Independent Accountants' Report

The Board of Directors and Stockholders
Golf Entertainment, Inc.

We have reviewed the accompanying consolidated balance sheet of Golf Entertainment, Inc. (formerly LEC Technologies, Inc.) and Subsidiaries as of June 30, 2001, and the related consolidated statements of operations, for each of the three month and six-month periods then ended and the statement of cash flows for the sixth month period then ended. These financial statements are the responsibility of the company's management.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial statements consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

The accompanying financial statements have been prepared assuming that the

Edgar Filing: GOLF ENTERTAINMENT INC - Form 10-Q

Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has incurred losses from operations, has a working capital deficiency and a stockholders' deficiency that raise substantial doubt about its ability to continue as a going concern. Management's plan in regard to these matters is also described in Note 1. The financial statements do not include any adjustments that may result from this uncertainty.

GOLF ENTERTAINMENT, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1. Basis of Presentation

The accompanying unaudited consolidated financial statements are condensed and do not include all information required by generally accepted accounting principles to be included in a full set of financial statements. The unaudited condensed consolidated financial statements include the accounts of Golf Entertainment, Inc. and its wholly owned subsidiaries, collectively referred to as the "Company".

All material intercompany accounts and transactions have been eliminated. Certain reclassifications have been made to prior periods' amounts to conform to current period presentation. The information furnished reflects all adjustments, which are, in the opinion of the Company, necessary to present fairly its financial position, the results of its operations and its cash flows for the three months and six months ended June 30, 2001 and 2000. It is suggested that this report be read in conjunction with the Company's audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2000. The operating results and cash flows for the three month and six-month periods presented are not necessarily indicative of the results that will be achieved for the full fiscal year or for future periods.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial reporting period and the reported amount of revenue and expenses. Actual results could differ from those estimates.

The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern. As shown in the accompanying consolidated financial statements, the Company has incurred a net loss for the six months ended June 30, 2001 of \$124,930. In addition, the Company has a stockholders' deficiency of \$279,657 at June 30, 2001. The Company's ability to continue as a going concern is dependent upon its ability to obtain additional financing and the attainment of an adequate level of profitable operations. Management believes that the action it is taking will provide the opportunity for the company to Continue as a going concern.

Note 2. Earnings per Common Share

Earnings per common share are based on the weighted average number of common shares outstanding during each period presented. Weighted average basic and diluted common shares outstanding for the six months ended June 30, 2001 and 2000 were 5,293,044 and 4,339,699, respectively. Weighted average basic and diluted common shares outstanding for the three months ended June 30, 2001 and 2000 were 5,293,044 and 4,924,147 respectively. Vested and unvested options, warrants and convertible

preferred stock were not included in the computation of dilutive EPS because the effect of doing so would be antidilutive.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General

In April 2001, Golf Entertainment, Inc. ceased doing business. Golf Entertainment, Inc. and its subsidiaries (GolfBZ.com, Inc. or "GolfBZ"; Traditions Acquisition Corporation or "TAC"; LEC Leasing, Inc. or "LEC"; Superior Computer Systems, Inc. or "SCS"; Pacific Mountain Computer Products,

Edgar Filing: GOLF ENTERTAINMENT INC - Form 10-Q

Inc. or "PMCPPI"; Atlantic Digital International, Inc. or "ADI"; LEC Distribution, Inc; TJ Computer Services, Inc) (collectively, the "Company" or "Golf") most currently was in the business of brokering businesses within the golf industry via the Internet. Due to certain economic factors, the Company ceased all active operations on April 6, 2001 and is currently seeking to acquire or merge with a company that desires to establish a public trading market for its securities while avoiding what it may deem to be adverse consequences of undertakings a public offering itself, such as time delays, significant expense, loss of control and other burdens related to compliance with various federal and state securities laws. This business combination may be with a financially stable mature company or with a financially unstable company or with a company in its early stages of development of growth.

Results of Operations

For the six months ended June 30, 2001, the Company had no significant revenues (other than interest and financing income) because of the discontinuance of the Traditions Golf Club operation in May 2000. The Company will not achieve any significant revenues until, at the earliest, the completion of a business combination.

For the six months and three months ended June 30, 2001, the selling, general and administrative costs of the corporate headquarters were \$127,107 and \$35,734, respectively. Interest expense, net of interest income of \$275 and \$177, related to corporate operations was \$8,128 and \$4,179, respectively. Management has put a cost control plan into place which will reduce even further overhead expenses.

For the six months and three months ended June 30, 2001, the Company received financing income from payments made by the lessor of its remaining sales-type leases. The Company reported income of \$5,183 and \$3,352 from the results of these transactions.

On April 30, 2001, the Company sold its interest in GolfBZ.com, Inc. to Ronald G. Farrell, the Company's Chairman and Chief Executive Officer. The overhead expenses of GolfBZ.com, Inc. were \$40,045 for the four months ended April 30, 2001. These amounts are included in Discontinued Operations. The Company did not record a gain or loss on the transaction.

10

11

As a result of the foregoing, the Company recorded a net loss of \$124,930 and net income of \$2,870 for the six months and three months ended June 30, 2001, respectively. This is compared to a net loss of \$923,782 and \$207,156 for the six months and three months ended June 30, 2000.

Liquidity and Capital Resources

The Company has very little cash and has had no substantial access to cash except for borrowings from insiders since the fourth quarter of 2000. The lack of liquidity has caused the Company to cease operations.

The Company's cash requirements for operations and capital expenditures during the six months ended June 30, 2001 were financed through the proceeds from the sale of demand convertible debentures and lease rental payments.

On November 30, 2000, the Company agreed to sell up to \$500,000 of Convertible Notes to the Company's Chairman/CEO, Ronald G. Farrell. The balance of the Convertible Notes was \$105,000 as of December 31, 2000. Through June 30, 2001, the Company has been able to sell additional Convertible Notes of \$87,695. The

Edgar Filing: GOLF ENTERTAINMENT INC - Form 10-Q

Company has been unable to sell any of its Convertible Notes since June 30, 2001 and it will not be able to continue operations.

Future Plans

On April 6, 2000, the Board of Directors decided to cease operations of the Company. The Company's primary remaining objective is to respond to any inquiries regarding a business combination with a potential purchaser or locate a target business that the Company believes will have significant growth potential and effect a business combination with that target. A business combination may involve the acquisition of, or merger with, a financially stable, mature company that desires to establish a public trading market for its securities while avoiding what it may deem to be adverse consequences of undertaking a public offering itself, such as time delays, significant expense, loss of voting control and other burdens (including significant professional fees) related to compliance with various federal and state securities laws. In the alternative, a business combination may involve a company that may be financially unstable or in its early stages of development or growth.

The Company undertakes no obligation to publicly update or revise any forward-looking statements whether as a result of new information, future events or otherwise.
