Forward Looking Statements and GAAP

Disclaimer

This

presentation

contains

forward-looking

statements,

including,

for

example,

statements

about

the

Company's business

strategy, its industry, its future profitability, growth in the Company's various markets, the strength of future activity levels,

and the Company's expectations, beliefs, plans, strategies, objectives, prospects and assumptions. These forward-looking

statements are not guarantees of future performance. These statements involve known and unknown risks, uncertainties

and

other

factors

that

may

cause

the

Company's
actual
results
and
performance
to
be
materially

results or performance expressed or implied by these forward-looking statements. For a discussion of key risk factors, please see the risk factors disclosed in the Company's registration statement on Form S-1 effective April 11, 2012, related to our common stock, and our Quarterly Statement on Form 10-Q for the quarter ended March 31, 2012, both of which are available on the SEC's website at www.sec.gov.

Undue reliance should not be placed on the Company's forward-looking statements. Although forward-looking statements reflect the Company's good faith beliefs, reliance should not be placed on forward-looking statements because they involve known and unknown risks, uncertainties and other factors, which may cause our actual results, performance or achievements to differ materially from anticipated future results, performance or achievements expressed or implied by such forward-looking statements. The Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events, changed circumstances or otherwise, except to the extent required by law.

Statement Regarding use of Non-GAAP Measures:

The Non-GAAP financial measures contained in this presentation (including, without limitation, EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin, Adjusted Gross Profit, Return on Net Assets (RONA) and variations thereof) are not measures of financial performance calculated in accordance with GAAP and should not be considered as alternatives to net income (loss) or any other performance measure derived in accordance with GAAP or as alternatives to cash flows from operating activities

as
a
measure
of
our
liquidity.
They
should
be
viewed
in

addition to, and not as a substitute for, analysis of our results reported in accordance with GAAP, or as alternative measures of liquidity. Management believes that certain non-GAAP financial measures provide a view to measures similar to those used in evaluating our compliance with certain financial covenants under our credit facilities and provide financial statement users meaningful comparisons between current and prior year period results. They are also used as a metric to determine certain components of performance-based compensation. The adjustments and Adjusted EBITDA are based on currently available information and certain adjustments that we believe are reasonable and are presented as an aid in understanding our operating results. They are not necessarily indicative of future results of operations that may be obtained by the Company.
