ITEM 8.01 OTHER EVENTS

During the second quarter of 2016, Apache voluntarily changed its method of accounting for oil and gas exploration and development activities from the full cost method to the successful efforts method. Accordingly, certain financial information for prior periods has been recast to reflect retrospective application of the successful efforts method. In addition, in the first quarter of 2016, the Company retrospectively adopted a new accounting standard update which requires debt issuance costs to be presented as a direct deduction from the carrying value of the associated debt liability, consistent with debt discounts. The Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2016, that was filed by the Company on August 4, 2016 reflects these accounting changes and updates for the relevant periods therein.

We have recast certain information in our filing to reflect the retrospective application of these changes in accounting principles for all periods presented in the following sections of our Annual Report on Form 10-K for the year ended December 31, 2015 (the "Previously Filed Annual Report") as follows:

Part II, Item 6. Selected Financial Data,

Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations,

Part II, Item 7A. Quantitative and Qualitative Disclosures About Market Risk,

- Part IV, Item 15. Exhibits and Financial Statement Schedules (only sub-Item (a)(1), excluding Report of Management on page F-1 and Report of Independent Registered Public Accounting Firm on page F-3), and
- Part IV, Item 15. Exhibits and Financial Statement Schedules (only sub-Item (a)(3) Exhibit No. 12.1, Statement of Computation of Ratios of Earnings to Fixed Charges and Combined Fixed Charges and Preferred Stock Dividends).

As this Current Report on Form 8-K is being filed only for the purpose described above, and only affects the Items specified above, the other information in the Previously Filed Annual Report filed with the Securities Exchange Commission (SEC) on February 26, 2016 remains unchanged. No attempt has been made in this Current Report on Form 8-K to modify or update disclosures in the Previously Filed Annual Report, except for the revision of certain financial information as described above. This Current Report on Form 8-K does not reflect events occurring after the filing of the Previously Filed Annual Report. Accordingly, this Current Report on Form 8-K should be read in conjunction with the Previously Filed Annual Report and the Company's filings made with the SEC subsequent to the filing of the Previously Filed Annual Report, including any amendments to those filings.
