Grupo Radio Centro Reports Results for Third Quarter and First Nine Months of 2010

Mexico City, October 22, 2010 - Grupo Radio Centro, S.A.B. de C.V. (NYSE: RC, BMV: RCENTRO-A) (the "Company"), one of Mexico's leading radio broadcasting companies, announced today its results of operations for the third quarter and nine months ended September 30, 2010. All figures were prepared in accordance with the Financial Reporting Standards issued by the Mexican Board for Research and Development of Financial Information Standards.

Third Quarter Results

Broadcasting revenue in the third quarter 2010 was Ps. 226,147,000, an 18.3% increase compared to the Ps. 191,215,000 reported in the third quarter 2009. This increase was mainly attributable to higher advertising expenditures by the Company's clients in Mexico during the third quarter 2010 compared to the same period 2009, as well as broadcasting revenue from Los Angeles radio station KXOS-FM.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) in the third quarter 2010 were Ps. 172,511,000, an 8.6% increase compared to the Ps. 158,817,000 reported in the third quarter 2009. This increase was primarily due to higher commissions paid to the Company's sales force due to higher broadcasting revenue in the third quarter 2010 compared to the same period in 2009. This increase was partially offset by a decrease in broadcasting expenses from Los Angeles radio station KXOS-FM.

For the third quarter 2010, the Company recorded broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) of Ps. 53,636,000, a 65.6% increase compared to the Ps. 32,398,000 reported in the third quarter 2009. This increase was mainly attributable to the increase in broadcasting revenue described above.

Depreciation and amortization expenses in the third quarter 2010 were Ps. 5,828,000, a slight decrease compared to the Ps. 6,404,000 reported in the third quarter 2009, as a result of a reduction in the amount of depreciable assets.

The Company's corporate, general and administrative expenses were Ps. 2,808,000 in both the third quarter of 2009 and 2010.

The Company recorded operating income of Ps. 45,000,000 in the third quarter 2010, a 94.1% increase compared to the Ps. 23,186,000 in operating income reported in the third quarter 2009. This increase was due to increased broadcasting revenue during the third quarter 2010 compared to the third quarter 2009 as described above.

Grupo Radio Centro, S.A.B. de C.V.
Third Quarter 2010 Results

During the third quarter 2010, other expenses, net, were Ps. 9,925,000, a 46.4% decrease compared to the Ps. 18,517,000 reported in the third quarter 2009. This decrease was mainly attributable to tax credits recorded by the Company's subsidiaries during the third quarter 2010.

The Company's comprehensive financing cost in the third quarter 2010 was Ps. 5,261,000, compared to Ps. 861,000 in the third quarter 2009. This change was primarily due to a Ps. 5,193,000 gain on net foreign currency exchange in the third quarter 2009, which was attributable to an appreciation in the peso value of a U.S. denominated loan from the Company to a U.S. subsidiary compared to a Ps. 10,000 gain in the third quarter 2010.

During the third quarter 2010, the Company recorded income before taxes of Ps. 29,814,000, compared to income before taxes of Ps. 3,808,000 reported in the third quarter 2009, which was primarily attributable to an increase in operating income, as well as a decrease in other expenses, net, during the third quarter 2010.

The Company recorded income taxes of Ps. 17,827,000 in the third quarter 2010, an increase of 61.7% compared to the Ps. 11,027,000 recorded in the third quarter 2009. This increase was due to higher taxable income in the third quarter 2010 than the third quarter 2009.

As a result of the foregoing, the Company recorded net income in the third quarter 2010 of Ps. 11,987,000, compared to a net loss of Ps. 7,219,000 in the third quarter 2009.

Nine-Month Results

For the nine months ended September 30, 2010, broadcasting revenue was Ps. 601,017,000, a 14.5% increase compared to the Ps. 524,996,000 reported in the same period 2009. The increase was mainly attributable to an increase in advertising expenditures by the Company's clients, who purchased more airtime in the first nine months 2010 than the comparable period in 2009, as well as the incorporation of the Company's Los Angeles radio station KXOS-FM.

The Company's broadcasting expenses (excluding depreciation, amortization and corporate, general and administrative expenses) in the first nine months 2010 were Ps. 500,539,000, an 18.6% increase compared to the Ps. 422,128,000 reported in the same period 2009. This increase was primarily due to (i) broadcasting expenses incurred in connection with the Los Angeles radio station KXOS-FM beginning in April 2009, resulting in a comparison between nine months for the 2010 period and five and a half months for the 2009 period, (ii) higher sales commissions due to the increase in broadcasting revenue, and (iii) expenses related to the Company's mass media advertising campaigns.

Broadcasting income (i.e., broadcasting revenue minus broadcasting expenses, excluding depreciation, amortization and corporate, general and administrative expenses) in the first nine months 2010 was Ps. 100,478,000, a 2.3% decrease compared to the Ps. 102,868,000 reported in the same period 2009.

Depreciation and amortization expenses in the first nine months 2010 were Ps. 18,117,000, a 7.4% decrease compared to the Ps. 19,558,000 reported in the same period 2009. This decrease was due to a reduction in the amount of depreciable assets.

The Company's corporate, general and administrative expenses in the first nine months 2010 were Ps. 10,365,000, the same amount reported in 2009.

Grupo Radio Centro, S.A.B. de C.V.
Third Quarter 2010 Results

As a result of the foregoing, the Company recorded operating income of Ps. 71,996,000 in the first nine months 2010, a 1.3% decrease compared to the Ps. 72,945,000 reported in the same period 2009.

Other expenses, net, in the first nine months 2010 were Ps. 36,390,000, a 20.5% decrease compared to the Ps. 45,800,000 reported in the same period 2009. This decrease was mainly attributable to legal expenses incurred in 2009 related to agreements for the Los Angeles radio station, as well as revenue from tax credits during the third quarter 2010.

The Company's comprehensive cost of financing in the first nine months 2010 was Ps. 18,101,000, compared to Ps. 26,643,000 in the same period 2009. This change was primarily due to a lower loss on net foreign currency exchange from Ps. 10,048,000 in the first nine months 2009 to a Ps. 164,000 loss on net foreign currency exchange in the first nine months 2010.

For the first nine months 2010, the Company recorded income before taxes of Ps. 17,505,000 compared to income before taxes of Ps. 502,000 in the same period 2009, mainly due to the aforementioned decrease in the Company's other expenses, net, and comprehensive cost of financing.

The Company recorded income taxes of Ps. 29,994,000 in the first nine months 2010, compared to Ps. 21,345,000 recorded in the same period 2009.

As a result of the foregoing, the Company recorded a net loss of Ps. 12,489,000 in the first nine months 2010, compared to a net loss of Ps. 20,843,000 in the first nine months 2009.
