NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying Consolidated Financial Statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles (GAAP) for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the Consolidated Financial Statements and notes thereto included in the Company s Annual Report on Form 10-K for the year ended January 31, 2010, as filed with the Securities and Exchange Commission.

Business

The Home Depot, Inc. and subsidiaries (the Company) operate The Home Depot stores, which are full-service, warehouse-style stores averaging approximately 105,000 square feet in size. The stores stock approximately 30,000 to 40,000 different kinds of building materials, home improvement supplies and lawn and garden products that are sold to do-it-yourself customers, do-it-for-me customers and professional customers.

Valuation Reserves

As of August 1, 2010 and January 31, 2010, the valuation allowances for Merchandise Inventories and uncollectible Receivables were not material.

Reclassifications

Certain amounts in the prior fiscal period have been reclassified to conform with the presentation adopted in the current fiscal period.

2. DEBT GUARANTEE EXTENSION

In connection with the sale of HD Supply, Inc. (HD Supply) on August 30, 2007, the Company guaranteed a \$1.0 billion senior secured amortizing term loan (guaranteed loan) of HD Supply. The Company is responsible for up to \$1.0 billion and any unpaid interest in the event of nonpayment by HD Supply. The guaranteed loan is collateralized by certain assets of HD Supply. The original expiration date of the guarantee was August 30, 2012. On March 19, 2010, the Company amended the guarantee to extend the expiration date to April 1, 2014. The fair value of the guarantee at August 30, 2007 was \$16 million and was recorded as a liability of the Company in Other Long-Term Liabilities. The extension of the guarantee increased the fair value of the guarantee to \$67 million, resulting in a \$51 million charge to Interest and Other, net, for the first quarter and first six months of fiscal 2010.

3. RATIONALIZATION CHARGES

In fiscal 2008, the Company reduced its square footage growth plans to improve free cash flow, provide stronger returns for the Company and invest in its existing stores to continue improving the customer experience. As a result of this store rationalization plan, the Company determined that it would no longer pursue the opening of approximately 50 U.S. stores that had been in its new store pipeline. The Company expects to dispose of or sublet these pipeline locations over varying periods. The Company also closed 15 underperforming U.S. stores in the second quarter of fiscal 2008, and the Company expects to dispose of or sublet those locations over varying periods.

Also in fiscal 2008, the Company announced that it would exit its EXPO, THD Design Center, Yardbirds and HD Bath businesses (the Exited Businesses) in order to focus on its core The Home Depot stores. The Company closed the Exited Businesses in the first quarter of fiscal 2009 and expects to dispose of or sublet those locations over varying periods. These steps impacted approximately 5,000 associates in those locations, their support functions and their distribution centers.

Table of Contents**THE HOME DEPOT, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****(Unaudited)**

Finally, in January 2009 the Company also restructured its support functions to better align the Company's cost structure. These actions impacted approximately 2,000 associates.

The Company recognized total pretax charges of \$146 million for fiscal 2009, including \$137 million in the first six months of fiscal 2009, related to these actions (collectively, the Rationalization Charges). The Company did not incur any material charges related to these actions in the first six months of fiscal 2010 and does not expect any further charges related to these actions.

Activities related to Rationalization Charges for the first six months of fiscal 2010 were as follows (amounts in millions):

	Accrued Balance January 31, 2010	Cash Uses	Non-cash Activity	Accrued Balance August 1, 2010
Asset impairments	\$ 23	\$	\$	\$ 23
Lease obligation costs, net	191	22	(8)	177
Total	\$214	\$22	\$ (8)	\$200

Costs related to asset impairments and lease obligations are included in Selling, General and Administrative expenses. Asset impairment charges, including contractual costs to complete certain assets, were determined based on fair market value using market data for each individual property. Lease obligation costs represent the present value of contractually obligated rental payments offset by estimated sublet income, including estimates of the time required to sublease the locations. The payments related to the leased locations therefore are not generally incremental uses of cash.

4. FAIR VALUE MEASUREMENTS

The fair value of an asset is considered to be the price at which the asset could be sold in an orderly transaction between unrelated knowledgeable and willing parties. A liability's fair value is defined as the amount that would be paid to transfer the liability to a new obligor, rather than the amount that would be paid to settle the liability with the creditor. Assets and liabilities recorded at fair value are measured using a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1 Observable inputs that reflect quoted prices in active markets
- Level 2 Inputs other than quoted prices in active markets that are either directly or indirectly observable
- Level 3 Unobservable inputs in which little or no market data exists, therefore requiring the Company to develop its own assumptions

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The assets and liabilities of the Company that are measured at fair value on a recurring basis as of August 1, 2010 and January 31, 2010 were as follows (amounts in millions):

Fair Value at August 1, 2010 Using

Fair Value at January 31, 2010 Using

Edgar Filing: HOME DEPOT INC - Form 10-Q

	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Derivative agreements - assets	\$	\$ 56	\$	\$	\$15	\$
Derivative agreements - liabilities		(168)			(4)	
Total	\$	\$(112)	\$	\$	\$11	\$

The Company uses derivative financial instruments from time to time in the management of its interest rate exposure on long-term debt and its exposure on foreign currency fluctuations. The fair value of the Company's derivative financial instruments was measured using level 2 inputs.

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

The assets and liabilities of the Company that were measured at fair value on a nonrecurring basis during the six months ended August 1, 2010 were as follows (amounts in millions):

	Fair Value Measured During the Six Months Ended	
	August 1, 2010	Six Months Ended August 1, 2010
	Level 3	Gains (Losses)
Store Rationalization lease obligation costs, net	\$(177)	\$ (8)
Guarantee of HD Supply loan	(67)	(51)
Total	\$(244)	\$(59)

Lease obligation costs included in the Company's Rationalization Charges were measured on a nonrecurring basis using fair value measurements with unobservable inputs (level 3), as further discussed in Note 3.

The guarantee of the HD Supply loan was measured on a nonrecurring basis using fair value measurements with unobservable inputs (level 3), as further discussed in Note 2.

Long-lived assets were analyzed for impairment on a nonrecurring basis using fair value measurements with unobservable inputs (level 3). Impairment charges related to long-lived assets in the first six months of fiscal 2010 were not material.

The aggregate fair value of the Company's Senior Notes, based on quoted market prices (level 1), was \$9.8 billion and \$9.5 billion at August 1, 2010 and January 31, 2010, respectively, compared to a carrying value of \$9.3 billion at both August 1, 2010 and January 31, 2010.

5. BASIC AND DILUTED WEIGHTED AVERAGE COMMON SHARES

The reconciliation of basic to diluted weighted average common shares for the three and six months ended August 1, 2010 and August 2, 2009 was as follows (amounts in millions):

	Three Months Ended		Six Months Ended	
	August 1, 2010	August 2, 2009	August 1, 2010	August 2, 2009
Weighted average common shares	1,653	1,683	1,666	1,684
Effect of potentially dilutive securities:				
Stock plans	10	8	10	6
Diluted weighted average common shares	1,663	1,691	1,676	1,690

Edgar Filing: HOME DEPOT INC - Form 10-Q

Stock plans consist of shares granted under the Company's employee stock plans. Options to purchase 42 million and 50 million shares of common stock for the three months ended August 1, 2010 and August 2, 2009, respectively, and options to purchase 40 million and 52 million shares of common stock for the six months ended August 1, 2010 and August 2, 2009, respectively, were excluded from the computation of Diluted Earnings per Share because their effect would have been anti-dilutive.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders

The Home Depot, Inc.:

We have reviewed the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of August 1, 2010, and the related Consolidated Statements of Earnings and Comprehensive Income for the three-month and six-month periods ended August 1, 2010 and August 2, 2009, and the related Consolidated Statements of Cash Flows for the six-month periods ended August 1, 2010 and August 2, 2009. These Consolidated Financial Statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the Consolidated Financial Statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the Consolidated Balance Sheet of The Home Depot, Inc. and subsidiaries as of January 31, 2010, and the related Consolidated Statements of Earnings, Stockholders' Equity and Comprehensive Income, and Cash Flows for the year then ended (not presented herein); and in our report dated March 25, 2010, we expressed an unqualified opinion on those Consolidated Financial Statements. In our opinion, the information set forth in the accompanying Consolidated Balance Sheet as of January 31, 2010, is fairly stated, in all material respects, in relation to the Consolidated Balance Sheet from which it has been derived.

Certain statements regarding our future performance constitute forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements may relate to, among other things, the demand for our products and services, net sales growth, comparable store sales, state of the economy, state of the residential construction, housing and home improvement markets, state of the credit markets, including mortgages, home equity loans and consumer credit, commodity price inflation and deflation, implementation of store initiatives, continuation of reinvestment plans, net earnings performance, earnings per share, stock-based compensation expense, capital allocation and expenditures, liquidity, the effect of adopting certain accounting standards, return on invested capital, management of our purchasing or customer credit policies, the effect of accounting charges, the planned recapitalization of the Company, timing of the completion of the recapitalization, the ability to issue debt securities on terms and at rates acceptable to us, store openings and closures and financial outlook.

Forward-looking statements are based on currently available information and our current assumptions, expectations and projections about future events. You are cautioned not to place undue reliance on our forward-looking statements. These statements are not guarantees of future performance and are subject to future events, risks and uncertainties many of which are beyond our control or are currently unknown to us as well as potentially inaccurate assumptions that could cause actual results to differ materially from our expectations and projections. These risks and uncertainties include, but are not limited to, those described in Item 1A, Risk Factors and elsewhere in our Annual Report on Form 10-K for the fiscal year ended January 31, 2010 as filed with the Securities and Exchange Commission (SEC) on March 25, 2010 (Form 10-K) and in Item 1A of Part II and elsewhere in this report. The risks and uncertainties described in the Form 10-K and in this report include the risks associated with the current economic environment and the possible adverse effects on the Company's results of operations and financial condition. You should read such information in conjunction with our Financial Statements and related notes in Item 1 and Management's Discussion and Analysis of Financial Condition and Results of Operations in Item 2 of Part I of this report. There also may be other factors that we cannot anticipate or that are not described in this report, generally because we do not currently perceive them to be material. Such factors could cause results to differ materially from our expectations.

Forward-looking statements speak only as of the date they are made, and we do not undertake to update these statements other than as required by law. You are advised, however, to review any further disclosures we make on related subjects in our periodic filings with the SEC.

EXECUTIVE SUMMARY AND SELECTED CONSOLIDATED STATEMENTS OF EARNINGS DATA

For the second quarter of fiscal 2010, we reported Net Earnings of \$1.2 billion and Diluted Earnings per Share of \$0.72 compared to Net Earnings of \$1.1 billion and Diluted Earnings per Share of \$0.66 for the second quarter of fiscal 2009. For the first six months of fiscal 2010, we reported Net Earnings of \$1.9 billion and Diluted Earnings per Share of \$1.14 compared to Net Earnings of \$1.6 billion and Diluted Earnings per Share of \$0.96 for the first six months of fiscal 2009.

The results for the first six months of fiscal 2010 include a \$51 million pretax charge related to the extension of our guarantee of a senior secured loan of HD Supply, Inc. (guarantee extension). The results for the second quarter and first six months of fiscal 2009 reflect the impact of several strategic actions initiated in fiscal 2008. These strategic actions resulted in store rationalization charges related to the closing of 15 underperforming U.S. stores and the removal of approximately 50 U.S. stores from our new store pipeline, business rationalization charges related to the exit of our EXPO, THD Design Center, Yardbirds and HD Bath businesses (the Exited Businesses) and charges related to the restructuring of support functions (collectively, the Rationalization Charges). These actions resulted in pretax Rationalization Charges of \$137 million for the first six months of fiscal 2009, including \$20 million in the second quarter of fiscal 2009. Excluding the charges noted above, Diluted Earnings per Share were \$0.72 and \$1.16 for the second quarter and first six months of fiscal 2010, respectively, compared to \$0.67 and \$1.01 for the second quarter and first six months of fiscal 2009, respectively.

Table of Contents

The results for the second quarter and first six months of fiscal 2009 also reflect a tax benefit of approximately \$50 million to Net Earnings arising from a favorable foreign tax settlement. This tax benefit positively impacted Diluted Earnings per Share by approximately \$0.03 for the second quarter and first six months of fiscal 2009.

Net Sales increased 1.8% to \$19.4 billion for the second quarter of fiscal 2010 from \$19.1 billion for the second quarter of fiscal 2009. For the first six months of fiscal 2010, Net Sales increased 2.9% to \$36.3 billion from \$35.2 billion for the first six months of fiscal 2009. Our comparable store sales increased 1.7% in the second quarter of fiscal 2010, driven by a 1.7% increase in comparable store customer transactions. Our comparable store average ticket was \$52.30 for the second quarter of fiscal 2010, flat compared to the same period last year. Comparable store sales for our U.S. stores increased 1.0% in the second quarter of fiscal 2010.

In the first six months of fiscal 2010, we continued to focus on our core retail business, investing in our associates and stores and improving our customer service. The roll-out of our Customers FIRST training to all store associates and support staff in fiscal 2009 has brought simplification and focus across the business, and we repeated and refreshed the Customers FIRST training during the first six months of fiscal 2010. In the second quarter of fiscal 2010, we launched a version of Customers FIRST for our professional customers, as well as a version focused on our checkout process. The Customers FIRST program is part of our ongoing commitment to improve customer service levels in our stores, and we continued to see the benefit of this training in improved customer service ratings for the first six months of fiscal 2010 compared to fiscal 2009.

We also continued to make significant progress on our merchandising tools in the U.S. that helped us manage markdown and clearance activity and better control inventory. For the third consecutive quarter we improved our year-over-year inventory turnover ratio, which was 4.4 times for the second quarter of fiscal 2010, compared to 4.3 times for the second quarter of fiscal 2009. As of August 17, 2010, we had 16 Rapid Deployment Centers (RDCs) that serve over 80% of our U.S. stores. We remain committed to our overall RDC roll-out strategy, supporting our goal of increasing our central distribution penetration, and are on track to serve 100% of our U.S. stores through RDCs by the end of fiscal 2010.

We opened two new stores during the second quarter of fiscal 2010, including one relocation, and closed one store, for a total store count of 2,244 at the end of the second quarter of fiscal 2010. As of the end of the second quarter of fiscal 2010, a total of 268 stores, or approximately 12%, were located in Canada, Mexico and China compared to 266, or approximately 12%, as of the end of the second quarter of fiscal 2009.

We generated \$3.4 billion of cash flow from operations in the first six months of fiscal 2010. We used a portion of this cash flow to fund \$1.2 billion of share repurchases, pay \$793 million of dividends and fund \$407 million in capital expenditures.

At the end of the second quarter of fiscal 2010, our long-term debt-to-equity ratio was 39.7% compared to 50.4% at the end of the second quarter of fiscal 2009. Our return on invested capital (computed on net operating profit after tax for the trailing twelve months and the average of beginning and ending long-term debt and equity) was 11.5% for the second quarter of fiscal 2010 compared to 9.3% for the second quarter of fiscal 2009. This increase reflects the increase in our operating profit, which includes the impact of the Rationalization Charges in the results of the second quarter of fiscal 2009. Excluding the Rationalization Charges, our return on invested capital was 10.3% for the second quarter of fiscal 2009.

Table of Contents**RESULTS OF OPERATIONS**

Net Sales for the second quarter of fiscal 2010 increased 1.8% to \$19.4 billion from \$19.1 billion for the second quarter of fiscal 2009. For the first six months of fiscal 2010, Net Sales increased 2.9% to \$36.3 billion from \$35.2 billion for the comparable period in fiscal 2009. The increase in Net Sales for the second quarter and first six months of fiscal 2010 reflects the impact of positive comparable store sales. Total comparable store sales increased 1.7% for the second quarter of fiscal 2010 compared to a decrease of 8.5% for the second quarter of fiscal 2009. For the first six months of fiscal 2010, total comparable store sales increased 3.2% compared to a decrease of 9.3% for the same period of fiscal 2009. Our Net Sales and comparable store sales for the second quarter of fiscal 2010 reflect the pull-forward of some sales into the first quarter of fiscal 2010 due to more favorable weather conditions in the earlier period as well as softer economic conditions in the second quarter of fiscal 2010.

The increase in comparable store sales for the second quarter and first six months of fiscal 2010 reflects a number of factors. The majority of our departments posted positive comparable store sales for the second quarter and first six months of fiscal 2010, and comparable store customer transactions increased 1.7% and 3.0% in the second quarter and first six months of fiscal 2010, respectively. Comparable store sales for our Lumber, Plumbing and Electrical product categories were above the Company average and comparable store sales for our Flooring and Kitchen/Bath product categories were at the Company average for the second quarter of fiscal 2010. Comparable store sales for our Paint and Hardware product categories were positive while comparable store sales for our Building Materials, Garden/Seasonal and Millwork product categories were slightly negative for the second quarter of fiscal 2010. Also, in the second quarter and first six months of fiscal 2010, lumber and copper price inflation positively impacted our comparable store sales by approximately 100 basis points.

Gross Profit increased 3.0% to \$6.6 billion for the second quarter of fiscal 2010 from \$6.4 billion for the second quarter of fiscal 2009. Gross Profit increased 4.5% to \$12.4 billion for the first six months of fiscal 2010 from \$11.8 billion for the first six months of fiscal 2009. Gross Profit as a percent of Net Sales increased 41 basis points to 33.9% for the second quarter of fiscal 2010 compared to 33.5% for the second quarter of fiscal 2009. For the first six months of fiscal 2010, Gross Profit as a percent of Net Sales was 34.1% compared with 33.6% for the comparable period of fiscal 2009, an increase of 53 basis points. Our U.S. stores experienced gross profit margin expansion in the second quarter and first six months of fiscal 2010 driven by higher volume rebates from vendors, lower markdowns taken compared to the same periods last year, as we saw benefits from better product assortment management in seasonal categories, and fewer promotions. Additionally, we realized gross profit margin expansion arising from our non-U.S. businesses primarily due to higher volume rebates from vendors and improved shrink performance.

Selling, General and Administrative Expense (SG&A) was \$4.1 billion for the second quarter of both fiscal 2010 and 2009, and was \$8.2 billion for the first six months of both fiscal 2010 and 2009. As a percent of Net Sales, SG&A was 21.3% for the second quarter of fiscal 2010 compared to 21.6% for the second quarter of fiscal 2009. For the first six months of fiscal 2010, SG&A as a percent of Net Sales was 22.6% compared to 23.2% for the same period last year. Excluding the Rationalization Charges, SG&A as a percent of Net Sales was 21.5% and 22.8% for the second quarter and first six months of fiscal 2009, respectively. The decrease in SG&A as a percent of Net Sales for the second quarter and first six months of fiscal 2010 reflects expense leverage in the positive comparable store sales environment and lower payroll and incentive compensation expenses, partially offset by a higher cost of credit due to a higher penetration of bank cards.

Depreciation and Amortization decreased 6.5% to \$406 million for the second quarter of fiscal 2010 from \$434 million for the second quarter of fiscal 2009. For the first six months of fiscal 2010, Depreciation and Amortization decreased 5.2% to \$817 million from \$862 million for the same period of fiscal 2009. Depreciation and Amortization as a percent of Net Sales was 2.1% for the second quarter of fiscal 2010 compared to 2.3% for the second quarter of fiscal 2009, and was 2.3% for the first six months of fiscal 2010 compared to 2.4% for the same period in fiscal 2009. The decrease in Depreciation and Amortization as a percent of Net Sales for both periods was primarily due to a smaller fixed asset base compared to the same periods last year.

Operating Income increased 11.8% to \$2.0 billion for the second quarter of fiscal 2010 from \$1.8 billion for the second quarter of fiscal 2009. Operating Income increased 19.2% to \$3.4 billion for the first six months of fiscal 2010 from \$2.8 billion for the second quarter of 2009. Excluding the Rationalization Charges from the results of the second quarter and first

Table of Contents

six months of fiscal 2009, Operating Income increased 10.6% and 13.7% for the second quarter and first six months of fiscal 2010, respectively.

In the second quarter of fiscal 2010, we recognized \$148 million of Interest and Other, net, compared to \$161 million in the second quarter of fiscal 2009. We recognized \$337 million of Interest and Other, net, in the first six months of fiscal 2010 compared to \$336 million for the same period last year. Interest and Other, net, as a percent of Net Sales was 0.8% for both the second quarter of fiscal 2010 and 2009. For the first six months of fiscal 2010, Interest and Other, net, as a percent of Net Sales was 0.9% compared to 1.0% for the same period last year. Interest and Other, net, reflects a \$51 million charge in the first six months of fiscal 2010 related to the guarantee extension. Excluding this charge, Interest and Other, net, as a percent of Net Sales was 0.8% for the first six months of fiscal 2010, a decrease of 17 basis points from the same period last year. The decrease in Interest and Other, net, excluding the \$51 million charge, was due primarily to a lower debt balance.

Our combined effective income tax rate was 36.5% for the first six months of fiscal 2010 compared to 34.2% for the comparable period of fiscal 2009, reflecting a favorable foreign tax settlement in the first six months of fiscal 2009. This settlement reduced tax expense by approximately \$50 million and provided an approximately \$0.03 benefit to Diluted Earnings per Share in the first six months of fiscal 2009.

Diluted Earnings per Share were \$0.72 and \$1.14 for the second quarter and first six months of fiscal 2010 compared to \$0.66 and \$0.96 for the second quarter and first six months of fiscal 2009, respectively. Excluding the \$51 million debt guarantee extension charge and the Rationalization Charges, Diluted Earnings per Share for the first six months of fiscal 2010 were \$1.16 compared to \$1.01 for the first six months of fiscal 2009, an increase of 14.9%. Diluted Earnings per Share for the second quarter of fiscal 2010 reflect \$0.02 of benefit from repurchases of our common stock.

To provide clarity, internally and externally, about our operating performance for the second quarter and first six months of fiscal 2010 and 2009, we supplement our reporting with non-GAAP financial measures to reflect adjustments for the \$51 million pretax charge related to the guarantee extension as described more fully in Note 2 to the Consolidated Financial Statements, the Rationalization Charges as described more fully in Note 3, and the Net Sales from Exited Businesses during the period from closing announcement to actual closing. We believe these non-GAAP financial measures better enable management and investors to understand and analyze our performance by providing them with meaningful information relevant to events of unusual nature or frequency. However, this supplemental information should not be considered in isolation or as a substitute for the related GAAP measures.

The following reconciles the non-GAAP financial measures to the corresponding GAAP measures for the second quarter and first six months of fiscal 2010 and 2009 (amounts in millions, except per share data):

LIQUIDITY AND CAPITAL RESOURCES

Cash flow generated from operations provides us with a significant source of liquidity. During the first six months of fiscal 2010, Net Cash Provided by Operating Activities was \$3.4 billion compared to \$3.3 billion for the same period of fiscal 2009. This change was primarily a result of increased Net Earnings in the first six months of fiscal 2010.

Net Cash Used in Investing Activities for the first six months of fiscal 2010 was \$363 million compared to \$214 million for the same period of fiscal 2009.

Net Cash Used in Financing Activities for the first six months of fiscal 2010 was \$2.0 billion compared to \$529 million for the same period of fiscal 2009. This change was primarily the result of \$1.2 billion in Repurchases of Common Stock in the first six months of fiscal 2010. Since the inception of our share repurchase program in 2002, we have repurchased 790.6 million shares of our common stock for a total of \$28.7 billion. As of August 1, 2010, \$11.3 billion remained under our share repurchase authorization.

In the second quarter of fiscal 2010, we replaced our \$3.25 billion commercial paper programs with new commercial paper programs that allow for borrowings up to \$2.0 billion. In connection with the programs, we also replaced our back-up credit facility with a new credit facility with a consortium of banks to allow for borrowings up to \$2.0 billion. As of August 1, 2010, there were no borrowings outstanding under the commercial paper programs or the related credit facility. The credit facility expires in July 2013 and contains various restrictive covenants. As of August 1, 2010, we were in compliance with all of the covenants, and they are not expected to impact our liquidity or capital resources.

As of August 1, 2010, we had \$2.4 billion in Cash and Cash Equivalents. We believe that our current cash position, access to the debt capital markets and cash flow generated from operations should be sufficient to enable us to complete our capital expenditure programs and fund dividend payments, any share repurchases and any required long-term debt payments through the next several fiscal years. In addition, we have funds available from our commercial paper programs and the ability to obtain alternative sources of financing. Subsequent to the end of the second quarter of fiscal 2010, we repaid \$1.0 billion of 4.625% Senior Notes that were due August 15, 2010. We plan to refinance this debt in the third quarter of fiscal 2010.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Our exposure to market risks results primarily from fluctuations in interest rates. There have been no material changes to our exposure to market risks from those disclosed in our Form 10-K.

Item 4. Controls and Procedures

The Company maintains disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act) that are designed to ensure that information required to be disclosed in the Company's Securities Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures as of the end of the period covered by this report. Based upon that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective.

There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rule 13a-15(f) under the Securities Exchange Act) during the fiscal quarter ended August 1, 2010 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

As reported on page 12 of our Form 10-K, in the second and third quarters of fiscal 2006, three purported, but uncertified, class actions were filed against the Company, The Home Depot FutureBuilder Administrative Committee and certain of the Company's current and former directors and employees alleging breach of fiduciary duty in violation of the Employee Retirement Income Security Act of 1974 (ERISA) in connection with the Company's return-to-vendor and stock option practices. These actions were joined into one case in 2007, and the joint amended complaint seeks certification as a class action, unspecified damages, costs, attorney's fees and equitable and injunctive relief. On June 7, 2010, the U.S. District Court for the Northern District of Georgia in Atlanta granted with prejudice Home Depot's motion to dismiss plaintiffs' third amended complaint. On June 28, 2010, plaintiffs filed a notice of appeal with the U.S. Court of Appeals for the Eleventh Circuit. Although the Company cannot predict the outcome of this matter, it does not expect the outcome to have a material effect on its consolidated financial condition or results of operations.

Item 1A. Risk Factors

In addition to the other information set forth in this Form 10-Q, you should carefully consider the factors discussed under Item 1A, Risk Factors and elsewhere in our Form 10-K. These risks and uncertainties could materially and adversely affect our business, financial condition and results of operations. The risks and uncertainties described in the Form 10-K include the risks and uncertainties associated with the current economic environment, such as the state of the residential construction, housing and home improvement markets; the state of the credit markets, including the limited availability of mortgages, home equity loans, consumer credit for our retail customers and commercial credit for our professional customers and our suppliers, as well as the availability and costs of commercial credit generally; reduced consumer spending; lower levels of consumer confidence; increased levels of consumer and commercial delinquencies; and supply interruptions and adverse business circumstances experienced by certain of our suppliers. Some of these risks and uncertainties and related effects that we experienced during the fiscal quarter covered by this report (and continue to experience) are described in greater detail in this Form 10-Q in Part I, Item 2, Management's Discussion and Analysis of Financial Condition and Results of Operations.

The risks described in our Form 10-K and set forth above are not the only risks we face. Our operations could also be affected by additional factors that are not presently known to us or by factors that we currently consider immaterial to our business.

Table of Contents**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

- (a) During the second quarter of fiscal 2010, the Company issued 11,005 deferred stock units under The Home Depot, Inc. NonEmployee Directors' Deferred Stock Compensation Plan pursuant to the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended. The deferred stock units were credited to the accounts of such nonemployee directors who elected to receive board retainers in the form of deferred stock units instead of cash during the second quarter of fiscal 2010. The deferred stock units convert to shares of common stock on a one-for-one basis following a termination of service as described in this plan.

During the second quarter of fiscal 2010, the Company credited 1,124 deferred stock units to participant accounts under The Home Depot FutureBuilder Restoration Plan pursuant to an exemption from the registration requirements of the Securities Act of 1933, as amended, for involuntary, non-contributory plans. The deferred stock units convert to shares of common stock on a one-for-one basis following the termination of services as described in this plan.

- (c) Since fiscal 2002, the Company has repurchased shares of its common stock having a value of approximately \$28.7 billion pursuant to its share repurchase program. The number and average price of shares purchased in each fiscal month of the first quarter of fiscal 2010 are set forth in the table below:

Period		Total		Total Number of Shares Purchased as Part of Publicly Announced Program ⁽²⁾	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Program ⁽²⁾
		Number of Shares Purchased ⁽¹⁾	Average Price Paid Per Share ⁽¹⁾		
May 3, 2010	May 30, 2010	8,135,807	\$34.11	8,112,900	\$11,733,291,402
May 31, 2010	June 27, 2010	13,320,972	\$31.82	13,304,065	\$11,309,995,845
June 28, 2010	August 1, 2010	5,710	\$27.97	-	\$11,309,995,845

(1) These amounts include repurchases pursuant to the Company's 1997 and 2005 Omnibus Stock Incentive Plans (the Plans). Under the Plans, participants may exercise stock options by surrendering shares of common stock that the participants already own as payment of the exercise price. Participants in the Plans may also surrender shares as payment of applicable tax withholding on the vesting of restricted stock and deferred share awards. Shares so surrendered by participants in the Plans are repurchased pursuant to the terms of the Plans and applicable award agreement and not pursuant to publicly announced share repurchase programs.

(2) The Company's common stock repurchase program was initially announced on July 15, 2002. As of the end of the second quarter of fiscal 2010, the Board had approved purchases up to \$40.0 billion. The program does not have a prescribed expiration date.
