Item 2.02 Results of Operations and Financial Condition.

Attached and incorporated herein by reference as Exhibit 99.1 is a copy of the press release of Kimberly-Clark Corporation (the "Corporation"), dated January 24, 2012, reporting the Corporation's results of operations for the quarter and year ended December 31, 2011.

Item 8.01 Other Events.

On January 21, 2011, the Corporation adopted a pulp and tissue restructuring plan in order to exit its remaining integrated pulp manufacturing operations and improve the underlying profitability and return on invested capital of its consumer tissue and K-C Professional businesses. In addition, on January 24, 2012, the Corporation announced its decision to streamline its manufacturing facility in Chester, Pennsylvania to further enhance the profitability of its consumer tissue business. Estimated charges related to this additional restructuring action are expected to range from \$30 million to \$50 million before taxes.

Both restructuring actions are expected to be substantially completed by December 31, 2012. The restructuring actions are expected to result in cumulative charges in 2011 and 2012 of approximately \$550 to \$600 million before tax (\$385 to \$420 million after tax). Cash costs are expected to account for approximately 30 to 40 percent of the total charges. As a result of these restructuring actions, versus the 2010 baseline, the Corporation expects that by 2013 annual net sales will be reduced by \$250 to \$300 million, and operating profit is expected to increase by at least \$75 million in 2013 and at least \$100 million in 2014.
