### **DATA I/O ANNOUNCES FOURTH QUARTER AND 2009 FINANCIAL RESULTS**

**Redmond, Wash., February 25, 2010** – Data I/O Corporation (NASDAQ: DAIO), the leading provider of manual and automated device programming systems, today announced financial results for the fourth quarter and year ended December 31, 2009.

Revenues for the fourth quarter of 2009 were \$5.0 million, compared with \$5.6 million in the fourth quarter of 2008 and \$5.3 million in the third quarter of 2009. In accordance with U.S. generally accepted accounting principles (GAAP), net income in the fourth quarter of 2009 was \$6,000, compared with net income of \$78,000, or \$0.01 per diluted share, in the fourth quarter of 2008.

Revenues for the full year 2009 were \$18.5 million, compared with \$27.6 million in 2008. In accordance with U.S. generally accepted accounting principles (GAAP), net loss for 2009 was (\$811,000), or (\$0.09) per share, compared with net income of \$5.1 million or \$0.57 per diluted share in 2008.

Gross margin as a percentage of sales in the fourth quarter of 2009 was 53.4 percent, compared with 58.3 percent in the fourth quarter of 2008 and 56.2 percent in the third quarter of 2009. This gross margin percentage decline compared to the fourth quarter of 2008 was primarily due to the impact of decreased sales volume relative to fixed operating costs. Backlog at December 31, 2009 was \$1.9 million, up from \$876,000 at the end of the third quarter of 2009 and compares to \$2.0 million at December 31, 2008.

Reflecting our continued emphasis on controlling costs and the past year's restructuring actions, operating expenses were \$2.7 million for the fourth quarter of 2009 compared with \$3.2 million for the fourth quarter of 2008. Operating expenses for the year 2009 were \$10.8 million, including restructuring costs of \$203,000, compared to 2008 of \$13.1 million, including restructuring costs of \$542,000. Operating income in 2008 included a gain from the sale of patents of \$2.1 million.

The company's cash position at December 31, 2009 was \$15.6 million, an improvement of \$311,000 during the fourth quarter. Cash at year end was up \$2.3 million compared to \$13.3 million at December 31, 2008. This reflects the continuing efforts to improve collections and manage inventory. Delinquent accounts over 60 days have been reduced to \$132,000 from \$1.9 million one year ago, with the overall accounts receivable balance at \$3.2 million and \$5.7 million at December 31, 2009 and 2008 respectively. We have continued to focus on reducing our inventories which are at \$3.9 million at December 31, 2009 down from \$5.0 million one year ago.

## Edgar Filing: DATA I/O CORP - Form 8-K

Earnings before interest, taxes, depreciation and amortization (EBITDA) were \$239,000 for the fourth quarter and \$417,000 for the year 2009.

EBITDA is a non-GAAP financial measure. Management believes certain non-GAAP measures provide relevant & meaningful measures by which investors can evaluate the business. A reconciliation to net income (loss) can be found at the end of this release.

“The electronics industry was in a severe recession during the first half of 2009 and capital spending for production equipment such as Data I/O’s was sharply curtailed. Fortunately we began to see the turnaround in the third quarter and it strengthened in the fourth quarter with orders of \$5.9 million, up 16% from the \$5.1 million recorded in the third quarter. Several customers requested that their orders placed in the fourth quarter be delivered after January 1, 2010. This reduced fourth quarter revenue but improved the prospects for the first quarter of 2010 with the growth in backlog during the fourth quarter to \$1.9 million. We are continuing to see strong growth in our sales funnels worldwide, driven by customer acceptance of the new FlashCORE III programming technology and also by a generally improved climate for capital investment throughout the industry. The new FlashCORE III received a 2009 Global Technology Award,” said Hume, “and is now available in our ProLINE RoadRunner, FLX, FlashPAK and PS product families.”

### Conference Call Information

A conference call discussing the fourth quarter and 2009 financial results will follow this release today at 2:00 p.m. Pacific time/5:00 p.m. Eastern time. To listen to the conference call, please dial (612) 332-0226 passcode: DAIO. A taped replay will be made available approximately one hour after the conclusion of the call and will remain available for one week. To access the replay, please dial (320) 365-3844, access code: 146930. The conference call will also be simultaneously web cast over the Internet; visit the News and Events section of the Data I/O Corporation website at <http://www.dataio.com> to access the call from the site. This web cast will be recorded and available for replay on the Data I/O Corporation website approximately two hours after the conclusion of the conference call.

### About Data I/O Corporation

With over 35 years of expertise in delivering intellectual property to programmable devices, Data I/O offers complete, integrated manufacturing solutions in wireless, automotive, programming center, semiconductor, and industrial control market segments for OEM, ODM, EMS and semiconductor companies. Data I/O is the leader in programming and provides hardware and software solutions for turn-key programming and device testing services, as well as in-system (on-board), in-line (right before use at the SMT line), or in-socket (off-line) programming. These solutions are scalable for small, medium and large volume applications with different device mixes. Data I/O Corporation has headquarters in Redmond, Wash., with sales and services worldwide. For further information, visit the company’s website at <http://www.dataio.com>.
