**GENERAL INFORMATION**

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board of Directors, or the Board) of Repligen Corporation (Repligen, or the Company), for use at the Annual Meeting of Stockholders, or the Annual Meeting, to be held on Wednesday, May 11, 2016 at the time and place set forth in the Notice of Annual Meeting, and at any adjournment or postponement thereof.

Repligen's Annual Report to Stockholders, containing financial statements for the fiscal year ended December 31, 2015, is being provided together with this proxy statement to all stockholders entitled to vote at the Annual Meeting. It is anticipated that this proxy statement and the accompanying proxy will be first sent or given to stockholders on or about April 11, 2016.

**Voting**

Stockholders may vote in person or by proxy by completing, signing, dating and returning the accompanying proxy card or by voting by telephone or via the Internet in accordance with the instructions listed on the proxy card. Execution of a proxy card will not in any way affect a stockholder's right to attend the Annual Meeting and vote in person.

Any proxy given pursuant to this solicitation may be revoked by the person giving it any time before the taking of the vote at the Annual Meeting. Proxies may be revoked by: (1) giving written notice of revocation to the Secretary of Repligen at any time before the taking of the vote at the Annual Meeting; (2) duly executing a later-dated proxy card relating to the same shares and delivering it to the Secretary of Repligen or by telephone or the Internet, in accordance with the instructions listed on the proxy card, before the taking of the vote at the Annual Meeting; or (3) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). For those stockholders who submit a proxy by telephone or the Internet, the date on which the proxy is submitted in accordance with the instructions listed on the proxy card is the date of the proxy. Any written notice of revocation or subsequent proxy should be sent so as to be delivered to Repligen Corporation, Attention: Secretary, 41 Seyon Street, Building #1, Suite 100, Waltham, Massachusetts 02453, at or before the taking of the vote at the Annual Meeting.

Each of the persons named as attorneys-in-fact on the proxy cards is a director, officer and/or employee of Repligen. All properly executed proxy cards returned in time to be counted at the Annual Meeting will be voted as stated below under the heading Voting Procedures. Any stockholder submitting a proxy has the right to withhold authority to vote for any individual nominee to the Board of Directors by writing that nominee's number on the space provided on the proxy card, checking the box next to the name of such individual if voting by proxy via the Internet or, if using the telephone to vote by proxy, by following the verbal instructions for entering the two digit number appearing on the proxy card immediately before the name of such individual. Where a choice has been specified on the proxy with respect to a matter, the shares represented by the proxy will be voted in accordance with the specifications. Where no specification is indicated on the proxy card with respect to a matter, the shares represented by the proxy card will be voted FOR proposals 1, 2 and 3, as permitted by applicable regulations and by Repligen's corporate documents.

Other than (i) the election of directors, (ii) the ratification of Ernst & Young LLP and (iii) the advisory vote regarding the compensation of our named executive officers, the Board knows of no other matters to be presented at the Annual Meeting. If any other matter should be properly presented at the Annual Meeting upon which a vote may be taken, shares represented by all proxies received by the Board will be voted with respect thereto in accordance with the judgment of the persons named as attorneys-in-fact in the proxies.

### **Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting to be Held on May 11, 2016**

**The Company's Annual Report for the Fiscal Year Ended December 31, 2015 and this Proxy Statement will be available at [www.proxyvote.com](http://www.proxyvote.com).**

### **Voting Procedures**

The representation, in person or by proxy, of at least a majority of the outstanding shares of Repligen Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business. Shares represented by proxies pursuant to which votes have been withheld from any nominee for director, or which contain one or more abstentions or broker non-votes, are counted as present or represented for purposes of determining the presence or absence of a quorum for the Annual Meeting. A non-vote occurs when a broker or other nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker does not have discretionary voting power and has not received instructions from the beneficial owner.

*Election of Directors.* Directors are elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting. The seven nominees who receive the highest number of affirmative votes of the shares present or represented and voting on the election of directors at the Annual Meeting will be elected to the Board. Shares present or represented and not so marked as to withhold authority to vote for a particular nominee will be voted in favor of a particular nominee and will be counted toward such nominee's achievement of a plurality. Shares present at the Annual Meeting or represented by proxy where the stockholder properly withholds authority to vote for such nominee in accordance with the proxy instructions and broker non-votes will not be counted toward such nominee's achievement of plurality and will have no effect on the election of nominees.

*Ratification of Independent Accountants.* For the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2016, an affirmative vote of a majority of the shares present, in person or represented by proxy, and voting on such matter is required for approval. Abstentions are included in the number of shares present or represented and voting but are not considered votes cast on the matter. Shares subject to broker non-votes are considered to be not entitled to vote for this particular matter and have the practical effect of reducing the number of affirmative votes required to achieve a majority by reducing the total number of shares from which the majority is calculated.

*Advisory Vote on the Compensation of our Named Executive Officers.* For the advisory vote on the compensation of our named executive officers, the affirmative vote of the majority of shares present, in person or represented by proxy, and voting on that matter is required for approval. Abstentions are included in the number of shares present or represented and voting but are not considered votes cast on the matter. Shares subject to broker non-votes are considered to be not entitled to vote for the particular matter and have the practical effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated.

*Other Matters.* The Board knows of no other matters to be presented at the Annual Meeting. If any other matter should be properly presented at the Annual Meeting upon which a vote may be taken, the persons named on the enclosed proxy card will have discretionary authority to vote the shares represented by such proxies in accordance with their best judgment.

### **Solicitation of Proxies**

The cost of solicitation will be borne by Repligen and, in addition to directly soliciting stockholders by mail, Repligen may request banks and brokers to solicit their customers who have stock of Repligen registered in the name of the nominee and, if so, will reimburse such banks and brokers for their reasonable out-of-pocket costs.

**Table of Contents**

Solicitation by officers and employees of Repligen may also be made of some stockholders in person or by mail or telephone following the original solicitation. Repligen may, if appropriate, retain any independent proxy solicitation firm to assist Repligen in soliciting proxies. If Repligen does retain a proxy solicitation firm, Repligen would pay such firm's customary fees and expenses.

**Record Date and Voting Securities**

Only stockholders of record as of March 31, 2016, or the Record Date, are entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof. As of the Record Date, the Company had 33,097,903 shares of common stock with a par value of \$0.01, or the Common Stock, outstanding and entitled to vote. Each outstanding share of Common Stock entitles the record holder to one vote.

### **CORPORATE GOVERNANCE AND BOARD MATTERS**

#### **Independence of Members of the Board of Directors**

The Board of Directors has determined that each of the directors who has served during the fiscal year ended December 31, 2015 and each of the nominees for director at the Annual Meeting, with the exception of Mr. Hunt, has no material relationship with the Company and is independent within the meaning of the director independence standards of The NASDAQ Stock Market LLC, or NASDAQ. Furthermore, the Board of Directors has determined that each member of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee of the Board of Directors is independent within the meaning of NASDAQ's director independence standards and that each member of the Audit Committee meets the heightened director independence standards of the SEC for audit committee members.

#### **Board Leadership Structure**

The Board is led by its Chairperson, Karen Dawes, who is an independent director. Ms. Dawes was appointed as Co-Chairperson in July 2011 and became the Chairperson in December 2011. The Board of Directors believes that separating the roles of Chief Executive Officer and Chairperson of the Board is the most appropriate structure for the Company at this time. Having an independent Chairperson ensures that the Chief Executive Officer is accountable for managing the Company in the best interests of stockholders while, at the same time, acknowledging that managing the Board of Directors is a separate and time intensive responsibility. The Board of Directors also believes that having an independent Chairperson can serve to curb conflicts of interests, promote oversight of risk and manage the relationship between the Board of Directors and the Chief Executive Officer.

#### **Executive Sessions**

The Board of Directors intends to hold executive sessions of the independent directors at least two times per year preceding or following regularly scheduled in-person meetings of the Board of Directors. Executive sessions do not include any employee directors of the Company, and the Chairperson of the Board is responsible for chairing the executive sessions.

#### **Policies Governing Director Nominations**

##### *Director Qualifications*

The Nominating and Corporate Governance Committee is responsible for reviewing, from time to time, the appropriate qualities, skills and characteristics desired of Board members in the context of the current make-up of the Board of Directors and selecting or recommending nominees for election as Directors to the Board. This assessment includes consideration of the following minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by all directors:

Directors must be of high ethical character, have no conflict of interest and share the values of the Company as reflected in the Company's Code of Business Conduct and Ethics, or the Code of Business Conduct;

Directors must have reputations, both personal and professional, consistent with the image and reputation of the Company;

Directors must have the ability to exercise sound business judgment;

Directors must have substantial business or professional experience and be able to offer advice and guidance to the Company's management based on that experience; and

A director must have (at a minimum) a bachelor's degree or equivalent degree from an accredited college or university.

## **Table of Contents**

The Nominating and Corporate Governance Committee also considers numerous other qualities, skills and characteristics when evaluating director nominees, such as:

An understanding of and experience in biotechnology and pharmaceutical industries;

An understanding of and experience in accounting oversight and governance, finance and marketing; and

Leadership experience with public companies or other significant organizations.

These factors and others are considered useful by the Board and are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time.

Neither the Nominating and Corporate Governance Committee nor the Board of Directors has a specific policy with regard to the consideration of diversity in identifying director nominees although they may consider the diversity of background and experience of a director nominee in the context of the overall composition of the Board of Directors at that time. This consideration may focus on diversity of knowledge, skills, experience, geographic location, age, gender, and ethnicity. Generally, the Nominating and Corporate Governance Committee seeks director nominees with the talents and backgrounds that provide the Board of Directors with an appropriate mix of experience, knowledge and skills that will best serve the Company's needs and objectives.

### *Process for Identifying and Evaluating Director Nominees*

The Board of Directors is responsible for selecting and nominating nominees for election as directors but delegates the selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board of Directors or members of management will be requested to take part in the process as appropriate.

Generally, the Nominating and Corporate Governance Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisers, through the recommendations submitted by stockholders or through such other methods as the Nominating and Corporate Governance Committee deems to be helpful in identifying candidates. Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee may gather information about the candidates through interviews, questionnaires, background checks, or any other means that the Nominating and Corporate Governance Committee deems to be helpful in the evaluation process. The Nominating and Corporate Governance Committee meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board of Directors. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board's approval as director nominees for election to the Board of Directors. The Nominating and Corporate Governance Committee also recommends candidates for the Board of Directors' appointment to the committees of the Board of Directors.

### *Procedures for Recommendation of Nominees by Stockholders*

The Nominating and Corporate Governance Committee will consider director candidates who are recommended by the stockholders of the Company. Stockholders, in submitting recommendations to the Nominating and Corporate Governance Committee for director candidates, shall follow the following procedures:

**COMPENSATION DISCUSSION AND ANALYSIS**

**Year in Review**

We achieved strong results in the fiscal year ended December 31, 2015, both in terms of our financial performance and in the achievement of certain key strategic objectives for the Company. Among the Company's accomplishments in the fiscal year ended December 31, 2015 were the following:

The Company's bioprocessing product revenue increased to \$83.5 million, a gain of 38% over the prior year. Sales growth was driven by strong market adoption of our ATF filtration products, continued growth of our expanded OPUS line of chromatography columns, and robust demand for Protein A affinity ligand and growth factor products.

The Company's product gross margins increased to 57.8% for 2015, compared to 53.6% in 2014. Margin improvements were primarily driven by increased capacity utilization and improved manufacturing yields.

The Company continued to build a strong internal foundation for growth, by expanding its global commercial infrastructure, enabling it to more effectively sell its proprietary products directly to end users worldwide, and to support new product launches.

The Company continues to build the Repligen brand and improve its customer interface through technical road shows, expansion of technical support and service capabilities and development of the new Repligen website with a renewed emphasis on bioprocessing applications, technology innovation and a more intuitive approach to understanding the value proposition of our products.

The Company invested in operational infrastructure in order to meet increased demand for our products and to be prepared to efficiently integrate new potential acquisitions. We expanded our senior operations team and installed robust systems and business processes to support expected organic and acquisition related growth.

The price of the Company's common stock increased by 40.7% for the fiscal year ended December 31, 2015, compared to a decrease of -5.2% for the Russell 2000 Index during the same period.

**Compensation Philosophy**

The Company's compensation philosophy is based on a desire to motivate its executive officers to enhance stockholder value, to provide a fair reward for this effort and to stimulate its executive officers' professional and personal growth. The Company believes that the compensation of its executive officers should align the executive officers' interests with those of the stockholders and focus executive officer behavior on the achievement of near-term corporate goals, as well as long-term business objectives and strategies.

It is the responsibility of the Compensation Committee of the Board to administer the Company's compensation programs to ensure that they are competitive with other bioprocessing, healthcare supply and biotechnology companies and to include incentives that are designed to appropriately drive the Company's continued development. The Compensation Committee reviews and approves all components of the Company's executive officer compensation, including base salaries, annual cash incentive compensation and equity incentive compensation. The Compensation Committee recommends to the full Board for approval new equity-based plans and any material amendments thereto (including increases in the number of shares of Common Stock available for issuance thereunder) for which stockholder approval is required or desirable.

**Objectives of the Compensation Programs**

The Company's compensation programs for its executive officers are designed to provide the following:

Edgar Filing: REPLIGEN CORP - Form DEF 14A

annual cash and incentive compensation that motivates the executive officers to manage the business to meet the Company's short- and long-term objectives;

## **Table of Contents**

equity incentive compensation to ensure that its executive officers are motivated over the long-term to respond to the Company's business challenges and opportunities as owners and not just as employees, thereby aligning the executive officers' interests with those of stockholders; and

salaries that are competitive with other bioprocessing, healthcare supply and biotechnology companies with which the Company competes for talent, determined by comparing the Company's pay practices with these companies.

### **Compensation Evaluation Processes**

The Company's executive officer compensation consists of three primary components: base salary, annual cash incentive compensation and equity incentive compensation. Each of these components is intended to complement the other, and taken together, to satisfy the Company's compensation objectives. The Compensation Committee considers a number of factors in setting compensation for its executive officers, including Company performance, as well as the executive's performance, experience, responsibilities and the compensation of executive officers in similar positions in our peer group of companies.

In evaluating our executive compensation programs for the fiscal year ended December 31, 2015, the Compensation Committee considered the stockholder advisory vote on our executive compensation, or the say-on-pay vote, for the fiscal year ended December 31, 2014, which was approved by over 95% of the votes cast. The Compensation Committee believes that the stockholders, through this advisory vote, endorsed the compensation philosophies of our Company and, thus, the Compensation Committee maintained the basic structure and design of our executive compensation programs for fiscal year 2015 with an increased emphasis on awards of equity incentives to align the executive officers' financial interest with long-term stockholder value. The Compensation Committee intends to continue to align executive compensation programs with the interests of our stockholders and current market practice, including a continued emphasis on pay for performance. We will hold a say-on-pay vote on an annual basis until the next vote on the frequency of such stockholder advisory votes, which will occur no later than our 2017 Annual Meeting of Stockholders.

In establishing compensation levels for each executive officer, the Compensation Committee has the authority to engage the services of outside experts to assist it. Our finance and human resources departments support the Compensation Committee in its work and act in accordance with the direction given to them to administer our compensation programs. In addition, in the fiscal year ended December 31, 2015, the Compensation Committee retained Meridian Compensation Partners, LLC, or Meridian, an independent compensation consulting firm, to assist in assessing the competitiveness and effectiveness of the Company's executive compensation programs. The Compensation Committee has assessed any potential conflicts of interest raised by the work of Meridian, our compensation consultant, and has determined that no such conflict of interest exists.

During the fiscal year ended December 31, 2015, the Compensation Committee held meetings with management and representatives of Meridian to:

review our compensation objectives;

review the actual compensation of our executive officers for consistency with our objectives;

analyze trends in executive compensation;

assess our variable cash compensation structure, as well as incentive plan components and mechanics, to ensure an appropriate correlation between pay and performance with resulting compensation opportunities that balance returns to the Company and its stockholders;

assess our equity-based awards programs against our objectives of executive incentive, retention and alignment with stockholder interests;

review our peer group and consider appropriate changes related to the realignment of our business;

benchmark our executive cash compensation and equity-based awards programs, and assess our pay versus performance against our peer group; and

review recommendations for fiscal year 2016 compensation for appropriateness relative to our compensation objectives.

In January 2016, Meridian provided the Compensation Committee with an analysis of base salary, target bonus, target total cash, long-term incentives value and design and target total compensation for employees, and cash and equity compensation for non-employee directors, of comparable companies in the biotechnology and health care supplies industries. In performing this analysis, Meridian used a peer group of 13 biotechnology and health care supply companies, which was reviewed and approved by the Compensation Committee and unchanged from the prior year peer group. The companies included in the peer group had revenues with a median of \$116.0 million, as compared to the Company's total revenue of \$83.5 million in fiscal year 2015. The peer group used in the report presented for consideration of compensation decisions and approved by the Compensation Committee consisted of the following companies:

Affymetrix, Inc.	Halozyme Therapeutics, Inc.	Pacific Biosciences of Calif.
AMAG Pharmaceuticals, Inc.	Harvard Bioscience, Inc.	Sequenom, Inc.
Anika Therapeutics, Inc.	Luminex Corp.	Vascular Solutions, Inc.
Dyax Corp.	Meridian Bioscience, Inc.	
Fluidigm Corp.	Merrimack Pharmaceuticals, Inc.	

As summarized below, Meridian's review of peer companies revealed that the Company's base salaries and target bonus percentages and, in the aggregate, its long term incentives, were largely below the 50<sup>th</sup> percentile of peer group companies for the fiscal year ended December 31, 2015.

### *Long-Term Incentives as Compared to Peer Group*

Historically, the Compensation Committee made periodic grants of stock options with time-based vesting to align the executive officers financial interest with those of stockholders. However, such grants were not made every year. Based on Meridian's review of our peer group, the majority of companies in the peer group made long term incentive awards to executive officers on an annual basis. The Compensation Committee believes that equity incentives, in the form of stock options, restricted stock units and restricted stock awards, subject to vesting over time or upon achievement of performance objectives, can be an effective vehicle for the long-term element of compensation, as these awards align individual and team performance with the achievement of the Company's strategic and financial goals over time, and with stockholders interests. Stock options, which have exercise prices equal to at least fair market value of the Company's stock on the date of grant, reward executive officers only if the stock price increases from the date of grant. Restricted stock units and restricted stock awards are impacted by all stock price changes, so the value to the executive officers is affected by both increases and decreases in stock price from the market price at the date of grant. The Compensation Committee granted stock options subject to time-based vesting over four years to its named executive officers in February 2013. In February 2014, February 2015 and February 2016, the Compensation Committee, based on Meridian's review of peer group data, which showed that our aggregate long term incentives were below the 50<sup>th</sup> percentile of peer group companies, granted stock options and restricted stock units subject to time-based vesting over three years to its named executive officers. The size of these grants were based on long-term incentive levels for each of the executive officers that are a function of total cash compensation (base salary plus annual cash incentive compensation), as described in further detail under the section Objectives for the Fiscal Year Ending December 31, 2016. The Compensation Committee expects to annually grant additional long term incentive awards, potentially including a mix of restricted stock units, restricted stock awards, and stock option awards, in future years.

The Compensation Committee uses the peer group compensation data as one of several factors in determining appropriate compensation parameters for base salary, variable cash compensation and equity-based, long-term incentives. The Compensation Committee's executive compensation decisions are made on a case-by-case basis, and specific benchmark results do not, in and of themselves, determine individual target compensation decisions.

The Compensation Committee anticipates that it will continue to conduct similar annual reviews of our executive compensation practices and use independent outside consultants for similar services in the future.

### **Executive Compensation**

Each executive officer (except the Chief Executive Officer whose performance is reviewed directly by the Compensation Committee) has an annual performance review with the Chief Executive Officer, who makes recommendations on salary increases, promotions and equity and non-equity incentive awards to the Compensation Committee. The Compensation Committee believes its executive compensation programs for the fiscal year ended December 31, 2015, which rewarded the Company's accomplishments during the year, including the strong growth in product revenue, improvement in gross margins, improvement of production efficiencies, development of new product offerings and the significant return to stockholders resulting from the increase in the price of the Company's common stock, encouraged sustained achievement of longer-term goals and initiatives and maintained a motivated and engaged leadership team.

### **Base Salary**

Base salary represents the fixed portion of an executive officer's compensation and is intended to provide compensation for day-to-day performance. The Compensation Committee believes that a competitive base salary is a necessary element of any compensation program that is designed to attract and retain talented and experienced executives. Each executive officer's base salary is initially determined upon hire or promotion based

---

## **Table of Contents**

on the executive officer's responsibilities, prior experience, individual compensation history and salary levels of other executives within the Company and similarly situated executives at our peer group. Base salary is typically reviewed annually. The Company believes that the base salaries paid to the executive officers during the fiscal year ended December 31, 2015 achieved its compensation objectives.

For the fiscal year ended December 31, 2015, the Compensation Committee increased Mr. Hunt's base salary by 36%, from \$330,000 to \$450,000 (effective as of Dr. Herlihy's retirement and Mr. Hunt's appointment to President and Chief Executive Officer), Mr. Snodgrass' base salary by 3.1% from \$320,000 to \$330,000, Dr. Rusche's base salary by 3.0% from \$302,000 to \$311,000 and Dr. Benjamin's base salary by 3.0% from \$271,000 to \$279,000. Dr. Herlihy's annual base salary for the year ended December 31, 2015 was \$490,000.

For the fiscal year ending December 31, 2016, the Compensation Committee increased Mr. Hunt's base salary by 11.1%, from \$450,000 to \$500,000, Mr. Snodgrass' base salary by 3.0% from \$330,000 to \$339,900, Dr. Rusche's base salary by 2.0% from \$311,000 to \$317,220 and Dr. Benjamin's base salary by 3.0% from \$279,000 to \$287,370. The compensation report prepared by Meridian showed that the 2016 base salaries of these executive officers were competitive with the 50th percentile among the Company's peer group as disclosed above. These base salary increases were based on each executive officer's performance, qualifications, experience, responsibilities and Meridian's survey of the publicly disclosed compensation for similar positions at companies in the peer group.

### **Annual Cash Incentive Compensation Plan**

The Company's executive officers other than the Chief Executive Officer are eligible to receive annual cash incentive compensation based on both corporate results as measured against the goals set forth below, or the Company Objectives, and their own individual performance, pursuant to the Annual Cash Incentive Compensation Plan, or the Plan. Mr. Hunt is eligible to receive annual cash compensation based solely on corporate results as measured against the Company Objectives pursuant to the Plan. The annual cash incentive compensation earned by each executive officer is determined by the Compensation Committee after the end of each fiscal year and calculated as a percentage of an executive officer's base salary.

The Company establishes the target amount of its annual cash incentive compensation at a level that represents a meaningful portion of the executive officers' current paid out cash compensation, and sets a threshold performance level for each executive. In establishing these levels, in addition to considering the incentives that the Company wants to provide to the executive officers, it also considers the annual cash incentive compensation levels for comparable positions within our peer group and our own historical practices.

The overall Company Objectives for the fiscal year ended December 31, 2015, or the Performance Period, related to product revenue, financial performance, product development, manufacturing and quality, sales and marketing and business and corporate development.

### ***Plan Protocol***

The Compensation Committee administers the Plan:

1. At the beginning of the fiscal year, the Chief Executive Officer, with assistance from senior management, proposes annual corporate goals, measurement criteria and weightings, subject to review and approval by the Compensation Committee.
2. At the beginning of the following fiscal year, the Chief Executive Officer evaluates performance levels and the achievement of these annual corporate goals for all executive officers except for himself, which are subject to review and approval by the Compensation Committee. Specific bonus award recommendations for all participants (except the Chief Executive Officer) are submitted by the Chief Executive Officer to the Compensation Committee for review and approval. The Compensation Committee evaluates and approves performance levels and achievement of the annual corporate goals and approves the specific bonus award for the Chief Executive Officer.

**Table of Contents**

3. The Compensation Committee determines the size of the overall bonus pool and the bonus awards for individual participants based on the target bonus figures, the Company's performance against the above Company Objectives and, in the case of executive officers other than the Chief Executive Officer, individual performance.

**Plan Payout**

The Compensation Committee is responsible for evaluating actual performance against the performance goals and determining the actual bonus award earned. The Chief Executive Officer submits a documented evaluation of the performance of each of the other participants to the Compensation Committee for its consideration to assist the Compensation Committee in its review and proposed bonus awards. The Compensation Committee makes all final determinations regarding performance evaluations of participants and actual bonus awards. See the section titled *Performance Criteria* below for a discussion on the performance criteria and determinations for the fiscal year ended December 31, 2015.

Generally, the Company must attain a minimum of 60% overall achievement of its corporate goals for any payment to be made pursuant to the Plan, and the Compensation Committee may, at its discretion, elect not to pay bonuses. However, should the Company attain less than 60% overall achievement of its goals, the Compensation Committee may elect to pay a cash bonus. A target bonus (as a percentage of base salary) and the weight assigned to corporate and individual results is determined for participants based upon their position. The final incentive payout is determined for each participant based on the achievement of corporate and individual goals defined for each organizational level and position and the target incentive percentage.

For the fiscal year ended December 31, 2015, the Company established a target annual cash incentive award for each of the executive officers, depending on their role, experience and objectives to be achieved as follows:

**Individual Annual Cash Incentive Targets**

	Bonus Target as % of Salary for the Fiscal Year ended		
	December 31, 2015	Portion Tied to Corporate Results	Portion Tied to Individual Results
Tony J. Hunt	60%	100%	0%
Jon K. Snodgres	50%	60%	40%
James R. Rusche	40%	60%	40%
Howard Benjamin	40%	60%	40%

Dr. Herlihy was not employed on the date that cash incentive payments were made under the Plan and, accordingly, was not eligible to receive a cash incentive bonus under the Plan. However, Dr. Herlihy received a prorated cash incentive bonus based on the achievement of Company objectives as described below in the section titled *Transitional Services and Separation Agreement With Dr. Herlihy*.

**Performance Criteria**

The incentive compensation of executive officers is based on the achievement of certain goals by the Company, as a whole, and, for executive officers other than the Chief Executive Officer, on the achievement of individual performance goals. Criteria and specific goals within each category are as follows:

**Company Performance**

The extent to which key product manufacturing, product sales, financial, research, clinical and partnering or collaboration objectives of the Company have been met during the fiscal year.

**Table of Contents**

***Executive Performance***

An executive officer's involvement in and responsibility for the attainment of key product manufacturing, product sales, financial, research, clinical and other strategic objectives of the Company;

The involvement of an executive officer in personnel recruitment, retention and morale; and

The responsibility of the executive officer in working within budgets, controlling costs and other aspects of expense management.

***Achievement of Corporate Objectives and Cash Incentive Determination***

The portion of cash incentive tied to corporate results is determined based on evaluation of the percentage achievement of the established corporate objectives, which were determined at the beginning of the fiscal year. These objectives include product revenue, financial performance, product development, manufacturing and quality, sales and marketing and business and corporate developments. The corporate objectives are designed to be difficult to achieve at 100%, and the Compensation Committee assesses the attainment of these objectives. The Chief Executive Officer evaluated the actual performance of the other executive officers against the performance goals and submitted such evaluation to the Compensation Committee. The ultimate determination of achievement of the objectives is at the sole discretion of the Compensation Committee following discussions with management and is based both on quantitative, objective calculations such as the achievement of certain financial or clinical milestones, as well as a qualitative assessment, which takes into consideration the level of effort, end results, and other contributing internal and external factors that could reasonably be expected to impact performance. The Compensation Committee determined that the overall achievement of the corporate portion of the cash incentive plan for all officers was 110%.

**Table of Contents**

The following is a summary of the corporate objectives for the fiscal year ended December 31, 2015 and the detailed calculation supporting the achievement of each such objective. The Compensation Committee, using its discretion, reviewed this evaluation and determined that the aggregate percentage achievement of the corporate objectives was 110% in recognition of the strong stock performance and significant achievements in the year ended December 31, 2015.

As the Company's current President and Chief Executive Officer, Mr. Hunt is responsible for overseeing all of our corporate functions, product development, clinical activities and partnering and marketing activities. Because of his role and responsibilities, Mr. Hunt's annual cash incentive is calculated based solely on corporate performance to closely align his compensation with the Company's performance. For the year ended December 31, 2015, the Compensation Committee determined that Mr. Hunt would be awarded 110.0% of his target cash incentive compensation.

**Achievement of Individual Objectives**

In addition to the corporate objectives outlined above, executive officers with the exception of Mr. Hunt also have an individual objective component to their annual cash incentive compensation. The performance assessment for the individual objectives of the executive officers is not calculated on a line item basis, but rather represents an overall assessment as to how the executive officer contributed to the success of the Company.

within his or her area of responsibility. The individual objectives are designed to be difficult to achieve at 100%. The Compensation Committee has assessed the attainment of these individual objectives by each executive officer.

As the Company's Chief Financial Officer, Mr. Snodgres is responsible for the Company's internal systems and financial controls. Specifically, Mr. Snodgres' individual objectives for 2015 included expanding the Company's Enterprise Resource Planning ( ERP ) system functionality to improve organizational efficiency, upgrade the Company's Sarbanes Oxley control narratives and institute compliant business processes, and expand management and external reporting capabilities to enhance business decision making and improve transparency of financial performance. The overall evaluation of achievement of these factors involves both quantitative and qualitative analysis. The Chief Executive Officer evaluated Mr. Snodgres' actual performance against his individual objectives and submitted such evaluation to the Compensation Committee, which determined that the aggregate achievement of the individual objectives for Mr. Snodgres was 100.0%.

Dr. Rusche is ultimately responsible for providing leadership on all of Repligen's research and development activities. Specifically, his objectives included driving process and new product development work to assist with the growth of our bioprocessing business; supporting our business development initiatives; and representing Repligen to the scientific community as necessary. The overall evaluation of achievement of these factors involves both quantitative and qualitative analysis. The Chief Executive Officer evaluated Dr. Rusche's actual performance against his individual objectives and submitted such evaluation to the Compensation Committee, which determined that the aggregate achievement of the individual objectives for Dr. Rusche was 85.0%.

Dr. Benjamin is ultimately responsible for Repligen's business development activities. Specifically, his objectives included identifying and closing new bioprocessing product acquisitions and other new business opportunities as well as matters related to our supply relations. The overall evaluation of achievement of these factors involves both quantitative and qualitative analysis. The Chief Executive Officer evaluated Dr. Benjamin's actual performance against his individual objectives and submitted such evaluation to the Compensation Committee, which determined that the aggregate achievement of the individual objectives for Dr. Benjamin was 105.0%.

***Transitional Services and Separation Agreement With Dr. Herlihy***

Pursuant to the Transitional Services and Separation Agreement entered into between Repligen and Dr. Herlihy on January 22, 2015, Dr. Herlihy was eligible to receive a prorated bonus for 2015 based on the corporate results achievement. For the year ended December 31, 2015, the Compensation Committee determined that Dr. Herlihy would be awarded 110.0% of his target cash incentive compensation based on his effective date of resignation, which was equal to \$134,420.

***Cash Incentive Payments Under the Plan***

For the fiscal year ended December 31, 2015:

Mr. Hunt's cash incentive of \$297,000 was calculated based on an overall achievement of 110.0% as discussed above.

Mr. Snodgres' cash incentive of \$174,900 was calculated based on individual results achievement of 100.0% and corporate results achievement of 110.0% for an overall achievement of 106.0%.

Dr. Rusche's cash incentive of \$124,400 was calculated based on an individual results achievement of 85.0% and corporate results achievement of 110.0% for an overall achievement of 100.0%.

Dr. Benjamin's cash incentive of \$120,528 was calculated based on an individual results achievement of 105.0% and corporate results achievement of 110.0% for an overall achievement of 108.0%.

### ***Objectives for the Fiscal Year Ending December 31, 2016***

Our executive compensation programs for the fiscal year ending December 31, 2016 are consistent with our programs for the fiscal year ended December 31, 2015, which received strong support from our stockholders in the say on pay advisory vote conducted at our 2015 Annual Meeting of Stockholders. The corporate performance objectives for each executive are as follows:

*Product Revenue and Financial Performance* achieve sales targets; meet gross margin and profit targets.

*Manufacturing and Quality* expand production capacity and throughput and reduce lead times for bioprocessing products; continued focus on quality and business continuity for customers.

*Product Development* launch single use ATF products.

*Sales and Marketing* extend strategic partnership agreements for ligand products; expand commercial presence in Europe and Asia; launch new products.

*Business and Corporate Development* seek product/company acquisitions; expand partnerships in bioprocessing.

### **Equity Incentive Compensation**

The Compensation Committee believes that equity incentives in the form of stock options and restricted stock units subject to vesting over time are an effective vehicle for long-term compensation. Equity incentives align individual and team performance with the achievement of the Company's strategic and financial goals and stockholders' interests.

Equity grants have historically been in the form of stock options that vest over a specified period of time. Beginning in 2014, the Compensation Committee has authorized grants of restricted stock units to executive officers and certain key employees.

In the future, the Compensation Committee expects to grant annual long term incentive awards consistent with the 2015 and 2016 awards, though the Compensation Committee may subject a portion of these awards to performance-based vesting criteria. Stock options reward executive officers only if the stock price increases from the date of grant over time. Restricted stock units are impacted by all stock price changes, so the value to the executive officers is affected by both increases and decreases in stock price from the market price at the date of grant.

In the fiscal year ended December 31, 2015, the Compensation Committee considered a number of factors in determining what, if any, equity incentive compensation to grant to the executive officers, including:

the performance of the Company during the fiscal year;

the number of shares subject to, and exercise price of, outstanding options, both vested and unvested, held by the executive officers;

the number of restricted stock units held by the executive officers;

the vesting schedule of the unvested equity awards held by the executive officers;

the financial statement impact of any equity award;

the amount and percentage of the total equity on a diluted basis held by the executive officers; and

the available shares under the Company's equity incentive plan.

**Table of Contents**

In February 2015, the Compensation Committee approved the following equity awards to our named executive officers, each of which vests over three years from the grant date. For additional information regarding equity awards made to our named executive officers in 2015, see the Grants of Plan-Based Awards for the Fiscal Year ended December 31, 2015 table below.

Name	Number of Shares Underlying Stock Option (#)	Restricted Stock Units (#)
Tony J. Hunt	39,037	20,276
Jon K. Snodgres	11,445	5,945
James R. Rusche	10,067	5,229
Howard Benjamin	9,031	4,691

*2016 Equity Incentive Compensation*

The Compensation Committee granted long term incentive compensation awards consisting of both stock options and restricted stock units, both of which are subject to vesting over three years, to each of the named executive officers in February 2016. Long term incentive compensation awards for the year ending December 31, 2016 are also split equally (based upon dollar value) between restricted stock units and stock options vesting over three years.

**Other Compensation**

All full-time employees, including the executive officers, may participate in the health and welfare benefit programs, including medical, dental and vision care coverage, disability and life insurance and the Company's 401(k) plan.

**Transitional Services and Separation Agreement with Dr. Herlihy**

On May 21, 2015, Walter C. Herlihy retired from his role as the Company's Chief Executive Officer and transitioned into the role of Senior Advisor. As of May 21, 2015, Dr. Herlihy ceased to be an executive officer of the Company. In connection with his resignation as President and Chief Executive Officer, the Company entered into a Transitional Services and Separation Agreement with Dr. Herlihy under which the Company agreed to: (i) engage Dr. Herlihy as Senior Advisor to the Company on an at will basis through December 31, 2015, or the Transition Period, unless either party elected to end the relationship on an earlier date; (ii) continue to pay Dr. Herlihy his salary and provide him with benefits during the Transition Period; (iii) permit continued vesting of Dr. Herlihy's outstanding equity awards during the Transition Period, (iv) pay Dr. Herlihy a bonus targeted at 65% of his base salary based on achievement of the Company Objectives, prorated through May 21, 2015; and (v) accelerate 50% of Dr. Herlihy's then unvested stock options and restricted stock units as of the date of termination of his employment.

Amounts paid to Dr. Herlihy pursuant to the Transitional Services and Separation Agreement are set forth below under the heading Director and Executive Officer Compensation Summary Compensation Table for the Fiscal Years ended December 31, 2015, 2014 and 2013.

**Tax and Accounting Considerations**

We have not provided or agreed to provide any of our executive officers or directors with a gross-up or other reimbursement for tax amounts they might pay pursuant to Section 4999 or Section 409A of the Code. Sections 280G and 4999 of the Code provide that executive officers, directors who hold significant stockholder interests and certain other service providers could be subject to significant additional taxes if they receive payments or benefits in connection with a change in control of our Company that exceed certain limits, and that we or our successor could lose a deduction on the amounts subject to the additional tax. Section 409A also imposes additional significant taxes on the individual in the event that an employee, director or service provider receives deferred compensation that is not exempt from or does not meet the requirements of Section 409A.

**Table of Contents**

For our financial statements, cash compensation, such as salary and bonus, is expensed and for our income tax returns, cash compensation is generally deductible except as set forth below. For equity-based compensation, we expense the fair value of such grants over the requisite service period.

Section 162(m) of the Code imposes a \$1 million cap on the federal income tax deduction for compensation paid to our Chief Executive Officer and to certain other highly compensated officers during any fiscal year unless the compensation is performance-based under Section 162(m). Whenever possible, we endeavor to structure our compensation policies to qualify as performance-based under Section 162(m). Nonetheless, from time to time certain nondeductible compensation may be paid and the Board of Directors and the Compensation Committee reserve the authority to award nondeductible compensation to executive officers in appropriate circumstances.

**Compensation Risk Assessment**

The Compensation Committee considers and evaluates risks related to our cash and equity-based compensation programs and practices as well as evaluates whether our compensation plans encourage participants to take excessive risks that are reasonably likely to have a material adverse effect on the Company. Consistent with SEC disclosure requirements, the Compensation Committee has worked with management to assess compensation policies and practices for Company employees and has concluded that such policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

**Table of Contents****DIRECTOR AND EXECUTIVE OFFICER COMPENSATION****Compensation Earned**

The following table summarizes the compensation earned during the fiscal years ended December 31, 2015, 2014 and 2013 by the Company's principal executive officer, principal financial officer, other most highly compensated executive officers who were serving as executive officers as of December 31, 2015 and whose total compensation exceeded \$100,000 and one additional individual for whom disclosure would have been provided but for the fact that the individual was not serving as an executive officer as of such date. These individuals are referred to as named executive officers.

Repligen entered into an offer letter for employment at will with Mr. Hunt on April 7, 2014. In connection with Dr. Herlihy's resignation effective as of the date of the 2015 Annual Meeting, the Board of Directors appointed Mr. Hunt as President and Chief Executive Officer, effective as of the date 2015 Annual Meeting. On February 26, 2015, the Company entered into an Amended and Restated Employment with Mr. Hunt which supersedes any previous agreements. Pursuant to the terms of the current employment agreement, in the event that Mr. Hunt's employment is terminated by the Company without cause or he resigns for good reason, Mr. Hunt will be entitled to receive severance pay equal to twelve months of his base salary at the rate then in effect, and 50% of his unvested stock options and other unvested stock-based awards will vest immediately. Mr. Hunt will also receive a cash payment equal to the Company's monthly contribution to group health insurance coverage through COBRA for twelve months following the termination date. If Mr. Hunt's employment is terminated within twelve months following a change in control of the Company, Mr. Hunt will be entitled to receive a lump sum payment equal to two times his base salary at the rate then in effect (or at the rate in effect immediately prior to the change in control, if higher), and 100% of his unvested stock options and other unvested stock-based awards will vest immediately. In addition, Mr. Hunt will receive a cash payment equal to the Company's monthly contribution to group health insurance coverage through COBRA for eighteen months following the termination date.

Repligen entered into an offer letter for employment at will with Mr. Snodgres on June 10, 2014. The offer letter for Mr. Snodgres provides for certain benefits upon termination of his employment without cause, including the continuation of his base salary at the rate then in effect for a period of six months following the date of termination, health insurance coverage through COBRA for a period of six months with the cost of such benefits as in effect on the date of termination to be shared in the same relative proportion by the Company and Mr. Snodgres, and immediate vesting of 50% percent of all of Mr. Snodgres' then unvested stock options and restricted stock awards.

On March 14, 1996, Repligen entered into a letter of agreement with each of Dr. Herlihy and Dr. Rusche in connection with Repligen's acquisition and merger with Glycan Pharmaceuticals, Inc. These agreements are intended to provide for continuity of management during a change in control and align the interest of our executives with those of our stockholders so as to maximize the value to stockholders from any such change in control. These agreements provide for certain benefits upon the termination of employment, with or without cause, or upon a change in control of the Company. Upon termination of employment, with or without cause, or upon a change in control of the Company, 50% of the unvested stock options held by such executive officers shall vest immediately. Under these agreements, upon termination of employment, with or without cause, Dr. Herlihy and Dr. Rusche are entitled to receive severance of base salary continuation at the rate then in effect, payable monthly in arrears, until such executive officer becomes employed, but for no longer than eight months for Dr. Herlihy and six months for Dr. Rusche.

In addition, in the case of a sale event in which the Company's stockholders will receive cash consideration, the Company may make or provide for a cash payment to participants holding options equal to the difference between the per share cash consideration and the exercise price of the options.

**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

As described in the sections entitled "Compensation Discussion and Analysis" and "Director and Executive Officer Compensation", our executive compensation programs are designed to motivate our executive officers to enhance stockholder value, to provide a fair reward for this effort and to stimulate our executive officers' professional and personal growth. The Company seeks to provide near-term and long-term financial incentives that align the executive officers' interest with those of the stockholders and focus executive officer behavior on the achievement of both near-term corporate goals, as well as long-term business objectives and strategies. We believe that this alignment between executive compensation and stockholder interests has driven corporate performance over time.

Our stockholders voted on September 27, 2011, to have advisory votes every year to approve the compensation paid to the Company's named executive officers, and we have adopted that approach. The Board of Directors and Compensation Committee make executive compensation decisions every year, and our directors will look to the annual advisory vote for information to be taken into account when they make decisions with respect to our compensation philosophy, policies and practices. The Compensation Committee and the Board of Directors note our stockholders' endorsement for the Company's executive compensation program for the fiscal year ended December 31, 2014, which was approved by over 95% of the votes cast. Consequently, the Compensation Committee has generally maintained the structure of its executive compensation programs for the fiscal year ended December 31, 2015. **Accordingly, we are asking our stockholders to vote FOR the following non-binding, advisory resolution on the approval of the compensation of the Company's named executive officers as disclosed in this proxy statement:**

RESOLVED, that the stockholders of the Company approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

We urge you to read the Compensation Discussion and Analysis and Director and Executive Officer Compensation sections of this Proxy Statement for additional details on the Company's executive compensation, including our governance, framework, components, and the compensation decisions for the named executive officers for the fiscal year ended December 31, 2015.

As an advisory vote, the results of this vote will not be binding on the Board of Directors or the Company. However, the Board of Directors and the Compensation Committee value the opinions of our stockholders, and will consider the outcome of the vote when making future decisions on the compensation of our named executive officers and the Company's executive compensation principles, policies and procedures.

**The Board of Directors recommends that stockholders vote FOR approval, on an advisory basis, of the compensation of the Company's named executive officers, as disclosed in this proxy statement, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.**
