-

**Item 8.01. Other Events**

On June 13, 2006, Daniel P. Dyer, Chief Executive Officer of Marlin Business Services Corp. (NASDAQ: MRLN), adopted a pre-arranged stock trading plan to sell a portion of his company stock over time as part of his individual long-term strategy for asset diversification and liquidity.

The stock trading plan was adopted in accordance with Rule 10b5-1 of the Securities and Exchange Act of 1934. Rule 10b5-1 allows corporate officers and directors to adopt written, pre-arranged stock trading plans when they do not have material non-public information. Using their plans, company insiders can gradually diversify their investment portfolios over time while avoiding concerns that they had material non-public information when they sold their stock.

Under his Rule 10b5-1 Plan, Mr. Dyer may sell up to 62,080 shares over a period of approximately nine months (commencing in June 2006). The shares being sold by Mr. Dyer under the plan represent approximately 18.4% of the MRLN shares he beneficially owns as of June 13, 2006.
