AGC - Assured Guaranty Corp.

AMBAC - AMBAC Financial Group, Inc.

- AMT - Interest earned from these securities may be considered a tax preference item for purposes of the Federal Alternative Minimum Tax.
- FGIC - Financial Guaranty Insurance Company
- FSA - Financial Security Assurance, Inc.
- NPFG - National Public Finance Guaranty Corp.
- XLCA - XL Capital Assurance, Inc.

The Trust invests primarily in debt securities issued by Michigan municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at August 31, 2009, 45.1% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 0.9% to 21.7% of total investments.

- (1) Security (or a portion thereof) has been pledged to cover margin requirements on open financial futures contracts.

**Table of Contents**

A summary of financial instruments outstanding at August 31, 2009 is as follows:

**Futures Contracts**

<b>Expiration Date</b>	<b>Contracts</b>	<b>Position</b>	<b>Aggregate Cost</b>	<b>Value</b>	<b>Net Unrealized Depreciation</b>
12/09	5 U.S. Treasury Bond	Short	\$ (597,092)	\$ (598,750)	\$ (1,658)
12/09	3 U.S. Treasury Note	Short	(349,419)	(351,656)	(2,237)
					<b>\$ (3,895)</b>

**Interest Rate Swaps**

	<b>Notional Amount</b>	<b>Annual Fixed Rate Paid By Trust</b>	<b>Floating Rate Paid To Trust</b>	<b>Effective Date/ Termination Date</b>	<b>Net Unrealized Depreciation</b>
<b>Counterparty</b> Merrill Lynch Capital Services, Inc.	\$ 400,000	4.517%	3-month USD-LIBOR-BBA	December 1, 2009 / December 1, 2039	\$ (25,977)

The effective date represents the date on which the Trust and the counterparty to the interest rate swap contract begin interest payment accruals.

At August 31, 2009, the Trust had sufficient cash and/or securities to cover commitments under these contracts.

The Trust is subject to interest rate risk in the normal course of pursuing its investment objectives. Because the Trust holds fixed rate bonds, the value of these bonds may decrease if interest rates rise. To hedge against this risk, the Trust may enter into interest rate swap contracts. The Trust may also purchase and sell U.S. Treasury futures contracts to hedge against changes in interest rates.

At August 31, 2009, the aggregate fair value of derivative instruments (not accounted for as hedging instruments under Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards No. 133) in a liability position and whose primary underlying risk exposure is interest rate risk was \$29,872.

The cost and unrealized appreciation (depreciation) of investments of the Trust at August 31, 2009, as determined on a federal income tax basis, were as follows:

<b>Aggregate cost</b>	<b>\$ 45,482,487</b>
Gross unrealized appreciation	\$ 1,416,987
Gross unrealized depreciation	(3,265,724)
<b>Net unrealized depreciation</b>	<b>\$ (1,848,737)</b>

FASB Statement of Financial Accounting Standards No. 157, Fair Value Measurements, established a three-tier hierarchy to prioritize the assumptions, referred to as inputs, used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

**Table of Contents**

At August 31, 2009, the inputs used in valuing the Trust's investments, which are carried at value, were as follows:

<b>Asset Description</b>	<b>Quoted Prices in Active Markets for Identical Assets  (Level 1)</b>	<b>Significant Other Observable Inputs  (Level 2)</b>	<b>Significant Unobservable Inputs  (Level 3)</b>	<b>Total</b>
Tax-Exempt Investments	\$	\$ 43,633,750	\$	\$ 43,633,750
<b>Total Investments</b>	<b>\$</b>	<b>\$ 43,633,750</b>	<b>\$</b>	<b>\$ 43,633,750</b>
<b>Liability Description</b>				
Futures Contracts	\$ (3,895)	\$	\$	\$ (3,895)
Interest Rate Swaps		(25,977)		(25,977)
<b>Total</b>	<b>\$ (3,895)</b>	<b>\$ (25,977)</b>	<b>\$</b>	<b>\$ (29,872)</b>

The Trust held no investments or other financial instruments as of November 30, 2008 whose fair value was determined using Level 3 inputs.

For information on the Trust's policy regarding the valuation of investments and other significant accounting policies, please refer to the Trust's most recent financial statements included in its semiannual or annual report to shareholders.

**Table of Contents**

**Item 2. Controls and Procedures**

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the fiscal quarter for which the report is being filed that have materially affected, or are reasonably likely to materially affect the registrant's internal control over financial reporting.
