**Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On August 3, 2007, the Company entered into a Five Year Credit Agreement providing for a multicurrency revolving line of credit of US\$2.5 billion with a \$500 million sublimit for multicurrency letters of credit. Interest rates for eurocurrency borrowings are based on LIBOR and are tied to the ratings of the Company's long-term senior unsecured debt. This loan facility, which is unsecured, incorporates the customary terms of default including acceleration upon non payment, and upon the occurrence of other events and the Company's failure to cure. It is intended to serve primarily as a backstop for the Company's short-term commercial paper programs. It is largely a renewal and replacement of two facilities entered into in 2004. This facility matures on August 3, 2012. There are no amounts currently drawn under this facility.
