substantially all of the assets of Dial Communications Group, Inc. ("DCGI"), and Dial Communications Group, LLC ("DCGL" and together with DCGI, the "Dial Entities") used in connection with the Dial Entities' business of selling advertising relating to radio programming (the "Acquisition"). Concurrent with the Acquisition, Excelsior issued promissory notes to Change Technology Partners, Inc. and Sunshine II, LLC totaling \$7,000,000 (in the aggregate, the "Notes").

As contemplated in the April Form 8-K, attached hereto is financial information relative to the Acquisition.

ITEM 7. FINANCIAL STATEMENTS, PRO FORMA FINANCIAL INFORMATION AND EXHIBITS.

(a), (b) Included in the following financial information, under the column "Dial Communications", is the historical financial information of DCGL for the periods presented. The following unaudited pro forma combined financial information for Franklin gives effect to the Acquisition and issuance of the Notes. Franklin is registered as a business development company and as such files its financial statements under the Investment Company Act of 1940. The pro forma financial statements reflect the accounting presentation as an Investment Company. The unaudited pro forma combined statements of operations for the three months ended March 31, 2002 give pro forma effect to the Acquisition and issuance of the Notes as if the Acquisition had occurred, and the Notes had been issued, on January 1, 2002. The unaudited pro forma condensed combined balance sheet as of March 31, 2002 gives pro forma effect to the Acquisition and related purchase accounting adjustments as if the Acquisition had occurred, and the Notes had been issued, on March 31, 2002. The unaudited pro forma combined statements of operations for the year ended December 31, 2001 give pro forma effect to the Acquisition and issuance of the Notes as if the Acquisition had occurred, and the Notes had been issued, on January 1, 2001. The pro forma adjustments relating to the Acquisition and Notes are described in the notes to the pro forma combined financial information.

2

The unaudited pro forma combined financial information does not purport to represent the results of operations or the financial position of Franklin that would have resulted had the Acquisition been consummated as of the date or for the period indicated, and does not purport to be indicative of the effects that may be expected to occur in the future. The historical financial information set forth below has been derived from, and is qualified by reference to, the financial statements of Franklin previously filed with the Securities and Exchange Commission for the periods presented and should be read in conjunction with those financial statements and notes thereto.

(c) None.

Notes to Pro Forma Combined Financial Information:

1. Adjustment to reflect Franklin filing under the Investment Act of 1940. Franklin's majority-owned investment Excelsior purchased the assets of Dial. Dial will be consolidated into Excelsior. Since Franklin files under the Investment Act of 1940, Franklin reflects its investment in Excelsior and does not consolidate Excelsior.

2. Adjustment to reflect the receipt by Franklin of \$300,000 for Franklin's obligations in connection with any Franklin common stock that may be issued pursuant to the terms of the purchase agreement or the promissory notes issued in consideration of the purchase of Dial. Any common stock issued in the future would be recorded as an entry to common stock and additional paid in capital.
