On January 31, 2002, D.R. Horton, Inc., a Delaware corporation ("D.R. subsidiaries other than its financial services subsidiaries. The new facility provides for revolving loans of up to \$775 million, of which \$125 million may be used for letters of credit, and is expected to increase by \$20 million after the closing of D.R. Horton's pending acquisition of Schuler Homes, Inc. Available credit under the new facility is subject to limitations based on specified percentages of the costs of unsold homes, developed lots and lots under development included in inventory and the amount of other senior, unsecured indebtedness. Initially, the full amount of the facility was available to D.R. Horton. Outstanding borrowings under the facility will bear interest at a fluctuating rate based upon LIBOR; the initial interest rate for such borrowings is 1.625% over LIBOR. The new facility also contains various operating and financial covenants that are substantially similar to the prior credit facility. The revolving credit agreement for the new facility is filed as Exhibit 10.1 to this Form 8-K.
