Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) The Compensation Committee (the “Committee”) of the Board of Directors (the “Board”) of Qualcomm Incorporated (the “Company”) recognizes that the possibility of the termination of an executive officer’s employment, and the uncertainty it creates, may result in the loss or distraction of the executive officer, as well as presenting challenges in recruiting potential executive officers, all to the detriment of the Company and its stockholders. The Committee considers the avoidance of such loss, distraction and challenges to be essential to protecting and enhancing the best interests of the Company and its stockholders. To help ensure that the Company has the continued attention and dedication of these executives and the availability of their continued service, to facilitate the Company’s recruiting efforts and to provide severance benefits upon a qualifying termination, as is the case at a majority of the peer companies identified in the Company’s most recent annual proxy statement, on September 20, 2018, the Committee adopted the Qualcomm Incorporated Executive Officer Severance Plan (the “Plan”). The Plan covers the Company’s Chief Executive Officer, President and Executive Vice Presidents in circumstances not covered by the Company’s previously adopted Executive Officer Change in Control Severance Plan.

Pursuant to the Plan, if a participant’s employment is terminated by the Company without “cause” or by the participant for “good reason” (in each case, as defined in the Plan) in circumstances not covered under the Company’s Executive Officer Change in Control Severance Plan, then the participant will receive, subject to the participant’s execution and compliance with a separation agreement containing a release and non-disparagement agreement and an Invention Disclosure, Confidentiality and Propriety Rights Agreement: (i) a severance payment of two times, in the case of the Chief Executive Officer, and 1.5 times, in the case of all other participants, the participant’s annual base salary and target bonus; (ii) a pro rata target bonus for the year in which the termination occurs; and (iii) continued payment for the cost of the participant’s premiums for health continuation coverage under COBRA for a period equal to the number of months of severance pay but no longer than the end of the COBRA period.

In addition, for the above stated reasons, the Plan modifies the termination provisions of certain outstanding equity awards. In the event of a qualifying termination under the Plan: (A) in the case of a restricted stock unit award outstanding on the date of adoption of the Plan, a participant will vest in a number of shares equal to (1) the number of restricted stock units under the award multiplied by a fraction, the numerator of which is the number of months from the date of grant through the first anniversary of the date of termination (or the final vesting date of the restricted stock unit, if earlier) and the denominator of which is the full number of months from the date of grant until the final vesting date, minus (2) the number of restricted stock units (if any) that have vested prior to the date of termination; and (B) in the case of a performance stock unit award outstanding on the date of adoption of the Plan, the award will vest pro rata at the end of the performance period based on actual performance through the end of the year in which the termination occurs.

The Company can modify or terminate the Plan at any time, except that no action that has the effect of reducing the rights of any participant under the Plan will be effective during the one-year period following the date on which the action is taken without the written consent of the participant.

Additional terms and conditions are set forth in the Plan, a copy of which is filed with this report as Exhibit 10.1. The foregoing description is subject to, and qualified in its entirety by, the Plan.
