 - Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

Section 7 Regulation FD

Item 7.01. Regulation FD Disclosure.

On September 4, 2007, Exelon Corporation (Exelon) will participate in the Lehman Brothers 2007 CEO Energy/Power Conference and will revise its adjusted (non-GAAP) operating earnings guidance range for 2007 for Exelon, Exelon Generation Company, LLC (Generation), Commonwealth Edison Company (ComEd) and PECO Energy Company (PECO) (the Registrants) to \$4.15 to \$4.30, \$3.45 to \$3.55, \$0.20 to \$0.25 and \$0.65 to \$0.70, respectively. Exelon will also reaffirm its GAAP earnings guidance range for 2007 for Exelon of \$3.70 to \$4.00. Attached as Exhibits 99.1 and 99.2 to this Current Report on Form 8-K are the slides and 2006-2007 Exelon Fact Book to be used at the conference, respectively.

Section 8 Other Events

Item 8.01 Other Events.

Share Repurchase Program

On September 4, 2007, Exelon issued a press release announcing that the Exelon board of directors had approved a share repurchase program for up to \$1.25 billion of Exelon's outstanding stock. A copy of the press release announcing approval of the share repurchase program is attached as Exhibit 99.3 to this Current Report on Form 8-K. The board of directors approved the share repurchase program on August 31, 2007.

Swap Agreement

On July 24, and 25, 2007, Exelon, Generation and ComEd filed Current Reports on Form 8-K disclosing the material terms of a settlement agreement to address concerns about higher electric bills in Illinois without a rate freeze, generation tax or other legislation that would be harmful to consumers of electricity, electric utilities, generators of electricity and the State of Illinois (the Settlement). The Settlement would be effective only upon enactment of legislation (the Legislation), the language of which was disclosed in the Current Report on Form 8-K filed by the Registrants (other than PECO) on July 27, 2007.

On August 28, 2007, the Legislation was enacted upon its signature by the Governor of Illinois, and accordingly the Settlement is effective.

The Legislation provides, in part, that utilities must enter into multi-year financial swap contract or contracts with a generation company or marketing company to be effective upon the effective date of the Legislation. The goal of these contracts is to promote price stability for residential and small business customers. The contracts will be included in the utilities' procurement plans as pre-existing contracts.

To fulfill this requirement, ComEd has entered into a financial swap contract with Generation that covers around-the-clock baseload energy only, not capacity or ancillary services or congestion (the Swap Agreement). Information concerning the Swap Agreement was provided in previous Current Reports on Form 8-K. The Swap Agreement is designed to dovetail with ComEd's remaining auction contracts for energy, increasing in volume as the auction contracts expire. By June 1, 2010, the Swap Agreement will cover about 60% of the energy that ComEd's residential and small business customers use. The Swap Agreement spans a five-year period from June 1, 2008 through May 31, 2013.

The pricing and volumes of the Swap Agreement are set forth in the table below:

Portion of Term	Fixed Price (\$/MWH)	Notional Quantity (MW)
June 1, 2008 - December 31, 2008	\$ 47.93	1,000
January 1, 2009 - May 31, 2009	\$ 49.04	1,000
June 1, 2009 - December 31, 2009	\$ 49.04	2,000
January 1, 2010 - May 31, 2010	\$ 50.15	2,000
June 1, 2010 - December 31, 2010	\$ 50.15	3,000
January 1, 2011 - December 31, 2011	\$ 51.26	3,000
January 1, 2012 - December 31, 2012	\$ 52.37	3,000
January 1, 2013 - May 31, 2013	\$ 53.48	3,000

The Swap Agreement includes no riders or contingencies that would allow for price increases or decreases beyond those specified, regardless of market conditions, or environmental restrictions including the enactment of carbon emission legislation. The Swap Agreement provides a hedge against future volatility.

Section 9 Financial Statements and Exhibits
