### 2. Securities Act exemption applicable

Pursuant to the terms set forth in the draft plan prepared under the safeguard procedure (*procédure de sauvegarde*) of CGG S.A. under articles L.620-1 ff. of the French *Code de commerce* (the Safeguard Plan) and the Joint Chapter 11 Plan of Reorganization of the Applicants (other than CGG S.A.) and certain other subsidiaries of CGG S.A. (as may be amended or modified, the Plan of Reorganization), the Company, on or before February 28, 2018, expects to issue up to the amount of the Secured Funded Debt Claims, less the Secured Funded Debt Claims Cash Payment and any Upfront Pay Down, in principal amount of First Lien Senior Secured Notes due 2023 (the Notes).

The Notes will be issued under the Indenture to be qualified hereby (the Indenture), to be entered into by and among the Applicants, The Bank of New York Mellon, London Branch, as trustee, principal paying agent, calculation agent, transfer agent, collateral agent and international security agent, The Bank of New York Mellon SA/NV, Luxembourg Branch as registrar and The Bank of New York Mellon, as U.S. collateral agent. The form of the Indenture is attached hereto as Exhibit T3C.

The issuance of the Notes and related guarantees will be made in reliance on the exemption from registration under the U.S. Securities Act of 1933, as amended (the Securities Act), pursuant to the exemption provided by Section 1145(a)(1) of Title 11 of the United States Code, as amended (the Bankruptcy Code). Section 1145(a)(1) of the Bankruptcy Code exempts the offer and sale of securities under a plan of reorganization from registration under the Securities Act and state securities laws if three principal requirements are satisfied: (i) the securities must be offered and sold under a plan of reorganization and must be securities of the debtor under the plan; (ii) the recipients

of the securities must hold a claim against the debtor, an interest in the debtor or a claim for an administrative expense in the case concerning the debtor; and (iii) the securities must be issued entirely in exchange for the recipient's claim against or interests in the debtor, or principally in such exchange and partly for cash or property. The Applicants believe that the issuance of the Notes (and related guarantees) under the Plan of Reorganization will satisfy the aforementioned requirements of Section 1145(a)(1) of the Bankruptcy Code and, accordingly, the Notes will be exempt from registration under the Securities Act.

- (f) the Parent or the Company fails to comply with any of the provisions of Article 5 of the Indenture;
- (g) a default occurs under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Financial Indebtedness for money borrowed by the Parent or any Restricted Subsidiary (or the payment of which is guaranteed by the Parent or any Restricted Subsidiary), whether such Financial Indebtedness or guarantee now exists, or is created after the date of the Indenture, which default (i) is caused by a failure to pay principal of or premium or interest on such Financial Indebtedness prior to the expiration of any grace period provided in such Financial Indebtedness, including any extension thereof (a Payment Default ) or (ii) results in the acceleration of such Financial Indebtedness prior to its express maturity and, in each case, the principal amount of any such Financial Indebtedness, together with the principal amount of any other such Financial Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates in excess of \$25,000,000; and *provided, further*, that if such default is cured or waived or any such acceleration rescinded, or such

Financial Indebtedness is repaid, within a period of ten days from the continuation of such default beyond the applicable grace period or the occurrence of such acceleration, as the case may be, an Event of Default and any consequential acceleration of the Notes shall be automatically rescinded, so long as such rescission does not conflict with any judgment or decree; *provided further* that any failure to pay amounts due in connection with charter agreements and related guarantees as a result of a good faith dispute between the Parent or any Restricted Subsidiary and the counterparty shall not constitute an Event of Default under this clause (g) for so long as such dispute is maintained in good faith by the Parent or such Restricted Subsidiary;

- (h) a final judgment or final judgments for the payment of money are entered by a court or courts of competent jurisdiction against the Parent or any Restricted Subsidiary and such judgment or judgments are not paid or discharged for a period (during which execution shall not be effectively stayed) of 60 days; *provided* that the aggregate of all such undischarged judgments (not covered by insurance) exceeds \$25,000,000;

- (i) the failure of any Guarantor to perform any covenant set forth in its Note Guarantee or the repudiation by any Guarantor of its obligations under its Note Guarantee or the unenforceability of any Note Guarantee for any reason other than as provided in the Indenture;
- (j) the Parent, the Company or any Significant Subsidiary is unable to pay its debts as they fall due and commences negotiations with any one or more of its creditors with a view to the general readjustment or rescheduling of its indebtedness or makes a general assignment for the benefit of or a composition with its creditors;
- (k) the Parent, the Company or any Significant Subsidiary takes any corporate action or other steps are taken or legal proceedings are started under applicable bankruptcy laws for its *sauvegarde*, *redressement judiciaire*, *liquidation judiciaire* or other winding-up, dissolution, administration or reorganization (whether by way of voluntary or involuntary arrangement, scheme of arrangement or otherwise) or for the appointment of a *mandataire ad hoc*, *conciliateur* or *administrateur provisoire*, or other liquidator, receiver, administrator, administrative receiver, conservator, custodian, trustee or similar officer of it or of any or all of its revenues and assets, other than an action, legal proceeding or other step on vexatious or frivolous grounds or which is withdrawn or discharged within 40 days
- (l) any execution or distress is levied against, or an encumbrancer takes possession of, the whole or any part of, the property, undertaking or assets of the Parent, the Company or any Significant Subsidiary or any event occurs which under the laws of any jurisdiction has a similar or analogous effect in relation to property, undertaking or assets the value of which is superior to \$25,000,000, other than an action, legal proceeding or other step on vexatious or frivolous grounds or which is withdrawn or discharged within 40 days; *provided* that this clause (l) shall not apply to any execution, distress, seizure or any other of the foregoing actions, in each case in relation to any vessel, that are not the result of any action of or failure to act by any member of the Group; or
- (m) with respect to (i) Collateral relating to any Capital Stock of or voting rights in the Parent or the Company or any intragroup loans granted to the Parent or the Company or (ii) any other Collateral having a fair market value in excess of \$2,500,000, one or more of the Security Documents shall, at any time, cease to be in full force and effect other than by reason of a release of Collateral in accordance with the terms of the Indenture or the Securities Documents, or a Security Document shall be declared invalid or unenforceable by a court of competent jurisdiction or the relevant grantor (or a third-party creditor of the relevant grantor) or the security granted pursuant to a Security Document assets, in any pleading in any court of competent jurisdiction, that any such Security Document is invalid or unenforceable for any reason other than the satisfaction in full of all obligations under the Indenture and discharge of the Indenture, other than, in each case, pursuant to limitations on enforceability, validity or effectiveness imposed by applicable law or the terms of such Security Document or except in accordance with the terms of such Security Document, the Intercreditor Agreement, any Additional Intercreditor Agreement or the Indenture, including the release provisions thereof.

If any Event of Default occurs and is continuing, the Trustee may, by notice to the Company, or the Holders of at least 25% in principal amount of the then outstanding Notes may, by notice to the Company and the Trustee, and the Trustee shall, upon the request of such Holders, declare all the Notes to be due and payable immediately. Upon any such declaration, the Notes shall become due and payable immediately. Notwithstanding the foregoing, if an Event of Default specified in clause (j), (k) or (l) above occurs with respect to the Company or any Guarantor, all outstanding Notes shall be due and payable immediately without further action or notice. The Holders of a majority in principal

amount of the then outstanding Notes by written notice to the Trustee may on behalf of all of the Holders, rescind an acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing Events of Default (except nonpayment of principal, interest or premium, if any, that have become due solely because of such acceleration) have been cured or waived.

If an Event of Default occurs, then, upon acceleration of the Notes, a premium equivalent to the premium that the Company would have had to pay if it had then elected to redeem the Notes pursuant to Section 3.07 of the Indenture and the Notes shall also become and be immediately due and payable to the extent permitted by law, anything in the Indenture or in the Notes to the contrary notwithstanding; *provided, however*, that such premium payable as a result of an acceleration of the Notes shall be capped at an amount no greater than 10% of the aggregate principal amount (including, for the avoidance of doubt, any interest accreted as PIK Interest) of the Notes then outstanding, except that no such cap shall apply in connection with an acceleration of the Notes resulting from (x) a voluntary or intentional breach of the terms of the Notes or the Indenture with the purpose of avoiding the payment of the entire premium or (y) failure to pay the premium when due following any election to redeem the Notes pursuant to Section 3.07 of the Indenture and the Notes. For the avoidance of doubt, such premium payable upon acceleration shall not become due and payable as a result of an acceleration that occurs on or before the six month anniversary of the Restructuring Effective Date or after the three-year anniversary of the Restructuring Effective Date.

*Authentication and Delivery of the Notes; Use of Proceeds*

One Officer shall sign the Notes for the Company by manual or facsimile signature. If the Company has a corporate seal, it may be reproduced on the Notes and, if so, it may be in facsimile form.

If an Officer whose signature is on a Note no longer holds that office at the time a Note is authenticated, the Note shall nevertheless be valid.

A Note shall not be valid until authenticated by the manual signature of an authorized signatory of the Trustee. Such signature shall be conclusive evidence that the Note has been authenticated under the Indenture. The form of Trustee's certificate of authentication to be borne by the Notes shall be substantially as set forth in Exhibit A to the Indenture.

The Trustee shall authenticate (i) the Original Notes for original issue on the Issue Date in the Issue Amount, and (ii) Additional Notes (including any Additional Notes issued as PIK Interest pursuant to Section 2.13 of the Indenture) for original issue from time to time after the Issue Date subject to compliance with the terms of the Indenture in such principal amounts, in each case upon a written order of the Company signed by one Officer, which written order shall specify (a) the amount of Notes to be authenticated and the date of original issue thereof and (b) the amount of Notes to be issued in global form or definitive form. The aggregate principal amount of the Notes outstanding at any time may not exceed the Issue Amount plus such additional principal amounts as may be issued and authenticated pursuant to clause (ii) of this paragraph, except as provided in Section 2.07 of the Indenture.

The Trustee may appoint an authenticating agent acceptable to the Company to authenticate Notes. An authenticating agent may authenticate Notes whenever the Trustee may do so. Each reference in the Indenture to authentication by the Trustee includes authentication by such agent. An authenticating agent has the same rights as an Agent to deal with the Company, any Guarantor or an Affiliate of the Company.

There will be no proceeds (and therefore no application of such proceeds) from the issuance of the Notes because the Notes will be issued in exchange for the Company's existing secured debt in connection with the Plan of Reorganization.

*Release and Substitution of Property Subject to the Lien of the Indenture*

- (a) The Collateral shall be released from the lien and security interest created by the Security Documents and the Trustee, the Collateral Agent, any other Additional Collateral Agent and the International Security Agent shall be authorized and directed for itself and on behalf of the other Secured Parties (without further consent,

sanction authority or confirmation from any party) to release the Liens (or any other claim) over the Collateral and execute and deliver or enter into any release of such Liens or claim and issue any letters of non-crystallization of any floating charge or any ancillary document or consent to dealing that may, not in contravention of applicable law, be considered necessary or desirable:

- (i) upon repayment in full of the Notes;

- (ii) as provided in the Intercreditor Agreement, the Pari Passu Intercreditor Agreement, any Additional Intercreditor Agreement or any Security Document;
  - (iii) in a transaction that complies with the provisions of Article 5. The Collateral Agent and the Trustee will effect any release of the Collateral that is in accordance with the Indenture without requiring consent from the Holders, subject to the receipt of an Officers Certificate and an Opinion of Counsel, certifying compliance with the provisions of the Indenture, from the Company;
  - (iv) upon the defeasance, satisfaction or discharge of the Notes as provided in Article 8 in accordance with the terms and conditions of the Indenture;
  - (v) upon (A) any sale, lease, exchange, transfer or other disposition (any of the foregoing, a Disposition ) of Collateral to a Person (other than Dispositions to one or more Obligor) if such Disposition does not violate Section 4.12 of the Indenture (including, for the avoidance of doubt, upon any Permitted Disposal); or (B) any Disposition of Collateral to an Obligor if such Disposition does not violate Section 4.12 of the Indenture (including, for the avoidance of doubt, upon any Permitted Disposal); provided that this clause (v)(B) shall not be relied upon in the case of a Disposition of Collateral to an Obligor unless, subject to the Agreed Security Principles, the relevant property and assets remain subject to, or otherwise become subject to, a Lien in favor of the Notes following such Disposition;
  - (vi) upon any Authorized Merger;
  - (vii) in accordance with Section 4.27 of the Indenture; or
  - (viii) in the case of a Guarantor that is released from its Note Guarantee pursuant to the terms of the Indenture, the release of the property and assets and Capital Stock of such Guarantor; provided in each case (other than in the case of clause (iv)), that the Liens in favor of the Second Lien Notes (or any Permitted Junior Debt Refinancing in respect thereof) and the SN Interest Second Lien Notes (or any Permitted Junior Debt Refinancing in respect thereof), are also so released.
- (b) In addition, subject to Section 4.27 of the Indenture, if a refinancing or an increase of any Financial Indebtedness secured with a Permitted Collateral Lien is implemented in a manner that releases any security interests over all or some of the Collateral, the security interest over such Collateral with respect to the Notes shall be released automatically and replaced by new security in favor of the Collateral Agent, any Additional Collateral Agent or the International Security Agent (as applicable), on substantially the same terms as prior to release; provided that following such release and retaking, the Company is in compliance with the terms of Section 4.27 of the Indenture, and the security interests are legally valid and binding.
- (c) The Trustee (without further consent, sanction, authority or confirmation from any party) shall direct the Collateral Agent and any other Additional Collateral Agent to deliver an appropriate instrument evidencing the release of Collateral upon receipt of a request by the Company accompanied by an Officers Certificate

and an Opinion of Counsel certifying as to the compliance with Section 11.04 of the Indenture; provided that the legal counsel delivering such Opinion of Counsel may rely as to matters of fact on one or more Officers Certificates.

*Satisfaction and Discharge of the Indenture*

The Indenture shall, upon the written request of the Company cease to be of further effect with respect to all outstanding Notes (except as to surviving rights of registration of transfer or exchange of Notes therein expressly provided for, the Company's and any Guarantor's obligations under Section 7.07 of the Indenture, and the Trustee's and each Paying Agent's obligations under Sections 8.06 and 8.07 of the Indenture), and the Trustee, on demand and at the expense of the Company, shall execute proper instruments acknowledging satisfaction and discharge of the Indenture with respect to such series, when:

default under, any other instrument to which the Company or any Guarantor is a party or by which the Company or any Guarantor is bound; and

- (d) the Company has delivered to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that all conditions precedent in the Indenture provided for relating to the satisfaction and discharge of the Indenture have been complied with.

In order to have money available on a payment date to pay principal, premium, if any, or interest on the Notes, the U.S. Government Securities shall be payable as to principal, premium, if any, or interest at least one Business Day before such payment date in such amounts as shall provide the necessary money. The U.S. Government Securities shall not be callable at the issuer's option.

*Evidence of Compliance with Conditions and Covenants of the Indenture*
