PROXY STATEMENT

FOR ANNUAL MEETING OF SHAREOWNERS

to be held 10:30 a.m., Eastern Daylight Time, April 28, 2006

at the Hotel du Pont, 11th and Market Streets, Wilmington, Delaware

---

We are furnishing this proxy statement to our shareowners in connection with the 2006 annual meeting of shareowners.

Our board of directors is soliciting the proxy of our shareowners to vote their shares at the annual meeting. These proxy materials have been prepared by our management for the board of directors. This proxy statement and the accompanying form of proxy are first being sent to our shareowners on or about March 13, 2006.

The mailing address for our principal executive offices is Post Office Box 723040, Atlanta, Georgia 31139-0040.

---

**VOTING**

**Voting Shares at the Annual Meeting**

A shareowner is entitled to vote at the annual meeting if our records show that the shareowner was a shareowner of record as of the close of business on March 1, 2006, the date our board has selected as the record date for this meeting. At that time, a total of 474,136,509 shares of common stock were outstanding and entitled to vote. Each share of stock has one vote. Proxy cards accompanying this proxy statement show the number of shares that each shareowner of record is entitled to vote.

Shareowners at the annual meeting will consider the election of directors and the other items listed on the notice of meeting. They may vote in favor of all nominees for director or may withhold their votes from some or all of the nominees. For all other proposals, they may vote for or against, or they may abstain from voting.

Shareowners may vote in person at the annual meeting, or they may grant a proxy by signing, dating, and returning the proxy cards in the postage-paid envelopes provided.

All of our shareowners of record also have the option of granting a proxy by telephone or internet; please see the proxy cards or the information forwarded by banks, brokers, or other holders of record for instructions. Telephone and internet proxy facilities will close at 9:00 a.m., Eastern Daylight Time, on April 28, 2006.

Shares will be voted as the shareowner of record instructs. The persons named as proxies on the proxy card, signed by the shareowner of record, will vote as recommended by our board of directors on any matter for which a shareowner has not given instructions. The board's recommendations appear on page 3.

## **Table of Contents**

We are not aware of any other matters to be presented at the annual meeting except for those described in this proxy statement. If any other matters properly come before the annual meeting, shares will be voted in the discretion of the persons named as proxies on the proxy card.

If the annual meeting is adjourned, the shares will be voted when the meeting is reconvened as well, except for shares whose shareowners of record have revoked their proxies.

## **Revoking a Proxy**

Shareowners may revoke their proxies and change their votes any time before the proxies are voted, if they:

- Give written notice of revocation to our corporate secretary prior to the annual meeting;
- Change their votes by granting later-dated proxies; or
- Come to the annual meeting and vote their shares in person.

## **Quorums and Vote Counting**

The annual meeting requires a quorum, which for this meeting means that a majority of the shares issued and outstanding at the record date are represented at the meeting. If a shareowner grants a proxy or attends the meeting in person, that shareowner's shares will be counted to determine whether a quorum is present, even if the shareowner abstains from voting on some or all matters introduced at the meeting. Broker nonvotes also count for quorum purposes.

If shares are held through a broker, bank or other nominee, generally the nominee may vote the shares it holds for the shareowner in accordance with the shareowner's instructions. However, if the nominee has not received instructions within ten days of the meeting, the nominee may vote in its discretion only on matters that the New York Stock Exchange determines to be routine. If a nominee cannot vote on a particular matter because it is not routine, there is a broker nonvote on that matter.

The five nominees for director who receive the highest vote totals will be elected as directors. All other matters must be approved by a majority of the votes cast by shareowners who are present or represented and entitled to vote at the annual meeting. Abstentions and broker nonvotes are counted as present and entitled to vote, but they are not counted as votes for or against any proposal.

American Stock Transfer & Trust Company is our transfer agent and will tabulate all proxies and votes for the annual meeting.

## **Costs of Proxy Solicitation**

We are paying the costs of the proxy solicitation. These costs include charges of brokers, banks, fiduciaries, and custodians for forwarding proxy materials to their principals and obtaining their proxies. Additionally, some of our directors, officers, or employees may solicit proxies by mail, telephone, or personal contact. None of these solicitors will receive any additional or special compensation for doing this.

**Table of Contents****Independent Directors**

The listing requirements of the New York Stock Exchange ( NYSE ) require that a majority of the members of a listed company s board of directors must be independent. The question of independence is to be determined by the board with respect to every director, in line with the rules of the NYSE. Based upon the NYSE rules, our board has determined a majority of its current members are independent, as defined.

The NYSE rules also require that certain of our committees be composed entirely of independent directors. Our committees covered by this requirement are the Audit Committee, the Governance and Nominating Committee, and the Compensation Committee. Our board has determined that all current members of the Audit Committee, the Governance and Nominating Committee, and the Compensation Committee are independent under the NYSE rules.

*NYSE Rules*

The NYSE rules specify certain relationships that preclude a finding of independence, to which our board has added certain consulting services. If the director does not fall within one of those categories, then the board must determine that no other material relationship exists that would lead to a finding of nonindependence. The NYSE rules allow boards to adopt broad categories of relationships that would not be material, and our board has done so in its *Board of Director Guidelines on Significant Corporate Governance Issues*.

The guidelines are:

- A. *A Director will not be considered independent if:*
- (1) *the Director is now, or has within the Look Back Period been, employed by the Company;*
  - (2) *a member of the Director s immediate family is now, or within the Look Back Period has been, an executive officer of the Company;*
  - (3) *the Director or a member of his or her immediate family is a current partner of a firm that is the Company s internal or external auditor (the Company s Audit Firm );*
  - (4) *the Director is a current employee of the Company s Audit Firm;*
  - (5) *a member of the Director s immediate family is a current employee of the Company s Audit Firm and participates in that firm s audit, assurance, or tax compliance (but not tax planning) practice;*
  - (6) *the Director or a member of his or her immediate family was, within the Look Back Period, but is no longer, a partner or employee of the Company s Audit Firm and personally worked on the Company s audit within that time;*
  - (7) *the Director or a member of his or her immediate family is now, or within the Look Back Period has been, an executive officer of another entity having a compensation committee on which one or more of the Company s executive officers has concurrently served;*
  - (8)

Edgar Filing: COCA COLA ENTERPRISES INC - Form DEF 14A

*the Director is a current employee or a member of the Director's immediate family is a current executive officer of another company that has made payments to the Company for property or services during the Look Back Period in an amount that exceeds the greater of \$1 million or 2% of the other company's consolidated gross revenues;*

---

**Table of Contents**

- (9) *the Director is a current employee or a member of the Director's immediate family is a current executive officer of another company that has received payments from the Company for property or services during the Look Back Period in an amount that exceeds the greater of \$1 million or 2% of the other company's consolidated gross revenues; or*
- (10) *the Director or a member of his or her immediate family receives, or within the Look Back Period has received, more than \$100,000 in direct compensation from the Company, other than Director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).*
- B. *A Director who is a member of the Company's Audit Committee will not be independent if he or she, (1) other than in his or her capacity as a member of the Audit Committee or the Board, accepts directly or indirectly any consulting, advisory or other compensatory fee from the Company or any subsidiary (except for retirement benefits to the extent permitted by applicable SEC rules), or (2) is an affiliated person of the Company or any subsidiary.*
- C. *Ownership of the stock of the Company, or stock of The Coca-Cola Company, does not make a Director who is otherwise independent a non-independent Director.*

As used in the guidelines, the Look Back Period means the period specified in the applicable Corporate Governance Standards of the New York Stock Exchange Listed Company Manual, and a director's immediate family member would include the director's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone (other than domestic employees) who shares the director's home.

*Determinations of Independence*

The board has determined that 8 of its 13 members are independent and meet the standards set by the guidelines. In making this determination, our board first applied its guidelines, then specifically determined, with respect to each director, that he or she did not otherwise have a material relationship with Coca-Cola Enterprises.

### *Meetings of Non-Management Directors*

The non-management directors have regularly scheduled meetings in executive session, without the presence of our management. The board chooses a presiding director to chair the meetings of the non-management directors. L. Phillip Humann currently serves as presiding director. Shareowners wishing to communicate directly with Mr. Humann or the non-management directors may send correspondence addressed in care of:

Corporate Secretary  
Coca-Cola Enterprises Inc.  
Post Office Box 723040  
Atlanta, Georgia 31139-0040

### **Special Qualifications for Member of Affiliated Transaction Committee**

Our bylaws specify that the Affiliated Transaction Committee must be composed entirely of directors who (i) are not, and for the past five years have not been, an officer, director, or employee of The Coca-Cola Company or one of its affiliates, (ii) do not own more than 1% of The Coca-Cola Company's outstanding shares, and (iii) do not own any equity in an entity (except as permitted by (ii)), that is a party to the transaction being considered by the committee.

### **Attendance at Meetings of the Board and its Committees**

In 2005, the board of directors held 9 meetings. Each director attended at least 75% of the aggregate number of board and committee meetings that were held while he or she was a member of our board or committee.

### **Current Standing Committees of the Board of Directors**

The board of directors has the following standing committees, as of the date of this notice and proxy statement. The current members of each committee as of the date of this notice and proxy statement are listed beneath the description of the committee's function.

The charters of the Affiliated Transaction, Audit, Compensation, Finance, and Governance and Nominating Committees can be viewed on our website: <http://www.cokecce.com>. (Click on Investor Relations then Corporate Governance.) Copies of the charters are available in print to any shareowner requesting them by contacting the corporate secretary at: Coca-Cola Enterprises Inc., Post Office Box 723040, Atlanta, Georgia 31139-0040.

*Affiliated Transaction Committee* Reviews, considers, and negotiates on behalf of Coca-Cola Enterprises any proposed merger or consolidation between Coca-Cola Enterprises and The Coca-Cola Company, any purchase of an equity interest in The Coca-Cola Company, any purchase by The Coca-Cola Company of an equity interest in Coca-Cola Enterprises, any purchase by Coca-Cola Enterprises from The Coca-Cola Company of goods and services other than in the ordinary course of business, any other transaction between Coca-Cola Enterprises and The Coca-Cola Company having an aggregate value exceeding \$10 million, and any other transactions involving Coca-Cola Enterprises and The Coca-Cola Company that may be referred to the committee by the board.

Donna A. James

In accordance with the rules of the NYSE, the board has determined that each member of the Audit Committee is independent, as defined in Sections 303.01(B)(2)(a) and (3) of the NYSE Listing Standards.

The board has determined that both Mr. Copeland and Ms. James, in addition to being independent, are also audit committee financial experts as defined in the SEC's Regulation S-K, Item 401(h)(2). Biographical information for Mr. Copeland and Ms. James is found in The Board of Directors The Current Board and Nominees for Election.

The Audit Committee met six times in 2005.

*Report of the Audit Committee*

The Audit Committee has reviewed and discussed with management the audited financial statements of Coca-Cola Enterprises.

The committee reviewed with the independent auditors their judgments as to the quality, not just the acceptability, of the accounting principles of Coca-Cola Enterprises, and such other matters as the committee and the auditors are required to discuss under auditing standards generally accepted in the United States. Additionally, the committee discussed the auditors' independence from management and Coca-Cola Enterprises, including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of nonaudit services with the auditors' independence.

Based on the foregoing reviews and discussions, the committee recommended to the board of directors that the audited consolidated financial statements of Coca-Cola Enterprises be included in the annual report of Coca-Cola Enterprises on Form 10-K for the year ended December 31, 2005 for filing with the United States Securities and Exchange Commission.

The Governance and Nominating Committee met ten times in 2005.

Our *Board of Director Guidelines on Significant Corporate Issues* lists issues of diversity, age, business, or academic background and other criteria that the Committee and the Board find to be relevant as factors that the Governance and Nominating Committee considers in directors.

There is a procedure contained in Section 10 of Article I of our bylaws for shareowners to make nominations to the board. The following summary is qualified in its entirety by reference to Section 10. (Our bylaws may be found on our website at <http://www.cokecce.com>. Click on Investor Relations then Corporate Governance. ) To make a nomination, a shareowner must be a shareowner at the time the nomination is made, be entitled to vote at the meeting at which the election occurs, and follow the required notice provisions, which provide that notice of the shareowner's intention to make the nomination must be given to our corporate secretary at our headquarters not later than the close of business on the 90th day and not earlier than the close of business on the 120th day before the day which is the anniversary of the preceding year's annual meeting of shareowners. The notice must contain all the information about the nominee that would be required to be included in a proxy statement, and must be accompanied by the nominee's written consent to serve as a director if elected. If the shareowner has complied with all of the requirements of Section 10 of Article I, he or she may nominate the nominee at the annual meeting of shareowners.

In addition to the nomination procedures contained in our bylaws, the committee will consider director candidates proposed by shareowners. Any such proposals should be sent to the committee. (See, Communications with the Board and its Committees. ) The proponent should submit evidence that he or she is a shareowner of Coca-Cola Enterprises, together with a statement of the proposed nominee's qualifications to be a director. There is no difference in the manner in which the committee evaluates proposed nominees based upon whether the proposed nominee is recommended by a shareowner. The committee will consider all potential nominees from various sources, including any from shareowners, and will report its recommendations to the whole board. The board will make the ultimate selection of the nominee and either appoint the nominee to fill a vacancy or newly created vacancy on the board, or direct that the nominee stand for election at the next annual meeting of the shareowners.

*Public Issues Review Committee* Reviews our policies and practices relating to significant public issues of concern to shareowners, the company generally, employees, communities served by us, and the general public.

### **Communications with the Board and its Committees**

Any shareowner may communicate with the board of directors by directing correspondence to the board, any of its committees, or one or more of its individual members, in care of the Corporate Secretary, Coca-Cola Enterprises Inc., Post Office Box 723040, Atlanta, Georgia 31139-0040.

### **Policy Regarding Board Attendance at Shareowners Meetings**

Seven of our directors and one nominee for election to the board attended the 2005 shareowners meeting. We encourage attendance by members of the board and senior executives so that shareowners will have the opportunity to meet and question a representative group of our directors and senior executives.

### **Compensation of Directors**

All outside directors (that is, anyone who is not an employee of Coca-Cola Enterprises) are entitled to a \$75,000 annual retainer and a \$2,000 fee for each board meeting attended.

Additionally, all outside directors, except for directors who are employed by The Coca-Cola Company, are entitled to a

- \$7,500 annual retainer for service as chair of a committee (or \$10,000 if he or she is chair of the audit committee); and a
- \$1,000 fee for each committee meeting attended (or \$2,000 if it is a meeting of the audit committee).

Previously, and in 2005, an officer of the company who served as chairman of the board was entitled to the annual retainer, board meeting fees, and annual retainer for being chair of a committee. Effective January 2006, the chairman who is not an outside director will no longer receive any fees for his or her service on the board.

We also reimburse all outside directors for reasonable expenses of attending a meeting of the board or a committee. Directors who are officers or employees of Coca-Cola Enterprises receive only reimbursement of expenses incurred in attending out-of-town meetings.

From time to time, we may encourage our directors to attend certain management meetings and offer transportation and accommodations to directors and their spouses. Travel expenses of any directors and spouses who do not travel on our aircraft are reimbursed.

Outside directors are participants in a deferred compensation plan. The chairman also participated in 2005, but ceased to participate as of January 2006. For participants who do not own 1% or more of our common stock, one-third of all meeting fees and \$15,000 of the annual retainer are automatically credited to deferred compensation accounts, valued as if they were invested in our common stock. Participants who own 1% or more of our common stock (referred to in the plan as qualifying directors ) and other participants may also make voluntary deferrals of their retainer and meeting fees, valued as if either invested in our common stock or a cash account. The account of each participant who is not a qualifying

**Table of Contents**

director is also credited with shares of phantom stock having an aggregate value of \$16,000 on the first trading day of the year, and a qualifying director may elect whether to have this amount credited in the form of phantom stock or treated as if invested in cash.

Each outside director is also eligible for an annual grant of stock options. For 2005, each director received a grant of 8,500 options on the grant date, September 1, 2005. The exercise price of these options is \$22.305, the average of the high and low trading prices of our common stock on the grant date. The options vest over three years as long as the director continues to serve on the board, unless his or her departure is due to death, disability or the completion of a term after attaining age 70.

In our *Board of Director Guidelines on Significant Corporate Governance Issues*, it is suggested that a new director should, within five years of joining the board, own stock of our company equal in value to at least three times the annual cash compensation paid to board members. Grants of stock options and the deferred compensation plan facilitate this objective.

The total compensation paid to our directors in 2005 is set forth in the following table:

**Code of Business Conduct**

We have a Code of Business Conduct that covers the members of our board of directors, as well as our employees. A copy of the code is posted on our website ([www.cokecce.com](http://www.cokecce.com)). The code is available in print to any shareowner who requests it by contacting the corporate secretary at: Coca-Cola Enterprises Inc., Post Office Box 723040, Atlanta, Georgia 31139-0040.

If we amend or grant any waivers of the code that are applicable to our directors or executive officers which we do not anticipate doing we have committed that we will post these amendments or waivers on our website under Corporate Governance.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Our directors and executive officers, and beneficial owners of 10% or more of our common stock, must file reports with the Securities and Exchange Commission showing the number of shares of our common stock they beneficially own and any changes in their beneficial ownership. Copies of these reports must be provided to us. Based on our review of these reports and the written representations of our directors and executive officers, we believe that all required reports were filed in 2005, except for Fernando Aguirre, who reported two late transactions on a Form 4 filed July 27, 2005 reporting the acquisition of 30 phantom shares on June 9 and 191 phantom shares on June 30. These late filings were due to the company's administrative error in attributing phantom shares to his account. There have been no other failures to file required reports in other years except as disclosed in prior proxy statements.

### **EXECUTIVE COMPENSATION**

#### **Compensation Committee Report on Executive Compensation**

##### *Compensation Philosophy Pertaining to 2005*

The Compensation Committee of the board of directors of Coca-Cola Enterprises Inc. is responsible for reviewing and approving the total compensation of our senior and executive officers, including the named executive officers whose compensation is described in detail in the tables that follow our report.

Our committee is composed entirely of independent directors and operates under a written charter adopted by the board of directors. During 2005, we conducted a search for a new independent consultant and selected Frederic W. Cook & Co. As a term of our engagement, the Cook firm will not undertake projects for the company's management except under our specific authority and oversight.

We have established an executive compensation program designed to:

- Provide competitive cash compensation and long-term incentives to attract and retain high caliber executives;
- Encourage strong performance of our executive officers by conditioning a substantial portion of their annual cash compensation on the achievement of our company's business goals; and
- Align our executive officers' interests with the long-term interests of shareowners by providing a significant portion of their compensation through equity awards and requiring specific levels of ownership based on the individual's position and salary.

For 2005, we approved executive officer annual cash and long-term equity compensation that are intended to be at the median of that paid to officers with similar responsibilities in peer companies. We have also designed our annual bonus and equity award programs to provide opportunities for these officers to earn compensation up to the 75<sup>th</sup> percentile among our peer companies upon the attainment of advanced performance goals under the annual bonus program and/or for exceptional individual performance.

The peer companies we approved for purposes of establishing a competitive compensation program, which we refer to as the Comparison Group, are as follows: Anheuser-Busch, Archer-Daniels-Midland Company, Avon Products, Campbell Soup Company, The Coca-Cola Company, Colgate-Palmolive, ConAgra Foods, Dean Foods, Eastman Kodak Company, General Mills, Genuine Parts, Gillette, H.J. Heinz, Kellogg, Kimberly-Clark, Newell Rubbermaid, PepsiCo., The Pepsi Bottling Group, Sara Lee, and Sysco. This is a broader group than the peer group against which our total shareowner return is measured on the Stock Performance Graph on page 36; this is because we compete for management talent within a broad array of consumer brands companies, not just syrup, concentrate and bottling companies.

The annual cash and long-term incentive compensation of our executive officers is described in more detail below.

## **Table of Contents**

### *Annual Cash Compensation*

*Base Salary.* In December 2004, the committee agreed with management's recommendation to simplify the executive compensation program by eliminating certain perquisites. Therefore, effective January 1, 2005, we approved increases to the base salary of each officer to compensate him or her for the elimination of payments or reimbursements related to club dues, automobile allowances, legal and financial planning services, and phones. The chief executive officer and the chairman each received a \$9,500 increase, and this perquisite buy-out amount for other executive officers ranged from \$8,000 to \$9,000.

During the first quarter of 2005, we undertook our annual review of executive officer base salaries. The company's chief executive officer provided the committee with recommendations for adjustments to our executives' salaries based on market-related and internal equity considerations, as well as the individual's performance. With the exception of the chief executive officer and the chairman, as discussed below, we approved increases to each executive's base salary by reference to these considerations, and in accordance with our philosophy that base salaries should be targeted at the median of our Comparison Group. During 2005, salaries of certain executive officers were adjusted further to reflect significant changes in their positions and responsibilities.

*Annual Bonus Program.* In 2005, we adopted, and shareowners approved, the Executive Management Incentive Plan (the Executive MIP) as the executive officers' annual bonus program. Under the Executive MIP, the 2005 bonus opportunity was based on the attainment of specific targets related to the operating income budget of Coca-Cola Enterprises (80% weight) and the budget for sales volume of its products (20% weight). For purposes of this plan, operating income is determined in the same manner as set forth in the company's audited financial statements, net of adjustments (either pre-established or later approved), and sales volume is the amount of the company's product sold, measured in physical cases.

For 2005, this committee established the award levels payable upon the achievement of minimum, budgeted, and advanced targets related to each performance measure. The target awards for achieving 100% of the budgeted levels of both performance goals ranged from 75% to 125% of the executives' annual base salaries, depending on their positions. Maximum awards for the named executive officers are limited to 200% of target awards. Additionally, for executive officers whose deductible compensation is limited under Section 162(m) of the Internal Revenue Code, the committee conditioned the payment of any annual bonus upon the attainment of a specific operating income target. For 2005, this operating income target was achieved and these officers received annual bonus awards consistent with other officers under the award levels, described below.

For the 2005 performance period, Coca-Cola Enterprises achieved 98.4% of its operating income goal and 98.3% of its sales volume goal. These operating income performance results reflect certain pre-established adjustments to our reported operating income, specifically, excluding \$77 million in restructuring charges and exchange rate variances. The committee also determined it appropriate to further adjust operating income results by excluding \$28 million in extraordinary expenses associated

## **Table of Contents**

with three hurricanes along the Gulf Coast and excluding \$8 million in gains from the sale of assets. Reported operating income in 2005 included \$53 million from a settlement related to corn syrup sweetener litigation, and the committee decided that this amount was properly included in operating income for purposes of bonus computations because management demonstrated that these proceeds had been successfully invested back into the business. Under our award payout schedule, this adjusted operating income performance, together with our sales volume performance, entitled executive officers to a bonus under the Executive MIP of 80.4% of their target awards. Bonus amounts earned for 2005 for our named executive officers are shown in our Summary Compensation Table on page 29.

### *Long-Term Equity Incentives*

During 2005, we granted 2.7 million stock options and 2.0 million shares of restricted stock and restricted stock units. Compared to our year-end capitalization, our total 2005 grants were 1.0% of our outstanding shares on December 30, 2005, and represented a grant date fair market value of the shares underlying the 2005 grants equal to 1.1% of our total equity market capitalization at year end.

Consistent with our current compensation philosophy, the value of the 2005 annual equity grants for executive officers was targeted to be at the median of grants for comparable positions within the Comparison Group. We also made special awards to certain officers and key employees to reward exemplary performance, to recognize potential and to increase retention of key talent.

As in 2004, this committee determined that 2005 annual grants to our executive officers and upper management should reflect a grant value mix of approximately 60% stock options and 40% performance restricted stock. This mix reflects our continued belief in the appropriateness of using stock options as a long-term incentive vehicle and in the important role restricted stock can have in retaining key executives. All of the stock options granted in 2005 had an exercise price equal to the market value of our common stock on the date of grant and a ten-year term. Restricted stock and restricted stock units granted in 2005 to executive officers and upper management will vest only upon the satisfaction of both a five-year continued service requirement and certain increases in the market value of our common stock, measured from the date of grant. Specifically, the performance condition for one-half of each award is a 10% increase in market value and, for the other half, a 20% increase. The trading prices of our common stock must average the required market value increase goal for 20 consecutive days for the vesting condition to be satisfied.

In anticipation of the increased accounting costs associated with stock option grants in 2006, we adjusted our long-term incentive philosophy for 2005 by making equity awards to fewer employees and reducing award levels. Specifically, we made a 2005 annual equity award of stock options and restricted stock (or restricted stock units) to approximately 600 of our executives and key employees, compared to grants to 2,735 in 2004. We also made a final award of restricted stock (or restricted stock units) in 2005 to approximately 1,850 employees, communicating that their positions were no longer eligible for an annual equity awards.

## **Table of Contents**

### *Stock Ownership Guidelines*

The company has long-standing stock ownership guidelines for the executive officers requiring each executive to own stock or hold in-the-money stock options with a value equal to a multiple of his or her salary. The multiples range from three to seven times base salary, depending on the executive's position. An officer must satisfy the guidelines within specific time periods to qualify for future equity grants.

### *Executive Severance Guidelines*

It is this committee's responsibility to establish all senior and executive officer compensation, which includes the approval of employment and severance agreements. In light of the dynamic and changing landscape of our business, we recognized a need for uniform and conservative guidelines for providing transitional financial assistance to long-tenured executives in good standing whose services are no longer needed by the company. During 2005, we adopted executive severance guidelines for determining severance pay and benefits for senior and executive officers in cases of involuntary termination (other than for defined cause) or voluntary departure for defined good reason. While the committee has retained the sole discretion to determine the appropriate severance package for a departing executive, these guidelines are intended to provide a consistent framework within which to make its determinations.

The guidelines tie the amount of severance pay to the officer's service with Coca-Cola Enterprises and related companies. Specifically, the guidelines provide for cash payments, as follows:

- Executive officers with ten or more years of service would be eligible for severance pay equal to two years of salary and annual targeted bonuses;
  
- Executive officers with between two and ten years of service would be eligible for severance pay equal to one and a half years of base salary and annual targeted bonuses; and
  
- Executive officers with less than two years service would be eligible for one year of salary and annual targeted bonus.

The guidelines also allow for accelerated vesting of the affected officer's outstanding and unvested options and restricted stock (or restricted stock units). However, if any performance goals for the vesting of restricted stock have not been met within the period established by the committee, these shares will be forfeited.

In the past, the committee has approved enhanced retiree medical coverage under certain severance or consulting agreements. During our guidelines review process, we determined that this enhanced coverage, provided under the Executive Retiree Medical Plan, would no longer be made available.

In exchange for receiving the severance payments and equity vesting benefits, the departing officer must release the company from all claims and agree not to compete for two years.

In 2005, the committee approved two separation agreements for named executive officers. The severance payments approved for Mr. Van Houten were consistent with these guidelines, as provided in the agreement described in more detail

## Table of Contents

on page 35. After considerable deliberation and consultation with our independent consultant, we recommended, and the board approved, severance benefits for Mr. Alm of \$6,476,625, which is 50% more than the guidelines. Although the committee had concerns initially about departing from severance guidelines we had so recently adopted, we believed that the timely resolution of Mr. Alm's severance package was important to ensuring a smooth transition in the company's management. We also believed the increased benefits were reasonable in light of the fact that the board had asked Mr. Alm to make a five-year commitment when he accepted the responsibilities as our chief executive officer in 2004, as well as several factors affecting his recent compensation and retirement benefits. In particular, Mr. Alm voluntarily declined his 2004 bonus under the Executive Management Incentive Plan in early 2005 and did not receive an equity award this year. He also did not accrue additional pension benefits in 2005 due to already reaching the plan's limits on annual benefits. Further, Mr. Alm agreed to be available to advise on transitional matters for the first six months of 2006 and to assist with matters relating to our customers and suppliers through 2008. Certain other restrictive covenants were negotiated as part of our severance arrangement with Mr. Alm, which is described more fully on page 35. We concluded that the approximately \$2.2 million extra severance pay we approved for Mr. Alm was more than offset by the expense savings and intangible benefits the company received under this agreement.

We did not establish separate severance pay guidelines for change-in-control situations. Thus, hypothetically, if officers were involuntarily or constructively terminated following a change in control of the company, the above guidelines would apply. However, the committee retains the discretion to determine whether, or the extent to which, severance benefits would be paid in all circumstances, including a change in control.

In conjunction with our severance guideline discussions, we also reviewed the change-in-control provisions of our equity award program. As described on page 34, recent grants have provided for immediate vesting upon a change in control. We have determined that all equity grants made after 2005 require involuntary or constructive termination following such an event in order for the awards to vest or be otherwise modified.

### *Compensation of the Chief Executive Officers*

Mr. Alm was our chief executive officer until his departure on December 28, 2005. Although our compensation philosophy is equally applicable to our chief executive officer, the only increase in base salary Mr. Alm received was the \$9,500 increase related to the perquisite buyout, described above. Mr. Alm participated in our Executive MIP for 2005 and earned an annual bonus of \$964,298, which was 80.4% of his target award of 125% of salary. However, we did not grant Mr. Alm stock options or restricted stock during 2005.

During his 28 years with the company and its predecessors, Mr. Alm has earned a total pension benefit that, under the terms of the supplemental pension program, is capped at three times the IRS limit on annual benefits, or \$525,000. As part of the severance arrangement with Mr. Alm, the committee recommended, and the full board approved, granting him an extra two years of age credit so that his annual benefit

**Table of Contents**

would not be further reduced if he began receiving his pension at age 60. As of December 31, 2005, and using the same assumptions applicable to our financial reporting obligations, the lump-sum present value of Mr. Alm's total pension benefit at normal retirement age was approximately \$3.8 million. The present value of the additional age credit increased the present value of his total pension benefit by \$859,000.

Mr. Kline served as our chairman during 2005. During this period he received the compensation shown on the Summary Compensation Table on page 29, plus \$93,000 in directors' fees as reported on page 31. Shortly before year end, he was elected as our chief executive officer. He is currently serving in this capacity without additional compensation. Mr. Kline's 2005 base salary was \$859,000, which includes the perquisite buyout. Mr. Kline also participated in our Executive MIP for 2005, earning \$863,798, or 80.4% of his target award of 125% of base salary. We did not grant Mr. Kline stock options or restricted stock during 2005.

Total compensation for Messrs. Alm and Kline for 2005, including all the items shown in the Summary Compensation Table plus dividends on restricted stock and their annual pension accruals during 2005, is shown below:

*Section 162(m) of the Internal Revenue Code*

Section 162(m) of the Internal Revenue Code allows a tax deduction to public corporations for compensation over \$1 million paid for any fiscal year to the company's chief executive officer and to each of the four other most highly compensated executive officers if such compensation is performance-based, as defined under Section 162(m). The committee has designed its executive compensation programs to preserve the tax deductibility of compensation paid to executive officers in the form of annual bonuses and equity grants. The committee may also award compensation that is not exempt from the limitations on deductibility under Section 162(m) where it believes such compensation is in the best interest of the company, balancing tax efficiency with long-term strategic goals. For 2005, we expect that all of our bonus awards and equity grants will be tax deductible.

*Conclusion*

During 2005, this committee focused on simplifying and rationalizing various aspects of the compensation packages we provide to our executive officers, as well as making significant strides in restructuring our equity award program. We believe that

**Table of Contents**

our executive compensation philosophy is reasonably balanced, giving appropriate consideration to both external, market-driven factors and the needs of the company. Consequently, we believe our executive compensation packages are reasonable, as well as fair to both our officers and our shareowners. This committee is committed to continually reviewing our compensation philosophy and programs to ensure they are meeting our objectives of providing compensation that attracts and retains superior executive talent, as well as encourages our executives and other key employees to achieve the business goals of Coca-Cola Enterprises.

**Chief Operating Officer**

<sup>(1)</sup> This officer group, referred to as the named executive officers, is composed of the chief executive officer and the four most highly compensated executive officers, determined as of December 31, 2005, as well as any other individual who served as chief executive officer during 2005. Mr. Van Houten was an executive officer during 2005 and would have been one of the four highest compensated officers based on 2005 salary and bonus.

<sup>(2)</sup> Amounts shown include any amounts deferred by the officer under our 401(k) and supplemental savings plan. Participants make investment elections for their supplemental savings plan accounts similar to those available in their 401(k) plan. The deferral account balances increase or decrease in value based on the performance of the selected investments, which include general market indicators, mutual funds, phantom shares of our common stock and dividend credits. These plans do not provide any above-market or preferential earnings rates.

<sup>(a)</sup> Reimbursements for Messrs. Alm's and Van Houten's tax-planning expenses were incurred under the 2004 perquisite program. Mr. Marks was eligible for reimbursements under the 2005 perquisite program until he became an executive officer on April 1, 2005.

<sup>(b)</sup> The incremental cost of personal use of company aircraft is calculated based on the variable operating costs to the company for each flight hour attributed to personal use, including fuel costs, labor, parts and maintenance costs, landing and parking fees, on-board catering, and crew expenses during layovers. Fixed costs, such as pilot salaries, are not included. The amounts reported above reflect a change in the valuation methodology from prior years in which the cost of personal use of company aircraft had been calculated using the Standard Industrial Fare Level (SIFL) tables found in tax regulations, and amounts reported in the Summary Compensation Table for 2003 and 2004 have been restated to reflect this change.

<sup>(c)</sup> For Mr. Higgins, the amounts shown for 2003 and 2005 are related both to personal benefits provided under our international assignment program and the relocation costs of his repatriation to the United States in 2003 and his return to Europe in 2005. For Mr. Douglas, the amount shown for 2004 is for relocation assistance from Greece to the United States upon his being employed by the company.

(a) In April 2005, the Committee approved the vesting of 10,000 shares of Mr. Higgins' 2002 restricted stock award, which was realized as income in 2005, and vested 130,000 deferred stock units under a special 2005 special award, which income from will be deferred under the terms of the award until the earlier of his retirement or April 2008. This action was taken in conjunction with the board's request that Mr. Higgins return to Europe as president of our European group.

**Table of Contents***Pension Plans*

Our executive officers participate in our noncontributory, qualified defined benefit pension plan that provides benefits for substantially all employees (excluding employees who are included in a unit covered by a collective bargaining agreement negotiated in good faith). Retirement income benefits under this plan are based upon a participant's highest average annual compensation during any consecutive three of the last ten years and the participant's years of credited service. Normal retirement under this plan is between age 65 and 67, depending on the participant's retirement age, as defined by the Social Security Administration.

Our executive officers also participate in an unfunded, nonqualified defined benefit pension plan that provides benefits above those provided by the qualified plan due to the limits set forth in the Internal Revenue Code. This nonqualified plan also has an enhanced benefit formula and a normal retirement age of 65. Although we are not required to limit the benefits payable under the nonqualified plan, the maximum annual benefit amount is set at three times the annual benefit limit under the qualified plan in the year the participant begins receiving his or her pension. For 2005, the maximum benefit at ages 62-65 was \$510,000; in 2006, the maximum benefit will be \$525,000.

The following table shows the estimated annual benefits payable at age 65 under the defined benefit qualified and nonqualified plans:

Benefits shown in the table above are computed as straight-life annuity amounts upon retirement and are not subject to reduction for Social Security or other amounts.

Covered compensation under the defined benefit qualified and nonqualified plan includes salary and bonuses paid during 2005, but excludes Other Annual Compensation and All Other Compensation, as described in the Summary Compensation Table, as well as income from the vesting of restricted stock or exercises of stock options.

**Table of Contents**

The named executive officers' highest average annual compensation and credited service at the end of the last fiscal year, are summarized below:

Names	Average Highest Three Years of		Pension Present Value at
	Covered Compensation	Credited Service	December 31, 2005 <sup>(1)</sup>
Mr. Kline	\$ 1,766,805	14 Years <sup>(2)</sup>	\$ 3,901,000
Mr. Culhane	569,977	4.25 Years	257,000
Mr. Higgins <sup>(3)</sup>	765,259	14.25 Years	872,000
Mr. Marks	491,764	18.83 Years	397,000
Mr. Douglas	552,759	1.5 Years	35,000
Mr. Alm	1,745,357	28.25 Years <sup>(4)</sup>	3,778,000 <sup>(5)</sup>
Mr. Van Houten	1,102,315	34.52 Years <sup>(4)</sup>	3,049,000

<sup>(1)</sup> Present value of the officer's pension at normal retirement was determined using actuarial assumptions based on the 1994 Uninsured Pensioner Mortality Table and 5.625% interest rate. These are the same assumptions as used for determining our year-end U.S. pension plan obligations disclosed in Note 9 of our 2005 consolidated financial statements.

<sup>(2)</sup> Includes four additional years of service under our nonqualified pension plan, granted to Mr. Kline upon his employment in 1996.

<sup>(3)</sup> Mr. Higgins was employed by Coca-Cola Beverages in Canada prior to its becoming our subsidiary. Under the Canadian bottler's pension program, Mr. Higgins earned an annual pension benefit, payable at age 65, of \$83,807; this is in addition to the pension from our plans.

<sup>(4)</sup> Messrs. Alm's and Van Houten's pension benefits will be limited to the nonqualified plan's maximum annual benefit amount, as described above. For example, the maximum amount of their annual pensions, if commenced in 2006, could be no more than \$525,000, regardless of the benefit that would result from application of the nonqualified plan's formula to their compensation and credited service.

<sup>(5)</sup> Mr. Alm's present value is based on his year-end accrued benefit at normal retirement age of 65 and does not reflect the increased early retirement subsidy of two years of age credit provided for under his separation agreement.

*Employment Contracts and Termination of Employment Arrangements*

Upon a change of control of Coca-Cola Enterprises, all stock options granted since 2003, including those made to executive officers, include a provision that the options will vest immediately and remain exercisable for the remainder of their term. Also since 2003, all restricted stock awards, including those made to executive officers, provide for immediate vesting upon a change of control, including the waiver of any performance conditions.

The restricted stock awards made in 2003 and 2004 to Lowry F. Kline, our chairman and chief executive officer, provide for vesting upon the satisfaction of both a performance condition related to increases in the market value of our common stock and a continuous service requirement, which may be satisfied after the officer's retirement if the board requests that such officer perform services under a consulting agreement and is subject to a noncompetition agreement. The restricted stock award made in 2004 to John J. Culhane, our executive vice president and general counsel, contains the same provision permitting the continued service requirement to be met following retirement if the board requests that such officer perform services under a consulting agreement and is subject to a noncompetition

**Table of Contents**

agreement. The number of restricted shares subject to these awards is noted in the Summary of Compensation Table.

In 2005, Shaun B. Higgins, our executive vice president and at that time, chief financial officer, received a special award of 230,000 deferred stock units. 100,000 restricted share units under this award will vest upon his continued service through April 30, 2008. The continued service requirement will be waived, however, if Mr. Higgins' s employment is involuntarily terminated without cause, provided he enters into a noncompetition agreement with the company at the time.

In April 2005, David Van Houten, Jr., resigned his position as our chief operating officer but agreed to remain an executive vice president until the end of year. In June, the company and Mr. Van Houten executed a separation agreement that provided for the terms of his employment for the remainder of 2005 and the separation benefits to be paid following his departure. Mr. Van Houten continued to receive his salary of \$52,833.33 per month and participate in the Executive Management Incentive Plan for the remainder of 2005. Mr. Van Houten will also receive monthly severance benefits in the amount of \$52,833.33, payable from July 1, 2006 through December 31, 2007, as well as two payments of \$634,000 in lieu of continued participation in the annual bonus plan. Finally, because the performance conditions of each award had already been met, we accelerated the vesting of Mr. Van Houten' s restricted stock by waiving the continued service conditions to vesting. Mr. Van Houten agreed not to compete with the company for a period of two years.

In December 2005, John R. Alm, our chief executive officer, entered into a separation agreement with us. Under the agreement, the company credited Mr. Alm' s account in our nonqualified savings plan, the Supplemental Matched Employee Savings and Incentive Plan, with \$6,476,625 in lieu of other separation payments. This amount will be subject to the terms and conditions of this plan, including Mr. Alm' s elections with respect to the time and form of distributions of his account, as well as its investment measures. Mr. Alm was granted two years of age credit under the Executive Pension Plan so that he could receive the same annual benefit amount at age 60 as he would have received at age 62. Because the performance conditions of each award had already been met, we accelerated the vesting of Mr. Alm' s restricted stock by waiving the continued service conditions to vesting. Under the terms of his outstanding stock options grants, all unvested options became vested upon his termination and will remain exercisable for five years. Mr. Alm agreed to provide advice related to transition matters for the first six months of 2006 and to be available to assist on any matters related to our customers and suppliers through 2008. He also agreed to not compete with the company for a period of three years.

**Comparison of Five-Year Cumulative Total Return**

The graph shows the cumulative total return to our shareowners beginning as of December 31, 2000 and for each year of the five years ended December 31, 2005, in comparison to the cumulative returns of the S&P Composite 500 Index and to an index of peer group companies we selected. The peer group consists of The Coca-Cola Company, PepsiCo, Inc., Coca-Cola Bottling Co. Consolidated, Cadbury Beverages plc, PepsiAmericas, Inc. and The Pepsi Bottling Group, Inc. The graph assumes \$100 invested on December 31, 2000 in our common stock and in each index, with the subsequent reinvestment of dividends on a quarterly basis.

**Table of Contents****EQUITY COMPENSATION PLAN INFORMATION**

The following table gives information about our shares of common stock that may be issued upon the exercise of options, warrants, and rights under all of our equity compensation plans in existence at December 31, 2005.

<b>Total</b>	<b>54,427,179</b>	<b>\$ 25.04</b>	<b>34,539,685</b>

<sup>(1)</sup> Shares issuable pursuant to outstanding options under our 1995 Stock Option Plan (As Amended and Restated Effective January 2, 1996), 1997 Stock Option Plan, 1999 Stock Option Plan, and the 2001 Stock Option Plan.

<sup>(2)</sup> The number of shares of our common stock specified represents those issuable pursuant to future awards under our 2001 Stock Option Plan, 2001 Restricted Stock Award Plan, and 2004 Stock Award Plan.

<sup>(3)</sup> The number of shares remaining for further issuance under each of the following equity compensation plans approved by shareowners are not presently determinable, as explained below.

- Under the Coca-Cola Enterprises Inc. Deferred Compensation Plan for Nonemployee Directors (As Amended and Restated Effective February 17, 2004), shares are issued only to the extent a participant's deferred compensation account was credited with phantom stock. This plan will terminate on February 17, 2014, unless extended by our board and approved by the shareowners. For a description of the material terms of this plan, *see*, The Board of Directors' Compensation of Directors.
- Under the Coca-Cola Enterprises Ltd. UK Employee Share Plan (the UK Plan), shares are purchased on the open market only to the extent employees of our subsidiary in the United Kingdom elect to contribute from their pay, as well as for matching contributions made by their employer.

Such matching contributions are equal to the participant's contributions, up to a maximum of 3% of pay or £125 each month. With limited exceptions, matching contributions vest only after one year of continued employment and of holding the related partnership shares. Participants may obtain favorable tax treatment of shares acquired under the UK Plan if the shares remain in the participant's account for three to five years. This plan will terminate on February 17, 2014, unless extended by our board of directors and approved by the shareowners.

- Under the Stock Savings Plan (Belgium) (the Belgian Plan), shares are purchased on the open market only to the extent employees of our Belgian subsidiaries elect to contribute from their pay, as well as matching contributions made by their employer.

**Table of Contents**

Participant contributions are used to purchase shares of our common stock in increments of five shares. For every five shares purchased for a participant, the participant's employer makes a matching contribution used to purchase one share of our common stock for the participant's account. Shares acquired under the Belgian Plan must remain in the participant's account for five years.

This plan will terminate on February 17, 2014, unless extended by our board of directors and approved by the shareowners.

(4) Shares issuable pursuant to outstanding options under the 1997 Directors' Stock Option Plan.

(5) The number of shares of our common stock specified represents those issuable under the Coca-Cola Enterprises Stock Deferral Plan (As Amended and Restated Effective April 1, 2004), which was not submitted to the shareowners for approval. Under this plan, deferred compensation accounts of certain highly compensated and management employees were credited with phantom stock only to the extent the employee deferred gains upon exercise of an option or surrendered shares of unvested restricted stock. Prior to April 2004, phantom stock was credited to the account of certain European employees under this plan, but distributions will be made from a shareowner-approved restricted stock plan. Due to recent tax legislation related to nonqualified deferred compensation, effective January 1, 2005, no further phantom stock credits will be made under this plan.

(6) The numbers of shares remaining for further issuance under each of the following plans not approved by the shareowners are not presently determinable, as explained below:

- Under the Coca-Cola Enterprises Supplemental Matched Employee Savings and Investment Plan, a deferred compensation plan, shares are issued upon distribution of a participant's account only to the extent that he or she elected to have it credited as phantom stock. This is a deferred compensation plan for highly compensated and management employees whose salary deferral opportunity is limited under Section 401(a) of the Internal Revenue Code. A participant's account is also credited with employer matching contributions (currently 25% of the employee's deferral, up to 7% of his or her pay). A participant may, but is not required to, elect to have any portion his or her account treated as if invested in shares of our common stock.
- Under the Coca-Cola Bottling Company's Employee Savings and Investment Plan (the Canadian Plan), participating employees are eligible to receive from us a 50% match on contributions up to a maximum of 6% or 7% of such participant's earnings per year, depending on the classification of the employee. Matching contributions from our Canadian subsidiary are immediately vested. Participants may elect, but are not required, to invest matching contributions in shares of our common stock.
- We also sponsor employee share purchase plans in the United States and other jurisdictions. Under these plans, we do not make contributions towards employee share purchases, but rather facilitate the acquisition of shares in a cost efficient manner.

**Table of Contents****CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS****Stock Ownership by and Director Relationships with The Coca-Cola Company**

The Coca-Cola Company is our largest shareowner, owning as of February 24, 2006, directly and indirectly through its subsidiaries, 168,956,718 shares of common stock, representing approximately 36% of our outstanding common stock. In addition, three of our thirteen directors are executive officers of The Coca-Cola Company.

**Transactions with The Coca-Cola Company**

We are a marketer, producer and distributor principally of Coca-Cola products with approximately 93% of our sales volume consisting of sales of The Coca-Cola Company products. Our license arrangements with The Coca-Cola Company are governed by licensing territory agreements. From time to time, the terms and conditions of programs with The Coca-Cola Company are modified upon mutual agreement of both parties.

The following table summarizes the transactions with The Coca-Cola Company that directly affected our Consolidated Statement of Income for the year ended December 31, 2005 (in millions):

*Fountain Syrup and Packaged Product Sales*

We sell fountain syrup to The Coca-Cola Company in certain territories and deliver this syrup to certain major fountain accounts of The Coca-Cola Company. We will, on behalf of The Coca-Cola Company, invoice and collect amounts receivable for these fountain sales. We also sell bottle and can products to The Coca-Cola Company at prices that are generally similar to the prices charged by us to our major customers.

## **Table of Contents**

### *Purchases of Syrup, Concentrate, Mineral Water, Juice, Sweeteners and Finished Products*

We purchase syrup, concentrate, mineral water and juice from The Coca-Cola Company to produce, package, distribute and sell The Coca-Cola Company products under licensing agreements. These licensing agreements give The Coca-Cola Company complete discretion to set prices of syrup and concentrate. Pricing of mineral water is based on contractual arrangements with The Coca-Cola Company. We also purchase finished products and fountain syrup from The Coca-Cola Company for sale within certain of our territories and have an agreement with The Coca-Cola Company to purchase from them substantially all our requirements for sweeteners in the United States.

### *Marketing Support Funding Earned and Other Arrangements*

We and The Coca-Cola Company engage in a variety of marketing programs to promote the sale of products of The Coca-Cola Company in territories in which we operate. The amounts to be paid under the programs are determined annually and as the programs progress during the year. The Coca-Cola Company is under no obligation to participate in the programs or continue past levels of funding in the future. The amounts paid and terms of similar programs may differ with other licensees. Marketing support funding programs funded to us provide financial support principally based on product sales to offset a portion of the costs to us of the programs. The Coca-Cola Company also administers certain other marketing programs directly with our customers. During 2005, direct-marketing support paid or payable to us, or to customers in our territories by The Coca-Cola Company, totaled approximately \$580 million. We recognized \$444 million of this amount as a reduction in cost of sales during 2005. Amounts paid directly to our customers by The Coca-Cola Company during 2005 totaled \$136 million and are not included in the table on the preceding page.

We participate in customer trade marketing (CTM) programs in the United States administered by The Coca-Cola Company. We are responsible for some costs of the programs in our territories, except for the costs related to a limited number of specific customers. Under these programs, we pay The Coca-Cola Company and The Coca-Cola Company pays our customers as a representative for the North American bottling system. Amounts paid under CTM programs to The Coca-Cola Company for payment to customers on our behalf, included as a reduction in net operating revenues, totaled \$243 million for 2005. This amount is not included in the table on the preceding page.

### *Marketing Program Payments*

On occasion, we participate in marketing programs outside the scope of recurring arrangements with The Coca-Cola Company. In 2005, we paid The Coca-Cola Company approximately \$3 million for participation in these types of marketing programs.

### *Other Transactions*

During 2005, we sold a multi-format PET (plastic) bottle production line in Belgium to The Coca-Cola Company for \$9 million in cash. We did not recognize a gain or loss on this sale.

During 2005, we recorded a \$5 million restructuring charge as a result of workforce changes at a Chaudefontaine production facility in Belgium. This charge was recorded net of \$5 million to be received from The Coca-Cola Company as reimbursement for a portion of the restructuring costs. This amount is included in the table on the preceding page.

## **Table of Contents**

Other transactions with The Coca-Cola Company include the sale of bottle preforms, management fees, office space leases and purchases of point-of-sale and other advertising items.

For additional information about our transactions with The Coca-Cola Company, please see Note 9 of our 2005 consolidated financial statements.

### **Transactions with Coca-Cola Bottling Co. Consolidated**

Coca-Cola Enterprises and Coca-Cola Bottling Co. Consolidated bought from and sold to each other finished beverage products. These transactions occurred in instances where the proximity of one party's production facilities to the other party's markets, as well as other economic considerations, made it more efficient for one bottler to buy finished product rather than produce it. In 2005, our sales to Coca-Cola Bottling Co. Consolidated totaled approximately \$22 million and purchases were approximately \$42 million. We expect that additional sales and purchases will occur in 2006.

### **Transactions with SunTrust Banks, Inc.**

SunTrust Banks, Inc. engaged in ordinary course of business banking transactions with us in 2005, and we expect that we will engage in similar transactions in 2006. The transactions included making loans to us on customary terms. In 2005, we paid approximately \$140,000 for letter of credit fees, \$500,000 in investment management fees relating to our benefit plans, \$70,000 for credit facility fees, \$15,000 for trustee and escrow fees, and \$1.2 million in bank service fees. SunTrust also holds equipment leases under which we paid approximately \$3.2 million for the lease of over-the-road trailers and \$2.1 million for the lease of blow mold equipment. L. Phillip Humann, one of our directors, is chairman of the board and chief executive officer of SunTrust Banks, Inc.

### **Transactions with AGL Resources Inc.**

During 2005, we paid approximately \$98,000 to AGL Resources Inc. and its affiliates for natural gas and related charges. All transactions were in the ordinary course of business and on standard terms. Paula R. Reynolds, one of our directors, was chairman, president and chief executive officer of AGL in 2005.

### **Transactions with Deloitte Consulting LLP**

During 2005, we paid approximately \$13.8 million to Deloitte Consulting LLP for consulting services, principally involving a business process redesign and SAP software implementation. James E. Copeland, Jr., one of our directors, retired in May 2003 as chief executive officer of Deloitte & Touche USA, LLP and Deloitte Touche Tohmatsu and joined our board of directors in July 2003.

### **Transactions with United Parcel Service, Inc.**

During 2005, we paid approximately \$121,000 to United Parcel Service, Inc. for package and document delivery services. Calvin Darden, one of our directors, was senior vice president of U.S. Operations for UPS, until his resignation effective March 31, 2005.

### **Relationships and Transactions with Management and Others**

During 2005, we paid Jean-Claude Killy, one of our directors, \$26,250 under the terms of a consulting agreement. Mr. Killy, a member of our board since 1997, retired from our board following the April 2005 meeting of shareowners.

## **Table of Contents**

Following his resignation as an officer in 2004, Summerfield K. Johnston, III, a director of the company since December 2004, entered into a consulting and separation agreement with us that provided, through March 2006, monthly payments of \$34,145, amounts equal to the bonus to which he would have been entitled had he remained an executive vice president, and reimbursements for financial planning services.

Mr. Johnston will also be eligible to participate in the Executive Retiree Medical Plan until age 65 unless he can be covered by comparable group coverage before that time. In 2005, we paid Mr. Johnston \$668,078 under the terms of his agreement; of the amounts paid in 2005, approximately \$560,000 was a lump-sum payment representing the present value of payments originally scheduled to be made in 2005, 2006 and 2007.

## **MATTERS THAT MAY BE BROUGHT BEFORE THE ANNUAL MEETING**

### **1. Election of Directors**

#### *Nominees*

Under our bylaws, our board of directors is authorized to have a minimum of three and a maximum of 20 members. In 2002, the directors set the number at 16. Approximately one-third of the board is elected each year for a three-year term. The term of each director expires at the third annual meeting of our shareowners occurring after that director's election, when that director's successor shall have been duly elected and qualified.

Our bylaws disqualify anyone who has reached the age of 70 from being nominated or renominated for election as director.

The board has nominated Calvin Darden, J. Alexander M. Douglas, Jr., Marvin J. Herb, Donna A. James, and Lowry F. Kline for terms expiring at our 2009 annual meeting of shareowners.

Each of the nominees has consented to serve if elected. If, before the annual meeting, any of them becomes unable to serve, or chooses not to serve, the board may nominate a substitute. If that happens, the persons named as proxies on the proxy card will vote for the substitute. Alternatively, the board may either let the vacancy stay unfilled until an appropriate candidate is located, or reduce the size of the board to eliminate the unfilled seat.

Biographical information about each of the nominees is found at the beginning of this proxy statement. *See*, The Board of Directors The Current Board and Nominees for Election.

### **Recommendation of the Board of Directors**

*Our board of directors recommends that you vote FOR the election of Calvin Darden, J. Alexander M. Douglas, Jr., Marvin J. Herb, Donna A. James, and Lowry F. Kline as directors for terms expiring at the 2009 annual meeting of shareowners, and until their respective successors are elected and qualified.*

### **2. Ratification of Appointment of Independent Registered Public Accounting Firm**

Our Audit Committee has appointed the firm of Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2006. This appointment is subject to ratification by the shareowners at the annual meeting. Ernst & Young has served as Coca-Cola Enterprises' independent auditors since 1986, and our management considers the firm to be well qualified.

**Table of Contents**

Ernst & Young has advised us that neither the firm nor any member of the firm has any direct or indirect financial interest, in any capacity, in Coca-Cola Enterprises or any of its subsidiaries.

Representatives of Ernst & Young will have the opportunity to make a statement at the annual meeting and will be otherwise available at the meeting to respond to appropriate questions from the shareowners.

*Audit and Non-Audit Fee Table*

In connection with its audit of the 2005 financial statements, we entered into an engagement agreement with Ernst & Young that sets forth the terms under which Ernst & Young will perform audit services for us. That agreement is subject to alternative dispute resolution procedures and a mutual exclusion of punitive damages.

The following table sets forth the fees for services Ernst & Young provided in 2005 and 2004.

	2005	2004
Audit Fees <sup>(1)</sup>	\$ 6,696,700	\$ 7,151,800
Audit-related fees <sup>(2)</sup>	384,600	368,200
Tax fees <sup>(3)</sup>	1,239,000	1,106,700
All other fees	6,300	12,000

We have engaged another firm to provide these tax compliance services to our employees, beginning in 2006.

*Preapproval by Audit Committee*

Under the Audit Committee's charter, the committee is required to give advance approval of any nonaudit services to be performed by our auditors, provided that such services are not otherwise prohibited by law. There is no *de minimus* exception to the committee's preapproval procedures. All of the fees described in the table above were preapproved by the committee.

If the shareowners do not ratify this appointment of Ernst & Young, it will be reconsidered by the board.

**Recommendation of the Board of Directors**

*Our board recommends that you vote FOR ratification of the Audit Committee's selection of Ernst & Young LLP as our independent auditors for the 2006 fiscal year.*

**3. Shareowner Proposal Relating to Shareowner Approval of Certain Severance Agreements**

The following proposal was submitted by a shareowner. It will be voted upon at the annual meeting if that proposal's proponent, or a duly authorized representative, is present at the annual meeting and submits the proposal for a vote.

In accordance with federal securities regulations, we include in this proxy statement the proposal, plus the supporting statement submitted by the proponent, exactly as submitted.

The International Brotherhood of Teamsters General Fund, 25 Louisiana Avenue, N.W., Washington, DC 20001-2198, owner of 450 shares of our common stock, has submitted the following proposal:

**RESOLVED:** That the shareholders of Coca-Cola Enterprises ( CCE or the Company ) urge the Board of Directors to seek shareholder approval for future severance agreements with senior executives that provide benefits in an amount exceeding 2.99 times the sum of the executive's base salary plus bonus. Severance pay means payment by an employer to an employee beyond his or her base pay and bonus upon termination of his/her employment. Future severance agreements include employment agreements containing severance provisions; retirement agreements; and, agreements renewing, modifying or extending existing such agreements. Benefits include lump-sum cash payments (including payments in lieu of medical and other benefits) and the estimated present value of periodic retirement payments, fringe benefits and consulting fees (including reimbursable expenses) to be paid to the executive.

**SUPPORTING STATEMENT:** As part of his severance agreement with the Company, CCE's former Chairman of the Board, CEO and current CCE board member, Mr. Summerfield Johnston, receives a consulting contract worth \$600,000 per year, a paid seat on the CCE board of directors, health care coverage for life for his dependents and himself, financial planning and tax benefit consulting, use of the company aircraft, an office including a secretary and office supplies, and restricted shares of Company stock. In addition, former CCE Chief Financial Officer Patrick J. Mannelly will receive \$34,500 per month through January 2006, all bonuses that he would have received had he continued his employment at CCE, tax and financial planning expenses, and country club dues.

Shareholders are taking a closer look at executive compensation practices and the seemingly limitless severance packages for senior executives in light of gross corporate abuses at companies like Enron, Tyco, and WorldCom. Requiring shareholder approval for severance agreements whether entered into prior to or at the time of termination will insulate the Board from manipulation and will avoid rewarding bad management or poor performance.

Severance agreements may be appropriate in some circumstances. Nonetheless, we believe that the potential cost of such agreements entitles shareholders to be heard when a company contemplates paying out more than twice the amount of an executive's last salary and bonus. Because it is not always practical to obtain prior shareholder approval, the Company would have the option, if it implemented this proposal, of seeking approval after the material terms of the agreement were agreed upon.

Despite support from almost 30% of voting shareholders last year, our Company's Board has failed to adopt this important reform. In the spirit of true financial transparency

and accountability to shareholders, Coca-Cola Enterprises should reform its excessive compensation practices and policies.

For these reasons, we urge shareholders to vote FOR this proposal.

**Recommendation of the Board of Directors**

Our board of directors believes the adoption of this proposal is unnecessary, because on October 25, 2005, the Compensation Committee of the board approved and published its own *Executive Severance Guidelines*, to be considered in providing severance benefits to executive and senior officers.

The adoption of the guidelines was at the committee's initiative, as part of its continuing review of the compensation practices and philosophy of Coca-Cola Enterprises, because the committee believed that an analytical framework needed to be established to guide, but not bind, the committee in its consideration of senior officer severance arrangements.

The committee's guidelines link severance pay to years of service with Coca-Cola Enterprises. Persons having 10 or more years of service can receive a severance payment equal to 24 months of salary and two annual bonus awards; persons with fewer than two years of service could receive a severance payment equal to 12 months of salary and one annual bonus awards. The other compensation addressed by the guidelines include (1) payments to offset the additional cost of continuing medical insurance under COBRA (that is, the difference between required employee contributions to medical insurance and the increased cost of such coverage under COBRA), and (2) previously granted restricted stock and options that had not yet vested.

Our board believes that these existing guidelines more appropriately address the concerns raised by the proponent. Imposing a rigid requirement that a shareholder vote always be held to approve certain severance packages hampers the board's ability to deal swiftly and definitively with executive departures.

*Our board of directors recommends that you vote AGAINST the proposal requesting shareholder approval of certain severance agreements.*

**SHAREOWNER PROPOSALS FOR 2007 ANNUAL MEETING**

If you intend to submit a shareowner proposal and request its inclusion in the 2007 proxy statement and form of proxy, such submission must be in writing and received by us no later than November 11, 2006.

If you miss the deadline for submission of a shareowner proposal, or if you submit a nomination to the board of directors, such submission can still be considered at the 2007 meeting so long as it complies with Article 1, Section 10 of our bylaws. Under the bylaws, your submission must be in writing and received by us no fewer than 90 days and no more than 120 days prior to the anniversary of the date of this year's annual meeting, and otherwise comply with the requirements of the bylaws.

Any shareowner submissions should be sent to us by certified mail, return receipt requested, addressed to Corporate Secretary, Coca-Cola Enterprises Inc., Post Office Box 723040, Atlanta, Georgia 31139-0040.

**OTHER MATTERS**

We do not know of anything else that will come before the annual meeting, including any adjournments of it, that has not been discussed in this proxy statement. If other matters properly come before the meeting, the persons named in the proxy card will vote your shares in their discretion.
