ITEM 8.01. OTHER EVENTS

On March 1, 2005, General Motors Corporation (GM) issued a news release announcing February 2005 sales. The release is as follows:

GM Reports 309,375 Deliveries in February
New Pontiac G6 and Chevrolet Cobalt Achieve Best-Ever Monthly Sales
Small Utility Vehicle Sales Rise 85 Percent Led by Chevrolet Equinox

DETROIT - General Motors dealers sold 309,375 new cars and trucks in February, down 12 percent compared to year-ago sales. GM's truck sales (179,390) were down 8.5 percent, and car sales (129,985) were down 17 percent.

"The calendar year is starting off slower than expected, for both GM and the industry," said Mark LaNeve, vice president, GM North America Vehicle Sales, Service and Marketing. "While our daily rental volume is down significantly compared to last year, we are pleased with growing retail sales of key launch vehicles, including the Pontiac G6, Buick LaCrosse, Chevrolet Cobalt and Equinox, and Cadillac STS. Sales of these products continue to strengthen as production ramps up. In addition, we are introducing 17 new products in 2005, which should add to that momentum."

Overall, GM's launch products posted strong sales in February. Pontiac G6 had its best-ever sales month, with deliveries 72 percent higher than January. Additionally, sales were up all across the country, and G6 retail sales are showing an encouraging upward trend.

The newly introduced LaCrosse had its second-best sales month and is contributing to an improving sales mix for Buick. LaCrosse retail sales were up 48 percent compared to combined year-ago Century and Regal retail sales.

Highlights of GM's trucks: While pickups held their own compared to year-ago levels, sales increased in mid-size pickups, small utility vehicles and mid-size vans. GM mid-size pickup sales were up 13 percent in February, paced by a 45 percent improvement in Chevrolet Colorado sales and a 52 percent jump in GMC Canyon deliveries. Solid Chevrolet Equinox sales led an 85 percent increase in GM small utilities. Mid-size van sales increased 1 percent compared to year-ago levels, aided by month-over-month sales increases of the all-new crossover sport van Chevrolet Uplander (up 59 percent) and Buick Terraza (up 22 percent). Cadillac Escalade ESV posted a 2 percent sales increase compared to year-ago levels. GMC Sierra was up 9 percent compared to last February.

Additionally, there were several bright spots in GM's car sales: The recently introduced Chevrolet Cobalt continued to achieve solid sales with its best-ever sales month (up 5 percent over January). Aveo deliveries were up 36 percent versus last February. Pontiac Vibe sales rose 24.5 percent compared to year-ago levels, and GTO sales increased 63 percent. As production of the Cadillac STS continues to ramp up, February sales rose 4.5 percent compared to January.

Certified Used Vehicles

February sales for all GM certified used vehicle brands, including GM Certified Used Vehicles, Cadillac Certified Pre-Owned, Used Cars from Saturn and Saab Certified Pre-Owned, were 45,286 units, up 6 percent. Total year-to-date certified GM sales are 85,349 units, comparable to 2004.

GM Certified Used Vehicles, the industry's top-selling manufacturer-certified used brand, posted strong sales of 38,940 units, up 7 percent compared to year-ago levels. Year-to-date sales for GM Certified Used Vehicles are 73,271, up 2 percent.

Cadillac Certified Pre-Owned Vehicles posted sales of 3,152 units, up 20 percent. Used Cars from Saturn sold 2,641 units, down 17 percent. Saab Certified Pre-Owned Vehicles sold 523 units, down 26 percent.

"February was a great month for GM Certified Used Vehicles, with sales increasing 7 percent over last February, and year-to-date sales up 2 percent," LaNeve said. "GM Certified continues to set the pace for the certified pre-owned category, and we expect continued growth through the remainder of this year."
