Item 8.01. Other Events

On May 15, 2017, Globus Medical, Inc. (“Globus” or the “Company”) received a letter from the Food & Drug Administration (“FDA”) informing us that the Company had not sufficiently addressed the FDA’s questions regarding the Company’s 510(k) submission for the ExcelsiusGPSSM robotic guidance and navigation system (“ExcelsiusGPSSM”) within the FDA review period required for clearance under the rules governing the 510(k) process. Consequently, the Company intends to file a revised 510(k) submission for ExcelsiusGPSTM in an expedited fashion. We remain confident in our ability to adequately satisfy all of the issues identified by the FDA. Globus had previously estimated that it was likely to receive FDA clearance to market ExcelsiusGPSTM in the second calendar quarter of 2017. In light of the FDA correspondence, the Company no longer anticipates obtaining FDA clearance for ExcelsiusGPSTM during the second calendar quarter.

The Company reaffirms guidance for full year 2017 sales of \$625 million and non-GAAP fully diluted earnings per share of \$1.27.
