1.1.1. As a result of the Transaction, TERMORIO will be wound up by operation of law, for all the legal purposes and effects, so that the Acquiring Company shall succeed TERMORIO in all its rights and liabilities, under universal title, all of it under the terms of Article 227 of Act no. 6.404/76.

1.2. The appraisal of the shareholders' equity of TERMORIO, for the purposes of the respective book entries at PETROBRAS, was performed at book value by the specialized company KPMG Auditores Independentes, as referred to in Item 2.1., on the base date established in Item 2.2 of this Protocol and Justification, based on the criteria provided for in Act no. 6.404/76 and in accordance with the criteria established in CVM Instruction 319/09, for preparation of the financial statements.

1.3. PETROBRAS Management shall be in charge of performing all the acts necessary for implementing the Merger, bearing all the costs and expenses arising out of this implementation.

1.4. Justification of the Transaction. PETROBRAS has been exploring alternatives for better performing its managerial activities and policies, taking into account the intent to streamline costs and increment its business, by means of the consolidation of their activities, considering that the maintenance of several managerial structures would stand as an increase in their operating costs, meanwhile it would imply loss of significant synergy relating to dealing with issues of its interest.

- 1.4.1. The Merger aims to transfer all assets, rights and liabilities of TERMORIO to PETROBRAS and is part of a process of corporate reorganization targeted at simplifying the corporate structure, reducing costs and streamlining the management of the involved assets.
- 1.4.2. Taking into account that PETROBRAS holds 100% (one hundred percent) of the shares representing the capital stock of TERMORIO, the Merger proposed shall not imply change to the capital stock of PETROBRAS, to the extent that the financial statements of PETROBRAS consolidate the book entries of TERMORIO.

ARTICLE TWO - APPRAISAL OF THE SHAREHOLDERS' EQUITY OF TERMORIO AND BASE DATE OF THE APPRAISAL

- 2.1. The appointment and designation of the specialized company KPMG Auditores Independentes, headquartered at Avenida Almirante Barroso, n° 52, 4° andar, Rio de Janeiro, Capital, duly registered with the Brazilian Register of Legal Entities of the Ministry of Finance under no. 57.755.217/0016-05, originally registered with the Regional Accounting Council of the State of São Paulo under no. CRC-SP-14428/0-6-F-RJ, as the party responsible for preparing the report of accounting appraisal of the shareholders' equity of the Acquired Company, to be transferred to PETROBRAS ("Accounting Appraisal Report"), which must be approved upon resolution of the Special General Meeting of the shareholders of PETROBRAS and TERMORIO, under the terms of Article 227 of Act no. 6.404/76.
- 2.2. KPMG Auditores Independentes is a company specialized in accounting appraisals, which has performed, at request of the management of the PARTIES, (i) the appraisal of the shareholders' equity of TERMORIO at its book value, based on the elements established in the audited Balance Sheet of TERMORIO, assessed on August 31, 2011 ("Merger Base Date"), thus standing as the value of the shareholders' equity to be transferred to PETROBRAS, and (ii) the preparation of the Accounting Appraisal Report, which stands as Annex I to this Protocol and Justification, and the values are subject to previous analysis and approval by the shareholders of PETROBRAS, under the terms of the law.

2.3. Considering that the sole shareholder of TERMORIO is PETROBRAS, and, thus, that there are no minority shareholders, the shareholders' equity appraisal report of the Companies is presented at book value, as provided for in Article 264 of Act 6.404/76.

ARTICLE THREE - AGGREGATE AMOUNT OF THE SHAREHOLDERS' EQUITY TO BE ACQUIRED

3.1. According to the appraisal performed, substantiated in the Appraisal Report, the book value of the shareholders' equity of TERMORIO to be transferred to PETROBRAS is BRL 2,428,303,374.14 (two billion, four hundred twenty-eight million, three hundred three thousand, three hundred seventy-four Reais and fourteen cents), abiding by the provisions in Article Four below.

3.2. The value of the shareholders' equity assessed is exactly equivalent to the asset investment account of PETROBRAS, since TERMORIO is a wholly-owned subsidiary of PETROBRAS. Thus, as a result of the Merger, the mere substitution of PETROBRAS' assets represented by its investment account referring to the interest in the capital stock of TERMORIO by the assets and liabilities of the Balance Sheet of TERMORIO shall be performed in the accounts of PETROBRAS.

3.3. The substitution of investments of PETROBRAS in TERMORIO for assets and liabilities referred to in the Balance Sheet of TERMORIO shall not imply change to the value of the shareholders' equity of PETROBRAS.

3.4. The balances of the credit and debit accounts of TERMORIO shall be transferred to the ledgers of PETROBRAS, with the necessary adjustments.

3.5. The assets, rights and liabilities of TERMORIO which are part of the shareholders' equity to be transferred to PETROBRAS are those described in details in the appraisal report, at book value.

ARTICLE FOUR - TREATMENT OF THE EQUITY CHANGES UNTIL THE MERGER DATE

4.1. The equity changes assessed over the period between the Base Date of the Merger and the actual Merger shall be absorbed by PETROBRAS and transferred to the books of PETROBRAS with its respective values on the Merger Date, thus not changing the values adopted in this Protocol and Justification for performance of the Merger.

ARTICLE FIVE – EXTINGUISHMENT OF THE SHARES OF TERMORIO

5.1. For the purposes of the Merger proposed in this Protocol and Justification, PETROBRAS' shares shall not be assigned to the shareholders, taking into account the fact that PETROBRAS is holder of all the shares issued by TERMORIO.

5.2. As a result, the 2.185.000.000 (two billion, one hundred and eighty-five million) no-par value registered ordinary shares issued by TERMORIO shall be extinguished, based on Article 226, paragraph 1 of Act no. 6.404/76, with the required adjustments and adaptations in the book entries of PETROBRAS.

5.3. There shall be no cancellation or issuance of new shares of PETROBRAS owing to the Merger, and there shall be no change to the value of its capital stock, so that, by the end of the Merger, the capital stock of PETROBRAS shall remain unchanged in the amount of BRL 205,379,728,979.46 (two hundred five billion, three hundred seventy-nine million, seven hundred twenty-eight thousand, nine hundred seventy-nine Reais and forty-six cents), divided in 13,044,496,930 (thirteen billion, forty-four million, four hundred ninety-six thousand, nine hundred and thirty) no-par value shares, of which 7,442,454,142 (seven billion, four hundred forty-two million, four hundred fifty-four thousand, one hundred and forty-two) are ordinary shares and 5,602,042,788 (five billion, six hundred two million, four hundred two thousand, seven hundred and eighty-eight) are preferred shares. Consequently, there shall be no change in the Articles of Incorporation of PETROBRAS.

ARTICLE SIX - REPORT TO THE AUDIT COMMITTEE OF PETROBRAS, THE BOARDS OF DIRECTORS OF PETROBRAS AND TERMORIO AND APPROVAL BY THE SHAREHOLDERS' GENERAL MEETINGS OF PETROBRAS AND TERMORIO

- (ii) UTE JUIZ DE FORA is a closely held company, with fully subscribed and paid-up capital stock in the amount of 109,127,468.50 (one hundred nine million, one hundred twenty-seven thousand, four hundred sixty-eight Reais and fifty cents), divided in 97,862,613 (ninety-seven million, eight hundred sixty-two thousand, six hundred and thirteen) no-par value ordinary shares;
- (iii) PETROBRAS is holder of all the shares issued by UTE JUIZ DE FORA, representing 100% of the voting capital stock and 100% of the total capital stock of UTE JUIZ DE FORA, and, thus, the latter is a wholly-owned subsidiary of PETROBRAS;
- (iv) The PARTIES intend to carry out a merger transaction through which PETROBRAS absorbs UTE JUIZ DE FORA, with the winding-up of the latter by operation of law, which shall be succeeded in all rights and liabilities by PETROBRAS, under universal title, all of it in accordance with Article 227 of Act no. 6.404, dated December 15, 1976 (“Act no. 6.404/76”);
- (v) The management of the companies has been exploring alternatives for better performing its managerial activities and policies, taking into account the intent to streamline costs and increment their business, by means of the consolidation of their activities, considering that the maintenance of several managerial structures would stand as an increase in their operating costs, meanwhile it would imply loss of significant synergy relating to dealing with issues of their interest;
- (vi) The merger of UTE JUIZ DE FORA into PETROBRAS will be submitted for approval of the shareholders of PETROBRAS and UTE JUIZ DE FORA;

IN WITNESS WHEREOF, the parties decide to execute this Protocol and Justification for Merger (“Protocol and Justification”), in accordance with Articles 224, 225 and 227 of Act no. 6.404/76, abiding by the provisions of the Instruction of the Securities Commission (CVM) No. 319, dated December 3, 1999 (“CVM Instruction 319/99”), and the following terms and conditions of which shall guide the merger proposal to be forwarded to their respective shareholders:

ARTICLE ONE - BASES OF THE PROPOSED TRANSACTION AND JUSTIFICATION

1.1. Proposed Transaction. The transaction consists in the merger of UTE JUIZ DE FORA into PETROBRAS, with the full transfer of the shareholders' equity of UTE JUIZ DE FORA, appraised at book value, to PETROBRAS ("Transaction" or "Merger").

1.1.1. As a result of the Transaction, UTE JUIZ DE FORA will be wound up by operation of law, for all the legal purposes and effects, so that the Acquiring Company shall succeed UTE JUIZ DE FORA in all its rights and liabilities, under universal title, all of it under the terms of Article 227 of Act no. 6.404/76.

1.2. The appraisal of the shareholders' equity of UTE JUIZ DE FORA, for the purposes of the respective book entries at PETROBRAS, was performed at book value by the specialized company KPMG Auditores Independentes, as referred to in Item 2.1., on the base date established in Item 2.2 of this Protocol and Justification, based on the criteria provided for in Act no. 6.404/76 and in accordance with the criteria established in CVM Instruction 319/09, for preparation of the financial statements.

1.3. PETROBRAS Management shall be in charge of performing all the acts necessary for implementing the Merger, bearing all the costs and expenses arising out of this implementation.

1.4. Justification of the Transaction. PETROBRAS has been exploring alternatives for better performing its managerial activities and policies, taking into account the intent to streamline costs and increment their business, by means of the consolidation of their activities, considering that the maintenance of several managerial structures would stand as an increase in their operating costs, meanwhile it would imply loss of significant synergy relating to dealing with issues of its interest.

- 1.4.1. The Merger aims to transfer all assets, rights and liabilities of UTE JUIZ DE FORA to PETROBRAS and is part of a process of corporate reorganization targeted at simplifying the corporate structure, reducing costs and streamlining the management of the involved assets.
- 1.4.2. Taking into account that PETROBRAS holds 100% (one hundred percent) of the shares representing the capital stock of UTE JUIZ DE FORA, the Merger proposed shall not imply change to the capital stock of PETROBRAS, to the extent that the financial statements of PETROBRAS consolidate the book entries of UTE JUIZ DE FORA.

ARTICLE TWO - APPRAISAL OF THE SHAREHOLDERS' EQUITY OF UTE JUIZ DE FORA AND BASE DATE OF THE APPRAISAL

- 2.1. The appointment and designation of the specialized company KPMG Auditores Independentes, registered with the CNPJ under no. 57.755.217/0016-05, city registration no. 66809-5, registered with the Accounting Regional Council (CRC) under no. CRC-SP-14428/0-6-F-RJ, headquartered at Avenida Almirante Barroso, n° 52 - 4° andar, Rio de Janeiro, RJ, as the party responsible for preparing the report of accounting appraisal of the shareholders' equity of the Acquired Company, to be transferred to PETROBRAS ("Accounting Appraisal Report"), which must be approved upon resolution of the Special General Meeting of the shareholders of PETROBRAS and UTE JUIZ DE FORA, under the terms of Article 227 of Act no. 6.404/76.
- 2.2. KPMG Auditores Independentes is a company specialized in accounting appraisals, which has performed, at request of the management of the PARTIES, (i) the appraisal of the shareholders' equity of UTE JUIZ DE FORA at its book value, based on the elements established in the audited Balance Sheet of UTE JUIZ DE FORA, assessed on August 31, 2011 ("Merger Base Date"), thus referring to the value of the shareholders' equity to be transferred to PETROBRAS, and (ii) the preparation of the Accounting Appraisal Report, which stands as Annex I to this Protocol and Justification, and the values are subject to previous analysis and approval by the shareholders of PETROBRAS, under the terms of the law.

2.3. Considering that the sole shareholder of UTE JUIZ DE FORA is PETROBRAS, and, thus, that there are no minority shareholders, the shareholders' equity appraisal report of the Companies is presented at book value, as provided for in Article 264 of Act 6.404/76.

ARTICLE THREE - AGGREGATE AMOUNT OF THE SHAREHOLDERS' EQUITY TO BE ACQUIRED

3.1. According to the appraisal performed, substantiated in the Appraisal Report, the book value of the shareholders' equity of UTE JUIZ DE FORA to be transferred to PETROBRAS is BRL 142,730,274.36 (one hundred forty-two million, seven hundred thirty thousand, seventy four Reais and thirty-six cents), abiding by the provisions in Article Four below.

3.2. The value of the shareholders' equity assessed is exactly equivalent to the asset investment account of PETROBRAS, since UTE JUIZ DE FORA is a wholly-owned subsidiary of PETROBRAS. Thus, as a result of the Merger, the mere substitution of PETROBRAS' assets represented by its investment account referring to the interest in the capital stock of UTE JUIZ DE FORA by the assets and liabilities of the Balance Sheet of UTE JUIZ DE FORA shall be performed in the accounts of PETROBRAS.

3.3. The substitution of investments of PETROBRAS in UTE JUIZ DE FORA for assets and liabilities referred to in the Balance Sheet of UTE JUIZ DE FORA shall not imply change to the value of the shareholders' equity of PETROBRAS.

3.4. The balances of the credit and debit accounts of UTE JUIZ DE FORA shall be transferred to the ledgers of PETROBRAS, with the necessary adjustments.

3.5. The assets, rights and liabilities of UTE JUIZ DE FORA which are part of the shareholders' equity to be transferred to PETROBRAS are those described in details in the appraisal report, at book value.

ARTICLE FOUR - TREATMENT OF THE EQUITY CHANGES UNTIL THE MERGER DATE

4.1. The equity changes assessed over the period between the Base Date of the Merger and the actual Merger shall be absorbed by PETROBRAS and transferred to the books of PETROBRAS with its respective values on the Merger Date, thus not changing the values adopted in this Protocol and Justification for performance of the Merger.

ARTICLE FIVE - EXTINGUISHMENT OF THE SHARES OF UTE JUIZ DE FORA

5.1. For the purposes of the Merger proposed in this Protocol and Justification, PETROBRAS' shares shall not be assigned to the shareholders, taking into account the fact that PETROBRAS is holder of all the shares issued by UTE JUIZ DE FORA.

5.2. As a result, the 97.862.613 (ninety-seven million, eight hundred sixty-two thousand, six hundred and thirteen) no value ordinary shares issued by UTE JUIZ DE FORA shall be extinguished, based on Article 226, paragraph 1 of Act no. 6.404/76, with the required adjustments and adaptations in the book entries of PETROBRAS.

5.3. There shall be no cancellation or issuance of new shares of PETROBRAS owing to the Merger, and there shall be no change to the value of its capital stock, so that, by the end of the Merger, the capital stock of PETROBRAS shall remain unchanged in the amount of BRL 205,379,728,979.46 (two hundred five billion, three hundred seventy-nine million, seven hundred twenty-eight thousand, nine hundred seventy-nine Reais and forty-six cents), divided in 13,044,496,930 (thirteen billion, forty-four million, four hundred ninety-six thousand, nine hundred and thirty) no-par value shares, of which 7,442,454,142 (seven billion, four hundred forty-two million, four hundred fifty-four thousand, one hundred and forty-two) are ordinary shares and 5,602,042,788 (five billion, six hundred two million, four hundred two thousand, seven hundred and eighty-eight) are preferred shares. Consequently, there shall be no change in the Articles of Incorporation of PETROBRAS.

ARTICLE SIX - REPORT TO THE AUDIT COMMITTEE AND BOARD OF DIRECTORS OF PETROBRAS AND APPROVAL BY THE SHAREHOLDERS' GENERAL MEETINGS OF PETROBRAS AND UTE JUIZ DE FORA

6.1. Board of Directors and Audit Committee. In abidance by the rulings in Article 163, item III, of Act no. 6.404/76, the Audit Committee of PETROBRAS shall report its position about the Transaction, and the Board of Directors of PETROBRAS shall also take cognizance of the Transaction, also approving the engagement of an auditing company for appraising the shareholders' equity of UTE JUIZ DE FORA and, under the terms of Article 142, item IV of Act no. 6.404/76, the Board of Directors of PETROBRAS and the Board of Executive Officers of UTE JUIZ DE FORA shall summon the Special General Meetings which shall deliberate on the Transaction.

6.2. Special General Meetings. For the implementation of the Transaction, the respective Special General Meetings of PETROBRAS' and UTE JUIZ DE FORA's shareholders shall be summoned, abiding by the terms and other procedures provided for under the law.

ARTICLE SEVEN - GENERAL PROVISIONS

7.1. Taking into account that UTE JUIZ DE FORA is a wholly-owned subsidiary of PETROBRAS, the provisions related to (i) change relationship; and (ii) reimbursement to shareholders of UTE JUIZ DE FORA shall not be applicable.

7.2. Documents at the disposal of the Shareholders. Abiding by the provisions in Article 3 of CVM Instruction 319/99, all the documents referred to in this Protocol and Justification shall be at the disposal of the shareholders of PETROBRAS and may be referred to in the principal place of business and at the website of PETROBRAS (www.petrobras.com), at the Securities Commission - CVM, at Sete de Setembro Street, no. 111, 5th floor - Centro de Consultas (Query Center), Downtown, Rio de Janeiro, State of Rio de Janeiro or at Cincinato Braga Street, no. 340, 2nd to 4th floors - Delta Plaza Building, São Paulo, State of São Paulo and at its website (www.cvm.org.br) and at BM&FBOVESPA, at XV de Novembro Street, no. 275, São Paulo, State of São Paulo and at its website (www.bovespa.com.br).

1.3. FAFEN ENERGIA Management shall be in charge of performing all the acts necessary for implementing the Merger, bearing all the costs and expenses arising out of this implementation.

1.4. Justification of the Transaction. FAFEN ENERGIA has been exploring alternatives for better performing its managerial activities and policies, taking into account the intent to streamline costs and increment its business, by means of the consolidation of their activities, considering that the maintenance of several managerial structures would stand as an increase in their operating costs, meanwhile it would imply loss of significant synergy relating to dealing with issues of its interest.

1.4.1. The merger aims to transfer all assets, rights and liabilities of UTE BAHIA I to FAFEN ENERGIA and is part of a process of corporate reorganization targeted at simplifying the corporate structure, reducing costs and streamlining the management of the involved assets.

1.4.2. Taking into account that FAFEN ENERGIA holds 100% (one hundred percent) of the shares representing the capital stock of UTE BAHIA I, the Merger proposed shall not imply change to the capital stock of FAFEN ENERGIA, to the extent that the financial statements of FAFEN ENERGIA consolidate the book entries of UTE BAHIA I.

ARTICLE TWO - APPRAISAL OF THE SHAREHOLDERS' EQUITY OF UTE BAHIA I AND BASE DATE OF THE APPRAISAL

2.1. The appointment and designation of the specialized company KPMG Auditores Independentes, registered with the CNPJ under no. 57.755.217/0016-05, registered with the Accounting Regional Council (CRC) under no. CRC-014428/F-7, headquartered at Avenida Tancredo Neves, n° 450, edifício Suarez Trade, 17° andar, Salvador - BA, as the party responsible for preparing the report of accounting appraisal of the shareholders' equity of the Acquired Company, to be transferred to FAFEN ENERGIA ("Accounting Appraisal Report"), which must be approved upon resolution of the Shareholders' Meeting of UTE BAHIA I and Special General Meeting of FAFEN ENERGIA, under the terms of Articles 1.117 and 1.118, both of the Civil Code and Article 227 of Act no. 6.404/76.

2.2. KPMG Auditores Independentes is a company specialized in accounting appraisals, which has performed, at request of the management of the PARTIES, (i) the appraisal of the shareholders' equity of UTE BAHIA I at its book value, based on the elements established in the audited Balance Sheet of UTE BAHIA I, assessed on August 31, 2011 ("Merger Base Date"), thus standing as the value of the shareholders' equity to be transferred to FAFEN ENERGIA, and (ii) the preparation of the Accounting Appraisal Report, which stands as Annex I to this Protocol and Justification, and the values are subject to previous analysis and approval by the shareholders of FAFEN ENERGIA, under the terms of the law.

ARTICLE THREE - AGGREGATE AMOUNT OF THE SHAREHOLDERS' EQUITY TO BE ACQUIRED

3.1. According to the appraisal performed, substantiated in the Appraisal Report, the book value of the shareholders' equity of UTE BAHIA I to be transferred to FAFEN ENERGIA is BRL 8,745,745.42 (eight million, seven hundred forty-five thousand, seven hundred forty-five Reais and forty-two cents), abiding by the provisions in Article Four below.

3.2. The value of the shareholders' equity assessed is exactly equivalent to the asset investment account of FAFEN ENERGIA, since UTE BAHIA I is a wholly-owned subsidiary of FAFEN ENERGIA. Thus, as a result of the Merger, the mere substitution of FAFEN ENERGIA' assets represented by its investment account referring to the interest in the capital stock of UTE BAHIA I by the assets and liabilities of the Balance Sheet of UTE BAHIA I shall be performed in the accounts of FAFEN ENERGIA.

3.3. The substitution of investments of FAFEN ENERGIA in UTE BAHIA I by assets and liabilities referred to in the Balance Sheet of UTE BAHIA I shall not imply change to the value of the shareholders' equity of FAFEN ENERGIA.

3.4. The balances of the credit and debit accounts of UTE BAHIA I shall be transferred to the ledgers of FAFEN ENERGIA, with the necessary adjustments.

3.5. The assets, rights and liabilities of UTE BAHIA I which are part of the shareholders' equity to be transferred to FAFEN ENERGIA are those described in details in the appraisal report, at book value.

ARTICLE FOUR - TREATMENT OF THE EQUITY CHANGES UNTIL THE MERGER DATE

4.1. The equity changes assessed over the period between the Base Date of the Merger and the actual Merger shall be absorbed by FAFEN ENERGIA and transferred to the books of FAFEN ENERGIA with its respective values on the Merger Date, thus not changing the values adopted in this Protocol and Justification for performance of the Merger.

ARTICLE FIVE - EXTINGUISHMENT OF THE SHARES OF UTE BAHIA I

5/7

5.1. For the purposes of the Merger proposed in this Protocol and Justification, FAFEN ENERGIA's shares shall not be assigned to the members, taking into account the fact that FAFEN ENERGIA is holder of all the shares issued by UTE BAHIA I.

5.2. As a result, the 8,158,086 (eight million, one hundred fifty-eight thousand and eighty six) shares with par-value of BRL 1.00 (one Real) issued by UTE BAHIA I shall be extinguished, based on Article 226, Paragraph 1 of Act no. 6.404/76, with the required adjustments and adaptations in the book entries of FAFEN ENERGIA.

5.3. There shall be no cancellation or issuance of new shares of FAFEN ENERGIA owing to the Merger, and there shall be no change to the value of its capital stock, so that, by the end of the Merger, the capital stock of FAFEN ENERGIA shall remain unchanged in the amount of BRL 380,573,813.00 (three hundred eighty million, five hundred seventy-three thousand, eight hundred and thirteen Reais), divided in 380.573.813 (three hundred eighty million, five hundred seventy-three thousand, eight hundred and thirteen) no-par value ordinary shares. Consequently, there shall be no change in the Articles of Incorporation of FAFEN ENERGIA.

ARTICLE SIX - REPORT TO THE BOARD OF DIRECTORS AND APPROVAL BY THE MEETING OF MEMBERS OF UTE BAHIA I AND BY THE SHAREHOLDERS' GENERAL MEETING OF FAFEN ENERGIA

- 6.1. Board of Directors. In abidance by the Articles of Incorporation of FAFEN ENERGIA and the Articles of Organization of UTE BAHIA I, the Board of Directors of FAFEN ENERGIA shall be informed of the Transaction, approving the engagement of an auditing company for appraising the shareholders' equity of UTE BAHIA I and, under the terms of Article 142, item IV of Act no. 6.404/76, summon the Special General Meeting of FAFEN ENERGIA which shall deliberate on the Transaction.
- 6.2. Board of Executive Officers. The Board of Executive Officers of UTE BAHIA I shall summon a Meeting of Members, after prior statement by the Board of Directors of FAFEN ENERGIA, to deliberate on the Transaction.

6.3. Special General Meeting and Meeting of Members. For the implementation of the Transaction, the respective Special General Meeting of the shareholders of FAFEN ENERGIA and the Meeting of Members of UTE BAHIA I shall be summoned, abiding by the terms and other procedures provided for under the law.

ARTICLE SEVEN - GENERAL PROVISIONS

7.1. Taking into account that UTE BAHIA I is a wholly-owned subsidiary of FAFEN ENERGIA, the provisions related to (i) change relationship; and (ii) reimbursement to the members of UTE BAHIA I shall not be applicable.

IN WITNESS WHEREOF, the PARTIES execute this Protocol and Justification in 2 (two) counterparts of equal content and form and for only one purpose, together with two witnesses identified below.

In order not to have this legal limit in the auditor's opinion infringed, in a clear opposition to the standard, this shall not be combined, incorporated or associated to other documents or certain groups of information which extrapolate those which are integral part of the audited financial statements, as there may occur, for instance, in cases where the auditor's opinion is inadequately incorporated to leaflets for offer of securities.

Therefore, in cases of offer of securities to the public, the auditor shall consider any relevant legal requirement, applicable in all jurisdictions where the securities are being offered. For instance, the auditor may be compelled to enforce additional auditing procedures until the date of the final offer document, or on a date close to the effective date of the final offer document. Likewise, there must be included the reading of the offer document in order to evaluate if other information contained in said document are not inconsistent with the accounting information to which the auditor is related.

Furthermore, the Securities Commission (CVM) provides for that independent public accountants, in the enforcement of their activities within the scope of the securities market, in case they verify any significant irregularity which has or may have significant implications in the audited entity operations, shall inform said fact to CVM, in writing, within the statutory term (CVM Ruling n° 308/99, art. 25).

In view of the foregoing ground, the auditors' report and the other documents and materials we issue for the **Company**, as a result of this hiring, may not be referred to or used within the scope of any securities offer, of whatsoever type, in any place or otherwise inappropriate, especially in view of the clarifications in this section.

Therefore, in case the **Company** wish to use the auditors' report or other documents issued due to this hiring for any of the hypothesis referred to in the previous paragraph, they shall previously consult with us within a reasonable advance period so that we may discuss and, whenever possible, agree upon any additional audit procedures, as well as the corresponding fees, which shall make it feasible the regular use of said documents for the intended purpose by the **Company**.

C - Working papers

During the enforcement of the audit services, we shall have access to verbal and written information, documents and data in general, which shall be recorded and files, if necessary, in electronic means, being the **Company** responsible for their upkeep, for the legal term, of all accounting records and other

documents which support commercial and tax records. Even so, pursuant to the professional legal and statutory standards from the several technical areas required for the enforcement of the services hereof, aiming at documenting significant aspects, if necessary, we may hold and keep in our files, copies and notes of all the verbal and written information, documents and data in general, including classified information which may be made available to us as a result or due to the contracted services rendering.

D - Confidentiality

Upon the occurrence of any request, you shall be previously informed, so that you may adopt the measures you deem appropriate for the protection of your interests. The mere non-authorization, not being grounded on judicial protection shall not be enough to prevent the fulfillment of the resolution from said authority.

In case one of the parties receives a summons or another administrative or judicial demand validly issued, requesting the disclosure of the classified information from the other party, said party shall immediately issue a warning notice about said request in writing to the other party, in order to allow it to search for a protection order. Accordingly, the **Company** shall be the sole responsible for the performance of their employees and agents, and for the accuracy and integrity of the data and information provided to us for the purposes of the services hereof. B - Property and use of results

In order to improve our services, we create, acquire or own several concepts, methodologies and techniques, templates, standards, software, operator interfaces or screen designs, advisory tools in general and software with methods, logics and coherence regarding systems operation (jointly referred to as "**KPMG** Property"). We hold all the right of **KPMG** Property. Accordingly, there shall be no interest or right over said property by the **Company**. Furthermore, regardless of the acceptance of this offer by the **Company**, we shall be free to offer services of whatsoever type to any other party, in the manner we deem suitable, and we may use **KPMG** Property for that purpose. Therefore, the **Company** undertakes to award damages, defend and secure us from and against any liabilities summoned against **KPMG**, by any third parties, resulting from the undue use, possession or disclosure.

Professional services rendering offer 5

The Company undertakes to previously and expressly consult with us about any intentions of disclosing any material made available by us to third parties, due to or as a result of the services hereof or the total or partial reproduction thereof, and to make available the material to be disclosed, in writing, at that time of the consultation so that we may have means to appraise and issue an opinion, exclusively according to the ethical and legal principles to which we are subject by internal, statutory and legal conventions.

Moreover, we clarify for due purposes that "the audit of the financial statements constitutes a set of technical procedures which has as a purpose the issuance of a report about its compliance, pursuant to the Key Accounting Principles and the Brazilian Accounting Standards, and, where applicable, to specific legislation" and that "the independent public accountant's report has as limits, the very purposes of the audit for the financial statements and does not state, therefore, a guarantee of future feasibility of the entity or any type of affidavit regarding the efficiency of the senior management in relation to business management".

In order not to have this legal limit in the auditor's opinion infringed, in a clear opposition to the standard, this shall not be combined, incorporated or associated to other documents or certain groups of information which extrapolate those which are integral part of the audited financial statements, as there may occur, for instance, in cases where the auditor's opinion is inadequately incorporated to leaflets for offer of securities.

Therefore, in cases of offer of securities to the public, the auditor shall consider any relevant legal requirement, applicable in all jurisdictions where the securities are being offered. For instance, the auditor may be compelled to enforce additional auditing procedures until the date of the final offer document, or on a date close to the effective date of the final offer document. Likewise, there must be included the reading of the offer document in order to evaluate if other information contained in said document are not inconsistent with the accounting information to which the auditor is related.

Furthermore, the Securities Commission (CVM) provides for that independent public accountants, in the enforcement of their activities within the scope of the securities market, in case they verify any significant irregularity which has or may have significant implications in the audited entity operations, shall inform said fact to CVM, in writing, within the statutory term (CVM Ruling n° 308/99, art. 25).

In view of the foregoing ground, the auditors' report and the other documents and materials we issue for the **Company**, as a result of this hiring, may not be referred to or used within the scope of any securities offer, of whatsoever type, in any place or otherwise inappropriate, especially in view of the clarifications in this section.

Therefore, in case the **Company** wish to use the auditors' report or other documents issued due to this hiring for any of the hypothesis referred to in the previous paragraph, they shall previously consult with us within a reasonable advance period so that we may discuss and, whenever possible, agree upon any additional audit procedures, as well as the corresponding fees, which shall make it feasible the regular use of said documents for the intended purpose by the **Company**.

C - Working papers

During the enforcement of the audit services, we shall have access to verbal and written information, documents and data in general, which shall be recorded and files, if necessary, in electronic means, being the **Company** responsible for their upkeep, for the legal term, of all accounting records and other

documents which support commercial and tax records. Even so, pursuant to the professional legal and statutory standards from the several technical areas required for the enforcement of the services hereof, aiming at documenting significant aspects, if necessary, we may hold and keep in our files, copies and notes of all the verbal and written information, documents and data in general, including classified information which may be made available to us as a result or due to the contracted services rendering.

D - Confidentiality

The Company, upon accepting this offer, acknowledge its validity, and agree with its terms, and, therefore, undertake, as well as **KPMG**, to act in a manner so that all the information provided by one party (Disclosing Party) to the other (Receiving Party), regarding the service agreed upon hereby, shall be received in confidentiality, used only for the purposes of the enforcement of the auditing services and that no classified information is disclosed by the Receiving Party neither by its agents or personnel without previous consent in writing from the Disclosing Party.

The liability of confidentiality is not applicable to the information which: (i) is already known by the Receiving Party without liability of confidentiality on the occasion of disclosure by the Disclosing Party; (ii) is public domain or become public domain without infringement to this offer; (iii) is legally received from third parties who are not subject to commitments or agreements of confidentiality with the Disclosing Party; (iv) is developed independent from the Receiving Party, not using classified information from the Receiving Party; (v) is disclosed, without similar restrictions, to third parties, by the Disclosing Party; (vi) is approved by the Disclosing Party for disclosure, or is no longer deemed by the Disclosing Party as being classified information; (vii) has its disclosure required pursuant to the law, by relevant authority or professional standard; or (viii) needs to be disclosed so that the Receiving Party may defend itself, in case of initiation of an administrative, arbitral or judicial procedure against it.

The **Company** hereby authorizes **KPMG** to share classified information with other KPMG International's member firms, before, during and after the rendering of the services agreed upon, provided that these undertake to observe the confidentiality of the classified information.

We inform that we may be requested to grant access and/or to supply with copies of four working papers which have served as a basis for the issuance of our quarterly statements review report or the auditors' report, compliant to the scope set forth herein, to the inspection of regulating organizations to which the Company are subordinate, due to their activity or the fact of being an open capital entity.

Upon the occurrence of any request, you shall be previously informed, so that you may adopt the measures you deem appropriate for the protection of your interests. The mere non-authorization, not being grounded on judicial protection shall not be enough to prevent the fulfillment of the resolution from said authority.

In case one of the parties receives a summons or another administrative or judicial demand validly issued, requesting the disclosure of the classified information from the other party, said party shall immediately issue a warning notice about said request in writing to the other party, in order to allow it to search for a protection order. As soon as the summoned party to disclose said information provides the notice, this party shall be entitled to submit to said request to the extent as provided for by the law or established in said request, being subject to any protection order or any other similar which is valid and effective that the affected party regarding the confidentiality of the information may obtain.

The undue use of said information by third parties shall not **KPMG's** responsibility.

F - Termination

The non-compliance of any condition set forth herein, as well as the enforcement of its purpose in disagreement with the provisions agreed upon, shall entitle the aggrieved party to terminate it upon express notice to the infringing party, with an advance period of ten business days.

A – Responsibilities and limitations

We hereby clarify that the events and circumstances referred to hereinafter are inherent to the auditing works aimed at supporting the Book Value Appraisal Reports and may not, by no means, be deemed as insufficient or deficiency of whatsoever nature regarding the auditing services:

- a. The auditing services shall be developed based on tests and, in view of this limitation and of others which are inherent to the audit, and any internal control system, it is possible that occasional significant fault in the accounting net access is not detected.
- b. The scope of the work offered herein does not consider the specific and stated liability from KPMG to detect frauds in the business operations, in records and documents from the Company. Nevertheless, in case evidence or the existence of frauds is verified, or the mere existence of an appropriate environment for said event, said fact shall be promptly informed to the Company's Senior Management.
- c. The scope of the auditing works does not consider the compliance to personal or specific interests and is related to legal, statutory and ethical issues which determine that the work is carried out in an independent manner.
- d. Our legislation is complex, and, many times, the same provision has more than one construal. KPMG aims at keeping updated with the several interpretation options, enabling a broader appraisal of the alternatives and risk involved. Therefore, there may be interpretations of the law which are different from ours. Accordingly, neither KPMG, nor another company may ensure the Company with full assurance that they shall not be questioned by third parties or even notified by inspection.
- e. There are circumstances in which the shortcomings in the internal controls documentation or accounting records impose the need to add "emphasis paragraph" or exception paragraphs to the auditors' report, evidencing to the reader certain aspects or limitations in the information contained in the audited financial statements.
- f. Our appraisal shall be performed based on the fact that the management acknowledges and understands that is liable to:
 - a. The development and appropriate submission of the accounting statements in accordance with the accounting practices adopted in Brazil.

- ii. Additional information that the auditor may request from the management for audit purposes.
- iii. Irrestricted access to persons within the entity that the auditor may deem necessary in order to obtain audit evidence.

As part of the auditing procedures, we shall be entitled to request from the Management [and whenever deemed necessary, from the persons responsible for governance], confirmation in writing of the verbal information and representations which were given to us in relation to the audit.

Accordingly, the **Company** shall be the sole responsible for the performance of their employees and agents, and for the accuracy and integrity of the data and information provided to us for the purposes of the services hereof. By no means shall **KPMG** be responsible for damages or losses resulting from the inadequate submission of data by the Company, which may adversely affect the regular progress or the result of the services, neither shall they bear said damages or losses. Likewise, **KPMG** shall not be held liable for the quality or sufficiency of the documents, main and ancillary accounting records and data which may be made available in response to the requests it makes.

Our services may include recommendations; however, the decisions referring to the implementation of said recommendations shall be under full responsibility of the **Company**. Therefore, in the capacity of a service provider, **KPMG** shall not be responsible for any management act the **Company** may adopt or practice based on or as a result of information, auditors' report and reports resulting from the Auditing services which are object of this offer, neither for the undue or unauthorized use the Company makes thereof, directly or indirectly, or by favoring third parties to do so.

B - Property and use of results

In order to improve our services, we create, acquire or own several concepts, methodologies and techniques, templates, standards, software, operator interfaces or screen designs, advisory tools in general and software with methods, logics and coherence regarding systems operation (jointly referred to as "**KPMG** Property"). We hold all the right of **KPMG** Property. Accordingly, there shall be no interest or right over said property by the **Company**. Furthermore, regardless of the acceptance of this offer by the **Company**, we shall be free to offer services of whatsoever type to any other party, in the manner we deem suitable, and we may use **KPMG** Property for that purpose. We acknowledge that **KPMG** Property shall not include any of the classified information from the **Company**, neither their tangible or intangible property, and we shall not have any rights over the Company's property.

The acceptance hereof shall imply in the acknowledgment and consent by the **Company** that any other advice, recommendations and/or information provided by us regarding this offer, shall be for their confidential use. Except as provided for by the law or in cases where the product we delivered has as purpose the disclosure to third parties, the **Company** shall not expose or grant access to said advice, recommendations, information, as well as to the result of the work, to third parties, neither shall they summarize or refer to said advice, recommendations and/or information nor to the result of the work or to the content of the documents which grounded our hiring, including hereof, unless upon previous and express valid consent from us. Therefore, the **Company** undertakes to award damages, defend and secure us from and against any liabilities summoned against **KPMG**, by any third parties, resulting from the undue use, possession or disclosure.

The Company undertakes to previously and expressly consult with us about any intentions of disclosing any material made available by us to third parties, due to or as a result of the services hereof or the total or partial reproduction thereof, and to make available the material to be disclosed, in writing, at that time of the consultation so that we may have means to appraise and issue an opinion, exclusively according to the ethical and legal principles to which we are subject by internal, statutory and legal conventions.

Moreover, we clarify for due purposes that "the audit of the financial statements constitutes a set of technical procedures which has as a purpose the issuance of a report about its compliance, pursuant to the Key Accounting Principles and the Brazilian Accounting Standards, and, where applicable, to specific legislation" and that "the independent public accountant's report has as limits, the very purposes of the audit for the financial statements and does not state, therefore, a guarantee of future feasibility of the entity or any type of affidavit regarding the efficiency of the senior management in relation to business management".

In order not to have this legal limit in the auditor's opinion infringed, in a clear opposition to the standard, this shall not be combined, incorporated or associated to other documents or certain groups of information which extrapolate those which are integral part of the audited financial statements, as there may occur, for instance, in cases where the auditor's opinion is inadequately incorporated to leaflets for offer of securities.

Therefore, in cases of offer of securities to the public, the auditor shall consider any relevant legal requirement, applicable in all jurisdictions where the securities are being offered. For instance, the auditor may be compelled to enforce additional auditing procedures until the date of the final offer document, or on a date close to the effective date of the final offer document. Likewise, there must be included the reading of the offer document in order to evaluate if other information contained in said document are not inconsistent with the accounting information to which the auditor is related.

Furthermore, the Securities Commission (CVM) provides for that independent public accountants, in the enforcement of their activities within the scope of the securities market, in case they verify any significant irregularity which has or may have significant implications in the audited entity operations, shall inform said fact to CVM, in writing, within the statutory term (CVM Ruling n° 308/99, art. 25).

In view of the foregoing ground, the auditors' report and the other documents and materials we issue for the **Company**, as a result of this hiring, may not be referred to or used within the scope of any securities offer, of whatsoever type, in any place or otherwise inappropriate, especially in view of the clarifications in this section.

Therefore, in case the **Company** wish to use the auditors' report or other documents issued due to this hiring for any of the hypothesis referred to in the previous paragraph, they shall previously consult with us within a reasonable advance period so that we may discuss and, whenever possible, agree upon any additional audit procedures, as well as the corresponding fees, which shall make it feasible the regular use of said documents for the intended purpose by the **Company**.

C - Working papers

During the enforcement of the audit services, we shall have access to verbal and written information, documents and data in general, which shall be recorded and files, if necessary, in electronic means, being the **Company** responsible for their upkeep, for the legal term, of all accounting records and other

documents which support commercial and tax records. Even so, pursuant to the professional legal and statutory standards from the several technical areas required for the enforcement of the services hereof, aiming at documenting significant aspects, if necessary, we may hold and keep in our files, copies and notes of all the verbal and written information, documents and data in general, including classified information which may be made available to us as a result or due to the contracted services rendering.

D - Confidentiality

The Company, upon accepting this offer, acknowledge its validity, and agree with its terms, and, therefore, undertake, as well as **KPMG**, to act in a manner so that all the information provided by one party (Disclosing Party) to the other (Receiving Party), regarding the service agreed upon hereby, shall be received in confidentiality, used only for the purposes of the enforcement of the auditing services and that no classified information is disclosed by the Receiving Party neither by its agents or personnel without previous consent in writing from the Disclosing Party.

The liability of confidentiality is not applicable to the information which: (i) is already known by the Receiving Party without liability of confidentiality on the occasion of disclosure by the Disclosing Party; (ii) is public domain or become public domain without infringement to this offer; (iii) is legally received from third parties who are not subject to commitments or agreements of confidentiality with the Disclosing Party; (iv) is developed independent from the Receiving Party, not using classified information from the Receiving Party; (v) is disclosed, without similar restrictions, to third parties, by the Disclosing Party; (vi) is approved by the Disclosing Party for disclosure, or is no longer deemed by the Disclosing Party as being classified information; (vii) has its disclosure required pursuant to the law, by relevant authority or professional standard; or (viii) needs to be disclosed so that the Receiving Party may defend itself, in case of initiation of an administrative, arbitral or judicial procedure against it.

The **Company** hereby authorizes **KPMG** to share classified information with other KPMG International's member firms, before, during and after the rendering of the services agreed upon, provided that these undertake to observe the confidentiality of the classified information.

We inform that we may be requested to grant access and/or to supply with copies of four working papers which have served as a basis for the issuance of our quarterly statements review report or the auditors' report, compliant to the scope set forth herein, to the inspection of regulating organizations to which the Company are subordinate, due to their activity or the fact of being an open capital entity.

Upon the occurrence of any request, you shall be previously informed, so that you may adopt the measures you deem appropriate for the protection of your interests. The mere non-authorization, not being grounded on judicial protection shall not be enough to prevent the fulfillment of the resolution from said authority.

In case one of the parties receives a summons or another administrative or judicial demand validly issued, requesting the disclosure of the classified information from the other party, said party shall immediately issue a warning notice about said request in writing to the other party, in order to allow it to search for a protection order. As soon as the summoned party to disclose said information provides the notice, this party shall be entitled to submit to said request to the extent as provided for by the law or established in said request, being subject to any protection order or any other similar which is valid and effective that the affected party regarding the confidentiality of the information may obtain.

The undue use of said information by third parties shall not **KPMG's** responsibility.

F - Termination
