As previously reported, on August 1, 2011, Cumulus Media Inc. (the Company) completed the purchase of the remaining 75.0% of the equity interests of Cumulus Media Partners, LLC (CMP) that the Company did not already own. In addition, also as previously reported, on March 9, 2011, the Company entered into an agreement and plan of merger (the Merger Agreement) with, among others, Citadel Broadcasting Corporation (Citadel), pursuant to which the Company agreed to acquire all of the outstanding common stock and warrants of Citadel at a price equal to \$37.00 per share, payable in a combination of cash and shares of the Company's common stock (the Citadel Acquisition).

In connection with its entry into the Merger Agreement, the Company entered into, and subsequently amended and restated, an investment agreement with certain investors (the Investment Agreement) pursuant to which such investors agreed to purchase up to an aggregate of \$500.0 million in shares of the Company's common stock, preferred stock or warrants to purchase common stock. On August 12, 2011, in order to satisfy its registration obligations under the Investment Agreement, the Company filed a registration statement (the Registration Statement) on Form S-3 (File No. 333-176294) with the Securities and Exchange Commission (the SEC).

This current report on Form 8-K (this Report) is being filed to, among other things, update certain of the financial information included in, or incorporated by reference into, the Registration Statement. Specifically, the following financial information is hereby incorporated by reference into this Report:

All such expectations are based upon certain preliminary information, internal estimates, and management assumptions, expectations, and plans, and are subject to a number of risks and uncertainties inherent in projecting future conditions, events and results. Actual results could differ materially from expectations expressed in the forward-looking statements if one or more of the underlying assumptions or expectations prove to be inaccurate or are unrealized.
