentive plan.

Our Board of Trustees has determined that all of the Trustees serving on the Compensation Committee are independent members of the Compensation Committee under the current NYSE independence requirements and SEC rules. For additional information on the Compensation Committee, please see Compensation Committee Report below.

Nominating and Corporate Governance Committee

Our Board of Trustees has established a Nominating and Corporate Governance Committee, which is comprised of three independent Trustees, Messrs. Halvorsen and Marcus and Ms. Stewart. Ms. Stewart chairs the Nominating and

Corporate Governance Committee, which is responsible for seeking, considering and recommending to the full Board of Trustees qualified candidates for election as Trustees and then recommending nominees for election as Trustees at the annual meeting of shareholders. It also periodically prepares and submits to the Board of Trustees for adoption the Nominating and Corporate Governance Committee's selection criteria for Trustee nominees. It reviews and makes recommendations on matters

TABLE OF CONTENTS

involving general operation of the board and our corporate governance, and annually recommends to the board nominees for each committee of the board. In addition, the Nominating and Corporate Governance Committee annually facilitates the assessment of the performance of the individual Trustees and the Board of Trustees as a whole and reports thereon to the board.

The Nominating and Corporate Governance Committee is responsible for developing the general criteria, subject to approval by the full Board, for use in identifying, evaluating and selecting qualified candidates for election or re-election to the Board. The Nominating and Corporate Governance Committee periodically reviews with the Board the appropriate skills and characteristics required of Board members in the context of the current make up of the Board. Final approval of trustee candidates is determined by the full Board, and invitations to join the Board are extended by the Chairman of the Board on behalf of the entire Board.

The Nominating and Corporate Governance Committee, in accordance with the Board's governance guidelines, seeks to create a Board that is strong in its collective knowledge and has skills and experience with respect to accounting and finance, management and leadership, vision and strategy, business operations, business judgment, risk management, corporate governance, and knowledge of the mortgage industry and the global markets. The Nominating and Corporate Governance Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. We do not have a formal policy with respect to diversity; however, our Board and Nominating and Corporate Governance Committee believe that it is essential that our Trustees represent diverse viewpoints and backgrounds. In considering candidates for our Board, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials in the context of these standards and in light of the needs of the Board and the Company at that time, given the then current mix of Trustee attributes. The Nominating and Corporate Governance Committee also considers a candidate's accessibility and availability to serve effectively on the Board of Trustees, and it conducts inquiries into the background and qualifications of potential candidates. With respect to the nomination of continuing Trustees for re-election, the individual's past contributions to our Board are also considered.

The Nominating and Corporate Governance Committee uses a variety of methods for identifying and evaluating nominees for Trustee. The Nominating and Corporate Governance Committee assesses the appropriate size of the Board of Trustees and whether any vacancies on the Board of Trustees are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for Trustee. These candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. In evaluating such nominations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Trustees.

Candidates may come to the attention of the Nominating and Corporate Governance Committee through current members of our Board of Trustees, professional search firms or other persons. The Nominating and Corporate Governance Committee will also consider properly submitted nominations for nominees recommended by our shareholders. These recommendations should be submitted in writing to our Secretary at our principal executive offices, located at 27001 Agoura Road, Third Floor, Calabasas, California 91301. If any materials are provided by a shareholder in connection with the nomination of a Trustee candidate, such materials are forwarded to the Nominating and Corporate Governance Committee. Following verification of the shareholder status of persons proposing candidates, recommendations are aggregated and considered by the Nominating and Corporate Governance Committee at a regularly scheduled or special meeting.

Our Board of Trustees has determined that all of the Trustees serving on the Nominating and Corporate Governance Committee are independent members of the Nominating and Corporate Governance Committee under the current

NYSE independence requirements.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our Compensation Discussion and Analysis describes our compensation program, objectives and policies for our Chief Executive Officer, our Chief Financial Officer and the next four most highly-compensated executive officers as of December 31, 2009 (the named executive officers).

Overview of Compensation Program and Philosophy

We have no employees. We are externally managed by our Manager pursuant to the management agreement. All of our named executive officers are employees of our Manager. We have not paid, and do not intend to pay, any cash compensation to our named executive officers. We do not provide our named executive officers with pension benefits, perquisites or other personal benefits. We have no arrangements to make cash payments to our named executive officers upon their termination from service as our officers. While we do not pay our named executive officers any cash compensation, the Compensation Committee may grant our named executive officers equity awards intended to align their interests with our interests.

Cash and Other Compensation

We do not pay or accrue any salaries or bonuses to our named executive officers.

Equity-Based Compensation

The Compensation Committee may, from time to time pursuant to our equity incentive plan, grant our named executive officers certain equity-based awards, including options, restricted shares, restricted share units, unrestricted shares, LTIP units (a special class of partnership interests in our operating partnership) and other awards based on our shares. These awards are designed to align the interests of our named executive officers with those of our shareholders, by allowing our named executive officers to share in the creation of value for our shareholders through capital appreciation and dividends. These equity awards are generally subject to vesting requirements over a number of years, and are designed to promote the retention of management and to achieve strong performance for our company. These awards provide a further benefit to us by enabling our Manager and Servicer to attract, motivate and retain talented individuals.

We believe our compensation policies are particularly appropriate since we are an externally managed real estate investment trust, or REIT. REIT regulations require us to pay at least 90% of our earnings to shareholders as dividends. As a result, we believe that our shareholders are principally interested in receiving attractive risk-adjusted dividends and growth in dividends and book value. Accordingly, we want to provide an incentive to our named executive officers that rewards success in achieving these goals. Since we generally do not have the ability to retain earnings, we believe that equity-based awards serve to align the interests of named executive officers with the interests of our shareholders in receiving attractive risk-adjusted dividends and growth. Additionally, we believe that equity-based awards are consistent with our shareholders' interest in book value growth as these individuals will be incentivized to grow book value for shareholders over time. We believe that this alignment of interests provides an incentive to our named executive officers to implement strategies that will enhance our long-term performance and promote growth in dividends and growth in book value.

Our equity incentive plan permits the granting of options to purchase common shares intended to qualify as incentive stock options under the Internal Revenue Code, or the Code, as well as options that do not qualify as incentive stock options under the Code. The exercise price of each option may not be less than 100% of the fair market value of our common shares on the date of grant. The Compensation Committee will determine the terms of each option, including when each option may be exercised and the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. Options become vested and exercisable in installments and the exercisability of options may be accelerated by the Compensation Committee.

Our equity incentive plan also permits the granting of restricted shares and restricted share units. A restricted share award is an award of common shares that may be subject to forfeiture (vesting), restrictions on transferability and such other restrictions, if any, as the Compensation Committee may impose at the date of grant. The shares may vest and the restrictions may lapse separately or in combination at such times, under

TABLE OF CONTENTS

such circumstances, including, without limitation, a specified period of employment or the satisfaction of pre-established criteria, in such installments or otherwise, as the Compensation Committee may determine. Restricted share units confer on the participant the right to receive from us or our operating partnership cash, common shares or other property, as determined by the Compensation Committee, having a value equal to the number of common shares that are subject to the award.

We may also grant unrestricted shares, which are common shares awarded at no cost to the participant or for a purchase price determined by the Compensation Committee, under our equity incentive plan. The Compensation Committee may also grant other share and non-share-based awards under our equity incentive plan. These awards may be subject to such conditions and restrictions as the Compensation Committee may determine, including, but not limited to, the achievement of certain performance goals or continued employment with us through a specific period. No award under the plan may be exercisable more than 10 years after the date of grant.

Our equity incentive plan provides the Compensation Committee with the discretion to provide that, if there is a change in control of us, all or any outstanding options will become fully exercisable, all or any outstanding restricted shares and restricted share units will become fully vested and transferable, all or any other awards that were not previously vested and/or exercisable will become fully vested and/or exercisable, all or any performance conditions with respect to awards will be deemed to be fully achieved, all or any outstanding awards may be canceled in exchange for a payment of cash, or all or any outstanding awards may be substituted for awards that will substantially preserve the otherwise applicable terms of any affected awards previously granted under the equity incentive plan.

The Compensation Committee does not use a specific formula to calculate the number of equity awards and other rights awarded to named executive officers under our equity incentive plan. The Compensation Committee does not explicitly set future award levels/opportunities on the basis of what the named executive officers earned from prior awards. While the Compensation Committee will take past awards into account, it will not solely base future awards in view of those past awards. Generally, in determining the specific amounts to be granted to an individual, the Compensation Committee will take into account factors such as market practices, the individual's position, and his or her contribution to our performance, as well as the recommendations of our Manager.

2009 Restricted Share Unit Grants

We granted our named executive officers restricted share units under our equity incentive plan on August 4, 2009 upon the completion of our initial public offering, in the following amounts: Mr. Kurland, 80,000 restricted share units; Mr. Spector, 60,000 restricted share units; and each of Messrs. Grogin, Walker and Muir and Ms. McCallion, 20,000 restricted share units. All such restricted share units vest ratably over a four-year period beginning on the one-year anniversary of the grant date. Once vested, the restricted share units will be settled in our common shares. In determining the number and the terms of restricted share units granted to our named executive officers in 2009, we reviewed precedent transactions that included initial public offerings of externally managed real estate investment trusts, and we considered various other factors, such as the size of our initial public offering, the experience and positions of our named executive officers, and the recommendations of our underwriters in connection with our initial public offering.

Tax Considerations

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation, other than performance-based compensation, over \$1 million paid to the chief executive officer and the next four highest compensated executive officers to the extent that compensation of a particular executive exceeds \$1

million in any one year. Given the fact that we are presently externally managed by our Manager and the only compensation that currently may be paid to our named executive officers are long-term incentive awards pursuant to our equity incentive plan, the type and amount of compensation paid to our executives makes it unlikely that Section 162(m) will have any material effect on us.

TABLE OF CONTENTS**Compensation Committee Report**

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

Prior to the vesting of a restricted share unit, such restricted share unit is generally subject to forfeiture upon termination of service to (1) us. Upon a change in control (as defined in our equity incentive plan) or upon termination of the management agreement other than for cause (as defined in the management agreement), any restricted share unit that was not previously vested shall become fully vested. Once vested, the restricted share units will be settled in our common shares.

2009 Options Exercised and Stock Vested

The table for Options Exercised and Stock Vested has been omitted because it is not applicable. None of the restricted share units awarded to the named executive officers under the equity incentive plan vested during Fiscal 2009.

2009 Pension Benefits

The table for Pension Benefits has been omitted because it is not applicable. We do not provide any of our named executive officers with any pension plans or benefits.

2009 Nonqualified Deferred Compensation

The table for Nonqualified Deferred Compensation has been omitted because it is not applicable. We do not provide any of our named executive officers with any nonqualified deferred compensation plans or benefits.

Potential Payments upon Termination of Employment

We do not have any employment agreements with any of our named executive officers and are not obligated to make any payments to them upon termination of employment.

Potential Post-Employment Payments and Payments on a Change in Control

None of our named executives has the right to terminate employment and receive severance payments from us and we are not required to make payments to an executive upon a change of control of us. However, all unvested restricted share units we have granted under our equity incentive plan will vest immediately upon our change of control (as defined in our equity incentive plan) or upon the termination of the management agreement between us and our Manager other than for cause (as defined in the management agreement). Assuming that the triggering event took place on December 31, 2009, the value of the vested restricted share units for each named executive officer would be the same as the respective values set forth in the second column of the table presented in the section entitled 2009 Outstanding Equity Awards at Fiscal Year-End.

TABLE OF CONTENTS**Compensation Risks**

We believe that any risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. Because we have no employees, and our executive officers and other personnel who conduct our regular business are employees of our Manager or Servicer, we do not pay cash compensation to any of these officers or other personnel. Rather, we use long-term incentive compensation in the form of equity-based awards, which we issue under our equity incentive plan. The long-term incentive compensation awards are designed to align the interests of our officers and service providers with those of our shareholders, all of whom will share together in the creation of value through capital appreciation and dividends. We believe that equity-based awards are consistent with our shareholders' interest in book value growth as these individuals will be less incentivized to take short-term risk and more incentivized to grow book value for shareholders over time.

COMPENSATION OF TRUSTEES

We pay an annual Trustee's fee of \$50,000 to our Trustees who are independent under the NYSE listing standards. We pay an annual fee of \$10,000 to the chair of the Audit Committee and an annual fee of \$5,000 to the chairs of the Compensation Committee and the Nominating and Corporate Governance Committee. We pay an annual fee of \$10,000 to our Independent Lead Trustee. Each independent Trustee also receives a fee of \$2,000 for attendance at each in-person meeting and \$1,000 for each telephonic meeting of either our Board of Trustees or a committee of our Board of Trustees (unless a committee meeting is on the same day as a board meeting), up to a maximum of \$15,000 per year. The fees to our independent Trustees will be paid in cash or common shares at the election of each independent Trustee. Common shares issued in payment of Trustees' fees will be valued based on the fair market value on the date of issuance and will vest immediately upon issuance. Further, all members of our Board of Trustees will be reimbursed for their reasonable out of pocket costs and expenses in attending all meetings of our Board of Trustees and its committees.

In addition, we granted Matthew Botein 40,000 restricted share units and each independent Trustee 2,250 restricted share units at the time of their appointments to the board upon the completion of our initial public offering. Mr. Botein's restricted share units will vest ratably over a four-year period beginning on the one-year anniversary of the grant date, while the independent Trustees' restricted share units will vest in full on the one-year anniversary of the date of grant. Our equity incentive plan also provides that any independent Trustee newly elected or appointed to our Board of Trustees will receive a one-time grant of 2,250 restricted share units on the date of election or appointment, which shares will vest in full on the one-year anniversary of the date of grant. Once vested, the restricted share units will be settled in common shares. Our independent Trustees will also be eligible to receive awards under our equity incentive plan.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

This section discusses certain direct and indirect relationships and transactions involving us and certain persons related to us.

Management Agreement

We are externally managed and advised by PCM, our Manager, pursuant to the management agreement executed by our Manager and us in connection with our initial public offering. The management agreement requires our Manager to oversee our business affairs in conformity with the investment policies that are approved and monitored by our Board of Trustees. Our Manager is responsible for our day-to-day management and will perform such services and activities related to our assets and operations as may be appropriate.

Pursuant to the management agreement, our Manager is entitled to a base management fee equal to 1.50% per annum, calculated and payable quarterly in arrears, of our shareholders' equity. For purposes of calculating the base management fee, our shareholders' equity means the sum of the net proceeds from any issuances of our equity securities since formation (allocated on a *pro rata* daily basis for such issuances during the fiscal quarter of any such issuance), plus our retained earnings at the end of such quarter (without taking into account any non-cash equity compensation expense incurred in current or prior periods), less any amount that we pay for repurchases of our common shares (allocated on a *pro rata* daily basis for such repurchases during the fiscal quarter of any such repurchase), and less any unrealized gains, losses or other non-cash items that have impacted shareholders' equity as reported in our financial statements prepared in accordance with accounting principles generally accepted in the United States (GAAP), regardless of whether such items are included in other comprehensive income or loss, or in net income. This amount excludes one-time events pursuant to changes in GAAP, and certain other non-cash charges after discussions between our Manager and our independent Trustees and after approval by a majority of our independent Trustees.

Our Manager is also entitled to an incentive fee that is payable quarterly in arrears in an amount equal to 20% per annum of the dollar amount by which core earnings, on a rolling four-quarter basis and before the incentive fee, exceeds an 8% incentive fee hurdle rate, which is calculated as the product of (1) the weighted average of the issue price per share of all of our public offerings multiplied by the weighted average number of common shares outstanding (including, for the avoidance of doubt, restricted share units) in the four-quarter period and (2) 8%. For the initial four quarters following our initial public offering, core earnings is calculated on the basis of each of the previously completed quarters on an annualized basis. Core earnings for the initial quarter were calculated from the settlement date of our initial public offering on an annualized basis. Core earnings is a non-GAAP measure and is

defined as GAAP net income (loss) excluding non-cash equity compensation expense, and less any unrealized gains, losses or other non-cash items recorded in the period, regardless of whether such items are included in other comprehensive income or loss, or in net income. The amount will be adjusted to exclude one-time events pursuant to changes in GAAP and certain other non-cash charges after discussions between our Manager and our independent Trustees and after approval by a majority of our independent Trustees. In addition, any amounts that we pay to our Manager and the underwriters relating to the conditional payment of the underwriting discount in connection with our initial public offering will be excluded from the calculation of core earnings. For purposes of calculating the incentive fee, to the extent we have a net loss in core earnings from a period prior to the rolling four-quarter period that has not been offset by core earnings in a subsequent period, such loss will continue to be included in the rolling four-quarter calculation until it has been fully offset.

TABLE OF CONTENTS

Our Manager earned \$1.981 million in base management fees and \$0 in incentive fees in Fiscal 2009.

Servicing Agreement

We have also entered into a loan servicing agreement with PLS, our Servicer, pursuant to which our Servicer will provide primary servicing and special servicing for our portfolio of residential mortgage loans. The loan servicing to be provided by our Servicer will include collecting principal, interest and escrow account payments, if any, with respect to mortgage loans, as well as managing loss mitigation, which may include, among other things, collection activities, loan workouts, modifications and refinancings, foreclosures, short sales and financings to facilitate sales of real estate owned properties, or REOs.

Our Servicer is entitled to base servicing fees that are competitive with those charged by specialty servicers. Base servicing fees are calculated as a percentage of the unpaid principal balance of the mortgage loans, with the actual percentage being based on the risk characteristics of the loans in a particular pool. Such risk characteristics include market value of the underlying properties, creditworthiness of the borrowers, seasoning of the loans, degree of current and expected loan defaults, current loan-to-value ratios, borrowers' payment history and debt-to-income levels. The base servicing fees range from 30 to 100 basis points per annum of the unpaid principal balance of such loans. The risk characteristics used in calculating the base servicing fee for a particular portfolio of loans are consistent with the assumptions used by our Manager in determining the bid for that portfolio.

Our Servicer is also entitled to certain customary market-based fees and charges, including boarding and de-boarding fees, disposition fees, assumption, modification and origination fees and late charges, as well as interest on funds on deposit in custodial or escrow accounts. In the event our Servicer effects a refinancing of a loan on our behalf and not through a third party lender and the resulting loan is readily saleable, our Servicer is entitled to receive from us an origination fee of 1.0% of the unpaid principal balance of the loan plus \$750. Similarly, when our Servicer originates a loan to facilitate the disposition of real estate that we have acquired through foreclosure, our Servicer is entitled to a fee in the same amount. In addition, to the extent we participate in the U.S. Treasury's Home Affordable Modification Program (or other similar mortgage loan modification programs), or HAMP, which establishes standard loan modification guidelines for at risk homeowners and provides incentive payments to certain participants, including loan servicers, for achieving modifications and successfully remaining in the program, our Servicer will retain any incentive payments made to it and to which it is entitled in connection with our participation therein, provided, however, that with respect to any such incentive payments paid to our Servicer in connection with a mortgage loan modification for which we previously paid our Servicer a modification fee, our Servicer shall reimburse us an amount equal to the lesser of such modification fee and such incentive payments.

Our Servicer earned \$0 in base servicing fees and \$0 in other customary market-based fees in Fiscal 2009.

Purchases of Common Shares by Affiliates

PNMAC, the owner of our Manager and our Servicer, purchased 75,000 of our common shares concurrent with our initial public offering at the same price paid by other investors in our initial public offering. As of December 31, 2009, PNMAC owns 75,000 of our common shares.

Restricted Share Unit Grants

We granted 375,330 restricted share units to our executive officers, employees of our Manager and our Servicer, and members of our Board of Trustees during Fiscal 2009. During Fiscal 2009, no previously awarded restricted share units vested, and 520 shares were forfeited or canceled. As of December 31, 2009, there were approximately 374,810 unvested restricted share units issued to our executive officers, employees of our Manager and our Servicer, and members of our Board of Trustees.

Approval of Related Person Transactions

Our Code of Business Conduct and Ethics requires all of our personnel to be scrupulous in avoiding a conflict of interest as it relates to our interests and the interests of our officers and Trustees or the interests of the employees, officers and directors of our Manager and Servicer when such individuals are acting for or on our behalf. The code prohibits us from, among other things, entering into a transaction or a business

TABLE OF CONTENTS

relationship with such a related person or an immediate family member of such related person or with a company in which such a related person or such immediate family member has a substantial financial interest, unless such transaction and relationship are disclosed to and approved in advance by our Board of Trustees.

Each of our Trustees and executive officers is required to complete an annual disclosure questionnaire and report all transactions with us in which they and their immediate family members had or will have a direct or indirect material interest with respect to us. We review these questionnaires and, if we determine that it is necessary, discuss any reported transactions with the entire Board of Trustees. We do not have a formal written policy for approval or ratification of such transactions, as all such transactions are evaluated on a case-by-case basis. If we believe a transaction is significant to us and raises particular conflict of interest issues, we will discuss it with our legal counsel, and if necessary, we will form an independent board committee which has the right to engage its own legal and financial counsel to evaluate and approve the transaction.

REPORT OF THE AUDIT COMMITTEE

Since the consummation of our initial public offering, the Audit Committee has been comprised entirely of independent Trustees. The Board of Trustees has determined that all of the members of the Audit Committee meet the independence and experience requirements of the New York Stock Exchange (NYSE) and that Messrs. Hadley and Carnahan are Audit Committee financial experts within the meaning of the applicable rules of the Securities and Exchange Commission (SEC) and the NYSE. The Committee met two times in 2009. The Audit Committee has adopted a written charter outlining the practices it follows. The full text of the Audit Committee Charter is available for viewing on our website at www.pennymacmortgageinvestmenttrust.com. Any changes in the charter or key practices will be reflected on our website.

During 2009, at each of our meetings, the Audit Committee met with the Chief Financial Officer and our independent registered public accounting firm. The Audit Committee s agenda is established by the Audit Committee s chairman. The Audit Committee engaged Deloitte & Touche LLP as our independent registered public accounting firm and reviewed with our Chief Financial Officer and our independent registered public accounting firm the overall audit scope and plans, the results of the external audit examination, evaluations by our independent registered public accounting firm of our internal controls and the quality of our financial reporting.

The Audit Committee has reviewed and discussed the audited financial statements with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. In addressing the quality of management s accounting judgments, members of the Audit Committee asked for and received management s representations that our audited financial statements have been prepared in conformity with GAAP.

The Audit Committee also discussed with our independent registered public accounting firm other matters required to be discussed by a registered public accounting firm with the Audit Committee under the standards of Public Company Accounting Oversight Board (United States) (required communication with the Audit Committee). The Audit Committee received and discussed with our independent registered public accounting firm their annual written report on their independence from us and our management, which is made pursuant to applicable requirements of the Public Company Accounting Oversight Board and considered with our independent registered public accounting firm whether the provision of non-audit services is compatible with our independent registered public accounting firm s independence.

In performing all of these functions, the Audit Committee acts only in an oversight capacity and, necessarily, in its oversight role, the Audit Committee relies on the work and assurances of our management, which has the primary responsibility for financial statements and reports, and of our independent registered public accounting firm, who, in their report, express an opinion on the conformity of our annual financial statements to generally accepted accounting principles and, commencing with the fiscal year ending December 31, 2010, on the effectiveness of our internal control over financial reporting as of year-end.

TABLE OF CONTENTS

In reliance on these reviews and discussions, and the report of our independent registered public accounting firm, the Audit Committee recommended to our Board of Trustees, and our Board of Trustees approved, the inclusion of our audited financial statements in our Annual Report on Form 10-K for Fiscal 2009, filed with the SEC on March 11, 2010.

The foregoing report has been furnished by the current members of the Audit Committee:
