This Form 8-K/A amends the Form 8-K/A dated May 15, 2000 and filed with the Securities and Exchange Commission on June 1, 2000, which, in turn, amended the Form 8-K of Valero Energy Corporation dated May 15, 2000 and filed with the Securities and Exchange Commission on May 30, 2000. That Form 8-K reported under Item 2 the acquisition of assets from Exxon Mobil Corporation. The financial information included herein, including the financial statements of the business acquired, which have not been amended, and the pro forma financial information, as amended, supercedes the financial statements and the pro forma financial information included in Valero Energy Corporation's Form 8-K/A filed with the Commission on June 1, 2000.

On March 2, 2000, Valero and Exxon Mobil Corporation executed a sale and purchase agreement pursuant to which Valero agreed to acquire ExxonMobil's Benicia, California refinery, terminal and Exxon-branded California retail assets for a purchase price of \$895 million plus an amount for refinery inventories acquired in the transaction based on market-related prices at the time of closing.

On March 17, 2000, Valero published a news release containing projected financial information related to the acquisition. That news release was filed as a part of a report on Form 8-K dated March 17, 2000 (the "Original 8-K") and filed with the Commission on March 20, 2000. The projected financial information included in the Original 8-K represented management's best estimate as of that date of Valero's financial results for the periods presented. However, Valero does not intend to update or otherwise revise the projections to reflect subsequent events or circumstances or to reflect the occurrence of unanticipated events.

At the time of the Original 8-K, audited financial statements had not been prepared for the ExxonMobil Benicia California refinery, terminal and retail assets business. However, audited annual and unaudited interim financial statements for the ExxonMobil Benicia California refinery, terminal and retail assets business, and unaudited pro forma combined financial statements are included in this report. The financial statements filed with this report supercede all of the projected financial information filed with Valero's report on Form 8-K dated March 17, 2000 and filed with the Commission on March 20, 2000.
