PART II

Item 13. DEFAULTS, DIVIDEND ARREARAGES AND DELINQUENCIES

(a) As a result of the Company's failure to complete and file with the Securities and Exchange Commission the Company's Annual Report on Form 20-F for the fiscal year ended December 31, 2002, on June 30, 2003, the Company defaulted under certain covenants contained in agreements governing notes issued by the Company's wholly-

7

owned subsidiaries, Elan Pharmaceutical Investments II, Ltd. (the "EPIL II Notes") and Elan Pharmaceutical Investments III, Ltd. (the "EPIL III Notes" and, together with the EPIL II Notes, the "EPIL Notes"). The covenants required that the Company provide to each holder of EPIL Notes the Company's audited consolidated financial statements, together with an officer's certificate relating thereto, on or prior to June 29, 2003. On July 15, 2003, the Company also defaulted under a covenant contained in the indenture governing the Company's 7.25% Senior Notes that required the Company to file with the Securities and Exchange Commission the Company's Annual Report on Form 20-F for the fiscal year ended December 31, 2002 on or prior to July 15, 2003.

Commencing on July 29, 2003, the Company received a series of separate agreements from a majority of the holders of each of the EPIL II Notes and the EPIL III Notes waiving compliance by the Company with the applicable covenants described above. The series of waivers was effective through September 5, 2003. With the completion of this Annual Report on Form 20-F, the defaults described

Edgar Filing: ELAN CORP PLC - Form 20-F

above will be cured in all respects. In the absence of the waivers, the defaults under the EPIL Notes would have become events of default on July 30, 2003. In the absence of the completion and filing with the Securities and Exchange Commission of this Annual Report on Form 20-F, the default under the indenture governing the Company's 7.25% Senior Notes would become an event of default on September 16, 2003.

(b) There have been no arrears in the payment of dividends on, and no material delinquencies with respect to, any class of preferred stock of any significant subsidiary.

Item 14. MATERIAL MODIFICATIONS TO THE RIGHTS OF SECURITY HOLDERS AND USE OF PROCEEDS

Not applicable.

Item 15. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Within the 90 days prior to the date of this report, the Company, under the supervision and with the participation of the Company's management, including G. Kelly Martin, president and chief executive officer, and Shane M. Cooke, executive vice president and chief financial officer, evaluated the effectiveness of the design and operation of the Company's "disclosure controls and procedures" (the "Disclosure Controls"). Disclosure Controls are procedures designed to ensure that information required to be disclosed in the Company's reports filed under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), such as its Annual Report on Form 20-F, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms. Disclosure Controls are also designed to ensure that the information is accumulated and communicated to the Company's management, including Mr. Martin and Mr. Cooke, as appropriate, to allow timely decisions regarding required disclosure.

The evaluation of the Company's Disclosure Controls included a review of the controls' objectives and design, the implementation of the controls and the effect of the controls on the information generated for use in the Company's Annual Report on Form

8

20-F. During the evaluation, management sought to identify data errors, control problems or acts of fraud and confirm that appropriate corrective actions, including process improvements, were being undertaken. This type of evaluation is performed by the Company on a regular basis. The overall goals of these evaluation activities are to monitor the Company's Disclosure Controls and to modify them as necessary.

The Company's management, including Mr. Martin and Mr. Cooke, does not expect that the Company's Disclosure Controls will prevent all error and all fraud. A well-designed control system can provide only reasonable assurance that the objectives of the system will be met. In addition, a control system inherently reflects the fact that there are resource constraints and the benefits of the controls designed must be weighed against the cost of their implementation. Because of these and other inherent limitations in all control systems, the evaluation conducted of the Company's Disclosure Controls cannot provide absolute assurance that all instances of fraud, if any, within the Company will be detected. For example, mistakes and judgmental errors in decision-making can occur and controls can be circumvented by the acts of one individual or groups of individuals.

Edgar Filing: ELAN CORP PLC - Form 20-F

Based upon their evaluation of the Company's Disclosure Controls, Mr. Martin and Mr. Cooke have concluded that, subject to the limitations noted above, the Company's Disclosure Controls are effective to ensure that material information relating to the Company and its consolidated subsidiaries is made known to management, including Mr. Martin and Mr. Cooke.

There were no significant changes in the Company's internal controls or in other factors that could significantly affect the Company's Disclosure Controls subsequent to the date of the evaluation activities described above, nor were there any significant deficiencies or material weaknesses in the Company's internal controls. Accordingly, no corrective actions were required or undertaken.

Immediately following the signature section of the Company's Annual Report on Form 20-F, Mr. Martin and Mr. Cooke have each provided certifications (the "Rule 13a-14 Certifications") in the form required in accordance with Rule 13a-14 of the Exchange Act. The information provided in this Item 15 includes the information concerning the evaluation of the Company's disclosure controls and procedures referred to in the Rule 13a-14 Certifications and it should be read in conjunction with the Rule 13a-14 Certifications for a more complete understanding of the topics presented.
