PROXY STATEMENT

General Information

The board of directors of Sandy Spring Bancorp, Inc., (“Bancorp”) has furnished this proxy statement to you in connection with the solicitation of proxies to be used at the 2014 annual meeting of shareholders. The meeting will be held on Wednesday, May 7, 2014, at 3:00 p.m. at Manor Country Club, 14901 Carrolton Road, Rockville, Maryland 20853. The notice of annual meeting, the proxy card, and this proxy statement are being first mailed on or about April 1, 2014, to shareholders of record as of the close of business on March 19, 2014 (the “Record Date”). The mailing address of our executive offices is Sandy Spring Bancorp, Inc., 17801 Georgia Avenue, Olney, MD 20832.

Who Can Vote and What Constitutes a Quorum

Shareholders of Bancorp common stock, par value \$1.00 per share, as of the close of business on the Record Date may vote. Each share of common stock is entitled to one vote. As of the Record Date 25,230,674 shares of Bancorp common stock were outstanding and eligible to vote. When you execute your right to vote, you authorize the persons named as proxies to vote your shares per your instructions whether or not you attend the annual meeting. The presence, in person or by proxy, of at least a majority of the total number of outstanding shares of common stock is necessary to constitute a quorum at the annual meeting. Proxies marked as abstentions and proxies for shares held in the name of a broker, or other nominee, marked as not voted (broker non-votes) will be counted only for purposes of determining a quorum at the annual meeting.

Exercising Your Right to Vote

By submitting your proxy instructions by card, telephone, or Internet in time to be voted at the annual meeting, the shares represented by your proxy will be voted in accordance with those instructions. Executed but unmarked proxies will be voted FOR the election of all nominees for director, FOR the approval of executive compensation, and FOR the ratification of the appointment of Ernst & Young LLP as Bancorp’s independent registered public accounting firm for 2014. If you are a registered shareholder, meaning you hold your shares directly with Bancorp, and you do not return your proxy, no votes will be cast on your behalf on any of the items of business at the annual meeting.

The board of directors does not know of any other matters that are to come before the annual meeting except for incidental or procedural matters. If any other matters are properly brought before the annual meeting, the persons named in the accompanying proxy card will vote the shares represented by each proxy on such matters in accordance with their best judgment.

Shares Held Through a Broker

If you hold your shares through a broker, or other nominee, it is critical that you cast your vote if you want it to count in the election of directors (Proposal I of this proxy statement) or the advisory vote on executive compensation (Proposal II of this proxy statement). **Your broker is not allowed to vote shares on your behalf on such matters without your specific instruction.** If you do not instruct your broker how to vote in the election of directors or the advisory vote on executive compensation, no votes will be cast on your behalf. Your broker will, however, continue to have discretion to vote any uninstructed shares on matters considered routine items, such as the ratification of the appointment of Bancorp's independent registered public accounting firm (Proposal III of this proxy statement).

Telephone and Internet Voting

Bancorp is pleased to offer its shareholders the convenience of voting by telephone and online via the Internet. Please check your proxy card for instructions. If you hold your shares in street name, your broker may allow you to provide voting instructions by telephone or via the Internet. Please check the voting instructions provided by your broker.

How to Attend the Meeting In Person and What to Bring

All shareholders will be asked to check-in at the registration desk prior to admittance to the meeting. Shareholders who own Bancorp stock through a broker, or other nominee, will need to bring a statement as proof of ownership along with photo identification. No cameras or recording equipment will be permitted in the meeting, and all cell phones must be turned off.

If you hold your shares through a broker, or other nominee, and you wish to vote your shares in person at the meeting, you will need to ask the holder for a legal proxy. You will need to bring the legal proxy with you to the meeting and turn it in with a signed ballot that will be provided to you at the meeting.

Changing Your Vote

Your presence at the annual meeting will not automatically revoke your proxy. However, you may revoke your proxy at any time prior to its exercise by 1) filing a written notice of revocation with Ronald E. Kuykendall, General Counsel and Secretary; or 2) delivering to Bancorp a duly executed proxy bearing a later date; or 3) attending the annual meeting and casting a ballot in person.

Delivery and Accessibility of Proxy Materials

To reduce costs, Bancorp utilizes the householding rules of the Securities and Exchange Commission (“SEC”) that permit the delivery of one set of proxy materials to shareholders who have the same address to achieve the benefit of reduced printing and mailing costs. Shareholders residing at a shared address will continue to receive separate proxy cards. If you wish to receive a separate set of materials, please write or call as specified below, and we will promptly mail them to you at no charge. If a broker, or other nominee, holds your shares, please contact your broker or nominee directly.

The Annual Report on Form 10-K for the year ended December 31, 2013, as filed with the SEC, excluding exhibits, is provided with this proxy statement and both documents are available on the Internet at www.sandyspringbank.com/proxy. Shareholders may obtain a copy of the exhibits to the Annual Report on Form 10-K by writing Ronald E. Kuykendall, General Counsel and Secretary, at Sandy Spring Bancorp, Inc., 17801 Georgia Avenue, Olney, Maryland 20832. Shareholders also may access a copy of the Form 10-K including exhibits on the SEC web site at www.sec.gov.

Costs of Proxy Solicitation

The cost of soliciting proxies will be borne by Bancorp. In addition to the solicitation of proxies by mail, Bancorp also may solicit proxies through its directors, officers, and employees. Bancorp also will request persons, firms, and corporations holding shares in their names or in the name of nominees that are beneficially owned by others to send proxy materials to and obtain proxies from those beneficial owners and will reimburse the holders for their reasonable expenses in doing so.

Tabulation of Votes and Public Announcement of Results

The board of directors has appointed Registrar and Transfer Company (“R&T”) to act as inspector of election at the annual meeting of shareholders. A designated representative from R&T, under oath, will carry out the duties of tabulating the votes at the meeting. The results will be announced at the end of the meeting, and filed with the SEC on Form 8-K within four business days. Shareholders may view the Form 8-K on the investor relations page of www.sandyspringbank.com.

PROPOSAL I: Election of Directors

The board of directors (“board”) is elected by shareholders to represent their interest in Bancorp. With the exception of those matters reserved for shareholders, the board is the highest and ultimate decision-making authority. The board works closely with executive management and oversees the development and execution of Bancorp’s business strategy.

Board Complement

Bancorp maintains a classified board, meaning that only a portion of the board is elected each year. The classified structure provides stability of leadership and supports Bancorp’s long-term strategy. Bancorp’s board is divided into three classes, nearly equal in number as possible. In general, the term of only one class of directors expires each year, and the directors within that class are elected for a term of three years or until their successors are elected and qualified.

There were no changes to the complement of directors on the board since the last proxy statement. If all director-nominees are elected, following the annual meeting the board will stand at 11 members.

Director-Nominees

Mark E. Friis, Pamela A. Little, and Craig A. Ruppert have been nominated for re-election to a three-year term to expire in 2017.

Nomination Process

The Nominating Committee is responsible for recruiting and recommending candidates to the board. In exercising its duties, the committee considers the present skills and experience on the board and the qualifications that are desired in order to meet Bancorp’s changing needs.

The Corporate Governance Policy outlines the general competencies required of all directors including the highest standards in exercising his or her duty of loyalty, care and commitment to all shareholders of Bancorp. Prior to the recruitment of a new director the board gathers input from all directors in order to form a collective picture of the particular competencies needed to fulfill the board’s obligations and support Bancorp’s strategy. Such competencies may include expertise in: the banking industry, financial matters, risk management, marketing, a geographic market, regional economics, strategic planning, executive management, technology or other relevant qualifications. The board also values diversity and seeks to include a broad range of backgrounds, experience and personality styles.

The Nominating Committee encourages suggestions for qualified director candidates from the chief executive officer, the chairman of the board, other directors, and from shareholders, and is responsible for the evaluation of such suggestions. Shareholders may submit suggestions for qualified director candidates by writing to Ronald E. Kuykendall, General Counsel and Secretary, at Sandy Spring Bancorp, Inc., 17801 Georgia Avenue, Olney, Maryland 20832. Submissions should include information regarding a candidate's background, qualifications, experience and willingness to serve as a director. In addition, the Nominating Committee may consider candidates submitted by a third party search firm hired for this purpose. The Nominating Committee uses the same process for evaluating all nominees, including those recommended by shareholders, using the board membership criteria described above. Please see "Shareholder Proposals and Communications" on page 35.

Information About Nominees and Incumbent Directors

The following information sets forth the names of the three nominees for election describing their skills, experience and qualifications for election. Each has given his or her consent to be nominated and has agreed to serve, if elected. If any person nominated by the board of directors is unable to stand for election, the shares represented by proxies may be voted for the election of such other person or persons as the present board of directors may designate.

Also provided is information on the background, skills, and experience of the remaining incumbent directors. Unless described otherwise, each director has held his or her current occupation for at least five years, and the ages listed are as of the Record Date.

The boards of directors of Bancorp and its principal subsidiary Sandy Spring Bank (“the Bank”) are composed of the same persons. Throughout this proxy statement, the singular use of "board of directors" or "board" shall be intended to refer to both boards unless otherwise indicated.

Corporate Governance and Other Matters

Corporate Governance Policy and Code of Business Conduct

The board remains committed to setting a tone of the highest ethical standards and performance for Bancorp's management, officers, and the company as a whole. The board believes that strong corporate governance practices are a critical element of doing business today. To that end, the Corporate Governance Policy is reviewed regularly to ensure that it reflects the best interests of Bancorp and its shareholders.

In addition, Bancorp's board of directors has adopted a Code of Business Conduct (“the Code”) applicable to all directors, officers, and employees of Bancorp and its subsidiaries. It sets forth the legal and ethical standards that govern the conduct of business performed by Bancorp and its subsidiaries. The Code is intended to meet the requirements of Section 406 of the Sarbanes-Oxley Act of 2002, related SEC regulations, and the listing rules of the Nasdaq Stock Market, Inc. More information about corporate governance, including the Corporate Governance Policy and the Code of Business Conduct, may be found on Bancorp's investor relations website at www.sandyspringbank.com.

Director Independence

In accordance with the Corporate Governance Policy, no more than two inside directors may be on the board at any one time. All other directors must be independent. The board of directors has affirmatively determined that all directors other than Mr. Schrider are independent under Nasdaq's listing rules. The board of directors complies with or exceeds the independence requirements for the board and board committees established by the Nasdaq Stock Market, federal securities and banking laws and the additional standards included in Bancorp's Corporate Governance Policy.

Board Leadership Structure and Evaluation Process

The Corporate Governance Policy provides for the selection of a chairman of the board from among the independent directors and states that it is the policy of the board to separate the offices of the chairman and the chief executive officer. This allows the chairman to maintain an independent role in the oversight of management. The chairman of the board also chairs the Executive and Governance Committee, which is comprised of the chairmen of the other standing committees (see Executive and Governance Committee description below).

The board is committed to self-improvement and has established a regular evaluation process. In 2013, that process was facilitated by The Center for Board Excellence ("CBE"), an independent consultant. All directors completed an evaluation on the board's overall effectiveness. The results of the evaluation were compiled by CBE, and a written report was given to the board and discussed in executive session.

Board's Role in Risk Oversight

Bancorp's board fulfills a significant role in the oversight of risk in the company both through the actions of the board as a whole and those of its committees. Credit risk is overseen specifically by the Credit and Investment Risk Committee, which monitors asset quality and the adequacy of the allowance for loan and lease losses. This committee also receives regular investment risk profiles and quarterly updates from the Bank's Asset Liability Committee to monitor compliance with policies concerning interest rate risk, liquidity risk, and capital adequacy. The Compensation Committee reviews reports on risk to the company associated with incentive compensation plans. The Audit Committee meets regularly with the independent registered public accounting firm to receive reports on the results of the audit and review process. In addition, the Audit Committee receives internal audit reports that enable it to monitor operational risk throughout the company. Finally, the board receives a quarterly update from the general counsel on pending large litigation in order to be aware of any potential legal risk facing Bancorp or any of its subsidiaries.

Board Committees

Bancorp's board of directors has the following standing committees: Audit, Executive and Governance, Nominating, Compensation, and Credit and Investment Risk. The charter for each committee may be found on Bancorp's investor relations web site at www.sandyspringbank.com. Each committee's function is described as follows:

Audit Committee – The Audit Committee is appointed by the board to assist in monitoring the integrity of the financial statements and financial reporting, including the proper operation of internal control over financial reporting and disclosure controls and procedures in accordance with the Sarbanes-Oxley Act of 2002, compliance with legal and regulatory requirements and the independence and performance of internal and external auditors. The Audit Committee reviews the quarterly earnings press releases, as well as the Forms 10-Q and 10-K prior to filing. All members of the committee meet all requirements and independence standards as defined in applicable law, regulations of the SEC, Nasdaq listing rules, the Federal Deposit Insurance Act and related regulations. The board has determined that Dennis A. Starliper, a former chief financial officer of a publicly-traded company, qualifies as an audit committee financial expert under the Nasdaq listing rules and applicable securities regulations.

Executive and Governance Committee – This committee conducts board business between regular meetings as needed and provides oversight and guidance to the board of directors to ensure that the structure, policies, and processes of the board and its committees facilitate the effective exercise of the board's role in the governance of Bancorp. The committee reviews and evaluates the policies and practices with respect to the size, composition, independence and functioning of the board and its committees as stated in the Corporate Governance Policy. This committee is comprised of the chairmen of the standing committees of the board, the chairman of the board, and the president and CEO.

Nominating Committee – Members of this committee are independent directors within the meaning of the Nasdaq listing rules. In 2012, it was decided that, with the exception of the president and CEO, the same directors serving on the Executive and Governance Committee would also serve on the Nominating Committee. The Nominating Committee makes recommendations to the board with respect to nominees for election as directors. In exercising its responsibilities, the Nominating Committee considers general criteria and particular goals and needs of Bancorp for additional competencies or characteristics. The committee also has the authority to engage an outside search firm to source qualified candidates. See page 5 for a discussion of the nomination process.

Compensation Committee – Members of this committee are independent directors within the meaning of the Nasdaq listing rules. The Compensation Committee is responsible for developing Bancorp’s executive compensation philosophy and determining all elements of compensation for executive officers including base salaries, short-term incentive compensation, equity awards, and retirement benefits. In addition, the committee considers other compensation and benefit plans on behalf of the board as required by regulation. The committee is charged with assessing whether the compensation plans encourage or reward unnecessary or excessive risk-taking by participants. The committee is also responsible for reviewing and making recommendations for non-employee director compensation. Until recently, the committee reviewed and made recommendations to the board regarding equity awards. In May 2013, after the annual equity process in March, the committee was given the authority to administer the 2005 Omnibus Stock Plan.

Credit and Investment Risk Committee – The Credit and Investment Risk Committee has responsibility for approving all loans requiring board approval; reviewing and approving all credit-related activities that are required by law or regulation to be approved by the board, including, but not limited to: reviewing and approving the adequacy of the allowance for loan and lease losses; monitoring the performance and quality of Bancorp’s credit portfolio; monitoring whether Bancorp’s credit risk management activities are aligned with Bancorp’s overall business strategy; and reviewing and approving Bancorp’s credit risk policies. In addition, the committee reviews and approves all investment-related activities that are required by law or regulation to be approved by the board; monitors the performance and quality of the investment portfolio; monitors whether investment risk management activities are aligned with Bancorp’s risk tolerance and business strategies; and oversees the effectiveness and administration of and compliance with all investment-related policies.

During 2013, the board held nine meetings with overall attendance averaging 98%. In accordance with Bancorp's Corporate Governance Policy, all incumbent directors attended well over 80% of the aggregate of (a) the total number of meetings of the board of directors and (b) the total number of meetings held by all committees on which they served.

Attendance at the Annual Meeting of Shareholders

The board of directors believes it is important for all directors to attend the annual meeting of shareholders to show support for Bancorp and to provide an opportunity to interact with shareholders directly. Bancorp has a policy that directors should attend the annual meeting of shareholders unless unable to attend by reason of personal or family illness or other urgent matters. All directors attended the 2013 annual meeting.

Stock Ownership Guidelines for Directors

According to Bancorp's bylaws, qualified directors are required to hold unencumbered shares of Bancorp common stock with a fair market value of \$1,000. The Corporate Governance Policy requires this ownership position to increase with each year of service up to the lesser of 5,000 shares or \$175,000 in fair market value by January 1st following the director's fifth anniversary of service.

Director Compensation

Cash Compensation

Only non-employee directors are compensated for their service as board members. In 2013, non-employee directors received an annual retainer of \$14,000 and the chairman of the board received \$35,000. Committee chairmen receive an additional retainer as follows: Audit Committee chairman \$7,500; Executive & Governance Committee chairman \$5,000; Nominating Committee chairman \$5,000; Credit & Investment Risk Committee chairman \$5,000; and Compensation Committee chairman \$5,000.

In 2013, non-employee directors received \$1,100 for attendance at each meeting of the board of directors and \$1,000 for attendance at each committee meeting. Directors are encouraged to attend all meetings in person unless the meeting is called by teleconference. Directors who attended a regular board meeting by phone were paid a reduced meeting fee of \$500. Directors were not paid for limited-purpose teleconference meetings, and members of the Nominating Committee were not paid when the Executive & Governance Committee met on the same day. Finally, those directors who served on a regional advisory board were paid \$600 for each advisory board meeting attended. All

directors of Bancorp also serve as directors of Sandy Spring Bank, for which they did not receive any additional compensation. All meetings of the board and its committees are considered joint meetings of the holding company and the principal subsidiary.

Director Fee Deferral Plan

Directors of Bancorp are eligible to defer all or a portion of their fees under the Director Fee Deferral Plan. The amounts deferred accrue interest at 120% of the long-term Applicable Federal Rate which is not considered “above market” or preferential. Except in the case of death or financial emergency, deferred fees and accrued interest are payable only following termination of a director's service. In the event a director dies during active service, the Bank will pay benefits that exceed deferred fees and accrued interest to the extent the Bank owns an insurance policy in effect on the director's life at the time of death that pays a greater amount than the total of deferred fees and accrued interest.

Director Stock Purchase Plan

Each director of Bancorp has the option of using from 50 to 100% of his or her annual retainer fee to purchase newly issued Bancorp common stock at the current fair market value at the time the retainer is paid in accordance with the plan. Directors make an annual election to participate in advance, and participation in the plan is ratified by the board.

Equity Compensation

Bancorp directors are eligible to receive non-incentive stock options, stock appreciation rights, and restricted stock under the 2005 Omnibus Stock Plan. On March 27, 2013, the board approved 1,234 shares of restricted stock to each non-employee director with the exception of Mr. Graham whose retirement was imminent. The shares had a grant date fair value of \$20.26 per share for a total fair market value of approximately \$25,000. The restricted stock will vest over three years in equal increments, and vesting is accelerated upon the permanent departure from the board other than removal for just cause.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that Bancorp's executive officers and directors, and any persons who own more than ten percent of a registered class of Bancorp's equity securities file reports of ownership and changes in ownership with the SEC. Specific dates for such filings have been established by the SEC, and Bancorp is required to report in this proxy statement any failure to file reports in a timely manner in 2013. Based solely on the review of the copies of forms it has received and the written representation from each person, all of Bancorp's executive officers and directors have complied with filing requirements applicable to them with respect to transactions during 2013.

Transactions and Relationships with Management

Directors and officers of Bancorp obtain banking products and services from Sandy Spring Bank in the ordinary course of business. Such services may include but are not limited to deposit accounts, loans, trust services, asset management, and insurance for personal or business needs. These products and services are provided on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the same time for comparable transactions with persons not related to Bancorp and the Bank. In the opinion of management, these transactions do not involve more than the normal risk of collectability or present other unfavorable features.

Related party transactions involving executive officers or directors, as defined in Item 404 of SEC Regulation S-K, are subject to review by the board. As required by federal regulations, extensions of credit by the Bank to directors and executive officers are subject to the procedural and financial requirements of Regulation O of the Board of Governors of the Federal Reserve System, which generally require advance approval of such transactions by disinterested directors. Extensions of credit to directors or officers of Bancorp and Bank are subject to approval by the disinterested members of the Credit & Investment Risk Committee. If total exposure to an officer or director exceeds \$500,000, extensions of credit to that officer or director are subject to approval by all disinterested directors on the board. Related party transactions as defined in Item 404 (generally, any financial transactions, arrangements, or relationships, regardless of dollar amount, other than extensions of credit and bank deposits) are reviewed by the independent directors with the affected director not present or voting.

.	22% increase in net income

Summary of Executive Compensation Decisions Since the Last Proxy Statement

The Compensation Committee began its work early in 2013 by reviewing the established compensation philosophy, examining relevant market data, and considering Bancorp's 2012 financial performance and the goals and objectives set forth in the 2013 financial plan.

There were no material changes to the elements of executive compensation in 2013. The committee continued to utilize base salary, annual cash bonus, and equity awards as the primary elements of total direct compensation.

The committee recommended, and the board approved, increases to base salaries and the target cash incentive awards for 2013 that were both consistent with market data provided by an independent compensation consultant. The incentive award goals and objectives approved for 2013 were aligned with the annual financial plan, under the

Executive Team Incentive Plan (“ETIP”), and provided incentive for above-plan performance up to a maximum of 150% of target. The results for 2013 paid out a bonus equal to 111.24% of target as described under Performance-Based Incentive Compensation on page 17.

In recognition for outstanding results in 2012, the committee recommended, and the board approved, equity awards in March 2013 that were slightly above market as described under Long-Term, Equity-based Compensation on page 19.

The committee recommended, and the board approved, the 2013 criteria for the Executive Incentive Retirement Plan (“EIRP”) based on return on average assets (“ROAA”) compared to a defined group of peer banks. Bancorp’s 2013 ROAA was 1.11% compared to that of the median of peers at 0.86% or 128.36% of the peer group average, resulting in a deferral bonuses for the executive participants as described under Deferred Compensation and Retirement Benefits on page 19.

“Say On Pay” Vote

On May 1, 2013, shareholders were asked to vote on a non-binding resolution to approve the compensation for the named executive officers, commonly referred to as a “say on pay” vote. The resolution was approved with a 92% affirmative vote, demonstrating strong support of the Compensation Committee’s actions.

Overall Compensation Philosophy & Guiding Principles

Bancorp’s executive compensation philosophy has several objectives:

- achieve Bancorp’s strategic, performance objectives;
- attract, retain, and motivate the talent needed to achieve the strategic objectives;
- be competitive in comparison to local, regional and industry compensation data;
- reward a balanced approach to short and long-term performance;
- link executive interests with those of shareholders; and
- ensure executives are not encouraged or rewarded for taking excessive risk.

The committee strives to ensure the executives have a market-driven level of base compensation and benefits, with the opportunity for significant short and long-term rewards tied to company performance and shareholder value.

The primary elements of direct compensation are base salary, annual performance-based incentive compensation, and long-term equity-based compensation. Each of these compensation elements are externally benchmarked against comparably-sized banks within a defined geographic market.

Direct Compensation

Base Salary

Base salary is a fundamental element of executive compensation, and the committee reviews salaries in March in conjunction with annual performance appraisals for the preceding year.

In determining base salaries, the committee considers the executive's qualifications and experience, scope of responsibilities, the goals and objectives established for the executive, the executive's past performance, as well as competitive salary practices at financial institutions in the benchmarking peer group (see "Pay Levels and

Benchmarking" on page 22). The committee seeks to pay a base salary relative to the median of the peer group. Generally, below median would be for newly appointed or developing executives while above median would be for experienced, long-term, and high-performing executives.

Executive	2012 Base Salary	Amount of Increase	2013 Base Salary Eff. April 1, 2013	Percent Increase	
Daniel J. Schrider	\$ 487,000	\$ 29,000	\$ 516,000	5.95	%
Philip J. Mantua	\$ 285,000	\$ 15,000	\$ 300,000	5.26	%
Joseph J. O'Brien, Jr.	\$ 310,000	\$ 15,000	\$ 325,000	4.84	%
R. Louis Caceres	\$ 290,000	\$ 12,500	\$ 302,500	4.31	%
Ronald E. Kuykendall	\$ 242,500	\$ 10,500	\$ 253,000	4.33	%

Performance-Based Incentive Compensation

The Executive Team Incentive Plan (ETIP) is intended to provide participants a significant, plan-based award tied to the attainment of specific corporate goals identified and approved by the board. The 2013 target incentive opportunity was benchmarked against peer banks and expressed as a percentage of base salary, as shown on page 18.

The corporate goals were tied directly to Bancorp’s 2013 financial plan and were selected because they contribute to the long-term viability of the company; develop immediate and future revenue; and build Bancorp’s general franchise value. The committee also believes that having multiple goals provides a balanced approach while discouraging excessive risk-taking by participants, all of which is consistent with Bancorp’s compensation philosophy.

Each corporate goal was given a “threshold” or minimum performance level, a “target” level of performance equal to the 2013 financial plan and a “maximum” level at which the award opportunity was capped. For achievement of threshold level, each executive participant would earn 50% of his respective target opportunity. Achievement of the target performance level would earn the target award, and achievement of the maximum performance level would earn 150% of the target opportunity. Results for any goal that fell between performance levels were interpolated to calculate a proportionate incentive amount. Finally, the committee established a goal of 90% of planned net income as a minimum performance trigger to achieve before any award would be paid.

Per the terms of the ETIP, the committee certified the results for the established goals, exercised its discretion over the awards, and approved the payments to the executive participants.

The corporate goals, respective weights and results for 2013 were:

Corporate Goal	Weight	Percentage of Incentive Opportunity Earned	Contribution to Cash Award (Wgt x % Earned)
Pre-tax, Pre-provision, Net Income Growth ⁽¹⁾	25 %	150.00	37.50 %
Fee-based Revenue Growth ⁽²⁾	15 %	0.00	0.00 %
Efficiency Ratio (non-GAAP)	15 %	150.00	22.50 %
NPAs to Total Assets	15 %	150.00	22.50 %
Average Loan Growth	15 %	104.37	15.66 %
Average Core Deposit Growth ⁽³⁾	15 %	87.23	13.08 %
Percentage of Incentive Opportunity Earned			111.24 %

(1) Excluded one-time merger costs associated with the acquisition of CommerceFirst Bancorp in 2012.

(2) Fee-based revenue sources were defined as gains on sale of mortgages, insurance commissions, investment services income, revenue from West Financial Services, and trust fee income.

(3) Core deposits were defined as checking and savings accounts, money market accounts, and repurchase agreements.

For 2013, the incentive opportunity and cash awards for ETIP were:

Long-Term, Equity-Based Compensation

Bancorp's compensation philosophy identifies equity-based compensation as among the most effective means of creating a link between the interests of Bancorp's shareholders, the performance of the company and executive management. In 2013, the committee utilized time-vested restricted stock to accomplish this objective.

Awards of restricted stock were granted under Bancorp's 2005 Omnibus Stock Plan. The committee recommended awards for approval by the independent members of the board.

The committee may consider grants at any time during the year. However, the committee traditionally considers equity awards in March in conjunction with the annual performance appraisal process. Therefore, the awards made in March 2013 recognized that 2012 results exceeded plan goals and, therefore, were slightly above market. The awards were expressed as a percentage of base salary as of December 31, 2012, and were approved by the board on March 27, 2013 as follows:

Executive	Salary as of 12/31/2012	Equity Award as a percentage of salary	Economic Value of Equity
Daniel J. Schrider	\$ 487,000	54	% \$ 262,980
Philip J. Mantua	\$ 285,000	37	% \$ 105,453
Joseph J. O'Brien, Jr.	\$ 310,000	42	% \$ 130,191
R. Louis Caceres	\$ 290,000	42	% \$ 121,803
Ronald E. Kuykendall	\$ 242,500	37	% \$ 89,732

Under the 2005 Omnibus Stock Plan, the number of shares constituting the restricted stock award was determined by the closing stock price on the grant date. The actual number of shares was rounded to the nearest whole share. These awards of restricted stock vest in equal increments over five years and support a goal of retention of key leaders. The restricted stock will vest immediately upon the death or disability of the executive, or upon a change in control. Additional detail is provided in the Grants of Plan-Based Awards table on page 27.

Deferred Compensation and Retirement Benefits***Executive Incentive Retirement Plan (EIRP)***

All of the named executive officers participate in the Executive Incentive Retirement Plan (EIRP), an annual deferred bonus plan. The EIRP replaced Supplemental Executive Retirement Agreements (SERAs) with certain executive officers in 2008. Prior balances carried over from the SERAs vest over a period of 15 years and automatically vest upon the executive's death or disability or upon a change in control. Deferral bonuses and earnings paid under the

EIRP vest immediately.

The executive's vested account balance in the EIRP (including balances accrued under the former SERAs) will be distributed to the executive following termination of employment either in a lump sum or in installments, at the election of the executive. No payments will be made to an executive who is terminated for just cause as defined in the plan.

Earnings on EIRP balances accrue at an interest rate equal to 120% of the long-term Applicable Federal Rate, adjusted monthly. By tying the interest rate to this standard, the EIRP provides a reasonable rate of interest that is not considered above market.

The EIRP was amended in 2011 to provide a minimum, guaranteed annual deferral bonus of 3% of base salary. There were several purposes for establishing the minimum payment including: the creation of a desirable plan that will attract and retain executive talent; provision for some stability for retirement planning; and to help bridge the gap that commonly occurs for executives whose base pay exceeds the maximum allowable compensation levels established for other retirement plans such as 401(k).

The EIRP requires the board to establish specific criteria each year to determine the amount of the deferral bonus to be paid over the guaranteed minimum. For 2013, the board established the attainment of return on average assets compared to peer banks. Due to the potential for volatility in the peer group data, the committee used the median of peer data rather than average in order to eliminate any outlying results. The schedule for the 2013 deferral bonus was approved as follows:

Return on Average Assets Percentile Versus Peer Group	Deferral Bonus for Executive Officers % of Base Salary	Deferral Bonus for President & CEO % of Base Salary
80% or below	minimum 3.000%	minimum 3.000%
81% to 90%	4.500	% 5.125 %
91% to 100%	6.500	% 7.250 %
101% to 110%	7.500	% 9.375 %
111% to 120%	9.000	% 11.500 %
121% to 130%	10.500	% 13.625 %
131% to 140%	12.000	% 15.750 %
141% to 150%	13.500	% 17.875 %
151% or above	15.000	% 20.000 %

Bancorp's return on average assets for 2013 was 1.11% compared to the peer group median of 0.86%, or 128.36% of the peer group average, resulting in a deferral bonus of 13.625% of salary for Mr. Schrider and of 10.5% of salary for the other executive officers. Results are further described in the Grants of Plan-Based Awards table on page 27.

401(k) Plan

The named executive officers are eligible to participate in benefit plans available to all employees, including the Sandy Spring Bank 401(k) Plan. The 401(k) Plan provides a 100% match on the first 3% of salary deferred and a 50% on the next 2% of salary deferred up to the maximum allowed by the IRS regulations.

Pension Plan

The Sandy Spring Bancorp, Inc. Retirement Income Plan (Pension Plan) was generally available to employees through December 31, 2007 at which time the Pension Plan was frozen. Of the named executive officers, Mr. Schrider, Mr. Mantua, Mr. Caceres, and Mr. Kuykendall are participants. The accumulated benefit for each may be found on page 28.

Benefits under the Pension Plan are provided on a 10-year certain and life basis and are not subject to deduction for Social Security or other offset amounts. Earnings covered by the Pension Plan are total wages, including elective pre-tax contributions under Section 401(k) of the Internal Revenue Code, bonuses, and other cash compensation,

which for the named executive officers correspond, in general, to the total of the amounts in the "Salary" and "Non-Equity Incentive Plan Compensation" columns in the Summary Compensation Table on page 25, up to a total of \$255,000 in 2013.

The Pension Plan benefit equals the sum of three parts: (a) the benefit accrued as of December 31, 2000, based on the formula of 1.5% of highest five-year average salary as of that date times years of service as of that date, plus (b) 1.75% of each year's earnings after December 31, 2000 (1.75% of career average earnings) through December 31, 2005, and (c) 1.0% of each year's earnings thereafter. The Pension Plan permits early retirement at age 55 after at least 10 years of service completed after December 31, 2000.

Business-Related Benefits and Perquisites

The committee believes that perquisites should be limited in scope and have a business-related purpose. The committee periodically reviews perquisites to ensure alignment with the desired philosophy. The committee approves specific perquisites or benefits for individuals based on the needs of the position.

In 2013, perquisites for all of the named executive officers included eligibility for a company-paid, supplemental long-term disability insurance policy and a long-term care insurance policy, and a comprehensive executive health screening the values for which, if applicable, are represented under “All Other Compensation” in the Summary of Compensation table on page 25.

In addition, Mr. Schrider receives the use of a company-paid vehicle. Mr. Caceres and Mr. O’Brien each receive a car allowance of \$1,000 per month. Mr. O’Brien maintains a membership, at company expense, at a country club in Northern Virginia for business development purposes. Mr. O’Brien reimburses the Company for personal use of the membership. Mr. Schrider, Mr. Mantua, and Mr. Caceres have access to a corporate membership at a local country club for business purposes.

Role of Management, the Compensation Committee, and Compensation Consultants in the Executive Compensation Process

Role of Independent Compensation Consultant

In 2013, the Compensation Committee was advised by Pearl Meyer & Partners, LLC (PM&P), an independent consulting firm specializing in executive compensation. PM&P was engaged by the committee for the sole purpose of providing market data, information on compensation trends, and commentary and analysis relating to executive and director compensation. PM&P was not engaged for any other purpose by any other affiliate of Bancorp. Further, the aggregate fees paid to the consultant on an annual basis were under \$120,000 and represented less than 1% of PM&P’s 2012 revenue; and neither the board nor PM&P is aware of any personal or business relationship between PM&P, their employees and Bancorp or any member of the board.

In general, PM&P provided compensation benchmarking and analytical data and rendered advice to the committee regarding all aspects of the committee’s compensation decisions. The committee had direct access to the consultant and control over the engagement. PM&P was engaged to 1) conduct a review and competitive assessment of total compensation and benefits for all executive officers, 2) provide a comprehensive assessment of the competitiveness and effectiveness of the total executive compensation programs, 3) assist in the identification of relevant peer groups, and provide market data used by the committee for benchmarking, and 4) provide advice regarding levels and components of compensation for each named executive officer.

Role of Management

In 2013, Mr. Schrider and the executive officers, as customary, were responsible for the development of Bancorp's annual business and financial plans, which were reviewed and approved by the board of directors. The business plan provided the foundation for setting performance goals and targets to be achieved during the fiscal year and included in incentive compensation plans.

Based on the information provided by PM&P and at the direction of the committee, Mr. Schrider developed recommendations for executive compensation other than his own. Mr. Kuykendall provided the committee with legal interpretation and guidance on governance issues. Mr. Mantua provided the committee with information regarding Bancorp's performance and comparisons with peer banks' performance.

Messrs. Schrider, Mantua, and Kuykendall, as well as other members of management regularly attended portions of the Compensation Committee meetings where company performance, market considerations, and legal analyses were discussed. However, management was not present during final deliberations on executive compensation, and only committee members voted on executive compensation matters.

Role of the Compensation Committee

The basic responsibilities of the Compensation Committee were to review, recommend or approve compensation plans and policies applicable to the named executive officers, including participation and performance measures; to consider the relationship of corporate performance to total compensation; to recommend salary and bonus levels and equity-based awards for executive officers for consideration by the board of directors; and to review the adequacy and effectiveness of various compensation and benefit plans and succession planning of Bancorp. The chairman of the committee reported committee actions or recommendations to the board of directors following each committee meeting.

The 2013 CEO evaluation process was coordinated by Furr Resources, Inc., and involved receiving feedback from each director separately and anonymously for compilation. The Executive and Governance Committee reviewed the compiled evaluation and provided feedback to Mr. Schrider. The Compensation Committee used the results of this evaluation in compensation decisions concerning Mr. Schrider.

Decisions regarding compensation for the named executive officers were made by the committee with consideration given to recommendations from Mr. Schrider and PM&P. Decisions by the committee with respect to compensation were approved by the board of directors.

The committee has the authority to obtain advice and assistance from internal or external legal, human resources, accounting or other experts, advisors, or consultants as it deems desirable or appropriate. The committee has sole authority to retain and terminate any compensation consultant and to approve the fee and the terms of engagement. Details on the committee's functions are described in its charter, which has been approved by the board of directors and is available on Bancorp's Investor Relations web site maintained at www.sandyspringbank.com.

Factors for Determining Compensation

Bancorp's Goal Setting for Compensation Purposes

On an annual basis, the board of directors approves Bancorp's annual financial plan. This plan is designed to support a multi-year strategic plan by setting annual targets for achievement. Once the financial plan is approved by the board of directors, the performance goals for the ETIP and EIRP are derived directly from the stated target financial results. Mr. Schrider and Mr. Mantua report on the performance of Bancorp to the board of directors at each regularly scheduled meeting.

Pay Levels and Benchmarking

Pay levels for executives are determined using a number of factors, including: the individual's role and job responsibilities; the individual's experience and expertise; the pay levels of internal peers; pay levels in the competitive market for similar positions; performance and contribution of the individual; and performance of Bancorp as a whole. Each of these factors is analyzed as part of the compensation review process, with an emphasis placed on company performance and market information.

The committee assessed competitive market compensation using a number of data sources in order to gauge industry practices of other banking organizations including information publicly disclosed by a selected peer group of publicly-traded banking organizations. The specific elements of compensation reviewed as part of this comparable company analysis included base salaries, annual performance bonuses, and long-term incentives relative to the peer group. Matches to proxy compensation data were made based on the role of the executive, rather than rank to ensure a better comparison.

The peer group used in 2013 was compiled by PM&P and approved by the committee. It includes publicly-traded banking organizations of similar asset size in the geographic region. The peer group is reviewed and updated annually for appropriateness and compatibility. For 2013, the committee approved the following peer group of 26 banks located in: Maryland, Delaware, Pennsylvania, Virginia, West Virginia, Ohio, New Jersey, New York and North Carolina:

BNC Bancorp	NC Metro Bancorp, Inc.	PA
Cardinal Financial Corporation	VA National Penn Bancshares, Inc.	PA
City Holding Company	WVNBT Bancorp, Inc.	PA
Community Bank System, Inc.	NY S&T Bancorp, Inc.	PA
Eagle Bancorp, Inc.	MD StellarOne Corp.	VA
First Commonwealth Financial Corp.	PA Sterling Bancorp	NY
Park National Corporation	OH Sun Bancorp, Inc.	NJ
Financial Institutions, Inc.	NY Tompkins Financial Corp.	NY
First Bancorp	NC TowneBank	VA
First Community Bancshares, Inc.	VA Union First Mkt Bankshares Corp.	VA
First Financial Bancorp	OH United Bankshares, Inc.	WV
Hudson Valley Holding Corp.	NY Virginia Commerce Bancorp, Inc.	VA
Lakeland Bancorp, Inc.	NJ WesBanco, Inc.	WV

The peer group data was drawn from 2012 proxy statements reporting 2011 data. The identified peers had assets that ranged from approximately \$2.2 to \$8.5 billion in assets and median asset size of approximately \$3.3 billion which placed Bancorp at the 58th percentile in asset size. PM&P applied customary statistical tools to compensate for the age of the data and the geographic cost of living differences between the regional peer group and the greater Washington, D.C., metropolitan area.

Committee Discretion and Final Compensation Decisions

The committee retains the discretion to decrease all forms of incentive payouts based on significant individual or Bancorp performance shortfalls. The committee also retains the discretion to increase awards or consider special awards for significant performance, or due to subjective factors. No discretionary adjustments or special awards were made in 2013.

Clawback Policy

In December 2012, the committee recommended and the board approved a Policy for the Recovery of Performance Compensation, also known as a clawback policy. This policy was approved in anticipation of the final rules to be issued under The Dodd-Frank Act.

The policy states that in the event Bancorp is required to prepare an accounting restatement due to the material noncompliance by Bancorp with any financial reporting requirement under the securities laws, Bancorp, at the direction and sole discretion of the Compensation Committee and the board of directors, will recover from any current or former executive officer of the Company who received incentive-based compensation (including stock options awarded as compensation) during the three years preceding the date on which Bancorp is required to prepare the accounting restatement, based on the erroneous data, in excess of what would have been paid to the executive officer under the accounting restatement.

Impact of Accounting and Taxation on the Form of Compensation

The committee and Bancorp consider the accounting and tax (individual and corporate) consequences of the compensation plans prior to making any changes to the plans. The committee has considered the impact of FASB ASC Topic 718, which Bancorp adopted on January 1, 2006, on Bancorp's use of equity-based awards. This consideration factored heavily in the decision to use awards of restricted stock.

Section 162(m) of the Internal Revenue Code concerns the tax deductibility of compensation paid to the CEO and each of the three highest compensated officers, other than principal financial officer. The deduction is generally limited to \$1 million unless the compensation qualifies as “performance-based” or falls under other specified exceptions. As Bancorp’s executive compensation approaches this threshold, the committee will monitor compensation for deductibility. The committee believes in maintaining a competitive structure that may result in non-deductible compensation expenses if such a structure is in the best interests of Bancorp and its shareholders.

Risk Assessment of Compensation Policies and Practices

The committee, in consultation with management, has previously assessed the compensation policies and practices applicable to the named executive officers. The committee is in agreement that the compensation plans, policies, and practices of Bancorp do not encourage or motivate executive officers to take unnecessary or excessive risks that would pose a material threat to Bancorp.

Stock Ownership Guidelines for Executives

Bancorp does not currently have a formal stock ownership requirement for executives. However, all of the named executive officers own Bancorp common stock, and their ownership interests have increased through awards of restricted stock and voluntary participation in employee benefit plans to the point where, excluding options, each holds between two and three times their respective base salaries. Bancorp retains the discretion to implement a minimum ownership requirement or mandatory holding period for shares received under the equity compensation plan.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on this review and discussion, the committee has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in Bancorp's Annual Report on Form 10-K for the year ended December 31, 2013.

Earnings for the EIRP accrued at the rate of 120% of the Long-Term Applicable Federal Rate adjusted monthly, which is not considered above market.

The former Supplemental Executive Retirement Agreements (SERAs) were replaced with the EIRP as described on page 19. The beginning balance for each participant's EIRP account was the accrued balance as of December 31, 2007 under the former SERAs. Those balances are subject to a 15-year vesting schedule. Mr. Schrider's prior balance is fully vested. The current vesting level for Messrs. Mantua and Caceres is 90%. Mr. O'Brien's and Mr. Kuykendall's vesting levels are 30% and 80% respectively. Earnings and payments under the EIRP vest immediately.

Agreements with Executives and Potential Payments Upon Termination or Change in Control

Daniel J. Schrider

Bancorp and the Bank have an employment agreement with Mr. Schrider to provide for his employment as President and CEO. The initial term of the agreement was for three years and provides that the board of directors may take action to extend the term for an additional year at each anniversary so that the remaining term again becomes three years. Mr. Schrider's agreement does not automatically renew. The Executive and Governance Committee reviews CEO performance annually and determines whether or not to extend the CEO's employment agreement. Mr. Schrider's employment agreement currently has a term expiring on July 1, 2016. The agreement addresses such matters as Mr. Schrider's base salary, participation in incentive compensation, participation in benefit plans, vacation, insurance and other fringe benefits.

There is no specific compensation provision under Mr. Schrider's agreement for termination due to retirement, death, or voluntary resignation. Should Mr. Schrider become disabled, the board must provide written notice thirty (30) days in advance of termination. Mr. Schrider will receive his full base salary, benefits, and any perquisites other than bonus during the time of incapacity leading up to the date of termination less any benefits paid under existing disability plans. For termination by Mr. Schrider with good reason or involuntary termination by Bancorp or Bank without just cause, Mr. Schrider will receive his base salary and medical benefits for the remainder of the term of the agreement.

In the event of a change in control during the term of the agreement, and, thereafter, if Mr. Schrider's employment is terminated without just cause or he terminates his employment with good reason, as defined in the agreement, he will receive a contingent lump-sum payment equal to three (3) times his average annual compensation for the past five years preceding the change in control and medical benefits for the remaining term of the agreement.

On March 7, 2013, Mr. Schrider's agreement was amended to remove a provision that entitled him to receive an additional tax indemnification payment (a "gross-up" payment) if payments under his employment agreement or any other payments trigger liability under Sections 280G and 4999 of the Internal Revenue Code for an excise tax on "excess parachute payments." This clause was replaced with a provision that entitles Mr. Schrider to receive the greater of the following, determined on an after-tax basis: (a) the full payments and benefits provided for under the agreement, in which case he would be responsible for any resulting excise tax, or (b) one dollar less than the amount that would subject him to the excise tax.

Under the terms of his agreement, Mr. Schrider is prohibited from conflicts of interest, and is required to maintain the confidentiality of nonpublic information regarding Bancorp and its clients. He is also bound by a covenant not to compete for one year and not to solicit employees for two years following termination of employment, except in the event of a change in control.

Philip J. Mantua

Bancorp and the Bank entered into an employment agreement with Mr. Mantua on January 13, 2012 to provide for his employment as chief financial officer. The term of the present agreement ends on June 30, 2015. Effective July 1, 2013, and continuing on each July 1 thereafter, the board of directors may take action to extend the term for an additional twelve (12) months so that the remaining term becomes twenty-four (24) months. Mr. Mantua's agreement does not automatically renew. The agreement addresses such matters as Mr. Mantua's base salary, participation in incentive compensation, participation in benefit plans, vacation, insurance and other fringe benefits.

Mr. Mantua's employment agreement does not provide for any special or additional compensation in the event of termination due to retirement, death or voluntary resignation. For termination due to disability, Mr. Mantua will receive base compensation, less any applicable disability benefits, and benefits for the remaining term of the agreement. For termination by Bancorp without just cause, or termination by Mr. Mantua with good reason, as defined

in the agreement, Mr. Mantua will receive his base salary for the remaining term of the agreement at the highest annual rate paid in the twelve (12) months preceding the termination plus annual cash bonuses as a lump sum payment.

If, in connection with a change in control, as defined by IRS Code Section 409A, Mr. Mantua's employment is terminated, either involuntarily without just cause or voluntarily with good reason, within six (6) months prior to the change in control or up to two years after the change in control, he will receive a lump-sum payment equal to 2.99 times the sum of his annual salary at the highest rate paid in the preceding twelve (12) months plus the amount of any other compensation received for the past twelve (12) months. Mr. Mantua would also receive the continuation of health benefits including life and disability insurances for a period of three years following termination. If the total value of the benefits provided and payments made to Mr. Mantua in connection with a change in control, either under the employment agreement alone or together with other payments and benefits that he has the right to receive from Bancorp, would result in the imposition of an excise tax under Section 280G of the Internal Revenue Code, his severance payment will be reduced or revised so that the aggregate payments do not trigger the payment of the excise tax.

Mr. Mantua is prohibited from conflicts of interest, and is required to maintain the confidentiality of nonpublic information regarding Bancorp and its clients. He is also bound by a covenant not to compete and not to interfere with other employees following termination of employment for the remaining term of the agreement. The post-termination restrictions do not apply if there is a change in control or if the executive's employment is terminated without just cause by Bancorp or with good reason by the executive.

Joseph J. O'Brien, Jr.

Bancorp and the Bank entered into an employment agreement with Mr. O'Brien on January 13, 2012 to provide for his employment as Executive Vice President for Commercial and Retail Banking. The present term of the agreement ends on June 30, 2015. Effective July 1, 2013, and continuing on each July 1 thereafter, the board of directors may take action to extend the term for an additional twelve (12) months so that the remaining term becomes twenty-four (24) months. Mr. O'Brien's agreement does not automatically renew. The agreement addresses such matters as Mr. O'Brien's base salary, participation in incentive compensation, participation in benefit plans, vacation, insurance and other fringe benefits.

Mr. O'Brien's employment agreement does not provide for any special or additional compensation in the event of termination due to retirement, death or voluntary resignation. For termination due to disability, Mr. O'Brien will receive base compensation, less any applicable disability benefits, and benefits for the remaining term of the agreement. For termination by Bancorp without just cause, or termination by Mr. O'Brien with good reason, as defined in the agreement, Mr. O'Brien will receive his base salary for the remaining term of the agreement at the highest annual rate paid in the twelve (12) months preceding the termination plus annual cash bonuses as a lump sum payment.

If, in connection with a change in control, as defined by IRS Code Section 409A, Mr. O'Brien's employment is terminated, either involuntarily without just cause or voluntarily with good reason, within six (6) months prior to the change in control or up to two years after the change in control, he will receive a lump-sum payment equal to 2.99 times the sum of his annual salary at the highest rate paid in the preceding twelve (12) months plus the amount of any other compensation received for the past twelve (12) months. Mr. O'Brien would also receive the continuation of health benefits including life and disability insurances for a period of three years following termination. If the total value of the benefits provided and payments made to Mr. O'Brien in connection with a change in control, either under the employment agreement alone or together with other payments and benefits that he has the right to receive from Bancorp, would result in the imposition of an excise tax under Section 280G of the Internal Revenue Code, his severance payment will be reduced or revised so that the aggregate payments do not trigger the payment of the excise tax.

Mr. O'Brien is prohibited from conflicts of interest, and is required to maintain the confidentiality of nonpublic information regarding Bancorp and its clients. He is also bound by a covenant not to compete and not to interfere with other employees following termination of employment for the remaining term of the agreement. The post-termination restrictions do not apply if there is a change in control or if the executive's employment is terminated without just

cause by Bancorp or with good reason by the executive.

R. Louis Caceres and Ronald E. Kuykendall

Mr. Caceres and Mr. Kuykendall each have a change in control severance agreement with Bancorp and the Bank. The change in control agreement has a term of two years, also known as the “Covered Period.” On each anniversary date of the agreement, the agreement will automatically be extended for an additional year, unless either party has given written notice at least 60 days prior to the anniversary date of the agreement that the agreement will not be extended.

If a change in control occurs and the executive's employment is involuntarily terminated without just cause or the executive voluntarily terminates employment with good reason, as defined in the agreement, during the Covered Period, the executive will be entitled to a payment equal to 2.99 times his total compensation, which is defined as one year's base salary plus bonus payments and all other taxable compensation. The executive would also receive the continuation of health benefits, including life and disability insurances, for a period of three years following termination. Under the change in control agreements, if the total value of the benefits provided and payments made to the executive in connection with a change in control, either under the change in control agreement alone or together with other payments and benefits that he has the right to receive from Bancorp, would result in the imposition of an excise tax under Section 280G of the Internal Revenue Code, his severance payment will be reduced or revised so that the aggregate payments do not trigger the payment of the excise tax.

Impact of Termination on the Executive Incentive Retirement Plan and Outstanding Equity Awards

The following chart summarizes the effect of termination on the balances within the EIRP per the terms of the plan and on the outstanding equity awards per the terms of the award agreements.

<i>Event</i>	<i>EIRP</i>	<i>Outstanding Equity Awards</i>
Termination for just cause	Forfeiture of all benefits.	Forfeiture of all outstanding awards.
Death or disability	Any unvested deferral balance automatically vests.	Immediate vesting. Stock options remain exercisable until the earlier of (a) two years from the date of death or one year from termination due to disability or (b) the expiration date of the stock options.
Voluntary termination or involuntary termination other than for just cause	The participant receives a benefit equal to the amount of his vested deferred benefit account.	Unvested restricted stock awards are forfeited. Vested stock options remain exercisable for three months after the date of termination.
Change in control	Any unvested portion immediately vests.	Immediate vesting.

Table of Potential Payments Upon Termination or Change in Control

The following table summarizes the estimated payments to which the named executive officers were entitled upon termination in different situations as described above as of December 31, 2013. **PROPOSAL II: A Non-Binding Resolution to Approve the Compensation
for the Named Executive Officers**

The Dodd-Frank Wall Street Reform and Protection Act requires companies to submit to shareholders a non-binding vote on the compensation of Bancorp's named executive officers, as described in the Compensation Discussion and Analysis, the tabular disclosure regarding named executive officer compensation, and the accompanying narrative disclosure in this proxy statement. The board recommended and the shareholders elected to have this proposal submitted annually.

This proposal, commonly known as a "Say on Pay" proposal, gives Bancorp's shareholders the opportunity to endorse or not endorse Bancorp's executive pay program and policies through the following resolution:

"Resolved, that the shareholders approve the compensation of the named executive officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables, and related material in this proxy statement."

This vote will not be binding on the board of directors and may not be construed as overruling a decision by the board nor to create or imply any additional fiduciary duty by the board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

The board of directors believes that the compensation practices of Bancorp are designed to accomplish the objectives described in the Compensation Discussion and Analysis and that they are appropriately aligned to the long-term success of Bancorp and the interests of shareholders.

Voting Standard

In voting to approve the above resolution, shareholders may vote for the resolution, against the resolution or abstain from voting. This matter will be decided by the affirmative vote of a majority of the votes cast at the annual meeting. On this matter, abstentions will have no effect on the voting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS.

PROPOSAL III: The Ratification of the Appointment of

Ernst & Young LLP as the

Independent Registered Public Accounting Firm for the Year 2014

The Audit Committee has engaged Ernst & Young LLP (“E&Y”) as Bancorp’s independent registered public accounting firm for fiscal year 2014. In accordance with established policy, the board is submitting this proposal to the vote of the shareholders for ratification. In the event the appointment is not ratified by a majority of the shareholders it is anticipated that no change in auditors will be made for the current year because of the difficulty and expense of making a change so long after the beginning of the year, but the vote will be considered in connection with the auditor appointment for 2015.

On November 26, 2012 the Audit Committee dismissed Grant Thornton LLP (“Grant Thornton”) as Bancorp’s independent registered public accounting firm effective for fiscal year 2013. This change occurred in the normal course of the committee’s process of engaging the independent registered public accounting firm for Bancorp and coincided with the rotation of managing audit partners as required every five years under Sarbanes-Oxley.

The reports of Grant Thornton on the consolidated financial statement of Bancorp as of and for the fiscal years ended December 31, 2012 and December 31, 2011 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles. In connection with its audit for the fiscal years ended December 31, 2012 and December 31, 2011, there were no disagreements with Grant Thornton on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Grant Thornton, would have caused Grant Thornton to make reference to such disagreements in its report on the consolidated financial statement for such years.

Representatives of E&Y will be present at the annual meeting and will be available to respond to appropriate questions.

Voting Standard

In voting to ratify the appointment of E&Y as Bancorp's independent registered public accounting firm for 2014, shareholders may vote for the proposal, against the proposal or abstain from voting. This matter will be decided by the affirmative vote of a majority of the votes cast at the annual meeting. On this matter, abstentions will have no effect on the voting.

THE BOARD RECOMMENDS A VOTE "FOR" THE RATIFICATION OF ERNST & YOUNG LLP AS BANCORP'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2014.

Audit and Non-Audit Fees

The following table presents fees for professional audit services rendered for the audit of the annual financial statements of Sandy Spring Bancorp, Inc., and subsidiaries by Grant Thornton LLP for the year ended December 31, 2012, and for Ernst & Young LLP for the year ended December 31, 2013 together with fees billed for other services.

	Ernst & Young LLP 2013	Grant Thornton LLP 2012
Audit Fees ⁽¹⁾	\$ 470,000	\$ 482,802
Audit-Related Fees ⁽²⁾	-	\$ 60,441
Tax Services	-	-

⁽¹⁾ Audit fees consist of fees for professional services rendered for the audit of Bancorp's consolidated financial statements and review of financial statements included in Bancorp's quarterly reports on Form 10-Q and services

normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements.

- (2) Audit-related fees associated with the acquisition of CommerceFirst Bancorp in 2012.

Audit Committee's Preapproval Policies and Procedures for Services

The Audit Committee is required to pre-approve all auditing services and permitted non-audit services provided by Bancorp's independent registered public accounting firm. There is an exception for preapproval of non-audit services if the aggregate amount of all such non-audit services provided to Bancorp constitutes not more than 5% of the total amount of revenues paid by it to its independent registered public accounting firms during the fiscal year in which the non-audit services are provided; such services were not recognized by Bancorp at the time of the engagement to be non-audit services; and the non-audit services are promptly brought to the attention of the committee and approved prior to the completion of the audit by the committee or by one or more members of the committee to whom authority to grant such approval has been delegated by the committee. All audit services and permitted non-audit services to be performed by Bancorp's independent registered public accounting firm have been preapproved by the Audit Committee as required by SEC regulations and the Audit Committee's charter without exception.

Report of the Audit Committee

Bancorp's Audit Committee is appointed by the board of directors to assist the board in monitoring the integrity of the financial statements, compliance with legal and regulatory requirements, and the independence and performance of internal and external auditors. The committee (1) has reviewed and discussed the audited financial statements with management; (2) has discussed with Bancorp's independent registered public accounting firm the matters required to be discussed by Auditing Standard 16 (Communications with Audit Committees); and (3) has received the written disclosures and the letter from Bancorp's independent registered public accounting firm required by applicable requirement of the Public Company Accounting Oversight Board and discussed independence with Bancorp's independent registered public accounting firm. Based upon this review, discussion, disclosures, and materials described in (1) through (3), the committee recommended to the board of directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2013. The committee also has considered whether the amount and nature of non-audit services rendered by Bancorp's independent registered public accounting firm are consistent with its independence.

Shareholder Proposals and Communications

From time to time, individual shareholders may wish to submit proposals that they believe should be voted upon by the shareholders. The SEC has adopted regulations that govern the inclusion of such proposals in Bancorp's annual proxy materials. Shareholder proposals intended to be presented at the 2015 annual meeting of shareholders may be eligible for inclusion in Bancorp's proxy materials for that annual meeting if received by Bancorp at its executive offices not later than November 27, 2014 unless the date of the 2015 annual meeting is more than 30 days from May 7, 2015, in which case the deadline is a reasonable time before Bancorp begins to print and mail proxy materials. Any such proposals shall be subject to the requirements of the proxy rules adopted under the Securities Exchange Act of 1934.

In addition, Bancorp's bylaws require that to be properly brought before an annual meeting, shareholder proposals for new business must be delivered to or mailed and received by Bancorp not less than thirty nor more than ninety days prior to the date of the meeting; provided, however, that if less than forty-five days' notice of the date of the meeting is

given to shareholders, such notice by a shareholder must be received not later than the fifteenth day following the date on which notice of the date of the meeting was mailed to shareholders or two days before the date of the meeting, whichever is earlier. Each such notice given by a shareholder must set forth certain information specified in the bylaws concerning the shareholder and the business proposed to be brought before the meeting.

Shareholders also may nominate candidates for election as a director, provided that such nominations are made in writing and received by Bancorp at its executive offices not later than December 30, 2014. The nomination should be sent to the attention of Ronald E. Kuykendall, General Counsel and Secretary, at Sandy Spring Bancorp, Inc., 17801 Georgia Avenue, Olney, Maryland 20832, and must include, concerning the director nominee, the following information: full name, age, date of birth, educational background and business experience, including positions held for at least the preceding five years, home and office addresses and telephone numbers, and a signed representation to timely provide all information requested by Bancorp for preparation of its disclosures regarding the solicitation of proxies for election of directors. The name of each such candidate for director must be placed in nomination at the annual meeting by a shareholder present in person. The nominee must also be present in person at the annual meeting. A vote for a person who has not been duly nominated pursuant to these requirements will be deemed to be void.

Bancorp's shareholders may communicate with the board of directors or any individual director by addressing correspondence to the board or such director in care of the Secretary at Bancorp's main office by mail, courier, or facsimile or by e-mail through Bancorp's "contact us" feature of the investor relations area of its web site at www.sandyspringbank.com.
