The following is additional language added to the BHP Billiton s Proposed Combination

On 1 November, the Board of BHP Billiton wrote to the Board of Rio Tinto proposing a combination of their respective companies to create an organisation without peer in the natural resources industry. The Board of BHP Billiton has sought and continues to seek to engage in discussions with Rio Tinto with a view to obtaining the support and recommendation of the Board of Rio Tinto for this proposal.

BHP Billiton firmly believes that the rationale for combining BHP Billiton and Rio Tinto is compelling due to the strategic fit, the expected synergies and the opportunity to create an organisation without parallel. The combination will unlock value for both BHP Billiton and Rio Tinto shareholders.
