Item 2. Acquisition or Disposition of Assets.

Edgar Filing: KOGER EQUITY INC - Form 8-K/A

On January 31, 2002, the Company, through a wholly-owned subsidiary, acquired Three Ravinia Drive (the "Property"), an 805,972 square foot office building located in Atlanta, Georgia, for approximately \$125.0 million. The funds required for this acquisition were drawn from the Company's existing cash reserves and from its secured revolving credit facility. The Property was acquired from Ravinia III Associates, Limited Partnership, a Georgia limited partnership, an unrelated third party. Reference is made to the Company's Form 8-K, dated January 8, 2002, which disclosed that the Company had entered into a contract to purchase the Property, which Form 8-K is incorporated herein by reference.

The Company considered various factors in determining the price to be paid for this acquisition. Factors considered included the nature of the tenants and terms of leases in place, opportunities for alternative and new tenancies, historical and expected cash flows, occupancy rates, current operating costs on the Property and anticipated changes therein under Company ownership, the physical condition and location of the Property, the need for capital improvements, the anticipated effect on the Company's financial results, and other factors. The Company took into consideration capitalization rates at which it believed other comparable properties had recently been sold. However, the Company determined the price it was willing to pay primarily on the factors discussed above relating to the Property itself and its fit into the Company's existing operations. No separate independent appraisal was obtained in connection with this acquisition. The Company, after investigation, is not aware of any material factors, other than those discussed above, that would cause the financial information reported not to be necessarily indicative of future operating results. The Company intends to lease office space in the Property to tenants and manage the Property as it does the other office buildings contained in its portfolio.

Reference is made to the information contained in Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations - Cautionary Statement Relevant to Forward-Looking Information for Purpose of 'Safe Harbor' Provisions of the Private Securities Litigation Reform Act of 1995" in the Company's Annual Report on its Form 10-K for the fiscal year ended December 31, 2001, which information is incorporated herein by reference.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Shareholders of
Koger Equity, Inc.
Boca Raton, Florida:

We have audited the accompanying statement of revenues and certain expenses of the property known as Three Ravinia Drive (the "Property") for the year ended December 31, 2001. On January 31, 2002, the Property was acquired by Koger Ravinia LLC, a wholly owned subsidiary of Koger Equity, Inc. This financial statement is the responsibility of the Property's former management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying statement of revenues and certain expenses was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in the filing of a Form 8-K/A of Koger Equity, Inc. dated January 31, 2002 as a result of the acquisition of the Property). Material amounts, described in Note 1 to the statement of revenues and certain expenses, that would not be comparable to those resulting from future operations of the Property are excluded and the statement is not intended to be a complete presentation of the Property's revenues and expenses.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues and certain expenses of the Property for the year ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America.

as recorded by the Property's previous owner, Ravinia III Associates, LP, subject to the adjustments described below.

The accompanying historical financial statement information is presented in conformity with Rule 3-14 of Regulation S-X of the Securities and Exchange Commission. Accordingly, the financial statement is not representative of the actual operations for the year ended December 31, 2001 as certain expenses, which may not be comparable to the expenses expected to be incurred in the future operations of the Property, have been excluded. Expenses excluded consist of interest, depreciation and amortization, and other costs not directly related to the future operations of the acquired property.

Management's Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Rental Income - Rental income is recognized on a straight-line basis over the terms of the related leases.

Property Operating Expenses - Property operating expenses consist primarily of utilities, insurance, repairs and maintenance, security and safety, cleaning and other administrative expenses.

Management Costs and Fees - The Property was managed by a third party manager for a property management fee of three percent of rental and other revenues plus reimbursement of personnel and other costs related to management of the properties.

Pro Forma Financial Statements

The following unaudited pro forma financial statements set forth (i) the pro forma balance sheet as of December 31, 2001, as if the acquisition occurred on December 31, 2001, (ii) the pro forma statement of operations for the year ended December 31, 2001, as if the acquisition occurred on January 1, 2001, and (iii) the unaudited statement of estimated taxable operating results and estimated cash to be made available by operations for the twelve months ended December 31, 2001, as if the acquisition occurred on January 1, 2001. The pro forma financial statements are based upon assumptions contained in the notes thereto and should be read in conjunction with such notes.

The following unaudited pro forma financial statements may not necessarily reflect the results of operations or financial position of the Company which would have actually resulted had the acquisition occurred as of the date and for the periods indicated, nor should they be taken as indicative of the future results of operations or the future financial position of the Company. Differences would result from various factors, including changes in the amounts of rents received and rental expenses paid in connection with operating the office building acquired, changes in the interest rates assumed on the Company's secured revolving credit facility, and changes in the amount and form of debt and equity capital used in the acquisition.
