NAM TAI ELECTRONICS, INC.  
New Investment in TCL Group

VANCOUVER, CANADA October 1, 2002 -- Nam Tai Electronics, Inc. ("Nam Tai" or the "Company") (NASDAQ/NM Symbol: NTAI and NTAIW) announced that following yesterday's exciting announcement of a huge return from its investment in Huizhou TCL Mobile Communication Company Limited ("TCL Mobile"), from which Nam Tai has realized a huge profit of about 15 times return while retaining a 3.033% indirect interest in TCL Mobile, Nam Tai is now so happy to be invited by TCL Group to have a closer relationship with each other and has decided to make a new investment in another TCL subsidiary company, TCL International Holdings Limited ("TCL International"), which is a Hong Kong publicly listed company.

## Edgar Filing: NAM TAI ELECTRONICS INC - Form 6-K

At the invitation of TCL Group, Nam Tai has agreed to subscribe for approximately \$5 million of convertible bond notes to be issued by TCL International ("CB Note"). The term of the CB Note is three years with interest of 3% per annum. The CB Note is convertible into shares of TCL International at the conversion price of approximately \$0.33 per share. The closing price of TCL International on 30th September 2002 was approximately \$0.29 per share. This is the third investment by Nam Tai in TCL Group. Before this investment, Nam Tai invested \$2 million for 4.5% of TCL Mobile (from which Nam Tai has realized a huge profit from the sale of 1.467%) and \$12 million for a 6% equity interest in TCL Corporation, the ultimate holding company of TCL Group. Seeing the huge return on its investment in TCL Mobile, Nam Tai expects profitable returns from its other investments in TCL Group, including this new investment of approximately \$5 million.

TCL International, a Hong Kong publicly listed company (Hang Seng Index Code No. 1070), is a prominent industry leader in the design, manufacture and sales of a wide range of household appliances in the PRC and overseas markets. Riding on the success of the mainstream businesses of multi-media consumer electronics products, TCL International is expanding into the arenas of information technology and communication products, including PCs, mobile handsets, Internet access devices and a range of value-added services. With an extensive nationwide sales network, top quality products, comprehensive after-sale services and strong research and development capabilities, TCL is regarded as one of the most reputable and valuable brand names in the PRC and it has been the best selling TV brand in the PRC since 2001. For more information visit the TCL International website at [www.tclhk.com](http://www.tclhk.com).

Nam Tai Electronics, Inc. is an electronics design and manufacturing service provider to some of the world's leading original equipment manufacturers. Nam Tai manufactures telecommunication products, palm-sized PCs, personal digital assistants, linguistic products, calculators and various components including LCD modules for cellular phones, transformers and LCD panels. The Company utilises advanced production technologies such as chip on board (COB), chip on glass (COG), chip on film (COF), surface mount technology (SMT), ball grid array (BGA), tape automated bonding (TAB), and outer lead bonding (OLB) technologies. Further information is available on Nam Tai's web site at [www.namtai.com](http://www.namtai.com).

This press release contains forward-looking statements that are uncertain including statements that assume the successful completion of the subscription in the CB Note and the statements expressing an expectation of profitable returns from its investments in the TCL Group. The profitability of Nam Tai's investments in the TCL Group is risky and depends upon the success of the TCL Group's businesses, stock market conditions in Hong Kong and China, and general economic conditions. Factors that might cause differences in this and the other forward looking statements, include, but are not limited to, those discussed in the Company's reports filed with the Securities and Exchange Commission from time to time, such as the factors set forth in Item 1 "Description of Business - Risk factors" in the Company's Annual Report on Form 20-F for the year ended December 31, 2001.

### NAM TAI ELECTRONICS, INC.

Awarded \$34 Million in Damages Against Tele-Art Inc. (In Liquidation)

VANCOUVER, CANADA August 14, 2002 -- Nam Tai Electronics, Inc. ("Nam Tai" or the "Company") (NASDAQ/NM Symbol: NTAI and NTAIW) announced that the High Court of Justice in the British Virgin Islands awarded Nam Tai general damages of \$34 million resulting from a 1993 injunction obtained by Tele-Art Inc. (also incorporated in British Virgin Islands) (Symbol: TLAFF.PK) which delayed the Company's 1993 rights offering. This award of damages follows the September 1999 decision of the court to dismiss a claim filed by Tele-Art Inc., a shareholder of Nam Tai, in relation to the Company's 1993 rights offering, with costs being awarded in favour of Nam Tai.

"We were pleased that the court has dismissed Tele-Art's claim which we always maintained was without merit and awarded \$34 million in damages in favour of Nam Tai" commented, Mr. Murakami, Nam Tai's Chairman. "Although it is doubtful that Nam Tai can recover the full \$34 million judgment, as Tele-Art Inc. is in liquidation, the award vindicates Nam Tai and sends a clear message that Tele-Art's claim had no basis and was intended to cause harm to the Company's reputation. This fair judgment also greatly amplifies our confidence and respect in the legal system of British Virgin Islands."
