PROXY STATEMENT

February 15, 2006

Annual Meeting of Stockholders

March 31, 2006

SOLICITATION AND VOTING RIGHTS

The accompanying proxy is solicited by the Board of Directors of Powell Industries, Inc., a Delaware corporation (the Company), for use at the Annual Meeting of Stockholders of the Company to be held on Friday, March 31, 2006 at 11:00 a.m., Houston time, at the principal executive offices of the Company at 8550 Mosley Drive, in Houston, Texas 77075, or at any adjournment thereof.

This Proxy Statement and proxy and the accompanying Notice of Annual Meeting, Annual Report to Stockholders and Form 10-K for the year ended October 31, 2005, including consolidated financial statements, will be mailed to stockholders on or about February 17, 2006. The Board of Directors of the Company has fixed February 10, 2006, as the record date for determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. As of February 10, 2006, there were 10,859,646 shares of the Company's Common Stock, par value \$.01 per share (Common Stock), outstanding. Each holder of Common Stock will be entitled to one vote for each share owned, except as noted below.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock of the Company is necessary to constitute a quorum at the meeting. The holders of shares represented by proxies reflecting abstentions or broker non-votes are considered present at the meeting and count toward a quorum. Brokers holding shares of record for their customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. When brokers complete proxy forms, they generally vote on those matters as to which they are entitled to vote. On those matters as to which brokers are not entitled to vote without instructions from their customers and have not received such instructions, brokers generally indicate on their proxies that they lack voting authority as to those matters. As to those matters, such indications are called broker non-votes.

The persons receiving the greatest number of votes cast at the meeting to fill the directorships with terms to expire in 2009 will be elected as directors of the Company, class of 2009. Thus, abstentions and broker non-votes will have no effect on the election of directors.

The shares represented by each valid proxy received by the Company on the form solicited by the Board of Directors will be voted in accordance with instructions specified on the proxy. A stockholder giving a duly executed proxy may revoke it before it is exercised by filing with or transmitting to the Secretary of the Company an instrument or transmission revoking it, or a duly executed proxy bearing a later date.

In addition to the solicitation of proxies by use of this Proxy Statement, directors, officers and employees of the Company may solicit the return of proxies by mail, personal interview, telephone or the Internet. Officers and employees of the Company will not receive additional compensation for their solicitation efforts, but they will be reimbursed for any out-of-pocket expenses incurred. Brokerage houses and other custodians, nominees and fiduciaries will be requested, in connection with the stock registered in their names, to forward solicitation materials to the beneficial owners of such stock.

All costs of preparing, printing, assembling, and mailing the Notice of Annual Meeting of Stockholders, this Proxy Statement, the enclosed form of proxy and any additional materials, as well as the cost of forwarding solicitation materials to the beneficial owners of stock and all other costs of solicitation, will be borne by the Company.

PROPOSAL NO. 1

Mr. Clark, Mr. Seale and Mr. Tranchon currently serve as directors of the Company with terms expiring in 2006. Only the directors who are not employees of the Company or any of its subsidiaries or affiliates, are entitled to receive a fee, plus reimbursement of out-of-pocket expenses for their services as directors. Under the Company's standard arrangement for compensation of directors, outside directors receive a quarterly

retainer of \$2,500 and a fee of \$2,000 for each board meeting attended. Members of the audit committee other than the chairman receive a fee of \$1,200 for each committee meeting attended. Members of all other committees receive a fee of \$800 for each committee meeting attended. The audit committee chairman receives a fee of \$2,500 for each committee meeting attended. All other committee chairmen receive a fee of \$1,250 for each committee meeting attended.

In 1993, the Company adopted the Powell Industries, Inc. Directors Fee Program which permits directors to defer receipt of the directors fees to which they would otherwise be entitled and to have such deferred fees allocated to a shadow account as if they were invested in Common Stock of the Company on the date the fees were payable. Then upon expiration of the deferral period or the retirement or death of the director, payment will be made in the form of shares of Common Stock equal to the number of shares in his shadow account (plus any distributions on the Common Stock that were credited to the shadow account).

The Stockholders voted at the March 16, 2002 meeting to approve the Non-Employee Director Stock Option Plan which superseded the 2000 Non-Employee Stock Option Plan adopted by the Board of Directors in 2000. The total number of shares of Common Stock reserved under the plan is 100,000 shares. The Plan is administered by the Compensation Committee. Eligibility to participate in the Plan is limited to those individuals who are members of the Board of the Company and who are not an employee of the Company or any affiliate of the Company. No options to acquire shares of the Company's common stock were issued this year. The Compensation Committee plans to terminate the Non-Employee Director Stock Option Plan after all outstanding options granted under it have been exercised or have expired.

The Stockholders voted at the April 15, 2005 meeting to approve the Non-Employee Director Restricted Stock Plan. The total number of shares of Common Stock reserved under the plan is 150,000 shares. The Plan is administered by the Compensation Committee. Eligibility to participate in the Plan is limited to those individuals who are members of the Board of the Company and who are not an employee of the Company or any affiliate of the Company. In accordance with the terms of the Plan, 2,000 restricted shares of the Company's Common Stock have been issued to each of the non-employee directors.

Four meetings of the Board of Directors were held in the last fiscal year. No incumbent director attended fewer than seventy-five percent (75%) of the aggregate of (1) the total number of meetings of the Board of Directors and (2) the total number of meetings held by all committees of the Board on which he served. It is the Company's policy that directors attend the Annual Meeting of Stockholders. At the Annual Meeting of Stockholders on April 15, 2005, all of the Company's directors at that date were present. Stockholders may communicate with directors of the Company by writing to them at the Company's headquarters. Communications addressed to the Board of Directors will be reviewed by the Secretary of the Company and directed to the members of the Board for their consideration.

Nominating Committee

The Board of Directors has a standing Nominating Committee comprised of Eugene L. Butler, James F. Clark and Ronald J. Wolny. The current members of the Nominating Committee are independent as that term is defined by Rule 4200(a)(15) of the NASDAQ Marketplace Rules. The Nominating Committee proposes a slate of directors for election by the Company's stockholders at each annual meeting and appoints candidates to fill any vacancy on the Board. The Nominating Committee is also responsible for establishing director qualifications and the selection criteria for new directors. The Nominating Committee also recom-

mends to the Board of Directors a slate of directors to serve on each standing committee of the Board and recommends one member of each standing committee to serve as chairman of the committee. During the fiscal year 2005, the Committee held two meetings. A copy of the Nominating Committee Charter is available on the Company's website, www.powellind.com, under the section entitled Investor Relations.

The Nominating Committee will consider written recommendations from stockholders for nominees for director. Any such nominations should be submitted to the Nominating Committee c/o the Secretary, Powell Industries, Inc., 8550 Mosley Drive, Houston, TX 77075 and should be accompanied by the following information:

all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected);

the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of the Company's Common Stock which are owned beneficially and of record by such stockholder(s); and

appropriate biographical information and a statement as to the qualifications of the nominee.

The written recommendation should be submitted in the time frame described under the caption Stockholder Proposals below.

Nominees for director are selected on the basis of a number of qualifications including their independence, knowledge, judgment, character, leadership skills, education, experience, financial literacy, standing in the community and ability to foster a diversity of backgrounds, and views and to complement the Board's existing strengths. The Nominating Committee initiates the process for identifying and evaluating nominees to the Board of Directors by preparing a slate of candidates who meet the criteria for selection as a nominee and have any specific qualities or skills being sought based on input from members of the Board. The Committee may, to the extent it deems appropriate, engage a third-party search firm and other advisors.

The Nominating Committee evaluates the candidates by reviewing their biographical information and qualifications, with qualified nominees being interviewed by at least one member of the Committee and the Chief Executive Officer. Members of the Board also have an opportunity to interview qualified nominees. The Nominating Committee then determines, based on the background information and the information obtained in the interviews, whether to recommend to the Board that a nominee be nominated to fill a directorship with an expiring term. Candidates recommended by the Nominating Committee to fill a directorship with an expiring term are presented to the Board for selection as nominees to be presented for the approval of the stockholders. The Nominating Committee anticipates that a similar process will be used to evaluate nominees recommended by stockholders, but has not yet received a stockholder recommendation for a nominee for director. The Nominating Committee is responsible for appointing new members to the Board to fill the unexpired term of a directorship vacated during the term.

NOMINATING COMMITTEE REPORT

The Nominating Committee, upon its own recommendation and approval of the independent members of the Board of Directors, recommended that the Board nominate James F. Clark, Stephen W. Seale, Jr. and

Robert C. Tranchon for re-election as directors, subject to stockholder approval, for a three-year term ending at the annual stockholder meeting in 2009 and has otherwise satisfied its responsibilities under its charter.

All meetings of the Audit Committee were separate and apart from meetings of the full Board of Directors during fiscal 2005. A copy of the Audit Committee Charter is available on the Company's web site, www.powellind.com, under the section entitled Investor Relations and was also included as Appendix E to the Company's proxy statement filed on January 16, 2004 relating to its 2004 stockholders' meeting.

AUDIT COMMITTEE REPORT

The Audit Committee is currently comprised of three directors who are independent, as defined by the standards of the NASDAQ Stock Market. The Audit Committee assists the Board in overseeing matters relating to the Company's accounting and financial reporting practices, the adequacy of its internal controls and the quality and integrity of its financial statements. The Audit Committee Charter was filed in the proxy statement for the 2004 annual meeting of stockholders.

The Audit Committee met six times during the year ended October 31, 2005. The Audit Committee reviewed with management and the Independent Registered Public Accounting Firm, the interim financial information included in the Company's quarterly reports on Form 10-Q for the fiscal quarters ended January 31, April 30 and July 31, 2005 prior to their being filed with the Commission and reviewed in a meeting held in fiscal 2006 the financial information for the fiscal quarter and year ended October 31, 2005, as filed with the Company's Form 10-K for the year ended October 31, 2005.

The Independent Registered Public Accounting Firm provided the Audit Committee with a written statement describing all the relationships between itself and the Company that might bear on their

independence consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Audit Committee also discussed with the Independent Registered Public Accounting Firm any relationships that may impact their objectivity and independence and satisfied itself as to their independence.

The Audit Committee discussed and reviewed with the Independent Registered Public Accounting Firm all communications required by generally accepted auditing standards, including those described in Statement of Auditing Standards No. 61, as amended, Communication with Audit Committees.

With and without management present, the Audit Committee discussed and reviewed the results of the Independent Registered Public Accounting Firm's examination of the Company's October 31, 2005 financial statements. The discussion included matters related to the conduct of the audit, such as the selection of and changes in significant accounting policies, the methods used to account for significant or unusual transactions, the effect of significant accounting policies in controversial or emerging areas, the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates, significant adjustments arising from the audit and disagreements, if any, with management over the application of accounting principles, the basis for management's accounting estimates, and the disclosures in the financial statements.

The Audit Committee reviewed the Company's audited financial statements as of and for the year ended October 31, 2005, and discussed them with management and the Independent Registered Public Accounting Firm. Based on such review and discussions, the Audit Committee recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended October 31, 2005 for filing with the Commission.

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended (the Securities Act), or the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Messrs. Powell and Madison are covered by the Company's Executive Severance Protection Plan, which provides severance pay and other specified benefits upon termination of employment other than for cause (as defined in the Plan) within three years of a change in control of the Company. The benefits payable in such event (grossed up for

taxes) are (1) three times the officer's current annual base salary, plus (2) three times the maximum incentive opportunity for the officer under the Company's then current Incentive Compensation Plan, plus (3) continuation of medical, dental and life insurance benefits for three years or until the officer is covered under another plan, whichever is earlier.

Thomas W. Powell is covered by the Company's Executive Benefit Plan. Pursuant to Mr. Powell's Executive Benefit Agreement executed under such Plan, he is entitled to the following payments: (1) if he should die while in active employment with the Company, a lump sum benefit of \$630,000 payable to his designated beneficiary; (2) upon normal retirement on or after age 65 and the completion of at least ten years of continuous employment, salary continuation payments of \$150,000 per year for five years and then

\$75,000 per year for ten years; (3) upon termination of employment prior to qualifying for normal retirement but after attaining age 55 and the completion of at least ten years of continuous employment with the Company, the salary continuation payments payable upon normal retirement, reduced by 1/2% for each month prior to age 65 that employment is terminated, commencing on the later of the date of retirement or attainment of age 60; and (4) upon a sale of all or substantially all of the property and assets of the Company other than in the usual course of its business, or a merger of the Company wherein the Company is not the surviving corporation, and within two years thereafter Mr. Powell's employment with the Company is terminated or he resigns following a change of his position to one of less responsibility, Mr. Powell would be entitled to receive salary continuation payments of \$150,000 per year for five years and then \$75,000 per year for ten years. If Mr. Powell entered into competition with the Company following termination or retirement described in (3) above, he would (a) forfeit all further payments if the competition occurred within 36 months following termination, or (b) not be entitled to any further payments until age 60, if the competition occurred after 36 months following termination.

(1) In 1993, the Company adopted the Powell Industries, Inc. Directors' Fee Program (the "Program"). Under the Program, directors may defer receipt of the directors' fees and have such fees allocated to a shadow account as if they were invested in the Company's common stock based on the fair market value on the date the fees are payable. Upon expiration of the deferral period elected by the director, or upon death, the shares held in his shadow stock account are distributed, along with any distributions on the Common Stock that were credited to the shadow stock account. As of October 31, 2005, a total of 2,897 shares of Common Stock were held in shadow stock accounts for the directors. The program was not approved by the Company's stockholders.

Compensation Committee Interlocks and Insider Participation

During the last fiscal year of the Company, Messrs. Becherer, Tranchon and Wolny served on the Compensation Committee of the Board of Directors of the Company. None of them has ever served as an officer or employee of the Company or any of its subsidiaries. Also during the last fiscal year, no executive

officer of the Company served as a member of the Compensation Committee or Board of Directors of another entity, one of whose executive officers served on the Company's Board of Directors.

Compensation Committee Report On Executive Compensation

The Compensation Committee (the Committee) of your Board of Directors is pleased to present to the stockholders its annual report on executive compensation. This report summarizes the responsibilities of the Committee, the compensation policy and objectives that guide the development and administration of the executive compensation program, each major component of the program, and the basis on which the compensation for the Chief Executive Officer, corporate officers and other executives were determined for the fiscal year ended October 31, 2005.

The Compensation Committee, which held three meetings during the last fiscal year, provides oversight on behalf of the full Board on development and administration of the Company's executive compensation program and each subcomponent plan under which officers or directors are eligible to participate. The Compensation Committee also administers the Company's Stock Option Plan, Directors' Fee Program, Incentive Compensation Plan, Non-Employee Director Stock Option Plan, and Non-Employee Director Restricted Stock Plan of the Company.

Executive Compensation Philosophy

The philosophy of the Committee is that the Company's executive compensation program should be an effective tool for fostering the creation of stockholder value. The following objectives guide the Committee in its deliberations:

Provide a competitive compensation program that enables the Company to attract and retain key executives and Board members.

Assure a strong relationship between the performance results of the Company and the total compensation received.

In connection with the above, encourage executives to acquire and retain meaningful levels of Common Stock of the Company.

Balance both annual and longer performance objectives of the Company.

Work closely with the Chief Executive Officer to assure that the compensation program supports the management style and culture of the Company.

In addition to normal employee benefits, the executive total compensation program includes base salary, annual cash incentive compensation, and longer-term stock based grants and awards.

Comparisons are made and surveys taken periodically to determine competitive compensation levels and practices for certain benchmark positions in the Company. Such analysis covers a broad group of manufacturing companies and the results are adjusted for differences in factors such as company size and position responsibilities. This comparison group is broader than the published industry index of companies included in the cumulative total return performance graph presented elsewhere in this Proxy Statement because it is more representative of the executive market in which the Company competes for talent and provides a consistent

and stable market reference from year to year. Other comparative information from national survey databases, proxy statement disclosures and general trend data provided by compensation consultants is also considered.

Variable incentives, both annual and longer term, are important components of the program and are used to link pay and performance results. Variable incentive awards and performance standards are calibrated such that total compensation will generally approximate the average market compensation when the Company meets target levels equal to approximately recent historical Company performance (subject to certain minimum target levels), and will exceed the average market compensation when performance exceeds targets. However, changes in the mission and strategy of the Company or certain of its subsidiaries as well as projected profit and growth are also important considerations in the calibration of the Company's total executive compensation program.

The Internal Revenue Code (Section 162(m)) imposes a \$1,000,000 limit, with certain exceptions, on the deductibility of compensation paid to each of the five highest paid executives. In particular, compensation that is determined to be performance based is exempt from this limitation. To be performance based, incentive payments must use predetermined objective standards, limit the use of discretion in making awards, and be certified by the Compensation Committee made up of outside directors. While the Committee believes that the use of discretion is appropriate in specific circumstances, it believes that the annual incentive compensation and longer term stock plans comply with the provisions of Section 162(m) as performance based. It is not anticipated that any executive will receive compensation in excess of this limit during fiscal year 2006. The Committee will continue to monitor this situation and will take appropriate action if it is warranted in the future.

Following is a discussion of each of the principal components of the executive total compensation program.

Base Salary

The base salary program targets the median of the primary comparison group for corporate officers and managers. Since subsidiary presidents generally have a higher incentive opportunity relative to comparable positions in the market, base salaries for subsidiary presidents are targeted somewhat below the market median. Each executive's base salary is reviewed individually each year. Salary adjustments are based on the individual's experience and background, performance during the prior year, the general movement of salaries in the marketplace, and the Company's financial position. Due to these factors, an executive's base salary may be above or below the target point at any point in time.

Annual Incentive Compensation

The Company administers an annual incentive plan for its corporate officers and managers, and subsidiary presidents and selected subsidiary managers. The goal of the plan is to reward participants in proportion to the performance of the Company and/or the subsidiary for which they have direct responsibility, and their individual contributions to the Company's performance.

The amount of annual incentive compensation each participant is eligible to earn varies based on his potential contribution to the future performance of his subsidiary or the Company. The amount of such compensation actually earned by each participant is based on the actual financial performance of his subsidiary or the Company for the year compared to profit and growth target ranges which are set at the

beginning of that year. Historical performance, current mission and strategy, and projected profit and growth capability are considered in setting the targets for each subsidiary and the Company.

Stock-Based Compensation

Stock ownership is encouraged through the use of a stock plan that provides for the grant of stock options and stock awards. Stock option grants are made on a periodic basis (typically every other year) and are based on competitive multiples of base salary. Senior executives typically have a higher multiple and, as a result, have a greater portion of their total compensation linked to the longer term success of the Company. In determining the appropriate grant multiples, the Company targets the market median among publicly held manufacturing companies of similar size. To encourage stock retention, participants who retain the shares obtained through the exercise of an option receive a restricted stock award equal to one additional restricted share for every five option shares retained for five years from the date they were acquired.

Compensation of the Chief Executive Officer

The Chief Executive Officer, Mr. Thomas W. Powell, participates in the executive compensation program described in this report.

In establishing the total compensation program for Mr. Powell, the Committee reviewed the pay levels for CEOs in similar companies in the manufacturing industry and assessed Mr. Powell's compensation based upon the Committee's review of his actual performance on the job as well as a consideration of the Company's performance during the year, particularly focusing on the Company's profit for the year.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater-than ten percent stockholders are required by the regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on the Company's review of the copies of such forms received by it, or written representations from certain reporting persons that no Form 5 reports were required for those persons, the

Company believes that all filing requirements applicable to its officers and directors and greater-than ten percent beneficial owners during the 2005 fiscal year were in compliance.

PRINCIPAL ACCOUNTANTS

PricewaterhouseCoopers LLP has served as the principal accountants for the Company for the fiscal year ending October 31, 2005. It is anticipated that the Audit Committee will appoint PricewaterhouseCoopers LLP as independent registered public accounting firm of the Company for the year ending September 30, 2006. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting of Stockholders. They will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions. Prior to the appointment of PricewaterhouseCoopers LLP, Deloitte & Touche LLP served as the Company's principal accountants. On May 7, 2004, the Audit Committee of the Board of Directors of the Company dismissed Deloitte & Touche as the Company's independent public accountants based on the recommendation of the Company's Board of Directors, and on the same date, the Audit Committee of the Board of Directors of the Company appointed PricewaterhouseCoopers LLP to serve as the Company's Independent Registered Public Accounting Firm for the year ending October 31, 2004.

Deloitte & Touche's report on the Company's financial statements for the fiscal year ended October 31, 2003 did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the Company's fiscal year ended October 31, 2003, and the subsequent interim periods preceding the decision to change independent public accountants, there were no disagreements with Deloitte & Touche on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Deloitte & Touche's satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with the audit reports of the Company's consolidated financial statements for such years. There were no reportable events as described under Item 304(a)(1)(v) of Regulation S-K.

The Company filed a Current Report on Form 8-K on May 13, 2004 relating to these matters, and prior thereto, it provided Deloitte & Touche with a copy of such disclosure. A letter from Deloitte & Touche dated May 13, 2004 stating its agreement with such disclosure was filed as Exhibit 16.1 to such Form 8-K. In the fiscal year ended October 31, 2003, and the subsequent interim periods preceding the decision to change independent public accountants, the Company did not consult PricewaterhouseCoopers with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

For 2005 and 2004, the Company's independent registered public accounting firm's fees for various types of services to the Company were as shown below:

	PricewaterhouseCoopers	
	2005	2004
Audit Fees	\$ 1,223,512	\$ 501,550
Audit-Related Fees	25,681 ⁽¹⁾	
Tax Fees		
Tax compliance services	65,500 ⁽²⁾	94,750 ⁽²⁾
Tax advisory services	98,000 ⁽³⁾	66,500 ⁽³⁾
All Other Fees		
TOTAL	\$ 1,412,693	\$ 734,400

⁽¹⁾ Audit-Related Fees relate to consultations on SEC filing requirements and foreign statutory filings.

⁽²⁾ Tax compliance services relate to the preparation and filing the U.S. Corporate Tax Return and state corporate income tax returns for the Company and its subsidiaries.

⁽³⁾ Tax advisory services relate to the preparation and filing of amended U.S. Corporate Income Tax Returns, cost segregation services and other tax consulting services with respect to matters involving tax authorities.

The Audit Committee did not approve any of the services shown in the above four categories through the use of the de minimis exception permitted by SEC rules.

The Audit Committee has adopted the following procedure for pre-approving audit services and other services to be provided by the Company's independent auditors: specific services are pre-approved from time to time by the Committee or by the Committee Chairman on its behalf. As to any services approved by the Committee Chairman, the approval is reported to the Committee at the following meeting of the Committee.

OTHER MATTERS

As of the date of this statement, the Board of Directors has no knowledge of any business which will be presented for consideration at the meeting other than the election of three directors of the Company. Should any other matters be properly presented, it is intended that the enclosed proxy will be voted in accordance with the best judgment of the persons voting the matter.

ANNUAL REPORT

An Annual Report to Stockholders and an Annual Report on Form 10-K covering the fiscal year of the Company ended October 31, 2005 are enclosed herewith. These reports do not form any part of the material for solicitation of proxies.

STOCKHOLDER PROPOSALS

Proposals of stockholders to be presented at the Annual Meeting of Stockholders to be held in 2007 must be received at the office of the Secretary of the Company no later than October 19, 2006 in order to be included in the Company's proxy statement and form of proxy relating to that meeting.

Pursuant to the Company's bylaws, a stockholder that intends to present business at the 2007 Annual Meeting and has not submitted such proposal by the date set forth above must notify the Secretary of the Company by December 31, 2006. If such notice is received after December 31, 2006, then the notice will be considered untimely, and the Company is not required to present such business at the 2007 Annual Meeting.

All proposals must comply with applicable SEC regulations and the Company's Bylaws as amended to date.
