[DANAHER CORPORATION LOGO]

August , 2001

Dear Cooper Shareholder:

Danaher Corporation has proposed a business combination with Cooper Industries, Inc. that we believe is a clearly superior alternative to Cooper's proposal to reorganize in Bermuda. The consideration Danaher would pay in this transaction would consist of 75% Danaher stock and 25% cash. Under our proposal, each Cooper share would be converted into \$14.50 in cash and 0.7650 Danaher shares at the high end of the proposed range, or \$13.50 in cash and 0.7123 Danaher shares at the low end of the proposed range. We have indicated to the Cooper Board of Directors that we would expect to finalize a combination proposal at the high end of our range after a customary due diligence review of Cooper's business, which we believe we could complete in two weeks with Cooper's cooperation.

The Danaher proposal would provide you with an immediate and substantial premium for your Cooper shares and would enable you to participate in the growth of a stronger combined company. Based on Danaher's closing share price on July 20, 2001, the day before the two companies met to discuss Danaher's proposal, the Danaher merger proposal would provide a value of \$54.00 to \$58.00 for each share of Cooper common stock, representing a premium of 33% to 43% over Cooper's closing share price on that day and a premium of 40% to 50% over Cooper's average closing share price for the preceding three months. Because the number of shares of Danaher common stock that Cooper shareholders would receive pursuant to the Danaher merger proposal is fixed, the implied

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

value of the Danaher merger proposal will fluctuate based on changes in the market price of Danaher's common stock. Please obtain a current share price for Danaher stock to determine the value of our offer to you today.

As you know, Cooper has proposed to reorganize in Bermuda. In connection with the proposed reorganization, Cooper has scheduled a special meeting of shareholders to be held at the Chase Center Auditorium, 601 Travis Street, Houston, Texas on Thursday, August 30, 2001, at 10:00 a.m. The Cooper Board of Directors is soliciting your vote to approve its proposed reorganization in Bermuda.

As discussed in the accompanying proxy statement, we believe our proposed merger is a clearly superior alternative to the proposed reorganization. However, our proposal is conditioned on rejection by the Cooper shareholders of the proposed reorganization. Accordingly, we are soliciting your proxy to vote AGAINST the proposed reorganization.

WE BELIEVE THE DANAHER MERGER PROPOSAL IS SUPERIOR TO THE PROPOSED REORGANIZATION FOR THE FOLLOWING REASONS:

- SIGNIFICANT PREMIUM. Our proposed merger would provide an immediate and substantial premium for your Cooper shares. In contrast, the reorganization in Bermuda will not yield any premium at all.
- STRONGER CURRENCY. Our proposed merger would provide Cooper shareholders an opportunity to invest in Danaher common stock, which has demonstrated stronger performance and delivered more attractive total returns than Cooper common stock and the S&P 500 for the past three, five and ten year periods.
- STRONGER COMBINED COMPANY. Cooper's shareholders will have the opportunity to participate in the growth and synergies of a stronger, well capitalized company, with a management team focused on the aggressive pursuit of enhanced shareholder value.
- FAVORABLE TAX TREATMENT. Our proposed merger offers Cooper shareholders consideration comprised of 75% Danaher stock and 25% cash. Accordingly, our proposal provides an immediate and substantial cash payment to Cooper shareholders and is also expected to qualify as a reorganization for tax purposes. Thus, it is expected that shareholders would only pay tax on their gain up to the amount of the cash they receive, while the majority of the consideration, namely the shares of Danaher common stock, would be received tax-free by Cooper shareholders. In contrast, Cooper's planned reorganization will require shareholders to pay tax on all their gains without providing them any cash proceeds with which to satisfy the tax liability incurred.

YOUR VOTE IS IMPORTANT!

IF COOPER'S REORGANIZATION IN BERMUDA IS APPROVED, YOU WILL NOT HAVE THE OPPORTUNITY TO RECEIVE THE VALUE REPRESENTED BY OUR MERGER PROPOSAL. WE URGE YOU TO VOTE AGAINST COOPER'S REORGANIZATION IN BERMUDA BY SIGNING, DATING AND RETURNING THE ACCOMPANYING BLUE PROXY CARD TODAY.

PROXY STATEMENT
OF
DANAHER CORPORATION

SOLICITATION OF PROXIES
IN OPPOSITION
TO COOPER'S PROPOSED
REINCORPORATION IN BERMUDA

This Proxy Statement and the enclosed blue proxy card are furnished by Danaher Corporation, a Delaware corporation ("Danaher"), in connection with its solicitation of proxies to be used at the special meeting (the "Special Meeting") of shareholders of Cooper Industries, Inc., an Ohio corporation ("Cooper"), to be held at the Chase Center Auditorium, 601 Travis Street, Houston, Texas on Thursday, August 30, 2001, at 10:00 a.m., and at any adjournments, postponements or reschedulings of that meeting. Pursuant to this Proxy Statement, Danaher is soliciting proxies from holders of shares of common stock, par value \$5.00 per share, of Cooper ("Cooper Common Stock") to vote AGAINST Cooper's pending proposal to reorganize in Bermuda (the "Reorganization Proposal"). Cooper has set the close of business on July 23, 2001 as the record date (the "Record Date") for determining those shareholders who will be entitled to vote at the Special Meeting. This Proxy Statement and the enclosed blue proxy card are first being sent or given to shareholders of Cooper on or about August , 2001. Cooper's corporate headquarters are located at 600 Travis, Suite 5800, Houston, Texas 77002-1001, telephone (713) 209-8400.

THE DANAHER MERGER PROPOSAL

On July 25, 2001, Danaher delivered a letter to H. John Riley, Jr., Cooper's Chairman and Chief Executive Officer, setting forth a business combination proposal that Danaher had presented at a meeting with Mr. Riley and certain other Cooper executives on July 21, 2001. Danaher believes that, compared to the Reorganization Proposal, the Danaher Merger Proposal (the "Danaher Merger Proposal") constitutes a superior transaction for holders of Cooper Common Stock. Under Danaher's proposal, Cooper and Danaher would combine in a merger (the "Proposed Danaher Merger") in which each share of Cooper Common Stock would be converted into \$14.50 in cash and 0.7650 shares of Danaher common stock, par value \$1.00 per share ("Danaher Common Stock"), at the high end of our proposed range or \$13.50 in cash and 0.7123 shares of Danaher Common Stock at the low end of our proposed range. In its July 25 letter, Danaher indicated to Mr. Riley that it would expect to finalize a combination proposal at the high end of this range after a customary due diligence review of Cooper's business, which we believe we could complete in two weeks with Cooper's cooperation.

Based on Danaher's closing share price on July 20, 2001, the day before the two companies met to discuss Danaher's proposal, the Danaher Merger Proposal would provide a value of \$54.00 to \$58.00 for each share of Cooper Common Stock, representing a premium of 33% to 43% over Cooper's closing stock price on that day and a premium of 40% to 50% over Cooper's average share price for the preceding three months. Because the number of shares of Danaher Common Stock that Cooper shareholders would receive pursuant to the Danaher Merger Proposal is fixed, the implied value of the Danaher Merger Proposal will fluctuate based

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

on changes in the market price of Danaher's Common Stock. Please obtain a current share price for Danaher stock to determine the value of our offer to you today.

1

The Danaher Merger Proposal is subject to certain conditions, including:

- withdrawal of the Reorganization Proposal by the Cooper Board of Directors or rejection of the Reorganization Proposal by the Cooper shareholders,
- a customary due diligence review of Cooper and its businesses,
- execution of a definitive merger agreement by Danaher and Cooper, and
- redemption of the rights issued pursuant to the Rights Agreement, dated as of August 5, 1997, between Cooper and First Chicago Trust Company of New York.

Danaher would expect a merger agreement with Cooper to be conditioned upon approval by the Danaher and Cooper shareholders, receipt of all required regulatory approvals, and other customary conditions, including satisfaction of certain requirements under Ohio law. See "Background of the Solicitation -- Regulatory Approvals Required for the Proposed Danaher Merger."

There can be no assurance as to the timing or satisfaction of the conditions to the Danaher Merger Proposal or as to the timing or satisfaction of the conditions that a merger agreement between Danaher and Cooper would contain. In addition, there can be no assurance that Cooper would be willing to enter into merger discussions with Danaher even if Cooper shareholders rejected the Reorganization Proposal.

By voting "AGAINST" the Reorganization Proposal, Cooper shareholders can demonstrate their support for the proposed combination of Danaher and Cooper and send a strong message to the Cooper Board that they want to preserve the opportunity to consider the Danaher Merger Proposal.

TO ENSURE THAT WE MAY VOTE YOUR SHARES AT THE SPECIAL MEETING, WE URGE YOU TO COMPLETE, DATE AND SIGN THE ENCLOSED BLUE PROXY CARD AND MAIL IT PROMPTLY IN THE POSTAGE-PAID ENVELOPE PROVIDED, WHETHER OR NOT YOU PLAN TO ATTEND THE SPECIAL MEETING IN PERSON. YOU CAN WITHDRAW YOUR PROXY, OR CHANGE YOUR VOTE, AT ANY TIME BEFORE IT IS VOTED BY EXECUTING A LATER-DATED PROXY, BY VOTING BY BALLOT AT THE SPECIAL MEETING, OR BY FILING AN INSTRUMENT OF REVOCATION WITH THE INSPECTORS OF ELECTION IN CARE OF MACKENZIE PARTNERS, INC.

2

REASONS TO VOTE AGAINST THE PROPOSED REORGANIZATION

Danaher urges you to vote your shares of Cooper Common Stock AGAINST the Reorganization Proposal for the following reasons:

- A vote against the Reorganization Proposal satisfies a condition to the Danaher Merger Proposal and moves you one step closer to receiving the superior value represented by the Danaher Merger

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

Proposal.

- A vote against the Reorganization Proposal will send a firm message to the Cooper Board of Directors that you support the Danaher Merger Proposal.
- We believe that reincorporating Cooper in Bermuda will have the effect of further entrenching the Cooper Board of Directors and increasing the risk that Cooper shareholders will be denied a change of control premium for their shares.

Danaher believes that the combination of Danaher and Cooper is a superior alternative to the Reorganization Proposal and would provide substantial benefits to the Cooper shareholders, for the following reasons:

- **SIGNIFICANT PREMIUM.** The Danaher Merger Proposal would provide an immediate and substantial premium for your shares of Cooper Common Stock. In contrast, the reorganization in Bermuda will not yield any premium at all.
- **STRONGER CURRENCY.** The Danaher Merger Proposal would provide Cooper shareholders an opportunity to invest in Danaher Common Stock, which has demonstrated stronger performance and delivered more attractive total returns than Cooper Common Stock and the S&P 500 for the past three, five and ten year periods.
- **STRONGER COMBINED COMPANY.** Cooper's shareholders will have the opportunity to participate in the growth and synergies of a stronger, well capitalized company, with a management team focused on the aggressive pursuit of enhanced shareholder value.
- **FAVORABLE TAX TREATMENT.** The Danaher Merger Proposal offers Cooper shareholders consideration comprised of 75% Danaher stock and 25% cash. Accordingly, our proposal provides an immediate and substantial cash payment to Cooper shareholders, and is also expected to qualify as a reorganization for tax purposes. Thus, it is expected that shareholders would only pay tax on their gain up to the amount of the cash they receive, while the majority of the consideration, namely the shares of Danaher stock, would be received tax-free by Cooper shareholders. In contrast, Cooper's planned reorganization will require shareholders to pay tax on all their gains without providing them any cash proceeds with which to satisfy the tax liability incurred.

REJECTION OF THE REORGANIZATION PROPOSAL IS A CRITICAL STEP IN SECURING THE SUCCESS OF THE DANAHER MERGER PROPOSAL.

BACKGROUND OF THE SOLICITATION

THE 1999 PROPOSAL

In 1999, George M. Sherman, the former President and Chief Executive Officer of Danaher contacted Mr. Riley to raise the possibility of a combination of Danaher and Cooper.

On August 17, 1999, Mr. Sherman sent Mr. Riley the following letter:

[DANAHER LETTERHEAD]

August 17, 1999

Mr. H. John Riley, Jr.
Chairman, President and Chief Executive Officer
Cooper Industries, Inc.
600 Travis Street, Suite 5800
Houston, Texas 77002-1001

Dear John:

The last time we spoke, I did not fully express my view of the compelling opportunity presented by a merger between Cooper Industries, Inc. and Danaher Corporation.

We believe there is significant value to be realized in combining our businesses. Benefits would result from both the strategic alignment of our businesses as well as the combined size and power of the new entity. The immediate operational and strategic impact of combining our companies, as well as the critical mass created, will drive short and long term value.

Together, we would create a company with more than \$7 billion in revenues. More importantly, the new company could assemble four strategic global business platforms, each with at least \$1 billion in revenue, and three additional platforms with at least \$500 million in revenue. Our research suggests these seven platforms, which could operate under two business segments, would drive value for all our constituents in part by accelerating internal growth rates and in part by expanding the opportunities to acquire complementary business lines. For example, a combination would create a \$1 billion dollar utility products platform. With our complementary lines and market reach, we would be well positioned to succeed in this consolidating industry.

The combination of our tool businesses represents another opportunity to deliver incremental value by creating an industry leader that would leverage the combined operations and distribution channels. Not surprisingly, our tool

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

companies are already working together to better serve the customer.

5

Furthermore, a combination would create an exciting global enterprise with compelling strength in industrial and electrical distribution. With the changes and consolidation occurring in these distribution channels, we believe an exceptional opportunity exists for sustainable competitive advantage. The breadth and complementary nature of our products, coupled with the critical mass and combined commitments to drive quality, costs and customer service, would position us to take a leadership role in these distribution channels.

Our combined size would also create a balance sheet that would provide additional opportunities to enhance value. The new entity would leverage our combined purchasing power and enjoy a greater ability to retain and recruit top talent. Our size would also allow us to increase the funding for internal growth initiatives. With the proper funding, we can accelerate growth and deliver superior returns to our shareholders. In addition, we would be in a position to explore larger strategic acquisitions. We have already identified dozens of acquisition opportunities for our combined businesses.

How much is all this worth? I believe the growth and cost opportunities from combining these businesses is substantial. Simply put, this is an extraordinary opportunity to bring two companies together to accelerate the combined internal and external growth rates. This winning combination will help drive superior value for our customers, associates, suppliers and shareholders. I believe our management teams and Boards could effectively work together to manage the combined enterprise.

For all these reasons, we would be prepared to make the following proposal that has been discussed with and has the full support of our Board.

Our proposal would be for our companies to undertake a tax-free, all-stock merger in which the shareholders of Cooper will receive 1.33 shares of Danaher common stock for each Cooper common share they own. This exchange ratio offers a compelling value of \$78 per share based on our current stock price, and represents a 40% premium above the current Cooper stock price. This exchange ratio fairly reflects the synergies and benefits we envision would flow from the combination of our businesses. Moreover, as future Danaher shareholders that would hold almost half of the combined company's equity, Cooper shareholders would participate fully in the upside and growth of a much stronger combined company. As you may be aware, Danaher shareholders have enjoyed compounded annual returns in excess of 30% for the last five, ten and fifteen year periods. This of course reflects the company's consistent growth during these periods.

6

We believe that the transaction has no significant contingencies or regulatory concerns. We have extensive experience in effecting business combinations, and it is our view that this transaction can be completed expeditiously. We are ready to undertake a mutual due diligence review at your earliest convenience. Obviously, no legal obligations would be created on either of our parts until a definitive merger agreement is signed, which agreement would contain customary terms and conditions, including that the merger be accounted for as a "pooling-of-interests."

We strongly desire the support of Cooper's management in this matter and hope that our proposal will be well received by Cooper's Board of Directors. We have been advised that there is no requirement for either of us to publicly disclose this proposal, and we do not intend to disclose it.

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

John, I hope the two of us can meet and quietly explore this opportunity. I would welcome the chance to garner your insights and allow me to further explain Danaher and my thinking on this combination.

Clearly, this opportunity has the highest priority for all of us at Danaher, and we hope you and your Board share our enthusiasm. I look forward to hearing from you soon.

Sincerely,

/s/ George M. Sherman

President and Chief Executive Officer

On August 30, 1999, Mr. Sherman met with Mr. Riley in Houston to discuss a possible transaction. At that meeting, Mr. Sherman explained to Mr. Riley his view of the benefits of a business combination between Danaher and Cooper.

In September, 1999, Mr. Riley indicated to Mr. Sherman that the Cooper Board of Directors had decided not to pursue a possible combination with Danaher.

THE CURRENT PROPOSAL

On July 17, 2001, the Danaher Board of Directors unanimously approved the Danaher Merger Proposal and related matters. Later that day, H. Lawrence Culp, Jr., President and Chief Executive Officer of Danaher, telephoned Mr. Riley to relay the Danaher Merger Proposal and to suggest that Mr. Culp and Mr. Riley meet to discuss the Danaher Merger Proposal in greater detail.

On July 21, 2001, Mr. Culp and Patrick W. Allender, Executive Vice President, Chief Financial Officer and Secretary of Danaher met with Mr. Riley, D. Bradley McWilliams, Senior Vice President and Chief Financial Officer of Cooper and David A. White, Jr., Senior Vice President, Strategic Planning and New Venture Development Officer of Cooper at Cooper's headquarters in Houston, Texas. At the meeting, Messrs. Culp and Allender described to Messrs. Riley, McWilliams and White Danaher's business and its historical performance and Danaher's vision for the future. Next, Messrs. Culp and Allender discussed specific terms of the Danaher Merger Proposal, including the fact that the proposal is conditioned upon Danaher having an opportunity to conduct a due diligence review of Cooper. Mr. Culp emphasized his belief that Danaher could complete its due diligence review of Cooper quickly and indicated Danaher's eagerness to expeditiously negotiate a friendly transaction. At the conclusion of the meeting, Mr. Riley indicated that the Cooper Board of Directors would consider the Danaher Merger Proposal at its next regularly scheduled meeting on August 7, 2001.

8

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

On July 25, 2001, Danaher delivered the following letter to Mr. Riley:

[DANAHER LETTERHEAD]

July 25, 2001

Mr. H. John Riley, Jr.
Chairman and Chief Executive Officer
Cooper Industries, Inc.
600 Travis
Suite 5800
Houston, Texas 77002

Dear John:

Pat Allender and I enjoyed meeting with you, Brad McWilliams and Dave White this past Saturday to discuss our proposal for a business combination between Danaher Corporation and Cooper Industries, Inc. We appreciate your time, as well as your assurance that our offer will be relayed to and duly considered by the Cooper Board of Directors. As we indicated to you, however, in light of the accelerated timetable for the shareholder vote to consider your proposal to reincorporate Cooper in Bermuda and the fact that we are offering a substantial premium to Cooper shareholders, we believe it would be appropriate for our proposal to be considered more promptly than at your next scheduled Board meeting on August 7. I thought it would be useful to memorialize for you and to set out for the Cooper Board of Directors the specifics of our proposed business combination so that your Board will have the benefit of our thinking and be able to consider our proposal fully and expeditiously.

As you know, we at Danaher have for some time believed that a combination of our two companies would create an exciting global enterprise with critical mass and leverageable strengths across many product platforms that would drive revenue growth, reduce costs and improve operational efficiency. Such a merger would be extremely compelling from both an industrial and a financial perspective. With combined revenues in excess of \$8 billion and annual operating profit well in excess of \$1 billion, the combined company would have a powerful financial base from which to further enhance growth both organically and through acquisitions. The strength of the combined balance sheet and the new opportunities that will be created will deliver superior returns to our combined shareholder base with benefits flowing to our customers, associates, suppliers and other constituencies as well. The excellent fit between our two companies is evident to us not only in the complementary nature of our businesses along product and geographic lines, and in our mutual commitment to operating excellence, but also in our strategic vision. You have made it clear that your primary reasons for proposing to reincorporate Cooper in Bermuda are the opportunity to enhance cash flow and with the additional cash be a more effective player in the consolidating sectors in which we both operate. As you will recall, this was the essential rationale for combining our two fine companies that my predecessor, George Sherman, emphasized in his letter to you on August 17, 1999. It was prescient then and is even more persuasive today. We believe that a combination with Danaher would accelerate the fulfillment of your own desired objectives.

It has been almost two years since you rejected George's proposal for a merger, which also offered a significant premium to Cooper's shareholders, in order to pursue your business strategy independently. Because you had no interest in pursuing a negotiated transaction, we did not pursue the matter at that time, although we continued to believe in the tremendous value of combining our two companies. A comparison of our respective companies' financial results and share price performance from that time clearly indicates that your shareholders would have realized significant additional value had you accepted our earlier proposal. Since the date of George's letter to you, Danaher's stock has

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

outperformed Cooper's stock and the S&P 500 by 25 percentage points and 7 percentage points, respectively (a trend that has held true for the past three, five and ten year periods as well).

9

Your recent decision to seek shareholder approval for a major reorganization and reincorporation of Cooper in Bermuda prompted us to formally re-propose a combination of Cooper and Danaher. We firmly believe that our merger proposal represents a far more attractive near-term and long-term alternative to Cooper's shareholders than your proposed restructuring plan. The significant tax and other costs involved in migrating Cooper offshore would be altogether avoided in a Danaher transaction which would also provide your shareholders with an immediate and substantial value boost. More important even than our own view, we are convinced that your shareholders will overwhelmingly agree with this assessment and will not want to incur the costs of the move offshore in light of our proposal. We note with interest the limited impact on your share price that has resulted from your announced plan.

For all the above reasons, we have proposed to you a merger in which the Cooper shareholders will receive consideration consisting of 75% Danaher stock and 25% cash. Specifically, as we conveyed to you and your team when we met on July 21, our proposal is to structure the transaction as a merger in which each Cooper share would (subject to shareholder elections and proration as desired) be converted into \$14.50 in cash and 0.7650 Danaher shares at the high end of our proposal or \$13.50 in cash and 0.7123 Danaher shares at the low end of our proposal. As we discussed, this offer would provide a value of \$54.00 to \$58.00 for each Cooper share based on the Danaher closing price on the day prior to our meeting, which represented a 33% to 43% premium over Cooper's closing stock price on the same day and a 40% to 50% premium over the average Cooper closing stock price for the prior three months. Based on today's closing prices, our proposal represents a 35% to 45% premium to Cooper's stock price. While our proposal is based on our review and analysis of publicly available information regarding Cooper, we expect that confirmation of our understanding of Cooper's financial results and outlook through a due diligence review of Cooper's business (which we believe could be completed in as little as two weeks) would allow us to finalize a combination proposal at the high end of our range. We believe that a transaction with a substantial component of Danaher stock (in addition to a significant cash component) would be enthusiastically received by your shareholders as it offers a significant participation in the growth and synergy prospects of a much stronger combined company.

It is our view, and we are pleased that your team seems to agree, that a combination of our companies would have no significant contingencies and that this transaction can be completed expeditiously. We are ready to undertake a mutual due diligence review at your earliest convenience and to meet with your team to negotiate a merger agreement at any time. We believe ardently in the wisdom and strategic value of this transaction and the benefits that it offers to our combined shareholders and other stakeholders. I sincerely hope that you and Cooper's other directors will share our enthusiasm. As I said above, we feel strongly that an offer as compelling as this warrants prompt and thorough consideration by your Board at a special meeting and should not languish "on the back burner" for two weeks, particularly while you are actively soliciting your shareholders to support your alternative reincorporation plan. Accordingly, we would hope to hear back from you by the close of business on Monday, July 30 as to your Board's considered view of our proposal.

This matter has the highest priority for us at Danaher and we are committed to work with you in any way we can to expeditiously bring this vision to fruition. I look forward to continuing our discussions soon and hopefully working together

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

to bring about a transaction in which everyone wins.

Sincerely,

/s/ H. Lawrence Culp, Jr.

On July 30, 2001, Mr. Riley sent a letter to Mr. Culp confirming that the Board of Directors of Cooper would not consider the Danaher Merger Proposal until its regularly scheduled meeting during the week of August 6. The following is a copy of Mr. Riley's letter to Mr. Culp:

[COOPER LETTERHEAD]

July 30, 2001

Mr. H. Lawrence Culp, Jr.
President and Chief Executive Officer
Danaher Corporation
2099 Pennsylvania Avenue, N.W.
12th Floor
Washington, D.C. 20006-1813

Dear Larry:

I am responding to your letter dated July 25, 2001. I must admit that I am somewhat disappointed at the tone of your letter after what I thought was a very candid and cordial meeting here in Houston on Saturday, July 21, 2001.

I will begin by reiterating what I told you at the conclusion of our meeting on July 21. With the advice and assistance of the Company's legal and financial advisors, the Board of Directors of Cooper Industries will carefully and thoroughly consider your proposal. We currently anticipate that the Board will be meeting early in the week of August 6, and we fully intend to respond to you promptly thereafter.

Given the nature of our meeting, I am also surprised by your apparent need to create a "record" with a letter that contains several misstatements and omissions. Without identifying each one of them, I feel compelled to address two issues.

We attempted to clarify for you at our meeting the major shortcomings of Danaher's 1999 proposal, made by your predecessor, George Sherman. Danaher's proposal was anything but firm.

Your "all stock" proposal at that time was conditioned on receipt of "pooling" accounting treatment. This required, among other things, that Cooper reissue approximately 19% of its outstanding equity capital prior to consummation of any business combination with Danaher, subjecting Danaher's "all stock" acquisition proposal (and consequently both of our shareholder groups) to substantial uncertainty and market risk. After a thorough evaluation, our Board of Directors concluded that, under the circumstances, no further action on Danaher's proposal

was warranted.

11

Your letter also includes assertions regarding the costs associated with our moving offshore. Our proxy statement, which was mailed to our shareholders, clearly states that we do not expect the costs of our move offshore to be material. Further, we believe the reorganization will facilitate growth of Cooper by enabling it to obtain business, financial and strategic advantages that are not currently available, thereby making Cooper stock a more attractive investment alternative.

Larry, after receiving your letter, I believe it is all the more important that management, the Company's legal and financial advisors and Cooper's Board of Directors carefully and diligently review both the substance and implications of your proposal. We intend to do so promptly and will respond to you following that review.

Sincerely,

/s/ H. John Riley, Jr.

On August 1, 2001, Danaher issued a press release announcing the Danaher Merger Proposal and delivered the following letter to Mr. Riley:

[DANAHER LETTERHEAD]

August 1, 2001

Mr. H. John Riley, Jr.
Chairman and Chief Executive Officer
Cooper Industries, Inc.
600 Travis Street
Suite 5800
Houston, Texas 77002

Dear John:

I am responding to your letter dated July 30, 2001. We were disappointed that you did not consider it appropriate to deal with our offer more expeditiously. We believe Cooper shareholders will find our proposal preferable to the company's proposal to redomicile in Bermuda, especially given Danaher's long history of superior performance. We were also surprised by your remarks concerning our prior proposal in 1999 to merge Danaher with Cooper. Danaher's proposal was firm and achievable and we believe would have created considerable value for shareholders.

Given your apparent misunderstanding of the seriousness of our prior offer, we

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

wanted to make it clear that we are deeply committed to a merger of our two companies. To demonstrate our firm commitment to achieving a negotiated transaction, we publicly disclosed our proposal to merge with Cooper this morning. We will not, however, act against the will of your shareholders and if they approve the action to redomicile, Danaher will withdraw its proposal promptly.

The combination of our two companies has our highest priority. I very much hope that we can quickly achieve a mutually beneficial transaction. I look forward to continuing our discussions soon.

Sincerely,

/s/ H. Lawrence Culp, Jr.

REGULATORY APPROVALS REQUIRED FOR THE PROPOSED DANAHER MERGER

ANTITRUST APPROVALS AND CLEARANCES

The Proposed Danaher Merger would be subject to the clearance or approval under the United States antitrust laws and probably certain other countries' antitrust or trade regulation laws and regulations. Danaher is in the process of determining which, if any, foreign antitrust approvals or clearances would be required.

In the United States, under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and the regulations thereunder (the "HSR Act"), and the related rules and regulations that have been issued by the Federal Trade Commission (the "FTC"), certain acquisition transactions may not be consummated until certain information and documentary material have been furnished for review by the FTC and the Antitrust Division of the Department of Justice (the "Antitrust Division") and certain waiting period requirements have been satisfied. These requirements would apply to the Proposed Danaher Merger.

Under the HSR Act, the Proposed Danaher Merger may not be completed until the expiration of a 30 calendar-day waiting period (or 15 calendar-day waiting period in the case of a tender or exchange offer) following the filing of certain required information and documentary material concerning the Proposed Danaher Merger with the FTC and the Antitrust Division, unless the waiting period is earlier terminated by the FTC and the Antitrust Division. If within such waiting period either the FTC or the Antitrust Division requests additional information or documentary material from Danaher and Cooper, the waiting period with respect to the Proposed Danaher Merger would be extended for an additional period of 30 calendar days following the date of Danaher's substantial compliance with that request. Only one extension of the waiting period pursuant to a request for additional information is authorized by the HSR rules. After that time, the waiting period could be extended only by court order or with Danaher's consent. The FTC or the Antitrust Division may terminate the additional 30 calendar-day waiting period before its expiration. In practice, complying with a request for additional information or documentary material can

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

take a significant period of time.

The FTC and the Antitrust Division may scrutinize the legality under the antitrust laws of transactions such as the Proposed Danaher Merger. The FTC or the Antitrust Division could take any action under the antitrust laws that either considers necessary or desirable in the public interest, including seeking to enjoin a transaction, the divestiture of shares purchased in a transaction or the divestiture of substantial assets. Private parties as well as state attorneys general may also bring legal actions under the antitrust laws under certain circumstances.

14

Based upon an examination of publicly available information relating to the businesses in which Cooper is engaged, we believe that the Proposed Danaher Merger would not violate the applicable United States, or any other country's, antitrust laws. Nevertheless, we cannot be certain that a challenge to the Proposed Danaher Merger on antitrust grounds would not be made, or, if such challenge is made, what the result will be.

OTHER REQUIRED APPROVALS

Danaher is not aware of any other material governmental approvals or actions that are required prior to the consummation of the Proposed Danaher Merger other than approval under the HSR Act described above. Danaher presently contemplates that if any additional governmental approvals or actions were to be required, these approvals or actions would be sought. However, Danaher cannot assure Cooper shareholders that any of these additional approvals or actions would be obtained.

ANTI-TAKEOVER MEASURES

Certain anti-takeover provisions of Cooper's articles and code of regulations are designed to deter a business combination with Cooper, including Cooper's staggered Board and its shareholder rights plan, each of which is intended to require the cooperation of the Cooper Board of Directors with respect to merger proposals from third parties, such as the Danaher Merger Proposal.

Certain provisions of Ohio law must be complied with before the Danaher Merger Proposal can be implemented. For example, Section 1701.831 of the Ohio General Corporation Law prohibits the acquisition of certain threshold amounts of a company's shares without the prior approval of a majority of the outstanding shares and a majority of the shares not owned by the acquirer, officers or employee directors. This provision would apply to the Danaher Merger Proposal.

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

Cooper shareholder is entitled to one vote for each outstanding share of Cooper Common Stock held as of the close of business on the Record Date.

Approval of the Reorganization Proposal requires the affirmative vote of a majority of the voting power of Cooper. Broker non-votes and abstentions will have the same effect as votes against the Reorganization Proposal.

The accompanying blue proxy card will be voted in accordance with the shareholder's instructions on such blue proxy card. Shareholders may vote against the Reorganization Proposal (Item 1 on the enclosed proxy card) by marking the proper box on the blue proxy card. If no instructions are given with respect to Item 1, the blue proxy card will be voted AGAINST the Reorganization Proposal.

Whether or not you plan to attend the Special Meeting, we urge you to vote AGAINST the Reorganization Proposal on the enclosed blue proxy card and immediately mail it in the enclosed envelope. You may do this even if you have already sent in a different proxy solicited by Cooper's Board of Directors. IT IS YOUR LATEST DATED PROXY THAT COUNTS. Execution and delivery of a proxy by a record holder of shares of Cooper Common Stock will be presumed to be a proxy with respect to all shares held by such record holder unless the proxy specifies otherwise.

You may revoke your proxy at any time prior to its exercise by attending the Special Meeting and voting in person, by submitting a duly executed later dated proxy or by submitting a written, signed and dated notice of revocation which clearly identifies the proxy being revoked to Danaher's Corporate Secretary at Danaher Corporation, 2099 Pennsylvania Avenue, NW, 12th Floor, Washington, D.C. 20006-1813. Unless revoked in the manner set forth above, duly executed proxies in the form enclosed will be voted at the Special Meeting on the Reorganization Proposal in accordance with your instructions. In the absence of such instructions, such proxies will be voted AGAINST the Reorganization Proposal.

16

DANAHER STRONGLY RECOMMENDS A VOTE AGAINST THE REORGANIZATION PROPOSAL. YOUR VOTE IS IMPORTANT.

Danaher is subject to the informational filing requirements of the Securities Exchange Act of 1934, as amended, and, in accordance therewith, is obligated to file reports, proxy statements and other information with the Securities and Exchange Commission (the "SEC") relating to its business, financial condition and other matters. Information as of particular dates concerning Danaher's directors and officers, their remuneration, options granted to them, the principal holders of Danaher's securities and any material interests of such persons in transactions with Danaher is required to be disclosed in proxy statements distributed to Danaher's shareholders and filed with the SEC. 18

DISSENTERS' RIGHTS

Shareholders of a corporation that is proposing to merge with another entity are sometimes entitled to appraisal or dissenters' rights in connection

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

with the proposed transaction, depending on the circumstances. Most commonly, these rights give shareholders who oppose the merger the right to receive the fair value of their shares, as determined in a judicial appraisal proceeding, instead of the consideration being offered in the merger.

According to Cooper's July 27, 2001 proxy statement/prospectus relating to the Reorganization Proposal, Cooper shareholders are entitled to dissenters' rights in connection with the reorganization in Bermuda. Cooper, as an Ohio corporation, is governed by Section 1701.85 of the Ohio General Corporation Law regarding the rights of dissenting shareholders.

If you are a Cooper shareholder and want to receive the fair cash value of your shares, you should consult Section 1701.85 of the Ohio General Corporation Law and strictly adhere to all of the provisions of that section. That provision is included as Annex IV to Cooper's July 27, 2001 proxy statement/prospectus relating to the Reorganization Proposal.

19

SOLICITATION OF PROXIES

Proxies will be solicited by mail, telephone, telefax, telegraph, the Internet, newspapers and other publications of general distribution and in person. Directors, officers and certain employees of Danaher and the other participants listed on Schedule II hereto may assist in the solicitation of proxies without any additional remuneration (except as otherwise set forth in this Proxy Statement).

Danaher has retained MacKenzie Partners, Inc. ("MacKenzie") for solicitation and advisory services in connection with solicitations relating to the Special Meeting, for which MacKenzie is to receive a fee estimated not to exceed \$ in connection with the solicitation of proxies for the Special Meeting. Up to people may be employed by MacKenzie in connection with the solicitation of proxies for the Special Meeting. Danaher has also agreed to reimburse MacKenzie for out-of-pocket expenses and to indemnify MacKenzie against certain liabilities and expenses, including reasonable legal fees and related charges. MacKenzie will solicit proxies for the Special Meeting from individuals, brokers, banks, bank nominees and other institutional holders. Directors, officers and certain employees of Danaher may assist in the solicitation of proxies without any additional remuneration. The entire expense of soliciting proxies for the Special Meeting by or on behalf of Danaher is being borne by Danaher.

Danaher has retained Lehman Brothers and Merrill Lynch & Co. to act as its financial advisors in connection with the Danaher Merger Proposal. In connection with the Danaher Merger Proposal and pursuant to Letter Agreements between each of Lehman Brothers and Merrill Lynch, on the one hand, and Danaher on the other hand, Danaher has agreed to pay each of Lehman Brothers and Merrill Lynch financial advisory fees of (i) \$1,000,000 upon the earliest to occur of commencement of a tender offer, exchange offer, or certain specified solicitations of proxies or consents (other than the solicitation of proxies against the Reorganization Proposal), (ii) \$3,000,000 upon the execution of a definitive business combination agreement with Cooper, and (iii) up to \$12,000,000 (offset by any amounts paid pursuant to clauses (i) and (ii) above) upon consummation of a business combination agreement with Cooper. If, following the execution of a definitive business combination agreement with Cooper, the agreement is terminated and Danaher receives a termination fee, Danaher will pay each of Lehman Brothers and Merrill Lynch a fee of up to \$7,500,000 (offset by any amounts paid pursuant to clauses (i) and (ii) above).

Edgar Filing: COOPER INDUSTRIES INC - Form PREC14A

Danaher has also agreed to reimburse Lehman Brothers and Merrill Lynch for their reasonable expenses, including the fees and expenses of legal counsel, incurred in connection with their respective engagements by Danaher. In addition, Danaher has agreed to indemnify Lehman Brothers and Merrill Lynch and certain related persons against certain liabilities, including certain liabilities under the federal securities laws, arising out of their engagement.

In connection with the engagement of Lehman Brothers and Merrill Lynch as financial advisors, Danaher anticipates that certain employees of Lehman Brothers and Merrill Lynch may communicate in person, by telephone or otherwise with a limited number of institutions, brokers or other persons who are Cooper shareholders for the purpose of assisting in the solicitation of proxies for the Special Meeting. Lehman Brothers and Merrill Lynch will not receive any fee for or in connection with such solicitation activities apart from the fees which they are otherwise entitled to receive as described above.
