Independent Auditors' Report

To the Benefits Committee of the Brown & Root, Inc.
Employees' Retirement and Savings Plan:

We have audited the accompanying statements of net assets available for plan benefits of the Brown & Root, Inc. Employees' Retirement and Savings Plan (the Plan) as of December 31, 2002 and 2001, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of

Edgar Filing: HALLIBURTON CO - Form 11-K

December 31, 2002 and 2001, and the changes in its net assets available for plan benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

BROWN & ROOT, INC.
EMPLOYEES' RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements

December 31, 2002 and 2001

(1) Description of the Plan

The Brown & Root, Inc. Employees' Retirement and Savings Plan (the Plan) is a defined contribution profit sharing pension plan for certain qualified employees of Halliburton Company and certain subsidiaries (the Company). The Plan was established in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions.

On December 6, 2002, 367 participants and their associated plan assets were transferred from the Plan to the Halliburton Retirement & Savings Plan. The total amount of the transfer was \$68.7 million.

(a) Eligibility

Edgar Filing: HALLIBURTON CO - Form 11-K

Certain employees are eligible for participation in the Plan upon their first anniversary date of employment following completion of 1,000 hours of credited service.

(b) Contributions

Participants may elect to contribute to the tax deferred savings and/or after-tax features of the Plan through periodic payroll deductions. These contributions are limited to an aggregate of 25% of the participant's eligible earnings up to \$200,000; the total amount of participant tax deferred savings contribution is limited to \$11,000 for 2002 and \$10,500 for 2001. Any contributions in excess of these limits are automatically made to the participant's after-tax account. Plan participants also receive Company matching contributions up to a maximum of \$250 per year.

The Company may make annual discretionary profit sharing contributions to participants on a tax deferred basis, based on Company performance. In order to be eligible for such contributions, the participant must be actively employed by the Company on December 31 of the plan year for which the contribution applies, unless the participant meets certain other conditions specified by the Plan. The participant's share of any discretionary profit sharing contribution is based on a percentage of their eligible pay and years of service as of the end of the plan year. For the plan year 2001, discretionary profit sharing contribution receivables totaled approximately \$6.2 million. The Company did not make a profit sharing contribution in 2002.

Eligible employees who participated in a qualified savings or retirement plan of a former employer may be able to roll over tax deferred contributions and earnings from their former plan into the Plan.

(c) Cash Accounts

The Plan maintains cash accounts to facilitate the payment of benefits and receipt of contributions to the Plan.

4

BROWN & ROOT, INC.
EMPLOYEES' RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements

December 31, 2002 and 2001

(d) Investment Elections

Contributions and participant account balances may be directed to one of eleven funds or a combination of funds. The assets of the funds are held in the Halliburton Company Employee Benefit Master Trust (the Master Trust, see note 3). The Plan allows participants to make daily transfers of their account balances among the funds. The amount of the transfer may be all or any portion of the participant's account balance, subject to certain limitations on transfers to the Halliburton Stock Fund (HSF).

Edgar Filing: HALLIBURTON CO - Form 11-K

(e) Vesting

Participants are fully vested in employee contributions and the earnings thereon. Participants have a vested interest in the Company profit sharing contribution account based on years of service as follows:

Years of service -----	Vested percentage -----
Less than 3	0%
At least 3 but less than 4	20
At least 4 but less than 5	50
At least 5 but less than 6	60
At least 6 but less than 7	80
7 or more	100

The nonvested portion is forfeited at the end of the fifth year following termination unless the participant is rehired within five years of termination. Such forfeitures become available for reallocation to the employer profit sharing accounts of eligible participants. Forfeitures available for reallocation as of December 31, 2002 and 2001 are \$1,639,633 and \$1,641,718, respectively.

(f) Distributions

Each participant, or their designated beneficiary, may elect to receive a distribution upon retirement, termination, disability, or death. Certain participant balances related to prior plan mergers may be withdrawn at any time. Direct rollovers to an IRA or other qualified plan are permitted. All distributions are made in lump-sum amounts or in periodic installments, at the participant's election. Distributions from the HSF may be made in the form of shares of stock or cash. Each participant may elect to receive an in-service withdrawal of their after-tax contributions.

(g) Administration

State Street Bank and Trust Company (State Street) is the Plan's trustee. Hewitt Associates LLC is the Plan's recordkeeper.

(h) Investment Earnings

Investment earnings on participants' accounts are allocated proportionately based on their relative account balance in each investment fund. Such earnings are taxable to participants at the time of distribution from the Plan.

Edgar Filing: HALLIBURTON CO - Form 11-K

(i) Plan Termination

The Board of Directors of the Company may amend, modify, or terminate the Plan at any time. No such termination is contemplated, but if it should occur, the accounts of all participants would be immediately fully vested and paid in accordance with the terms of the Plan.

(2) Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

(b) Investment in Master Trust

Assets of the Plan are combined with the assets of certain other benefit plans of affiliated companies in the Master Trust. The assets of the Master Trust are segregated into eleven funds in which the benefit plans may participate. The combination of the benefit plans' assets is only for investment purposes, and each plan continues to be operated under its current plan document. All investments of the Master Trust are held by State Street.

The funds within the Master Trust hold bank, insurance, and investment contracts providing a fully benefit-responsive feature. These investments are stated at contract value, which approximates fair value. Where the Master Trust owns the underlying securities of asset-backed investment contracts, the contracts are stated at fair market value of the underlying securities plus an adjustment for the difference between fair market value of the underlying securities and contract value. Contract value represents the principal balance of the investment plus accrued interest at the stated contract rate, less payments received, and contract charges by the insurance company or bank.

Cash equivalents, derivative financial instruments, stock securities, bonds and notes, and all other debt securities are presented at their quoted market value. Realized and unrealized changes in market values are recognized in the period in which the changes occur.

Real estate related investments consist of real estate mortgages and investments in Real Estate Investment Trusts. Real estate mortgages are stated at cost plus accrued interest less payments received which approximates fair value.

All investment transactions are accounted for on the trade-date basis in accordance with accounting principles generally accepted in the United States.

Edgar Filing: HALLIBURTON CO - Form 11-K

December 31, 2002 and 2001

(c) Allocation of Master Trust Net Investment Activity

The allocation of the Master Trust net investment activity represents the Plan's share of the net investment income or loss on investments held by the Master Trust determined by the Plan's allocable share of the net assets of the Master Trust. The net investment income or loss is the realized net gain or loss from investments sold, change in the unrealized net gain or loss on investments, dividend income, and interest income of the Master Trust.

(d) Administrative Expenses

Administrative expenses which are related to compliance and operational activities, as defined by the Department of Labor, may be charged against the Plan assets at the discretion of the Plan administrator and in accordance with the terms of the Plan.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

7

(3) Master Trust

The following are the statements of net assets as of December 31, 2002 and 2001 and the statement of changes in net assets of the Master Trust for the year ended December 31, 2002 (dollar amounts in thousands):

=====

The Master Trust makes use of several investment strategies involving limited use of derivative investments. The Master Trust's management, as a matter of policy and with risk management as their primary objective, monitors risk indicators such as duration and counter-party credit risk, both for the derivatives themselves and for the investment portfolios holding the derivatives. Investment managers are allowed to use derivatives for such strategies as portfolio structuring, return enhancement, and hedging against deterioration of investment holdings from market and interest rate changes. Derivatives are also used as a hedge against foreign currency fluctuations. The Master Trust's management does not allow investment managers for the Master Trust to use leveraging for any investment purchase. Derivative investments are stated at estimated fair market values as determined by quoted market prices. Gains and losses on such investments are included in the statement of changes in net assets of the Master Trust.

9

BROWN & ROOT, INC.
EMPLOYEES' RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements

December 31, 2002 and 2001

(4) Investments

Individual investments in excess of 5% of net assets available for plan benefits are as follows:

2002

Participation in Master Trust, at fair value:

Fixed Investment Fund	\$	314,271,546
Equity Investment Fund		-
General Investment Fund		182,491,722

(5) Tax Status

The Plan is subject to ERISA and certain provisions of the Internal Revenue Code (IRC) and is intended to qualify under Section 401(a) of the IRC. The Internal Revenue Service determined and informed the Company by a letter dated October 3, 2001 that the Plan and related trust are

Edgar Filing: HALLIBURTON CO - Form 11-K

designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

(6) Related-Party Transactions

State Street is the trustee defined by the Plan. The assets of the Plan are held by the Master Trust, of which State Street is also the trustee. Additionally, the Master Trust invests in the HSF. Therefore, State Street, the Master Trust, the Company, and the participants of the Plan qualify as parties in interest.

(7) Plan Amendments

In 2002, the Plan was amended as follows:

- a) Effective January 1, 2002, the Plan was amended and restated to comply with rules and regulations contained in the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), which permitted accepting employee catch-up contributions in accordance with IRS limits.
- b) Effective July 1, 2002, the Halliburton Stock Fund (HSF) was converted into an Employee Stock Ownership Plan (ESOP). The ESOP is designed to comply with Section 4975(e)(7) of the Internal Revenue Code and Section 407(d)(6) of the Employee Retirement Income Security Act of 1974 (ERISA).

10

BROWN & ROOT, INC.
EMPLOYEES' RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements

December 31, 2002 and 2001

The ESOP has a dividend pass-through election whereby any cash dividends attributable to Halliburton Stock held by the ESOP are to be paid by the Company directly to the Trustee. Any cash dividends received by the Trustee which are attributable to financed stock are to be used by the Trustee to make exempt loan payments until the exempt loan has been repaid in full.

The ESOP has a put option allowing the former participant or designated beneficiary the option to sell the shares of Halliburton Stock to the Company, upon distribution. The put option extends for a period of sixty days following the date the shares of Halliburton Stock are distributed to the former participant or designated beneficiary.
