**ABOUT THIS PROSPECTUS**

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, which we refer to as the SEC, using a shelf registration process. Under this shelf registration process, we and/or selling securityholders may from time to time sell any combination of the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we and/or selling securityholders may offer. Each time we or any selling securityholder use this prospectus to sell securities, we will provide one or more prospectus supplements that will contain specific information about the terms of the offering. The prospectus supplement and/or any related free writing prospectus may also add, update or change information contained in this prospectus. You should read this prospectus, any accompanying prospectus supplement and any other offering material that we authorize, together with the additional information described under the heading **Where You Can Find More Information**.

You should rely only on the information contained or incorporated by reference in this prospectus, any accompanying prospectus supplement or in any related free writing prospectus that we file with the SEC. We have not authorized anyone to provide you with different information. This prospectus and the accompanying prospectus supplement do not constitute an offer to sell or the solicitation of an offer to buy any securities other than the securities described in the accompanying prospectus supplement or an offer to sell or the solicitation of an offer to buy such securities in any circumstances in which such offer or solicitation is unlawful.

You should assume that the information appearing in this prospectus, any prospectus supplement, the documents incorporated by reference and any related free writing prospectus is accurate only as of their respective dates. Our business, financial condition, results of operations and prospects may have changed materially since those dates.

Unless the context otherwise indicates, references in this prospectus to **we**, **our** and **us** refer, collectively, to Danaher Corporation, a Delaware corporation, and its consolidated subsidiaries.

**WHERE YOU CAN FIND MORE INFORMATION**

We file annual, quarterly and current reports, proxy statements and other information with the SEC. Our SEC filings are available to the public over the Internet at the SEC's website at <http://www.sec.gov>. Copies of certain information filed by us with the SEC are also available on our website at [www.danaher.com](http://www.danaher.com). Our website is not a part of this prospectus and is not incorporated by reference in this prospectus. You may also read and copy any document we file at the SEC's Public Reference Room, 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the operation of the Public Reference Room.

As noted above, this prospectus is part of a registration statement we filed with the SEC. This prospectus omits some information contained in the registration statement in accordance with SEC rules and regulations. You should review the information and exhibits in the registration statement for further information on us and our consolidated subsidiaries and the securities we are offering. Statements in this prospectus concerning any document we filed as an exhibit to the registration statement or that we otherwise filed with the SEC are not intended to be comprehensive and are qualified by reference to these filings. You should review the complete document to evaluate these statements.

**INCORPORATION BY REFERENCE**

The SEC allows us to incorporate by reference much of the information we file with the SEC, which means that we can disclose important information to you by referring you to those publicly available documents. The information that we incorporate by reference in this prospectus is considered to be part of this prospectus.

**Table of Contents**

Because we are incorporating by reference future filings with the SEC, this prospectus is continually updated and those future filings may modify or supersede some of the information included or incorporated in this prospectus. This means that you must look at all of the SEC filings that we incorporate by reference to determine if any of the statements in this prospectus or in any document previously incorporated by reference have been modified or superseded. This prospectus incorporates by reference the documents listed below (File No. 001-08089) and any future filings we make with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act ) (in each case, other than those documents or the portions of those documents not deemed to be filed) until the offering of the securities under the registration statement is terminated or completed:

Annual Report on Form 10-K for the fiscal year ended December 31, 2014, including the information specifically incorporated by reference into the Annual Report on Form 10-K from our definitive proxy statement for the 2015 Annual Meeting of Stockholders;

Quarterly Report on Form 10-Q for the fiscal quarter ended April 3, 2015; and

The description of our common stock contained in our Registration Statement on Form 8-B filed on November 3, 1986, including any amendments or reports filed for the purpose of updating such description. You may request a copy of these filings, at no cost, by writing or telephoning us at the following address or phone number:

**FORWARD-LOOKING STATEMENTS**

This prospectus, any applicable prospectus supplement and the information incorporated by reference in this prospectus and any applicable prospectus supplement include forward-looking statements within the meaning of the United States federal securities laws. All statements other than historical factual information are forward-looking statements, including without limitation statements regarding: projections of revenue, expenses, profit, profit margins, tax rates, tax provisions, cash flows, pension and benefit obligations and funding requirements, our liquidity position or other projected financial measures; management's plans and strategies for future operations, including statements relating to anticipated operating performance, cost reductions, restructuring activities, new product and service developments, competitive strengths or market position, acquisitions, divestitures, spin-offs, split-offs or other distributions, strategic opportunities, securities offerings, stock repurchases, dividends and executive compensation; growth, declines and other trends in markets we sell into; new or modified laws, regulations and accounting pronouncements; outstanding claims, legal proceedings, tax audits and assessments and other contingent liabilities; foreign currency exchange rates and fluctuations in those rates; general economic and capital markets conditions; the timing of any of the foregoing; assumptions underlying any of the foregoing; and any other statements that address events or developments that Danaher intends or believes will or may occur in the future. Terminology such as believe, anticipate, should, could, intend, plan, expect, estimate, project, target, may, possible, potential, positioned and similar references to future periods are intended to identify forward-looking statements, although not all forward-looking statements are accompanied by such words. Forward-looking statements are based on assumptions and assessments made by our management in light of their experience and perceptions of historical trends, current conditions, expected future developments and other factors they believe to be appropriate. These forward-looking statements are subject to a number of risks and uncertainties, including but not limited to the following:

Conditions in the global economy, the markets we serve and the financial markets may adversely affect our business and financial statements.

Our restructuring actions could have long-term adverse effects on our business.

Our growth could suffer if the markets into which we sell our products (including software) and services decline, do not grow as anticipated or experience cyclicalities.

We face intense competition and if we are unable to compete effectively, we may experience decreased demand and decreased market share. Even if we compete effectively, we may be required to reduce prices for our products and services.

Our growth depends in part on the timely development and commercialization, and customer acceptance, of new and enhanced products and services based on technological innovation.

Our reputation, ability to do business and financial statements may be impaired by improper conduct by any of our employees, agents or business partners.

Any inability to consummate acquisitions at our historical rate and at appropriate prices could negatively impact our growth rate and stock price.

Our acquisition of businesses, joint ventures and strategic relationships could negatively impact our financial statements.

The indemnification provisions of acquisition agreements by which we have acquired companies may not fully protect us and as a result we may face unexpected liabilities.

Divestitures and other dispositions could negatively impact our business, and contingent liabilities from businesses that we have sold could adversely affect our financial statements.

We are pursuing a plan to distribute ownership of our communications business to Danaher shareholders and merge the business into a subsidiary of NetScout Systems, Inc. in a tax-free transaction. The proposed transaction may not be completed on the currently contemplated timeline or at all and may not achieve the intended benefits.

**Table of Contents**

Certain of our businesses are subject to extensive regulation by the U.S. Food and Drug Administration ( FDA ) and by comparable agencies of other countries, as well as laws regulating fraud and abuse in the healthcare industry and the privacy and security of health information. Failure to comply with those regulations could adversely affect our reputation and financial statements.

The healthcare industry and related industries that we serve have undergone, and are in the process of undergoing, significant changes in an effort to reduce costs, which could adversely affect our financial statements.

Our operations, products and services expose us to the risk of environmental, health and safety liabilities, costs and violations that could adversely affect our reputation and financial statements.

Our businesses are subject to extensive regulation; failure to comply with those regulations could adversely affect our financial statements and reputation.

We may be required to recognize impairment charges for our goodwill and other intangible assets.

Foreign currency exchange rates may adversely affect our financial statements.

Changes in our tax rates or exposure to additional tax liabilities or assessments could affect our profitability. In addition, audits by tax authorities could result in additional tax payments for prior periods.

We are subject to a variety of litigation and other legal and regulatory proceedings in the course of our business that could adversely affect our financial statements.

If we do not or cannot adequately protect our intellectual property, or if third parties infringe our intellectual property rights, we may suffer competitive injury or expend significant resources enforcing our rights.

Third parties may claim that we are infringing or misappropriating their intellectual property rights and we could suffer significant litigation expenses, losses or licensing expenses or be prevented from selling products or services.

Defects and unanticipated use or inadequate disclosure with respect to our products (including software) or services could adversely affect our business, reputation and financial statements.

The manufacture of many of our products is a highly exacting and complex process, and if we directly or indirectly encounter problems manufacturing products, our reputation, business and financial statements

could suffer.

Our indebtedness may limit our operations and our use of our cash flow, and any failure to comply with the covenants that apply to our indebtedness could adversely affect our liquidity and financial statements.

Adverse changes in our relationships with, or the financial condition, performance, purchasing patterns or inventory levels of, key distributors and other channel partners could adversely affect our financial statements.

Our financial results are subject to fluctuations in the cost and availability of commodities that we use in our operations.

If we cannot adjust our manufacturing capacity or the purchases required for our manufacturing activities to reflect changes in market conditions and customer demand, our profitability may suffer. In addition, our reliance upon sole or limited sources of supply for certain materials, components and services could cause production interruptions, delays and inefficiencies.

Changes in governmental regulations may reduce demand for our products or services or increase our expenses.

Work stoppages, union and works council campaigns and other labor disputes could adversely impact our productivity and results of operations.

**Table of Contents**

International economic, political, legal, compliance and business factors could negatively affect our financial statements.

If we suffer loss to our facilities, supply chains, distribution systems or information technology systems due to catastrophe or other events, our operations could be seriously harmed.

A significant disruption in, or breach in security of, our information technology systems could adversely affect our business.

Our defined benefit pension plans are subject to financial market risks that could adversely affect our financial statements.

Forward-looking statements are not guarantees of future performance and actual results may differ materially from the results, developments and business decisions contemplated by our forward-looking statements. Accordingly, you should not place undue reliance on any such forward-looking statements. Forward-looking statements speak only as of the date of the report, document, press release, webcast, call, materials or other communication in which they are made. We do not assume any obligation to update or revise any forward-looking statement, whether as a result of new information, future events and developments or otherwise. See the risk factors included in our periodic reports filed with the Securities and Exchange Commission under the Exchange Act, and in any applicable prospectus supplement for a further discussion regarding some of the reasons that actual results may be materially different from those that we anticipate.

**DANAHER CORPORATION**

Danaher Corporation designs, manufactures and markets professional, medical, industrial and commercial products and services, which are typically characterized by strong brand names, innovative technology and major market positions. Our research and development, manufacturing, sales, distribution, service and administrative facilities are located in more than 50 countries. Our business consists of five segments: Test & Measurement; Environmental; Life Sciences & Diagnostics; Dental; and Industrial Technologies.

Danaher Corporation was incorporated in the State of Delaware in 1986, and our principal executive offices are located at 2200 Pennsylvania Avenue, N.W., Suite 800W, Washington, D.C. 20037-1701. Our telephone number is (202) 828-0850.

For additional information concerning Danaher, please see our most recent Annual Report on Form 10-K and our other filings with the SEC, which are incorporated by reference into this document. See [Where You Can Find More Information](#).

**Table of Contents****CONSOLIDATED RATIOS OF EARNINGS TO FIXED CHARGES**

The following table sets forth our consolidated ratio of earnings to fixed charges for each of the periods indicated. You should read this table in conjunction with the consolidated financial statements and notes incorporated by reference in this prospectus.

	<b>Fiscal Year Ended December 31</b>					<b>Quarter ended April 3, 2015</b>
	<b>2010</b>	<b>2011</b>	<b>2012</b>	<b>2013</b>	<b>2014</b>	<b>2015</b>
Consolidated Ratios of Earnings to Fixed Charges	15.5	16.0	17.6	22.6	25.6	22.1

For purposes of calculating the ratios above, earnings consist of (1) earnings from continuing operations before income taxes; plus (2) fixed charges. Fixed charges include (A) interest, whether expensed or capitalized, on all indebtedness, (B) amortization of premiums, discounts and capitalized expenses related to indebtedness, and (C) an interest component representing the estimated portion of rental expense that management believes is attributable to interest. Interest on FIN 48 liabilities is included in the tax provision in our consolidated condensed statement of earnings and is excluded from the computation of fixed charges.

**USE OF PROCEEDS**

We intend to use the net proceeds from the sale of any securities offered under this prospectus for general corporate purposes unless otherwise indicated in the applicable prospectus supplement. General corporate purposes may include the acquisition of companies or businesses, repayment and refinancing of debt, working capital, share repurchases, payment of dividends and capital expenditures. We have not determined the amount of net proceeds to be used specifically for such purposes. As a result, management will retain broad discretion over the allocation of net proceeds.

**DESCRIPTION OF DEBT SECURITIES**

This section describes the general terms and provisions of the debt securities that we may issue separately, upon exercise of a debt warrant, in connection with a purchase contract or as part of a unit from time to time in the form of one or more series of debt securities. The applicable prospectus supplement and/or free writing prospectus will describe the specific terms of the debt securities offered through that prospectus supplement as well as any general terms described in this section that will not apply to those debt securities. As used in this prospectus, debt securities means the senior and subordinated debentures, notes, bonds and other evidences of indebtedness that we issue and a trustee authenticates and delivers under the applicable indenture. As used in this Description of Debt Securities, the terms Danaher, we, our and us refer to Danaher Corporation and do not, unless the context otherwise indicates, include our subsidiaries.

Senior debt securities will be issued under an indenture dated December 11, 2007 between Danaher and The Bank of New York Mellon Trust Company, N.A., as trustee, that has been filed as an exhibit to the registration statement of which this prospectus is a part and is incorporated by reference into this prospectus, subject to such amendments or supplemental indentures as are adopted, from time to time, including the supplemental indentures dated as of December 11, 2007, March 5, 2009 and June 23, 2011. This indenture is referred to as the senior indenture. Subordinated debt securities will be issued under a separate indenture to be entered into by us and a trustee or trustees identified in the prospectus supplement, the form of which is included as an exhibit to the registration statement of which this prospectus is a part and is incorporated by reference into this prospectus. This indenture is referred to as the subordinated indenture. We refer to the indentures described above as the indentures or the indenture, as applicable. The following summaries of certain provisions of the indentures and the debt securities are not complete and the summaries are subject to the detailed provisions of the applicable indenture. You should refer to the applicable indenture for more specific information. In addition, you should consult the applicable prospectus supplement and/or free writing prospectus for particular terms of our debt securities.

The indentures will not limit the aggregate principal amount of debt securities that we may issue, and will permit us to issue securities from time to time in one or more series. The indentures do not contain any provisions that would limit our ability to incur indebtedness or that would afford holders of debt securities protection in the event of a highly leveraged or similar transaction involving us. However, the senior indenture does restrict us and our subsidiaries from granting certain security interests on certain of our or their property or assets unless the senior debt securities are equally secured. See Covenants in the Senior Indenture below.

The debt securities will be unsecured obligations of Danaher. We currently conduct substantially all of our operations through subsidiaries, and the holders of debt securities (whether senior or subordinated debt securities) will be effectively subordinated to the creditors of our subsidiaries. This means that creditors of our subsidiaries will have a claim to the assets of our subsidiaries that is superior to the claim of our creditors, including holders of our debt securities.

The applicable prospectus supplement and/or free writing prospectus will describe the following terms of any series of debt securities that we may offer:

the title and type of the debt securities;

whether the debt securities will be senior or subordinated debt securities, and, with respect to debt securities issued under the subordinated indenture, as applicable, that the subordination provisions of the indenture shall apply to the securities of that series or that any different subordination provisions, including different definitions of the terms senior indebtedness or existing subordinated indebtedness, shall apply to securities of that series;

any limit on the aggregate principal amount of the debt securities;

the person who will receive interest payments on any debt securities if other than the registered holder;

**Table of Contents**

the price or prices at which we will sell the debt securities;

the maturity date or dates of the debt securities;

the rate or rates, which may be fixed or variable, per annum at which the debt securities will bear interest and the date from which such interest will accrue;

the dates on which interest will be payable and the related record dates;

whether any index, formula or other method will determine payments of principal, premium or interest and the manner of determining the amount of such payments;

the place or places of payments on the debt securities;

whether the debt securities are redeemable;

any redemption dates, prices, obligations and restrictions on the debt securities;

any mandatory or optional sinking fund or purchase fund or analogous provisions;

the denominations of the debt securities if other than \$1,000 or multiples of \$1,000;

the currency of principal and interest payments if other than U.S. dollars, and the manner of determining the equivalent thereof in U.S. dollars for any purpose under the indenture;

if the principal of or any premium or interest on any debt securities of any series is payable, at our election or the election of the holder, in one or more currencies other than that in which such debt securities are stated to be payable, the currency or currencies in which such principal, premium or interest shall be payable and other terms and conditions regarding such payment;

the amount that we will pay the holder if the maturity of the debt securities is accelerated, if other than their principal amount;

the amount that will be deemed to be the principal amount of the debt securities as of a particular date before maturity if the principal amount payable at the stated maturity date will not be able to be determined on that

date;

the applicability of the legal defeasance and covenant defeasance provisions in the applicable indenture;

if the debt securities will be issued only in the form of one or more book-entry securities, the name of the depository or its nominee and the circumstances under which the book-entry security may be transferred or exchanged to someone other than the depository or its nominee;

any provisions granting special rights if certain events happen;

any deletions from, changes in or additions to the events of default or the covenants specified in the indenture, or to the right of the trustee or the requisite holders of such securities to declare the principal amount of such securities due and payable;

any trustees, authenticating or paying agents, transfer agents, registrars or other agents for the debt securities;

any conversion or exchange features of the debt securities;

whether we will issue the debt securities as original issue discount securities for federal income tax purposes;

any special tax implications of the debt securities;

the terms of payment upon acceleration; and

any other material terms of the debt securities not inconsistent with the provisions of the indenture.

## **Table of Contents**

Debt securities may bear interest at fixed or floating rates. We may issue our debt securities at an original issue discount, bearing no interest or bearing interest at a rate that, at the time of issuance, is below market rate, to be sold at a substantial discount below their stated principal amount. Generally speaking, if our debt securities are issued at an original issue discount and there is an event of default or acceleration of their maturity, holders will receive an amount less than the stated principal amount of the debt securities. Tax and other special considerations applicable to any series of debt securities, including original issue discount securities, will be described in the prospectus supplement in which we offer those debt securities.

We will have the ability under the indenture to reopen a previously issued series of debt securities and issue additional debt securities of that series or establish additional terms of the series. We are also permitted to issue debt securities with the same terms as previously issued debt securities.

We will comply with Section 14(e) under the Exchange Act and any other tender offer rules under the Exchange Act that may then apply to any obligation we may have to purchase debt securities at the option of the holders. Any such obligation applicable to a series of debt securities will be described in the related prospectus supplement.

## **Payment and Paying Agents**

Unless the applicable prospectus supplement indicates otherwise, payment of interest on a debt security (other than a bearer debt security) on any interest payment date will be made to the person in whose name such debt security is registered at the close of business on the regular record date for such interest payment.

Generally, we will pay the principal of, premium, if any, and interest on our registered debt securities either at the office of the paying agent designated by us in the applicable prospectus supplement or, if we elect, we may pay interest by mailing a check to your address as it appears on our register or by wire transfer to an account maintained by the person entitled thereto as specified in the securities register. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that we will be required to maintain a paying agent in each place of payment for the debt securities of a particular series.

All moneys paid by us to a paying agent or the trustee, or held, for the payment of the principal of or any premium or interest on any debt security which remain unclaimed at the end of two years after such principal, premium or interest has become due and payable will be repaid to us, or discharged from trust, and the holder of such debt security shall thereafter, as an unsecured general creditor, look only to us for payment thereof, subject to applicable escheat laws.

## **Senior Debt Securities**

Senior debt securities will be issued under the senior indenture. Payment of the principal of, premium, if any, and interest on senior debt securities will rank equally with all of our other unsecured and unsubordinated debt.

## **Subordinated Debt Securities**

Subordinated debt securities will be issued under the subordinated indenture. Subordinated debt securities of a particular series will be subordinate in right of payment, to the extent and in the manner set forth in the subordinated indenture and the prospectus supplement relating to those subordinated debt securities, to the prior payment of all of our indebtedness that is designated as senior indebtedness with respect to that series. The definition of senior indebtedness will include, among other things, senior debt securities and will be specifically set forth in that prospectus supplement.

## **Table of Contents**

Upon any payment or distribution of our assets to creditors or upon our total or partial liquidation or dissolution or in a bankruptcy, receivership, or similar proceeding relating to us or our property, holders of senior indebtedness will be entitled to receive payment in full of the senior indebtedness before holders of subordinated debt securities will be entitled to receive any payment with respect to the subordinated debt securities and, until the senior indebtedness is paid in full, any distribution to which holders of subordinated debt securities would otherwise be entitled (other than securities of Danaher or any other corporation provided for by a plan of reorganization or readjustment the payment of which is subordinate, at the least to the extent provided pursuant to these subordination provisions, to the payment of all senior indebtedness then outstanding and to any securities issued in respect thereof under any such plan of reorganization or readjustment) will be made to the holders of senior indebtedness, all as described in the applicable prospectus supplement. In the event of any such proceeding, after payment in full of all sums owing with respect to senior indebtedness, the holders of subordinated debt securities, together with the holders of any of our obligations ranking in parity with the subordinated debt securities, will be entitled to be paid from our remaining assets the amounts then due and owing with respect to such subordinated debt securities and other obligations, before any payments or distributions will be made on account of any of our capital stock or other obligations ranking junior to such subordinated debt securities and other obligations.

If we default in the payment of any principal of, premium, if any, or interest on any senior indebtedness, whether at maturity or at a date fixed for prepayment or by declaration of acceleration or otherwise, then, upon written notice of such default to us by the holders of senior indebtedness or any trustee therefor, unless and until such default shall have been cured or waived or shall have ceased to exist, no direct or indirect payment shall be made or agreed to be made on account of the principal, premium, if any, or interest on any of the subordinated debt securities, or in respect of any redemption, repayment, retirement, purchase or other acquisition of any of the subordinated debt securities.

By reason of this subordination, in the event of insolvency, our creditors who are holders of senior indebtedness or holders of any indebtedness or preferred stock of our subsidiaries, as well as certain of our general creditors, may recover more, ratably, than the holders of the subordinated debt securities.

## **Events of Default**

Except as may be provided otherwise in a prospectus supplement, any of the following events will constitute an event of default for a series of debt securities under the indenture:

failure to pay interest on our debt securities of that series for thirty days past the applicable due date;

failure to pay principal of, or premium, if any, on our debt securities of that series when due (whether at maturity, upon acceleration or otherwise);

failure to deposit any sinking fund payment on debt securities of that series when due;

failure to perform, or breach of, any other covenant, agreement or warranty for the benefit of the holders of the debt securities in the indenture, other than a covenant, agreement or warranty a default in whose performance or breach is dealt with elsewhere in the indenture, or which is included in the indenture solely for the benefit of a different series of our debt securities, which continues for 90 days after written notice

from the trustee or holders of 25% of the outstanding principal amount of the debt securities of that series as provided in the indenture;

specified events relating to our bankruptcy, insolvency or reorganization; and

any other event of default with respect to debt securities of that series established pursuant to the applicable supplemental indenture.

An event of default with respect to one series of debt securities is not necessarily an event of default for another series.

**Table of Contents**

If there is an event of default with respect to a series of our debt securities, which continues for the requisite amount of time, either the trustee or holders of at least 25% of the aggregate principal amount outstanding of that series may declare the principal amount of all of the debt securities of that series to be due and payable immediately, except that if an event of default occurs due to bankruptcy, insolvency or reorganization as provided in the applicable indenture, then the principal of and interest on the debt securities shall become due and payable immediately without any act by the trustee or any holder of debt securities. If the securities were issued at an original issue discount, less than the stated principal amount may become payable. However, at any time after an acceleration with respect to debt securities of any series has occurred, but before a judgment or decree based on such acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under certain circumstances, rescind and annul such acceleration.

The holders of a majority in aggregate principal amount of the outstanding debt securities of a series may, on behalf of the holders of all debt securities of that series, waive any past default or event of default and its consequences for that series, except (1) a default in the payment of the principal, premium, or interest with respect to those debt securities or (2) a default with respect to a provision of the applicable indenture that cannot be amended without the consent of each holder affected by the amendment. In case of a waiver of a default, that default shall cease to exist, and any event of default arising from that default shall be deemed to have been cured for all purposes. The holders of a majority in aggregate principal amount outstanding of the debt securities of any series may also, on behalf of the holders of all debt securities of that series, waive, with respect to that series, our compliance with certain restrictive covenants in the applicable indenture.

If any event which is, or after notice or lapse of time or both would become, an event of default (collectively referred to in this paragraph as a default) occurs and is continuing with respect to debt securities of a particular series and if it is known to any specified responsible officer of the trustee, the trustee will mail to each holder of such debt securities notice of such default within 90 days after it occurs or, if later, after the trustee obtains knowledge of such default. Except in the case of default in the payment of principal, premium, or interest with respect to the debt securities of that series or in the making of any sinking fund payment with respect to the debt securities of that series, the trustee may withhold such notice if and so long as the corporate trust committee or a committee of specified responsible officers of the trustee in good faith determines that withholding the notice is in the interests of the holders of such debt securities.

A holder may institute a suit against us for enforcement of such holder's rights under the applicable indenture, for the appointment of a receiver or trustee, or for any other remedy only if the following conditions are satisfied:

the holder gives the trustee written notice of a continuing event of default with respect to a series of our debt securities held by that holder;

holders of at least 25% of the aggregate principal amount of the outstanding debt securities of that series make a request, in writing, and offer reasonable indemnity, to the trustee for the trustee to institute the requested proceeding;

the trustee does not receive direction contrary to the holder's request from holders of a majority in aggregate principal amount of the outstanding debt securities of that series within 60 days following such notice, request and offer of indemnity under the terms of the applicable indenture; and

the trustee does not institute the requested proceeding within 60 days following such notice. The indentures will require us to annually deliver to the trustee a statement as to performance of our obligations under the indentures and as to any defaults.

A default in the payment of any of our debt securities, or a default with respect to our debt securities that causes them to be accelerated, may give rise to a cross-default under our other indebtedness.

### **Satisfaction and Discharge of the Indentures**

An indenture will generally cease to be of any further effect with respect to a series of debt securities if:

we have delivered to the applicable trustee for cancellation all debt securities of that series (with certain limited exceptions); or

all debt securities of that series not previously delivered to the trustee for cancellation have become due and payable, will become due and payable within one year, or are to be called for redemption within one year under arrangements satisfactory to the trustee, and in any such case we have deposited with the trustee as trust funds the entire amount sufficient to pay at maturity or upon redemption all of the principal, premium and interest due with respect to those debt securities;

and if, in either case, we also pay or cause to be paid all other sums payable under the applicable indenture by us and deliver to the trustee an officer's certificate and opinion of counsel stating that all conditions precedent to the satisfaction and discharge of the indenture have been complied with.

### **Legal Defeasance And Covenant Defeasance**

Any series of our debt securities will be subject to the defeasance and discharge provisions of the applicable indenture unless otherwise specified in the applicable prospectus supplement. If those provisions are applicable, we may elect either:

legal defeasance, which will permit us to defease and be discharged from, subject to limitations, all of our obligations with respect to those debt securities, including any subordination provisions; or

covenant defeasance, which will permit us to be released from our obligations to comply with certain covenants relating to those debt securities as described in the applicable prospectus supplement, which may include obligations concerning subordination of our subordinated debt securities.

If we exercise our legal defeasance option with respect to a series of debt securities, payment of those debt securities may not be accelerated because of an event of default. If we exercise our covenant defeasance option with respect to a series of debt securities, payment of those debt securities may not be accelerated because of an event of default related to the specified covenants.

Unless otherwise provided in the applicable prospectus supplement, we may invoke legal defeasance or covenant defeasance with respect to any series of our debt securities only if:

with respect to debt securities denominated in U.S. dollars, we irrevocably deposit with the trustee, in trust, an amount in U.S. dollars, U.S. government obligations (taking into account payment of principal and interest thereon in accordance with their terms) or a combination thereof which will provide money in an amount sufficient to pay, when due upon maturity or redemption, as the case may be, the principal of,

premium, if any, and interest on those debt securities;

with respect to debt securities denominated in a currency other than U.S. dollars, we irrevocably deposit with the trustee, in trust, an amount in such currency, obligations of the foreign government that issued such currency (taking into account payment of principal, premium and interest thereon in accordance with their terms) or a combination thereof which will provide money in an amount sufficient to pay, when due upon maturity or redemption, as the case may be, the principal of, premium, if any, and interest on those debt securities;

we deliver to the trustee a certificate from a nationally recognized firm of independent accountants expressing their opinion that the payments of principal, premium and interest when due on the deposited U.S. government obligations or foreign government obligations, as applicable, plus any deposited money will provide cash at such times and in such amounts as will be sufficient to pay the principal, premium, and interest when due with respect to all the debt securities of that series to maturity or redemption, as the case may be;

**Table of Contents**

no event which is, or after notice or lapse of time would become, an event of default under the indenture shall have occurred and be continuing at the time of such deposit or, with regard to any default relating to our bankruptcy, insolvency or reorganization, at any time on or prior to the 90th day after such deposit;

the deposit does not cause the trustee to have a conflicting interest within the meaning of the Trust Indenture Act (assuming all securities under the indenture are in default within the meaning of such Act);

the deposit is not a default under any other agreement binding on us;

such deposit will not result in the trust arising from such deposit constituting an investment company under the Investment Company Act of 1940, as amended, unless such trust is registered under, or exempt from, such Act;

we deliver to the trustee an opinion of counsel addressing certain federal income tax matters relating to the defeasance;

if the securities are to be redeemed prior to the stated maturity (other than from mandatory sinking fund payments or analogous payments), notice of such redemption shall have been duly given or provision for such notice satisfactory to the trustee shall have been made;

with respect to any series of subordinated debt securities, at the time of such deposit, (1) no default in the payment of principal, premium or interest with respect to any senior indebtedness shall have occurred and be continuing, (2) no event of default shall have resulted in any senior indebtedness becoming, and continuing to be, due and payable prior to the date it would otherwise have become due and payable (unless payment of such senior indebtedness has been provided for), and (3) no other event of default shall have occurred and be continuing which permits the holders thereof to declare such indebtedness due and payable prior to the date it would otherwise have become due and payable; and

we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance and discharge of the debt securities of that series as contemplated by the applicable indenture have been complied with.

**Modification and Waiver**

We and the trustee may enter into supplemental indentures for the purpose of modifying or amending an indenture with the consent of holders of at least a majority in aggregate principal amount of each series of our outstanding debt securities affected. However, unless otherwise provided in the applicable prospectus supplement, the consent of all of the holders of our debt securities that are affected thereby is required for any of the following modifications or amendments:

to reduce the percentage in principal amount of debt securities of any series whose holders must consent to a supplemental indenture, or consent to any waiver of compliance with certain provisions of the indenture, or consent to certain defaults under the indenture, in each case as provided for in the indenture;

to reduce the rate of, or change the stated maturity of any installment of, interest on any debt security;

to reduce the principal of or change the stated maturity of principal of, or any installment of principal of or interest on, any debt security or reduce the amount of principal of any original issue discount security that would be due and payable upon declaration of acceleration of maturity;

to reduce the premium payable upon the redemption of any debt security;

to make any debt security, or any premium or interest thereon, payable in a currency other than that stated in that debt security;
