Petrobras confirms potential of Muriu area in Sergipe Basin

Rio de Janeiro, August 16th, 2013 – Petróleo Brasileiro S.A. – Petrobras announces drilling results for the extension well 3-SES-175D (3-BRSA-1180-D-SES), informally known as Muriú 1, located in the BM-SEAL-10 concession area, blocks SEAL-M-347 and SEAL-M-424, in ultra deep waters of Sergipe Basin.

The results confirm the extent of the previous light oil and natural gas discovery in the Muriú area, in turbidity reservoirs, as per market announcement released on December 5, 2012.

The well is located 83 km from the city of Aracaju, 4.4 km from the discovery well and at a water depth of 2,432 meters, confirming a 24-meter thick reservoir, featuring good permo-porosity characteristics.

This well reached the total depth of 5,627 meters. A formation test will be conducted in the future to check reservoir productivity.

This accumulation is part of the development plan for deep water frontiers in the Sergipe-Alagoas Basin, in accordance with Petrobras 2013-2017 Business and Management Plan.

Petrobras will proceed with the Discovery Evaluation Plan (PAD), which is under approval by Brazil's Petroleum, Natural Gas and Biofuels Agency (ANP).

Petrobras holds 100% stake in BM-SEAL-10 concession.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
