PROXY STATEMENT

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Skyworks Solutions, Inc., a Delaware corporation (the Company or Skyworks), for use at the Company's annual meeting of stockholders to be held on Tuesday, March 30, 2004, at the Boston Marriott Burlington, One Mall Road, Burlington, Massachusetts or at any adjournments thereof (the Annual Meeting). The Company's Annual Report, which includes financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations for the fiscal year ended October 3, 2003, is being mailed together with this Proxy Statement to all stockholders

Edgar Filing: SKYWORKS SOLUTIONS INC - Form DEF 14A

entitled to vote at the Annual Meeting. This Proxy Statement and form of proxy are expected to be mailed to stockholders on or about February 9, 2004.

Only stockholders of record at the close of business on January 30, 2004 (the Record Date), are entitled to notice of and to vote at the Annual Meeting. As of the Record Date, there were 149,083,148 shares of Skyworks common stock issued and outstanding. Pursuant to Skyworks Certificate of Incorporation and By-Laws, and applicable Delaware law, each share of common stock entitles the holder of record at the close of business on the Record Date to one vote on any proposal or matter considered at the Annual Meeting. As a stockholder, you may vote in one of the following three ways whether or not you plan to attend the Annual Meeting: (1) by completing, signing and dating the accompanying proxy card and returning it in the postage-prepaid envelope enclosed for that purpose, (2) by completing your proxy using the toll-free telephone number listed on the proxy card, or (3) by completing your proxy via the Internet at the website address listed on the proxy card. If you attend the Annual Meeting, you may vote in person even if you have previously returned your proxy card or voted by telephone or via the Internet. If your shares are held in street name, please check your proxy card or contact your broker or nominee to determine whether you will be able to vote by telephone or via the Internet.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with the Secretary of the Company, before the taking of the vote at the Annual Meeting, a written notice of revocation bearing a later date than the proxy, (ii) duly completing a later-dated proxy relating to the same shares and delivering it to the Secretary of the Company before the taking of the vote at the Annual Meeting or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy should be sent so as to be delivered to Skyworks Solutions, Inc., 20 Sylvan Road, Woburn, MA 01801, Attention: Secretary, at or before the taking of the vote at the Annual Meeting.

The representation in person or by proxy of at least a majority of the outstanding common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business. Votes withheld from any nominee, abstentions and broker non-votes will be counted as present or represented for purposes of determining the presence or absence of a quorum for the Annual Meeting. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

In the election of directors, the nominees receiving a plurality of the votes of the shares present or represented and entitled to vote at the Annual Meeting shall be elected as directors. On all other matters being submitted to stockholders, an affirmative vote of a majority of the shares present or represented and voting on each such matter is required for approval. An automated system administered by the Company's transfer agent tabulates the votes. The vote on each matter submitted to stockholders is tabulated separately. Abstentions and broker non-votes will be counted toward establishment of the required quorum, but will not be counted for any purpose in determining whether a matter has been approved.

The persons named as attorneys-in-fact in the proxies, David J. Aldrich and Paul E. Vincent, were selected by the Board of Directors and are officers of the Company. All properly executed proxies returned in time to be counted at the Annual Meeting will be voted. Where a choice has been specified on the proxy with respect to the foregoing matters, the shares represented by the proxy will be voted in accordance with the specifications. If no such specifications are indicated, such proxies will be voted FOR the nominees to the Board of Directors and FOR ratifying the selection of KPMG LLP, independent public accountants, as auditors of the Company for the 2004 fiscal year.

If you plan to attend the Annual Meeting please be sure to check the box on your proxy card indicating your desire to attend and save the admission ticket attached to your proxy (the top portion); or, indicate your desire to attend through Skyworks telephone or Internet voting procedures, and save the admission ticket attached to your proxy. If your shares are held in street name, please check your proxy card or contact your broker or nominee to determine whether you will be able to indicate such desire by telephone or via the Internet. In order to be admitted to the Annual Meeting, you will need to present your admission ticket, as well as provide a valid picture identification, such as a driver's license or passport. If your shares are not registered in your own name, in addition to bringing your admission ticket, you should contact your broker or agent in whose name your shares are registered to obtain a broker's proxy and bring that to the Annual Meeting in order to vote.

In order to reduce printing and postage costs, American Stock Transfer and Trust Company (AST&T) has undertaken an effort to deliver only one Annual Report and one Proxy Statement to multiple stockholders sharing an address. This delivery method, called householding, is not being used, however, if AST&T has received contrary instructions from one or more of the stockholders sharing an address. If your household has received only one Annual Report and one Proxy Statement, the Company will promptly deliver a separate copy of the Annual Report and the Proxy Statement to any stockholder who sends a written request to Skyworks Solutions, Inc., 5221 California Avenue, Irvine, CA 92612, Attention: Investor Relations. You can also notify AST&T that you would like to receive separate copies of our Annual Report and Proxy Statement in the future by contacting AST&T at 800-937-5449 or via its website at <http://www.amstock.com>. Even if your household has received only one Annual Report and one Proxy Statement, a separate proxy card should have been provided for each stockholder account. Each individual proxy card should be signed, dated, and returned in the enclosed self-addressed envelope (or voted by telephone or via the Internet, as described therein). If your household has received multiple copies of our Annual Report and Proxy Statement, you can request the delivery of single copies in the future by completing the enclosed consent, if applicable, or writing or calling AST&T directly at 800-937-5449.

Edgar Filing: SKYWORKS SOLUTIONS INC - Form DEF 14A

If you are a participant in the Skyworks 401(k) Savings and Investment Plan, you will receive a proxy card for the Skyworks shares you own through the 401(k) Plan. That proxy card will serve as a voting instruction card for the trustee of the 401(k) Plan, and your 401(k) Plan shares will be voted as you instruct.

PROPOSALS TO BE VOTED

PROPOSAL 1 ELECTION OF DIRECTORS

The Company's Certificate of Incorporation and By-Laws provide that the Board of Directors shall be divided into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors, with each class having a three-year term. A director elected by the Board of Directors to fill a vacancy (including a vacancy created by an increase in the authorized number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and has been duly qualified or until his earlier death, resignation or removal.

The Board of Directors currently comprises nine members. The ninth member, added to fill an existing vacancy, is Kevin L. Beebe. Mr. Beebe was recommended for the Board of Directors selection by our Nominating and Corporate Governance Committee, which is comprised solely of independent directors within the meaning of the applicable listing standards of The Nasdaq Stock Market (the "NASDAQ Rules"), and he was appointed by the full Board of Directors on January 26, 2004.

Messrs. Beebe, Furey and McLachlan are nominated for election as Class II directors to hold office until the 2007 annual meeting of stockholders and thereafter until their successors have been duly elected and qualified. The nominees have not been nominated pursuant to any arrangement or understanding with any person. Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by all proxies received by the Board of Directors and not so marked as to withhold authority to vote for the nominees will be voted **FOR** the election of the three nominees. Each person nominated for election has agreed to serve if elected, and the Board of Directors knows of no reason why any nominee should be unable or unwilling to serve, but if such should be the case, proxies will be voted for the election of some other person or for fixing the number of directors at a lesser number.

Set forth below is biographical information for each person nominated and each person whose term of office as a director will continue after the Annual Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE NOMINEES LISTED BELOW

At least a majority of the members of the Board of Directors of Skyworks must be independent directors within the meaning of the applicable NASD Rules by our 2005 annual meeting of stockholders. The Company expects to have a majority of independent directors on its Board of Directors by the deadline mandated under the NASD Rules. In connection with these compliance efforts, the Company currently expects that one or more non-independent directors will resign from our Board of Directors prior to the 2005 annual meeting of stockholders. Accordingly, the Board of Directors has unanimously determined to reclassify certain directors to avoid the potential re-election at the 2004 Annual Meeting of any non-independent directors who may resign in the coming year as additional independent directors are elected to the

CORPORATE GOVERNANCE

Board of Director and Stockholder Meetings: The Board of Directors met seven times during the fiscal year ended October 3, 2003 (fiscal year 2003). All directors attended at least 75% of the Board of Directors meetings and assigned committee meetings in fiscal year 2003. While the Company encourages all members of the Board of Directors to attend the Annual Meeting, there is no formal policy as to their attendance at each of the annual meetings of stockholders. Beginning after this Annual Meeting, the Company anticipates that a meeting of the Board of Directors will be held on the same date as the annual stockholder meeting and, accordingly, directors will be expected to be present at such stockholder meetings. A majority of the members of the Board of Directors attended the 2003 annual meeting of stockholders.

Board of Director Independence: Each year, the Board of Directors reviews the relationships that each director has with the Company and with other parties. Only those directors who do not have any of the categorical relationships that preclude them from being independent within the meaning of applicable NASD Rules and who the Board of Directors affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, are considered to be independent directors. The Board of Directors has reviewed a number of factors to evaluate the independence of each of its members. These factors include its members' current and historic relationships with the Company and its competitors, suppliers and customers; their relationships with management and other directors; the relationships their current and former employers have with the Company; and the relationships between the Company and other companies of which the Company's board members are directors or executive officers. After evaluating these factors the Board of Directors has determined that Kevin L. Beebe, Timothy R. Furey, and David J. McLachlan, are independent directors of the Company within the meaning of applicable NASD Rules.

Independent members of the Board of Directors of the Company meet in executive session without management present, and are scheduled to do so at least two times per year. The Board of Directors has designated Timothy R. Furey as the presiding director for these meetings.

Stockholder Communications: Our stockholders may communicate directly with the members of the Board of Directors or the individual chairman of standing Board of Directors committees by writing directly to those individuals at the following address: 20 Sylvan Road, Woburn, MA 01801. The Company's general policy is to forward, and not to intentionally screen, any mail received at the Company's corporate office that is sent directly to an individual unless the Company believes the communication may pose a security risk.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has a standing Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. The Board of Directors has determined that all of the directors who serve on these committees, are independent within the meaning of applicable NASD Rules and Section 10A(m)(3) of the Securities Exchange Act of 1934 (the Exchange Act).

The Board of Directors has adopted a charter for each of the three standing committees. Links to these committee charters are on the Investor Relations portion our website at: <http://www.skyworksinc.com>.

Audit Committee: The members of the Audit Committee are Mr. McLachlan, who serves as the chairman, and Messrs. Beebe and Furey. Each of the members of the committee is independent within the meaning of applicable NASD Rules. The Board of Directors has determined that the Chairman of the Audit Committee, Mr. McLachlan, is an audit committee financial expert as defined in Item 401(h) of Regulation S-K.

The Audit Committee has oversight responsibility for the quality and integrity of Skyworks financial statements. The committee meets privately with the independent auditors, has the sole authority to retain and dismiss the independent auditors and reviews their performance and independence from management. The independent auditors have unrestricted access and report directly to the committee. The Audit Committee met nine times during fiscal year 2003. The primary functions of the Audit Committee are to oversee: (i) the audit of the financial statements of the Company provided to the SEC, the Corporation's stockholders and to the general public; (ii) the Corporation's internal financial and accounting processes; and (iii) the independent audit process. Additionally, the Audit Committee has responsibilities and authority necessary to comply with Rule 10A-3(b)(2), (3), (4), and (5) under the Exchange Act. These and other aspects of the Audit Committee's authority are more particularly described in the Audit Committee Charter adopted by the Board of Directors in September 2002, filed with last year's Proxy Statement and available on the Investor Relations portion our website at: <http://www.skyworksinc.com>.

In 2003, the Audit Committee adopted a formal policy concerning approval of audit and non-audit services to be provided to the Company by its independent auditor, KPMG, LLP. The policy requires that all services to be provided by KPMG, LLP, including audit services and permitted audit-related and non-audit services, must be pre-approved by the Audit Committee. The Audit Committee approved all audit and non-audit services provided by KPMG, LLP during fiscal year 2003.

Compensation Committee: The members of the Compensation Committee are Mr. Furey, who serves as the chairman, and Messrs. Beebe and McLachlan each of whom are non-employee directors and are also independent within the meaning of NASD Rules. The Compensation Committee met three times during fiscal year 2003. The functions of the Compensation Committee include making recommendations to the Board of Directors concerning compensation, including incentive compensation, of the Chief Executive Officer, all other executive officers and any other officers or employees who report directly to the Chief Executive Officer. The Compensation Committee also administers Skyworks stock option plans.

Nominating and Corporate Governance Committee: In November 2003 the Board of Directors renamed and reconstituted its Nominating Committee as a fully independent Nominating and Corporate Governance Committee. The members of the Nominating and Corporate Governance Committee, all of whom are independent within the meaning of the applicable NASD Rules, are Mr. Furey, who serves as the chairman, and Messrs. Beebe and McLachlan. The prior Nominating Committee held no meetings in fiscal year 2003. The reconstituted Nominating and Corporate Governance Committee held three formal meetings since its inception and several informal meetings to discuss its charter and board composition.

The Nominating and Corporate Governance Committee is responsible for evaluating and recommending individuals for election or reelection to the Board of Directors and its committees, including those recommendations submitted by stockholders, the evaluation of the performance of the Board of Directors and its committees, and the evaluation and recommendation of the corporate governance policies.

It is a policy of the Nominating and Corporate Governance Committee that candidates for director possess the highest personal and professional integrity, have demonstrated exceptional ability and judgment, and have skills and expertise appropriate for the Company and serving the long-term interest of the Company's stockholders. The committee's process for identifying and evaluating nominees is as follows: (1) in the case of incumbent directors whose terms of office are set to expire, the committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any related party transactions with the Company during the applicable time period; and (2) in the case of new director candidates, the committee first conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board of Directors. The committee meets to discuss and consider such candidates' qualifications, including whether the nominee is independent for purposes of the NASD Rules, and then selects a candidate for recommendation to the Board of Directors by majority vote. In seeking potential

nominees, the Nominating and Corporate Governance Committee uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. To date, the Nominating and Corporate Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates, nor has the committee rejected a timely director nominee from a stockholder(s) holding more than 5% of the Company's voting stock.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders provided the stockholders follow the procedures set forth below. The committee does not intend to alter the manner in which it evaluates candidates, including the criteria set forth above, based on whether the candidate was recommended by a stockholder or otherwise.

Stockholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board of Directors may do so by submitting a written recommendation to the committee in accordance with the procedures set forth below in this Proxy Statement under the heading **Stockholder Proposals**. For nominees for election to the Board of Directors proposed by stockholders to be considered, the following information concerning each nominee must be timely submitted in accordance with the required procedures: (1) the nominee's name, age, business address, residence address, principal occupation or employment, the class and number of shares of the Company's capital stock the nominee beneficially owns and any other information relating to the nominee that is required to be disclosed in solicitations for proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations thereunder; and (2) as to the stockholder proposing such nominee, that stockholder's name and address, the class and number of shares of the Company's capital stock the stockholder beneficially owns, a description of all arrangements and understandings between the stockholder and the nominee or any other person (including their names) pursuant to which the nomination is made, a representation that the stockholder intends to appear in person or by proxy at the meeting to nominate the person named in its notice and any other information relating to the stockholder that is required to be disclosed in solicitations for proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations thereunder. The notice must also be accompanied by a written consent of the proposed nominee to being named as a nominee and to serve as a director if elected.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Board of Directors comprises Messrs. Beebe, Furey and McLachlan. No member of this committee was at any time during the past fiscal year an officer or employee of the Company, was formerly an officer of the Company or any of its subsidiaries, or had any employment relationship with the Company. No compensation committee interlocks existed during fiscal year 2003.

PROPOSAL 2

RATIFICATION OF THE SELECTION OF KPMG LLP AS INDEPENDENT AUDITORS OF THE COMPANY

The Audit Committee, subject to stockholder approval, has selected KPMG LLP as the Company's independent auditors for the current fiscal year ending October 1, 2004, and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. KPMG LLP were the independent auditors for the Company for the fiscal year ended October 3, 2003, and have been the independent auditors for the Company's predecessor, Alpha Industries, Inc., since 1975. The firm is a member of the SEC Practice Section of the American Institute of Certified Public Accountants. We are asking the stockholders to ratify the appointment of KPMG, LLP as the Company's independent auditors for the fiscal year 2004.

Representatives of KPMG LLP are expected to attend the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions.

Stockholder ratification of the selection of KPMG LLP as the Company's independent public accountants is not required by the Company's By-Laws or other applicable legal requirements. However, the Audit Committee is submitting the selection of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. In the event stockholders fail to ratify the appointment, the Audit Committee may reconsider this appointment. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and our stockholders' best interests.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following Report of the Compensation Committee shall not be deemed to be soliciting material or to be filed with the SEC nor shall this information be incorporated by reference into any filing under the Securities Act of 1933 (the Securities Act) or the Exchange Act, except to the extent that Skyworks specifically incorporates it by reference into such filing.

The Compensation Committee, which is comprised solely of independent directors within the meaning of applicable NASD Rules and non-employee directors within the meaning of Section 162 of the Internal Revenue Code and Rule 16b-3 under the Exchange Act, is responsible for determining the compensation to be paid to the Chief Executive Officer of Skyworks, each of the Company's executive officers, and any other officers or employees who report directly to the Chief Executive Officer (collectively, the Senior Executives). The committee approves and continually evaluates our compensation policies applicable to the Senior Executives, including the Chief Executive Officer, and reviews the performance of such Senior Executives. The committee strongly believes that executive compensation should be directly linked to continuous improvements in corporate performance and increases in stockholder value and its objectives are to provide: (1) levels of compensation that enable Skyworks to attract and retain key talent needed to obtain its business objectives; (2) variable compensation opportunities linked directly to Company performance; and (3) equity compensation opportunities that link executive compensation to stockholder value. The elements of compensation for the Senior Executives are base salary, short-term cash incentives, and long-term stock-based incentives.

Compensation for Skyworks Senior Executives, including salary and short-term and long-term incentives, is established at levels intended to be competitive with the compensation of comparable executives in similar companies. The Compensation Committee periodically utilizes studies from independent compensation experts on executive compensation in comparable high technology and semiconductor companies. Based on these studies, the Compensation Committee establishes base salaries, incentive bonuses and long-term incentives so as to target the overall compensation at near the median of the range indicated by the studies. In establishing individual compensation, the Compensation Committee considers the individual experience and performance of the executive, as well as the performance of Skyworks. The Chief Executive Officer is not present during voting or deliberations of the Compensation Committee concerning his compensation. However, the Compensation Committee does consider the recommendations of the Chief Executive Officer regarding the compensation of the other Senior Executives.

Short-term incentive compensation for each Senior Executive is established annually by the Compensation Committee by tying a significant portion of each Senior Executive's total cash compensation to the accomplishment of specific financial objectives. The Compensation Committee established aggressive forward-looking incentive targets for Skyworks Senior Executives for fiscal year 2003. Due to the challenging

business environment in that time period, the Company did not achieve these targets. Consequently, no short-term incentive compensation was awarded to Skyworks' Senior Executives for fiscal year 2003.

The Compensation Committee provides our Senior Executives with long-term incentive compensation under Skyworks' long-term incentive plan (the LTIP). Under the LTIP, the Compensation Committee has, in the past, awarded nonqualified stock options, and incentive stock options. The committee is responsible for determining who should receive the grants, when the grants should be made, the exercise price per share and the number of shares to be granted. These grants are intended to tie the value of our Senior Executive's compensation to the long-term value of Skyworks' common stock. The stock options granted by the committee utilize vesting periods in order to encourage key employees to remain employed by Skyworks. The committee can also make restricted stock awards, which can be similarly beneficial to executives as the value of the award relates to stock price. For fiscal year 2003, no restricted stock awards were made to any Senior Executives.

Skyworks also permits Senior Executives and other employees to purchase Skyworks common stock at a discount through the Company's Employee Stock Purchase Plan. Skyworks' employees, including the Senior Executives, may also participate in the Company's 401(k) Plan, under which Skyworks' employer contribution has in recent years been made in the form of Skyworks common stock. The committee believes that these programs, along with stock options, provide our Senior Executives with the opportunity to acquire, long-term stock ownership positions, and helps to align the executives' interests with stockholders' interests. The committee believes that this directly motivates Senior Executives to maximize long-term stockholder value.

A final component of executive compensation provides executives and other highly compensated employees with a means to defer recognition of income. Senior Executives designated by the Compensation Committee may participate in this Executive Compensation Plan, which is discussed under "Executive Compensation" in the Proxy Statement.

With regard to Mr. Aldrich, the Company's President and Chief Executive Officer, the Compensation Committee made an overall assessment of Mr. Aldrich's leadership in establishing and executing long-term and short-term strategic, operational and business goals for the Company. Additionally, as part of the review process, the Compensation Committee assessed Skyworks' financial and business results compared to other companies within the high-technology industry; Skyworks' financial performance relative to its financial performance in prior periods; Skyworks' market competitiveness as measured by new business creation and product generation; and the health of the Skyworks organization as measured by the ability to attract and retain key employees. As a result of this review, the Compensation Committee awarded a mix of base salary and bonus opportunity, along with an equity position to align Mr. Aldrich's compensation with the performance of Skyworks. The resulting total compensation package was in the middle range of those for chief executive officers running companies of comparable size and complexity according to studies prepared by independent compensation consultants. During fiscal year 2003, Mr. Aldrich received a base salary of \$510,000. As a result of the challenging business environment that persisted during the last fiscal year, Skyworks did not exceed the performance targets that the Board of Directors had established in Mr. Aldrich's compensation plan, and no incentive bonus was awarded to Mr. Aldrich for fiscal year 2003.

Section 162(m) of the Internal Revenue Code limits the tax deductibility by a publicly held corporation of compensation in excess of \$1 million paid to certain of its executive officers. However, this deduction limitation does not apply to certain "qualified performance-based compensation" within the meaning of the Internal Revenue Code and the regulations promulgated thereunder. The Compensation Committee has considered the limitations on deductions imposed by Section 162(m), and it is the Compensation Committee's intention to structure executive compensation to minimize the application of the deduction limitations of Section 162(m) insofar as consistent with the Compensation Committee's overall compensation objectives.

Based on the recommendations of the Compensation Committee, Skyworks has entered into severance agreements with certain Senior Executives. Such agreements do not guarantee salary, position or benefits, but provide salary continuation and other benefits in the event of a termination after a change in control or certain other terminations, as described in this Proxy Statement under the heading "Severance Agreements."

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee shall not be deemed to be soliciting material or to be filed with the SEC nor shall this information be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that Skyworks specifically incorporates it by reference into such filing.

The Audit Committee of Skyworks Board of Directors is responsible for providing independent, objective oversight of Skyworks accounting functions and internal controls. The Audit Committee is composed of three directors, each of whom is independent within the meaning of applicable NASD Rules. The Audit Committee operates under a written charter approved by the Board of Directors.

Management is responsible for the Company's internal control and financial reporting process. The independent accountants are responsible for performing an independent audit of Skyworks consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report concerning such financial statements. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee met with management and representatives of KPMG LLP, the Company's independent auditors, to review and discuss the financial statements for the year ended October 3, 2003, results of the internal and external audit examinations, evaluations of the Company's internal controls and the overall quality of Skyworks financial reporting. The Audit Committee also discussed with the independent auditors the matters required by Statement of Auditing Standards No. 61 (Communications with Audit Committees). The Audit Committee also received written disclosures and a letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence vis-à-vis the Company.

Based upon the Audit Committee's discussions with management and the independent accountants, and the Audit Committee's review of the representations of management and the independent auditors, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended October 3, 2003, as filed with the SEC.

EXECUTIVE COMPENSATION

Our executives are eligible for awards of nonqualified stock options, incentive stock options and restricted stock awards under our applicable stock option plans. These stock option plans are administered by the Compensation Committee of the Board of Directors. Generally, the exercise price at which an executive may purchase Skyworks common stock pursuant to a stock option is the fair market value of Skyworks common stock on the date of grant. Stock options are granted subject to restrictions on vesting, with equal portions of the total grant generally vesting over a period of four years. Our stock options are subject to forfeiture (after certain grace periods) upon termination of employment, retirement, disability or death. Restricted stock awards involve the issuance of shares of common stock that may not be transferred or otherwise encumbered, subject to certain exceptions, for varying amounts of time, and which will be forfeited, in whole or in part, if the executive terminates his or her employment with Skyworks. No restricted stock awards or stock option grants were made to Named Executives in fiscal year 2003.

The Named Executives were also eligible to receive target incentive compensation under which a percentage of each executive's total cash compensation is tied to the accomplishment of specific financial objectives during fiscal year 2003. As a result of a challenging economic and business environment during the fiscal year, the Company did not achieve the annual performance targets set by the Board of Directors, and no incentive bonuses were paid to any of the Named Executives with respect to fiscal year 2003, except for Liam Griffin, who was paid a guaranteed one-time bonus that was promised to him in July 2001 as an incentive for joining the Company. Named Executives also may participate in the Company's Executive Compensation Plan (the Executive Compensation Plan), an unfunded, non-qualified deferred compensation plan, under which participants may defer a portion of their compensation. Deferred amounts are held in a trust. Participants defer recognizing taxable income on the amount held for their benefit until the amounts are paid. The Company, in its sole discretion, may make additional contributions to the accounts of participants. Participants normally receive the deferred amounts upon retirement.

COMPENSATION OF DIRECTORS

Directors who are not employees of Skyworks are paid a quarterly retainer of \$7,500 plus an additional \$1,000 for each Board of Directors meeting attended in person or \$500 for each Board of Directors meeting attended by telephone. Directors who serve as chairman of a committee of the Board of Directors receive an additional quarterly retainer of \$625, and those who serve on a committee but are not chairman receive an additional quarterly retainer of \$312.50. In addition, each new non-employee director receives an option to purchase 45,000 shares of common stock immediately following the earlier of Skyworks' annual meeting of stockholders at which the director is first elected by the stockholders or following his initial appointment by the Board of Directors. Additionally, following each annual meeting of stockholders each director who is continuing in office or re-elected receives an option to purchase 15,000 shares of common stock. The exercise price of stock options granted to directors is equal to the fair market value of the common stock on the date of grant. During fiscal year 2001 and prior years, option grants to directors were made from the 1994 and 1997 Non-Qualified Stock Option Plans for Non-Employee Directors. Stock option grants to directors for fiscal years 2002 and 2003 were made under the 2001 Directors' Stock Option Plan.

In connection with his appointment to the Board of Directors, Mr. Beebe was granted an option to purchase 45,000 shares of common stock on January 27, 2004, at an exercise price equal to the fair market value of the common stock on the date of grant under our Directors' 2001 Stock Option Plan.

CERTAIN BUSINESS RELATIONSHIPS AND RELATED TRANSACTIONS

Skyworks was formed through the merger of the wireless business of Conexant Systems, Inc. and Alpha Industries, Inc. on June 25, 2002. Immediately following the Merger, the Company purchased Conexant's semiconductor assembly and test facility located in Mexicali, Mexico and certain related operations (the Mexicali Operations). Shortly thereafter, Alpha changed its corporate name to Skyworks Solutions, Inc. In connection with the Merger, Skyworks and Conexant have engaged in various transactions, including, without limitation, the transactions described below.

Senior Notes

We issued to Conexant, and have outstanding, 15% convertible senior subordinated notes in a principal amount of \$45 million due June 30, 2005 (the Senior Notes). The Senior Notes were issued under an indenture entered into by us and Wachovia Bank, National Association, as trustee. We may redeem the Senior Notes in whole or in part, at any time after May 12, 2004, subject to a redemption premium of 3% of the then outstanding principal amount thereof. Under the terms of the Senior Notes, Conexant has the right to convert the outstanding principal amount thereof (or any portion thereof) into a number of shares of our common stock equal to the principal amount of the Senior Notes to be so converted, divided by the applicable conversion price, as determined pursuant to the terms of the Senior Notes. Upon maturity, the Senior Notes are payable in shares of our common stock based on the applicable conversion price as of the maturity date, although interest on the Senior Notes, as well as the outstanding principal if certain events of default occur, is payable by us in cash. The initial conversion price of the Senior Notes is \$7.87 per share, subject to adjustment generally as follows:

- o if the average closing price per share of our common stock for the ten trading days immediately prior to, but not including, the applicable date of conversion (the Market Price) is less than the conversion price but greater than or equal to 80% of the then current conversion price (the Floor Price), the conversion price shall be adjusted to equal the Market Price; and
- o if the Market Price is less than the Floor Price, the conversion price shall be adjusted to equal the Floor Price.

We also entered into a registration rights agreement with Conexant, which will provide for the registration under the Securities Act, as amended, of the resale by Conexant (or any transferee thereof) of the Senior Notes and the shares of our common stock underlying the Senior Notes. We have agreed to maintain the registration statement contemplated by the registration rights agreement effective and available for use until December 31, 2005, subject to certain limitations.

Tax Allocation Agreement

At the time of the Merger, we entered into a tax allocation agreement with Conexant, which allocates responsibilities, liabilities and benefits relating to taxation between us and our affiliates and Conexant and its affiliates. In general, Conexant is responsible for tax liabilities of the wireless business for periods prior to the Merger and we are responsible for tax liabilities of the wireless business for periods after the Merger. Subsequent to the execution of the tax allocation agreement, on November 6, 2002, we amended the tax allocation agreement to limit our indemnification obligations thereunder to a reduced set of circumstances. We remain responsible, however, for various other tax obligations and for compliance with various representations and covenants as set forth in the tax allocation agreement.

Transition Services Agreements

On June 25, 2002, in connection with the Merger, we entered into transition services agreements with Conexant to cover information technology services as well as other transition services following the Merger. Payments due to Conexant for the services rendered under these agreements during fiscal year 2003 totaled approximately \$12 million.

Effective November 2003, we terminated the portions of the information technology services relating to applications and programming services support, and subsequently agreed to terminate the remaining information technology services, effective May 31, 2004.

Jazz and Conexant Wafer Supply Agreement

Under supply agreements entered into with Conexant and Jazz Semiconductor, Inc. (*Jazz*), we receive wafer fabrication, wafer probe and certain other services from Jazz. Pursuant to these supply agreements, we are committed to obtain certain minimum wafer volumes from Jazz. Our expected minimum purchase obligations under these supply agreements are anticipated to be approximately \$39 million and \$13 million in fiscal 2004 and 2005, respectively. Based on our current business outlook, we anticipate purchasing approximately \$110 million in wafers from Jazz during fiscal year 2004. We anticipate that these purchases could result in an obligation to Conexant of approximately \$2 million in fiscal year 2004.

Mexicali Supply Agreement

Under a device supply and services agreement with Conexant, Conexant obtains certain semiconductor processing, packaging and testing services from us, including: assembly services; final testing; post-test processing; and shipping. Under this agreement, Conexant purchases products manufactured using technologies qualified as of the time of the agreement and, upon mutual agreement, products manufactured using certain subsequently qualified technologies. These services are generally performed at our Mexicali, Mexico facility, for a term of three years from the Merger with additional one-year renewal terms as may be mutually agreed. During fiscal year 2003, amounts due to us from Conexant were approximately \$53 million under this agreement and we anticipate approximately \$40 million due from them in fiscal year 2004.

OTHER PROPOSED ACTION

As of the date of this Proxy Statement, the directors know of no business which is expected to come before the Annual Meeting other than the election of the nominees to the Board of Directors and the ratification of the selection of KPMG LLP as independent auditors for the Company for fiscal year 2004. However, if any other business should be properly presented to the Annual Meeting, the persons named as proxies will vote in accordance with their judgment with respect to such matters.
