Our Company

Western Alliance Bancorporation, incorporated in the State of Nevada, is a multi-bank holding company headquartered in Phoenix, Arizona, providing full service banking and related services to locally owned businesses, professional firms, real estate developers and investors, local non-profit organizations, high net worth individuals and other consumers through its subsidiary banks and financial services companies located in Nevada, Arizona, California and Colorado. Western Alliance provides virtually all aspects of commercial and consumer lending and deposit services. In addition, its non-bank subsidiaries offer an array of financial products and services aimed at satisfying the needs of small to mid-sized businesses and their proprietors, including investments and equipment leasing. On a consolidated basis, as of September 30, 2011, we had approximately \$6.55 billion in total assets, \$4.53 billion in total loans, net of deferred fees, \$5.63 billion in deposits and \$632.3 million in stockholders' equity.

Our common stock is traded on the New York Stock Exchange under the ticker symbol WAL. Our principal executive offices are located at One E. Washington Street, Suite 1400, Phoenix, Arizona, 85004, and our telephone number at that address is (602) 952-5408. Our website is www.westernalliancebancorp.com. Securities Being Offered

On September 27, 2011, pursuant to the Small Business Lending Fund, or the SBLF, program of the United States Department of the Treasury, we sold to the Secretary of the Treasury, or Treasury, 141,000 shares of our Non-Cumulative Perpetual Preferred Stock, Series B, or the Series B Preferred Stock, liquidation preference amount \$1,000 per share, for an aggregate purchase price of \$141,000,000. The issuance of the Series B Preferred Stock was completed in a private placement exempt from the registration requirements of the Securities Act. We were required under the terms of the related securities purchase agreement between us and Treasury to register for resale the shares of the Series B Preferred Stock. This registration includes depository shares, representing fractional interests in the Series B Preferred Stock, which may be resold pursuant to this prospectus in lieu of whole shares of Series B Preferred Stock in the event Treasury requests that we deposit the Series B Preferred Stock held by Treasury with a depository under a depository arrangement entered into in accordance with the securities purchase agreement. See Description of Depository Shares. The terms of the Series B Preferred Stock are described under Description of Series B Preferred Stock. The securities purchase agreement between us and Treasury was attached as Exhibit 10.1 to our Current Report on Form 8-K filed on September 28, 2011, which report is incorporated into this prospectus by reference. See Incorporation of Certain Documents By Reference.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGED AND PREFERRED STOCK DIVIDENDS**

Our historical ratios of earnings to fixed charges and preferred stock dividends for the periods indicated are set forth in the table below. As of December 31, 2010 and the nine months ended September 30, 2011, we had 140,000 shares of Fixed Rate Cumulative Perpetual Preferred Stock, Series A, outstanding, all of which were issued on November 21, 2008, and 141,000 shares of Series B Preferred Stock outstanding, all of which were issued on September 27, 2011, respectively. The ratio of earnings to fixed charges and preferred stock dividends is computed by dividing (1) income from continuing operations before income taxes and fixed charges by (2) total fixed charges and pre-tax earnings required for preferred stock dividends. For purposes of computing these ratios:

earnings consist of income from continuing operations before income taxes, including goodwill impairment charges, securities mark-to-market gains and losses and securities impairment charges;

fixed charges, excluding interest on deposits, include interest expense (other than on deposits) and the estimated portion of rental expense attributable to interest, net of income from subleases;

fixed charges, including interest on deposits, include all interest expense and the estimated portion of rental expense attributable to interest, net of income from subleases; and

pre-tax earnings required for preferred stock dividends were computed using tax rates for the applicable year.

	At or for the Nine Months Ended September 30,			At or for the Year Ended December 31,			
	2011	2010	2010	2009	2008	2007	2006
Ratio of Earnings to Fixed Charges and Preferred Stock Dividends							
Including interest on deposits	1.58					1.41	1.73

RISK FACTORS

Before purchasing the securities offered by this prospectus you should carefully consider the risk factors relating to Western Alliance incorporated by reference in this prospectus from our Annual Report on Form 10-K for the year ended December 31, 2010, as well as the risks, uncertainties and additional information described in Forms 10-K, 10-Q and 8-K that we may file with the SEC in the future, all of which are incorporated by reference in this prospectus and any accompanying prospectus supplement.

For a description of these reports and documents, and information about where you can find them, see [Where You Can Find More Information and Incorporation of Certain Documents By Reference](#).

Additional risks not presently known or that are currently deemed immaterial could also materially and adversely affect our financial condition, results of operations, business and prospects. This prospectus and the documents incorporated herein by reference also contain forward-looking statements that involve risks and uncertainties. Actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks faced by us described in the documents incorporated herein by reference.

Risks Related to the Series B Preferred Stock

An active trading market for the Series B Preferred Stock might not develop.

The Series B Preferred Stock is not currently listed on any securities exchange and we do not anticipate listing the Series B Preferred Stock on an exchange. There can be no assurance that an active trading market for the Series B Preferred Stock will develop, or, if developed, that an active trading market will be maintained. If an active market is not developed or sustained, the market value and liquidity of the Series B Preferred Stock may be adversely affected.

Dividends on the Series B Preferred Stock are non-cumulative.

Dividends on the Series B Preferred Stock are non-cumulative and payable only out of lawfully available funds. Consequently, if our board of directors does not authorize and declare a dividend on the Series B Preferred Stock for any dividend period, holders of the Series B Preferred Stock will not be entitled to receive any such dividend, and such unpaid dividend will not accrue and will not be payable, regardless of whether dividends are declared for any subsequent dividend period.

Holders of the Series B Preferred Stock have limited voting rights.

Until and unless we fail to pay full dividends on the Series B Preferred Stock for six or more quarterly dividend periods, whether or not consecutive, and the aggregate liquidation preference amount of the then-outstanding shares of Series B Preferred Stock is at least \$25.0 million, the holders of the Series B Preferred Stock will have no voting rights except with respect to certain fundamental changes in the terms of the Series B Preferred Stock and except as may be required by law. If dividends on the Series B Preferred Stock are not paid in full for six quarterly dividend periods, whether or not consecutive, and if the aggregate liquidation preference amount of the then-outstanding shares of Series B Preferred Stock is at least \$25.0 million, the total number of positions on our Board of Directors will automatically increase by two and the holders of the Series B Preferred Stock, acting as a single class, will have the right to elect two individuals to serve in the new director positions. This right and the terms of such directors will end when we have paid full dividends for at least four consecutive quarterly dividend periods. If full dividends have not been paid on the Series B Preferred Stock for five or more quarterly dividend periods, whether or not consecutive, we must invite a representative selected by the holders of a majority of the outstanding shares of Series B Preferred Stock, voting as a single class, to attend all meetings of our Board of Directors in a nonvoting observer capacity. Any such representative would not be obligated to attend any Board meeting to which he or she is invited, and this right will end when we have paid full dividends for at least four consecutive dividend periods.

Table of Contents

The Series B Preferred Stock might be junior in rights and preferences to our future preferred stock.

Subject to the written consent of Treasury, if Treasury holds any shares of Series B Preferred Stock, or the holders of a majority of the outstanding shares of the Series B Preferred Stock, voting as a single class, if Treasury does not hold any shares of the Series B Preferred Stock, as well as any other vote of stockholders required by law, we may issue preferred stock in the future, the terms of which may be senior to the Series B Preferred Stock. The terms of any such future preferred stock expressly senior to the Series B Preferred Stock may restrict dividend payments on the Series B Preferred Stock, which could result in dividends on the Series B Preferred Stock not being paid when contemplated by the terms of the Series B Preferred Stock. In addition, in the event of our liquidation, dissolution or winding-up, the terms of any such senior preferred stock may prohibit us from making payments on the Series B Preferred Stock until all amounts due to holders of any such senior preferred stock in such circumstances are paid in full.

The Series B Preferred Stock is equity and is subordinate to all of our existing and future indebtedness; regulatory restrictions may limit or prevent us from paying dividends on the Series B Preferred Stock; and the Series B Preferred Stock places no limitations on the amount of indebtedness we and our subsidiaries may incur in the future.

Shares of the Series B Preferred Stock are equity interests in Western Alliance and do not constitute indebtedness. As such, the Series B Preferred Stock, like our common stock, ranks junior to all indebtedness and other non-equity claims on Western Alliance with respect to assets available to satisfy claims on Western Alliance, including in a liquidation of Western Alliance. Additionally, unlike indebtedness, where principal and interest would customarily be payable on specified due dates, in the case of preferred stock like the Series B Preferred Stock, (1) dividends are payable only when, as and if authorized and declared by, our Board of Directors and depend on, among other things, our results of operations, financial condition, debt service requirements, other cash needs and any other factors our Board of Directors deems relevant, and (2) as a Nevada corporation and as a state and federally regulated depository institution and bank holding company, under Nevada law and applicable banking regulations we are subject to restrictions on payments of dividends out of lawfully available funds.

In addition, the Series B Preferred Stock does not limit the amount of debt or other obligations we or our subsidiaries may incur in the future. Accordingly, we and our subsidiaries may incur substantial amounts of additional debt and other obligations that will rank senior to the Series B Preferred Stock or to which the Series B Preferred Stock will be structurally subordinated.

The dividend rate on the Series B Preferred Stock will fluctuate initially from 1% to 5% based on our level of Qualified Small Business Lending, or QSBL, as compared to our baseline level. The cost of the capital we received from the Series B Preferred Stock will increase significantly if the level of our QSBL as of September 30, 2013 does not represent an increase from our baseline level. This cost also will increase significantly if we have not redeemed the Series B Preferred Stock before the fourth anniversary of the SBLF transaction.

The per annum dividend rate on the Series B Preferred Stock can fluctuate on a quarterly basis during the first 10 quarters during which the Series B Preferred Stock is outstanding, based upon changes in the amount of QSBL (as defined in Description of Series B Preferred Stock Dividends Payable on Shares of Series B Preferred Stock) from a baseline level. The dividend rate for the initial dividend period is 3.8742411%. For the second dividend period through the tenth dividend period, the dividend rate may be adjusted to between 1% and 5%, to reflect the amount of percentage change in the Bank's level of QSBL from the baseline level to the level as of the end of the second quarter preceding the dividend period in question. For the eleventh dividend period to the fourth anniversary of the SBLF transaction, the dividend rate will be fixed at between 1% and 5%, based upon the percentage increase in QSBL from the baseline level to the level as of the end of the ninth dividend period (i.e., as of September 30, 2013); however, if there is no increase in QSBL from the baseline level to the level as of the end of the ninth dividend period (or if QSBL has decreased during that time period), the dividend rate will be fixed at 7.0%. In addition, because of our participation in the TARP Capital Purchase Program, if our QSBL is not above the baseline level at the end of the ninth dividend period, we must also pay a lending incentive fee of 0.5%, calculated based on the liquidation value of the outstanding Series B Preferred Stock as of the end of that quarter, beginning with dividend payment dates on or after April 1, 2014 and ending on April 1, 2016. From and after the four and one-half year anniversary of the issuance date, the dividend rate will be fixed at 9.0%, regardless of the level of QSBL. Depending on our financial condition at the time, any such increases in the dividend rate could have a material negative effect on our liquidity.

The Series B Preferred Stock constitutes a single series of our preferred stock, consisting of 141,000 shares, par value \$0.0001 per share, having a liquidation preference amount of \$1,000 per share. The Series B Preferred Stock has no maturity date. We issued the shares of Series B Preferred Stock to Treasury on September 27, 2011 in connection with the SBLF program for a purchase price of \$141,000,000.

Dividends

General. Dividends on the Series B Preferred Stock are payable quarterly in arrears, when, as and if authorized and declared by our Board of Directors out of legally available funds, on a non-cumulative basis, on the \$1,000 per share liquidation preference amount. Dividends are payable on January 1, April 1, July 1 and October 1 of each year, beginning October 1, 2011.

Each dividend will be payable to holders of record as they appear on our stock register on the applicable record date, which will be the 15th calendar day immediately preceding the related dividend payment date (whether or not a business day), or such other record date determined by our board of directors that is not more than 60 nor less than ten days prior to the related dividend payment date. Each period from and including a dividend payment date (or from and including the date of the issuance of the Series B Preferred Stock, in the case of the initial dividend period) to but excluding the following dividend payment date is referred to as a dividend period. Dividends payable for each dividend period are computed on the basis of a 360-day year consisting of four 90-day quarters, and actual days elapsed over a 90-day quarter. If a scheduled dividend payment date falls on a day that is not a business day, the dividend payment will be postponed to the next day that is a business day and no additional dividends will accrue as a result of that postponement. The term business day means any day except Saturday, Sunday and any day on which banking institutions in the State of New York or the District of Columbia generally are authorized or required by law or other governmental actions to close.

Rate. The per annum dividend rate, as a percentage of the liquidation amount, can fluctuate on a quarterly basis during the first ten quarters during which the Series B Preferred Stock is outstanding, based upon changes in the amount of Qualified Small Business Lending or QSBL (as defined below) by the Bank from the Baseline (as defined below). The dividend rate for the initial dividend period (which ends on September 30, 2011) is 3.8742411%. For the second dividend period through the tenth dividend period after the issuance date, the dividend

Table of Contents

rate may be adjusted to between 1% and 5%, to reflect the change in the Bank's level of QSBL from the Baseline to the level as of the end of the second dividend period preceding the dividend period in question. For the eleventh dividend period after the issuance date to four and one half years after the issuance date, the dividend rate will be fixed at between 1% and 5%, based upon the increase in QSBL from the Baseline to the level as of the end of the ninth dividend period (i.e., as of September 30, 2013), or will be fixed at 7% if there is no increase or there is a decrease in QSBL from the Baseline to the level as of the end of the ninth dividend period. In addition, because of our participation in the TARP Capital Purchase Program, if our QSBL is not above the baseline level at the end of the ninth dividend period, we must also pay a lending incentive fee of 0.5%, calculated based on the liquidation value of the outstanding Series B Preferred Stock as of the end of that quarter, beginning with dividend payment dates on or after April 1, 2014 and ending on April 1, 2016. From and after four and one-half years from the issuance date, the dividend rate will be fixed at nine percent (9%), regardless of the amount of QSBL.

Any reduction in the dividend rate to below 5% prior to the four and one-half year anniversary of the issuance date will not apply to the portion of the aggregate liquidation amount of the then-outstanding shares of Series B Preferred Stock that is greater than the amount of the increase in QSBL from the Baseline. Dividends on any portion of the aggregate liquidation amount of the then-outstanding shares of Series B Preferred Stock that is in excess of the amount of the increase in the amount of QSBL from the Baseline will be payable at 5% per annum until the four and one-half year anniversary of the issuance date, resulting in a blended dividend rate that will apply to each outstanding share of Series B Preferred Stock. As noted above, from and after the four and one-half year anniversary of the issuance date, the dividend rate applicable to each outstanding share of Series B Preferred Stock will be 9%, regardless of the amount of QSBL.

Qualified Small Business Lending, or QSBL, is defined as the sum of all lending by the Bank of the following types:

- (i) commercial and industrial loans;
- (ii) owner-occupied, nonfarm, nonresidential real estate loans;
- (iii) loans to finance agricultural production and other loans to farmers; and
- (iv) loans secured by farmland;

and, within these loan categories, excluding (A) any loan or group of loans to the same borrower and its affiliates with an original principal or commitment amount greater than \$10 million or that is made to a borrower that had (or whose ultimate parent company had) more than \$50 million in revenues during the most recent fiscal year ended as of the date of origination; (B) to the extent not included in (A) or (C), the portion of any loans guaranteed by the U.S. Small Business Administration, any other U.S. government agency, or a U.S. government-sponsored enterprise; and (C) to the extent not included in (A) or (B), the portion of any loans held by the Bank for which the risk is assumed by a third party (e.g., the portion of loans that have been participated), while, further, adding to the amount determined above the cumulative amount of net charge-offs with respect to QSBL as measured since June 30, 2010.

The Baseline is defined as the average of the Bank's quarter-end QSBL for the four quarters ended June 30, 2010. The Bank's Baseline is \$1,517,375,000.

Non-Cumulative. Dividends on the Series B Preferred Stock will be non-cumulative. If for any reason our Board of Directors does not declare a dividend on the Series B Preferred Stock for a particular dividend period, then the holders of the Series B Preferred Stock will have no right to receive any dividend for that dividend period, and we will have no obligation to pay a dividend for that dividend period. We must, however, within five calendar days, deliver to the holders of the Series B Preferred Stock a written notice executed by our Chief Executive Officer and Chief Financial Officer stating our Board of Directors' rationale for not declaring dividends. Our failure to pay a dividend on the Series B Preferred Stock also will restrict our ability to pay dividends on and repurchase other classes and series of our stock. See - Restrictions on Dividends and Repurchases.

Table of Contents

When dividends have not been declared and paid in full on the Series B Preferred Stock for an aggregate of four or more dividend periods, and during that time we were not subject to a regulatory determination that prohibits the declaration and payment of dividends, we must, within five calendar days of each missed payment, deliver to the holders of the Series B Preferred Stock a certificate executed by at least a majority of the members of our Board of Directors stating that the Board of Directors used its best efforts to declare and pay such dividends in a manner consistent with safe and sound banking practices and the directors' fiduciary obligations. In addition, our failure to pay dividends on the Series B Preferred Stock for five or more dividend periods will give the holders of the Series B Preferred Stock the right to appoint a non-voting observer on our Board of Directors, and our failure to pay dividends on the Series B Preferred Stock for six or more dividend periods will give the holders of the Series B Preferred Stock the right to elect two directors. See - Voting Rights.

No Sinking Fund. There is no sinking fund with respect to dividends on the Series B Preferred Stock.

Restrictions on Dividends and Repurchases

Restrictions on Dividends. So long as the Series B Preferred Stock remains outstanding, we may declare and pay dividends on our common stock, any other shares of Junior Stock (as defined below) or Parity Stock (as defined below) only if after giving effect to the dividend, our Tier 1 capital would be at least equal to the Tier 1 Dividend Threshold (as defined below) and full dividends on all outstanding shares of Series B Preferred Stock for the most recently completed dividend period have been or are contemporaneously declared and paid.

If a dividend is not declared and paid in full on the Series B Preferred Stock for any dividend period, then from the last day of that dividend period until the last day of the third dividend period immediately following it, no dividend or distribution may be declared or paid on our common stock or any other shares of Junior Stock (other than dividends payable solely in shares of Common Stock) or Parity Stock; *provided, however,* that in any such dividend period in which a dividend is declared and paid on the Series B Preferred Stock, dividends may be paid on Parity Stock to the extent necessary to avoid any material covenant breach.

The Tier 1 Dividend Threshold means 90% of (A) \$489,383,720 (the Company's consolidated Tier 1 capital as of June 30, 2011) plus (B) \$141,000,000 (the aggregate liquidation amount of the Series B Preferred Stock issued) minus (C) the net amount of loans charged off by the Company's bank subsidiaries since September 27, 2011. The Tier 1 Dividend Threshold is subject to reduction, beginning on the first day of the eleventh dividend period following the date of issuance of the Series B Preferred Stock, by \$14,100,000 (ten percent of the aggregate liquidation amount of the Series B Preferred Stock initially issued, without regard to any subsequent partial redemptions) for each one percent increase in QSBL from the Baseline level to the ninth dividend period.

Junior Stock means our common stock and any other class or series of our stock the terms of which expressly provide that it ranks junior to the Series B Preferred Stock as to dividend and redemption rights and/or as to rights on liquidation, dissolution or winding up of Western Alliance. We currently have no outstanding class or series of stock constituting Junior Stock other than our common stock.

Parity Stock means any class or series of our stock, other than the Series B Preferred Stock, the terms of which do not expressly provide that such class or series will rank senior or junior to the Series B Preferred Stock as to dividend rights and/or as to rights on liquidation, dissolution or winding up of Western Alliance, in each case without regard to whether dividends accrue cumulatively or non-cumulatively. We currently have no outstanding class or series of stock constituting Parity Stock.

Restrictions on Repurchases. So long as the Series B Preferred Stock remains outstanding, we may repurchase or redeem shares of Capital Stock (as defined below) only if (i) after giving effect to such repurchase or redemption, our Tier 1 capital would be at least equal to the Tier 1 Dividend Threshold and (ii) dividends on all outstanding shares of Series B Preferred Stock for the most recently completed dividend period have been or are contemporaneously declared and paid (or have been declared and a sum sufficient for payment has been set aside for the benefit of the holders of the Series B Preferred Stock as of the applicable record date).

If a dividend is not declared and paid on the Series B Preferred Stock for any dividend period, then from the last day of that dividend period until the last day of the third dividend period immediately following it, neither we nor any of our subsidiaries may redeem, purchase or acquire any shares of our common stock, Junior Stock, Parity Stock or other capital stock or other equity securities of any kind of ours or of any of our subsidiaries, or any

Table of Contents

trust preferred securities issued by us or by any of our affiliates, or the Capital Stock, (other than (i) redemptions, purchases, repurchases or other acquisitions of the Series B Preferred Stock and (ii) repurchases of common stock or other Junior Stock in connection with the administration of any employee benefit plan in the ordinary course of business (including purchases to offset any Share Dilution Amount (as defined below) pursuant to a publicly announced repurchase plan) and consistent with past practice; *provided* that any purchases to offset the Share Dilution Amount may not exceed the Share Dilution Amount, (iii) the acquisition by us or by any of our subsidiaries of record ownership in Junior Stock or Parity Stock for the beneficial ownership of any other persons (other than us or any of our subsidiaries), including as trustees or custodians, (iv) the exchange or conversion of Junior Stock for or into other Junior Stock or of Parity Stock or trust preferred securities for or into other Parity Stock (with the same or lesser aggregate liquidation amount) or Junior Stock, in each case solely to the extent required pursuant to binding agreements entered into prior to September 27, 2011 or any subsequent agreement for the accelerated exercise, settlement or exchange of these types of securities for our common stock, (v) redemptions of securities held by us or by any of our wholly owned subsidiaries or (vi) redemptions, purchases or other acquisitions of capital stock or other equity securities of any kind of any of our subsidiaries required pursuant to binding agreements entered into prior to September 27, 2011.

Share Dilution Amount means the increase in the number of diluted shares outstanding (determined in accordance with accounting principles generally accepted in the United States, or GAAP, applied on a consistent basis, and as measured from December 31, 2010) resulting from the grant, vesting or exercise of equity-based compensation to employees and equitably adjusted for any stock split, stock dividend, reverse stock split, reclassification or similar transaction.

Liquidation Rights

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of Western Alliance, holders of the Series B Preferred Stock will be entitled to receive for each share of Series B Preferred Stock, out of the assets of Western Alliance or proceeds available for distribution to our stockholders, subject to any rights of our creditors, before any distribution of assets or proceeds is made to or set aside for the holders of our common stock and any other class or series of our stock ranking junior to the Series B Preferred Stock, payment of an amount equal to the sum of (i) the \$1,000 liquidation preference amount per share and (ii) the amount of any accrued and unpaid dividends on the Series B Preferred Stock. To the extent the assets or proceeds available for distribution to stockholders are not sufficient to fully pay the liquidation payments owing to the holders of the Series B Preferred Stock and the holders of any other class or series of our stock ranking equally with the Series B Preferred Stock, the holders of the Series B Preferred Stock and such other stock will share ratably in the distribution.

For purposes of the liquidation rights of the Series B Preferred Stock, neither a merger nor consolidation of Western Alliance with another entity nor a sale, lease or exchange of all or substantially all of Western Alliance's assets will constitute a liquidation, dissolution or winding up of the affairs of Western Alliance.

Redemption and Repurchases

Subject to the approval of the Federal Reserve Board, the Series B Preferred Stock is redeemable at our option in whole or in part at any time and from time to time. In addition, if there is a change in the law that modifies the terms of Treasury's investment in the Series B Preferred Stock or the terms of Treasury's SBLF program in a materially adverse respect for us, we may, after consultation with the Federal Reserve Board, redeem all of the shares of Series B Preferred Stock. The per share redemption price will be equal to the sum of the liquidation preference amount per share of \$1,000 plus the per share amount of any unpaid dividends for the then current dividend period to, but excluding, the date of redemption (regardless of whether any dividends are actually declared for that dividend period).

To exercise the redemption right described above, we must give notice of the redemption to the holders of record of the Series B Preferred Stock by first class mail, not less than 30 days and not more than 60 days before the date of redemption. The notice of redemption given to a holder of Series B Preferred Stock must state: (i) the redemption date; (ii) the number of shares of Series B Preferred Stock to be redeemed and, if less than all the shares held by such holder are to be redeemed, the number of such shares to be redeemed from such holder; (iii) the

Table of Contents

redemption price; and (iv) the place or places where certificates for such shares are to be surrendered for payment of the redemption price. In the case of a partial redemption of the Series B Preferred Stock, the shares to be redeemed will be selected either pro rata or in such other manner as our Board of Directors or a committee of the Board determines to be fair and equitable, provided that shares representing at least 25% of the aggregate liquidation amount of the Series B Preferred Stock are redeemed.

Shares of Series B Preferred Stock that we redeem, repurchase or otherwise acquire will revert to authorized but unissued shares of preferred stock, which may then be reissued by us as any series of preferred stock other than the Series B Preferred Stock.

No Conversion Rights

Holders of the Series B Preferred Stock have no right to exchange or convert their shares into common stock or any other securities.

Voting Rights

The holders of the Series B Preferred Stock do not have voting rights other than those described below, except to the extent from time to time required by law.

If dividends on the Series B Preferred Stock have not been declared and paid in full within five business days after each dividend payment date for an aggregate of five or more dividend periods, whether or not consecutive, we must invite a representative selected by the holders of a majority of the outstanding shares of Series B Preferred Stock, voting as a single class, to attend all meetings of our Board of Directors in a nonvoting observer capacity and give such representative copies of all notices, minutes, consents, and other materials that we provide to our directors in connection with such meetings. The holders of the Series B Preferred Stock are not obligated to select such a representative, and such a representative, if selected, is not obligated to attend any meeting to which he or she is invited. This right of the holders of the Series B Preferred Stock will terminate when full dividends have been timely paid for at least four consecutive dividend periods, subject to re-vesting in the event we again fail to declare and pay dividends in full on the Series B Preferred Stock for five or more dividend periods.

If dividends on the Series B Preferred Stock have not been declared and paid in full within five business days after each dividend payment date for an aggregate of six or more dividend periods, whether or not consecutive, and (ii) the aggregate liquidation preference of the then-outstanding shares of Series B Preferred Stock is at least \$25,000,000, the authorized number of directors of Western Alliance will automatically be increased by two and the holders of the Series B Preferred Stock, voting as a single class, will have the right, but not the obligation, to elect two directors, or the Preferred Directors, to fill such newly created directorships at the next annual meeting of stockholders of Western Alliance (or, if the next annual meeting is not yet scheduled or is scheduled to occur more than 30 days later, the President of Western Alliance must promptly call a special meeting for that purpose) and at each subsequent annual meeting of stockholders until full dividends have been timely paid on the Series B Preferred Stock for at least four consecutive dividend periods, at which time this right will terminate, subject to re-vesting in the event we again fail to declare and pay dividends in full on the Series B Preferred Stock for six or more dividend periods. It will be a qualification for election of any Preferred Director that the election of such individual will not cause us to violate any corporate governance requirements of any securities exchange or other trading facility on which our securities may then be listed or traded that listed or traded companies must have a majority of independent directors. Upon any termination of the right of the holders of Series B Preferred Stock to vote for directors as described above, the Preferred Directors will cease to be qualified as directors, the term of office of all Preferred Directors then in office will terminate immediately and the authorized number of directors will be reduced by the number of Preferred Directors previously elected. Any Preferred Director may be removed at any time, with or without cause, and any vacancy created thereby may be filled, only by the affirmative vote of the holders of a majority of the then-outstanding shares of Series B Preferred Stock, voting separately as a class. If the office of any Preferred Director becomes vacant for any reason other than removal from office, the holders of a majority of the outstanding shares of Series B Preferred Stock, voting as a single class, may choose a successor to serve for the remainder of the unexpired term of the vacant directorship.

Table of Contents

In addition to any other vote or consent required by law or by our charter, the written consent of (x) Treasury, if Treasury holds any shares of Series B Preferred Stock, or (y) the holders of a majority of the outstanding shares of Series B Preferred Stock, voting as a single class, if Treasury does not hold any shares of Series B Preferred Stock, is required in order to do the following:

amend our certificate of incorporation or the Certificate of Designation for the Series B Preferred Stock to authorize or create or increase the authorized amount of, or any issuance of, any shares of, or any securities convertible into or exchangeable or exercisable for shares of, any class or series of stock ranking senior to the Series B Preferred Stock with respect to the payment of dividends and/or the distribution of assets on any liquidation, dissolution or winding up of Western Alliance;

amend our certificate of incorporation or Certificate of Designation for the Series B Preferred Stock in a way that materially and adversely affect the rights, preferences, privileges or voting powers of the Series B Preferred Stock;

consummate a binding share exchange or reclassification involving the Series B Preferred Stock or a merger or consolidation of Western Alliance with another entity, unless (i) the shares of Series B Preferred Stock remain outstanding or, in the case of a merger or consolidation in which Western Alliance is not the surviving or resulting entity, are converted into or exchanged for preference securities of the surviving or resulting entity or its ultimate parent, and (ii) the shares of Series B Preferred Stock remaining outstanding or such preference securities, as the case may be, have such rights, preferences, privileges and voting powers, and limitations and restrictions, that are the same as the rights, preferences, privileges and voting powers, and limitations and restrictions of the Series B Preferred Stock immediately prior to consummation of the transaction, taken as a whole;

sell all, substantially all or any material portion of, the assets of Western Alliance, if the Series B Preferred Stock will not be redeemed in full contemporaneously with the consummation of such sale; or

consummate a Holding Company Transaction (as defined below), unless as a result of the Holding Company Transaction each share of Series B Preferred Stock will be converted into or exchanged for one share with an equal liquidation preference of preference securities of Western Alliance or the acquiror, or the Holding Company Preferred Stock. Any such Holding Company Preferred Stock must entitle its holders to dividends from the date of issuance of such stock on terms that are equivalent to the terms of the Series B Preferred Stock, and must have such other rights, preferences, privileges and voting powers, and limitations and restrictions that are the same as the rights, preferences, privileges and voting powers, and limitations and restrictions of the Series B Preferred Stock immediately prior to such conversion or exchange, taken as a whole;

provided, however, that (1) any increase in the amount of our authorized shares of preferred stock, and (2) the creation and issuance, or an increase in the authorized or issued amount, of any other series of preferred stock, or any securities convertible into or exchangeable or exercisable for any other series of preferred stock, ranking equally with and/or junior to the Series B Preferred Stock with respect to the payment of dividends, whether such dividends are cumulative or non-cumulative, and the distribution of assets upon the liquidation, dissolution or winding up of Western Alliance, will not be deemed to adversely affect the rights, preferences, privileges or voting powers of the Series B Preferred Stock and will not require the vote or consent of the holders of the Series B Preferred Stock.

A Holding Company Transaction means the occurrence of (a) any transaction that results in a person or group (i) becoming the direct or indirect ultimate beneficial owner of common equity of Western Alliance representing more than 50% of the voting power of the outstanding shares of our common stock or (ii) being otherwise required to consolidate Western Alliance for GAAP purposes, or (b) any consolidation or merger of Western Alliance or similar transaction or any sale, lease or other transfer in one transaction or a series of related transactions of all or substantially all of our consolidated assets to any person other than one of our subsidiaries; *provided* that, in the case of either clause (a) or (b), Western Alliance or the acquiror is or becomes a bank holding company or savings and loan holding company.

Table of Contents

To the extent holders of the Series B Preferred Stock are entitled to vote, holders of shares of the Series B Preferred Stock will be entitled to one for each share then held.

The voting provisions described above will not apply if, at or prior to the time when the vote or consent of the holders of the Series B Preferred Stock would otherwise be required, all outstanding shares of the Series B Preferred Stock have been redeemed by us or called for redemption upon proper notice and sufficient funds have been deposited by us in trust for the redemption.

DESCRIPTION OF DEPOSITARY SHARES

Pursuant to a securities purchase agreement between us and Treasury, we have agreed, if requested by Treasury, to enter into a depositary arrangement pursuant to which the shares of Series B Preferred Stock may be deposited and depositary shares, each representing a fraction of a share of Series B Preferred Stock as specified by Treasury, may be issued. The Shares of Series B Preferred Stock would be held by a depositary (expected to be a bank or trust company) reasonably acceptable to Treasury. If we enter into such a depositary arrangement, the selling securityholders would be offering depositary shares, each representing a fraction of a share of Series B Preferred Stock, instead of actual whole shares of Series B Preferred Stock. The actual terms of any such depositary arrangement would be set forth in a deposit agreement to which we would be a party, which would be attached as an exhibit to a filing by us that would be incorporated by reference into this prospectus. See [Where You Can Find More Information](#).

SELLING SECURITYHOLDERS

The selling securityholders may include (i) Treasury, which acquired all of the shares of Series B Preferred Stock from us on September 27, 2011 in a private placement exempt from the registration requirements of the Securities Act of 1933, as amended, and (ii) any other person or persons holding shares of Series B Preferred Stock or depositary shares evidencing fractional interests in shares of Series B Preferred Stock to whom Treasury has transferred its registration rights under the terms of the securities purchase agreement between us and Treasury. Treasury is required to notify us in writing of any such transfer of its registration rights within ten days after the transfer, including the name and address of the transferee and the number and type of securities with respect to which the registration rights have been assigned. As of the date of this prospectus, Treasury has not notified us of any such transfer. Accordingly, we believe that Treasury currently holds record and beneficial ownership of 100% of the outstanding shares of the Series B Preferred Stock.

The securities to be offered under this prospectus for the account of the selling securityholders are 141,000 shares of Series B Preferred Stock, representing 100% of the shares of Series B Preferred Stock outstanding on the date of this prospectus, or, in the event Treasury requests that we deposit the shares of Series B Preferred Stock with a depositary in accordance with the securities purchase agreement between us and Treasury, depositary shares evidencing fractional share interests in such shares of Series B Preferred Stock.

For purposes of this prospectus, we have assumed that, after completion of the offering, none of the securities covered by this prospectus will be held by the selling securityholders.

We do not know when or in what amounts the selling securityholders may offer the securities for sale. The selling securityholders might not sell any or all of the securities offered by this prospectus. Because the selling securityholders may offer all or some of the securities pursuant to this offering, and because, to our knowledge, no sale of any of the securities is currently subject to any agreements, arrangements or understandings, we cannot estimate the number of the securities that will be held by the selling securityholders after completion of the offering.

The only potential selling securityholder whose identity we are currently aware of is Treasury. Other than with respect to Treasury's acquisition of the Series B Preferred Stock from us pursuant to the SBLF program and our prior participation in Treasury's TARP Capital Purchase Program, Treasury has not had a material relationship with us.

Information about the selling securityholders may change over time and changed information will be set forth in supplements to this prospectus if and when necessary.

PLAN OF DISTRIBUTION

The selling securityholders and their successors, including their transferees, may sell the securities directly to purchasers or through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, concessions or commissions from the selling securityholders or the purchasers of the securities. These discounts, concessions or commissions as to any particular underwriter, broker-dealer or agent may be in excess of those customary in the types of transactions involved.

The securities may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of sale, at varying prices determined at the time of sale or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions:

on any national securities exchange or quotation service on which the Series B Preferred Stock may be listed or quoted at the time of sale;

in the over-the-counter market;

in transactions otherwise than on these exchanges or services or in the over-the-counter market; or

through the writing of options, whether the options are listed on an options exchange or otherwise.

In addition, any securities that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus supplement.

In connection with sales of securities, the selling securityholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging in positions they assume. The selling securityholders may also sell securities short and if such short sale shall take place after the date that the registration statement of which this prospectus is a part is declared effective by the SEC, the selling securityholders may deliver securities covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling securityholders may also loan or pledge securities to broker-dealers that in turn may sell such shares. The selling securityholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling securityholders may pledge or grant a security interest in some or all of the securities owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the securities from time to time pursuant to this prospectus or any amendment or supplement to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act, amending, if necessary, the identification of selling securityholders to include the pledgee, transferee or other successors in interest as selling securityholders under this prospectus. The selling securityholders also may transfer and donate the securities in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The aggregate proceeds to the selling securityholders from the sale of the securities will be the purchase price of the securities less discounts and commissions, if any.

In effecting sales, broker-dealers or agents engaged by the selling securityholders may arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts or concessions from the selling securityholders in amounts to be negotiated immediately prior to the sale.

Table of Contents

In offering the securities covered by this prospectus supplement, the selling securityholders and any broker-dealers who execute sales for the selling securityholders may be deemed to be underwriters within the meaning of Section 2(a)(11) of the Securities Act in connection with such sales. Any profits realized by the selling securityholders and the compensation of any broker-dealer may be deemed to be underwriting discounts and commissions. Selling securityholders who are underwriters within the meaning of Section 2(a)(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act and may be subject to certain statutory and regulatory liabilities, including liabilities imposed pursuant to Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Securities Exchange Act of 1934, as amended, or the Exchange Act.

In order to comply with the securities laws of certain states, if applicable, the securities must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

The anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of securities pursuant to this prospectus and to the activities of the selling securityholders. In addition, we will make copies of this prospectus supplement available to the selling securityholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act, which may include delivery through the facilities of the New York Stock Exchange pursuant to Rule 153 under the Securities Act.

At the time a particular offer of securities is made, if required, a prospectus supplement will set forth the number and type of securities being offered and the terms of the offering, including the name of any underwriter, dealer or agent, the purchase price paid by any underwriter, any discount, commission and other item constituting compensation, any discount, commission or concession allowed or reallowed or paid to any dealer, and the proposed selling price to the public.

We do not intend to apply for listing of the Series B Preferred Stock on any securities exchange or for inclusion of the Series B Preferred Stock in any automated quotation system. No assurance can be given as to the liquidity of the trading market, if any, for the Series B Preferred Stock.

Pursuant to the securities purchase agreement between us and Treasury, we will pay substantially all expenses of the registration of the securities covered by this prospectus, including, without limitation, SEC filing fees and expenses of compliance with state securities or blue sky laws; *provided, however*, that a selling securityholder will pay all underwriting discounts and selling commissions, if any. We will indemnify the selling securityholders against liabilities, including some liabilities under the Securities Act, in accordance with the securities purchase agreement between us and Treasury, or the selling securityholders will be entitled to contribution. We have agreed under the securities purchase agreement between us and Treasury to cause such of our directors and senior executive officers to execute customary lock-up agreements in such form and for such time period up to 90 days as may be requested by a managing underwriter with respect to an underwritten offering of securities covered by this prospectus.

Item 15. Indemnification of Directors and Officers

Article V of Western Alliance's amended and restated articles of incorporation provides that, to the fullest extent permitted by applicable law as then in effect, no director or officer shall be personally liable to the company or any stockholder for damages for breach of fiduciary duty as a director or officer, except for (i) acts or omissions which involve intentional misconduct, fraud, or a knowing violation of law or (ii) the payment of dividends in violation of Nevada Revised Statutes § 78.300.

Article IV of Western Alliance's amended and restated bylaws provides for indemnification of its directors, officers, employees and other agents and advancement of expenses. As permitted by the Nevada Revised Statutes, Western Alliance's bylaws provide that the corporation will indemnify a director or officer if the individual acted in good faith in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The Nevada Revised Statutes do not permit indemnification as to any claim, issue or matter as to which such person has been adjudged by a court of competent jurisdiction to be liable to the corporation, or for amounts paid in settlement to the corporation, unless and only to the extent that the court in which the action or suit was brought determines upon application that in view of all of the circumstances of the case, the person is fairly and reasonably entitled to indemnity for such expenses as the court deems proper. In addition, Western Alliance's bylaws provide that indemnification shall not be made to or on behalf of any director or officer if a final adjudication establishes that his or her acts or omissions involved intentional misconduct, fraud, or a knowing violation of the law and were material to the cause of action.

Western Alliance has entered into indemnification agreements with certain of its directors and executive officers in addition to indemnification provided for in its bylaws. Western Alliance maintains, on behalf of its directors and officers, insurance protection against certain liabilities arising out of the discharge of their duties, as well as insurance covering Western Alliance for indemnification payments made to its directors and officers for certain liabilities. The premiums for such insurance are paid by Western Alliance.

deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in this registration statement;

Provided, however, that:

(1) Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415 (a)(1)(i), (vii) or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of a registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby further undertakes that, for the purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities

Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
