PART III - NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

The Company has not been able to timely file its Annual Report on Form 10-K without unreasonable effort or expense, because the Company is in the process of finalizing a waiver agreement under its existing credit facility regarding non-compliance with four financial covenants at June 30, 2010. Consummation of the waiver agreement will have a material impact on the discussion of the Company's liquidity to be contained in the Form 10-K and the content of the Report of the Independent Registered Accounting Firm. The Company believes it has reached agreement in principle with its lenders for the waiver and is in the process of finalizing the necessary documentation with them. The Company also is continuing to provide its Independent Registered Public Accounting Firm with certain additional supporting information related to the proposed waiver and limited amendment and other proposed financing activities. The additional time required to complete the audit also has delayed the Company's completion of the preparation of its Form 10-K and caused the Company to be unable to file its report by the prescribed due date without unreasonable effort and expense. The Company is currently in the process of working with its Independent Registered Public Accounting Firm to allow them to complete the audit for the fiscal year ended June 30, 2010. The Company anticipates that its Independent Registered Public Accounting Firm will be able to complete the audit in time for the Company to file its Form 10-K for the fiscal year ended June 30, 2010 prior to the reporting deadline provided by this extension.

If answer is no, identify report(s). Yes No

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

While the Company does not anticipate that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in its Annual Report, the Company does anticipate that earnings from continuing operations for the year ended June 30, 2010 will be a loss of \$930,000 compared to earnings of \$1,067,000 in fiscal 2009.
